PART B – OTHER INFORMATION

1. Listing and Admission to trading

Application will be made for the Securities to be admitted to trading on the Multilateral Trading Facility EuroTLX (managed by EuroTLX SIM S.p.A.) with effect from a date prior to the Issue Date.

2. Ratings

The Securities have not been rated.

The rating of the Issuer is A+ from Standard and Poor's.

The rating of the Guarantor is Aa3 from Moody's and A+ from Standard and Poor's.

As defined by Moody's, an "Aa" rating means that the obligations of the Issuer and the Guarantor under the Programme are judged to be of high quality and are subject to very low credit risk. Moody's appends numerical modifiers 1, 2, and 3 to each generic rating classification from Aaa through Caa. The modifier 3 indicates a ranking in the lower end of that generic rating category.

As defined by Standard & Poor's, an obligation rated 'A' is somewhat more susceptible to the adverse effects of changes in circumstances and economic conditions than obligations in higher-rated categories. However, the relevant Issuer and Guarantor's capacity to meet its financial commitment on the obligation is still strong. The addition of a plus (+) or minus (-) sign shows relative standing within the major rating category"

Moody's and Standard & Poor's are established in the European Union and are registered under Regulation (EC) No. 1060/2009 (as amended).

3. Interests of Natural and Legal Persons Involved in the Offer

Investors shall be aware of the fact that the distributor appointed for the placement of the Securities under these Final Terms, Banca Nazionale del Lavoro S.p.A. (the "Distributor"), belongs to the same Group as the Issuer, the BNP Paribas Group. In this respect, investors shall also be informed of the fact that the Distributor will receive from the Issuer placement fees implicit in the Issue Price of the Securities equal to a maximum amount of 5% (all tax included) of the issue amount. All placement fees will be paid out upfront. Moreover, investors shall be aware that implicit in the Issue Price of the Securities are costs for the Issuer, which include but are not limited to structuring costs, equal to an estimated amount of 2.50% of the issue amount.

Investors must also consider that such fees and costs are not included in the price of the Securities on the secondary market and, therefore, if the Securities are sold on the secondary market, fees and costs embedded in the Issue Price will be deducted from the sale price.

Save as discussed in the "*Potential Conflicts of Interest*" paragraph in the "*Risk Factors*" in the Base Prospectus, so far as the Issuer is aware, no person involved in the offer of the Securities has an interest material to the offer.

4. Performance of Underlying/Formula/Other Variable and Other Information concerning the Underlying Reference
