The Issuer may exercise any rights in its capacity as holder of the Compartment Assets (including, without limitation, a right to vote or any analogous right howsoever described) only with the consent of the Trustee (or as directed in writing by the respective holders of at least 25 per cent. in principal amount of the Notes then outstanding or as directed by an Extraordinary Resolution of the Noteholders) and (except in relation to the Swap Agreement) the Swap Counterparty and, if such direction is given, the Issuer will act in accordance with such directions, unless such instructions are in the reasonable opinion of the Issuer contrary to applicable laws, regulations and/or circular letters issued by the Issuer's supervisory authority or materially detrimental to the interests of the Issuer. In particular, the Issuer will not attend or vote at any meeting of holders of the Compartment Assets, or give any consent or notification or make any declaration in relation to the Compartment Assets, save with the consent of the Trustee (or as directed in writing by the respective holders of at least 25 per cent. in principal amount of Notes then outstanding or as directed by an Extraordinary Resolution of each of the Noteholders) and the Swap Counterparty. In the event of a conflict between the instructions of the Trustee (or the Noteholders) and the Swap Counterparty, the instructions of the Instructing Party will prevail.

In these Conditions "**Instructing Party**" means if "Swap Counterparty Priority" applies the Swap Counterparty (except in relation to the Swap Agreement, or where it is the Defaulting Party under, and as defined in, the relevant Swap Agreement, in which case the Instructing Party will be the Noteholders) and if either "Noteholder Priority" or "Pari-Passu Ranking" applies, the Noteholders.

(k) *Swap termination*

Notwithstanding the terms of Condition 8(j) (*Issuer's rights as holder of Compartment Assets*), where "**Swap Termination Without Redemption**" is specified as applicable in the applicable Final Terms and where an Event of Default (as defined in the Swap Agreement) occurs under the Swap Agreement in circumstances where the Swap Counterparty is the Defaulting Party (as defined in the Swap Agreement), following notification of such Event of Default by the Issuer to the Trustee (a "**Swap Default**"), the Trustee shall promptly, and in any event not later than five Business Days after such notification, instruct the Issuer to deliver, in respect of the Swap Agreement (where such agreement is constituted by a 2002 Master Agreement published by the International Swaps and Derivatives Association, Inc. (the "**Master Agreement**") and schedule thereto and any confirmations thereunder), a notice under Section 6(a) of the Master Agreement designating an Early Termination Date (as defined in the Swap Agreement). In such circumstances, the Issuer (with the consent of the Trustee) may appoint an agent (a "**Termination Agent**") to assist it in terminating the Swap Agreement and making any calculations necessary in connection with such termination. A *pro rata* share of the amount, if any and subject to a minimum of zero, equal to (i) the sum of (1) the Early Termination Amount (as defined in the Swap Agreement) received by the Issuer under the Swap Agreement (2) any interest which has accrued on the amount received by the Issuer (which may be a positive or negative amount) and (3) the Unused Charged Assets Proceeds less (ii) the costs and expenses of the Trustee and any costs and expenses of the Termination Agent incurred in connection with the termination of the Swap Agreement shall be paid by the Issuer to the Noteholders on a *pro rata* and *pari passu* basis on the Maturity Date. If the Issuer does not receive the Early Termination Amount on or prior to the

Maturity Date, Condition 7(n) will apply. For the purposes of this Condition 8(k), "**Unused Charged Assets Proceeds**" means any amounts received by the Issuer from the Charged Assets other than the Swap Agreement which have not been used on or prior to the Maturity Date to pay interest and/or redemption amounts otherwise payable in respect of the Notes, amounts due to the Swap Counterparty under the Swap Agreement (including in respect of any Early Termination Amount due to the Swap Counterparty) and/or any fees, costs or expenses due to the Trustee and/or any of the Agents.

## 9. **Taxation**

All payments in respect of the Notes, Receipts and Coupons, or under the Guarantee, shall be made free and clear of, and without withholding or deduction for or on account of, any present or future taxes, duties, assessments or governmental charges of whatever nature imposed, levied, collected, withheld or assessed by or on behalf of any tax authority unless such withholding or deduction is required by law, including, without limitation, any withholding or deduction required pursuant to an agreement described in Section 1471(b) of the U.S. Internal Revenue Code of 1986 (the "**Code**") or otherwise imposed pursuant to Sections 1471 through 1474 of the Code, any regulations or agreements thereunder, official interpretations thereof, or any law implementing an intergovernmental approach thereto and any withholding or deduction required pursuant to Section 871(m) of the Code, in which case the Issuer or, as the case may be, the Guarantor shall make all payments net of such withholding or deduction. Such withholding or deduction shall not constitute an Event of Default under Condition 11.

In addition, in determining the amount of withholding or deduction required pursuant to Section 871(m) of the Code imposed with respect to any amounts to be paid on the Notes, the Issuer shall be entitled to withhold on any "dividend equivalent" payment (as defined for purposes of Section 871(m) of the Code) at a rate of 30 per cent.

In these Conditions:

"**Relevant Date**" in respect of any Note, Receipt or Coupon means the date on which payment in respect of it first becomes due or (if any amount of the money payable is improperly withheld or refused) the date on which payment in full of the amount outstanding is made or, in the case of materialised Notes (if earlier) the date seven days after that on which notice is duly given to the Noteholders that, upon further presentation of the Note, Receipt or Coupon being made in accordance with the Conditions, such payment will be made, provided that payment is in fact made upon such presentation.

## 10. **Prescription**

Bearer Notes (and any relative Receipts and Coupons) and Registered Notes will become void unless presented for payment within a period of 10 years (in the case of principal) and five years (in the case of interest) after the Relevant Date (as defined in Condition 9 (*Taxation*)).

There shall not be included in any Coupon sheet issued on exchange of a Talon any Coupon the claim for payment in respect of which would be void pursuant to this Condition 10 (*Prescription*) or Condition 6 (*Payments*) above.

## 11. **Events of Default**

- (a) The Trustee at its discretion may (subject as provided in sub-paragraph (b) below), and if so requested in writing by the holders of at least 25 per cent. in principal amount of the Notes of any Series then outstanding, or if so directed by an Extraordinary Resolution of such holders, shall, subject in each case to being indemnified and/or secured to its satisfaction, give notice to the Issuer and the Guarantor (if applicable) that the Notes are, and they shall accordingly forthwith become, immediately due and repayable at an amount equal to (unless otherwise specified in the Final Terms) the Liquidation Proceeds (such

occurrence, a "**Note Acceleration**") upon the occurrence of any of the following events (each an "**Event of Default**"):

- (i) a default is made for a period of 30 days or more in the payment of any sum due or the delivery of the Entitlement deliverable in respect of the Notes; or
  - (ii) the Issuer fails to perform or observe any of its other obligations under the Notes or the Trust Deed and (unless such failure is, in the opinion of the Trustee, incapable of remedy in which case no such notice as is referred to in this paragraph shall be required) such failure continues for a period of 45 days (or such longer period as the Trustee may permit) following the service by the Trustee on the Issuer of notice requiring the same to be remedied (and for these purposes, a failure to perform or observe an obligation shall be deemed to be remediable notwithstanding that the failure results from not doing an act or thing by a particular time); or
  - (iii) any order is made by any competent court or any resolution passed for the winding-up or dissolution of the Issuer (including, without limitation, the opening of any bankruptcy (*faillite*), insolvency, voluntary or judicial liquidation (*insolvabilité, liquidation volontaire ou judiciaire*), composition with creditors (*concordat préventif de faillite*), reprieve from payment (*sursis de paiement*), controlled management (*gestion contrôlée*), fraudulent conveyance (*actio pauliana*), general settlement with creditors or reorganisation proceedings or similar proceedings affecting the rights of creditors generally) or the appointment of a receiver of the Issuer (including, without limitation, the appointment of any receiver (*curateur*), liquidator (*liquidateur*), auditor (*commissaire*), verifier (*expert-vérificateur*), deputy judge (*juge délégué*) or reporting judge (*juge commissaire*)) save for the purposes of amalgamation, merger, consolidation, reorganisation or other similar arrangement on terms previously approved in writing by the Trustee or by an Extraordinary Resolution of the Noteholders; or
  - (iv) in the case of Guaranteed Notes, the Guarantee ceases to be in full force and effect in respect of the Notes, the Receipts or the Coupons, or notice is given by the Guarantor which would cause the Guarantee to cease to be in full force and effect in respect of such Notes, the Receipts or the Coupons, or is rendered void for any cause or by any means whatsoever or any legislation is introduced the result of which would be to remove the benefit of the Guarantee from the Notes, the Receipts or the Coupons, or terminate or amend the same in a manner (in the opinion of the Trustee) materially adverse to the interests of the Noteholders, the Receiptholders or the Couponholders, or the Guarantor is unable to perform its obligations thereunder for any reason.
- (b) The Trust Deed provides that the Trustee shall not be under any obligation to monitor whether or not an Event of Default or a Potential Event of Default has occurred or is continuing.

## **12. Enforcement and Realisation**

Upon the occurrence of a Note Acceleration under Condition 11 (*Events of Default*), the Compartment Security constituted by or created pursuant to the Trust Deed and any Additional Security Document relating to a Series of Notes and the Compartment to which such Series relates, shall become enforceable. The Trustee may enforce the Compartment Security at any time after it has become enforceable but is only obliged to enforce the Compartment Security if directed to do so by (i) (where the Instructing Party is the Noteholders) either a direction in writing by holders of at least 25 per cent. in principal amount outstanding of the relevant Series of Notes or by an Extraordinary Resolution of the holders of the Notes; or (ii) (where the Instructing Party is the

Swap Counterparty) a written direction of the Swap Counterparty. The Trustee or any appointee or receiver appointed thereby may enforce the security by one or more of the following:

- (a) endeavouring to sell or otherwise realise the Charged Assets (including, without limitation, by terminating, closing out or enforcing any Related Agreement or other agreement entered into by the Issuer, the rights of the Issuer in respect of which form part of the Charged Assets) in accordance with the provisions of the Trust Deed; and/or
- (b) otherwise enforcing the Compartment Security constituted by or pursuant to the Trust Deed and/or any Additional Security Document, in each case, without any liability as to the consequences of any such action and without having regard to the effect of any such action on individual Noteholders or Couponholders,

provided that the Trustee shall not be required to take any such action without first being indemnified and/or secured to its satisfaction or to do anything which is or may be contrary to any applicable law or regulation.

Only the Trustee may pursue the remedies available under the Trust Deed to enforce the rights of the Secured Parties.

### **13. Meetings of Noteholders; Modifications; Waiver; Trustee Determination; Substitution**

#### **(a) *Meetings of Noteholders***

The Trust Deed contains provisions for convening meetings of Noteholders of each Series to consider any matter affecting their interests, including modification by Extraordinary Resolution of the Notes (including these Conditions or the provisions of the Master Trust Terms and the relevant Issue Deed insofar as the same may apply to such Notes). The quorum at any such meeting for passing an Extraordinary Resolution will be two or more persons holding or representing a clear majority in principal amount of the Notes for the time being outstanding or, at any adjourned such meeting, two or more persons being or representing Noteholders, whatever the principal amount of the Notes so held or represented, and an Extraordinary Resolution duly passed at any such meeting shall be binding on all the Noteholders, whether present or not and on all relevant Couponholders and holders of Receipts, except that any Extraordinary Resolution proposed to address a Reserved Matter (as defined in the Trust Deed), including (i) to amend the dates of maturity or redemption of the Notes, any Instalment Date or any date for payment of interest thereof, (ii) to change the principal amount or any Instalment Amount of, or any premium payable on redemption of, the Notes, (iii) to change the rate or rates of interest in respect of the Notes or to vary the method or basis of calculating the rate or rates or amount of interest or the basis for calculating the Interest Amount in respect thereof, (iv) if a Minimum and/or a Maximum Interest Rate, Instalment Amount or Final or Early Redemption Amount is shown in the applicable Final Terms, to change any such Minimum and/or Maximum Interest Rate, Instalment Amount, Final Redemption Amount or Early Redemption Amount, (v) to change any method of calculating the Final or Early Redemption Amount or, in the case of Zero Coupon Notes, to vary the method of calculating the Amortised Face Amount, (vi) to change the currency or currencies of payment or denomination of the Notes, (vii) to direct the Trustee to take any steps as specified in the Trust Deed and/or Condition 11 (*Events of Default*), (viii) to modify the provisions concerning the quorum required at any meeting of Noteholders or the majority required to pass an Extraordinary Resolution or (ix) to modify the definition of Reserved Matter in the Trust Deed, will only be binding if passed at a meeting of the Noteholders, the quorum at which shall be two or more persons holding or representing not less than 75 per cent. or, at any adjourned meeting, not less than 25 per cent., in principal amount of the Notes for the time being outstanding. The holder of a global Note representing all (or part) of the Notes for the time being outstanding will be treated as being two persons for the purposes of such quorum requirements. A resolution in writing signed by or on behalf of the holders of not less than 90 per cent. (including in the case of a resolution proposed to address a Reserved Matter) in

principal amount of the Notes of such Series for the time being outstanding shall for all purposes be as valid and effectual as an Extraordinary Resolution passed at a meeting of Noteholders.

*The provisions of articles 86 to 97 of the Luxembourg Act dated 10th August, 1915 on commercial companies, as amended, shall not apply to the Notes, Receipts and Coupons (if any).*

(b) *Modification*

The Trustee may, in respect of each Series, without the consent of the Noteholders or Couponholders, agree to (i) any modification to any Transaction Document or any other agreement to which the Issuer is a party which is of a formal, minor or technical nature or is made to correct a manifest error; (ii) any modification of any of the provisions of the Trust Deed or any other Transaction Document (other than in respect of a Reserved Matter) which in the opinion of the Trustee is not materially prejudicial to the interests of the Noteholders or (iii) any modification of the provisions of the Trust Deed or any other Transaction Document (other than in respect of a Reserved Matter) which is made to satisfy any requirement of any stock exchange on which the Notes are or are proposed to be listed and which, in each case, is not in the opinion of the Trustee materially prejudicial to the interests of the Noteholders.

Notice of such modification shall be notified by the Issuer to the Noteholders as soon as practicable thereafter in accordance with Condition 18 (*Notices*) unless the Trustee agrees otherwise.

(c) *Waiver*

The Trustee may, in respect of any Series, without the consent of the Noteholders or Couponholders and without prejudice to its rights in respect of any subsequent breach, from time to time and at any time, but only if and in so far as in its opinion the interests of the Noteholders shall not be materially prejudiced thereby, waive or authorise, on such terms and conditions as to it shall seem expedient, any breach or proposed breach by the Issuer or (if applicable) the Guarantor of any of the covenants or provisions in the Trust Deed or the Conditions or determine that any Event of Default or Potential Event of Default shall not be treated as such provided always that the Trustee shall not exercise any powers conferred on it by this Condition 13(c) in respect of any Reserved Matter or in contravention of any express direction given by an Extraordinary Resolution of the Noteholders, but no such direction shall affect any waiver, authorisation or determination previously given or made. Any such waiver, authorisation or determination shall be binding on the Noteholders or Couponholders of such Series.

Notice of any such waiver, authorisation or determination shall be notified by the Issuer to the Noteholders as soon as practicable thereafter in accordance with Condition 18 (*Notices*) unless the Trustee agrees otherwise.

(d) *Trustee determination*

If, in the opinion of the Trustee, any modification, waiver, authorisation or determination referred to in paragraphs (b)(ii) or (iii) and (c) of this Condition 13 affects the interests of the holders of any Series of Notes, the Trustee shall agree to such modification, waiver, authorisation or determination only if either (i) it is satisfied that, in its opinion, the interests of the holders of the relevant Series of Notes will not be materially prejudiced thereby or (ii) the holders of the relevant Series of Notes sanction such modification, waiver, authorisation or determination by way of Extraordinary Resolution, each of (i) and (ii) in accordance with the Conditions of the relevant Series of Notes.

(e) *Substitution*

The Trust Deed contains provisions permitting the Trustee, subject to the further conditions set out in the Trust Deed and such amendment of the Trust Deed and other conditions as the Trustee may

require, but without the consent of the holders of the relevant Series of Notes, unless Issuer Substitution is specified to be not applicable in the applicable Final Terms, to agree with the Issuer and the Guarantor (if applicable) to the substitution, in respect of any Series of Notes, in place of the Issuer (or of the previous substitute), as the principal debtor under the Notes of such Series, or, when applicable, the Guarantor, as guarantor of the payment obligations of the Issuer under the relevant Series of Notes, of any other company (such substituted company being hereinafter called the "**Substitute Company**").

Not later than 14 days after the execution of such amendment and compliance with such conditions as aforesaid, the Substitute Company shall give notice thereof in a form previously approved by the Trustee to the relevant Noteholders in the manner provided in Condition 18 (*Notices*).

(f) *Entitlement of the Trustee*

In connection with the exercise of its functions (including but not limited to those referred to in this Condition) the Trustee shall assume that each holder of a Bearer Note is the holder of all Receipts, Coupons and Talons relating to such Bearer Note and shall have regard to the interests of the holders of such Notes or the Coupons, Receipts or Talons relating thereto as a class and shall not have regard to the consequences of such exercise for any particular Noteholder or Couponholder or holder of any Receipt or Talon and the Trustee shall not be entitled to require, nor shall any Noteholder or Couponholder or holder of any Receipt or Talon be entitled to claim, from the Issuer any indemnification or payment in respect of any tax consequence of any such exercise upon individual holders of such Notes, Coupons, Receipts or Talons.

**14. Replacement of Notes, Receipts, Coupons and Talons**

Should any Note or (in the case of any Bearer Note) Receipt, Coupon or Talon be lost, stolen, mutilated, defaced or destroyed, it may be replaced at the specified office of the Issuing and Paying Agent (in the case of Bearer Notes) or the Registrar (in the case of Registered Notes), subject to relevant stock exchange requirements and all applicable laws, upon payment by the claimant of such costs and expenses as may be incurred in connection therewith and on such terms as to evidence, security and indemnity and otherwise as the Issuer or (if applicable) the Guarantor may reasonably require. Mutilated or defaced Notes, Receipts, Coupons or Talons must be surrendered before replacements will be issued.

**15. Exchange of Talons**

On and after the Interest Payment Date on which the final Coupon comprised in any Coupon sheet matures, the Talon (if any) forming part of such Coupon sheet may be surrendered at the specified office of the Issuing and Paying Agent or any other Paying Agent in exchange for a further Coupon sheet including (if such further Coupon sheet does not include Coupons to (and including) the final date for the payment of interest due in respect of the Note to which it appertains) a further Talon, subject to the provisions of Condition 10 (*Prescription*). Each Talon shall, for the purposes of these Terms and Conditions, be deemed to mature on the Interest Payment Date on which the final Coupon comprised in the relative Coupon sheet matures.

**16. Further Notes**

The Issuer may from time to time without the consent of the Noteholders (but provided that the Trustee is satisfied that the restrictions set out in this Condition 16 will be complied with, create and issue further securities ("**Further Notes**") having the same terms and conditions as the Notes in all respects (or in all respects except for the first payment of interest and issue price) and so that the same shall be consolidated and form a single series with such Notes provided that (unless otherwise approved by an Extraordinary Resolution of the Noteholders):

- (i) The Issuer provides additional security for such Further Notes that comprises assets that are fungible with, and have the same proportionate composition as, the Charged Assets in

respect of the relevant existing Notes and that has an aggregate principal amount at least equal to the product of (A) the principal amount of such existing security and (B) a fraction, the numerator of which is the aggregate principal amount of the Further Notes and the denominator is the aggregate principal amount of the existing Notes; and

- (ii) The Issuer enters into an additional and/or supplemental agreement varying the terms of the relevant Swap Agreement, Repurchase Agreement or Deposit Agreement, as applicable, to take account of the Further Notes on terms no less favourable than those of the Swap Agreement, Repurchase Agreement or Deposit Agreement, as applicable.

Any Further Notes shall be constituted and secured by a supplemental trust deed and the Notes and the Further Notes shall be secured by the same Charged Assets. References in these Conditions to "Notes" and "Charged Assets" shall be construed accordingly.

#### **17. Removal, Indemnification and Obligations of the Trustee**

The Trust Deed contains provisions for the appointment, retirement and removal of the Trustee. The Issuer shall as soon as practicable after the appointment of a new trustee notify the Noteholders of such appointment in accordance with Condition 18 (Notices).

The Trust Deed contains provisions for the indemnification of the Trustee and for its relief from responsibility including for the exercise of any voting rights in respect of the Compartment Assets or for the value, validity, sufficiency and enforceability (which the Trustee has not investigated) of the Compartment Security created over the Charged Assets. The Trustee is not obliged to take any action under the Trust Deed, the Notes or otherwise unless indemnified and/or secured to its satisfaction. The Trustee and any affiliate is entitled to enter into business transactions with the Issuer, the Guarantor, any issuer or guarantor (where applicable) of any of the Charged Assets any party other than the Issuer under a Related Agreement (including, without limitation, the Swap Counterparty), or any of their subsidiary, holding or associated companies without accounting to the Noteholders for profit resulting therefrom.

The Trustee is exempted from liability with respect to any loss or theft or reduction in value (as appropriate) of the Charged Assets from any obligation to insure or to procure the insuring of the Charged Assets (or any documents evidencing, constituting or representing the same or transferring any rights or obligations thereunder) and from any claim arising from the fact that the Charged Assets are held in an account with a clearing agent in accordance with that relevant clearing agent's rules or otherwise held in safe custody by the Custodian or any custodian whether or not selected by the Trustee (in each case, if applicable). The Trustee is not responsible for supervising the performance by (i) the Issuer of its own obligations and (ii) any other person of their obligations to the Issuer.

For the purposes of this Condition 17, each of the Issuer and, as the case may be, the Guarantor expressly accepts and confirms, for the purposes of articles 1278 and 1281 of the Luxembourg civil code, that notwithstanding any assignment, transfer and/or novation permitted under and made in accordance with the provisions of the Trust Deed or any agreement referred to therein to which the Issuer and, as the case may be, the Guarantor are party, any security created or guarantee given under the Trust Deed shall be reserved for the benefit of the new trustee (for itself and for the benefit of each other Secured Party).

#### **18. Notices**

All notices regarding the Notes shall be valid if: (a) in the case of Notes represented by a Global Note, delivered to Euroclear and/or Clearstream, Luxembourg for communication by them to the holders of the Notes; (b) so long as any Notes are listed on a stock exchange or are admitted to trading by another relevant authority and the rules of such stock exchange or relevant authority so require, in accordance with such rules; or (c) in the case of Registered Notes if sent by first class mail to the holders (or the first named of joint holders) at their respective addresses recorded in the

Register. If and for so long as the Notes are admitted to trading on, and listed on the Official List of the Luxembourg Stock Exchange, and so long as the Luxembourg Stock Exchange so require, notices shall be made available on the Luxembourg Stock Exchange's website, [www.bourse.lu](http://www.bourse.lu). Any such notice shall be deemed to have been given on the Business Day on which such delivery takes place or, if earlier, the date of such publication, or, if published more than once, on the date of the first such publication.

If publication as provided above is not practicable, a notice will be given in such other manner, and will be deemed to have been given on such date, as the Trustee shall approve.

Notices to be given by any Noteholder shall be in writing and given by lodging the same, together (in the case of any Note in definitive form) with the relative Note or Notes, with the Issuing and Paying Agent (in the case of Bearer Notes) or the Registrar (in the case of Registered Notes). Whilst any of the Notes are represented by a global Note, such notice may be given by any holder of a Note to the Issuing and Paying Agent or the Registrar (as applicable) via Euroclear and/or Clearstream, Luxembourg, as the case may be, in such manner as the Issuing and Paying Agent or the Registrar (as applicable) and Euroclear and/or Clearstream, Luxembourg, as the case may be, may approve for this purpose.

## **19. Redenomination**

### **(a) Redenomination**

Where redenomination is specified in the applicable Final Terms as being applicable, the Issuer may, without the consent of the Noteholders, the Trustee, the Receiptholders and the Couponholders, on giving prior notice to the Issuing and Paying Agent, Euroclear and Clearstream, Luxembourg and at least 30 days' prior notice to the Noteholders in accordance with Condition 18 (Notices), elect that, with effect from the Redenomination Date specified in the notice, the Notes shall be redenominated in euro.

The election will have effect as follows:

- (i) the Notes and the Receipts shall be deemed to be redenominated into euro in the denomination of euro 0.01 with a principal amount for each Note and Receipt equal to the principal amount of that Note or Receipt in the Specified Currency, converted into euro at the Established Rate, provided that, if the Issuer determines, with the agreement of the Issuing and Paying Agent, that the then market practice in respect of the redenomination into euro of internationally offered securities is different from the provisions specified above, such provisions shall be deemed to be amended so as to comply with such market practice and the Issuer shall promptly notify the Noteholders, the stock exchange (if any) on which the Notes may be listed and the Issuing and Paying Agent of such deemed amendments;
- (ii) save to the extent that an Exchange Notice has been given in accordance with paragraph (iv) below, the amount of interest due in respect of the Notes will be calculated by reference to the aggregate principal amount of Notes presented (or, as the case may be, in respect of which Coupons are presented) for payment by the relevant Noteholder and the amount of such payment shall be rounded down to the nearest euro 0.01;
- (iii) if definitive Notes are required to be issued after the Redenomination Date, they shall be issued at the expense of the Issuer in the denominations of euro 1,000, euro 10,000, euro 100,000 and (but only to the extent of any remaining amounts less than euro 1,000 or such smaller denominations as the Issuing and Paying Agent may approve) euro 0.01 and such other denominations as the Issuing and Paying Agent shall determine and notify to the Noteholders;

- (iv) if issued prior to the Redenomination Date, all unmatured Coupons denominated in the Specified Currency (whether or not attached to the Notes) will become void with effect from the date on which the Issuer gives notice (the "**Exchange Notice**") that replacement euro-denominated Notes, Receipts and Coupons are available for exchange (provided that such securities are so available) and no payments will be made in respect of them. The payment obligations contained in any Notes and Receipts so issued will also become void on that date although those Notes and Receipts will continue to constitute valid exchange obligations of the Issuer. New euro denominated Notes, Receipts and Coupons will be issued in exchange for Notes, Receipts and Coupons denominated in the Specified Currency in such manner as the Issuing and Paying Agent may specify and as shall be notified to the Noteholders in the Exchange Notice. No Exchange Notice may be given less than 15 days prior to any date for payment of principal or interest on the Notes;
- (v) after the Redenomination Date, all payments in respect of the Notes, the Receipts and the Coupons, other than payments of interest in respect of periods commencing before the Redenomination Date, will be made solely in euro as though references in the Notes to the Settlement Currency were to euro. Payments will be made in euro by credit or transfer to a euro account (or any other account to which euro may be credited or transferred) specified by the payee or, at the option of the payee, by a euro cheque;
- (vi) if the Notes are Fixed Rate Notes and interest for any period ending on or after the Redenomination Date is required to be calculated for a period ending other than on a Fixed Interest Date, it will be calculated by applying the Rate of Interest to each Specified Denomination, multiplying such sum by the applicable Day Count Fraction, and rounding the resultant figure to the nearest sub-unit (defined above) of the relevant Specified Currency, half of any such sub-unit being rounded upwards or otherwise in accordance with applicable market convention;
- (vii) if the Notes are Floating Rate Notes, the Calculation Agent will determine (acting in good faith and in a commercially reasonable manner) any relevant changes to the provisions relating to interest and the Issuer will notify Noteholders thereof in accordance with Condition 18; and
- (viii) such other changes shall be made to these Conditions as the Issuer may decide, after consultation with the Issuing and Paying Agent and the Trustee, and as may be specified in the notice, to conform them to conventions then applicable to instruments denominated in euro.

Notwithstanding the foregoing, none of the Issuer, the Guarantor (if any), the Calculation Agent, the Issuing and Paying Agent and the Trustee shall be liable to any Noteholder or other person for any commissions, costs, losses or expenses in relation to or resulting from the transfer of euro or any currency conversion or rounding effected in connection therewith.

(b) *Definitions*

In these Conditions, the following expressions have the following meanings:

**"Established Rate"** means the rate for the conversion of the Specified Currency (including compliance with rules relating to rounding in accordance with applicable European Union regulations) into euro established by the Council of the European Union pursuant to Article 140 of the Treaty;

**"euro"** means the currency introduced at the start of the third stage of European economic and monetary union pursuant to the Treaty;

**"Redenomination Date"** means (in the case of interest bearing Notes) any date for payment of interest under the Notes or (in the case of Zero Coupon Notes) any date, in each case specified by

the Issuer in the notice given to the Noteholders pursuant to paragraph (a) above and which falls on or after the date on which the country of the Specified Currency first participates in the third stage of European economic and monetary union; and

"**Treaty**" means the Treaty on the Functioning of the European Union, as amended.

## **20. Agents and Registrar**

- (a) In acting under the Agency Agreement, the Agents will act solely as agents of each of the Issuer and Guarantor (if applicable) do not assume any obligations or relationship of agency or trust to or with the Noteholders, Receiptholders or Couponholders. The Issuer will agree to perform and observe the obligations imposed upon it under the Agency Agreement. The Agency Agreement contains provisions for the indemnification of the Agents and for relief from responsibility in certain circumstances, and entitles any of them to enter into business transactions with the Issuer and any of its subsidiaries without being liable to account to the Noteholders, Receiptholders or Couponholders for any resulting profit. In relation to each issue of Notes, the Calculation Agent (whether it be BNP Paribas, BNP Paribas Arbitrage S.N.C. or another entity) acts solely as agent of the Issuer and the Guarantor, if any, and does not assume any obligation or duty to, or any relationship of agency or trust for or with, the Noteholders, Couponholders and Receiptholders. All calculations and determinations made in respect of the Notes by the Calculation Agent shall (save in the case of manifest error) be final, conclusive and binding on the Issuer, the Guarantor, if any, and the Noteholders, Couponholders and Receiptholders. The Calculation Agent may, with the consent of the Issuer, delegate any of its obligations and functions to a third party as it deems appropriate.
- (b) Notwithstanding anything to the contrary in these Conditions, in exercising its discretion and making an election, determination, modification or adjustment, the Issuer, the Calculation Agent and any other relevant Agent shall do so in good faith and in a commercially reasonable manner to preserve or restore the economics of the agreed terms as far as practicable. Any such election, determination, modification or adjustment shall not create a significant imbalance between the rights and obligations of the Issuer compared to the Noteholders, to the detriment of the Noteholders.
- (c) If Essential Trigger is specified as applicable in the applicable Final Terms, the Issuer or the Calculation Agent, as the case may be, may only modify or adjust the terms of the Notes (other than modifications that do not relate to essential characteristics of the Notes) or redeem the Notes prior to their scheduled Maturity Date, as described in the Terms and Conditions, following an event or circumstance (or combination of events or circumstances) that (a) is not attributable to the Issuer that significantly alters the economics of the Notes compared to the economics as of the Issue Date, or (b) constitutes a force majeure.

For the purpose of this Condition 20(c), essential characteristics of the Notes means characteristics of the Notes that are considered essential to the Noteholders generally, including without limitation the yield (coupon structure), the Underlying Reference, the principal protected amount (if any), the identity of the Issuer and of the Guarantor and the scheduled Maturity Date.

## **21. Contracts (Rights of Third Parties) Act 1999**

The Notes shall not confer any rights under the Contracts (Rights of Third Parties) Act 1999 to enforce any term of the Notes, but this does not affect any right or remedy of a third party which may exist or is available apart from that Act.

## 22. Governing Law and Submission to Jurisdiction

The Master Trust Terms and the Issue Deed (save to the extent that the Master Trust Terms and/or the Issue Deed relates to security interests created over assets located or deemed to be located in Luxembourg), the Agency Agreement, the Notes, the Receipts and the Coupons (and any non-contractual obligations arising out of or in connection with such documents) are (or, as the case may be, shall be) governed by, and shall be construed in accordance with, English law.

The Issuer irrevocably agrees, for the exclusive benefit of the Noteholders, the Receiptholders and the Couponholders, that the courts of England are to have exclusive jurisdiction to settle any disputes which may arise out of or in connection with the Notes, the Receipts and/or the Coupons (including a dispute relating to non-contractual obligations arising out of such Notes, Receipts and/or Coupons) and accordingly any suit, action or proceedings arising out of or in connection with the Notes, the Receipts and the Coupons may be brought in such courts.

The Issuer waives any objection to the courts of England on the grounds that they are an inconvenient or inappropriate forum. The Noteholders, the Receiptholders and the Couponholders may take any suit, action or proceedings (together referred to as "**Proceedings**") arising out of or in connection with the Notes, the Receipts and the Coupons (including Proceedings relating to any non-contractual obligations arising out of or in connection with such Notes, Receipts and/or Coupons) against the Issuer in any other court of competent jurisdiction and concurrent Proceedings in any number of jurisdictions.

The Issuer appoints BNP Paribas, London Branch, of 10 Harewood Avenue, London NW1 6AA (Attention: the Loan Administration Department), as its agent for service of process, and undertakes that, in the event of BNP Paribas, London Branch ceasing so to act or ceasing to be registered in England, it will appoint, subject to the prior written approval of the Trustee, another person as its agent for service of process in England in respect of any Proceedings. Nothing herein shall affect the right to serve proceedings in any other manner permitted by law.

The Issuer has in the Trust Deed submitted to the jurisdiction of the English courts and has appointed an agent for service of process in terms substantially similar to those set out above.

The Warrants have the benefit of an agency agreement dated 6 February 2009, as most recently amended and restated on 26 September 2017 (the "**Agency Agreement**", which expression includes the same as it may be modified and/or supplemented and/or restated from time to time) and made between, *inter alia*, the Issuer, the Trustee, BNP Paribas Arbitrage S.N.C. as calculation agent (the "**Calculation Agent**", which expression shall include any additional or successor calculation agents specified in the applicable Final Terms), BNP Paribas Securities Services, Luxembourg Branch as account bank (where specified in the applicable Final Terms) (the "**Account Bank**"), BNP Paribas Securities Services, Luxembourg Branch as principal warrant and certificate agent, registrar and, where specified in the Final Terms, custodian and

The Trustee acts for the benefit of the holders for the time being of the Warrants which expression shall mean, in the case of Clearing System Global Warrants, the Warrantholders and, in the case of Registered Global Warrants, the persons in whose name the Warrants are registered, and shall, in relation to any Warrants represented by a Global Warrant, be construed as provided in Condition 1 below. The Trustee also holds the Compartment Security granted by the Issuer for itself and the other Secured Parties (as defined below).

Any reference herein to "**Euroclear**" and/or "**Clearstream, Luxembourg**" (each term as defined above) shall, whenever the context so permits, be deemed to include a reference to any additional or alternative clearing system specified in the applicable Final Terms, approved by the Issuer, the Guarantor (if applicable), the Trustee, the Principal Warrant and Certificate Agent, the Registrar (in the case of warrants in registered form ("**Registered Warrants**") only) and, in the case of Warrants listed on the Luxembourg Stock Exchange, the Luxembourg Stock Exchange.

The Final Terms for this Warrant (or other relevant provisions thereof) are set out in the Final Terms that are endorsed on, attached to or incorporated by reference in this Warrant and which complete these terms and conditions (the "**Terms and Conditions**" or the "**Conditions**").

As used herein, "**Tranche**" means Warrants which are identical in all respects and "**Series**" means a Tranche of Warrants together with any further Tranche or Tranches of Warrants which are (a) expressed to be consolidated and form a single series with the original Tranche and (b) identical in all respects except for their respective Issue Date and/or Issue Prices, as applicable.

Copies of the Master Trust Terms and the Agency Agreement are available for inspection by Warrantholders during normal business hours from the specified offices of the Warrant and Certificate Agents. Copies of the applicable Final Terms are available for viewing by Warrantholders at [www.bourse.lu](http://www.bourse.lu) and copies may be obtained from the specified office of the Principal Warrant and Certificate Agent save that, if this Warrant is a Private Placement Warrant (as defined below) which has not been offered to the public in Luxembourg, the applicable Final Terms will only be obtainable by a Warrantholder holding one or more such Warrants and such Warrantholder must produce evidence satisfactory to the Issuer, the Trustee and the relevant Warrant and Certificate Agent as to its holding of such Warrants and identity. The Warrantholders are deemed to have notice of, and are entitled to the benefit of, all the provisions of the Trust Deed, the Agency Agreement and the applicable Final Terms. The statements in the Conditions include summaries of, and are subject to, the detailed provisions of the Trust Deed (as such term is defined in the Master Trust Terms).

By subscribing to, or otherwise acquiring, the Warrants, each Warrantholder expressly acknowledges and agrees that:

- (a) the Issuer (i) is subject to the Securitisation Act 2004 and (ii) in connection with the Warrants has created a specific Compartment, which Compartment shall be identified by the number and/or name ascribed to it in the applicable Final Terms, to which all assets, rights, claims and agreements relating to the Warrants will be allocated;
- (b) the provisions with respect to the Order of Priority specified in the applicable Final Terms will apply;

- (c) all payments to be made by the Issuer in respect of the Warrants and the related Swap Agreement (if any) will be made only from and to the extent of the sums received or recovered from time to time by or on behalf of the Issuer or the Trustee in respect of the Charged Assets and, following a Warrant Acceleration in respect of the Warrant, the entitlement of the Warrantholder will be limited to such Warrantholder's *pro rata* share of the proceeds of the relevant Charged Assets applied in accordance with the Order of Priority specified in the applicable Final Terms and not to the assets allocated to other compartments created by the Issuer or to any other assets of the Issuer and, in the case of Guaranteed Warrants, sums obtained on its behalf by the Trustee, making a claim under the Guarantee, subject to the terms set out in the applicable Final Terms and the relevant provisions of the Guarantee;
- (d) once all moneys received by the Trustee in connection with the enforcement of the Compartment Security over the Charged Assets have been applied in accordance with the Order of Priority set out in the applicable Final Terms and in the Master Trust Terms, it is not entitled to take any further steps against the Issuer to recover any further sums due and the right to receive any such sum shall be extinguished;
- (e) it shall have no right to attach or otherwise seize the Charged Assets (subject as provided above), or any other assets of the Issuer, including, without limitation, any assets allocated to any other compartments of the Issuer; and
- (f) no Warrantholder shall be entitled to petition or take any other step for the liquidation, winding-up or the bankruptcy of the Issuer or any similar proceedings.

Words and expressions defined in the Master Trust Terms or the Agency Agreement or used in the applicable Final Terms shall have the same meanings where used in these Terms and Conditions unless the context otherwise requires or unless otherwise stated, and provided that, in the event of any inconsistency between the Trust Deed or the Agency Agreement and the applicable Final Terms, the applicable Final Terms will prevail.

Warrants may not be exercised, and the securities may not be delivered upon exercise, in the United States or to, or for the account of or benefit of a U.S. Person as defined in Regulation S.

## **1. Type, title and transfer**

### **(a) Type**

If the Warrants are Hybrid Warrants and Hybrid Warrants is specified as applicable in the applicable Final Terms, the terms and conditions of the Warrants will be construed on the basis that in respect of each separate type of Underlying Reference, the relevant terms applicable to each such separate type of Underlying Reference will apply, as the context admits, separately and independently in respect of the relevant type of Underlying Reference, except as specified in the applicable Final Terms. "**Hybrid Business Day**" has the meaning given to such term in the applicable Final Terms.

The applicable Final Terms will indicate whether the Warrants are American style Warrants ("**American Style Warrants**"), European style Warrants ("**European Style Warrants**") or Registered Warrants and, in the case of Cash Settled Warrants whether automatic exercise ("**Automatic Exercise**") applies to the Warrants, whether settlement shall be by way of cash payment ("**Cash Settled Warrants**") or physical delivery ("**Physical Delivery Warrants**"), whether the Warrants are call Warrants ("**Call Warrants**") or put Warrants ("**Put Warrants**") whether the Warrants may only be exercised in units ("**Units**") and whether Averaging ("**Averaging**") will apply to the Warrants. If Units are specified in the applicable Final Terms, Warrants must be exercised in Units and any Exercise Notice which purports to exercise Warrants in breach of this provision shall be void and of no effect. If Averaging is specified as applying in the applicable Final Terms, the applicable Final Terms will state, amongst other details, the relevant Averaging Dates.

References in these Terms and Conditions, unless the context otherwise requires, to Cash Settled Warrants shall be deemed to include references to (i) Physical Delivery Warrants, which include an option (as set out in the applicable Final Terms) at the Issuer's election to request cash settlement of such Warrant pursuant to Condition 4(e)(i) and where settlement is to be by way of cash payment, and (ii) Physical Delivery Warrants where settlement is to be automatically varied to be by way of a cash payment pursuant to Condition 4(e)(i). References in these Terms and Conditions, unless the context otherwise requires, to Physical Delivery Warrants shall be deemed to include references to Cash Settled Warrants which include an option (as set out in the applicable Final Terms) at the Issuer's election to request physical delivery of the relevant underlying asset in settlement of such Warrant pursuant to Condition 4(e)(i) and where settlement is to be by way of physical delivery.

Warrants may, if specified in the applicable Final Terms, allow Warrantholders to elect for settlement by way of cash payment or by way of physical delivery or by way of a combination of cash payment and physical delivery. Those Warrants where the relevant Warrantholder has elected for cash payment will be Cash Settled Warrants and those Warrants where the relevant Warrantholder has elected for physical delivery will be Physical Delivery Warrants. The rights of a Warrantholder as described in this paragraph may be subject to the Issuer's right to vary settlement (as indicated in the applicable Final Terms) and will be subject to the Issuer's right to substitute assets or pay the Alternate Cash Amount (as defined below) in lieu of physical delivery in accordance with Condition 4(f).

(c) *Cash Settlement*

If the Warrants are Cash Settled Warrants, each such Warrant or, if Units are specified in the applicable Final Terms, each Unit entitles its holder, upon due exercise and subject, in the case of Warrants represented by a Global Warrant, to certification as to non-U.S. beneficial ownership, to receive from the Issuer on the Settlement Date the Cash Settlement Amount.

The "**Cash Settlement Amount**" shall be an amount (which may never be less than zero) to which the Holder of Warrants is entitled in the Settlement Currency in relation to each such Warrant, or, if Units are specified in the applicable Final Terms, each Unit, as the case may be, equal to the Final Payout specified in the applicable Final Terms.

If Aggregation is specified as applicable in the applicable Final Terms Warrants exercised at the same time by the same holder of Warrants will be aggregated for the purpose of determining the aggregate Cash Settlement Amounts payable in respect of such Warrants or Units, as the case may be

The Cash Settlement Amount (if any) shall be rounded to the nearest sub-unit of the relevant Settlement Currency, half of any such sub-unit being rounded upwards or otherwise in accordance with applicable market convention, provided that:

- (a) if Rounding Convention 1 is specified as applicable in the applicable Final Terms, the Cash Settlement Amount shall be calculated using a maximum of four decimal places (with 0.00005 being rounded upwards) and shall be rounded to the second decimal place (with 0.005 being rounded upwards); or
- (b) if Rounding Convention 2 is specified as applicable in the applicable Final Terms, the Cash Settlement Amount shall not be subject to rounding but Securities of the same Series held by the same Holder of Warrants will be aggregated for the purpose of determining the aggregate Cash Settlement Amount in respect of such Warrants and the aggregate of such Cash Settlement Amounts will be rounded down to the nearest whole sub-unit of the Settlement Currency in such manner as the Calculation Agent shall determine,

provided that if the product of the Final Payout is zero, no amount shall be payable in respect of the relevant Warrant (and such Warrant shall expire worthless).

If the Cash Settlement Amount is not an amount in the Settlement Currency, if specified in the applicable Final Terms it will be converted into the Settlement Currency at the Exchange Rate specified in the applicable Final Terms;

(d) *Physical Settlement*

(i) Exercise Rights in relation to Physical Delivery Warrants

If the Warrants are Physical Delivery Warrants, each such Warrant or, if Units are specified in the applicable Final Terms, each Unit, as the case may be, entitles its holder, upon due exercise and subject, in the case of Warrants represented by a Global Warrant, to certification as to non-U.S. beneficial ownership, to receive from the Issuer on the Settlement Date the Entitlement subject to payment of the relevant Exercise Price and any

other sums payable. The method of delivery of the Entitlement is set out in the applicable Final Terms.

If Aggregation is specified as applicable in the applicable Final Terms, Warrants or Units, as the case may be, exercised at the same time by the same Warrantholder will be aggregated for the purpose of determining the aggregate Entitlements in respect of such Warrants or Units, as the case may be, provided that the aggregate Entitlements in respect of the same Warrantholder will be rounded down to the nearest whole unit of the Relevant Asset or each of the Relevant Assets, as the case may be, in such manner as the Calculation Agent shall determine acting in good faith and in a commercially reasonable manner. Therefore, fractions of the Relevant Asset or of each of the Relevant Assets, as the case may be, will not be delivered and no cash adjustment will be made in respect thereof.

Following exercise of a Share Linked Warrant which is a Physical Delivery Warrant, all dividends on the relevant Shares to be delivered will be payable to the party that would receive such dividend according to market practice for a sale of the Shares executed on the relevant Actual Exercise Date and to be delivered in the same manner as such relevant Shares. Any such dividends to be paid to a Warrantholder will be paid to the account specified by the Warrantholder in the relevant Exercise Notice as referred to in Condition 5.

(ii) Physical Settlement Disruption

If, following the exercise of Physical Delivery Warrants, in the opinion of the Calculation Agent, delivery of the Entitlement in such commercially reasonable manner as the Calculation Agent has determined is not practicable by reason of a Settlement Disruption Event (as defined below) having occurred and continuing on any Settlement Date, then such Settlement Date for such Warrants shall be postponed to the first following Settlement Business Day in respect of which there is no such Settlement Disruption Event, provided that the Calculation Agent may require in good faith and in a commercially reasonable manner that the Issuer will satisfy its obligations in respect of the relevant Warrant or Unit, as the case may be, by delivering the Entitlement using such other commercially reasonable manner as it may select and in such event the Settlement Date shall be such day as the Calculation Agent deems appropriate in connection with delivery of the Entitlement in such other commercially reasonable manner. For the avoidance of doubt, where a Settlement Disruption Event affects some but not all of the Relevant Assets comprising the Entitlement, the Settlement Date for the Relevant Assets not affected by the Settlement Disruption Event will be the originally designated Settlement Date. In the event that a Settlement Disruption Event will result in the delivery on a Settlement Date of some but not all of the Relevant Assets comprising the Entitlement, the Calculation Agent shall determine, acting in good faith and in a commercially reasonable manner, the appropriate *pro rata* portion of the Exercise Price to be paid by the relevant Warrantholder in respect of that partial settlement. For so long as delivery of the Entitlement is not practicable by reason of a Settlement Disruption Event, then in lieu of physical settlement and notwithstanding any other provision hereof, the Calculation Agent may elect in good faith and in a commercially reasonable manner that the Issuer will satisfy its obligations in respect of the relevant Warrant or Unit, as the case may be, by payment to the relevant Warrantholder of the Disruption Cash Settlement Price (as defined below) on the fifth Business Day following the date that notice of such election is given to the Warrantholders in accordance with Condition 17. Payment of the Disruption Cash Settlement Price will be made in such manner as shall be notified to the Warrantholder in accordance with Condition 17. The Calculation Agent shall give notice as soon as practicable to the Warrantholder in accordance with Condition 17 that a Settlement Disruption Event has occurred. No Warrantholder shall be entitled to any payment in respect of the relevant Warrant or Unit, as the case may be, in the event of any delay in the

delivery of the Entitlement due to the occurrence of a Settlement Disruption Event and no liability in respect thereof shall attach to the Issuer or the Guarantor (if any).

For the purposes hereof:

**"Disruption Cash Settlement Price"** in respect of any relevant Warrant or Unit, as the case may be, shall be the fair market value of such Warrant or Unit, as the case may be (disregarding, where the Settlement Disruption Event affected some but not all of the Relevant Assets comprising the Entitlement and such non-affected Relevant Assets have been duly delivered as provided above, the value of such Relevant Assets), less the cost to the Swap Counterparty and/or its Affiliates of unwinding the Swap Agreement and any underlying related hedging arrangements, all as determined by the Calculation Agent in good faith and in a commercially reasonable manner, plus, if applicable and if already paid, the Exercise Price (or, where as provided above some Relevant Assets have been delivered, and a *pro rata* portion thereof has been paid, such *pro rata* portion);

**"Settlement Business Day"** in respect of each Warrant, has the meaning specified in the applicable Final Terms relating to such Warrant; and

**"Settlement Disruption Event"** means, in the opinion of the Calculation Agent, an event beyond the control of the Issuer or the Guarantor, as the case may be, as a result of which the Issuer or the Guarantor, as the case may be, cannot make delivery of the Relevant Asset(s) using the method specified in the applicable Final Terms.

(e) *Variation of Settlement*

- (i) If the applicable Final Terms indicate that the Issuer has an option to vary settlement in respect of the Warrants, upon a valid exercise of Warrants in accordance with these Terms and Conditions, the Issuer may (if it has received a notification from the Swap Counterparty that the Swap Counterparty intends to vary settlement under the related Swap Agreement or the Calculation Agent determines that the Issuer should so vary settlement) in respect of each such Warrant or, if Units are specified in the applicable Final Terms, each Unit, elect not to pay the relevant Warrantholders the Cash Settlement Amount or to deliver or procure delivery of the Entitlement to the relevant Warrantholders, as the case may be, but, in lieu thereof to deliver or procure delivery of the Entitlement or make payment of the Cash Settlement Amount on the Settlement Date to the relevant Warrantholders, as the case may be. Notification of such election will be given to Warrantholders in accordance with Condition 17.
- (ii) If specified in the applicable Final Terms, following a valid exercise of Warrants in accordance with these Conditions, the Issuer shall (if it has received a notification from the Swap Counterparty that the Swap Counterparty intends to vary settlement under the related Swap Agreement or the Calculation Agent determines that the Issuer should so vary settlement), in respect of each such Warrant or, if Units are specified in the applicable Final Terms, each Unit, in lieu of delivering or procuring the delivery of the Entitlement to the relevant Warrantholders, make payment of the Cash Settlement Amount on the Settlement Date to the relevant Warrantholders.

(f) *Issuer's Option to Substitute Assets or to pay the Alternate Cash Amount*

Unless Issuer's Option to Substitute is specified as not applicable in the applicable Final Terms, following a valid exercise of Warrants in accordance with these Conditions, the Issuer shall, in good faith and in a commercially reasonable manner in respect of such Warrants, if the Calculation Agent determines (in good faith and in a commercially reasonable manner) that the Relevant Asset or Relevant Assets, as the case may be, comprise(s) shares which are not freely tradeable, elect either (i) to substitute for the Relevant Asset or the Relevant Assets, as the case may be, an equivalent value (as determined by the Calculation Agent in good faith and in a commercially

reasonable manner) of such other shares which the Calculation Agent determines, in good faith and in a commercially reasonable manner, are freely tradeable (the "**Substitute Asset**" or the "**Substitute Assets**", as the case may be) or (ii) not to deliver or procure the delivery of the Entitlement or the Substitute Asset or Substitute Assets, as the case may be, to the relevant Warrantheolders, but in lieu thereof to make payment to the relevant Warrantheolders on the Settlement Date of an amount equal to the fair market value of the Entitlement on the Valuation Date as determined by the Calculation Agent in good faith and in a commercially reasonable manner by reference to such sources as it considers appropriate (the "**Alternate Cash Amount**"). Notification of any such election will be given to Warrantheolders in accordance with Condition 17.

For purposes hereof, a "**freely tradeable**" share shall mean (i) with respect to the United States, a share which is registered under the Securities Act or not restricted under the Securities Act and which is not purchased from the issuer of such share and not purchased from an affiliate of the issuer of such share or which otherwise meets the requirements of a freely tradeable share for purposes of the Securities Act, in each case, as determined by the Calculation Agent in good faith and in a commercially reasonable manner or (ii) with respect to any other jurisdiction, a share not subject to any legal restrictions on transfer in such jurisdiction.

(g) *FX Settlement Disruption Event*

If the Settlement Currency specified in the applicable Final Terms is a Relevant Currency, FX Settlement Disruption will apply, and:

- (A) if, on the second Business Day prior to the Disrupted Payment Date, the Calculation Agent (in good faith and in a commercially reasonable manner) determines that a FX Settlement Disruption Event has occurred and is subsisting, the Issuer shall give notice (a "**FX Settlement Disruption Notice**") to the Warrantheolders in accordance with Condition 17 as soon as reasonably practicable thereafter and, in any event, prior to the relevant Disrupted Payment Date;
- (B) following the occurrence of a FX Settlement Disruption Event:
  - (1) the date for payment of the relevant Disrupted Amount will be postponed to (i) the second Business Day following the date on which the Calculation Agent determines that a FX Settlement Disruption Event is no longer subsisting or if earlier (ii) the date falling thirty calendar days following the scheduled due date for payment of the relevant Disrupted Amount (the "**FX Settlement Disruption Cut-off Date**") which, for the avoidance of doubt, may be later than the scheduled Settlement Date; and
  - (2) (i) in the case of (A)(i) above, the Issuer will pay the relevant Disrupted Amount, less FX Settlement Disruption Expenses (if any), in the Settlement Currency specified in the applicable Final Terms or, (ii) in the case of (A)(ii) above, in lieu of paying the relevant Disrupted Amount in the relevant Settlement Currency, the Issuer will, subject to sub-paragraph (C) below, convert the relevant Disrupted Amount into the FX Settlement Disruption Currency (using the FX Settlement Disruption Exchange Rate for the relevant Disrupted Payment Date) and will pay the relevant Disrupted Amount, less FX Settlement Disruption Expenses (if any), in the FX Settlement Disruption Currency on the FX Settlement Disruption Cut-off Date;
- (C) if sub-paragraph B(ii) applies, the Calculation Agent will determine the FX Settlement Disruption Exchange Rate in good faith and in a commercially reasonable manner in accordance with the following procedures:

- (1) the FX Settlement Disruption Exchange Rate shall be the arithmetic mean (rounded, if necessary, to four decimal places (with 0.00005 being rounded upwards)) as determined by or on behalf of the Calculation Agent of the bid and offer Settlement Currency/FX Settlement Disruption Currency exchange rates provided by two or more leading dealers on a foreign exchange market (as selected by the Calculation Agent) on such day; or
  - (2) if fewer than two leading dealers provide the Calculation Agent with bid and offer Settlement Currency/FX Settlement Disruption Currency exchange rates on such day, the Calculation Agent shall determine the FX Settlement Disruption Exchange Rate acting in good faith and in a commercially reasonable manner;
- (D) this Condition 4(g) shall not apply to Dual Currency Linked Interest Warrants;
- (E) for the avoidance of doubt, no Interest Period will be adjusted as a result of the postponement of any interest payment pursuant to this Condition 4(g), and no additional interest will be paid in respect of any postponement of the date for payment;
- (F) for the avoidance of doubt, nothing contained in this Condition 4(g) shall prevent the Issuer from determining that an Additional Disruption Event and/or Optional Additional Disruption Event has occurred, in which case, the provisions of Condition 8(e) shall prevail in the event of any conflict between this Condition 4(g) and Condition 8(e).
- (G) For these purposes:

**"Disrupted Amount"** means the relevant Interest Amount, Final Settlement Amount or such other amount payable (if any);

**"FX Settlement Disruption Currency"** means US dollars ("USD");

the Issuer shall forthwith give not more than 30 nor less than 15 days' notice (which notice shall be irrevocable) to the Trustee and the Warrantholders pursuant to Condition 17 (*Notices*) prior to the specified date of cancellation (the "**Early Termination Date**") that it intends to cancel the Warrants in accordance with this Condition 8(c), and upon the expiry of such notice, the Issuer shall cancel all, but not some only, of the Warrants and the Warrantholders shall be entitled to an amount determined in accordance with the following provisions of this Condition (such amount the "**Early Termination Amount**") (provided that the Final Terms may specify more than one of Liquidation Proceeds, Liquidation Proceeds/Fair Market Value or Liquidation Proceeds/No Unwind Costs) to apply in the applicable Final Terms in respect of different Early Redemption Events).

Where Swap Termination Without Cancellation is specified as applicable in the applicable Final Terms, the Swap Agreement shall be deemed not to be included in the term "Charged Assets" as used in Conditions 8(c)(i) to (iv) (inclusive) and the definition of Related Agreement Termination Event in Condition 8(c)(vi) shall not apply and shall be replaced by the following definition:

"(vi) the early termination of any Swap Agreement entered into in respect of the Warrants other than where (i) the Issuer is the Defaulting Party (as defined in the relevant Swap Agreement) and the relevant event of default relates to the insolvency of the Issuer, (ii) a Swap Default has occurred, or (iii) the Swap Agreement terminates due to the purchase by the Issuer of all the outstanding Warrants of a series (a "**Related Agreement Termination Event**");"

Where the Final Terms specify that the Warrantholders are entitled to Liquidation Proceeds, the Issuer shall appoint an agent to sell or otherwise realise the Charged Assets (the "**Disposal Agent**") which shall be the Calculation Agent (or such other party as may be agreed by the Issuer and the Trustee provided that, for the avoidance of doubt, the Disposal Agent may not be the Issuer) and each Warrant shall be entitled to a *pro rata* share of the Liquidation Proceeds. "**Liquidation Proceeds**" shall be an amount, subject to a maximum equal to the Liquidation Proceeds Cap save where "Liquidation Proceeds Cap" is specified as not applicable in the applicable Final Terms, equal to the amounts received by or on behalf of the Issuer upon the sale or realisation of the Charged Assets (including, without limitation, any termination payment received by the Issuer under the relevant Swap Agreement and/or, where applicable, the amount received by the Issuer in respect of the Charged Assets on the redemption date, expiration date or other date for final payment in respect of the Charged Assets) after the deduction of any fees (including, without limitation, any legal fees), costs, expenses and taxes incurred by any Disposal Agent (for itself and on behalf of the Issuer), in respect of the sale or realisation of the Charged Assets and the early termination of the Warrants, any due and unpaid fees, costs and expenses of the Trustee and the Agents and any amounts due to be paid to the Swap Counterparty under the Swap Agreement. the determination thereof shall be deemed to be a reference to the date on which notice of Warrant Acceleration was given by the Trustee in accordance with Condition 11 (*Events of Default*) that would have been payable (if Automatic Exercise were applicable to the Warrants and such Warrants were exercised in accordance with Automatic Exercise on the date on which notice of Warrant Acceleration was given by the Trustee in accordance with Conditions 11 (*Events of Default*)) but for the occurrence of the Event of Default.

Where the Final Terms specify that the Warrantholders are entitled to Liquidation Proceeds/Fair Market Value, the Calculation Agent will determine the fair market value of a Warrant (taking into account the occurrence of the relevant Early Termination Event but otherwise equal to a *pro rata* share of the amounts payable to the Issuer in respect of the Charged Assets following their early termination or realisation on or prior to the Early Termination Date) which such amount will be the Early Termination Amount in respect of each Warrant unless such amount would be less than the *pro rata* share of the Liquidation Proceeds (subject to the Liquidation Proceeds Cap) realised by a Disposal Agent appointed by the Issuer in respect of a Warrant, in which case a *pro rata* share of the Liquidation Proceeds (subject to the Liquidation Proceeds Cap) will be the Early Termination Amount in respect of each Warrant.

Where the Final Terms specify that the Warrantholders are entitled to Liquidation Proceeds/No Unwind Costs as the Early Termination Amount, each Warrant shall be entitled to a *pro rata* share of the Unadjusted Liquidation Proceeds. "**Unadjusted Liquidation Proceeds**" shall be an amount, subject to a maximum equal to the Liquidation Proceeds Cap save where "Liquidation Proceeds Cap" is specified as not applicable in the applicable Final Terms, equal to the amounts received by or on behalf of the Issuer upon the sale or realisation of the Charged Assets (including, without limitation, any termination payment received by the Issuer under the relevant Swap Agreement and/or, where applicable, the amount received by the Issuer in respect of the Charged Assets on the redemption date, expiration date or other date for final payment in respect of the Charged Assets) after the deduction of any termination payment due to be paid to the Swap Counterparty under the Swap Agreement. Where the Liquidation Proceeds Cap is applicable, "**Liquidation Proceeds Cap**" means, the Cash Settlement Amount (calculated on the basis that any reference to the Exercise Date in relation to the determination thereof shall be deemed to be a reference to the Early Termination Date) that would have been payable (if Automatic Exercise were applicable to the Warrants and such Warrants were exercised in accordance with Automatic Exercise on the Early Termination Date) but for the occurrence of the Early Termination Event.

Notwithstanding the above, where Reference Securities Impossibility Event is specified as applicable in the applicable Final Terms and a Reference Securities Impossibility Event has occurred, each Warrant shall be entitled to an "**Early Termination Amount**" equal to the greater of (i) its Issue Price and (ii) its *pro rata* share of the Unadjusted Liquidation Proceeds calculated by the Calculation Agent, in accordance with the above paragraph, as if Liquidation Proceeds/No Unwind Costs were specified in the applicable Final Terms as the Early Termination Amount and the Liquidation Proceeds Cap was not applicable.

The Issuer, the Trustee and the Swap Counterparty will upon such substitution enter into such further documentation as may be required (if at all) by any applicable law and/or as may be required by the Trustee to give effect to the creation of security over any replacement securities, obligations or cash amounts in the manner set out in this Condition 9(f).

References in these Conditions and the Trust Deed to "**Compartment Assets**" shall be deemed to include any substituted Compartment Assets and references to "**Charged Assets**" shall be deemed to include any additional assets or rights charged or assigned in favour of the Trustee pursuant to such substitution.

Where "Substitution Notification" is specified in the applicable Final Terms, the Issuer shall give notice of any substitution to Warrantheolders under this Condition 9(f) in accordance with Condition 17 (*Notices*) and, in relation to any Warrants listed on the Luxembourg Stock Exchange, to the Luxembourg Stock Exchange (or if listed on another stock exchange to such other stock exchange) and will, if required by the rules of the Luxembourg Stock Exchange (or of such other stock exchange), prepare a supplement to any applicable prospectus or such other documents as may be required.

If this Condition 9(f) is applicable, the Trustee and any Warrantheolders may at any time require the Issuer to notify them of the composition of the Compartment Assets at such time.

*The Swap Counterparty may substitute the Compartment Assets in accordance with this Condition 9(f) without regard to the projected market value of substitute securities or obligations. There is no guarantee that the value of such Compartment Assets in the event of termination of the relevant Swap Agreement, taking into account any termination payment due under such Swap Agreement to or from the Swap Counterparty, will equal or exceed the Cash Settlement Amount (if any) for each Warrant or Unit, as the case may be.*

(g) *Compartment Assets substitution under a Credit Support Annex, Credit Support Deed or Pledge*

Where the Issuer and the Swap Counterparty have entered into a Credit Support Annex in respect of any Swap Agreement, then the Compartment Assets may be substituted in whole or in part by the Swap Counterparty in accordance with the terms of the Credit Support Annex.

The securities, obligations or cash which may be substituted for the Compartment Assets shall be delivered (or paid, in the case of cash) by the Swap Counterparty to the Custodian (or, where an alternative bank or institution is specified as custodian for the Compartment Assets in the applicable Final Terms, to such entity).

By making any substitution pursuant to this Condition 9(g), the Swap Counterparty shall be deemed to agree with the Issuer and the Trustee that its obligations under the relevant Swap Agreement shall continue in full force and effect irrespective of such substitution and that no termination or adjustment to its obligations thereunder shall occur as a consequence of such substitution.

In the case of Compartment Assets substitution under a Credit Support Annex, the Trustee shall, upon notice from the Swap Counterparty (upon which the Trustee may rely without further enquiry) that the conditions for substitution referred to in this Condition 9(g) are met, release the Compartment Assets to be substituted from the security created in respect of it under the Trust Deed. The Issuer, the Trustee and the Swap Counterparty will upon such substitution enter into such further documentation as may be required (if at all) by any applicable law and/or as may be required by the Trustee to give effect to the creation of security over any replacement securities, obligations or cash amounts in the manner set out in this Condition 9(g).

After any substitution, references in these Conditions and the Trust Deed to "**Compartment Assets**" shall be deemed to include any Compartment Assets substituted and references to "**Charged Assets**" shall be deemed to include any additional assets or rights charged or assigned in favour of the Trustee pursuant to such substitution.

Where substitution of the Compartment Assets takes place in accordance with the terms of any credit support annex, the Issuer shall not be obliged to give notice of any substitution to Warrantholders under this Condition 9(g).

If this Condition 9(g) is applicable, the Trustee may at any time require the Issuer to notify it of the composition of the Compartment Assets at such time.

Where the Issuer and the Swap Counterparty have entered into a Credit Support Deed in respect of any Swap Agreement, the collateral secured under the relevant Credit Support Deed may be substituted in whole or in part by the Swap Counterparty in accordance with the terms of the relevant Credit Support Deed.

Where the Issuer and the Swap Counterparty have entered into a Pledge in respect of any Swap Agreement, the assets secured under the relevant Pledge may be substituted in whole or in part by the Swap Counterparty in accordance with the terms of the relevant Pledge.

*The Swap Counterparty may substitute the Compartment Assets in accordance with this Condition 9(g) without regard to the projected market value of substitute securities or obligations. There is no guarantee that the value of such Compartment Assets in the event of termination of the relevant Swap Agreement, taking into account any termination payment due under such Swap Agreement to or from the Swap Counterparty, will equal or exceed the Cash Settlement Amount (if any) for each Warrant or Unit, as the case may be.*

(h) *Swap Counterparty optional termination*

Where this Condition 9(h) is specified as being applicable in the Final Terms, the Swap Counterparty may (unless it is the Defaulting Party under, and as defined in, the relevant Swap

Agreement) opt to terminate a Swap Agreement in whole or in part in accordance with either or both of the methods set out below (as specified in the Final Terms).

(i) *Cancellation following Swap Counterparty optional termination*

Where "**Swap Counterparty optional termination - Call option**" is specified as being applicable in the Final Terms, the following will apply:

The Swap Counterparty may opt to terminate a Swap Agreement in whole or in part on either on any date specified as being applicable in the Final Terms upon the number of Business Days' notice specified as being applicable in the Final Terms.

Such optional termination will lead to early termination in whole or in part, as the case may be, of the Warrants in the manner set out in this Condition 9(h).

Within two Business Days of service by the Swap Counterparty of a notice that it has opted to terminate a Swap Agreement in whole or in part on any date (where it has such right as so specified in the Final Terms) nominated by the Swap Counterparty (the "**Nominated Termination Date**"), the Issuer shall notify the relevant Warrantholders in accordance with Condition 17 (Notices) of the early termination of the Warrants in whole or in part on such Nominated Termination Date and subject to Condition 8(c) (*Early Termination Events*) shall terminate the relevant Warrants at their fair market value on such Nominated Termination Date.

If any such termination becomes due to be made by the Issuer in accordance with this Condition 9 and payment to the Warrantholders pursuant hereto is not made, the security constituted by the Trust Deed shall become enforceable and the Trustee may take such action as is provided in Condition 11 (*Events of Default*) or the Master Trust Terms.

(ii) *Repurchase:*

Where this Condition 9(h)(ii) is specified as being applicable in the Final Terms, the Swap Counterparty may opt to terminate a Swap Agreement upon service of written notice on the Issuer with a copy to the Trustee, in whole or in part and without payment by either party, if any of the Warrants to which that transaction relates are purchased by or on behalf of the Swap Counterparty or any of its subsidiaries or affiliates ("**Purchased Warrants**"). Where such option is exercised, such Swap Agreement will terminate *pro rata* in the proportion (the "**Proportion**") that the aggregate number of the Purchased Warrants bears to the number of the Warrants remaining unexercised immediately prior to the purchase of the Purchased Warrants by the Swap Counterparty or any of its subsidiaries or affiliates. Upon service of such notice, the Swap Counterparty will be either (A) authorised by the Issuer to take delivery of and/or deliver and/or realise on the Issuer's behalf the Proportion of the Charged Assets (if any) charged to or otherwise secured in favour of the Trustee under the Trust Deed or (B) entitled to payment of an amount equal to the Proportion of the Charged Assets where the Charged Assets is constituted by cash ("**Realised Collateral**"). The Realised Collateral will be payable or deliverable, as the case may be, by the Issuer to or to the order of the Swap Counterparty, in the contractual currency paid by the Issuer under the relevant Swap Agreement (where the Realised Collateral is not being delivered). Upon receipt of the Realised Collateral, the Swap Counterparty will deliver to the Principal Warrant and Certificate Agent the Purchased Warrants for cancellation. In such circumstances:

- (1) the Issuer will be deemed to have consented to the Trustee releasing the Realised Collateral to the Swap Counterparty upon termination of the relevant Swap Agreement in the manner described in this Condition 9(h);

- (2) where relevant, the Swap Counterparty, on behalf of the Issuer, will be deemed to be authorised by the Issuer to realise the Proportion of the Charged Assets; and
- (3) the Trustee will, unless an Event of Default or a Potential Event of Default has occurred, be deemed to release the Realised Collateral from the security created in respect of it under the Trust Deed.

(i) *Residual Shortfall*

In the case of Warrants (but without prejudice to the rights of a holder of Guaranteed Warrants under the Guarantee (if applicable)), if the net proceeds of the realisation or enforcement of the Charged Assets created pursuant to the Trust Deed and/or any Additional Security Document in respect of the Charged Assets following payment of all prior ranking amounts (the "**Net Proceeds**") are not sufficient to make all payments due in respect of such Warrants, then:

- (i) the obligations of the Issuer in respect of such Warrants will be limited to such Net Proceeds and neither the Trustee nor any Secured Party nor anyone acting on behalf of any Secured Party shall have any claim in respect of any asset of the Issuer not forming part of the Charged Assets; and
- (ii) the Issuer will not be obliged to make any further payment in excess of the Net Proceeds and any Warrantholder's right to receive any further sums in respect of any Residual Shortfall shall be extinguished in full, and neither the Trustee nor any Secured Party nor anyone acting on behalf of any Secured Party shall be entitled to take any further steps against the Issuer or the Trustee to recover any such Residual Shortfall.

No Secured Party nor any party to the Trust Deed shall be entitled to petition or take any other step for the winding-up of the Issuer (including, without limitation, the opening of any bankruptcy (*faillite*), insolvency, voluntary or judicial liquidation (*insolvabilité liquidation volontaire ou judiciaire*), composition with creditors (*concordat préventif de faillite*), reprieve from payment (*sursis de paiement*), controlled management (*gestion contrôlée*), fraudulent conveyance (*actio pauliana*), general settlement with creditors or reorganisation proceedings or similar proceedings affecting the rights of creditors generally) or the appointment of an examiner in respect of the Issuer (including, without limitation, the appointment of any receiver (*curateur*) (except any receiver appointed by the Trustee pursuant to the Trust Deed), liquidator (*liquidateur*), auditor (*commissaire*), verifier (*expert-vérificateur*), deputy judge (*juge délégué*) or reporting judge (*juge commissaire*)). Failure by the Issuer to make any payment in respect of any Residual Shortfall shall in no circumstances constitute an Event of Default under Condition 11.

In this Condition, "**Residual Shortfall**" means the difference, if any, between the Net Proceeds and the aggregate amount which would have been due under the Warrants but for the operation of this Condition 9(i).

(j) *Issuer's rights as holder of Compartment Assets*

The Issuer may exercise any rights in its capacity as holder of the Compartment Assets (including, without limitation, a right to vote or any analogous right howsoever described) only with the consent of the Trustee (or as directed in writing by the respective holders of at least 25 per cent. (by number) of the Warrants then unexercised or as directed by an Extraordinary Resolution of the Warrantholders) and (except in relation to the Swap Agreement) the Swap Counterparty and, if such direction is given, the Issuer will act in accordance with such directions, unless such instructions are in the reasonable opinion of the Issuer contrary to applicable laws, regulations and/or circular letters issued by the Issuer's supervisory authority or materially detrimental to the interests of the Issuer. In particular, the Issuer will not attend or vote at any meeting of holders of the Compartment Assets, or give any consent or notification or make any declaration in relation to the Compartment Assets, save with the consent of the Trustee (or as directed in writing by the respective holders of at least 25 per cent. (by number) of Warrants then unexercised or as directed

by an Extraordinary Resolution of each of the Warrantholders) and the Swap Counterparty. In the event of a conflict between the instructions of the Trustee (or the Warrantholders) and the Swap Counterparty, the instructions of the Instructing Party will prevail.

In these Conditions "**Instructing Party**" means if "Swap Counterparty Priority" applies the Swap Counterparty (except in relation to the Swap Agreement, or where it is the Defaulting Party under, and as defined in, the relevant Swap Agreement, in which case the Instructing Party will be the Warrantholders) and if either "Warrantholder Priority" or "Pari-Passu Ranking" applies, the Warrantholders.

(k) *Swap termination*

Notwithstanding the terms of Condition 9(j) (*Issuer's rights as holder of Compartment Assets*), where "**Swap Termination Without Cancellation**" is specified as applicable in the applicable Final Terms and where an Event of Default (as defined in the Swap Agreement) occurs under the Swap Agreement in circumstances where the Swap Counterparty is the Defaulting Party (as defined in the Swap Agreement), following notification of such Event of Default by the Issuer to the Trustee (a "**Swap Default**"), the Trustee shall promptly, and in any event not later than five Business Days after such notification, instruct the Issuer to deliver, in respect of the Swap Agreement (where such agreement is constituted by a 2002 Master Agreement published by the International Swaps and Derivatives Association, Inc. (the "**Master Agreement**") and schedule thereto and any confirmations thereunder), a notice under Section 6(a) of the Master Agreement designating an Early Termination Date (as defined in the Swap Agreement). In such circumstances, the Issuer (with the consent of the Trustee) may appoint an agent (a "**Termination Agent**") to assist it in terminating the Swap Agreement and making any calculations necessary in connection with such termination. A *pro rata* share of the amount, if any and subject to a minimum of zero, equal to (i) the sum of (1) the Early Termination Amount (as defined in the Swap Agreement) received by the Issuer under the Swap Agreement (2) any interest which has accrued on the amount received by the Issuer (which may be a positive or negative amount) and (3) the Unused Charged Assets Proceeds less (ii) the costs and expenses of the Trustee and any costs and expenses of the Termination Agent incurred in connection with the termination of the Swap Agreement shall be paid by the Issuer to the Warrantholders on a *pro rata* and *pari passu* basis on the Settlement Date. If the Issuer does not receive the Early Termination Amount on or prior to the Settlement Date, Condition 8(h) will apply. For the purposes of this Condition 9(k), "**Unused Charged Assets Proceeds**" means any amounts received by the Issuer from the Charged Assets other than the Swap Agreement which have not been used on or prior to the Settlement Date to pay Cash Settlement Amounts otherwise payable in respect of the Warrants, amounts due to the Swap Counterparty under the Swap Agreement (including in respect of any Early Termination Amount due to the Swap Counterparty) and/or any fees, costs or expenses due to the Trustee and/or any of the Agents.

**10. Expenses and Taxation**

All payments in respect of the Warrants or under the Guarantee shall be made free and clear of, and without withholding or deduction for or on account of, any present or future taxes, duties, assessments or governmental charges of whatever nature imposed, levied, collected, withheld or assessed by or on behalf of any Tax authority, unless such withholding or deduction is required by law, including, without limitation, any withholding or deduction required pursuant to an agreement described in Section 1471(b) of the U.S. Internal Revenue Code of 1986 (the "**Code**") or otherwise imposed pursuant to Sections 1471 through 1474 of the Code, any regulations or agreements thereunder, official interpretations thereof, or any law implementing an intergovernmental approach thereto, in which case the Issuer or, as the case may be, the Guarantor shall make all payments net of such withholding or deduction. Such withholding or deduction shall not constitute an Event of Default under Condition 11.

In addition, in determining the amount of withholding or deduction required pursuant to Section 871(m) of the Code imposed with respect to any amounts to be paid on the Warrants, the Issuer shall be entitled to withhold on any "dividend equivalent" payment (as defined for purposes of Section 871(m) of the Code) at a rate of 30 per cent.

All taxes, duties and/or expenses, including any applicable depository charges, transaction or exercise charges, stamp duty, stamp duty reserve tax, issue, registration, securities transfer and/or other taxes or duties arising from the exercise and settlement of such Warrants and/or the delivery or transfer of the Entitlement (as applicable) pursuant to the terms of such Warrants ("**Exercise Expenses**") relating to such Warrants shall be for the account of the Warrantholder. The Issuer shall deduct from amounts payable or from assets deliverable to Warrantholders all Related Expenses, not previously deducted from amounts paid or assets delivered to Warrantholders, as the Calculation Agent shall in good faith and in a commercially reasonable manner determine are attributable to the Warrants. Such deduction by the Issuer shall not constitute an Event of Default under Condition 11.

For the avoidance of doubt, neither the Issuer, the Trustee nor the Guarantor (if applicable) shall be liable for any Related Expenses and Warrantholders shall be liable to pay the Related Expenses attributable to their Warrants.

"**Expenses**" means Exercise Expenses and any Related Expenses.

"**Related Expenses**" means (a) all present, future, prospective, contingent or anticipated Taxes which are (or may be) or were (or may have been) withheld or payable under the laws, regulations or administrative practices of any state (or any political sub-division or authority thereof or therein) and (b) any other present, future, or contingent expenses (including without limitation, any applicable depository charges, transaction charges, issue registration, securities transfer or other expenses) which are (or may be) or were (or may have been) payable, in each case in respect of or in connection with:

- (i) the issue, transfer or enforcement of the Warrants;
- (ii) any payment (or delivery of assets) to Warrantholders;
- (iii) a person or its agent's assets or any rights, distributions of dividends appertaining to such assets (has such an investor (or agent) purchased, owned, held, realised, sold or otherwise disposed of assets) in such a number as the Calculation Agent, in good faith and in a commercially reasonable manner, may determine to be appropriate as a hedge or related trading position in connection with the Warrants; or
- (iv) any of the Swap Counterparty's or any Affiliate's other hedging arrangements in connection with the Warrants.

"**Relevant Date**" in respect of any Warrant means the date on which payment in respect of it first becomes due or (if any amount of the money payable is improperly withheld or refused) the date on which payment in full of the amount outstanding is made or, in the case of materialised Warrants (if earlier) the date seven days after that on which notice is duly given to the Warrantholders that, upon further presentation of the Warrant, being made in accordance with the Conditions, such payment will be made, provided that payment is in fact made upon such presentation.

"**Taxes**" means taxes, levies, imposts, duties, deductions, withholdings, assessments or other charges (including any stamp, registration or transfer tax, duty or other charge or tax on income, payments (or delivery of assets), profits, capital gains, or, for the avoidance of doubt, any withholding or deduction required pursuant to an agreement described in Section 1471(b) of the Code or otherwise imposed pursuant to Sections 1471 through 1474 of the Code, any regulations

or agreements thereunder, any official interpretations thereof, or any law implementing an intergovernmental approach thereto) together with any interest, additions to tax or penalties.

## 11. Events of Default

- (a) The Trustee at its discretion may (subject as provided in sub-paragraph (b) below), and if so requested in writing by the holders of at least 25 per cent. (by number) of the Warrants of any Series then remaining unexercised, or if so directed by an Extraordinary Resolution of such holders, shall, subject in each case to being indemnified and/or secured to its satisfaction, give notice to the Issuer and the Guarantor (if applicable) that the Warrantholders are, and they shall accordingly forthwith become, (unless otherwise specified in the Final Terms) entitled to the Liquidation Proceeds (such occurrence, a "**Warrant Acceleration**") upon the occurrence of any of the following events (each an "**Event of Default**"):
- (i) a default is made for a period of 30 days or more in the payment of any sum due or the delivery of the Entitlement deliverable in respect of the Warrants; or
  - (ii) the Issuer fails to perform or observe any of its other obligations under the Warrants or the Trust Deed and (unless such failure is, in the opinion of the Trustee, incapable of remedy in which case no such notice as is referred to in this paragraph shall be required) such failure continues for a period of 45 days (or such longer period as the Trustee may permit) following the service by the Trustee on the Issuer of notice requiring the same to be remedied (and for these purposes, a failure to perform or observe an obligation shall be deemed to be remediable notwithstanding that the failure results from not doing an act or thing by a particular time); or
  - (iii) any order is made by any competent court or any resolution passed for the winding-up or dissolution of the Issuer (including, without limitation, the opening of any bankruptcy (*faillite*), insolvency, voluntary or judicial liquidation (*insolvabilité, liquidation volontaire ou judiciaire*), composition with creditors (*concordat préventif de faillite*), reprieve from payment (*sursis de paiement*), controlled management (*gestion contrôlée*), fraudulent conveyance (*actio pauliana*), general settlement with creditors or reorganisation proceedings or similar proceedings affecting the rights of creditors generally) or the appointment of a receiver of the Issuer (including, without limitation, the appointment of any receiver (*curateur*), liquidator (*liquidateur*), auditor (*commissaire*), verifier (*expert-vérificateur*), deputy judge (*juge délégué*) or reporting judge (*juge commissaire*)) save for the purposes of amalgamation, merger, consolidation, reorganisation or other similar arrangement on terms previously approved in writing by the Trustee or by an Extraordinary Resolution of the Warrantholders; or
  - (iv) in the case of Guaranteed Warrants, the Guarantee ceases to be in full force and effect in respect of the Warrants or notice is given by the Guarantor (if applicable) which would cause the Guarantee to cease to be in full force and effect in respect of such Warrants or is rendered void for any cause or by any means whatsoever or any legislation is introduced the result of which would be to remove the benefit of the Guarantee from the Warrants or terminate or amend the same in a manner (in the opinion of the Trustee) materially adverse to the interests of the Warrantholders, or the Guarantor (if applicable) is unable to perform its obligations thereunder for any reason.
- (b) The Trust Deed provides that the Trustee shall not be under any obligation to monitor whether or not an Event of Default or a Potential Event of Default has occurred or is continuing.

### **13. Enforcement and Realisation**

Upon the occurrence of a Warrant Acceleration under Condition 11, the Compartment Security constituted by or created pursuant to the Trust Deed and any Additional Security Document relating to a Series of Warrants and the Compartment to which such Series relates, shall become enforceable. The Trustee may enforce the Compartment Security at any time after it has become enforceable but is only obliged to enforce the Compartment Security if directed to do so by (a) (where the Instructing Party is the Warrantholder) either a direction in writing by Warrantholders of at least 25 per cent. (by number) of the relevant Series of Warrants or by an Extraordinary Resolution of the Warrantholders; or (b) (where the Instructing Party is the Swap Counterparty) a written direction of the Swap Counterparty. The Trustee or any appointee or receiver appointed thereby may enforce the security by one or more of the following:

- (i) endeavouring to sell or otherwise realise the Charged Assets (including, without limitation, by terminating, closing out or enforcing any Related Agreement or other

agreement entered into by the Issuer, the rights of the Issuer in respect of which form part of the Charged Assets) in accordance with the provisions of the Trust Deed; and/or

- (ii) otherwise enforcing the Compartment Security constituted by or pursuant to the Trust Deed and/or any Additional Security Document, in each case, without any liability as to the consequences of any such action and without having regard to the effect of any such action on individual Warrantholders,

provided that the Trustee shall not be required to take any such action without first being indemnified and/or secured to its satisfaction or to do anything which is or may be contrary to any applicable law or regulation.

Only the Trustee may pursue the remedies available under the Trust Deed to enforce the rights of the Secured Parties.

#### **14. Meetings of the Warrantholders; Modifications; Waiver; Trustee Determination; Substitution; Entitlement of the Trustee**

##### **(a) *Meetings of the Warrantholders***

The Trust Deed contains provisions for convening meetings of Warrantholders of each Series to consider any matter affecting their interests, including modification by Extraordinary Resolution of the Warrants (including these Conditions or the provisions of the Master Trust Terms and the relevant Issue Deed insofar as the same may apply to such Warrants). The quorum at a meeting of the Warrantholders (except for the purpose of passing an Extraordinary Resolution) will be two or more persons holding or representing not less than 20 per cent. (by number) of the Warrants for the time being remaining unexercised, or at any adjourned meeting two or more persons being or representing Warrantholders whatever the number of Warrants so held or represented. The quorum at any such meeting for passing an Extraordinary Resolution will be two or more persons holding or representing not less than 50 per cent. (by number) of the Warrants for the time being remaining unexercised or, at any adjourned such meeting, two or more person holding or representing not less than 10 per cent. (by number) of the Warrants for the time being remaining unexercised. A resolution will be an Extraordinary Resolution when it has been passed at a duly convened meeting by not less than three fourths of the votes cast by the Warrantholders at such meeting who, being entitled to do so, vote in person or by proxy. An Extraordinary Resolution duly passed at any such meeting shall be binding on all the Warrantholders, whether present or not, except that any Extraordinary Resolution proposed to address a Reserved Matter will only be binding if passed at a meeting of the Warrantholders, the quorum at which shall be persons holding or representing not less than 75 per cent. (by number) of the Warrants for the time being remaining unexercised or, at any adjourned meeting, not less than 25 per cent. (by number) of the Warrants for the time being remaining unexercised.

The holder of a Global Warrant representing all (or part) of the Warrants for the time being outstanding will be treated as being two persons for the purposes of such quorum requirements. A resolution in writing signed by or on behalf of the holders of not less than 90 per cent. (including in the case of a resolution proposed to address a Reserved Matter (as defined in the Trust Deed)) (by number) of the Warrants of such Series for the time being remaining unexercised shall for all purposes be as valid and effectual as an Extraordinary Resolution passed at a meeting of the Warrantholders.

*The provisions of articles 86 to 97 of the Luxembourg Act dated 10th August, 1915 on commercial companies, as amended, shall not apply to the Warrants.*

##### **(b) *Modification***

The Trustee may, in respect of each Series, without the consent of the Warrantholders, agree to (i) any modification to any Transaction Document or any other agreement to which the Issuer is a

party which is of a formal, minor or technical nature or is made to correct a manifest error; (ii) any modification of any of the provisions of the Trust Deed or any other Transaction Document (other than in respect of a Warrant Reserved Matter) which in the opinion of the Trustee is not materially prejudicial to the interests of the Warrantheolders; and (iii) any modification of the provisions of the Trust Deed or any other Transaction Document (other than in respect of a Warrant Reserved Matter) which is made to satisfy any requirement of any stock exchange on which the Warrants are or are proposed to be listed and which, in each case, is not in the opinion of the Trustee materially prejudicial to the interests of the Warrantheolders.

Notice of such modification shall be notified by the Issuer to the Warrantheolders as soon as practicable thereafter in accordance with Condition 17 unless the Trustee agrees otherwise.

(c) *Waiver*

Any such waiver, authorisation or determination shall be binding on the Warrantheolders of such Series.

(e) *Substitution*

The Trust Deed contains provisions permitting the Trustee, subject to the further conditions set out in the Trust Deed and such amendment of the Trust Deed and other conditions as the Trustee may require, but without the consent of the holders of the relevant Series of Warrants, unless Issuer Substitution is specified as not applicable in the applicable Final Terms, to agree with the Issuer and the Guarantor (if applicable) to the substitution, in respect of any Series of Warrants, in place of the Issuer (or of the previous substitute), as the principal debtor under the Warrants of such Series, or, when applicable, the Guarantor, as guarantor of the payment obligations of the Issuer under the relevant Series of Warrants, of any other company (such substituted company being hereinafter called the "**Substitute Company**").

Not later than 14 days after the execution of such amendment and compliance with such conditions as aforesaid, the Substitute Company shall give notice thereof in a form previously approved by

the Trustee to the relevant Warrantholders in the manner provided in accordance with Condition 17.

(f) *Entitlement of the Trustee*

**15. Further Warrants**

The Issuer may from time to time without the consent of the Warrantholders (but provided that the Trustee is satisfied that the restrictions set out in this Condition 15 will be complied with), create and issue further Warrants ("**Further Warrants**") having the same terms and conditions as the Warrants in all respects (or in all respects except for the Issue Date and issue price) and so that the same shall be consolidated and form a single series with such Warrants provided that (unless otherwise approved by an Extraordinary Resolution of the Warrantholders):

- (a) The Issuer provides additional security for such Further Warrants that comprises assets that are fungible with, and have the same proportionate composition as, the Charged Assets in respect of the relevant existing Warrants and that has an aggregate principal amount at least equal to the product of (i) the principal amount of such existing security and (ii) a fraction, the numerator of which is the number of the Further Warrants and the denominator is the aggregate number of the existing Warrants; and
- (b) The Issuer enters into an additional and/or supplemental agreement varying the terms of the relevant Swap Agreement, Repurchase Agreement or Deposit Agreement, as applicable, to take account of the Further Warrants on terms no less favourable than those of the Swap Agreement, Repurchase Agreement or Deposit Agreement, as applicable.

Any Further Warrants shall be constituted and secured by a supplemental trust deed and the Warrants and the Further Warrants shall be secured by the same Charged Assets. References in these Conditions to "**Warrants**" and "**Charged Assets**" shall be construed accordingly.

**16. Removal, Indemnification and Obligations of the Trustee**

The Trust Deed contains provisions for the appointment, retirement and removal of the Trustee. The Issuer shall as soon as practicable after the appointment of a new trustee notify the Warrantholders of such appointment in accordance with Condition 17.

The Trust Deed contains provisions for the indemnification of the Trustee and for its relief from responsibility including for the exercise of any voting rights in respect of the Compartment Assets or for the value, validity, sufficiency and enforceability (which the Trustee has not investigated) of the Compartment Security created over the Charged Assets. The Trustee is not obliged to take any action under the Trust Deed, the Warrants or otherwise unless indemnified and/or secured to its satisfaction. The Trustee and any affiliate is entitled to enter into business transactions with the Issuer, the Guarantor, any issuer or guarantor (where applicable) of any of the Charged Assets any party other than the Issuer under a Related Agreement (including, without limitation, the Swap Counterparty), or any of their subsidiary, holding or associated companies without accounting to the Warrantholders for profit resulting therefrom.

The Trustee is exempted from liability with respect to any loss or theft or reduction in value (as appropriate) of the Charged Assets from any obligation to insure or to procure the insuring of the Charged Assets (or any documents evidencing, constituting or representing the same or

transferring any rights or obligations thereunder) and from any claim arising from the fact that the Charged Assets are held in an account with a clearing agent in accordance with that relevant clearing agent's rules or otherwise held in safe custody by the Custodian or any custodian whether or not selected by the Trustee (in each case, if applicable). The Trustee is not responsible for supervising the performance by (i) the Issuer of its own obligations and (ii) any other person of their obligations to the Issuer.

For the purposes of this Condition 16, each of the Issuer and, as the case may be, the Guarantor expressly accepts and confirms, for the purposes of articles 1278 and 1281 of the Luxembourg civil code, that notwithstanding any assignment, transfer and/or novation permitted under and made in accordance with the provisions of the Trust Deed or any agreement referred to therein to which the Issuer and, as the case may be, the Guarantor are party, any security created or guarantee given under the Trust Deed shall be reserved for the benefit of the new trustee (for itself and for the benefit of each other Secured Party).

## **17. Notices**

All notices regarding the Warrants shall be valid if: (a) in the case of Warrants represented by a Global Warrant, delivered to Euroclear and/or Clearstream, Luxembourg for communication by them to the Warrantholders; (b) so long as any Warrants are listed on a stock exchange or are admitted to trading by another relevant authority and the rules of such stock exchange or relevant authority so require, in accordance with such rules; or (c) in the case of Registered Warrants if sent by first class mail to the Warrantholders (or the first named of joint Warrantholders) at their respective addresses recorded in the Register. If and for so long as the Warrants are admitted to trading on, and listed on the Official List of the Luxembourg Stock Exchange, and so long as the Luxembourg Stock Exchange so require, notices shall be made available on the Luxembourg Stock Exchange's website, [www.bourse.lu](http://www.bourse.lu). Any such notice shall be deemed to have been given on the Business Day on which such delivery takes place or, if earlier, the date of such publication, or, if published more than once, on the date of the first such publication.

If publication as provided above is not practicable, a notice will be given in such other manner, and will be deemed to have been given on such date, as the Trustee shall approve.

Whilst any of the Warrants are represented by a Global Warrant, such notice may be given by any Warrantholder to the Principal Warrant and Certificate Agent or the Registrar (as applicable) via Euroclear and/or Clearstream, Luxembourg, as the case may be, in such manner as the Principal Warrant and Certificate Agent or the Registrar (as applicable) and Euroclear and/or Clearstream, Luxembourg, as the case may be, may approve for this purpose.

## **18. Adjustments for European Monetary Union**

The Issuer may, without the consent of the Warrantholders or the Trustee, on giving notice to the Warrantholders in accordance with Condition 17 (*Notices*):

- (a) elect that, with effect from the Adjustment Date specified in the notice, certain terms of the Warrants shall be redenominated in euro.

The election will have effect as follows:

- (i) where the Settlement Currency of the Warrants is the National Currency Unit of a country which is participating in the third stage of European Economic and Monetary Union, such Settlement Currency shall be deemed to be an amount of euro converted from the original Settlement Currency into euro at the Established Rate, subject to such provisions (if any) as to rounding as the Calculation Agent may decide, and as may be specified in the notice, and after the Adjustment Date, all payments of the Cash Settlement Amount in respect of the Warrants will be made solely in euro as though references in the Warrants to the Settlement Currency were to euro;

- (ii) where the Exchange Rate and/or any other terms of these Conditions are expressed in or, in the case of the Exchange Rate, contemplate the exchange from or into, the currency (the "**Original Currency**") of a country which is participating in the third stage of European Economic and Monetary Union, such Exchange Rate and/or any other terms of these Conditions shall be deemed to be expressed in or, in the case of the Exchange Rate, converted from or, as the case may be into, euro at the Established Rate; and
  - (iii) such other changes shall be made to these Conditions as the Calculation Agent may decide to conform them to conventions then applicable to instruments expressed in euro; and/or
- (b) require that the Calculation Agent make such adjustments to the Weighting and/or the Settlement Price and/or the Exercise Price and/or any other terms of these Conditions and/or the applicable Final Terms as the Calculation Agent, in good faith and in a commercially reasonable manner, may determine to be appropriate to account for the effect of the third stage of European Economic and Monetary Union on the Weighting and/or the Settlement Price and/or the Exercise Price and/or such other terms of these Conditions.

Notwithstanding the foregoing, none of the Issuer, the Guarantor (if any), the Calculation Agent, the Principal Warrant and Certificate Agent and the Trustee shall be liable to any Warrantholder or other person for any commissions, costs, losses or expenses in relation to or resulting from the transfer of euro or any currency conversion or rounding effected in connection therewith.

In these Conditions, the following expressions have the following meanings:

**"Adjustment Date"** means a date specified by the Issuer in the notice given to the Warrantholders pursuant to this Condition which falls on or after the date on which the country of the Original Currency first participates in the third stage of European Economic and Monetary Union pursuant to the Treaty;

**"Established Rate"** means the rate for the conversion of the Original Currency (including compliance with rules relating to rounding in accordance with applicable European Union regulations) into euro established by the Council of the European Union pursuant to Article 140 of the Treaty;

**"euro"** means the currency introduced at the start of the third stage of European Economic and Monetary Union pursuant to the Treaty;

**"National Currency Unit"** means the unit of the currency of a country, as those units are defined on the day before the date on which the country of the Original Currency first participates in the third stage of European Economic and Monetary Union; and

**"Settlement Currency"** shall be the currency specified as such in the applicable Final Terms.

**"Treaty"** means the Treaty on the Functioning of the European Union, as amended.

## **19. Contracts (Rights of Third Parties) Act 1999**

The Warrants shall not confer on a third party any rights under the Contracts (Rights of Third Parties) Act 1999 to enforce any term of the Warrants, but this does not affect any right or remedy of a third party which may exist or is available apart from that Act.

## **20. Governing Law and Submission to Jurisdiction**

The Agency Agreement, the Master Trust Terms and the Issue Deed (save to the extent that the Master Trust Terms and/or the Issue Deed relates to security interests created over assets located or deemed to be located in Luxembourg) and the Warrants (and any non-contractual obligations arising out of or in connection with such documents) are (or, as the case may be, shall be) governed by, and shall be construed in accordance with, English law.

The Issuer irrevocably agrees, for the exclusive benefit of the Warrantholders that the courts of England are to have exclusive jurisdiction to settle any disputes which may arise out of or in connection with the Warrants (including a dispute relating to non-contractual obligations arising out of such Warrants) and accordingly any suit, action or proceedings arising out of or in connection with the Warrants may be brought in such courts.

The Issuer waives any objection to the courts of England on the grounds that they are an inconvenient or inappropriate forum. The Warrantholder may take any suit, action or proceedings (together referred to as "**Proceedings**") arising out of or in connection with the Warrants (including Proceedings relating to any non-contractual obligations arising out of or in connection with such Warrants) against the Issuer in any other court of competent jurisdiction and concurrent Proceedings in any number of jurisdictions.

The Issuer appoints BNP Paribas, London Branch, of 10 Harewood Avenue, London NW1 6AA (Attention: the Loan Administration Department), as its agent for service of process, and undertakes that, in the event of BNP Paribas, London Branch ceasing so to act or ceasing to be registered in England, it will appoint, subject to the prior written approval of the Trustee, another person as its agent for service of process in England in respect of any Proceedings. Nothing herein shall affect the right to serve proceedings in any other manner permitted by law.

The Issuer has in the Trust Deed submitted to the jurisdiction of the English courts and has appointed an agent for service of process in terms substantially similar to those set out above.

In the case of definitive Registered Certificates, the Issuer shall cause to be kept at the principal office of the Registrar, a Register on which shall be entered the names and addresses of all Certificateholders, the amount and type of the Certificates held by each Certificateholder and details of all transfers of the Certificates. Each person who is for the time being shown in the Register as the holder of a particular amount of Certificates (each a "**Certificateholder**") shall (except as otherwise required by law) be treated as the absolute owner of such amount of Certificates for all purposes (regardless of any notice of ownership, trust, or any interest in it, any writing on it, or its theft or loss) and no person will be liable for so treating such person.

(d) *Transfers of Interests in Global Certificates*

## 2. Status of the Certificates; Guaranteed Certificates

### (a) *Status of the Certificates*

The Certificates are secured, limited recourse obligations of the Issuer, ranking *pari passu* without any preference among themselves which are secured in the manner described in Condition 9 (*Compartment Assets*) and recourse in respect of which is limited in the manner described in Condition 9 (*Compartment Assets*).

Unless Waiver of Set-Off is specified as not applicable in the applicable Final Terms, no Certificateholder may at any time exercise or claim any Waived Set-Off Rights against any right, claim, or liability the Issuer (or, the Guarantor) has or may have or acquire against such holder, directly or indirectly, howsoever arising (and, for the avoidance of doubt, including all such rights, claims and liabilities arising under or in relation to any and all agreements or other instruments of any sort or any non-contractual obligations, in each case whether or not relating to such Certificate) and each such holder shall be deemed to have waived all Waived Set-Off Rights to the fullest extent permitted by applicable law in relation to all such actual and potential rights, claims and liabilities.

For the avoidance of doubt, nothing in this Condition 2(a) is intended to provide or shall be construed as acknowledging any right of deduction, set-off, netting, compensation, retention or counterclaim or that any such right is or would be available to any holder of any Certificate but for this Condition 2(a).

For the purposes of this Condition 2(a), "**Waived Set-Off Rights**" means any and all rights of or claims of any Certificateholder for deduction, set-off, netting, compensation, retention or counterclaim arising directly or indirectly under or in connection with any such Certificate.

### (b) *Guaranteed Certificates*

If the Certificates are "**Guaranteed Certificates**" as specified in the applicable Final Terms, and subject to the satisfaction of the conditions set out therein and in the relevant provisions of the Trust Deed applicable to such Certificates, the payment obligations of the Issuer in respect of such Guaranteed Certificates will have the benefit of a guarantee (the "**Guarantee**") in favour of the Trustee (for itself, and as trustee for holders of such Guaranteed Certificates) made by BNP Paribas or Banca Nazionale del Lavoro S.p.A. (in such capacity, each the "**Guarantor**").

The Guarantee (if applicable) constitutes an unsecured, unsubordinated and general obligation of the Guarantor and ranks and will rank (i) *pari passu* with all other existing and future unsecured, unsubordinated and general obligations of the Guarantor, but excluding any debts for the time being preferred by law, and (ii) senior to any subordinated obligations.

### (c) *Subrogation of the Guarantor*

Under the Guarantee, the Guarantor will be subrogated to any rights of the holders of the Guaranteed Certificates and the Trustee against the Issuer to the fullest extent permitted by applicable law and to the extent of such payment in respect of amounts due in respect of the Certificates which have been paid by the Guarantor under the Guarantee.

#### 4. Interest

(a) *Interest on Fixed Rate Certificates*

Each Fixed Rate Certificate bears interest from (and including) the Interest Commencement Date at the rate(s) per annum equal to the Rate(s) of Interest. Interest will accrue in respect of each Interest Period (which expression shall in these Terms and Conditions mean the period from (and including) an Interest Period End Date (or if none the Interest Commencement Date) to (but excluding) the next (or first) Interest Period End Date (each such latter date the "**Interest Period End Final Date**" for the relevant Interest Period)). Interest will be payable in arrear on the Interest

Payment Date(s) in each year up to (and including) the Redemption Date. If an Interest Payment Date falls after the Interest Period End Final Date in respect of the relevant Interest Period, no additional interest or other amount shall be payable as a result of such interest being payable on such later date. If a Business Day Convention is specified in the applicable Final Terms as applying to an Interest Period End Date or an Interest Payment Date and (x) if there is no numerically corresponding day on the calendar month in which an Interest Period End Date or Interest Payment Date, as the case may be, should occur or (y) if any Interest Period End Date or Interest Payment Date, as the case may be, would otherwise fall on a day which is not a Business Day, then, if the Business Day Convention specified is:

- (i) the Following Business Day Convention, such Interest Period End Date or Interest Payment Date, as the case may be, shall be postponed to the next day which is a Business Day; or
- (ii) the Modified Following Business Day Convention, such Interest Period End Date or Interest Payment Date, as the case may be, shall be postponed to the next day which is a Business Day unless it would thereby fall into the next calendar month, in which event such Interest Period End Date or Interest Payment Date, as the case may be shall be brought forward to the immediately preceding Business Day; or
- (iii) the Preceding Business Day Convention, such Interest Period End Date or Interest Payment Date, as the case may be, shall be brought forward to the immediately preceding Business Day.

If no Business Day Convention is specified as applicable to an Interest Period End Date in the applicable Final Terms, the amount of interest payable on each Interest Payment Date in respect of the Interest Period ending on (but excluding) the Interest Period End Final Date in respect of such Interest Period, will amount to the Fixed Interest Amount.

Interest shall be calculated by applying the Rate of Interest to: (1) in the case of Fixed Rate Certificates which are represented by a Global Certificate, the aggregate outstanding Notional Amount of the Fixed Rate Certificates represented by such Global Certificate; or (2) in the case of Fixed Rate Certificates in definitive form, the Calculation Amount, and, if a Day Count Fraction is specified in the applicable Final Terms, multiplying such sum by the applicable Day Count Fraction, and rounding the resultant figure to the nearest sub-unit of the relevant Specified Currency, half of any such sub-unit being rounded upwards or otherwise in accordance with applicable market convention; or in the case of Dual Currency Linked Interest Certificates, converting the resulting figure into the Settlement Currency as provided in Condition 4(m) below.

"**sub-unit**" means with respect to any currency other than euro the lowest amount of such currency that is available as legal tender in the country of such currency and, with respect to euro, means one cent.

(b) *Interest on Floating Rate Certificates*

(i) *Interest Period End Dates and Interest Payment Dates*

Each Floating Rate Certificate pays interest in respect of each Interest Period (which expression shall in these Terms and Conditions mean the period from (and including) an Interest Period End Date (or if none the Interest Commencement Date to (but excluding) the next (or first) Interest Period End Date (each such latter date the "**Interest Period End Final Date**" for the relevant Interest Period)). For the purposes of this Condition 4(b), "**Interest Period End Date**" shall mean either:

- (A) the specified Interest Period End Date(s) in each year specified in the applicable Final Terms; or

- (B) if no Interest Period End Date(s) is/are specified in the applicable Final Terms, each date which falls the number of months or other period specified as the Specified Period in the applicable Final Terms after the preceding Interest Period End Date or, in the case of the first Interest Period End Date, after the Interest Commencement Date.

Interest will be payable in arrear on the Interest Payment Date(s) in each year up to (and including) the Redemption Date. If an Interest Payment Date falls after an Interest Period End Final Date in respect of the relevant Interest Period, no additional interest or other amount shall be payable as a result of such interest being payable on such later date.

If a Business Day Convention is specified in the applicable Final Terms as applying to an Interest Period End Date or an Interest Payment Date and (x) if there is no numerically corresponding day in the calendar month in which an Interest Period End Date or Interest Payment Date, as the case may be, should occur or (y) if any Interest Period End Date or Interest Payment Date, as the case may be, would otherwise fall on a day which is not a Business Day, then, if the Business Day Convention specified is:

- (1) in any case where Specified Periods are specified in accordance with Condition 4(b)(i)(B) above, the Floating Rate Convention, such Interest Period End Date or Interest Payment Date, as the case may be, (I) in the case of (x) above, shall be the last day that is a Business Day in the relevant month and the provisions of (2) below shall apply *mutatis mutandis* or (II) in the case of (y) above, shall be postponed to the next day which is a Business Day unless it would thereby fall into the next calendar month, in which event (aa) such Interest Period End Date or Interest Payment Date, as the case may be, shall be brought forward to the immediately preceding Business Day and (bb) each subsequent Interest Period End Date or Interest Payment Date, as the case may be, shall be the last Business Day in the month which falls the Specified Period after the preceding applicable Interest Period End Date or Interest Payment Date, as the case may be, occurred; or
- (2) the Following Business Day Convention, such Interest Period End Date or Interest Payment Date, as the case may be, shall be postponed to the next day which is a Business Day; or
- (3) the Modified Following Business Day Convention, such Interest Period End Date or Interest Payment Date, as the case may be, shall be postponed to the next day which is a Business Day unless it would thereby fall into the next calendar month, in which event such Interest Period End Date or Interest Payment Date, as the case may be, shall be brought forward to the immediately preceding Business Day; or
- (4) the Preceding Business Day Convention, such Interest Period End Date or Interest Payment Date, as the case may be, shall be brought forward to the immediately preceding Business Day.

In these Conditions, "**Business Day**" means a day which is both:

- (a) a day (other than Saturday or Sunday) on which commercial banks and foreign exchange markets settle payments and are open for general business (including dealing in foreign exchange and foreign currency deposits) in any Additional Business Centre specified in the applicable Final Terms; and
- (b) either (i) in relation to any sum payable in a Settlement Currency other than euro, a day on which commercial banks and foreign exchange markets settle payments and are open for general business (including dealing in foreign exchange and

foreign currency deposits) in the principal financial centre of the country of the relevant Settlement Currency (any such centre, an "**Additional Business Centre**" and which, if the Settlement Currency is Australian dollars or New Zealand dollars shall be Sydney or Auckland, respectively) or (ii) in relation to any sum payable in euro, a day (a "**TARGET Settlement Day**") on which the Trans-European Automated Real-Time Gross Settlement Express Transfer ("**TARGET2**") payment system which utilises a single platform and which was launched on 19 November 2007 (or, if such system ceases to be operative, such system (if any) determined by the Calculation Agent to be a suitable replacement) (the "**TARGET System**") is open.

(ii) *Rate of Interest*

The Rate of Interest payable from time to time in respect of Floating Rate Certificates will be determined in the manner specified in the applicable Final Terms.

(iii) *Determination of Rate of Interest and Calculation of Interest Amount*

The Principal Warrant and Certificate Agent will, on or as soon as practicable after each date on which the Rate of Interest is to be determined (the "**Interest Determination Date**"), determine the Rate of Interest (subject to any Minimum Interest Rate or Maximum Interest Rate specified in the applicable Final Terms) for the relevant Interest Period.

The Principal Warrant and Certificate Agent will calculate the amount of interest (the "**Interest Amount**") payable on the Certificates for the relevant Interest Period by applying the Rate of Interest to:

- (A) in the case of Floating Rate Certificates which are represented by a Global Certificate, the aggregate outstanding Notional Amount of the Certificates represented by such Global Certificate; or
- (B) in the case of Floating Rate Certificates in definitive form, the Calculation Amount,

and, in each case, multiplying such sum by the Day Count Fraction (if any) specified in the applicable Final Terms and rounding the resultant figure to the nearest sub-unit (as defined above) of the relevant Specified Currency, one half of such a sub-unit being rounded upwards or otherwise in accordance with the applicable market convention and, in the case of Dual Currency Linked Interest Certificates, converting the resulting figure into the Settlement Currency as provided in Condition 4(m) below.

"**Day Count Fraction**" means in respect of the calculation of an amount of interest for any Interest Period, Premium Amount Period or AER Calculation Period (each a "**Calculation Period**"):

- (A) if "**Actual/Actual (ICMA)**" is specified in the applicable Final Terms:
  - (i) in the case of Certificates where the number of days in the relevant period from (and including) the most recent Interest Period End Date (or, if none, the Interest Commencement Date) to (but excluding) the relevant payment date (the "**Accrual Period**") is equal to or shorter than the Determination Period during which the Accrual Period ends, the number of days in such Accrual Period divided by the product of (1) the number of days in such Determination Period and (2) the number of Determination Dates (as specified in the applicable Final Terms) that would occur in one calendar year; or

- (ii) in the case of Certificates where the Accrual Period is longer than the Determination Period during which the Accrual Period ends, the sum of:
  - (x) the number of days in such Accrual Period falling in the Determination Period in which the Accrual Period begins divided by the product of (x) the number of days in such Determination Period and (y) the number of Determination Dates (as specified in the applicable Final Terms) that would occur in one calendar year; and
  - (y) the number of days in such Accrual Period falling in the next Determination Period divided by the product of (x) the number of days in such Determination Period and (y) the number of Determination Dates that would occur in one calendar year;

**"Determination Date(s)"** means the date(s) specified in the applicable Final Terms;

**"Determination Period"** means each period from (and including) a Determination Date to but excluding the next Determination Date (including, where either the Interest Commencement Date or the Interest Period End Date is not a Determination Date, the period commencing on the first Determination Date prior to, and ending on the first Determination Date falling after, such date);

- (B) if **"Actual/Actual (ISDA)"** or **"Actual/Actual"** is specified in the applicable Final Terms, the actual number of days in the Calculation Period divided by 365 (or, if any portion of that Calculation Period falls in a leap year, the sum of (1) the actual number of days in that portion of the Calculation Period falling in a leap year divided by 366 and (2) the actual number of days in that portion of the Calculation Period falling in a non-leap year divided by 365);
- (C) if **"Actual/365 (Fixed)"** is specified in the applicable Final Terms, the actual number of days in the Calculation Period divided by 365;
- (D) if **"Actual/365 (Sterling)"** is specified in the applicable Final Terms, the actual number of days in the Calculation Period divided by 365 or, in the case of a Calculation Period falling in a leap year, 366;
- (E) if **"Actual/360"** is specified in the applicable Final Terms, the actual number of days in the Calculation Period divided by 360;
- (F) if **"30/360"**, **"360/360"** or **"Bond Basis"** is specified in the applicable Final Terms, the number of days in the Calculation Period divided by 360, calculated on a formula basis as follows:

$$\frac{[360x(Y_2 - Y_1)] + [30x(M_2 - M_1)] + (D_2 - D_1)}{360}$$

Day Count Fraction =

where:

**"Y1"** is the year expressed as a number, in which the first day of the Calculation Period falls;

**"Y2"** is the year, expressed as a number, in which the day immediately following the last day of the Calculation Period falls;

"M1" is the calendar month, expressed as a number, in which the first day of the Calculation Period falls;

"M2" is the calendar month, expressed as a number, in which the day immediately following the last day of the Calculation Period falls;

"D1" is the first calendar day, expressed as a number, of the Calculation Period, unless such number is 31 in which case D1, will be 30; and

"D2" is the calendar day expressed as a number immediately following the last day included in the Calculation Period, unless such number would be 31 and D1 is greater than 29, in which case D2 will be 30;

- (G) if "**30E/360**" or "**Eurobond Basis**" is specified in the applicable Final Terms, the number of days in the Calculation Period divided by 360, calculated on a formula basis as follows:

$$\frac{[360x(Y_2-Y_1)] + [30x(M_2-M_1)] + (D_2-D_1)}{360}$$

Day Count Fraction =

where:

"Y1" is the year, expressed as a number, in which the first day of the Calculation Period falls;

"Y2" is the year, expressed as a number, in which the day immediately following the last day of the Calculation Period falls;

"M1" is the calendar month, expressed as a number, in which the first day of the Calculation Period falls;

"M2" is the calendar month, expressed as a number, in which the day immediately following the last day of the Calculation Period falls;

"D1" is the first calendar day, expressed as a number, of the Calculation Period, unless such number would be 31 in which case D1, will be 30; and

"D2" is the calendar day, expressed as a number, immediately following the last day included in the Calculation Period, unless such number would be 31, in which case D2 will be 30;

- (H) if "**30E/360 (ISDA)**" is specified in the applicable Final Terms, the number of days in the Calculation Period divided by 360, calculated on a formula basis as follows:

$$\frac{[(360xY_2-Y_1)] + [30x(M_2-M_1)] + (D_2-D_1)}{360}$$

Day Count Fraction =

where:

"Y1" is the year, expressed as a number, in which the first day of the Calculation Period falls;

"Y2" is the year, expressed as a number, in which the day immediately following the last day of the Calculation Period falls;

"M1" is the calendar month, expressed as a number, in which the first day of the Calculation Period falls;

"M2" is the calendar month, expressed as a number, in which the day immediately following the last day of the Calculation Period falls;

"D1" is the first calendar day, expressed as a number, of the Calculation Period, unless (i) that day is the last day of February or (ii) such number would be 31, in which case D1 will be 30; and

"D2" is the calendar day, expressed as a number, immediately following the last day included in the Calculation Period, unless (i) that day is the last day of February but not the Redemption Date or (ii) such number would be 31 in which case D2 will be 30.

- (I) if "1/1" is specified in the applicable Final Terms, the Day Count Fraction shall be equal to 1.

Notwithstanding the foregoing, where the applicable Final Terms specifies that the relevant Day Count Fraction is "**unadjusted**", the Calculation Period and the Interest Amount payable on any date shall not, unless otherwise provided in the applicable Final Terms, be affected by the application of any Business Day Convention.

(iv) *Linear Interpolation*

Where Linear Interpolation is specified as applicable in respect of an Interest Period in the applicable Final Terms, the Rate of Interest for such Interest Period shall be calculated by the Calculation Agent by straight line linear interpolation by reference to two rates based on the relevant Reference Rate (where Screen Rate Determination is specified as applicable in the applicable Final Terms), the FBF Rate (where FBF Determination is specified as applicable in the applicable Final Terms) or the relevant Floating Rate Option (where ISDA Determination is specified as applicable in the applicable Final Terms), one of which shall be determined as if the Designated Maturity were the period of time for which rates are available next shorter than the length of the relevant Interest Period and the other of which shall be determined as if the Designated Maturity were the period of time for which rates are available next longer than the length of the relevant Interest Period provided however that if there is no rate available for a period of time next shorter or, as the case may be, next longer, then the Calculation Agent shall determine such rate at such time and by reference to such sources as it determines appropriate.

"**Designated Maturity**" means (i) in relation to Screen Rate Determination, the period of time designated in the Reference Rate or (ii) in relation to FBF Determination, the period of time specified in the relevant FBF Rate.

(c) *Interest on Linked Interest Certificates*

For the purposes of this Condition 4(c), "**Interest Period End Date**" shall mean either:

- (A) the specified Interest Period End Date(s) in each year specified in the applicable Final Terms; or
- (B) if no Interest Period End Date(s) is/are specified in the applicable Final Terms, each date which falls the number of months or other period specified as the Specified Period in the applicable Final Terms after the preceding Interest Period End Date or, in the case of the first Interest Period End Date, after the Interest Commencement Date.

Interest will be payable in arrear on the Interest Payment Date(s) in each year up to (and including) the Redemption Date. If an Interest Payment Date falls after an Interest Period End Final Date in respect of the relevant Interest Period, no additional interest or other amount shall be payable as a result of such interest being payable on such later date.

If a Business Day Convention is specified in the applicable Final Terms as applying to an Interest Period End Date or an Interest Payment Date and (x) if there is no numerically corresponding day on the calendar month in which an Interest Period End Date or Interest Payment Date, as the case may be, should occur or (y) if any Interest Period End Date or Interest Payment Date, as the case may be, would otherwise fall on a day which is not a Business Day, then, if the Business Day Convention specified is:

- (1) in any case where Specified Periods are specified in accordance with Condition 4(c)(i)(A) above, the Floating Rate Convention, such Interest Period End Date or Interest Payment Date, as the case may be, (I) in the case of (x) above, shall be the last day that is a Business Day in the relevant month and the provisions of (2) below shall apply *mutatis mutandis* or (II) in the case of (y) above, shall be postponed to the next day which is a Business Day unless it would thereby fall into the next calendar month, in which event (aa) such Interest Period End Date or Interest Payment Date, as the case may be, shall be brought forward to the immediately preceding Business Day and (bb) each subsequent Interest Period End Date or Interest Payment Date, as the case may be, shall be the last Business Day in the month which falls the Specified Period after the preceding applicable Interest Period End Date or Interest Payment Date, as the case may be, occurred; or
- (2) the Following Business Day Convention, such Interest Period End Date or Interest Payment Date, as the case may be, shall be postponed to the next day which is a Business Day; or
- (3) the Modified Following Business Day Convention, such Interest Period End Date or Interest Payment Date, as the case may be, shall be postponed to the next day which is a Business Day unless it would thereby fall into the next calendar month, in which event such Interest Period End Date or Interest Payment Date, as the case may be, shall be brought forward to the immediately preceding Business Day; or
- (4) the Preceding Business Day Convention, such Interest Period End Date or Interest Payment Date, as the case may be, shall be brought forward to the immediately preceding Business Day.

(ii) *Rate of Interest*

The Rate of Interest payable from time to time in respect of Linked Interest Certificates will be the Coupon Rate determined in the manner specified in the applicable Final Terms which Coupon Rate may comprise one or more Additional Coupons determined in the manner specified in the applicable Final Terms.

(iii) *Determination of Rate of Interest and Calculation of Interest Amount*

The Principal Warrant and Certificate Agent will, on or as soon as practicable after each date on which the Rate of Interest is to be determined (the "**Interest Determination Date**"), determine the Rate of Interest (subject to any Minimum Interest Rate or Maximum Interest Rate specified in the applicable Final Terms) for the relevant Interest Period.

The Principal Warrant and Certificate Agent will calculate the amount of interest (the "**Interest Amount**") payable on the Certificates for the relevant Interest Period by applying the Rate of Interest to:

- (A) in the case of Floating Rate Certificates which are represented by a Global Certificate, the aggregate outstanding Notional Amount of the Certificates represented by such Global Certificate; or
- (B) in the case of Floating Rate Certificates in definitive form, the Calculation Amount,

and, in each case, multiplying such sum by the Day Count Fraction (if any) specified in the applicable Final Terms and rounding the resultant figure to the nearest sub-unit (as defined above) of the relevant Specified Currency, one half of such a sub-unit being rounded upwards or otherwise in accordance with the applicable market convention and, in the case of Dual Currency Linked Interest Certificates, converting the resulting figure into the Settlement Currency as provided in Condition 4(m) below.

(d) ISDA, FBF and Screen Rate Determination

(i) *ISDA Determination*

Where ISDA Determination is specified in the applicable Final Terms as the manner in which the Rate of Interest is to be determined, the Rate of Interest for each Interest Period will be the relevant ISDA Rate plus or minus (as indicated in the applicable Final Terms) the Margin (if any). For the purposes of this subparagraph (i), "**ISDA Rate**" for an Interest Period means a rate equal to the Floating Rate that would be determined by the Calculation Agent under an interest rate swap transaction if the Calculation Agent were acting as Calculation Agent for that swap transaction under the terms of an agreement incorporating the 2006 ISDA Definitions as published by the International Swaps and Derivatives Association, Inc. and as amended and updated as at the Issue Date of the first Tranche of the Certificates (the "**ISDA Definitions**") and under which:

- (A) the Floating Rate Option is as specified in the applicable Final Terms;
- (B) the Designated Maturity is a period specified in the applicable Final Terms; and
- (C) the relevant Reset Date is either (x) if the applicable Floating Rate Option is based on the London interbank offered rate ("**LIBOR**") or on the Euro-zone interbank offered rate ("**EURIBOR**") for a currency, the first day of that Interest Period or (y) in any other case, as specified in the applicable Final Terms.

For the purposes of this sub-paragraph (i), "**Floating Rate**", "**Calculation Agent**", "**Floating Rate Option**", "**Designated Maturity**" and "**Reset Date**" have the meanings given to those terms in the ISDA Definitions.

Unless otherwise stated in the applicable Final Terms as greater than zero, the Minimum Rate of Interest shall be deemed to be zero.

(ii) *FBF Determination*

Where so specified in the applicable Final Terms, interest will be payable on such dates, at such a rate (the "**FBF Rate**") and in such amounts, plus or minus (as indicated in the applicable Final Terms) the Margin (if any), as would have been payable (regardless of any event of default or termination event thereunder) by the Issuer if it had entered into an interest rate swap transaction governed by an agreement in the form of the Master Agreement relating to foreign exchange and derivatives transactions (an "**FBF Agreement**"), as in effect on the date of issue of the Certificates, published by the Association Française des Banques/Fédération Bancaire Française and evidenced by a Confirmation (as defined in the FBF Agreement) with the holder of the relevant Certificate under which:

- (A) the Issuer was the Floating Amount Payer;
- (B) the Principal Warrant and Certificate Agent (as defined herein) was the Agent (as defined in the FBF Agreement) or as otherwise specified in the applicable Final Terms;
- (C) the Interest Commencement Date was the Transaction Date;
- (D) the Notional Amount in respect of a Certificate was the Notional Amount (as defined in the FBF Agreement);
- (E) the Interest Payment Dates were the Floating Amount Payment Dates; and
- (F) all other terms were as specified in the applicable Final Terms.

When the preceding sentence applies, in respect of each relevant Interest Payment Date:

- (1) the amount of interest determined for such Interest Payment Date will be the Interest Amount for the relevant Interest Period for the purposes of these Terms and Conditions as though determined under sub-paragraph (iii) below;
- (2) the Rate of Interest for such Interest Period will be the Floating Rate (as defined in the FBF Agreement) determined by the Principal Warrant and Certificate Agent in accordance with the preceding sentence; and
- (3) the Principal Warrant and Certificate Agent will be deemed to have discharged its obligations under subparagraph (iii) below if it has determined the Rate of Interest and the Interest Amount payable on such Interest Payment Date in the manner provided in the preceding sentence.

(iii) *Screen Rate Determination*

Where Screen Rate Determination is specified in the applicable Final Terms as the manner in which the Rate of Interest is to be determined, the Rate of Interest for each Interest Period will, subject as provided below, be either:

- (A) the offered quotation; or

(B) the arithmetic mean (rounded if necessary to the fifth decimal place, with 0.000005 being rounded upwards) of the offered quotations,

(expressed as a percentage rate per annum) for the reference rate(s) (the "**Reference Rate(s)**") which appears or appear, as the case may be, on the Relevant Screen Page (or such replacement page on that service which displays the information) as at the Specified Time indicated in the applicable Final Terms (which will be 11.00 a.m., London time, in the case of LIBOR, or 11.00 a.m. Brussels time, in the case of EURIBOR) on the Interest Determination Date in question plus or minus (as indicated in the applicable Final Terms) the Margin (if any), all as determined by the Principal Warrant and Certificate Agent. If five or more of such offered quotations are available on the Relevant Screen Page, the highest (or, if there is more than one such highest quotation, one only of such quotations) and the lowest (or, if there is more than one such lowest quotation, one only of such quotations) shall be disregarded by the Principal Warrant and Certificate Agent for the purpose of determining the arithmetic mean (rounded as provided above) of such offered quotations.

If the Relevant Screen Page is not available or if in the case of (A) above, no such offered quotation appears or, in the case of (B) above, fewer than three such offered quotations appear, in each case as at the Specified Time, the Principal Warrant and Certificate Agent shall request the principal London office of each of the Reference Banks (as defined below) to provide the Principal Warrant and Certificate Agent with its offered quotation (expressed as a percentage rate per annum) for the Reference Rate at approximately the Specified Time on the Interest Determination Date in question. If two or more of the Reference Banks provide the Principal Warrant and Certificate Agent with such offered quotations, the Rate of Interest for such Interest Period shall be the arithmetic mean (rounded if necessary to the fifth decimal place with 0.000005 being rounded upwards) of such offered quotations plus or minus (as appropriate) the Margin (if any), all as determined by the Principal Warrant and Certificate Agent.

If on any Interest Determination Date one only or none of the Reference Banks provides the Principal Warrant and Certificate Agent with an offered quotation as provided in the preceding paragraph, the Rate of Interest for the relevant Interest Period shall be the rate per annum which the Principal Warrant and Certificate Agent determines as being the arithmetic mean (rounded if necessary to the fifth decimal place, with 0.000005 being rounded upwards) of the rates, as communicated to (and at the request of) the Principal Warrant and Certificate Agent by the Reference Banks or any two or more of them, at which such banks were offered, at approximately the Specified Time on the relevant Interest Determination Date, deposits in the Specified Currency for a period equal to that which would have been used for the Reference Rate by leading banks in the London inter-bank market (if the Reference Rate is LIBOR), or the Euro-zone inter-bank market (if the Reference Rate is EURIBOR) plus or minus (as appropriate) the Margin (if any) or, if fewer than two of the Reference Banks provide the Principal Warrant and Certificate Agent with such offered rates, the offered rate for deposits in the Specified Currency for a period equal to that which would have been used for the Reference Rate, or the arithmetic mean (rounded as provided above) of the offered rates for deposits in the Specified Currency for a period equal to that which would have been used for the Reference Rate, at which, at approximately the Specified Time on the relevant Interest Determination Date, anyone or more banks (which bank or banks is or are in the opinion of the Issuer and the Principal Warrant and Certificate Agent suitable for such purpose) informs the Principal Warrant and Certificate Agent it is quoting to leading banks in the London inter-bank market (if the Reference Rate is LIBOR), or the Euro-zone inter-bank market (if the Reference Rate is EURIBOR) (or, as the case may be, the quotations of such bank or banks to the Principal Warrant and Certificate Agent) plus or minus (as appropriate) the Margin (if any), provided that, if the Rate of Interest cannot be determined in accordance with the foregoing provisions of this paragraph, the Rate of Interest shall be determined as

at the last preceding Interest Determination Date (though substituting, where a different Margin is to be applied to the relevant Interest Period from that which applied to the last preceding Interest Period, the Margin relating to the relevant Interest Period in place of the Margin relating to that last preceding Interest Period).

**"Reference Banks"** means, in the case of a determination of LIBOR, the principal London office of four major banks in the London inter-bank market and, in the case of a determination of EURIBOR, the principal Euro-zone office of four major banks in the Euro-zone inter-bank market, in each case selected by the Principal Warrant and Certificate Agent and approved in writing by the Trustee, or as specified in the applicable Final Terms.

**"Relevant Screen Page"** means the relevant screen page specified in the applicable Final Terms.

(e) *Minimum and/or Maximum Interest Rate*

If the applicable Final Terms specifies a Minimum Interest Rate for any Interest Period, then, in the event that the Rate of Interest in respect of such Interest Period determined in accordance with the provisions of Conditions 4(c)(ii) or 4(d) (as appropriate) is less than such Minimum Interest Rate, the Rate of Interest for such Interest Period shall be such Minimum Interest Rate.

If the applicable Final Terms specifies a Maximum Interest Rate for any Interest Period, then, in the event that the Rate of Interest in respect of such Interest Period determined in accordance with the provisions of Conditions 4(c)(ii) or 4(d) (as appropriate) is greater than such Maximum Interest Rate, the Rate of Interest for such Interest Period shall be such Maximum Interest Rate.

If the applicable Final Terms specifies a Rate Multiplier for any Interest Period, then, the Rate of Interest in respect of any such Interest Period shall be multiplied by the relevant Rate Multiplier, subject always to the Minimum and/or Maximum Rate of Interest as described above.

(f) *Notification of Rate of Interest and Interest Amount*

The Principal Warrant and Certificate Agent will cause the Rate of Interest and each Interest Amount for each Interest Period and the relevant Interest Payment Date to be notified to the Issuer, the Guarantor (if applicable) (such notifications to occur no later than the Business Day following such determination), (in the case of Certificates which are listed on the Luxembourg Stock Exchange and where the rules of such stock exchange so require) the Luxembourg Stock Exchange and, if applicable, to any other stock exchange on which the relevant Certificates are for the time being listed. In addition, the Principal Warrant and Certificate Agent (except where the relevant Certificates are unlisted and are in global form and held in their entirety on behalf of Euroclear and Clearstream, Luxembourg in which event there may be substituted for such publication the delivery of such notice to Euroclear and Clearstream, Luxembourg for communication to the Certificateholders) shall publish or cause to be published such Rate of Interest, Interest Amount and Interest Payment Date in accordance with Condition 19 as soon as possible after their determination but in no event later than the fifth Luxembourg Business Day thereafter. Each Interest Amount and Interest Payment Date so notified may subsequently be amended (or appropriate alternative arrangements made by way of adjustment) in the event of an extension or shortening of the Interest Period. Any such amendment will be promptly notified to each stock exchange on which the relevant Certificates are for the time being listed and to the Certificateholders in accordance with Condition 19. For the purposes of these Conditions, the expression **"Luxembourg Business Day"** means a day (other than a Saturday or a Sunday) on which commercial banks are open for business in Luxembourg.

(g) *Certificates to be Final*

All certificates, communications, determinations, calculations and decisions made for the purposes of the provisions of this Condition 4 by the Principal Warrant and Certificate Agent or, if applicable, the Calculation Agent or the Trustee, shall (in the absence of wilful default, bad faith or manifest error) be binding on the Issuer, the Guarantor (if applicable), the Principal Warrant and Certificate Agent, the other Warrant and Certificate Agents (if any), or, if applicable, the Calculation Agent and all Certificateholders, and (in the absence as aforesaid) no liability to the Certificateholders shall attach to the Principal Warrant and Certificate Agent or, if applicable, the Calculation Agent or the Trustee, in connection with the exercise or non-exercise by it of its powers, duties and discretions pursuant to such provisions.

(h) *Coupon Switch*

If Coupon Switch is specified as applicable in the applicable Final Terms:

- (i) if Coupon Switch Election is specified as applicable in the applicable Final Terms, the Issuer shall (where a corresponding election is made by the Swap Counterparty in respect of the Swap Agreement relating to the Certificates) elect that the Rate of Interest or Premium Amount for the Certificates will be amended (a "**Coupon Switch**") from the pre-switch coupon specified in the Final Terms (the "**Pre-Switch Coupon**") to the post-switch coupon specified in the applicable Final Terms (the "**Post-Switch Coupon**") on and after the Coupon Switch Date; and
- (ii) if Automatic Coupon Switch is specified as applicable in the applicable Final Terms and an Automatic Coupon Switch Event occurs, the Rate of Interest or Premium Amount for the Certificates will be amended (a "**Coupon Switch**") from Pre-Switch Coupon specified in the applicable Final Terms to the Post-Switch Coupon specified in the applicable Final Terms on and after the Coupon Switch Date immediately following the SPS ACS Valuation Date or SPS ACS Valuation Period, as applicable, on which the Automatic Coupon Switch Event occurs.

If Additional Switch Coupon is specified as applicable in the applicable Final Terms, following the occurrence of a Coupon Switch, an Additional Switch Coupon Amount will be payable on the Additional Switch Coupon Payment Date. The "**Additional Switch Coupon Amount**" in respect of each nominal amount of Certificates equal to the Calculation Amount will be the amount specified as such in the applicable Final Terms. For the purposes of Conditions 6 and 11, Additional Switch Coupon Amount shall be deemed to be interest. For the avoidance of doubt, the Additional Switch Coupon Amount will only be paid on the single Additional Switch Coupon Payment Date.

Notice of any Coupon Switch will be given to Certificateholders in accordance with Condition 19.

"**Additional Switch Coupon Payment Date**" means the date specified as such in the applicable Final Terms, which such date must be an Interest Payment Date;

"**Automatic Coupon Switch Event**" means that the SPS ACS Value is (a) "greater than", (b) "equal to or greater than", (c) "less than" or (d) "less than or equal to", as specified in the applicable Final Terms, the Automatic Coupon Switch Level, (x) on a SPS ACS Valuation Date or (y) in respect of a SPS ACS Valuation Period, as specified in the applicable Final Terms;

**"SPS ACS Valuation Period"** means each period specific as such in the applicable Final Terms.

(i) *Condition to Interest Payment*

Where "Condition to Interest Payment" is specified as applicable in the applicable Final Terms, the obligation of the Issuer to pay an Interest Amount will be subject to the receipt of an aggregate amount equal to the aggregate Interest Amounts payable in respect of each Certificate outstanding on or prior to the relevant Interest Payment Date from the Swap Counterparty under the Swap Agreement. In the event that the Swap Counterparty fails to pay an amount under the Swap Agreement or the Swap Agreement terminates for any reason other than as scheduled on its scheduled termination date or where the termination of the Swap Agreement has resulted from an Event of Default thereunder where the Issuer is the Defaulting Party, the Issuer will have no further obligation to pay interest in respect of the Certificates and no Event of Default will occur in respect of such non-payment save where the termination of the Swap Agreement has resulted from an Event of Default thereunder where the Issuer is the Defaulting Party.

(j) *Interest Payments*

Interest will be paid subject to and in accordance with the provisions of Condition 6 (*Payments and Physical Delivery*). Interest will cease to accrue on each Certificate (or, in the case of the redemption of part only of a Certificate, that part only of such Certificate) on the due date for redemption thereof unless such Certificate is redeemed early. If such Certificate is redeemed early, (i) if the applicable Final Terms specify that Accrual to Redemption is applicable, interest will cease to accrue on the due date for redemption or (ii) if the applicable Final Terms specify that Accrual to Redemption is not applicable, no interest shall accrue or be payable in respect of which the relevant payment date has not occurred on or prior to the due date for redemption of such Certificate, unless in either case payment of principal and/or delivery of all assets deliverable is improperly withheld or refused. If upon due presentation thereof, payment of principal or the payment, and/or delivery of the Entitlement (if applicable), is improperly withheld or refused, interest will continue to accrue (as well after as before any judgment) at the Fixed Rate or, as the case may be, the Rate of Interest until whichever is the earlier of (i) the day on which all sums due and/or assets deliverable in respect of such Certificate up to that day are received by or on behalf of the holder of such Certificate and (ii) the day on which the Principal Warrant and Certificate Agent or any agent appointed by the Issuer to deliver such assets to Holders has notified the holder thereof (either in accordance with Condition 19 (*Notices*) or individually) of receipt of all sums due in respect thereof up to that date.

(k) *Determination or Calculation by Trustee*

If for any reason at any relevant time the Principal Warrant and Certificate Agent or, as the case may be, the Calculation Agent defaults in its obligation to determine the Rate of Interest or the Principal Warrant and Certificate Agent defaults in its obligation to calculate any Interest Amount in accordance with Conditions 4(c)(ii) and 4(d) as the case may be, and in each case in accordance with Condition 4(c)(iii), the Trustee shall, (or shall appoint an agent on its behalf to do so), determine the Rate of Interest at such rate as, in its sole and absolute discretion (having such regard as it shall think fit to the foregoing provisions of this Condition 4, but subject always to any Minimum Rate of Interest or Maximum Rate of Interest specified in the applicable Final Terms), it shall deem fair and reasonable in all the circumstances or, as the case may be, the Trustee shall (or shall appoint an agent on its behalf to do so) calculate the Interest Amount(s) in such manner as it shall deem fair and reasonable in all the circumstances and each such determination or calculation

shall be deemed to have been made by the Principal Warrant and Certificate Agent or the Calculation Agent, as applicable.

**"Determination Period"** means each period from and including a Determination Date to but excluding the next Determination Date (including, where either the Interest Commencement Date or the final Interest Payment Date is not a Determination Date, the period commencing on the first Determination Date prior to, and ending on the first Determination Date falling after, such date).

**"Interest Period"** means the period beginning on and including the Interest Commencement Date and ending on but excluding the first Interest Period End Date and each successive period beginning on (and including) an Interest Period End Date and ending on (but excluding) the next Interest Period End Date or such other period as is specified in the applicable Final Terms.

**"Interest Rate<sub>(i-1)</sub>"** means in respect of an Interest Period the Rate of Interest determined by the Calculation Agent in respect of the immediately preceding Interest Period. For the avoidance of doubt, Interest Rate<sub>(i-1)</sub> is expressed as a rate per annum, unless otherwise specified in the Final Terms.

**"Issue Date"** means the date specified as such on the applicable Final Terms.

(l) *Rounding generally*

In connection with the calculation of any amount payable in respect of the Certificates (including, without limitation, interest) and unless otherwise provided in these Terms and Conditions or in the applicable Final Terms, such amounts will, if necessary, be rounded to the nearest sub-unit (as defined above) of the relevant Specified Currency, half of any such sub-unit being rounded upwards or otherwise as specified in the applicable Final Terms.

(m) *Dual Currency Linked Interest Certificates*

If the Certificates are specified in the applicable Final Terms as Dual Currency Linked Interest Certificates, the amount of interest calculated in respect of any Interest Payment Date is not an amount in the Settlement Currency, it will be converted into the Settlement Currency at the Specified Exchange Rate specified in the applicable Final Terms or, if no Specified Exchange Rate is specified, the Settlement Currency Exchange Rate on the relevant Settlement Currency Exchange Rate Observation Date.

**"Price Materiality Event"** means that, in respect of the determination of any Settlement Currency Exchange Rate, the Calculation Agent determines that the rate derived at the relevant time from the source specified in the Final Terms differs from the rate that would be derived at the relevant time from a source that the Calculation Agent deems, in good faith and in a commercially reasonable manner having taken into account any relevant market practice, to be equivalent, by more than 3 per cent.

**"Settlement Currency"** means the currency specified as such in the applicable Final Terms or, if no such currency is specified, the Specified Currency.

**"Settlement Currency Exchange Rate"** means in respect of a Settlement Currency Exchange Rate Observation Date, the rate of exchange (including any rates of exchange pursuant to which the relevant rate of exchange is derived) between the currencies and from the source(s) and at the time in each case specified in the applicable Final Terms on such day, as determined by the Calculation Agent, provided that if any source specified in the applicable Final Terms is not available or the Calculation Agent determines that there has been a Price Materiality Event, any such rate of exchange may be determined by the Calculation Agent by reference to such sources as it, any such rate of exchange may be determined by the Calculation Agent by reference to such sources as it, acting in good faith and in a commercially reasonable manner having taken into account any relevant market practice, considers to be appropriate.

**"Settlement Currency Exchange Rate Observation Date"** means the date falling the number of Business Days specified in the applicable Final Terms prior to the relevant scheduled payment date in respect of the Notes.

**"Specified Exchange Rate"** means the rate of exchange specified in the applicable Final Terms.

**5. Premium Amount**

- (a) If so specified in the applicable Final Terms, the Certificates will not bear or pay interest but will pay one or more premium amounts, each such premium amount representing an amount payable by the Issuer as compensation for, and in recognition of, the assumption of the risk that in certain circumstances the Cash Settlement Amount payable on redemption of the Certificates may be less than the Issue Price or even zero.
- (b) A premium amount may be a fixed amount ("**Fixed Premium Amount Certificates**"), a variable amount ("**Variable Premium Amount Certificates**") and/or an amount calculated by reference to the performance of one or more index or custom index, share, inflation index, interest in an exchange traded fund, an exchange traded note, an exchange traded commodity or other exchange traded product (each an "**exchange traded instrument**"), commodity and/or commodity index, foreign exchange rate, fund, fund index and/or the credit of one or more reference entity or any combination thereof in the manner specified in the applicable Final Terms (such Certificates, "**Linked Premium Amount Certificates**") and may be subject to a Maximum Premium Amount Rate, as specified in the applicable Final Terms.
- (c) Each Certificate will pay the Premium Amount on each Premium Amount Payment Date provided that no Early Redemption Event or Event of Default has occurred on or prior to the Premium Amount Payment Date, and provided further that, if Automatic Early Redemption is specified as applicable in the applicable Final Terms, no Premium Amount will be payable unless the Premium Amount Payment Date falls on or prior to the Automatic Early Redemption Date.
- (d) The Premium Amount shall be rounded to the nearest sub-unit of the relevant Settlement Currency (with half of any such sub-unit being rounded upwards or otherwise in accordance with applicable market convention) provided that if Rounding Convention 2 is specified as applicable in the applicable Final Terms, the Premium Amount shall not be subject to rounding but Certificates of the same Series held by the same Holder will be aggregated for the purpose of determining the aggregate Premium Amount in respect of such Certificates and the aggregate of such Premium Amounts will be rounded down to the nearest whole sub-unit of the Settlement Currency in such manner as the Calculation Agent shall determine. Such Premium Amount will be paid in accordance with Condition 6 (*Payments and Physical Delivery*).
- (e) If a Business Day Convention is specified in the applicable Final Terms as applying to a Premium Amount Payment Date and (i) if there is no numerically corresponding day in the calendar month in which a Premium Amount Payment Date should occur or (ii) if any Premium Amount Payment Date would otherwise fall on a day which is not a Business Day, then, if the Business Day Convention specified is:
  - (i) the Following Business Day Convention, such Premium Amount Payment Date shall be postponed to the next day which is a Business Day; or
  - (ii) the Modified Following Business Day Convention, such Premium Amount Payment Date, as the case may be, shall be postponed to the next day which is a Business Day unless it would thereby fall into the next calendar month, in which event such Premium Amount Payment Date, as the case may be, shall be brought forward to the immediately preceding Business Day; or
  - (iii) the Preceding Business Day Convention, such Premium Amount Payment Date, as the case may be, shall be brought forward to the immediately preceding Business Day.

(f) Definitions relating to Premium Amount(s):

**"Premium Amount"** means, in respect of a Premium Amount Payment Date and a Certificate

- (i) in respect of Fixed Premium Amount Certificates, the amount specified in the applicable Final Terms;
- (ii) in respect of Variable Premium Amount Certificates, an amount calculated by the Calculation Agent on the basis set out, in the applicable Final Terms; or
- (iii) in respect of Linked Premium Amount Certificates, an amount calculated by the Calculation Agent equal to the Notional Amount x the Premium Amount Rate and, if a Day Count Fraction is specified in the applicable Final Terms, multiplying such sum by the applicable Day Count Fraction, and rounding the resultant figure to the nearest sub-unit of the relevant Settlement Currency, half of any such sub-unit being rounded upwards or otherwise in according with applicable market convention,

in each case, if the resulting amount is not an amount in the Settlement Currency, it will be converted into the Settlement Currency at the Exchange Rate specified in the applicable Final Terms;

**"Premium Amount Payment Date"** means each date specified as such in the applicable Final Terms; and

**"Premium Amount Period"** means the period from (and including) the Issue Date to (but excluding) the first Premium Amount Payment Date and each following period from (and including) a Premium Amount Payment Date to (but excluding) the next occurring Premium Amount Payment Date.

References in these Conditions to "Interest Valuation Time" or "Interest Valuation Date" will, in the case of Linked Premium Amount Certificates, be deemed to be references to "Premium Amount Valuation Time" or "Premium Amount Valuation Date", as applicable.

- (g) The Calculation Agent will cause each Premium Amount for each Premium Amount Payment Date to be notified to the Principal Warrant and Certificate Agent, the Issuer and the Guarantor (if applicable) (such notifications to occur no later than the Business Day following such determination), and (in the case of Certificates which are listed on the Luxembourg Stock Exchange and the rules of such stock exchange so require) Luxembourg Stock Exchange and, if applicable, to any other stock exchange on which the relevant Certificates are for the time being listed. In addition, the Calculation Agent shall publish or cause to be published such Premium Amount in accordance with Condition 19 as soon as possible after their determination but in no event later than the fifth Luxembourg Business Day thereafter.
- (h) Where the Certificates are Variable Premium Amount Certificates and Linear Interpolation is specified as applicable in respect of a Premium Amount Period in the applicable Final Terms, the Premium Amount Rate for such Premium Amount Period shall be calculated by the Calculation Agent by straight line linear interpolation by reference to two rates based on the relevant Reference Rate (where Screen Rate Determination is specified as applicable in the applicable Final Terms), the FBF Rate (where FBF Determination is specified as applicable in the applicable Final Terms) or the relevant Floating Rate Option (where ISDA Determination is specified as applicable in the applicable Final Terms), one of which shall be determined as if the Designated Maturity were the period of time for which rates are available next shorter than the length of the relevant Premium Amount Period and the other of which shall be determined as if the Designated Maturity were the period of time for which rates are available next longer than the length of the relevant Premium Amount Period, provided however that if there is no rate available for a period of time next shorter or, as the case may be, next longer, then the Calculation Agent shall determine such rate at such time and by reference to such sources as it determines appropriate.

**"Designated Maturity"** means (i) in relation to Screen Rate Determination, the period of time designated in the Reference Rate or (ii) in relation to FBF Determination, the period of time specified in the relevant FBF Rate.

- (i) If the applicable Final Terms specifies a Minimum Premium Amount Rate for any Premium Amount Period, then, in the event that the Premium Amount Rate in respect of such Premium Amount Period is less than such Minimum Premium Amount Rate, the Premium Amount Rate for such Interest Period shall be such Minimum Premium Amount Rate.

If the applicable Final Terms specifies a Maximum Premium Amount Rate for any Premium Amount Period, then, in the event that the Premium Amount Rate in respect of such Premium Amount Period is greater than such Maximum Premium Amount Rate, the Premium Amount Rate for such Premium Amount Period shall be the Maximum Premium Amount Rate.

## 6. **Payments and Physical Delivery**

For the purposes of this Condition 6, references to payment or repayment (as the case may be) of principal and/or interest and other similar expressions will, where the context so admits, be deemed also to refer to physical delivery of any Entitlement.

### (a) *Method of Payment*

The **"Cash Settlement Amount"** shall be an amount (which may never be less than zero) to which the Holder of Certificates is entitled in the Settlement Currency in relation to each such Certificate equal to the Final Redemption Amount specified in the applicable Final Terms.

The Cash Settlement Amount (if any) shall be rounded to the nearest sub-unit of the relevant Settlement Currency, half of any such sub-unit being rounded upwards or otherwise in accordance with applicable market convention, provided that if Rounding Convention 2 is specified as applicable in the applicable Final Terms, the Cash Settlement Amount shall not be subject to rounding but Securities of the same Series held by the same Holder of Certificates will be aggregated for the purpose of determining the aggregate Cash Settlement Amount in respect of such Certificates and the aggregate of such Cash Settlement Amounts will be rounded down to the nearest whole sub-unit of the Settlement Currency in such manner as the Calculation Agent shall determine, provided that if the product of the Final Payout is zero, no amount shall be payable in respect of the relevant Certificate.

If the Cash Settlement Amount is not an amount in the Settlement Currency, if specified in the applicable Final Terms it will be converted into the Settlement Currency at the Exchange Rate specified in the applicable Final Terms;

### (i) *Registered Certificates*

Payments of the Cash Settlement Amount (or, where Certificates are redeemable in instalments, the final instalment) in respect of each Registered Certificate (whether or not in global form) will be made against presentation and surrender (or, in the case of part payment of any sum due, endorsement) of the Registered Certificate at the specified office of the Registrar or any of the Warrant and Certificate Agents. Such payments will be made by transfer to the Designated Account (as defined below) of the holder (or the first named of joint holders) of the Registered Certificate appearing in the Register at the close of the business day (being for this purpose a day on which Euroclear, Clearstream, Luxembourg and/or any other relevant Clearing System are open for business) before the relevant due date, and (ii) where in definitive form, at the close of business on the third business day (being for this purpose a day on which banks are open for business in the city where the specified office of the Registrar is located) before the relevant due date (in each case, the **"Record Date"**). Notwithstanding the previous sentence, if (i) a holder does not have a Designated Account or (ii) the aggregate Issue Price of the Certificates held by a holder is less than U.S.\$250,000 (or integral multiples of U.S.\$1,000 in excess thereof) (or its approximate equivalent

in any other Settlement Currency), payment will instead be made by a cheque in the Settlement Currency drawn on a Designated Bank (as defined below). For these purposes, "**Designated Account**" means the account maintained by a holder with a Designated Bank and identified as such in the Register and "**Designated Bank**" means (in the case of payment in a Settlement Currency other than euro) a bank in the principal financial centre of the country of such Settlement Currency and (in the case of a payment in euro) any bank which processes payments in euro.

Payments of interest and, where Certificates are redeemable in instalments, each instalment (other than the final instalment) in respect of each Registered Certificate (whether or not in global form) will be made by a cheque in the Settlement Currency drawn on a Designated Bank and mailed on the business day in the city where the specified office of the Registrar is located immediately preceding the relevant due date to the holder (or the first named of joint holders) of the Registered Certificate appearing in the Register at the close of business on the fifteenth day (whether or not such fifteenth day is a business day) before the Record Date at his address shown in the Register on the Record Date and at his risk. Upon application of the holder to the specified office of the Registrar not less than three business days in the city where the specified office of the Registrar is located before the due date for any payment of interest in respect of a Registered Certificate, the payment may be made by transfer on the due date in the manner provided in the preceding paragraph. Any such application for transfer shall be deemed to relate to all future payments of interest (other than interest due on redemption) and instalments of principal (other than the final instalment) in respect of the Registered Certificates which become payable to the holder who has made the initial application until such time as the Registrar is notified in writing to the contrary by such holder. Payment of the interest due in respect of each Registered Certificate on redemption and the final instalment (if applicable) will be made in the same manner as payment of the Cash Settlement Amount in respect of such Registered Certificate.

Holders of Registered Certificates will not be entitled to any interest or other payment for any delay in receiving any amount due in respect of any Registered Certificate as a result of a cheque posted in accordance with this Condition arriving after the due date for payment or being lost in the post. No commissions or expenses shall be charged to such holders by the Registrar in respect of any payments of the Cash Settlement Amount, any instalment (if applicable) or interest in respect of the Registered Certificates.

Neither the Issuer, the Guarantor (if applicable), the Trustee nor any of the Agents will have any responsibility or liability for any aspect of the records relating to, or payments made on account of, beneficial ownership interests in the Registered Global Certificates or for maintaining, supervising or reviewing any records relating to such beneficial ownership interests.

(ii) *Global Certificates*

Except in the case of Registered Certificates, payments of the Cash Settlement Amount, any instalments (if applicable) and interest (if any) in respect of Certificates represented by any Global Certificate will be made in the manner specified in the relevant Global Certificate against presentation or surrender, as the case may be, of such Global Certificate at the specified office of any Warrant and Certificate Agent outside of the United States. A record of each payment made on such Global Certificate, distinguishing between any payment of principal and any payment of interest, will be made on such Global Certificate by the Warrant and Certificate Agent to which such Global Certificate is presented for the purpose of making such payment, and such record shall be prima facie evidence that the payment in question has been made.

The holder of the relevant Global Certificate shall be the only person entitled to receive payments in respect of Certificates represented by such Global Certificate and the payment obligations of the Issuer or the Guarantor (if applicable) will be discharged by payment to, or to the order of, the holder of such Global Certificate in respect of each amount so paid. Each of the persons shown in the records of Euroclear and/or Clearstream, Luxembourg as the holder of a particular Notional Amount of Certificates must look solely to Euroclear and/or Clearstream, Luxembourg, as the case

may be, for his share of each payment so made by the Issuer to, or to the order of, the holder of the relevant Global Certificate. No person other than the holder of the relevant Global Certificate shall have any claim against the Issuer or the Guarantor (if applicable) in respect of any payments due on that Global Certificate.

Where the Certificates pay Premium Amount(s), subject as provided below, the Issuer, failing which, the Guarantor (if applicable), shall pay or cause to be paid the Premium Amount for each Certificate in respect of each Premium Amount Payment Date by credit or transfer to the Certificateholder's account with the relevant Clearing System for value on the relevant Premium Amount Payment Date, such payment to be made in accordance with the rules of such Clearing System.

If any date for payment of any amount in respect of any Certificate is not a Payment Day, then the holder thereof shall not be entitled to payment of the amount due until the next following Payment Day and shall not be entitled to any interest or other sum in respect of any such delay.

For these purposes, "**Payment Day**" means any day which (subject to Condition 11 (*Prescription*)) is:

a day on which commercial banks and foreign exchange markets settle payments and are open for general business (including dealing in foreign exchange and foreign currency deposits) in:

- (A) each Financial Centre specified in the applicable Final Terms; and
- (B) in relation to any sum payable in euro, a day on which the TARGET System is open. If the due date for redemption of any interest bearing Certificate in definitive form is not a due date for the payment of interest relating thereto, interest accrued in respect of such Certificate from (and including) the last preceding due date for the payment of interest (or from the Interest Commencement Date) will be paid against surrender of such Certificate.

The names of the initial Principal Warrant and Certificate Agent and the other initial Warrant and Certificate Agents and their initial specified offices are set out below. The Issuer reserves the right at any time to vary or terminate the appointment of any Warrant and Certificate Agent and to appoint additional or other Warrant and Certificate Agents and/or to approve any change in the specified office of any Warrant and Certificate Agent, provided that:

- (1) so long as any Certificates are listed on any stock exchange, there will at all times be a Warrant and Certificate Agent and a Transfer Agent, which may be the Registrar (in the case of Registered Certificates) with a specified office in the place required by the rules and regulations of the relevant stock exchange; and
- (2) there will at all times be a Principal Warrant and Certificate Agent and a Registrar; and
- (3) the Issuer undertakes that it will ensure that it maintains a Warrant and Certificate Agent.

Payments in respect of the Certificates will be subject in all cases to any fiscal or other laws and regulations applicable thereto in the place of payment, but without prejudice to the provisions of Condition 10.

(iii) *FX Settlement Disruption*

If the Settlement Currency specified in the applicable Final Terms is a Relevant Currency, FX Settlement Disruption will apply, and:

- (A) if, on the second Business Day prior to the Disrupted Payment Date, the Calculation Agent (in good faith and in a commercially reasonable manner) determines that a FX Settlement Disruption Event has occurred and is subsisting, the Issuer shall give notice (a "**FX Settlement Disruption Notice**") to the

Certificateholders in accordance with Condition 19 as soon as reasonably practicable thereafter and, in any event, prior to the relevant Disrupted Payment Date;

- (B) following the occurrence of a FX Settlement Disruption Event:
  - (1) the date for payment of the relevant Disrupted Amount will be postponed to (i) the second Business Day following the date on which the Calculation Agent determines that a FX Settlement Disruption Event is no longer subsisting or if earlier (ii) the date falling thirty calendar days following the scheduled due date for payment of the relevant Disrupted Amount (the "**FX Settlement Disruption Cut-off Date**") which, for the avoidance of doubt, may be later than the scheduled Redemption Date; and
  - (2) (i) in the case of (1)(i) above, the Issuer will pay the relevant Disrupted Amount, less FX Settlement Disruption Expenses (if any), in the Settlement Currency specified in the applicable Final Terms or, (ii) in the case of (1)(ii) above, in lieu of paying the relevant Disrupted Amount in the relevant Settlement Currency, the Issuer will, subject to sub-paragraph (C) below, convert the relevant Disrupted Amount into the FX Settlement Disruption Currency (using the FX Settlement Disruption Exchange Rate for the relevant Disrupted Payment Date) and will pay the relevant Disrupted Amount, less FX Settlement Disruption Expenses (if any), in the FX Settlement Disruption Currency on the FX Settlement Disruption Cut-off Date;
- (C) if sub-paragraph (B)(1)(ii) applies, the Calculation Agent will determine the FX Settlement Disruption Exchange Rate in good faith and in a commercially reasonable manner in accordance with the following procedures:
  - (1) the FX Settlement Disruption Exchange Rate shall be the arithmetic mean (rounded, if necessary, to four decimal places (with 0.00005 being rounded upwards)) as determined by or on behalf of the Calculation Agent of the bid and offer Settlement Currency/FX Settlement Disruption Currency exchange rates provided by two or more leading dealers on a foreign exchange market (as selected by the Calculation Agent) on such day; or
  - (2) if fewer than two leading dealers provide the Calculation Agent with bid and offer Settlement Currency/FX Settlement Disruption Currency exchange rates on such day, the Calculation Agent shall determine the FX Settlement Disruption Exchange Rate acting in good faith and in a commercially reasonable manner;
- (D) this Condition 6(a)(iii) shall not apply to Dual Currency Linked Interest Certificates;
- (E) for the avoidance of doubt, no Interest Period will be adjusted as a result of the postponement of any interest payment pursuant to this Condition 6(a)(iii), and no additional interest will be paid in respect of any postponement of the date for payment;
- (F) for the avoidance of doubt, nothing contained in this Condition 6(a)(iii) shall prevent the Issuer from determining that an Additional Disruption Event and/or Optional Additional Disruption Event has occurred, in which case, the provisions

of Condition 8(o) shall prevail in the event of any conflict between this Condition 6(a)(iii) and Condition 8(o).

(G) For these purposes:

**"Disrupted Amount"** means the relevant Interest Amount, Final Redemption Amount or such other amount payable (if any);

(B) *Verification of the Certificateholder*

In the case of Certificates represented by a Global Certificate, upon receipt of an Asset Transfer Notice, the relevant Clearing System shall verify that the person delivering the Asset Transfer Notice is the holder of the Certificates described therein according to its records. Subject thereto, the relevant Clearing System will confirm to the Principal Warrant and Certificate Agent the series number and number of Certificates the subject of such notice, the relevant account details and the details for the delivery of the Entitlement of each Certificate. Upon receipt of such confirmation, the Principal Warrant and Certificate Agent will inform the Issuer and any Delivery Agent thereof. The relevant Clearing System will on or before the Delivery Date or (in the case of Credit Linked Certificates) the Delivery Date (as defined in the Credit Linked Conditions), as the case may be, debit the securities account of the relevant Certificateholder with the relevant Certificates.

(C) *Determinations and Delivery*

Any determination as to whether an Asset Transfer Notice is duly completed and in proper form shall be made, in the case of Certificates represented by a Global Certificate, by the relevant Clearing System or, in the case of Certificates in definitive form, by the Registrar, or in each case in consultation with the Principal Warrant and Certificate Agent, and shall be conclusive and binding on the Issuer, the Guarantor (if applicable), the Principal Warrant and Certificate Agent(s), any Delivery Agent and the relevant Certificateholder. Subject as set out below, any Asset Transfer Notice so determined to be incomplete or not in proper form, or which is not copied to the Principal Warrant and Certificate Agent and any Delivery Agent immediately after being delivered or sent as provided in paragraph (A) above, shall be null and void.

If such Asset Transfer Notice is subsequently corrected to the satisfaction of, in the case of Certificates represented by a Global Certificate, the relevant Clearing System, or, in the case of Certificates in definitive form, by the Registrar, or in each case in consultation with the Principal Warrant and Certificate Agent, it shall be deemed to be a new Asset Transfer Notice submitted at the time such correction was delivered as provided above.

No Asset Transfer Notice may be withdrawn after receipt thereof by the relevant Clearing System, the Registrar or any Warrant and Certificate Agent, as provided above. After delivery of an Asset Transfer Notice, the relevant Certificateholder may not transfer the Certificates which are the subject of such notice.

The Entitlement will be delivered at the risk of the relevant Certificateholder, in the manner provided below on the date fixed for redemption (such date, subject to adjustment in accordance with this Condition, the "**Delivery Date**") or in the case of Credit Linked Certificates Delivered at the risk of the relevant Certificateholder, in the manner provided below on the Delivery Date (as defined in the Credit Linked Conditions), provided that the Asset Transfer Notice is duly delivered as provided above on or prior to the Cut-Off Date.

If a Certificateholder fails to give an Asset Transfer Notice as provided herein with a copy to the Principal Warrant and Certificate Agent and the Delivery Agent, on or prior to the Cut-Off Date, then the Entitlement will be delivered or, as the case may be, Delivered as soon as practicable after the date fixed for redemption (in which case, such date of delivery shall be the Delivery Date) or (in the case of Credit Linked Certificates) the original date fixed for delivery at the risk of such Certificateholder in the manner provided below. For the avoidance of doubt, in such circumstances such Certificateholder shall not be entitled to any payment, whether of interest or otherwise, as a result of such Delivery Date falling after the date fixed for redemption or the original date fixed for delivery, as applicable and no liability in respect thereof shall attach to the Issuer or the Guarantor (if applicable), if any.

The Issuer (or any Delivery Agent on its behalf) shall at the risk of the relevant Certificateholder, deliver or procure the delivery of the Entitlement for each Certificate or (in the case of Credit Linked Certificates) Deliver the Deliverable Obligations, obligations and/or other assets comprising the Entitlement, pursuant to the details specified in the Asset Transfer Notice or in such commercially reasonable manner as the Calculation Agent shall acting in good faith determine and notify to the person designated by the Certificateholder in the relevant Asset Transfer Notice. All costs, taxes, duties and/or expenses including stamp duty, stamp duty reserve tax and/or other costs, duties or taxes ("**Expenses**") arising

(D) *General*

If Aggregation is specified as applicable in the applicable Final Terms, Certificates held by the same Certificateholder will be aggregated for the purpose of determining the aggregate Entitlements in respect of such Certificates, provided that, the aggregate Entitlements in respect of the same Certificateholder will be rounded down to the nearest whole unit of the Relevant Asset or each of the Relevant Assets, as the case may be, in such manner as the Calculation Agent shall determine. Therefore, fractions of the Relevant Asset or of each of the Relevant Assets, as the case may be, will not be delivered and in lieu thereof a cash adjustment calculated by the Calculation Agent acting in good faith and in a commercially reasonable manner shall be paid to the Certificateholder.

Following the Delivery Date of a Share all dividends on the relevant Shares to be delivered will be payable to the party that would receive such dividend according to market practice for a sale of the Shares executed on the Delivery Date and to be delivered in the same manner as such relevant Shares. Any such dividends to be paid to a Certificateholder will be paid to the account specified by the Certificateholder in the relevant Asset Transfer Notice as referred to in Condition 6(b)(i)(A) (*Asset Transfer Notices*).

For such period of time after delivery or Delivery of the Entitlement as the Issuer or any person acting on behalf of the Issuer shall continue to be the legal owner of the securities or Deliverable Obligations, obligations and/or other assets comprising the Entitlement (the "**Intervening Period**"), none of the Issuer, the Guarantor (if applicable), the Warrant and Certificate Agents, the Registrar, any Delivery Agent or any other person shall at any time (i) be under any obligation to deliver or procure delivery to any Certificateholder any letter, certificate, notice, circular or any other document or, except as provided herein, payment whatsoever received by that person in respect of such securities, obligations, assets or Deliverable Obligations, (ii) be under any obligation to exercise or procure exercise of any or all rights attaching to such securities, obligations, assets or Deliverable Obligations or (iii) be under any liability to a Certificateholder in respect of any loss or damage which such Certificateholder may sustain or suffer as a result, whether directly or indirectly, of that person being registered during such Intervening Period as legal owner of such securities, obligations, assets or Deliverable Obligations.

(E) *Settlement Disruption*

The provisions of this Condition 6(b)(i)(E) apply to Certificates other than Credit Linked Certificates.

If, in the opinion of the Calculation Agent, delivery of the Entitlement in such commercially reasonable manner as the Calculation Agent has determined is not practicable by reason of a Settlement Disruption Event (as defined below) having occurred and continuing on the Delivery Date, then the Delivery Date shall be postponed to the first following Settlement Business Day in respect of which there is no such Settlement Disruption Event, provided that, the Issuer may elect to

satisfy its obligations in respect of the relevant Certificate by delivering the Entitlement using such other commercially reasonable manner as it may select and in such event the Delivery Date shall be such day as the Issuer deems appropriate in connection with delivery of the Entitlement in such other commercially reasonable manner. For the avoidance of doubt, where a Settlement Disruption Event affects some but not all of the Relevant Assets comprising the Entitlement, the Delivery Date for the Relevant Assets not affected by the Settlement Disruption Event will be the originally designated Delivery Date. For so long as delivery of the Entitlement is not practicable by reason of a Settlement Disruption Event, then in lieu of physical settlement and notwithstanding any other provision hereof the Issuer may elect to satisfy its obligations in respect of the relevant Certificate by payment to the relevant Certificateholder of the Disruption Cash Redemption Amount (as defined below) on the fifth Business Day following the date that notice of such election is given to the Certificateholders in accordance with Condition 19 (*Notices*). Payment of the Disruption Cash Redemption Amount will be made in such manner as shall be notified to the Certificateholders in accordance with Condition 19 (*Notices*). The Calculation Agent shall give notice as soon as practicable to the Certificateholders in accordance with Condition 19 (*Notices*) that a Settlement Disruption Event has occurred. No Certificateholder shall be entitled to any payment in respect of the relevant Certificate in the event of any delay in the delivery of the Entitlement due to the occurrence of a Settlement Disruption Event and no liability in respect thereof shall attach to the Issuer.

For the purposes hereof:

**"Disruption Cash Redemption Amount"**, in respect of any relevant Certificate, shall be the fair market value of such Certificate (taking into account, where the Settlement Disruption Event affected some but not all of the Relevant Assets comprising the Entitlement and such non affected Relevant Assets have been duly delivered as provided above, the value of such Relevant Assets), less, unless Unwind Costs are specified as not applicable in the applicable Final Terms, the cost to the Swap Counterparty and/or its affiliates of unwinding any underlying related hedging arrangements, all as determined by the Calculation Agent acting in good faith and in a commercially reasonable manner;

**"Settlement Business Day"** has the meaning specified in the applicable Final Terms;

**"Settlement Disruption Event"** means, in the opinion of the Calculation Agent, an event beyond the control of the Issuer or the Guarantor (if applicable), as the case may be, as a result of which the Issuer or the Guarantor (if applicable), as the case may be, cannot make delivery of the Relevant Asset(s) using the method specified in the applicable Final Terms; and

**"Relevant Asset"** means the Relevant Asset specified in the applicable Final Terms.

(F) *Additional Provisions for Credit Linked Certificates*

In the case of Credit Linked Certificates, the provisions contained in Annex 10 – ("Additional Terms and Conditions for Credit Linked Securities") will apply.

(ii) *Variation of Settlement*

- (A) If the applicable Final Terms indicate that the Issuer has an option to vary settlement in respect of the Certificates, the Issuer may, at its sole and unfettered

discretion in respect of each such Certificate, elect not to pay the relevant Certificateholders the Cash Settlement Amount or to deliver or procure delivery of the Entitlement to the relevant Certificateholders, as the case may be, but, in lieu thereof to deliver or procure delivery of the Entitlement or make payment of the Cash Settlement Amount on the Redemption Date to the relevant Certificateholders, as the case may be. Notification of such election will be given to Certificateholders in accordance with Condition 19 (*Notices*).

- (B) If specified in the applicable Final Terms, the Issuer shall, in respect of each Certificate, in lieu of delivering or procuring the delivery of the Entitlement to the relevant Certificateholders, make payment of the Cash Settlement Amount on the Redemption Date to the relevant Certificateholders.

(iii) *Issuer's Option to Substitute Assets or to pay the Alternate Cash Redemption Amount*

Unless Issuer's Option to Substitute Assets is specified as not applicable in the applicable Final Terms, following a valid redemption of Certificates in accordance with these Conditions, the Issuer may, in respect of such Certificates, if the Calculation Agent determines (acting in good faith and in a commercially reasonable manner) that the Relevant Asset or Relevant Assets, as the case may be, comprises shares which are not freely tradeable, elect either (A) to substitute for the Relevant Asset or the Relevant Assets, as the case may be, an equivalent value (as determined by the Calculation Agent in good faith and in a commercially reasonable manner) of such other shares which the Calculation Agent determines, in good faith and in a commercially reasonable manner, are freely tradeable (the "**Substitute Asset**" or the "**Substitute Assets**", as the case may be) or (B) not to deliver or procure the delivery of the Entitlement or the Substitute Asset or Substitute Assets, as the case may be, to the relevant Certificateholders, but in lieu thereof to make payment to the relevant Certificateholder on the Settlement Date of an amount equal to the fair market value as determined by the Calculation Agent (unless otherwise specified) (the "**fair market value**") of the Entitlement on the Valuation Date as determined by the Calculation Agent acting in good faith and in a commercially reasonable manner by reference to such sources as it considers appropriate (the "**Alternate Cash Redemption Amount**"). Notification of any such election will be given to Certificateholders in accordance with Condition 19 (*Notices*) and in the event that the Issuer elects to pay the Alternate Cash Redemption Amount such notice shall give details of the manner in which such amount shall be paid.

For purposes hereof, a "**freely tradeable**" share shall mean (i) with respect to the United States, a share which is registered under the Securities Act or not restricted under the Securities Act and which is not purchased from the issuer of such share and not purchased from an affiliate of the issuer of such share or which otherwise meets the requirements of a freely tradeable share for purposes of the Securities Act, in each case, as determined by the Calculation Agent in good faith and in a commercially reasonable manner or (ii) with respect to any other jurisdiction, a share not subject to any legal restrictions on transfer in such jurisdiction.

(iv) *Rights of Certificateholders and Calculations*

None of the Issuer, the Guarantor (if applicable), the Trustee, the Calculation Agent, any Delivery Agent and the Agents shall have any responsibility for any errors or omissions (to the extent permitted by any applicable law) in any calculation or determination in respect of the Certificates.

The purchase of Certificates does not confer on any holder of such Certificates any rights (whether in respect of voting, distributions or otherwise) attaching to any Relevant Asset.

(c) *Currency unavailability*

This Condition shall apply when payment is due to be made in respect of any Certificate in the Specified Currency (other than where the Specified Currency is euro) and the Specified Currency is not available to the Issuer or the Guarantor (as applicable) due to the imposition of exchange controls, the Specified Currency's replacement or disuse or other circumstances beyond the control of the Issuer or the Guarantor (as applicable) ("**Currency Unavailability**"). In the event of Currency Unavailability, the Issuer or the Guarantor (as applicable) will be entitled to satisfy its obligations to the holder of such Certificate by making payment in euro on the basis of the spot exchange rate at which the Specified Currency is offered in exchange for euro in an appropriate inter-bank market at noon, Paris time, four Business Days prior to the date on which payment is due or, if such spot exchange rate is not available on that date, as of the most recent prior practicable date. Any payment made in euro in accordance with this paragraph will not constitute an Event of Default.

(d) *FX Disruption Event*

If (x) FX Settlement Disruption Event Determination is specified as applicable in the applicable Final Terms, this Condition 6(d) will only apply if, in the determination of the Calculation Agent, the FX Disruption Event is not attributable to the Issuer, but substantially alters the economics of the Notes compared to the economics as of the Issue Date or (y) FX Settlement Disruption Event Determination is not specified as applicable in the applicable Final Terms, this Condition 6(d) will apply.

- (i) If on (A) any Settlement Currency Exchange Rate Observation Date or (B) (other than in the case of a FX Disruption Event which is a Dual Exchange Rate Event, Illiquidity Disruption or an Unscheduled Holiday) if a Specified Exchange Rate is specified in the applicable Final Terms, the second Business Day prior to the due date for payment of any amount calculated using such Specified Exchange Rate, the Calculation Agent determines that a FX Disruption Event has occurred and is subsisting it will give notice (an "**FX Disruption Notice**") to the Certificateholders in accordance with Condition 19 as soon as reasonably practicable thereafter and, in any event, prior to the relevant due date for payment of the relevant amount to be calculated using such Settlement Currency Exchange Rate or Specified Exchange Rate, as applicable.
- (ii) Following the occurrence of a FX Disruption Event:
  - (A) the date for payment of the relevant amount to be calculated using the Settlement Currency Exchange Rate or Specified Exchange Rate, as applicable, will be postponed to the earlier of (1) the second Business Day following the date on which the Calculation Agent determines that a FX Disruption Event is no longer subsisting or (2) the day falling thirty (30) calendar days following the scheduled due date for payment of such amount (the "**Postponed DE Payment Date**") which, for the avoidance of doubt, may be later than the scheduled Redemption Date; and
  - (B) (1) in the case of (A)(1) above, the Issuer will pay the relevant amount in the Settlement Currency on the Postponed DE Payment Date or (2) in the case of (A)(2) above, subject to paragraphs (iii), (iv) and (v) below, in lieu of paying the relevant amount in the Settlement Currency, the Issuer will pay the relevant unconverted amount in the Specified Currency (each a "**Specified Currency Amount**") on the Postponed DE Payment Date.
- (iii) If the Issuer elects to pay the Specified Currency Amount as provided in paragraph (ii)(B) above it may (but is not obliged to) give notice to the Certificateholders in accordance with Condition 19 (an "**Issuer Account Information Notice**") requesting from each Certificateholder such information as it deems appropriate in order to pay the Specified

Currency Amount to such Certificateholder (including, *inter alios*, account information into which in the determination of the Calculation Agent the Specified Currency Amount may be paid). - (iv) In the event that the Calculation Agent determines that it is unlawful, impossible or otherwise impracticable to pay any Specified Currency Amount (other than as a result of the failure to deliver a Certificateholder Account Information Notice, if applicable) on the due date for payment thereof (a "**Non-Transferability Event**"), the Issuer shall notify the Certificateholders in accordance with Condition 19 that such due date for payment has been postponed until the first date on which in the opinion of the Calculation Agent the relevant Non-Transferability Event is no longer subsisting.
- (v) Notwithstanding paragraphs (ii) to (iv) above, the Calculation Agent acting in a commercially reasonable manner may make such adjustment to the Conditions and/or the applicable Final Terms as it determines to be necessary or desirable to reflect or account for any market practice that develops in respect of the relevant FX Disruption Event.

Upon the Calculation Agent making such adjustment and notifying the Issuer of the relevant adjustment, the Issuer shall give notice as soon as practicable to Certificateholders in accordance with Condition 19 stating the adjustment to the Conditions and/or the applicable Final Terms.

- (vi) Any Certificateholder Account Information Notice from a Certificateholder to the Calculation Agent will be validly given if delivered in writing to the Calculation Agent at the address specified for such purposes in the applicable Final Terms. **"Inconvertibility Event"** means the occurrence of any event or existence of any condition that has the effect of it being impossible, illegal or impracticable for, or has the effect of prohibiting, restricting or materially delaying the ability of the Issuer and/or any of its Affiliates (1) to convert the Specified Currency into the Settlement Currency through customary legal channels; (2) to effect currency transactions on terms as favourable as those available to residents of the Reference Jurisdiction; or (3) to freely and unconditionally transfer or repatriate funds (in the Specified Currency or the Settlement Currency) from accounts inside the Reference Jurisdiction to accounts outside the Reference Jurisdiction or between accounts inside the Reference Jurisdiction.

The "**Optional Redemption Amount**" in respect of each Certificate shall be an amount calculated by the Calculation Agent equal to:

(i) Notional Amount x the percentage or (ii) the Call Payout as specified in the applicable Final Terms,

Provided that if the product of the Call Payout is zero, no amount shall be payable on redemption of such Certificate.

In the case of a partial redemption of Certificates, the Certificates to be redeemed will be selected individually by lot (in the case of Certificates represented by Certificates in definitive form) and in accordance with the rules of Euroclear and/or Clearstream, Luxembourg in the case of Certificates represented by a global Certificate held on behalf of Euroclear and/or Clearstream, Luxembourg (to be reflected in the records of Euroclear and/or Clearstream, Luxembourg as either a pool factor or a reduction in notional amount, at their discretion) and in accordance with the rules of the relevant securities depository and any relevant provisions in the applicable Final Terms (in the case of Registered Certificates), in each case not more than 30 days prior to the date fixed for redemption (the "**Selection Date**"). (d) *Redemption at the Option of the Certificateholders*

If Certificateholder Put Option is specified as applicable in the applicable Final Terms, upon the holder of any Certificate giving notice to the Issuer in accordance with Condition 19 (*Notices*) (the period of which shall not be less than the minimum nor more than the maximum specified in the applicable Final Terms) the Issuer will, upon the expiry of such notice, redeem, in whole (but not in part), such Certificate on the Optional Redemption Date and at the Optional Redemption Amount specified in the applicable Final Terms together, if appropriate, with interest accrued to but excluding the Optional Redemption Date. It may be that before an option to require the Issuer to redeem any Certificate can be exercised, certain conditions and/or circumstances will need to be satisfied.

The "**Optional Redemption Amount**" in respect of each Certificate shall be an amount calculated by the Calculation Agent equal to:

(i) Notional Amount x the percentage or (ii) the Put Payout, as specified in the applicable Final Terms,

Provided That if the product of the Put Payout is zero, no amount shall be payable on redemption of such Certificate.

To exercise the right to require redemption of a Certificate, the holder of such Certificate must, if the Certificate is in definitive form and held outside Euroclear and Clearstream, Luxembourg, deliver, at the specified office of the Registrar at any time during normal business hours of the Registrar falling within the notice period, a duly completed and signed notice of exercise in the form (for the time being current) obtainable from any specified office of the Registrar (a "**Put Notice**") and in which the holder must specify a bank account (or, if payment is required to be made by cheque, an address) to which payment is to be made under this Condition 8(d) and, in the

If this Certificate is in definitive form, the Put Notice must be accompanied by this Certificate or evidence satisfactory to the Registrar that this Certificate will, following delivery of the Put Notice, be held to the order or under its control. Any Put Notice given by a holder of any Certificate pursuant to this paragraph (d) shall be:

- (i) irrevocable except where prior to the due date of redemption an Event of Default has occurred and the Trustee has declared the Certificates to be due and payable pursuant to Condition 12 (*Events of Default*), in which event such holder, at its option, may elect by notice to the Issuer to withdraw the notice given pursuant to this paragraph (d); and
  - (ii) void and of no effect in relation to such Certificate in the event that, prior to the giving of such Put Notice by the relevant holder (A) such Certificate constituted a Redeemed Certificate, or (B) the Issuer had notified the Certificateholders of its intention to redeem all of the Certificates then outstanding, in each case pursuant to Condition 8(c) (*Redemption at the Option of the Issuer*).
- (e) *Early Redemption Amounts*

For the purposes of paragraphs (f), (l) and (m) below and Condition 12 (*Events of Default*) (other than where Reference Securities Impossibility Event is specified as applicable in the applicable Final Terms and a Reference Securities Impossibility Event has occurred), the Final Terms may specify that the Certificates will be redeemed at the "**Early Redemption Amount**" calculated by the Calculation Agent in accordance with the following (or may specify an alternative calculation method) (provided that the Final Terms may specify more than one of the following amounts to apply in the applicable Final Terms in respect of different Early Redemption Events):

- (i) in the case of Certificates with a Cash Settlement Amount equal to the Issue Price, at the Cash Settlement Amount thereof; or
- (ii) subject to Condition 8(e)(iv) and 8(e)(v) in the case of a Certificate with a Cash Settlement Amount or interest, coupon, premium or other interim payment which is linked to an index, a formula or other Underlying Reference, at the percentage of the Calculation Amount specified in the applicable Final Terms or, if "Market Value less Costs" is specified in the applicable Final Terms at the fair market value of the Certificate less associated costs; or
- (iii) in the case of Certificates to which Physical Settlement is applicable, as determined in the manner specified in the applicable Final Terms; or
- (iv) if Liquidation Proceeds is specified in the applicable Final Terms as the Early Redemption Amount, the Issuer shall appoint an agent to sell or otherwise realise the Charged Assets (the "**Disposal Agent**") which shall be the Calculation Agent (or such other party as may be agreed by the Issuer and the Trustee provided that, for the avoidance of doubt, the

Disposal Agent may not be the Issuer) and the Early Redemption Amount in respect of each Certificate shall be the *pro rata* share of the Liquidation Proceeds. "**Liquidation Proceeds**" shall be an amount, subject to a maximum equal to the Liquidation Proceeds Cap save where "Liquidation Proceeds Cap" is specified as not applicable in the applicable Final Terms, equal to the amounts received by or on behalf of the Issuer upon the sale or realisation of the Charged Assets (including, without limitation, any termination payment received by the Issuer under the relevant Swap Agreement and/or, where applicable, the amount received by the Issuer in respect of the Charged Assets on the redemption date, expiration date or other date for final payment in respect of the Charged Assets) after the deduction of any fees (including, without limitation, any legal fees), costs, expenses and taxes incurred by the Disposal Agent (for itself and on behalf of the Issuer), in respect of the sale or realisation of the Charged Assets and the early redemption of the Certificates, any due and unpaid fees, costs and expenses of the Trustee and the Agents and any amounts due to be paid to the Swap Counterparty under the Swap Agreement. Where Liquidation Proceeds Cap is applicable, "**Liquidation Proceeds Cap**" means (A) in case of redemption of the Certificates as a result of an Early Redemption Event, the Cash Settlement Amount (calculated on the basis that any reference to the Redemption Date in relation to the determination thereof shall be deemed to be a reference to the Early Redemption Date) that would have been payable but for the occurrence of the Early Redemption Event; or (B) following a Certificate Acceleration, the Cash Settlement Amount (calculated on the basis that any reference to the Redemption Date in relation to the determination thereof shall be deemed to be a reference to the date on which notice of the Certificate Acceleration was given by the Trustee in accordance with Condition 12 (*Events of Default*)) that would have been payable but for the occurrence of the Event of Default. In respect of Certificates bearing interest, notwithstanding anything to the contrary herein, the Early Redemption Amount, as determined by the Calculation Agent in accordance with this Condition 8(e)(iv) shall include any accrued interest to (but excluding) the relevant early redemption date and apart from any such interest included in the Early Redemption Amount, no interest, accrued or otherwise, or any other amount whatsoever will be payable by the Issuer in respect of such redemption. Unless otherwise specified in the applicable Final Terms, the Early Redemption Amount will be "Liquidation Proceeds" as defined above;

- (v) if Liquidation Proceeds/Fair Market Value is specified in the applicable Final Terms as the Early Redemption Amount, the Calculation Agent will determine the fair market value of a Certificate (taking into account the occurrence of the relevant Early Redemption Event but otherwise equal to a *pro rata* share of the amounts payable to the Issuer in respect of the Charged Assets following their early termination or realisation on or prior to the Early Redemption Date) which such amount will be the Early Redemption Amount in respect of each Certificate unless such amount would be less than the *pro rata* share of the Liquidation Proceeds (subject to the Liquidation Proceeds Cap, if applicable) realised by a Disposal Agent appointed by the Issuer in respect of a Certificate, in which case a *pro rata* share of the Liquidation Proceeds (subject to the Liquidation Proceeds Cap, if applicable) will be the Early Redemption Amount in respect of each Certificate; or
- (vi) if Liquidation Proceeds/No Unwind Costs is specified as the Early Redemption Amount, the Early Redemption Amount in respect of each Certificate shall be the *pro rata* share of the Unadjusted Liquidation Proceeds. "**Unadjusted Liquidation Proceeds**" shall be an amount, subject to a maximum equal to the Liquidation Proceeds Cap save where "Liquidation Proceeds Cap" is specified as not applicable in the applicable Final Terms, equal to the amounts received by or on behalf of the Issuer upon the sale or realisation of the Charged Assets (including, without limitation, any termination payment received by the Issuer under the relevant Swap Agreement and/or, where applicable, the amount received by the Issuer in respect of the Charged Assets on the redemption date, expiration date or other date for final payment in respect of the Charged Assets) after the deduction

of any termination payment due to be paid to the Swap Counterparty under the Swap Agreement. Where the Liquidation Proceeds Cap is applicable, "**Liquidation Proceeds Cap**" means in case of redemption of the Certificates as a result of an Early Redemption Event, the Final Redemption Amount (calculated on the basis that any reference to the Redemption Date in relation to the determination thereof shall be deemed to be a reference to the Early Redemption Date) that would have been payable but for the occurrence of the Early Redemption Event. In respect of Certificates bearing interest, notwithstanding anything to the contrary herein, the Early Redemption Amount, as determined by the Calculation Agent in accordance with this Condition 8(e)(vi) shall include any accrued interest to (but excluding) the relevant early redemption date and apart from any such interest included in the Early Redemption Amount, no interest, accrued or otherwise, or any other amount whatsoever will be payable by the Issuer in respect of such redemption; or

"**Unadjusted Proceeds**" shall be an amount, subject to a maximum equal to the Liquidation Proceeds Cap (save where "Liquidation Proceeds Cap" is specified as not applicable in the applicable Final Terms), equal to the amounts received by or on behalf of the Issuer upon the sale or realisation of the Charged Assets (or the relevant proportion thereof where the Certificates are being redeemed in part only) (including, without limitation, any termination payment received by the Issuer under the relevant Swap Agreement and/or, where applicable, the amount received by the Issuer in respect of the Charged Assets on the redemption date, expiration date or other date for final payment in respect of the Charged Assets) after the deduction of any termination payment due to be paid to the Swap Counterparty under the Swap Agreement but without deduction of costs other than such costs that are unavoidable to redeem the Certificates early. Where the Liquidation Proceeds Cap is applicable, "Liquidation Proceeds Cap" means in case of redemption of the Certificates as a result of an Early Redemption Event, the Final Redemption Amount (calculated on the basis that any reference to the Redemption Date in relation to the determination thereof shall be deemed to be a reference to the Early Redemption Date) that would have been payable but for the occurrence of the Early Redemption Event. In respect of Certificates bearing interest, notwithstanding anything to the contrary herein, the Early Redemption Amount, as determined by the Calculation Agent in accordance with this Condition 8(e)(vii) shall include any accrued interest to (but excluding) the relevant early redemption date and apart from any such interest included in the Early Redemption Amount, no interest, accrued or otherwise, or any other amount whatsoever will be payable by the Issuer in respect of such redemption; or
- (viii) if Highest Value is specified as applicable in the applicable Final Terms, the greater of the fair market value of a Certificate or, as the case may be, Redeemed Amount (where the fair market value of a Certificate or Redeemed Amount, as the case may be, shall be equal to such Certificate's *pro rata* share of the Unadjusted Liquidation Proceeds calculated as if Liquidation Proceeds/No Unwind Costs were applicable with respect to the relevant Early Redemption Event or event which leads to the partial redemption of the Note) (notwithstanding any illegality (if applicable) and taking into account any Additional Disruption Event, Optional Additional Disruption Event, Index Adjustment Event, Custom Index Adjustment Event, Extraordinary Event, Commodity Index Adjustment Event, Market Disruption Event, Index Cancellation, Extraordinary Fund Event, Fund Index Adjustment Event, as the case may be, and the Protected Amount specified in the applicable Final Terms or, as the case may be, proportionate share of such Protected Amount, provided that, (x) no costs shall be deducted from such amount and (y) such amount shall include the reimbursement by the Issuer, *pro rata* (calculated from the early redemption date or, as the case may be, partial redemption date notified to the

Certificateholders until the scheduled Redemption Date of the Certificates), of any costs or, as the case may be, proportionate share of such costs (including but not limited to any structuring costs) paid by Certificateholders to the Issuer in the Issue Price of the Certificates, such amount to be paid to the Certificateholders on the date notified to the Certificateholders in the notice of early redemption or, as the case may be, notice of partial redemption;

- (ix) if Market Value is specified as applicable in the applicable Final Terms, the fair market value of a Certificate ( or, as the case may be, Redeemed Amount (where the fair market value of a Certificate or Redeemed Amount, as the case may be, shall be equal to such Certificate's *pro rata* share of the Unadjusted Liquidation Proceeds calculated as if Liquidation Proceeds/No Unwind Costs were applicable with respect to the relevant Early Redemption Event or event which leads to the partial redemption of the Certificate) (notwithstanding the illegality (if applicable) and taking into account any Additional Disruption Event, Optional Additional Disruption Event, Index Adjustment Event, Custom Index Adjustment Event, Extraordinary Event, Commodity Index Adjustment Event, Market Disruption Event, Index Cancellation, Extraordinary Fund Event, Fund Index Adjustment Event, as applicable, where an Annex Early Redemption Event has occurred) calculated (x) without taking account of any costs and no costs shall be deducted from such amount and (y) including the reimbursement by the Issuer, *pro rata* (calculated from the early redemption date or, as the case may be, partial redemption date notified to the Certificateholders until the scheduled Redemption Date of the Certificates), of any costs or, as the case may be, proportionate share of such costs (including but not limited to any structuring costs) paid by Certificateholders to the Issuer in the Issue Price of the Notes, such an amount to be paid to the Certificateholders on the date notified in the notice of early redemption or, as the case may be, notice of partial redemption; or
- (x) if Monetisation Option is specified as applicable in the applicable Final Terms:
  - (A) the Monetisation Amount (as defined below) (including the reimbursement by the Issuer, *pro rata* (calculated from the early redemption date or, as the case may be, partial redemption date notified to the Certificateholders until the scheduled Redemption Date of the Certificates), of any costs or, as the case may be, proportionate share of such costs (including but not limited to any structuring costs) paid by Certificateholders to the Issuer in the Issue Price of the Certificates), such amount to be paid by the Issuer (notwithstanding the notice of early redemption) on the Redemption Date; or
  - (B) if the Certificateholder duly elects to receive the fair market value, as provided below, the Market Value calculated in accordance with Condition 8(e)(ix) of such Certificate, such amount to be paid by the Issuer on the date fixed for early redemption, as notified to the Certificateholders.

In the Issuer's notice of early redemption, the Issuer must include the following:

If five or more of such offered quotations are available on the AER Screen Page, the highest (or, if there is more than one such highest quotation, one only of such quotations) and the lowest (or, if there is more than one such lowest quotation, one only of such quotations) shall be disregarded by the Calculation Agent for the purpose of determining the arithmetic mean (rounded as provided above) of such offered quotations.

If the AER Screen Page is not available or if, in the case of subparagraph (i), no offered quotation appears or, in the case of subparagraph (ii), fewer than three offered quotations appear, in each case as at the AER Specified Time, the Calculation Agent shall request each of the Reference Banks to provide the Calculation Agent with its offered quotation (expressed as a percentage rate per annum) for the AER Reference Rate at approximately the AER Specified Time on the AER Reference Rate Determination Date in question. If the applicable Final Terms specifies a Minimum AER Reference Rate then, in the event that the AER Reference Rate determined in accordance with the above provisions is less than such Minimum AER Reference Rate, the AER Rate calculated using such Minimum AER Reference Rate.

If the applicable Final Terms specifies a Maximum AER Reference Rate then, in the event that the AER Reference Rate determined in accordance with the above provisions is greater than such Maximum AER Reference Rate, the AER Rate shall be such Maximum AER Reference Rate.

  - (i) The Issuer has (as specified in the Trust Deed relating to the Certificates or in another relevant security document relating to the Certificates), assigned or created a first fixed charge, and/or other security interest, in each case in favour of the Trustee for itself and as trustee for the Secured Parties, over or in respect of:
    - (A) the present and future Compartment Assets relating to the relevant Compartment and all of the Issuer's rights, title, interest and benefit, present and future, in respect of sums derived from the present and future Compartment Assets relating to the relevant Compartment (including, without limitation, any proceeds of the sale thereof);

    - (C) the Issuer's rights, title, interest and benefit, present and future, in, to and under any Transaction Document (including without limitation any Swap Agreement, any Deposit Agreement and any Repurchase Agreement) and any agreement for the sale, transfer and/or delivery of assets relating to the relevant Compartment

(as contemplated under Condition 9(a) and any sums received or receivable by the Issuer under any such agreement.

- (ii) If it is stated in the applicable Final Terms that the security for the Certificates is "Charged Assets charged to Trustee; additional foreign law security", the Issuer has in the Trust Deed created the security specified in sub-paragraph (i) above and has, in addition and without prejudice to the security specified as aforesaid, executed in favour of the Trustee the pledge or security or other agreement or document specified in the applicable Final Terms (each an "**Additional Security Document**").
- (iii) The security described in sub-paragraph (i) and, as the case may be, sub-paragraph (ii) shall be referred to herein as the "**Compartment Security**" and the assets described in sub-paragraph (i) and, as the case may be, sub-paragraph (ii) shall be referred to herein as the "**Charged Assets**".

(d) *General provisions relating to security*

Unless otherwise specified in the applicable Final Terms, the Compartment Security constituted or created pursuant to the Trust Deed and any Additional Security Document will be granted to the Trustee for itself and for the other Secured Parties (as defined in Condition 9(e) as continuing security for (i) the payment of all sums due to the Trustee or any appointee or any receiver under the Trust Deed and/or any Additional Security Document or due under the Certificates, (ii) the performance of the Issuer's obligations under any Related Agreement (including any Swap Agreement) and (iii) the payment of all sums payable to the Agents pursuant to any provision of the Agency Agreement (including the provisions which require the Issuer to reimburse (and to pay interest on the amount reimbursed as provided in the Agency Agreement) to the Principal Warrant and Certificate Agent or the Registrar for any amount paid out by the Principal Warrant and Certificate Agent or the Registrar, as the case may be, to the Certificateholders before receipt of the corresponding amount due from the Issuer).

(e) *Application of Proceeds*

- (i) The Trustee shall (subject to the provisions of the Trust Deed) apply all moneys received by it under the provisions of the Trust Deed and any Additional Security Document in connection with the realisation or enforcement as described in Condition 14 of the Compartment Security constituted by or pursuant to the Trust Deed and any Additional Security Document in accordance with the Order of Priority specified in the applicable Final Terms (such amounts being the "**Available Enforcement Proceeds**").
- (ii) By subscribing to or otherwise acquiring the Certificates, each Certificateholder expressly consents to the provisions of this Condition 9(e), the order of priority specified in the applicable Final Terms (the "**Order of Priority**") and the limitation of its rights in accordance with article 64 of the Securitisation Act 2004 and is deemed to have accepted and agreed to such provisions and the consequences thereof. If no Order of Priority is specified in the applicable Final Terms, the Order of Priority shall be Swap Counterparty Priority as set out below.
- (iii) If:
  - (A) "**Swap Counterparty Priority**" is specified in the applicable Final Terms, Available Enforcement Proceeds shall be applied as follows:

  - (5) fifthly, rateably in meeting the claims (if any) of the Certificateholders. If the moneys received by the Trustee are not enough to pay such amounts in full, the Trustee shall apply them *pro rata* on the basis of the amount due to each party entitled to such payment; and

- (6) sixthly, in payment of the balance (if any) to the Issuer.

**"Secured Parties"** means each of the Trustee, any receiver, the Certificateholders, the Swap Counterparty and the Agents (each, a **"Secured Party"**).

(f) *Compartment Assets substitution by Swap Counterparty*

Where this Condition 9(f) is specified as being applicable in the Final Terms then the Compartment Assets may be substituted in whole or in part by the Swap Counterparty.

The Swap Counterparty may substitute the Compartment Assets for:

- (i) either securities denominated in the currency specified in the Final Terms issued by the entity specified as the eligible collateral issuer (each, an **"Eligible Compartment Assets Issuer"**) in the Final Terms (**"Eligible Compartment Assets Issuer Obligations"**); or
- (ii) such other securities, obligations or an amount of cash in the currency in which the principal amount of the existing Compartment Assets is expressed to be payable where **"Alternative Substitution"** is specified in the Final Terms.

The new securities, obligations or cash to be substituted must be in a principal amount equal (or, if in another currency, the equivalent to the principal amount of the currency in which the Compartment Assets are expressed to be payable, as determined on the date of such substitution by the Swap Counterparty in good faith and in a commercially reasonable manner) to the then fair market value of the Certificates as determined by the Swap Counterparty (or, in the case of a substitution or redemption of part only of the Compartment Assets, of the relevant proportion thereof as at the date of such substitution).

The securities, obligations or cash which may be substituted for the Compartment Assets shall be delivered (or paid, in the case of cash) by the Swap Counterparty to the Custodian or such other relevant Counterparty.

By making any substitution pursuant to this Condition 9(f) the Swap Counterparty shall be deemed to agree with the Issuer and the Trustee that its obligations under the relevant Swap Agreement shall continue in full force and effect irrespective of such substitution and that no termination or adjustment to its obligations thereunder shall occur as a consequence of such substitution.

The Trustee shall, upon notice from the Swap Counterparty (upon which the Trustee may rely without further enquiry) that the conditions for substitution referred to in this Condition 9(f) are met, release the Compartment Assets to be substituted from the security created in respect of it under the Trust Deed. The Issuer, the Trustee and the Swap Counterparty will upon such substitution enter into such further documentation as may be required (if at all) by any applicable law and/or as may be required by the Trustee to give effect to the creation of security over any replacement securities, obligations or cash amounts in the manner set out in this Condition 9(f).

References in these Conditions and the Trust Deed to "**Compartment Assets**" shall be deemed to include any substituted Compartment Assets and references to "**Charged Assets**" shall be deemed to include any additional assets or rights charged or assigned in favour of the Trustee pursuant to such substitution.

Where "Substitution Notification" is specified in the applicable Final Terms, the Issuer shall give notice of any substitution to Certificateholders under this Condition 9(f) in accordance with Condition 19 (*Notices*) and, in relation to any Certificates listed on the Luxembourg Stock Exchange, to the Luxembourg Stock Exchange (or if listed on another stock exchange to such other stock exchange) and will, if required by the rules of the Luxembourg Stock Exchange (or of such other stock exchange), prepare a supplement to any applicable prospectus or such other documents as may be required.

If this Condition 9(f) is applicable, the Trustee and any Certificateholders may at any time require the Issuer to notify them of the composition of the Compartment Assets at such time.

*The Swap Counterparty may substitute the Compartment Assets in accordance with this Condition 9(f) without regard to the projected market value of substitute securities or obligations. There is no guarantee that the value of such Compartment Assets in the event of termination of the relevant Swap Agreement, taking into account any termination payment due under such Swap Agreement to or from the Swap Counterparty, will equal or exceed the Cash Settlement Amount (if any) for each Certificate.*

(g) *Compartment Assets substitution under a Credit Support Annex, Credit Support Deed or Pledge*

Where the Issuer and the Swap Counterparty have entered into a Credit Support Annex in respect of any Swap Agreement, then the Compartment Assets may be substituted in whole or in part by the Swap Counterparty in accordance with the terms of the Credit Support Annex.

The securities, obligations or cash which may be substituted for the Compartment Assets shall be delivered (or paid, in the case of cash) by the Swap Counterparty to the Custodian (or, where an alternative bank or institution is specified as custodian for the Collateral in the applicable Final Terms, to such entity).

By making any substitution pursuant to this Condition 9(g), the Swap Counterparty shall be deemed to agree with the Issuer and the Trustee that its obligations under the relevant Swap Agreement shall continue in full force and effect irrespective of such substitution and that no termination or adjustment to its obligations thereunder shall occur as a consequence of such substitution.

In the case of Compartment Assets substitution under a Credit Support Annex, the Trustee shall, upon notice from the Swap Counterparty (upon which the Trustee may rely without further enquiry) that the conditions for substitution referred to in this Condition 9(g) are met, release the Compartment Assets to be substituted from the security created in respect of it under the Trust Deed. The Issuer, the Trustee and the Swap Counterparty will upon such substitution enter into such further documentation as may be required (if at all) by any applicable law and/or as may be required by the Trustee to give effect to the creation of security over any replacement securities, obligations or cash amounts in the manner set out in this Condition 9(g).

After any substitution, references in these Conditions and the Trust Deed to "**Compartment Assets**" shall be deemed to include any Compartment Assets substituted and references to "**Charged Assets**" shall be deemed to include any additional assets or rights charged or assigned in favour of the Trustee pursuant to such substitution.

Where substitution of the Compartment Assets takes place in accordance with the terms of any credit support annex, the Issuer shall not be obliged to give notice of any substitution to Certificateholders under this Condition 9(g).

If this Condition 9(g) is applicable, the Trustee may at any time require the Issuer to notify it of the composition of the Compartment Assets at such time.

Where the Issuer and the Swap Counterparty have entered into a Credit Support Deed in respect of any Swap Agreement, the collateral secured under the relevant Credit Support Deed may be substituted in whole or in part by the Swap Counterparty in accordance with the terms of the relevant Credit Support Deed.

Where the Issuer and the Swap Counterparty have entered into a Pledge in respect of any Swap Agreement, the assets that are subject to the relevant Pledge may be substituted in whole or in part by the Swap Counterparty in accordance with the terms of the relevant Pledge.

*The Swap Counterparty may substitute the Compartment Assets in accordance with this Condition 9(g) without regard to the projected market value of substitute securities or obligations. There is no guarantee that the value of such Compartment Assets in the event of termination of the relevant Swap Agreement, taking into account any termination payment due under such Swap Agreement to or from the Swap Counterparty, will equal or exceed the Cash Settlement Amount (if any) for each Certificate.*

(h) *Swap Counterparty optional termination*

Where this Condition 9(h) is specified as being applicable in the Final Terms, the Swap Counterparty may (unless it is the Defaulting Party under, and as defined in, the relevant Swap Agreement) opt to terminate a Swap Agreement in whole or in part in accordance with either or both of the methods set out below (as specified in the Final Terms).

(i) *Redemption following Swap Counterparty optional termination*

Where "**Swap Counterparty optional termination - Call option**" is specified as being applicable in the Final Terms, the following will apply:

The Swap Counterparty may opt to terminate a Swap Agreement in whole or in part on either on any date specified as being applicable in the Final Terms upon the number of Business Days' notice specified as being applicable in the Final Terms.

Such optional termination will lead to early redemption in whole or in part, as the case may be, of the Certificates in the manner set out in this Condition 9(h).

(ii) *Repurchase:*

Where this Condition 9(h)(ii) is specified as being applicable in the Final Terms, the Swap Counterparty may opt to terminate a Swap Agreement upon service of written notice on the Issuer with a copy to the Trustee, in whole or in part and without payment by either party, if any of the Certificates to which that transaction relates are purchased by or on behalf of the Swap Counterparty or any of its subsidiaries or affiliates ("**Purchased Certificates**"). Where such option is exercised, such Swap Agreement will terminate *pro rata* in the proportion (the "**Proportion**") that the aggregate notional amount of the Purchased Certificates bears to the aggregate notional amount of the Certificates remaining outstanding (or, where applicable, unexercised) immediately prior to the

purchase of the Purchased Certificates by the Swap Counterparty or any of its subsidiaries or affiliates. Upon service of such notice, the Swap Counterparty will be either (A) authorised by the Issuer to take delivery of and/or deliver and/or realise on the Issuer's behalf the Proportion of the Charged Assets (if any) charged to or otherwise secured in favour of the Trustee under the Trust Deed or (B) entitled to payment of an amount equal to the Proportion of the Charged Assets where the Charged Assets is constituted by cash ("**Realised Collateral**"). The Realised Collateral will be payable or deliverable, as the case may be, by the Issuer to or to the order of the Swap Counterparty, in the contractual currency paid by the Issuer under the relevant Swap Agreement (where the Realised Collateral is not being delivered). Upon receipt of the Realised Collateral, the Swap Counterparty will deliver to the Principal Warrant and Certificate Agent the Purchased Certificates for cancellation. In such circumstances:

- (1) the Issuer will be deemed to have consented to the Trustee releasing the Realised Collateral to the Swap Counterparty upon termination of the relevant Swap Agreement in the manner described in this Condition 9(h);
- (2) where relevant, the Swap Counterparty, on behalf of the Issuer, will be deemed to be authorised by the Issuer to realise the Proportion of the Charged Assets; and
- (3) the Trustee will, unless an Event of Default or a Potential Event of Default has occurred, be deemed to release the Realised Collateral from the security created in respect of it under the Trust Deed.

(i) *Residual Shortfall*

In the case of Certificates (but without prejudice to the rights of a holder of Guaranteed Certificates under the Guarantee (if applicable)), if the net proceeds of the realisation or enforcement of the Charged Assets created pursuant to the Trust Deed and/or any Additional Security Document in respect of the Charged Assets following payment of all prior ranking amounts (the "**Net Proceeds**") are not sufficient to make all payments due in respect of such Certificates, then:

- (i) the obligations of the Issuer in respect of such Certificates will be limited to such Net Proceeds and neither the Trustee nor any Secured Party nor anyone acting on behalf of any Secured Party shall have any claim in respect of any asset of the Issuer not forming part of the Charged Assets; and
- (ii) the Issuer will not be obliged to make any further payment in excess of the Net Proceeds and any Certificateholder's right to receive any further sums in respect of any Residual Shortfall shall be extinguished in full, and neither the Trustee nor any Secured Party nor anyone acting on behalf of any Secured Party shall be entitled to take any further steps against the Issuer or the Trustee to recover any such Residual Shortfall.

No Secured Party nor any party to the Trust Deed shall be entitled to petition or take any other step for the winding-up of the Issuer (including, without limitation, the opening of any bankruptcy (*faillite*), insolvency, voluntary or judicial liquidation (*insolvabilité liquidation volontaire ou judiciaire*), composition with creditors (*concordat préventif de faillite*), reprieve from payment (*sursis de paiement*), controlled management (*gestion contrôlée*), fraudulent conveyance (*actio pauliana*), general settlement with creditors or reorganisation proceedings or similar proceedings affecting the rights of creditors generally) or the appointment of an examiner in respect of the Issuer (including, without limitation, the appointment of any receiver (*curateur*) (except any receiver appointed by the Trustee pursuant to the Trust Deed), liquidator (*liquidateur*), auditor (*commissaire*), verifier (*expert-vérificateur*), deputy judge (*juge délégué*) or reporting judge (*juge commissaire*)). Failure by the Issuer to make any payment in respect of any Residual Shortfall shall in no circumstances constitute an Event of Default under Condition 12.

In this Condition, "**Residual Shortfall**" means the difference, if any, between the Net Proceeds and the aggregate amount which would have been due under the Certificates but for the operation of this Condition 9(i).

(j) *Issuer's rights as holder of Compartment Assets*

The Issuer may exercise any rights in its capacity as holder of the Compartment Assets (including, without limitation, a right to vote or any analogous right howsoever described) only with the consent of the Trustee (or as directed in writing by the respective holders of at least 25 per cent. (by number) of the Certificates then outstanding or as directed by an Extraordinary Resolution of the Certificateholders) and (except in relation to the Swap Agreement) the Swap Counterparty and, if such direction is given, the Issuer will act in accordance with such directions, unless such instructions are in the reasonable opinion of the Issuer contrary to applicable laws, regulations and/or circular letters issued by the Issuer's supervisory authority or materially detrimental to the interests of the Issuer. In particular, the Issuer will not attend or vote at any meeting of holders of the Compartment Assets, or give any consent or notification or make any declaration in relation to the Compartment Assets, save with the consent of the Trustee (or as directed in writing by the respective holders of at least 25 per cent. (by number) of Certificates then outstanding or as directed by an Extraordinary Resolution of each of the Certificateholders) and the Swap Counterparty. In the event of a conflict between the instructions of the Trustee (or the Certificateholders) and the Swap Counterparty, the instructions of the Instructing Party will prevail.

In these Conditions "**Instructing Party**" means if "Swap Counterparty Priority" applies the Swap Counterparty (except in relation to the Swap Agreement, or where it is the Defaulting Party under, and as defined in, the relevant Swap Agreement, in which case the Instructing Party will be the Certificateholders) and if either "Certificateholder Priority" or "Pari-Passu Ranking" applies, the Certificateholders.

(k) *Swap termination*

Notwithstanding the terms of Condition 9(j) (*Issuer's rights as holder of Compartment Assets*), where "**Swap Termination Without Redemption**" is specified as applicable in the applicable Final Terms and where an Event of Default (as defined in the Swap Agreement) occurs under the Swap Agreement in circumstances where the Swap Counterparty is the Defaulting Party (as defined in the Swap Agreement), following notification of such Event of Default by the Issuer to the Trustee (a "**Swap Default**"), the Trustee shall promptly, and in any event not later than five Business Days after such notification, instruct the Issuer to deliver, in respect of the Swap Agreement (where such agreement is constituted by a 2002 Master Agreement published by the International Swaps and Derivatives Association, Inc. (the "**Master Agreement**") and schedule thereto and any confirmations thereunder), a notice under Section 6(a) of the Master Agreement designating an Early Termination Date (as defined in the Swap Agreement). In such circumstances, the Issuer (with the consent of the Trustee) may appoint an agent (a "**Termination Agent**") to assist it in terminating the Swap Agreement and making any calculations necessary in connection with such termination. A *pro rata* share of the amount, if any and subject to a minimum of zero, equal to (i) the sum of (1) the Early Termination Amount (as defined in the Swap Agreement) received by the Issuer under the Swap Agreement (2) any interest which has accrued on the amount received by the Issuer (which may be a positive or negative amount) and (3) the Unused Charged Assets Proceeds less (ii) the costs and expenses of the Trustee and any costs and expenses of the Termination Agent incurred in connection with the termination of the Swap Agreement shall be paid by the Issuer to the Certificateholders on a *pro rata* and *pari passu* basis on the Redemption Date. If the Issuer does not receive the Early Termination Amount on or prior to the Redemption Date, Condition 8(n) will apply. For the purposes of this Condition 9(k), "**Unused Charged Assets Proceeds**" means any amounts received by the Issuer from the Charged Assets other than the Swap Agreement which have not been used on or prior to the Redemption Date to pay interest and/or premium and redemption amounts otherwise payable in respect of the

Certificates, amounts due to the Swap Counterparty under the Swap Agreement (including in respect of any Early Termination Amount due to the Swap Counterparty) and/or any fees, costs or expenses due to the Trustee and/or any of the Agents.

## 10. Expenses and Taxation

All payments in respect of the Certificates or under the Guarantee shall be made free and clear of, and without withholding or deduction for or on account of, any present or future taxes, duties, assessments or governmental charges of whatever nature imposed, levied, collected, withheld or assessed by or on behalf of any Tax authority, unless such withholding or deduction is required by law, including, without limitation, any withholding or deduction required pursuant to an agreement described in Section 1471(b) of the U.S. Internal Revenue Code of 1986 (the "**Code**") or otherwise imposed pursuant to Sections 1471 through 1474 of the Code, any regulations or agreements thereunder, official interpretations thereof, or any law implementing an intergovernmental approach thereto and any withholding or deduction required pursuant to Section 871(m) of the Code, in which case the Issuer or, as the case may be, the Guarantor shall make all payments net of such withholding or deduction. Such withholding or deduction shall not constitute an Event of Default under Condition 12.

In addition, in determining the amount of withholding or deduction required pursuant to Section 871(m) of the Code imposed with respect to any amounts to be paid on the Certificates, the Issuer shall be entitled to withhold on any "dividend equivalent" payment (as defined for purposes of Section 871(m) of the Code) at a rate of 30 per cent.

In respect of Exercisable Certificates only, all taxes, duties and/or expenses, including any applicable depository charges, transaction or exercise charges, stamp duty, stamp duty reserve tax, issue, registration, securities transfer and/or other taxes or duties arising from the exercise and settlement of such Certificates and/or the delivery or transfer of the Entitlement (as applicable) pursuant to the terms of such Certificates ("**Exercise Expenses**") relating to such Certificates shall be for the account of the Certificateholder. The Issuer shall deduct from amounts payable or from assets deliverable to Certificateholders all Related Expenses, not previously deducted from amounts paid or assets delivered to Certificateholders, as the Calculation Agent shall in good faith and in a commercially reasonable manner determine are attributable to the Certificates. Such deduction by the Issuer shall not constitute an Event of Default under Condition 12.

For the avoidance of doubt, neither the Issuer, the Trustee nor the Guarantor (if applicable) shall be liable for any Related Expenses and Certificateholders shall be liable to pay the Related Expenses attributable to their Certificates.

"**Expenses**" means Exercise Expenses and any Related Expenses.

"**Related Expenses**" means (a) all present, future, prospective, contingent or anticipated Taxes which are (or may be) or were (or may have been) withheld or payable under the laws, regulations or administrative practices of any state (or any political sub-division or authority thereof or therein) and (b) any other present, future, or contingent expenses (including without limitation, any applicable depository charges, transaction charges, issue registration, securities transfer or other expenses) which are (or may be) or were (or may have been) payable, in each case in respect of or in connection with:

- (i) the issue, transfer or enforcement of the Certificates;
- (ii) any payment (or delivery of assets) to Certificateholders;
- (iii) a person or its agent's assets or any rights, distributions of dividends appertaining to such assets (has such an investor (or agent) purchased, owned, held, realised, sold or otherwise disposed of assets) in such a number as the Calculation Agent, in good faith and in a

commercially reasonable manner, may determine to be appropriate as a hedge or related trading position in connection with the Certificates; or

- (iv) any of the Swap Counterparty's or any Affiliate of the Swap Counterparty other hedging arrangements in connection with the Certificates.

**"Relevant Date"** in respect of any Certificate means the date on which payment in respect of it first becomes due or (if any amount of the money payable is improperly withheld or refused) the date on which payment in full of the amount outstanding is made or, in the case of materialised Certificates (if earlier) the date seven days after that on which notice is duly given to the Certificateholders that, upon further presentation of the Certificate, being made in accordance with the Conditions, such payment will be made, provided that payment is in fact made upon such presentation.

**"Taxes"** means taxes, levies, imposts, duties, deductions, withholdings, assessments or other charges (including any stamp, registration or transfer tax, duty or other charge or tax on income, payments (or delivery of assets), profits, capital gains, or, for the avoidance of doubt, (i) any withholding or deduction required pursuant to an agreement described in Section 1471(b) of the Code or otherwise imposed pursuant to Sections 1471 through 1474 of the Code, any regulations or agreements thereunder, any official interpretations thereof, or any law implementing an intergovernmental approach thereto) and (ii) any withholding or deduction required pursuant to Section 871(m) of the Code)) together with any interest, additions to tax or penalties.

## 11. Prescription

Claims against the Issuer or the Guarantor (if applicable) for payment of Cash Settlement Amounts, interest and/or Premium Amount in respect of the Certificates shall become void unless made within 5 years after the Relevant Date (as defined in Condition 10) and no claims shall be made after such date.

## 12. Events of Default

- (a) The Trustee at its discretion may (subject as provided in sub-paragraph (b) below), and if so requested in writing by the holders of at least 25 per cent. (by number) of the Certificates of any Series then outstanding, or if so directed by an Extraordinary Resolution of such holders, shall, subject in each case to being indemnified and/or secured to its satisfaction, give notice to the Issuer and the Guarantor (if applicable) that the Certificateholders are, and they shall accordingly forthwith become, (unless otherwise specified in the Final Terms) entitled to the Liquidation Proceeds (such occurrence, a **"Certificate Acceleration"**) upon the occurrence of any of the following events (each an **"Event of Default"**):
  - (i) a default is made for a period of 30 days or more in the payment of any sum due or the delivery of the Entitlement deliverable in respect of the Certificates; or
  - (ii) the Issuer fails to perform or observe any of its other obligations under the Certificates or the Trust Deed and (unless such failure is, in the opinion of the Trustee, incapable of remedy in which case no such notice as is referred to in this paragraph shall be required) such failure continues for a period of 45 days (or such longer period as the Trustee may permit) following the service by the Trustee on the Issuer of notice requiring the same to be remedied (and for these purposes, a failure to perform or observe an obligation shall be deemed to be remediable notwithstanding that the failure results from not doing an act or thing by a particular time); or
  - (iii) any order is made by any competent court or any resolution passed for the winding-up or dissolution of the Issuer (including, without limitation, the opening of any bankruptcy (*faillite*), insolvency, voluntary or judicial liquidation (*insolvabilité, liquidation volontaire ou judiciaire*), composition with creditors (*concordat préventif de faillite*), reprieve from

payment (*sursis de paiement*), controlled management (*gestion contrôlée*), fraudulent conveyance (*actio pauliana*), general settlement with creditors or reorganisation proceedings or similar proceedings affecting the rights of creditors generally) or the appointment of a receiver of the Issuer (including, without limitation, the appointment of any receiver (*curateur*), liquidator (*liquidateur*), auditor (*commissaire*), verifier (*expert-vérificateur*), deputy judge (*juge délégué*) or reporting judge (*juge commissaire*)) save for the purposes of amalgamation, merger, consolidation, reorganisation or other similar arrangement on terms previously approved in writing by the Trustee or by an Extraordinary Resolution of the Certificateholders; or

- (iv) in the case of Guaranteed Certificates, the Guarantee ceases to be in full force and effect in respect of the Certificates or notice is given by the Guarantor which would cause the Guarantee to cease to be in full force and effect in respect of such Certificates or is rendered void for any cause or by any means whatsoever or any legislation is introduced the result of which would be to remove the benefit of the Guarantee from the Certificates or terminate or amend the same in a manner (in the opinion of the Trustee) materially adverse to the interests of the Certificateholders, or the Guarantor is unable to perform its obligations thereunder for any reason.
- (b) The Trust Deed provides that the Trustee shall not be under any obligation to monitor whether or not an Event of Default or a Potential Event of Default has occurred or is continuing.

### 14. Enforcement and Realisation

Upon the occurrence of a Certificate Acceleration under Condition 12, the Compartment Security constituted by or created pursuant to the Trust Deed and any Additional Security Document relating to a Series of Certificates and the Compartment to which such Series relates, shall become enforceable. The Trustee may enforce the Compartment Security at any time after it has become enforceable but is only obliged to enforce the Compartment Security if directed to do so by (a) (where the Instructing Party is the Certificateholder) either a direction in writing by Certificateholders of at least 25 per cent. (by number) of the relevant Series of Certificates then outstanding or by an Extraordinary Resolution of the Certificateholders; or (b) (where the Instructing Party is the Swap Counterparty) a written direction of the Swap Counterparty. The Trustee or any appointee or receiver appointed thereby may enforce the security by one or more of the following:

- (i) endeavouring to sell or otherwise realise the Charged Assets (including, without limitation, by terminating, closing out or enforcing any Related Agreement or other agreement entered into by the Issuer, the rights of the Issuer in respect of which form part of the Charged Assets) in accordance with the provisions of the Trust Deed; and/or
- (ii) otherwise enforcing the Compartment Security constituted by or pursuant to the Trust Deed and/or any Additional Security Document, in each case, without any liability as to the consequences of any such action and without having regard to the effect of any such action on individual Certificateholders,

provided that the Trustee shall not be required to take any such action without first being indemnified and/or secured to its satisfaction or to do anything which is or may be contrary to any applicable law or regulation.

Only the Trustee may pursue the remedies available under the Trust Deed to enforce the rights of the Secured Parties.

**15. Meetings of the Certificateholders; Modifications; Waiver; Trustee Determination; Substitution; Entitlement of the Trustee**

**(a) *Meetings of the Certificateholders***

The Trust Deed contains provisions for convening meetings of Certificateholders of each Series to consider any matter affecting their interests, including modification by Extraordinary Resolution of the Certificates (including these Conditions or the provisions of the Master Trust Terms and the relevant Issue Deed insofar as the same may apply to such Certificates). The quorum at a meeting of the Certificateholders (except for the purpose of passing an Extraordinary Resolution) will be two or more persons holding or representing not less than 20 per cent. (by number) of the Certificates for the time being outstanding, or at any adjourned meeting two or more persons being or representing Certificateholders whatever the number of Certificates so held or represented. The quorum at any such meeting for passing an Extraordinary Resolution will be two or more persons holding or representing not less than 50 per cent. (by number) of the Certificates for the time being outstanding or, at any adjourned such meeting, two or more person holding or representing not less than 10 per cent. (by number) of the Certificates for the time being outstanding. A resolution will be an Extraordinary Resolution when it has been passed at a duly convened meeting by not less than three fourths of the votes cast by the Certificateholders at such meeting who, being entitled to do so, vote in person or by proxy. An Extraordinary Resolution duly passed at any such meeting shall be binding on all the Certificateholders, whether present or not, except that any Extraordinary Resolution proposed to address a Reserved Matter (as defined in the Trust Deed), including (i) to amend the dates redemption of the Certificates, any Instalment Date or any date for payment of interest thereof, (ii) to change the notional amount or any Instalment Amount of, or any premium payable on redemption of, the Certificates, (iii) to change the rate or rates of interest in respect of the Certificates or to vary the method or basis of calculating the rate or rates or amount of interest or the basis for calculating the Interest Amount in respect thereof, (iv) if a Minimum and/or a Maximum Interest Rate, Instalment Amount or Final or Early Redemption Amount is shown in the applicable Final Terms, to change any such Minimum and/or Maximum Interest Rate, Instalment Amount, Cash Settlement Amount or Early Redemption Amount, (v) to change any method of calculating the Final or Early Redemption Amount, (vi) to change the currency or currencies of payment or denomination of the Certificates, (vii) to direct the Trustee to take any steps as specified in the Trust Deed and/or Condition 12 (*Events of Default*), (viii) to modify the provisions concerning the quorum required at any meeting of Certificateholders or the majority required to pass an Extraordinary Resolution or (ix) to modify the definition of Reserved Matter in the Trust Deed, will only be binding if passed at a meeting of the Certificateholders, the quorum at which shall be persons holding or representing not less than 75 per cent. (by number) of the Certificates for the time being outstanding or, at any adjourned meeting, not less than 25 per cent. (by number) of the Certificates for the time being outstanding.

The holder of a Global Certificate representing all (or part) of the Certificates for the time being outstanding will be treated as being two persons for the purposes of such quorum requirements. A resolution in writing signed by or on behalf of the holders of not less than 90 per cent. (including in the case of a resolution proposed to address a Reserved Matter (as defined in the Trust Deed)) (by number) of the Certificates of such Series for the time being outstanding shall for all purposes be as valid and effectual as an Extraordinary Resolution passed at a meeting of the Certificateholders.

*The provisions of articles 86 to 97 of the Luxembourg Act dated 10th August, 1915 on commercial companies, as amended, shall not apply to the Certificates.*

(b) *Modification*

The Trustee may, in respect of each Series, without the consent of the Certificateholders, agree to (i) any modification to any Transaction Document or any other agreement to which the Issuer is a party which is of a formal, minor or technical nature or is made to correct a manifest error; (ii) any modification of any of the provisions of the Trust Deed or any other Transaction Document (other than in respect of a Reserved Matter) which in the opinion of the Trustee is not materially prejudicial to the interests of the Certificateholders; and (iii) any modification of the provisions of the Trust Deed or any other Transaction Document (other than in respect of a Reserved Matter) which is made to satisfy any requirement of any stock exchange on which the Certificates are or are proposed to be listed and which, in each case, is not in the opinion of the Trustee materially prejudicial to the interests of the Certificateholders.

Notice of such modification shall be notified by the Issuer to the Certificateholders as soon as practicable thereafter in accordance with Condition 19 unless the Trustee agrees otherwise.

(c) *Waiver*

The Trustee may, in respect of any Series, without the consent of the Certificateholders and without prejudice to its rights in respect of any subsequent breach, from time to time and at any time, but only if and in so far as in its opinion the interests of the Certificateholders shall not be materially prejudiced thereby, waive or authorise, on such terms and conditions as to it shall seem expedient, any breach or proposed breach by the Issuer or (if applicable) the Guarantor of any of the covenants or provisions in the Trust Deed or the Conditions or determine that any Event of Default or Potential Event of Default shall not be treated as such provided always that the Trustee shall not exercise any powers conferred on it by this Condition 15(c) in respect of any Reserved Matter or in contravention of any express direction given by an Extraordinary Resolution of the Certificateholders, but no such direction shall affect any waiver, authorisation or determination previously given or made. Any such waiver, authorisation or determination shall be binding on the Certificateholders of such Series.

Notice of any such waiver, authorisation or determination shall be notified by the Issuer to the Certificateholders as soon as practicable thereafter in accordance with Condition 19 unless the Trustee agrees otherwise.

(d) *Trustee determination*

If, in the opinion of the Trustee, any modification, waiver, authorisation or determination referred to in paragraphs (b)(ii) or (iii) and (c) of this Condition 15 affects the interests of the holders of any Series of Certificates, the Trustee shall agree to such modification, waiver, authorisation or determination only if either (i) it is satisfied that, in its opinion, the interests of the holders of the relevant Series of Certificates will not be materially prejudiced thereby or (ii) the holders of the relevant Series of Certificates sanction such modification, waiver, authorisation or determination by way of Extraordinary Resolution, each of (i) and (ii) in accordance with the Conditions of the relevant Series of Certificates.

(e) *Substitution*

The Trust Deed contains provisions permitting the Trustee, subject to the further conditions set out in the Trust Deed and such amendment of the Trust Deed and other conditions as the Trustee may require, but without the consent of the holders of the relevant Series of Certificates, unless Issuer Substitution is specified as not applicable in the applicable Final Terms, to agree with the Issuer and the Guarantor (if applicable) to the substitution, in respect of any Series of Certificates, in place of the Issuer (or of the previous substitute) as the principal debtor under the Certificates of such Series, or, when applicable, the Guarantor, as guarantor of the payment obligations of the Issuer under the relevant Series of Certificates, of any other company (such substituted company hereinafter called the "**Substitute Company**").

Not later than 14 days after the execution of such amendment and compliance with such conditions as aforesaid, the Substitute Company shall give notice thereof in a form previously approved by the Trustee to the relevant Certificateholders in the manner provided in accordance with Condition 19.

(f) *Entitlement of the Trustee*

In connection with the exercise of its functions (including but not limited to those referred to in this Condition) the Trustee shall have regard to the interests of the Certificateholders as a class and shall not have regard to the consequences of such exercise for any particular Certificateholder and the Trustee shall not be entitled to require, nor shall any Certificateholder be entitled to claim, from the Issuer any indemnification or payment in respect of any tax consequence of any such exercise upon individual holders of such Certificates.

**16. Replacement of Certificates**

Should any Certificate be lost, stolen, mutilated, defaced or destroyed, it may be replaced at the specified office of the Principal Warrant and Certificate Agent (in the case of Clearing System Certificates) or the Registrar (in the case of Registered Certificates), subject to relevant stock exchange requirements and all applicable laws, upon payment by the claimant of such costs and expenses as may be incurred in connection therewith and on such terms as to evidence, security and indemnity and otherwise as the Issuer or (if applicable) the Guarantor may reasonably require. Mutilated or defaced Certificates must be surrendered before replacements will be issued.

**17. Further Certificates**

The Issuer may from time to time without the consent of the Certificateholders (but provided that the Trustee is satisfied that the restrictions set out in this Condition 17 will be complied with), create and issue further Certificates ("**Further Certificates**") having the same terms and conditions as the Certificates in all respects (or in all respects except for the Issue Date, first payment of interest (if applicable) and issue price) and so that the same shall be consolidated and form a single series with such Certificates provided that (unless otherwise approved by an Extraordinary Resolution of the Certificateholders):

- (a) The Issuer provides additional security for such Further Certificates that comprises assets that are fungible with, and have the same proportionate composition as, the Charged Assets in respect of the relevant existing Certificates and that has an aggregate principal amount at least equal to the product of (i) the principal amount of such existing security and (ii) a fraction, the numerator of which is the number of the Further Certificates and the denominator is the number of the existing Certificates; and
- (b) The Issuer enters into an additional and/or supplemental agreement varying the terms of the relevant Swap Agreement, Repurchase Agreement or Deposit Agreement, as applicable, to take account of the Further Certificates on terms no less favourable than

those of the Swap Agreement, Repurchase Agreement or Deposit Agreement, as applicable.

Any Further Certificates shall be constituted and secured by a supplemental trust deed and the Certificates and the Further Certificates shall be secured by the same Charged Assets. References in these Conditions to "**Certificates**" and "**Charged Assets**" shall be construed accordingly.

#### **18. Removal, Indemnification and Obligations of the Trustee**

The Trust Deed contains provisions for the appointment, retirement and removal of the Trustee. The Issuer shall as soon as practicable after the appointment of a new trustee notify the Certificateholders of such appointment in accordance with Condition 19.

The Trust Deed contains provisions for the indemnification of the Trustee and for its relief from responsibility including for the exercise of any voting rights in respect of the Compartment Assets or for the value, validity, sufficiency and enforceability (which the Trustee has not investigated) of the Compartment Security created over the Charged Assets. The Trustee is not obliged to take any action under the Trust Deed, the Certificates or otherwise unless indemnified and/or secured to its satisfaction. The Trustee and any affiliate is entitled to enter into business transactions with the Issuer, the Guarantor, any issuer or guarantor (where applicable) of any of the Charged Assets any party other than the Issuer under a Related Agreement (including, without limitation, the Swap Counterparty), or any of their subsidiary, holding or associated companies without accounting to the Certificateholders for profit resulting therefrom.

The Trustee is exempted from liability with respect to any loss or theft or reduction in value (as appropriate) of the Charged Assets from any obligation to insure or to procure the insuring of the Charged Assets (or any documents evidencing, constituting or representing the same or transferring any rights or obligations thereunder) and from any claim arising from the fact that the Charged Assets are held in an account with a clearing agent in accordance with that relevant clearing agent's rules or otherwise held in safe custody by the Custodian or any custodian whether or not selected by the Trustee (in each case, if applicable). The Trustee is not responsible for supervising the performance by (i) the Issuer of its own obligations and (ii) any other person of their obligations to the Issuer.

*For the purposes of this Condition 18, each of the Issuer and, as the case may be, the Guarantor expressly accepts and confirms, for the purposes of articles 1278 and 1281 of the Luxembourg civil code, that notwithstanding any assignment, transfer and/or novation permitted under and made in accordance with the provisions of the Trust Deed or any agreement referred to therein to which the Issuer and, as the case may be, the Guarantor are party, any security created or guarantee given under the Trust Deed shall be reserved for the benefit of the new trustee (for itself and for the benefit of each other Secured Party).*

#### **19. Notices**

All notices regarding the Certificates shall be valid if: (a) in the case of Certificates represented by a Global Certificate, delivered to Euroclear and/or Clearstream, Luxembourg for communication by them to the Certificateholders; (b) so long as any Certificates are listed on a stock exchange or are admitted to trading by another relevant authority and the rules of such stock exchange or relevant authority so require, in accordance with such rules; or (c) in the case of Registered Certificates if sent by first class mail to the Certificateholders (or the first named of joint Certificateholders) at their respective addresses recorded in the Register. If and for so long as the Certificates are admitted to trading on, and listed on the Official List of the Luxembourg Stock Exchange, and so long as the Luxembourg Stock Exchange so require, notices shall be made available on the Luxembourg Stock Exchange's website, [www.bourse.lu](http://www.bourse.lu). Any such notice shall be deemed to have been given on the Business Day on which such delivery takes place or, if earlier, the date of such publication, or, if published more than once, on the date of the first such publication.

If publication as provided above is not practicable, a notice will be given in such other manner, and will be deemed to have been given on such date, as the Trustee shall approve.

Whilst any of the Certificates are represented by a Global Certificate, such notice may be given by any Certificateholder to the Principal Warrant and Certificate Agent or the Registrar (as applicable) via Euroclear and/or Clearstream, Luxembourg, as the case may be, in such manner as the Principal Warrant and Certificate Agent or the Registrar (as applicable) and Euroclear and/or Clearstream, Luxembourg, as the case may be, may approve for this purpose.

## **20. Adjustments for European Monetary Union**

Unless Redenomination is specified in the applicable Final Terms as not being applicable, the Issuer may, without the consent of the Certificateholders or the Trustee, on giving notice to the Certificateholders in accordance with Condition 19 (*Notices*):

- (a) elect that, with effect from the Adjustment Date specified in the notice, certain terms of the Certificates shall be redenominated in euro.

The election will have effect as follows:

- (i) where the Settlement Currency of the Certificates is the National Currency Unit of a country which is participating in the third stage of European Economic and Monetary Union, such Settlement Currency shall be deemed to be an amount of euro converted from the original Settlement Currency into euro at the Established Rate, subject to such provisions (if any) as to rounding as the Calculation Agent may decide, and as may be specified in the notice, and after the Adjustment Date, all payments of the Cash Settlement Amount in respect of the Certificates will be made solely in euro as though references in the Certificates to the Settlement Currency were to euro;
  - (ii) where the Exchange Rate and/or any other terms of these Conditions are expressed in or, in the case of the Exchange Rate, contemplate the exchange from or into, the currency (the "**Original Currency**") of a country which is participating in the third stage of European Economic and Monetary Union, such Exchange Rate and/or any other terms of these Conditions shall be deemed to be expressed in or, in the case of the Exchange Rate, converted from or, as the case may be into, euro at the Established Rate; and
  - (iii) such other changes shall be made to these Conditions as the Calculation Agent may decide to conform them to conventions then applicable to instruments expressed in euro; and/or
- (b) require that the Calculation Agent make such adjustments to the Weighting and/or the Settlement Price and/or any other terms of these Conditions and/or the applicable Final Terms as the Calculation Agent, in good faith and in a commercially reasonable manner, may determine to be appropriate to account for the effect of the third stage of European Economic and Monetary Union on the Weighting and/or the Settlement Price and/or such other terms of these Conditions.

Notwithstanding the foregoing, none of the Issuer, the Guarantor (if any), the Calculation Agent, the Principal Warrant and Certificate Agent and the Trustee shall be liable to any Certificateholder or other person for any commissions, costs, losses or expenses in relation to or resulting from the transfer of euro or any currency conversion or rounding effected in connection therewith.

In these Conditions, the following expressions have the following meanings:

**"Adjustment Date"** means a date specified by the Issuer in the notice given to the Certificateholders pursuant to this Condition which falls on or after the date on which the country of the Original Currency first participates in the third stage of European Economic and Monetary Union pursuant to the Treaty;

**"Established Rate"** means the rate for the conversion of the Original Currency (including compliance with rules relating to rounding in accordance with applicable European Union regulations) into euro established by the Council of the European Union pursuant to Article 140 of the Treaty;

**"euro"** means the currency introduced at the start of the third stage of European Economic and Monetary Union pursuant to the Treaty;

**"National Currency Unit"** means the unit of the currency of a country, as those units are defined on the day before the date on which the country of the Original Currency first participates in the third stage of European Economic and Monetary Union;

**"Settlement Currency"** shall be the currency specified as such in the applicable Final Terms; and

**"Treaty"** means the Treaty on the Functioning of the European Union, as amended.

## **21. Agents and Registrar**

- (a) In acting under the Agency Agreement, the Agents will act solely as agents of each of the Issuer and Guarantor (if applicable) do not assume any obligations or relationship of agency or trust to or with the Certificateholders. The Issuer will agree to perform and observe the obligations imposed upon it under the Agency Agreement. The Agency Agreement contains provisions for the indemnification of the Agents and for relief from responsibility in certain circumstances, and entitles any of them to enter into business transactions with the Issuer and any of its subsidiaries without being liable to account to the Certificateholders for any resulting profit. In relation to each issue of Certificates, the Calculation Agent (whether it be BNP Paribas, BNP Paribas Arbitrage S.N.C. or another entity) acts solely as agent of the Issuer and the Guarantor, if any, and does not assume any obligation or duty to, or any relationship of agency or trust for or with, the Certificateholders. All calculations and determinations made in respect of the Certificates by the Calculation Agent shall (save in the case of manifest error) be final, conclusive and binding on the Issuer, the Guarantor, if any, and the Certificateholders. The Calculation Agent may, with the consent of the Issuer, delegate any of its obligations and functions to a third party as it deems appropriate.
- (b) Notwithstanding anything to the contrary in these Conditions, in exercising its discretion and making an election, determination, modification or adjustment, the Issuer, the Calculation Agent and any other relevant Agent shall do so in good faith and in a commercially reasonable manner to preserve or restore the economics of the agreed terms as far as practicable. Any such election, determination, modification or adjustment shall not create a significant imbalance between the rights and obligations of the Issuer compared to the Certificateholders, to the detriment of the Certificateholders.
- (c) If Essential Trigger is specified as applicable in the applicable Final Terms, the Issuer or the Calculation Agent, as the case may be, may only modify or adjust the terms of the Certificates (other than modifications that do not relate to essential characteristics of the Certificates) or redeem the Certificates prior to their scheduled Redemption Date, as described in the Terms and Conditions, following an event or circumstance (or combination of events or circumstances) that (a) is not attributable to the Issuer that significantly alters the economics of the Certificates compared to the economics as of the Issue Date, or (b) constitutes a force majeure.

For the purpose of this Condition 21(c), essential characteristics of the Certificates means characteristics of the Certificates that are considered essential to the Certificateholders generally, including without limitation the yield (coupon structure), the Underlying Reference, the principal protected amount (if any), the identity of the Issuer and of the Guarantor (if any) and the scheduled Redemption Date.

**22. Contracts (Rights of Third Parties) Act 1999**

The Certificates shall not confer on a third party any rights under the Contracts (Rights of Third Parties) Act 1999 to enforce any term of the Certificates, but this does not affect any right or remedy of a third party which may exist or is available apart from that Act.

**23. Governing Law and Submission to Jurisdiction**

The Agency Agreement, the Master Trust Terms and the Issue Deed (save to the extent that the Master Trust Terms and/or the Issue Deed relates to security interests created over assets located or deemed to be located in Luxembourg) and the Certificates (and any non-contractual obligations arising out of or in connection with such documents) are (or, as the case may be, shall be) governed by, and shall be construed in accordance with, English law.

The Issuer irrevocably agrees, for the exclusive benefit of the Certificateholders that the courts of England are to have exclusive jurisdiction to settle any disputes which may arise out of or in connection with the Certificates (including a dispute relating to non-contractual obligations arising out of such Certificates) and accordingly any suit, action or proceedings arising out of or in connection with the Certificates may be brought in such courts.

The Issuer waives any objection to the courts of England on the grounds that they are an inconvenient or inappropriate forum. The Certificateholder may take any suit, action or proceedings (together referred to as "**Proceedings**") arising out of or in connection with the Certificates (including Proceedings relating to any non-contractual obligations arising out of or in connection with such Certificates) against the Issuer in any other court of competent jurisdiction and concurrent Proceedings in any number of jurisdictions.

The Issuer appoints BNP Paribas, London Branch, of 10 Harewood Avenue, London NW1 6AA (Attention: the Loan Administration Department), as its agent for service of process, and undertakes that, in the event of BNP Paribas, London Branch ceasing so to act or ceasing to be registered in England, it will appoint, subject to the prior written approval of the Trustee, another person as its agent for service of process in England in respect of any Proceedings. Nothing herein shall affect the right to serve proceedings in any other manner permitted by law.

The Issuer has in the Trust Deed submitted to the jurisdiction of the English courts and has appointed an agent for service of process in terms substantially similar to those set out above.

#### 1. Market Disruption

**"Market Disruption Event"** means, in relation to Securities relating to a single Index or basket of Indices:-

- (x) in respect of a Composite Index:
  - (i) (a) the occurrence or existence, in respect of any Component Security, of:
    - (1) a Trading Disruption in respect of such Component Security, which the Calculation Agent determines is material, at any time during the one hour period that ends at the relevant Valuation Time in respect of the Exchange on which such Component Security is principally traded;
    - (2) an Exchange Disruption in respect of such Component Security, which the Calculation Agent determines is material, at any time during the one hour period that ends at the relevant Valuation Time in respect of the Exchange on which such Component Security is principally traded; or
    - (3) an Early Closure in respect of such Component Security; and
  - (b) in respect of a Multi-Exchange Index only, the aggregate of all Component Securities in respect of which a Trading Disruption, an Exchange Disruption or an Early Closure occurs or exists comprises 20 per cent. or more of the level of such Index; or
- (ii) the occurrence or existence, in respect of futures or options contracts relating to such Index, of: (a) a Trading Disruption; (b) an Exchange Disruption, which in either case the Calculation Agent determines is material, at any time during the one hour period that ends at the Valuation Time in respect of the Related Exchange; or (c) an Early Closure, in each case in respect of such futures or options contracts.

In the case of a Multi-Exchange Index, for the purposes of determining whether a Market Disruption Event exists in respect of a Component Security at any time, if a Market Disruption Event occurs in respect of such Component Security at that time, then the relevant percentage contribution of that Component Security to the level of such Index shall be based on a comparison of (x) the portion of the level of the Index attributable to that Component Security to (y) the overall level of such Index, in each case using the official opening weightings as published by the Index Sponsor as part of the market "opening data"; and

- (y) in the case of Indices other than Composite Indices, the occurrence or existence of (i) a Trading Disruption, (ii) an Exchange Disruption, which in either case the Calculation Agent determines is material, at any time during the one hour period that (a) for the purposes of the occurrence of a Knock-in Event or a Knock-out Event begins or ends at the same time when the level of such Index triggers respectively the Knock-in Level or the Knock-out Level or (b) in all other circumstances ends at the relevant Valuation Time, or (iii) an Early Closure. For the purposes of determining whether a Market Disruption Event in respect of such Index exists at any time, if a Market Disruption Event occurs in respect of a security included in such Index at any time, then the relevant percentage contribution of that security to the level of such Index shall be based on a comparison of (x) the portion of the level of such Index attributable to that security and (y) the overall level of the Index, in each case immediately before the occurrence of such Market Disruption Event. The Calculation Agent shall give notice as soon as practicable to the Holders of Securities in accordance with Condition 18 of the Notes, Condition 17 of the Warrants, or Condition 19 of the Certificates, as applicable, of the occurrence of a Disrupted Day on any day that, but for the occurrence of a Disrupted Day would have been the Strike Date, an Averaging Date, an Observation Date or a Valuation Date, as the case may be.

## 2. Adjustments to an Index

### (A) *Successor Index Sponsor Calculates and Reports an Index*

If a relevant Index is (i) not calculated and announced by the Index Sponsor but is calculated and announced by a successor sponsor acceptable to the Calculation Agent (the "**Successor Index Sponsor**"), or (ii) replaced by a successor index using, in the determination of the Calculation Agent, the same or a substantially similar formula for and method of calculation as used in the calculation of that Index, then in each case that index (the "**Successor Index**") will be deemed to be the Index.

### (B) *Modification and Cessation of Calculation of an Index*

If (i) on or prior to the Strike Date, the last Valuation Date, last Observation Date, last Averaging Date, the last Knock-in Determination Day or the last Knock-out Determination Day, the relevant Index Sponsor makes or announces that it will make a material change in the formula for or the method of calculating a relevant Index or in any other way materially modifies that Index (other than a modification prescribed in that formula or method to maintain that Index in the event of changes in constituent stock and capitalisation and other routine events) (an "**Index Modification**"), or permanently cancels a relevant Index and no Successor Index exists (an "**Index Cancellation**"), or (ii) on the Strike Date, a Valuation Date, an Observation Date, an Averaging Date, a Knock-in Determination Day or Knock-out Determination Day, the Index Sponsor or (if applicable) the Successor Index Sponsor fails to calculate and announce a relevant Index (an "**Index Disruption**" and, together with an Index Modification and an Index Cancellation, each an "**Index Adjustment Event**"), then,

- (i) the Calculation Agent shall determine if such Index Adjustment Event has a material effect on the Securities and, if so, shall calculate the relevant Settlement Price using, in lieu of a published level for that Index, the level for that Index as at the Valuation Time on that Strike Date, that Valuation Date, Observation Date, Averaging Date, Knock-in

Determination Day or Knock-out Determination Day, as the case may be, as determined by the Calculation Agent in accordance with the formula for and method of calculating that Index last in effect prior to the change, failure or cancellation, but using only those securities that comprised that Index immediately prior to that Index Adjustment Event;

- (ii) the Calculation Agent may replace the relevant Index with a new similar index, multiplied, if need be by a linking coefficient to ensure continuity in the condition of the underlying of the Securities;
- (iii) in the case of Notes and Certificates only, unless Delayed Redemption on Occurrence of Index Adjustment Event, Highest Value, Market Value or Moentisation Option are specified as being applicable in the applicable Final Terms, the Calculation Agent may require the Issuer to redeem the Notes or Certificates, as applicable, in which case it will so notify the Issuer and the Issuer will give notice to Noteholders in accordance with Condition 18 of the Notes or to the Certificateholders in accordance with Condition 19 of the Certificates, as applicable. If the Notes or Certificates are so redeemed the Issuer will pay an amount to each Noteholder or Certificateholder, as the case may be, in respect of each redeemed Note or Certificate equal to the Early Redemption Amount in accordance with Condition 7(e) of the Notes or Condition 8(e) of the Certificates, as applicable. Payments will be made in such manner as shall be notified to the Noteholders in accordance with Condition 18 of the Notes or to the Certificateholders in accordance with Condition 19 of the Certificates, as applicable;
- (iv) in the case of Notes and Certificates only, if Delayed Redemption on Occurrence of Index Adjustment Event is specified as being applicable in the applicable Final Terms, on the Maturity Date (in the case of Notes) or on the Redemption Date (in the case of Certificates) the Issuer shall redeem each Note or Certificate, as applicable, at an amount calculated by the Calculation Agent equal to the sum of (x) the Protected Amount (specified in the applicable Final Terms) and (y) the Swap Early Termination Amount (if any).

For the purposes of this Index Linked Condition 2(B)(iv) "**Swap Early Termination Amount**" means an amount (if any) equal to, in respect of each Note or Certificate, and subject to a minimum of zero, a *pro rata* share of the sum of (1) the Early Termination Amount (as defined in the Swap Agreement) received by the Issuer under the Swap Agreement in connection with the termination of the Swap Agreement in whole or in part and (2) any interest which has accrued in respect of the amount of such Early Termination Amount received by the Issuer (which may be a positive or negative figure);

- (v) in the case of Warrants only, the Issuer may cancel the Warrants by giving notice to the Warrantholders in accordance with Condition 17 of the Warrants. If the Warrants are so cancelled the Issuer will pay an amount to each holder in respect of each Warrant or, if Units are specified in the applicable Final Terms, each Unit, equal to the Early Termination Amount in accordance with Condition 8(c) of the Warrants. Payments will be made in such manner as shall be notified to the Warrantholders in accordance with Condition 17 of the Warrants.
- (vi) if Highest Value is specified as applicable in the applicable Final Terms, the Issuer will on giving notice to Noteholders in accordance with Condition 18 of the Notes, or to Certificateholders in accordance with Condition 19 of the Certificates, redeem all but not some only of the Securities and pay to each Holder of Securities an amount in respect of each Security held by such Holder of Securities calculated and paid on such date determined, in accordance with Condition 7(e)(ix) (in the case of Notes), or in accordance with Condition 8(e)(viii) (in the case of Certificates);

- (vii) if Market Value is specified as applicable in the applicable Final Terms, the Issuer will on giving notice to Noteholders in accordance with Condition 18 of the Notes, or to Certificateholders in accordance with Condition 19 of the Certificates, redeem all but not some only of the Securities and pay to each Holder of Securities an amount in respect of each Security held by such Holder of Securities calculated and paid on such date determined, in accordance with Condition 7(e)(x) (in the case of Notes), or in accordance with Condition 8(e)(ix) (in the case of Certificates);
- (viii) if Monetisation Option is specified as applicable in the applicable Final Terms, the Issuer will on giving notice to Noteholders in accordance with Condition 18 of the Notes, or to Certificateholders in accordance with Condition 19 of the Certificates redeem all but not some only of the Securities and pay to each Holder of Securities an amount in respect of each Security held by such Holder of Securities calculated and paid on such date determined, in accordance with Condition 7(e)(xi) (in the case of Notes) or in accordance with Condition 8(e)(x) (in the case of Certificates); or
- (ix) in the case of Notes and Certificates only, where one of Highest Value, Market Value or Monetisation Option is specified as applicable in the applicable Final Terms in respect of an Index Adjustment Event, if the Calculation Agent determines that such Index Adjustment Event constitutes a force majeure, and if Index Linked Condition 2(B)(ix) is specified in the applicable Final Terms, the Issuer will, on giving notice to Noteholders in accordance with Condition 18 of the Notes, or to Certificateholders in accordance with Condition 19 of the Certificates redeem all but not some only of the Securities and pay to each Holder of Securities an amount in respect of each Security held by such Holder of Securities, calculated and paid on such date determined, in accordance with Condition 7(v) (in the case of Notes) or in accordance with Condition 7(b) (in the case of Certificates) on the basis that ERE Force Majeure/No Unwind Costs applies.

the level of the Index published on a given day and used or to be used by the Calculation Agent to make any determination under the Securities, is subsequently corrected and the correction is published by the relevant Index Sponsor or (if applicable) the relevant Successor Index Sponsor (i) in respect of a Composite Index, no later than five Business Days following the date of the original publication or (ii) in respect of an Index which is not a Composite Index, within the number of days equal to the Index Correction Period of the original publication, the level to be used shall be the level of the Index as so corrected. Corrections published after the day which is three Business Days prior to, in the case of Notes and Certificates, a due date for payment under the Notes or Certificates, as the case may be, or, in the case of Warrants, the relevant Settlement Date calculated by reference to the level of the Index will be disregarded by the Calculation Agent for the purposes of determining the relevant amount to be paid.

If any such day is a Disrupted Day, then:

- (A) If "**Omission**" is specified as applying in the applicable Final Terms, then such date will be deemed not to be an Averaging Date for the purposes of determining the relevant Settlement Price provided that, if through the operation of this provision no Averaging Date would occur, then the provisions of the definition of "**Valuation Date**" will apply for purposes of determining the relevant level, price, value or amount on the final Averaging Date as if such Averaging Date were a Valuation Date that was a Disrupted Day; or
- (B) if "**Postponement**" is specified as applying in the applicable Final Terms, then the provisions of the definition of "**Valuation Date**" will apply for the purposes of determining the relevant level, price, value or amount on that Averaging Date as if such Averaging Date were a Valuation Date that was a Disrupted Day irrespective of whether, pursuant to such determination, that deferred Averaging Date would fall on a day that already is or is deemed to be an Averaging Date; or
- (C) if "**Modified Postponement**" is specified as applying in the applicable Final Terms then:
  - (i) where the Securities are Index Linked Securities relating to a single Index (other than a Component Security Index), the Averaging Date shall be the first succeeding Valid Date (as defined below). - (iii) where the Securities are Index Linked Securities relating to a basket of Indices (other than a Basket of Component Security Indices), the Averaging Date for each Index not affected by the occurrence of a Disrupted Day shall be the originally designated Averaging Date (the "**Scheduled Averaging Date**") and the Averaging Date for each Index affected by the occurrence of a Disrupted Day shall be the first succeeding Valid Date (as defined below) in relation to such Index. If the first succeeding Valid Date in relation to such Index has not occurred for a number of consecutive Scheduled Trading days equal to the Specified Maximum Days of Disruption immediately following the original date that, but for the occurrence of another Averaging Date or Disrupted Day, would have been the final Averaging Date, then (A) that last such consecutive Scheduled Trading Day shall be deemed the Averaging Date (irrespective of whether such Scheduled Trading Day is already an Averaging Date) in respect of such Index, and (B) the Calculation Agent shall determine the relevant level, price, value or amount for that Averaging Date in accordance with sub-paragraph (B)(ii) of the definition of "Valuation Date" below;

(B) Modification and Cessation of Calculation of a Custom Index and Custom Index Disruption

If (i) on or prior to the Strike Date, the last Valuation Date, the last Observation Date or the last Averaging Date, the relevant Index Sponsor makes or announces that it will make a material change in the formula for or the method of calculating a relevant Custom Index or in any other way materially modifies that Custom Index (other than a modification prescribed in that formula or method to maintain that Custom Index in the event of changes in constituent components and capitalisation, contracts or commodities and other routine events) (a "**Custom Index Modification**"), or permanently cancels a relevant Custom Index and no Successor Custom Index exists (a "**Custom Index Cancellation**"), or (ii) on a Strike Date a Valuation Date, an Observation Date or an Averaging Date, the Index Sponsor or (if applicable) the Successor Custom Index Sponsor fails to calculate and announce a relevant Custom Index or it is not a Custom Index Business Day (a "**Custom Index Disruption Event**" and, together with a Custom Index Modification and a Custom Index Cancellation, each a "**Custom Index Adjustment Event**"), then:

(1) in the case of Custom Index Linked Securities relating to a single Custom Index where Scheduled Custom Index Business Days (Single Custom Index Basis) is specified as applicable in the applicable Final Terms, then:

(ii) following a Custom Index Modification or Custom Index Cancellation at any time or a Custom Index Disruption Event (which in the latter case occurs or is occurring on the Strike Date, an Averaging Date (other than the last Averaging Date), an Observation Date (other than the last Observation Date) or a Valuation Date (other than the last Valuation Date), the Calculation Agent shall determine if such Custom Index Adjustment Event has a material effect on the Securities and, if so:

(I) if the Custom Index Adjustment Event is a Custom Index Disruption Event which occurs or is occurring on the Strike Date, an Averaging Date or Observation Date, the Calculation Agent may determine that the Strike Date, relevant Averaging Date or Observation Date, as the case may be, shall be the first succeeding Scheduled Custom Index Business Day (in the case

of the Strike Date) or Valid Date (in the case of an Averaging Date or Observation Date, as the case may be) unless there is a Custom Index Disruption Event on each of the number of consecutive Scheduled Custom Index Business Days equal to the Specified Maximum Days of Disruption immediately following the scheduled Strike Date, Averaging Date or Observation Date, as the case may be, in which case the Calculation Agent may determine that the last such consecutive Scheduled Custom Index Business Day shall be deemed to be the Strike Date, Averaging Date or Observation Date, as the case may be (irrespective, in the case of an Averaging Date or Observation Date, of whether that last consecutive Scheduled Custom Index Business Day is already an Averaging Date or Observation Date, as the case may be) and may determine the relevant value, level or price by using commercially reasonable efforts to determine a level of the Custom Index as of the Valuation Time on the last such consecutive Scheduled Custom Index Business Day in accordance with the formulae for and method of calculating the Custom Index last in effect prior to the occurrence of the Custom Index Disruption Event and using its good faith estimate of the value for the components of the Custom Index; or

- (II) the Calculation Agent may use commercially reasonable efforts to select a successor index with a substantially similar strategy as the original Custom Index and, upon selection of such index, the Calculation Agent shall promptly notify the Holders of Securities and such index shall become the Successor Custom Index and shall be deemed to be the "Custom Index" for the purpose of the Securities and the Calculation Agent will make such adjustment, if any, to one or more of the terms of the Securities as the Calculation Agent in good faith and in a commercially reasonable manner determines appropriate; or
- (III) the Calculation Agent may determine in good faith and in a commercially reasonable manner such other appropriate adjustments, if any, to be made to the terms of the Securities to account for the Custom Index Adjustment Event and determine the effective date of those adjustments; or
- (IV) in the case of Notes and Certificates only, unless Delayed Redemption on Occurrence of Custom Index Adjustment Event, Highest Value or Market Value is specified as being applicable in the applicable Final Terms, the Calculation Agent may require the Issuer to redeem the Notes or Certificates, as applicable, in which case it will so notify the Issuer and the Issuer will give notice to Noteholders in accordance with Condition 18 of the Notes and to the Certificateholders in accordance with Condition 19 of the Certificates. If the Notes or Certificates are so redeemed the Issuer will pay an amount to each Noteholder or Certificateholder, as the case may be, in respect of each redeemed Note or Certificate equal to the Early Redemption Amount in accordance with Condition 7(e) of the Notes or Condition 8(e) of the Certificates, as applicable. Payments will be made in such manner as shall be notified to the Noteholders in accordance with Condition 18 of the Notes

or as to the Certificateholders in accordance with Condition 19 of the Certificates (as applicable); or

- (V) in the case of Notes and Certificates only, if Delayed Redemption on Occurrence of Custom Index Adjustment Event is specified as being applicable in the applicable Final Terms, on the Maturity Date (in the case of Notes) or on the Redemption Date (in the case of Certificates) the Issuer shall redeem each Note or Certificate, as applicable, at an amount calculated by the Calculation Agent equal to the sum of (x) the Protected Amount (specified in the applicable Final Terms) and (y) the Swap Early Termination Amount (if any).

- (VI) in the case of Warrants only, the Issuer may cancel the Warrants by giving notice to the Warrantholders in accordance with Condition 17 of the Warrants. If the Warrants are so cancelled the Issuer will pay an amount to each holder in respect of each Warrant or, if Units are specified in the applicable Final Terms, each Unit, as the case may be, held by him which amount shall be equal to the Early Termination Amount in accordance with Condition 8(c) of the Warrants. Payments will be made in such manner as shall be notified to the Warrantholders in accordance with Condition 17 of the Warrants; or
- (VII) if Highest Value is specified as applicable in the applicable Final Terms, the Issuer will on giving notice to Noteholders in accordance with Condition 18 of the Notes or to Certificateholders in accordance with Condition 19 of the Certificates, redeem all but not some only of the Securities and pay to each Holder of Securities an amount in respect of each Security held by such Holder of Securities calculated and paid on such date determined, in accordance with Condition 7(e)(ix) (in the case of Notes) or in accordance with Condition 8(e)(viii) (in the case of Certificates);

#### 2. Potential Adjustment Events and Extraordinary Events

##### (a) Potential Adjustment Events

**"Potential Adjustment Event"** means any of the following:

- (vii) any other event which may have, in the opinion of the Calculation Agent, a diluting or concentrative effect on the theoretical value of the relevant Shares.

**"Potential Adjustment Event Effective Date"** means, in respect of a Potential Adjustment Event, the date on which such Potential Adjustment Event is announced by the relevant Basket Company or Share Company, as the case may be, as determined by the Calculation Agent acting in good faith and in a commercially reasonable manner.

Following the declaration by the Basket Company or Share Company, as the case may be, of the terms of any Potential Adjustment Event, the Calculation Agent will, acting in good faith and in a commercially reasonable manner, determine whether such Potential Adjustment Event has a diluting or concentrative effect on the theoretical value of the Shares and, if so, will (i) make the corresponding adjustment, if any, to any one or more of any Relevant Asset and/or the Entitlement (in each case with respect to Physical Delivery Securities) and/or the Weighting and/or any of the other terms of these Share Linked Conditions and/or the applicable Final Terms as the Calculation Agent in good faith and in a commercially reasonable manner determines appropriate to account for that diluting or concentrative effect (provided that no adjustments will be made to account solely for changes in volatility, expected dividends, stock loan rate or liquidity relative to the relevant Share) and (ii) determine the effective date of that adjustment. The Calculation Agent may, but need not, determine the appropriate adjustment by reference to the adjustment in respect of such Potential Adjustment Event made by an options exchange to options on the Shares traded on that options exchange.

Upon the making of any such adjustment by the Calculation Agent, the Calculation Agent shall give notice as soon as practicable to the Holders of Securities in accordance with Condition 18 of the Notes, Condition 17 of the Warrants or Condition 19 of the Certificates, as applicable, stating the adjustment to any Relevant Asset and/or the Entitlement (in each case with respect to Physical Delivery Securities) and/or the Weighting and/or any of the other terms of these Share Linked Conditions and/or the applicable Final Terms and giving brief details of the Potential Adjustment Event and the Potential Adjustment Event Effective Date.

**"Merger Event"** means, in respect of any relevant Shares, any (i) reclassification or change of such Shares that results in a transfer of or an irrevocable commitment to transfer all of such Shares outstanding to another entity or person, (ii) consolidation, amalgamation, merger or binding share exchange of a Basket Company or Share Company, as the case may be, with or into another entity or person (other than a consolidation, amalgamation, merger or binding share exchange in which such Basket

Company or Share Company, as the case may be, is the continuing entity and which does not result in a reclassification or change of all of such Shares outstanding), (iii) takeover offer, tender offer, exchange offer, solicitation, proposal or other event by any entity or person to purchase or otherwise obtain 100 per cent. of the outstanding Shares of the Basket Company or Share Company, as the case may be, that results in a transfer of or an irrevocable commitment to transfer all such Shares (other than such Shares owned or controlled by such other entity or person), or (iv) consolidation, amalgamation, merger or binding share exchange of the Basket Company or its subsidiaries or the Share Company or its subsidiaries, as the case may be, with or into another entity in which the Basket Company or Share Company, as the case may be, is the continuing entity and which does not result in a reclassification or change of all such Shares outstanding but results in the outstanding Shares (other than Shares owned or controlled by such other entity) immediately prior to such event collectively representing less than 50 per cent. of the outstanding Shares immediately following such event, in each case if the relevant Extraordinary Event Effective Date is on or before (a) in the case of Cash Settled Notes, Cash Settled Warrants or Cash Settled Certificates ("**Cash Settled Securities**"), the last occurring Valuation Date or where Averaging is specified in the applicable Final Terms, the final Averaging Date or (b) in the case of Physical Delivery Notes, the relevant Maturity Date, in the case of Physical Delivery Warrants, the relevant Settlement Date, and in the case of Physical Delivery Certificates, the relevant Redemption Date.

"**Nationalisation**" means that all the Shares or all or substantially all the assets of the Basket Company or Share Company, as the case may be, are nationalised, expropriated or are otherwise transferred to any governmental agency, authority, entity or instrumentality thereof.

"**Non-Financial Rating**" means the rating assigned to the Basket Company by the relevant non-financial rating agency being an entity assigning ratings based on corporate social responsibility including corporate governance and ethical business conduct, social and human resources policy, environmental protection policy and social initiatives (each such agency, a "**Non-Financial Rating Agency**").

(the "**Percentage Range**") of the outstanding voting shares of the Basket Company or Share Company, as the case may be, as determined by the Calculation Agent, based upon the making of filings with governmental or self-regulatory agencies or such other information as the Calculation Agent deems relevant.

(B) Consequences of the occurrence of an Extraordinary Event

If an Extraordinary Event occurs in relation to a Share, the Calculation Agent shall (x) to the extent that an equivalent adjustment has been made in respect of the relevant Swap Agreement, take the action described in (i), (xi) and/or (xii) (if applicable), and (y) in the event that the circumstances giving rise to such Extraordinary Event result in an Additional Termination Event occurring in respect of the relevant Swap Agreement, take the action described in either (ii) (in the case of Securities relating to a Basket of Shares), (iii), (iv), (v), (vi), (vii), (viii), (ix) or (x) (as applicable) as it deems appropriate:

- (i) determine acting in good faith and in a commercially reasonable manner the appropriate adjustment, if any, to be made to any one or more of any Relevant Asset and/or the Entitlement (in each case with respect to Physical Delivery Securities) and/or the Weighting and/or any of the other terms of these Share Linked Conditions and/or the applicable Final Terms

to account for the relevant Extraordinary Event, and determine the effective date of that adjustment. The relevant adjustments may include, without limitation, adjustments to account for changes in volatility, expected dividends, stock loan rate or liquidity relevant to the Shares or to the Securities. The Calculation Agent may (but need not) determine the appropriate adjustment by reference to the adjustment in respect of the relevant Extraordinary Event made by any options exchange to options on the Shares traded on that options exchange; or

- (ii) in the case of Share Linked Securities relating to a Basket of Shares, notify the Issuer and the Issuer will redeem the Notes or Certificates, as applicable, in part by giving notice to Noteholders in accordance with Condition 18 of the Notes or to the Certificateholders in accordance with Condition 19 of the Certificates, or, as the case may be, cancel part of the Warrants by giving notice to the Warrantholders in accordance with Condition 17 of the Warrants. If the Securities are so redeemed in part the portion of each Note or Certificate (the "**Redeemed Amount**") or, as the case may be, the portion of each Warrant (the "**Cancelled Amount**") representing the affected Share(s) shall be redeemed or cancelled as the case may be, and the Issuer will:
  - (1) if Highest Value is specified as applicable in the applicable Final Terms, pay to each Holder of Securities an amount in respect of each Security held by such Holder of Securities calculated and paid on such date determined, in accordance with Condition 7(e)(ix) in the case of Notes or Condition 8(e)(viii) in the case of Certificates; or
  - (2) if Market Value is specified as applicable in the applicable Final Terms, pay to each Holder of Securities an amount in respect of each Security held by such Holder of Securities calculated and paid on such date determined, in accordance with Condition 7(e)(x) in the case of Notes or Condition 8(e)(ix); or
  - (3) in the case of Notes and Certificates only, where one of Highest Value, Market Value or Monetisation Option is specified as applicable in the applicable Final Terms in respect of an Extraordinary Event, if the Calculation Agent determines that such Extraordinary Event constitutes a force majeure, and if Share Linked Condition 2(b)(B)(ii)(3) is specified in the applicable Final Terms, pay to each Holder of Securities an amount in respect of each Security held by such Holder of Securities, calculated and paid on such date determined, in accordance with Condition 7(v) in (the case of Notes) or in accordance with Condition 7(b) (in the case of Certificates) on the basis that ERE Force Majeure/No Unwind Costs applies; or
  - (4) otherwise, pay to each Holder in respect of each Security held by him an amount equal to the fair market value of the Redeemed Amount or Cancelled Amount taking into account the relevant Extraordinary Event, less, unless Unwind Costs are specified as not applicable in the applicable Final Terms, the cost to the Swap Counterparty and/or its Affiliates of unwinding the relevant Swap Agreement (if any) (or part thereof) and any underlying related hedging arrangements, all as determined by the Calculation Agent acting in good faith and in a commercially reasonable manner; and

- (iii) the Calculation Agent shall determine acting in good faith and in a commercially reasonable manner the appropriate adjustment, if any, to be made to any one or more of any Relevant Asset and/or the Entitlement (in each case with respect to Physical Delivery Securities) and/or the Weighting and/or any of the other terms of these Share Linked Conditions and/or the applicable Final Terms to account for such redemption or cancellation in part.

For the avoidance of doubt the remaining part of each Security after such redemption or cancellation, as the case may be, and adjustment shall remain outstanding with full force and effect. Payments will be made in such manner as shall be notified to the Holders of Securities in accordance with Condition 18 of the Notes, Condition 17 of the Warrants or Condition 19 of the Certificates, as applicable;

- (iv) in the case of Notes and Certificates only, unless Delayed Redemption on Occurrence of Extraordinary Event, Highest Value, Market Value or Monetisation Option are specified as being applicable in the applicable Final Terms, notify the Issuer and the Issuer shall, on giving notice to Noteholders in accordance with Condition 18 of the Notes or to the Certificateholders in accordance with Condition 19 of the Certificates, as applicable, redeem all but not some only of the Notes or Certificates, as applicable, each such Note or Certificate being redeemed at an amount equal to the Early Redemption Amount determined in accordance with Condition 7(e) of the Notes or Condition 8(e) of the Certificates, as applicable. Payments will be made in such manner as shall be notified to the Noteholders in accordance with Condition 18 of the Notes or to the Certificateholders in accordance with Condition 19 of the Certificates, as applicable;
- (v) in the case of Notes and Certificates only if Delayed Redemption on Occurrence of Extraordinary Event is specified as being applicable in the applicable Final Terms, on the Maturity Date (in the case of Notes) or on the Redemption Date (in the case of Certificates) the Issuer shall redeem each Note or Certificate, as applicable, at an amount calculated by the Calculation Agent equal to the sum of (x) the Protected Amount (specified in the applicable Final Terms) and (y) the Swap Early Termination Amount (if any).

For the purposes of this Share Linked Condition 2(b)(B)(iv) "**Swap Early Termination Amount**" means an amount (if any) equal to, in respect of each Note or Certificate, and subject to a minimum of zero, a *pro rata share* of the sum of (1) the Early Termination Amount (as defined in the Swap Agreement) received by the Issuer under the Swap Agreement in connection with the termination of the Swap Agreement in whole or in part and (2) any interest which has accrued in respect of the amount of such Early Termination Amount received by the Issuer (which may be a positive or negative figure);

- (vi) in the case of Warrants only, notify the Issuer and the Issuer shall cancel the Warrants by giving notice to the Warrantholders in accordance with Condition 17 of the Warrants. If the Warrants are so cancelled the Issuer will pay an amount to each holder in respect of each Warrant or, if Units are specified in the applicable Final Terms, each Unit, as the case may be, held by him which amount shall be equal to the Early Termination Amount in accordance with Condition 8(c) of the Warrants. Payments will be made

in such manner as shall be notified to the Warrantholders in accordance with Condition 17 of the Warrants;

- (vii) if Highest Value is specified as applicable in the applicable Final Terms, the Issuer will on giving notice to Noteholders in accordance with Condition 18 of the Notes or to Certificateholders in accordance with Condition 19 of the Certificates, redeem all but not some only of the Securities and pay to each Holder of Securities an amount in respect of each Security held by such Holder of Securities calculated and paid on such date determined, in accordance with Condition 7(e)(ix) (in the case of Notes) or in accordance with Condition 8(e)(viii)(in the case of Certificates);
- (viii) if Market Value is specified as applicable in the applicable Final Terms, the Issuer will on giving notice to Noteholders in accordance with Condition 18 of the Notes, or to Certificateholders in accordance with Condition 19 of the Certificates, redeem all but not some only of the Securities and pay to each Holder of Securities an amount in respect of each Security held by such Holder of Securities calculated and paid on such date determined, in accordance with Condition 7(e)(x) (in the case of Notes), in accordance with Condition 8(e)(ix) (in the case of Certificates);
- (ix) if Monetisation Option is specified as applicable in the applicable Final Terms, the Issuer will on giving notice to Noteholders in accordance with Condition 18 of the Notes, or to Certificateholders in accordance with Condition 19 of the Certificates redeem all but not some only of the Securities and pay to each Holder of Securities an amount in respect of each Security held by such Holder of Securities calculated and paid on such date determined, in accordance with Condition 7(e)(xi) (in the case of Notes) or in accordance with Condition 8(e)(x) (in the case of Certificates); or
- (x) in the case of Notes and Certificates only, where one of Highest Value, Market Value or Monetisation Option is specified as applicable in the applicable Final Terms in respect of an Extraordinary Event, if the Calculation Agent determines that such Extraordinary Event constitutes a force majeure and if Share Linked Condition 2(b)(B)(x) is specified in the applicable Final Terms, the Issuer will on giving notice to Noteholders in accordance with Condition 18 of the Notes or to Certificateholders in accordance with Condition 19 of the Certificates, redeem all but not some only of the Securities and pay to each Holder of Securities an amount in respect of each Security held by such Holder of Securities, calculated and paid on such date determined, in accordance with Condition 7(v) (in the case of Notes) or in accordance with Condition 7(b) (in the case of Certificates) on the basis that ERE Force Majeure/No Unwind Costs applies;
- (xi) following such adjustment to the settlement terms of options on the Shares traded on such exchange(s) or quotation system(s) as is selected in respect of the Swap Agreement, if any (the "**Options Exchange**"), make a corresponding adjustment to any one or more of any Relevant Asset and/or the Entitlement (in each case with respect to Physical Delivery Securities) and/or the Weighting and/or any of the other terms of these Share Linked Conditions and/or the applicable Final Terms, which adjustment will be effective as of the date determined by the Calculation Agent to be the effective date of the corresponding adjustment made by the Options

Exchange. If options on the Shares are not traded on the Options Exchange, the Calculation Agent will make such adjustment, if any, to any one or more of any Relevant Asset and/or the Entitlement (in each case with respect to Physical Delivery Securities) and/or the Weighting and/or any of the other terms of these Share Linked Conditions and/or the applicable Final Terms as the Calculation Agent acting in good faith and in a commercially reasonable manner determines appropriate, with reference to the rules and precedents (if any) set by the Options Exchange to account for the relevant Extraordinary Event, that in the determination of the Calculation Agent would have given rise to an adjustment by the Options Exchange if such options were so traded; or

- (xii) on or after the relevant Extraordinary Event Effective Date the Calculation Agent may adjust the Basket of Shares to include a Share selected by it in accordance with the criteria for Share selection set out below (each, a "**Substitute Share**") for each Share (each, an "**Affected Share**") of each Basket Company (each, an "**Affected Basket Company**") which is affected by such Extraordinary Event and the Substitute Share will be deemed to be a "**Share**" and the relevant issuer of such shares, a "**Share Company**" or a "**Basket Company**" for the purposes of the Securities, and the Calculation Agent will make such adjustment, if any, to any one or more of any Relevant Asset and/or the Entitlement (in each case where the Securities are Physical Delivery Securities) and/or the Weighting and/or any of the other terms of these Share Linked Conditions and/or the applicable Final Terms as the Calculation Agent acting in good faith and in a commercially reasonable manner determines appropriate, provided that in the event that any amount payable under the Securities was to be determined by reference to the Initial Price of the Affected Share, the Initial Price of each Substitute Share will be determined by the Calculation Agent in accordance with the following formula:

$$\text{Initial Price (in the case of Notes or Certificates) / Exercise Price (in the case of Warrants)} = A \times (B/C)$$

where:

"**A**" is the official closing price of the relevant Substitute Share on the relevant Exchange on the Substitution Date;

"**B**" is the Exercise Price in the case of Warrants or, in the case of Notes or Certificates, the Initial Price of the relevant Affected Share; and

"**C**" is the official closing price of the relevant Affected Share on the relevant Exchange on the Substitution Date.

Such substitution and the relevant adjustment to the Basket of Shares will be deemed to be effective as of the date selected by the Calculation Agent (the "**Substitution Date**") acting in good faith and in a commercially reasonable manner and specified in the notice referred to below which may, but need not, be the relevant Extraordinary Event Effective Date.

The Weighting of each Substitute Share in the Basket of Shares will be equal to the Weighting of the relevant Affected Share.

In order to be selected as a Substitute Share in the Basket of Shares, the relevant share must satisfy the following criteria, in determination of the Calculation Agent, acting in good faith and in a commercially reasonable manner:

- (a) where the relevant Extraordinary Event is a Merger Event or a Tender Offer and the relevant share is not already included in the Basket of Shares, the relevant share shall be an ordinary share of the entity or person (other than the Affected Basket Company) involved in the Merger Event or the making of the Tender Offer, that is, or that as of the relevant Extraordinary Event Effective Date is promptly scheduled to be, (i) publicly quoted, traded or listed on an exchange or quotation system located in the same country as the relevant Exchange (or, where the relevant Exchange is within the European Union, in any Member State of the European Union) and (ii) not subject to any currency exchange controls, trading restrictions or other trading limitations; or
- (b) where the relevant Extraordinary Event is a Merger Event or a Tender Offer and a share would otherwise satisfy the criteria set out in paragraph (a) above, but such share is already included in the Basket of Shares or such share does not satisfy the criteria set out in the paragraph above, or in the case of an Extraordinary Event other than a Merger Event or a Tender Offer:
  - (i) the relevant issuer of the share shall belong to the same economic sector as the Affected Basket Company;
  - (ii) the relevant issuer of the share shall have a comparable market capitalisation, international standing and exposure as the Affected Basket Company in respect of the Affected Share; and
  - (iii) in the case of the occurrence of a CSR Event only, the relevant issuer of the share shall have a comparable Non-Financial Rating to the Affected Basket Company.
- (C) In determining to take a particular action as a result of an Extraordinary Event, the Calculation Agent is under no duty to consider the interests of Holders of Securities or any other person. In making any determination as to which action to take following the occurrence of an Extraordinary Event, (to the extent permitted by any applicable laws) none of the Calculation Agent, the Issuer or the Swap Counterparty shall be responsible for any loss (including liability in respect of interest), underperformance or opportunity cost suffered or incurred by Holders of Securities or any other person in connection with the Securities as a result thereof, howsoever arising including as a result of any delay in making any payment or delivery in respect of the Securities.
- (D) If the Calculation Agent determines that more than one Extraordinary Event occurs in respect of a Share Company or a Basket Company, which are not connected and have different consequences pursuant to this Share Linked Condition 2, the Calculation Agent will determine which such Extraordinary Event and related consequences shall apply acting in good faith and in a commercially reasonable manner.
- (E) Upon the occurrence of an Extraordinary Event, if the Calculation Agent determines to take any action in respect thereof it shall give notice as soon as practicable to the Holders of Securities in accordance with Condition 18 of the Notes, Condition 17 of the Warrants or Condition 19 of the Certificates, as applicable, stating the occurrence of the Extraordinary Event giving details thereof and the action proposed to be taken in relation thereto, including, in the case of a Share Substitution, the identity of the Substitute Shares and the Substitution Date.

### **3. Correction of Share Price**

With the exception of any corrections published after the day which is three Business Days prior to the due date for any payment under the Securities, if the price of relevant Share published on a given day and used or to be used by the Calculation Agent to make any determination under the

Securities, is subsequently corrected and the correction published by the relevant Exchange within the number of days equal to the Share Correction Period of the original publication, the price to be used shall be the price of the relevant Share as so corrected. Corrections published after the day which is three Business Days prior to a due date for payment under the Securities will be disregarded by the Calculation Agent for the purposes of determining the relevant amount to be paid.

#### 4. Definitions

"**Affiliate**" means in relation to any entity (the "**First Entity**"), any entity controlled, directly or indirectly, by the First Entity, any entity that controls, directly or indirectly, the First Entity or any entity directly or indirectly under common control with the First Entity. For these purposes "**control**" means ownership of a majority of the voting power of an entity.

"**Averaging Date**" means each date specified as an Averaging Date in the applicable Final Terms or, if any such date is not a Scheduled Trading Day, the immediately following Scheduled Trading Day unless, in the opinion of the Calculation Agent any such day is a Disrupted Day. If any such day is a Disrupted Day, then:

- (A) If "**Omission**" is specified as applying in the applicable Final Terms, then such date will be deemed not to be an Averaging Date for the purposes of determining the relevant Settlement Price provided that, if through the operation of this provision no Averaging Date would occur, then the provisions of the definition of "**Valuation Date**" will apply for purposes of determining the relevant level, price, value or amount on the final Averaging Date as if such Averaging Date were a Valuation Date that was a Disrupted Day; or
- (B) if "**Postponement**" is specified as applying in the applicable Final Terms, then the provisions of the definition of "**Valuation Date**" will apply for the purposes of determining the relevant level, price, value or amount on that Averaging Date as if such Averaging Date were a Valuation Date that was a Disrupted Day irrespective of whether, pursuant to such determination, that deferred Averaging Date would fall on a day that already is or is deemed to be an Averaging Date; or
- (C) if "**Modified Postponement**" is specified as applying in the applicable Final Terms then:
  - (i) where the Securities are Share Linked Securities relating to a single share, the Averaging Date shall be the first succeeding Valid Date (as defined below). If the first succeeding Valid Date has not occurred for a number of consecutive Scheduled Trading Days equal to the Specified Maximum Days of Disruption immediately following the original date that, but for the occurrence of another Averaging Date or Disrupted Day, would have been the final Averaging Date, then (A) that last such consecutive Scheduled Trading Day shall be deemed to be the Averaging Date (irrespective of whether such Scheduled Trading Day is already an Averaging Date), and (B) the Calculation Agent shall determine the relevant level or price for that Averaging Date in accordance with sub-paragraph (A)(ii) of the definition of "**Valuation Date**" below;
  - (ii) where the Securities are Share Linked Securities relating to a Basket of Shares, the Averaging Date for each Share not affected by the occurrence of a Disrupted Day shall be the originally designated Averaging Date (the "**Scheduled Averaging Date**") and the Averaging Date for each Share affected by the occurrence of a Disrupted Day shall be the first succeeding Valid Date (as defined below) in relation to such Share. In the event of any inconsistency between the Conditions and the Inflation Linked Conditions set out below, the Inflation Linked Conditions shall prevail. In the event of any inconsistency between (i) the Conditions and/or the Inflation Linked Conditions and (ii) the Final Terms, the Final Terms shall prevail.*

#### 1. Delay in Publication

If the Calculation Agent determines that a Delayed Index Level Event in respect of an Index has occurred with respect to any Valuation Date, then the Relevant Level with respect to any Reference Month which is to be utilised in any calculation or determination to be made by the Calculation Agent with respect to such Valuation Date (the "**Substitute Index Level**") shall be determined by the Calculation Agent (subject to Inflation Linked Condition 3(ii) below), as follows:

- (i) if Related Bond is specified as applicable in the applicable Final Terms, the Calculation Agent shall determine the Substitute Index Level by reference to the corresponding index level determined under the terms and conditions of the Related Bond; or
- (ii) if (I) Related Bond is specified as not applicable in the applicable Final Terms, or (II) the Calculation Agent is not able to determine a Substitute Index Level under (i) above, the Calculation Agent shall determine the Substitute Index Level by reference to the following formula:

$$\text{Substitute Index Level} = \text{Base Level} \times (\text{Latest Level}/\text{Reference Level}),$$

where:

**"Base Level"** means the level of the Index (excluding any "flash" estimates) published or announced by the Index Sponsor in respect of the month which is 12 calendar months prior to the month for which the Substitute Index Level is being determined.

**"Latest Level"** means the level of the Index (excluding any "flash" estimates) published or announced by the Index Sponsor prior to the month in respect of which the Substitute Index Level is being determined.

**"Reference Level"** means the level of the Index (excluding any "flash" estimates) published or announced by the Index Sponsor in respect of the month that is 12 calendar months prior to the month in respect of the Latest Level.

The Calculation Agent shall notify the Issuer and the Issuer shall promptly give notice to Holders of Securities in accordance with Condition 18 of the Notes, Condition 17 of the Warrants or Condition 19 of the Certificates, as applicable, of any Substitute Index Level.

If the Relevant Level is published or announced at any time on or after the relevant Cut-Off Date specified in the applicable Final Terms, such Relevant Level will not be used in any calculations. The Substitute Index Level so determined pursuant to this Inflation Linked Condition 1 will be the definitive level for that Reference Month.

## 2. SUCCESSOR INDEX

If the Calculation Agent determines that the level of an Index is not calculated and announced by the Index Sponsor for two consecutive months and/or the Index Sponsor announces that it will no longer continue to publish or announce the Index and/or the Index Sponsor cancels the Index (each of which, an "**Inflation Index Adjustment Event**") then the Calculation Agent shall determine a successor index (a "**Successor Index**") (in lieu of any previously applicable Index) for the purposes of the Securities as follows:

- (i) if Related Bond is specified as applicable in the applicable Final Terms, the Calculation Agent shall determine a "Successor Index" by reference to the corresponding successor index determined under the terms and conditions of the Related Bond;
- (ii) if (x) Related Bond is specified as not applicable in the Final Terms or (y) a Related Bond Redemption Event has occurred and Fallback Bond is specified as not applicable in the applicable Final Terms, the Index Sponsor announces that it will no longer publish or announce the Index but that it will be superseded by a replacement Index specified by the Index Sponsor, and the Calculation Agent determines that such replacement Index is calculated using the same or a substantially similar formula or method of calculation as used in the calculation of the Index, such replacement index shall be designated a "Successor Index";
- (iii) if no Successor Index has been deemed under (i) or (ii) the Calculation Agent shall ask five leading independent dealers to state what the replacement index for the Index should be; if between four and five responses are received, and of those four or five responses, three or more leading independent dealers state the same index, such index will be deemed the "Successor Index"; if three responses are received, and two or more leading independent dealers state the same index, such index will be deemed the "Successor Index"; if fewer than three responses are received by the Cut-Off Date the Calculation Agent will determine an appropriate alternative index, and such index will be deemed a "Successor Index"; or
- (iv) if the Calculation Agent determines that there is no appropriate alternative index, there will be deemed to be no Successor Index and an Index Cancellation will be deemed to have occurred.

For the avoidance of doubt, the Calculation Agent shall determine the date on which the Successor Index shall be deemed to replace the Index for the purposes of the Securities. Notwithstanding any other provision of this Inflation Linked Condition 2, in making its determinations hereunder, the Calculation Agent shall, to the extent applicable to the relevant Securities, take into account any corresponding or similar determination or selection or any other adjustment or calculation made in respect of the relevant Swap Agreement in relation to such Inflation Index Adjustment Event.

Notice of the determination of a Successor Index, the effective date of the Successor Index or the occurrence of an Index Cancellation will be given to the Issuer by the Calculation Agent and the Issuer will give notice to Holders of Securities in accordance with Condition 18 of the Notes, Condition 17 of the Warrants or Condition 19 of the Certificates, as applicable.

### 3. Adjustments

(i) Successor Index

If a Successor Index is determined in accordance with Inflation Linked Condition 2, the Calculation Agent may make any adjustment or adjustments (without limitation) to any amount payable under the Securities and/or any other relevant term of the Securities as the Calculation Agent deems necessary. The Issuer shall give notice to the Holders of Securities of any such adjustment in accordance with Condition 18 of the Notes, Condition 17 of the Warrants, or Condition 19 of the Certificates, as applicable.

(ii) Substitute Index Level

If the Calculation Agent determines a Substitute Index Level in accordance with Inflation Linked Condition 1, the Calculation Agent may make any adjustment or adjustments (without limitation) to (x) the Substitute Index Level determined in accordance with Index Linked Condition 1 and/or (y) any amount payable under the Securities and/or any other relevant term of the Securities, in each case, as the Calculation Agent deems necessary acting in good faith and in a commercially reasonable manner, provided that if Inflation Index Level Adjustment is specified as applicable in the applicable Final Terms, the Calculation Agent will only be permitted to make any such adjustment in accordance with this Condition if the Calculation Agent determines that the delay in publication was not attributable to the Issuer, but substantially, alters the economics of the Securities compared to the economics as of the Issue Date. The Issuer shall give notice to the Holders of Securities of any such adjustment in accordance with Condition 18 of the Notes, Condition 17 of the Warrants, or Condition 19 of the Certificates, as applicable.

(iii) Index Level Adjustment Correction

(a) The first publication or announcement of the Relevant Level (disregarding estimates) by the Index Sponsor for any Reference Month shall be final and conclusive and, subject to Inflation Linked Condition 3(vi)(ii) below, later revisions to the level for such Reference Month will not be used in any calculations, save that in respect of the EUR-All Items-Revised Consumer Price Index, the ESP National-Revised Consumer Price Index (CPI) and the ESP-Harmonised-Revised Consumer Price Index HCPI, revisions to the Relevant Level which are published or announced up to and including the day that is two Business Days prior to any relevant Valuation Date will be valid and the revised Relevant Level for the relevant Reference Month will be deemed to be the final and conclusive Relevant Level for such Reference Month. The Issuer shall give notice to the Holders of Securities of any valid revision in accordance with Condition 18 of the Notes, Condition 17 of the Warrants, or Condition 19 of the Certificates, as applicable.

(b) If, within 30 days of publication or at any time prior to a Valuation Date in respect of which a Relevant Level will be used in any calculation or determination in respect of such Valuation Date, the Calculation Agent determines that the Index Sponsor has corrected the Relevant Level to correct a manifest error, the Calculation Agent may make any adjustment to any amount payable under the Securities and/or any other relevant term of the Securities as the Calculation Agent determines to be appropriate acting in good faith and in a commercially reasonable manner as a result of such correction and/or determine the amount (if any) that is payable as a result of that correction. The Issuer shall give notice to the Holders of Securities of any such adjustment and/or amount in accordance with Condition 18 of the Notes, Condition 17 of the Warrants, or Condition 19 of the Certificates, as applicable.

- (c) If a Relevant Level is published or announced at any time after the Cut-Off Date in respect of a Valuation Date in respect of which a Substitute Index Level was determined, the Calculation Agent may either (A) determine that such Relevant Level shall not be used in any calculation or determination under the Securities and that the Substitute Index Level shall be deemed to be the definitive Relevant Level for the relevant Reference Month, or (B) make any adjustment to any amount payable under the Securities and/or any other relevant term of the Securities as it deems appropriate as a result of the announcement or publication of the Relevant Level and/or determine the amount (if any) that is payable as a result of such publication or announcement. The Issuer shall give notice to the Holders of Securities of any determination in respect of (A) or (B), together with any adjustment or amount in respect thereof, in accordance with Condition 18, as applicable of the Notes, Condition 17 of the Warrants, or Condition 19 of the Certificates, as applicable.

Notwithstanding the foregoing, if Inflation Index Level Adjustment is specified as applicable in the applicable Final Terms, the Calculation Agent will only be permitted to make any such adjustment in accordance with this Inflation Linked Condition 3 if the Calculation Agent determines that the delay in publication was not attributable to the Issuer, but substantially, alters the economics of the Securities compared to the economics as of the Issue Date.

(iv) Currency

If the Calculation Agent determines that any event occurs affecting the Specified Currency or Settlement Currency, as applicable (whether relating to its convertibility into other currencies or otherwise) which the Calculation Agent determines necessitates an adjustment or adjustments to any amount payable under the Securities, and/or any other relevant term of the Securities (including the date on which any amount is payable by the Issuer), the Calculation Agent may make such adjustment or adjustments to such amount and/or any other relevant term of the Securities as the Calculation Agent deems necessary, acting in good faith and a commercially reasonable manner provided that if Currency Adjustment is specified as applicable in the applicable Final Terms, the Calculation Agent will only be permitted to make any such adjustment if the Calculation Agent determines that the event affecting the Specified Currency or the Settlement Currency was not attributable to the Issuer, but substantially alters the economics of the Securities compared to the economics as of the Issue Date. The Calculation Agent shall give notice to the Holders of Securities of any such adjustment in accordance with Condition 18 of the Notes, Condition 17 of the Warrants, or Condition 19 of the Certificates, as applicable.

(v) Rebasing

If the Calculation Agent determines that the Index has been or will be rebased at any time, the Index as so rebased (the "**Rebased Index**") will be used for purposes of determining the Relevant Level from the date of such rebasing; provided, however, that the Calculation Agent may make (A) if Related Bond is specified as applicable in the applicable Final Terms, any adjustments as are made pursuant to the terms and conditions of the Related Bond, if any, to the levels of the Rebased Index so that the Rebased Index levels reflect the same rate of inflation as before the rebasing, and/or (B) if Related Bond is specified as not applicable in the applicable Final Terms or a Related Bond Redemption Event has occurred, the Calculation Agent may make adjustments to the levels of the Rebased Index so that the Rebased Index levels reflect the same rate of inflation as the Index before it was rebased and in each case the Calculation Agent may make any adjustment(s) to any amount payable under the Securities and/or any other term of the Securities as the Calculation Agent may deem necessary acting in good faith and in a commercially reasonable manner. If the Calculation Agent determines that neither (A) nor (B) above

would produce a commercially reasonable result, the Calculation Agent may notify the Issuer and on such notification the Issuer shall redeem each Note or Certificate, or cancel each Warrant, as applicable, on a date notified by the Issuer to Holders of Securities in accordance with Condition 18 of the Notes, Condition 17 of the Warrants, or Condition 19 of the Certificates, as applicable, in which event the Issuer will pay to each Holder of Securities in respect of each such Security or, if Units are specified in the applicable Final Terms, each Unit, held by him an amount equal to its Early Redemption Amount (in the case of Notes and Certificates) in accordance with Condition 7(e) of the Notes or Condition 8(e) of the Certificates as applicable or the Early Termination Amount (in the case of Warrants) in accordance with Condition 8(c) of the Warrants. Notice of any adjustment, redemption of the Securities or determination pursuant to this paragraph shall be given to Holders of Securities in accordance with Condition 18 of the Notes, Condition 17 of the Warrants, or Condition 19 of the Certificates, as applicable.

(vi) Index Modification

- (i) If on or prior to the Cut-Off Date in respect of any Valuation Date, the Calculation Agent determines that an Index Modification has occurred the Calculation Agent may (A) if Related Bond is specified as applicable in the applicable Final Terms, make any adjustments to the Index, any Relevant Level and/or any other relevant term of the Securities (including, without limitation, any amount payable under the Securities), consistent with any adjustments made to the Related Bond as the Calculation Agent deems necessary, acting in good faith and in a commercially reasonable manner or (B) if Related Bond is specified as not applicable in the applicable Final Terms or a Related Bond Redemption Event has occurred make only those adjustments to the relevant Index, any Relevant Level and/or any other term of the Securities (including, without limitation, any amount payable under the Securities), as the Calculation Agent deems necessary acting in good faith and in a commercially reasonable manner for the modified Index to continue as the Index and to account for the economic effect of the Index Modification.
- (ii) If the Calculation Agent determines that an Index Modification has occurred at any time after the Cut-Off Date in respect of any Valuation Date, the Calculation Agent may determine either (a) to ignore such Index Modification for the purposes of any calculation or determination made by the Calculation Agent with respect to such Valuation Date, in which case the relevant Index Modification will be deemed to have occurred with respect to the immediately succeeding Valuation Date such that the provisions of sub paragraph (i) above will apply, or, (b) notwithstanding that the Index Modification has occurred following the Cut-Off Date, to make any adjustments as the Calculation Agent deems fit in accordance with sub-paragraph (i) above.

(vii) Index Cancellation

If the Calculation Agent determines that an Index Cancellation has occurred, it may:

- (a) elect, for the Calculation Agent, to calculate the relevant Interest Amount and/or relevant level using in lieu of a published level for that Index, a level for the Index as determined by the Calculation Agent in accordance with the formula for and method of calculating that Index last in effect prior to cancellation; or
- (b) unless (in the case of Notes or Certificates) Highest Value, Market Value or Monetisation Option are specified as applicable in the applicable Final Terms, require the Issuer to redeem each Note or Certificate, or cancel each Warrant, as applicable, and if it so requires, the Issuer shall redeem each Note or Certificate and cancel each Warrant on the date notified by the Issuer to Holders of Securities in

accordance with Condition 18 of the Notes, Condition 17 of the Warrants, or Condition 19 of the Certificates, as applicable, in which event the Issuer will pay to each Holder of Securities in respect of such Security held by him an amount equal to its Early Redemption Amount (in the case of Notes or Certificates) in accordance with Condition 7(e) of the Notes or Condition 8(e) of the Certificates, as applicable, or its Early Termination Amount (in the case of Warrants) in accordance with Condition 8(c) of the Warrants, as applicable, payment being made in such manner as shall be notified to Holders of Securities in accordance with Condition 18 of the Notes, Condition 17 of the Warrants, or Condition 19 of the Certificates, as applicable.

### 3. **Determination of Extraordinary Fund Events**

The Calculation Agent will determine if an Extraordinary Fund Event has occurred acting in good faith and in a commercially reasonable manner.

In considering whether the occurrence of an event or set of circumstances triggers an Extraordinary Fund Event, the Calculation Agent may have regard to the combined effect, from the Trade Date, of any event or set of circumstances, as the case may be, if such event or set of circumstances occurs more than once.

### 4. **Consequences of an Extraordinary Fund Event**

- 4.1 If the Calculation Agent determines that an Extraordinary Fund Event has occurred, the Calculation Agent shall give notice (an "**Extraordinary Fund Event Notice**") to the Holders of Securities in accordance with Condition 18 of the Notes, Condition 17 of the Warrants or Condition 19 of the Certificates, as applicable, (which notice shall be irrevocable), of the occurrence of such Extraordinary Fund Event (the date on which an Extraordinary Fund Event Notice is given, an "**Extraordinary Fund Event Notification Date**") as soon as reasonably practicable following the determination of an Extraordinary Fund Event. The Extraordinary Fund Event Notice shall set out, if determined at that time, the action that the Calculation Agent has determined to take in respect of the Extraordinary Fund Event pursuant to Fund Linked Condition 4.2 (in the case of a Fund that is not a Fund Index Component) or Fund Linked Condition 4.3(c) (in the case of a Fund that is a Fund Index Component). Where the action that the Calculation Agent has determined to take is not, for whatever reason, set out in the Extraordinary Fund Event Notice, the action that it has determined to take shall be set out in a subsequent notice given to Holders of Securities in accordance with Condition 18 of the Notes, Condition 17 of the Warrants or Condition 19 of the Certificates, as applicable, as soon as reasonably practicable after the Extraordinary Fund Event Notification Date.

Neither the Issuer nor the Calculation Agent shall be responsible for any loss, underperformance or opportunity cost suffered or incurred by any Holder of Securities or

any other person in connection with the Securities as a result of any delay in notifying Holders of Securities of the occurrence of an Extraordinary Fund Event, howsoever arising. If the Calculation Agent gives an Extraordinary Fund Event Notice, the Issuer shall have no obligation to make any payment or delivery in respect of the Securities until the Calculation Agent has determined the action that the Issuer is to take pursuant to Fund Linked Condition 4.2 or Fund Linked Condition 4.3, as the case may be.

- 4.2 In the case of a Fund that is not a Fund Index Component, following the occurrence of an Extraordinary Fund Event, the Calculation Agent shall (i) to the extent that an equivalent adjustment or substitution or determination to take no action, as the case may be, has been made in respect of the relevant Swap Agreement, take the action described in (a) or (b) below or (ii) in the event that the circumstances giving rise to such Extraordinary Fund Event result in an Additional Termination Event occurring in respect of the relevant Swap Agreement, take the action set out in (c) below, provided that, if the Calculation Agent determines that an Extraordinary Fund Event has occurred or is continuing on the Delayed Payment Cut-off Date in accordance with the provisions of Fund Linked Condition 5 below, the Calculation Agent shall determine that the action to be taken in respect of the Extraordinary Fund Event is "**Termination**".

(a) Adjustment

If the Calculation Agent determines that the action to be taken by the Issuer in respect of the Extraordinary Fund Event is to be "Adjustment", then the Calculation Agent may determine, acting in good faith and in a commercially reasonable manner, the appropriate adjustment(s), if any, to be made to any one or more Fund, Fund Share and/or the Weighting and/or any of the other terms of these Fund Linked Conditions and/or the applicable Final Terms to take account of the Extraordinary Fund Event and determine the effective date of such adjustment.

(b) Substitution

If the Calculation Agent, in good faith and in a commercially reasonable manner, determines that the action to be taken by the Issuer in respect of the Extraordinary Fund Event is to be "Substitution", the Calculation Agent shall:

- (i) determine the weighted average price at which a Hypothetical Investor can redeem the Fund Shares in the relevant Fund (the "**Affected Fund**") in such number as determined by the Calculation Agent in good faith and in a commercially reasonable manner as soon as it is reasonably practicable following the Extraordinary Fund Event;
- (ii) for a period of not longer than 14 calendar days following the date on which a Hypothetical Investor would have received proceeds from a redemption order in full submitted by the Hedge Provider as soon as practicable following the occurrence of an Extraordinary Fund Event, use reasonable efforts to substitute the Fund Shares with shares, units or other similar interests in an alternative fund which, in the determination of the Calculation Agent (acting in good faith and in a commercially reasonable manner), has similar characteristics to the Affected Fund, including but not limited to, comparable investment objectives, investment restrictions and investment processes and has service providers acceptable to the Calculation Agent;
- (iii) if no alternative fund can be determined pursuant to the preceding subparagraph (ii) above, use reasonable efforts to substitute the Fund with an index (or a fund tracking such index) selected by the Calculation Agent acting in good faith and in a commercially reasonable manner; and

- (iv) following any substitution in accordance with sub-paragraph (ii) or (iii) above, the Calculation Agent may make such determinations and/or adjustments to these Fund Linked Conditions and/or the applicable Final Terms as it determines to be appropriate to take account of such Substitution.

(c) Termination

If the Calculation Agent determines that the action to be taken by the Issuer in respect of the Extraordinary Fund Event is to be "Termination", on giving notice to Holders of Securities in accordance with Condition 18 of the Notes, Condition 17 of the Warrants or Condition 19 of the Certificates, as applicable, (which such notice may be included in the Extraordinary Fund Event Notice in respect of the relevant Extraordinary Fund Event), all but not some only of the outstanding Securities shall be redeemed (in the case of Notes and Certificates) or cancelled (in the case of Warrants) by payment to the Holders of Securities of the Termination Amount on the date determined as set out in the definition of Termination Amount, payment being made in such a manner as shall be notified to the Holders of Securities in accordance with Condition 18 of the Notes, Condition 17 of the Warrants or Condition 19 of the Certificates, as applicable.

4.3 In the case of a Fund that is a Fund Index Component, following the occurrence of an Extraordinary Fund Event, the Issuer may take the action described below in 4.3(a), (b) or (c):

- (a) if the Extraordinary Fund Event occurs or is subsisting on a Settlement Price Date, require the Calculation Agent to determine the relevant index level and the Settlement Price for such date using the NAV per Fund Share for each Fund Index Component comprising the relevant Fund Index in accordance with (A) and (B) below in accordance with the formula for and method of calculating the index level on the date on which the Extraordinary Fund Event occurs;
  - (A) with respect to each Fund Index Component which is not affected by an Extraordinary Fund Event, the index level will be calculated using the NAV per Fund Share of such Fund Index Component on the relevant Settlement Price Date; and
  - (B) with respect to each Fund Index Component which is affected by an Extraordinary Fund Event (each an "**Affected Fund Index Component**"), the index level will be calculated using the NAV per Fund Share of such Fund Index Component on the first Fund Business Day following the relevant Settlement Price Date on which no Extraordinary Fund Event occurs or is subsisting with respect to the Affected Fund Index Component, unless an Extraordinary Fund Event in respect of the Affected Fund Index Component is occurring for the number of consecutive Fund Business Days equal to the Maximum Days of Disruption immediately following the relevant Settlement Price Date. In that case the last such consecutive Fund Business Day shall be deemed to be the Settlement Price Date for the Affected Fund Index Component, notwithstanding the Extraordinary Fund Event and the Calculation Agent will determine the price of the Affected Fund Index Component based upon the price at which a Hypothetical Investor can sell or otherwise realise any hedge positions in respect of an Affected Fund Index Component during the period of five Fund Business Days following such Settlement Price Date;
- (b) require the Calculation Agent to use reasonable efforts to substitute the Fund Index that includes the Affected Fund Index Component (the "**Affected Fund Index**") with an alternative fund index which, in the determination of the Calculation Agent (acting in

good faith and in a commercially reasonable manner) measures the same (or a substantially similar) market or economic reality as the Affected Fund Index, including, but not limited to, the method of calculation]; or

- (c) on giving notice to Noteholders in accordance with Condition 18 of the Notes, or to Certificateholders in accordance with Condition 19 of the Certificates or to Warrantholders in accordance with Condition 17 of the Warrants (which such notice may be included in the Extraordinary Fund Event Notice in respect of the relevant Extraordinary Fund Event), redeem all but not some only of the outstanding Securities by payment of the Termination Amount on the date determined as set out in the definition of Termination Amount, payment being made in such manner as shall be notified to the Noteholders in accordance with Condition 18 of the Notes, or to Certificateholders in accordance with Condition 19 of the Certificates or to Warrantholders in accordance with Condition 17 of the Warrants.

#### 4.4 General

In determining to take a particular action as a result of an Extraordinary Fund Event, the Calculation Agent is under no duty to consider the interests of any Holders of Securities or any other person. In making any determination as to which action to take following the occurrence of an Extraordinary Fund Event, (to the extent permitted by applicable law) none of the Issuer, the Calculation Agent or the Swap Counterparty (to the extent permitted by applicable law) shall be responsible for any loss (including any liability in respect of loss of interest), underperformance or opportunity cost suffered or incurred by Holders of Securities or any other person in connection with the Securities as a result thereof, howsoever arising including as a result of any delay in making any payment or delivery in respect of the Securities.

18 of the Notes or Condition 17 of the Warrants or Condition 19 of the Certificates, as applicable and the provisions of Fund Linked Condition 4.2(c) shall apply.

In the case of interest bearing Securities or Certificates which pay a Premium Amount, if on the date falling two Business Days prior to an Interest Payment Date or Premium Amount Payment Date, as applicable, the Hedge Provider has not, after having placed one or more redemption orders in respect of its holding of Fund Shares in accordance with the terms of the relevant Fund Documents, received redemption proceeds in full in respect of such Fund Shares (the "**Redemption Proceeds**"), the Calculation Agent may notify the Holders of Securities in accordance with Condition 18 of the Notes, Condition 17 of the Warrants or Condition 19 of the Certificates, as the case may be, that such Interest Payment Date or Premium Amount Payment Date, as the case may be, has been postponed. As soon as practicable following receipt by the Hedge Provider of the Redemption Proceeds the Calculation Agent shall give notice in accordance with Condition 18 of the Notes, Condition 17 of the Warrants or Condition 19 of the Certificates, as the case may be, (such notice the "**Delayed Payment Notice**" and the Issuer shall pay the Interest Amount or Premium Amount in respect of the Interest Period or Premium Amount Period, as the case may be, ending on or immediately preceding the Interest Payment Date or Premium Amount Payment Date, as the case may be, on the date falling more than five Business Days following the receipt of the Delayed Payment Notice (such date, the "**Postponed Payment Date**") and no additional amount shall be payable in respect of such delay, provided that, if the Hedge Provider does not receive the Redemption Proceeds within the period ending on the (and including) the Delayed Payment Cut-off Date, the Calculation Agent shall determine that an Extraordinary Fund Event has occurred and is continuing on the Delayed Payment Cut-off Date and shall notify Holders of Securities thereof in accordance with the procedures set out in Fund Linked Condition 4 above, and in accordance with Condition 18 of the Notes or Condition 17 of the Warrants or Condition 19 of the Certificates, as applicable, and the provisions of Fund Linked Condition 4.2(c) shall apply.

## 6. **Fund Index Adjustment Event**

If (a) on or prior to any Settlement Price Date, the relevant Fund Index Sponsor makes or announces that it will make a material change in the formula for or the method of calculating a relevant Fund Index or in any other way materially modifies that Fund Index (other than a modification prescribed in that formula or method to maintain the Fund Index in the event of changes in the Fund Index Components and other routine events) (a "**Fund Index Modification**"), or permanently cancels a relevant Fund Index and no successor Fund Index exists (a "**Fund Index Cancellation**"), or (b) on any Settlement Price Date, the Fund Index Sponsor or (if applicable) the successor Fund Index Sponsor fails to calculate and announce a relevant Fund Index (a "**Fund Index Disruption**" and, together with a Fund Index Modification and a Fund Index Cancellation, each a "**Fund Index Adjustment Event**"), then:

- (i) the Calculation Agent shall determine if such Fund Index Adjustment Event has a material effect on the Securities and, if so, shall calculate the relevant value, level or price using, in lieu of a published level for that Fund Index, the level for that Fund Index as at the Valuation Time on such Settlement Price Date, as determined by the Calculation Agent in accordance with the formula for and method of calculating that Fund Index last in effect prior to the change, failure or cancellation, but using only those Fund Index Components that comprised that Fund Index immediately prior to that Fund Index Adjustment Event; or
- (ii) the Calculation Agent may use commercially reasonable efforts to select a successor fund index which in its opinion, acting in good faith and in a commercially reasonable manner measures the same (or a substantially similar) market or economic reality as the original Fund Index and, upon selection of such fund index, the Calculation Agent shall promptly notify the Holders in accordance with Condition 17 and such fund index will be deemed to be the "Fund Index" for the purpose of the Securities and the Calculation Agent will make

such adjustment, if any, to one or more of the terms of the Securities as it (acting in good faith and in a commercially reasonable manner) determines appropriate; or

- (iii) the Calculation Agent may determine acting in good faith and in a commercially reasonable manner such other appropriate adjustments, if any, to be made to the terms of the Securities to account for the Fund Index Adjustment Event and determine the effective date of those adjustments; or
- (iv) (A) in the case of Notes and Certificates only, unless Highest Value, Market Value, Monetisation Option or Delayed Redemption on Fund Index Adjustment Event are specified as being applicable in the applicable Final Terms, the Issuer may redeem the Securities by giving notice to the Noteholders in accordance with Condition 18 of the Notes or to Certificateholders in accordance with Condition 19 of the Certificates. If the Securities are so redeemed the Issuer will pay an amount to each Holder in respect of each Security equal to the Early Redemption Amount determined in accordance with Condition 7(e) of the Notes or Condition 8(e) of the Certificates. Payment will be made in such manner as shall be notified to the Noteholders in accordance with Condition 18 of the Notes or to Certificateholders in accordance with Condition 19 of the Certificates; or
- (B) in the case of Notes and Certificates only, if Delayed Redemption on Occurrence of Fund Index Adjustment Event is specified as being applicable in the applicable Final Terms and Early Redemption Amount is specified as applicable in the applicable Final Terms, on the Maturity Date (in the case of Notes) or on the Redemption Date (in the case of Certificates) the Issuer shall redeem each Note or Certificate, as applicable, at an amount calculated by the Calculation Agent equal to the sum of (x) the Protected Amount (specified in the applicable Final Terms) and (y) the Swap Early Termination Amount (if any).

For the purposes of this Fund Linked Condition 6(iv)(B) "**Swap Early Termination Amount**" means an amount (if any) equal to, in respect of each Note or Certificate, and subject to a minimum of zero, a pro rata share of the sum of (1) the Early Termination Amount (as defined in the Swap Agreement) received by the Issuer under the Swap Agreement in connection with the termination of the Swap Agreement in whole or in part and (2) any interest which has accrued in respect of the amount of such Early Termination Amount received by the Issuer (which may be a positive or negative figure);

- (C) in the case of Warrants only, the Issuer may cancel the Warrants by giving notice to the Warrantholders in accordance with Condition 17 of the Warrants. If the Warrants are so cancelled the Issuer will pay an amount to each holder in respect of each Warrant or, if Units are specified in the applicable Final Terms, each Unit, equal to the Early Termination Amount in accordance with Condition 8(c) of the Warrants. Payments will be made in such manner as shall be notified to the Warrantholders in accordance with Condition 17 of the Warrants.
- (D) if Highest Value is specified as applicable in the applicable Final Terms, the Issuer will on giving notice to Noteholders in accordance with Condition 18 of the Notes, or to Certificateholders in accordance with Condition 19 of the Certificates, redeem all but not some only of the Securities and pay to each Holder of Securities an amount in respect of each Security held by such Holder of Securities calculated and paid on such date determined, in accordance with Condition 7(e)(ix) (in the case of Notes) or in accordance with Condition 8(e)(viii) (in the case of Certificates); or
- (E) if Market Value is specified as applicable in the applicable Final Terms, the Issuer will on giving notice to Noteholders in accordance with Condition 18 of the Notes, or to Certificateholders in accordance with Condition 19 of the Certificates, redeem all but not some only of the Securities and pay to each Holder of Securities an amount in respect of each Security held by such Holder of

Securities calculated and paid on such date determined in accordance with Condition 7(e)(x) (in the case of Notes) or in accordance with Condition 8(e)(ix) (in the case of Certificates); or

- (F) if Monetisation Option is specified as applicable in the applicable Final Terms, the Issuer will on giving notice to Noteholders in accordance with Condition 18 of the Notes, or to Certificateholders in accordance with Condition 19 of the Certificates redeem all but not some only of the Securities and pay to each Holder of Securities an amount in respect of each Security held by such Holder of Securities calculated and paid on such date determined in accordance with Condition 7(e)(xi) (in the case of Notes) or in accordance with Condition 8(e)(x) (in the case of Certificates); or
  - (G) in the case of Notes and Certificates only, where one of the Highest Value, Market Value or Monetisation Option is specified as applicable in the applicable Final Terms in respect of a Fund Index Adjustment Event, if the Calculation Agent determines that such Fund Index Adjustment Event constitutes a force majeure, and if Fund Linked Condition 6(iv)(G) is specified in the applicable Final Terms, the Issuer will on giving notice to Noteholders in accordance with Condition 18 of the Notes or to Certificateholders in accordance with Condition 19 of the Certificates, redeem all but not some only of the Securities (in the case of Notes and Certificates) and pay to each Holder of Securities an amount in respect of each Security held by such Holder of Securities, calculated and paid on such date determined in accordance with Condition 7(v) (in the case of Notes) or in accordance with Condition 7(b) (in the case of Certificates) on the basis that ERE Force Majeure/No Unwind Costs is applicable; or
- (v) in the case of a Fund Index Modification which occurs on the last Valuation Date, last Averaging Date or last Observation Date only, the Calculation Agent may elect to calculate the level of the Fund Index, using in lieu of the published level for the Fund Index as of the Valuation Date, Averaging Date or Observation Date, as the case may be, the level of the Fund Index as of that date determined by the Calculation Agent in accordance with the formula for and method of calculating the Fund Index last in effect prior to the Fund Index Modification but using only those Fund Index Components that comprised the Fund Index prior to the Fund Index Modification.

## ANNEX 9

### ADDITIONAL TERMS AND CONDITIONS FOR UNDERLYING INTEREST RATE LINKED SECURITIES

*The terms and conditions applicable to Underlying Interest Rate Linked Securities shall comprise, in the case of Notes, the Terms and Conditions of the Notes (as set out under the heading "Terms and Conditions of the Notes" above and, for the avoidance of doubt, not including Annexes 1 to 11), in the case of Warrants, the Terms and Conditions of the Warrants (as set out under the heading "Terms and Conditions of the Warrants" above and, for the avoidance of doubt, not including Annexes 1 to 9 or 11), and, in the case of Certificates, the Terms and Conditions of the Certificates (as set out under the heading "Terms and Conditions of the Certificates" above and, for the avoidance of doubt, not including Annexes 1 to 11) as applicable (the "**Conditions**") and the additional Terms and Conditions for payouts (as set out in Annex 1 under the heading "Additional Terms and Conditions for Payouts" above) (the "**Payout Conditions**") and the additional Terms and Conditions set out below (the "**Underlying Interest Rate Linked Conditions**") and any other additional Terms and Conditions that may be specified in the Final Terms (the "**Additional Terms and Conditions**"), in each case subject to completion in the applicable Final Terms. In the event of any inconsistency between the Conditions and the Underlying Interest Rate Linked Conditions and/or the Additional Terms and Conditions, the Underlying Interest Rate Linked Conditions and/or the Additional Terms and Conditions (as applicable) shall prevail. In the event of any inconsistency between (i) the Conditions and/or the Underlying Interest Rate Linked Conditions and/or the Additional Terms and Conditions and (ii) the Final Terms, the Final Terms shall prevail.*

#### 1. Underlying Interest Rate Determination

In respect of each Underlying Interest Determination Date specified in the applicable Final Terms, the Underlying Interest Rate or, if two or more Underlying Interest Rates are specified in the applicable Final Terms, each Underlying Interest Rate will be determined in the manner specified in the applicable Final Terms. Each Underlying Interest Rate comprising a Multiple Underlying Interest Rate will be calculated separately and independently as provided below and in the applicable Final Terms.

#### 2. ISDA Determination

Where ISDA Determination is specified in the applicable Final Terms as the manner in which the Underlying Interest Rate is to be determined, the Underlying Reference Rate will be the relevant Underlying ISDA Rate plus or minus (as indicated in the applicable Final Terms) the Underlying Margin (if any) specified in the applicable Final Terms. For the purposes of these Underlying Interest Rate Linked Conditions, "**Underlying ISDA Rate**" means a rate equal to the Floating Rate that would be determined by the Calculation Agent under an interest rate swap transaction if the Calculation Agent were acting as Calculation Agent (as defined in the ISDA Definitions) for that swap transaction under the terms of an agreement incorporating the 2006 ISDA Definitions as published by the International Swaps and Derivatives Association, Inc. and as amended and updated as at the Issue Date of the first Tranche of the Securities (the "**ISDA Definitions**") and under which:

- (a) the Floating Rate Option is as specified in the applicable Final Terms;
- (b) the Designated Maturity is a period specified in the applicable Final Terms; and
- (c) the relevant Reset Date is as specified in the applicable Final Terms.

For the purposes of these Underlying Interest Rate Security Conditions, "**Floating Rate**", "**Floating Rate Option**", "**Designated Maturity**" and "**Reset Date**" have the meanings given to those terms in the ISDA Definitions.

### **3. Screen Rate Determination**

Where Screen Rate Determination is specified in the applicable Final Terms as the manner in which the Underlying Interest Rate is to be determined, the Underlying Reference Rate will, subject as provided below, be either:

- (a) the offered quotation; or
- (b) the arithmetic mean (rounded if necessary to the fifth decimal place, with 0.000005 being rounded upwards) of the offered quotations,

(expressed as a percentage rate per annum) for the Underlying Reference Rate(s) which appears or appear, as the case may be, on the Relevant Screen Page as at the Specified Time indicated in the applicable Final Terms (which will be 11.00 a.m., London time, in the case of LIBOR, or Brussels time, in the case of EURIBOR) on the Underlying Interest Determination Date in question plus or minus (as indicated in the applicable Final Terms) the Underlying Margin (if any), all as determined by the Calculation Agent. If five or more of such offered quotations are available on the Relevant Screen Page, the highest (or, if there is more than one such highest quotation, one only of such quotations) and the lowest (or, if there is more than one such lowest quotation, one only of such quotations) shall be disregarded by the Calculation Agent for the purpose of determining the arithmetic mean (rounded as provided above) of such offered quotations.

In the event that the Relevant Screen Page is not available or if, in the case of (a) above, no such offered quotation appears or, in the case of (b) above, fewer than three such offered quotations appear, in each case as at the Specified Time indicated above or in the applicable Final Terms, the Calculation Agent will determine the Underlying Reference Rate as the rate it determines would have prevailed but for such non-availability or other event acting in good faith and using its reasonable judgment.

### **4. Determination of Underlying Interest Rate**

The Calculation Agent will, on or as soon as practicable after each date on which the Underlying Interest Rate is to be determined, which if the Securities are Hybrid Securities and Hybrid Business Day is specified as applicable in the applicable Final Terms, will be deemed to be a Scheduled Trading Day for the purposes of determining whether such day is a Hybrid Business Day (the "**Underlying Interest Determination Date**"), determine the Underlying Reference Rate (subject to any Minimum Underlying Reference Rate or Maximum Underlying Reference Rate specified in the applicable Final Terms). The Calculation Agent will notify the Issuing and Paying Agent or the Principal Warrant and Certificate Agent, as applicable, of the Underlying Reference Rate as soon as practicable after calculating the same.

### **5. Minimum and/or Maximum Underlying Reference Rate**

If the applicable Final Terms specifies a Minimum Underlying Reference Rate, then, in the event that the Underlying Reference Rate determined in accordance with the provisions of Underlying Interest Linked Security Conditions 2 or 3 above (as appropriate) is less than such Minimum Underlying Reference Rate, the Underlying Reference Rate shall be such Minimum Underlying Reference Rate.

If the applicable Final Terms specifies a Maximum Underlying Reference Rate, then, in the event that the Underlying Reference Rate determined in accordance with the provisions of Underlying Interest Rate Linked Conditions 2 or 3 above (as appropriate) is greater than such Maximum Underlying Reference Rate, the Underlying Reference Rate shall be such Maximum Underlying Reference Rate.

## ANNEX 10

### ADDITIONAL TERMS AND CONDITIONS FOR CREDIT LINKED SECURITIES

In the event of any inconsistency between the Conditions and the Credit Linked Conditions, the Credit Linked Conditions shall prevail. In the event of any inconsistency between (i) the Conditions and/or the Credit Linked Conditions and (ii) the Final Terms, the Final Terms shall prevail.*

#### Part A (2014 Definitions)

*The provisions of this Part A apply in relation to Credit Linked Securities unless the Final Terms of such Credit Linked Securities specify that "2014 Definitions" are not applicable, or that "2003 Definitions (as supplemented by July 2009 Supplement)" shall apply.*

##### 1. General

###### (a) Credit Terms

The Final Terms shall specify:

- (a) the type of Credit Linked Securities, being Single Reference Entity Credit Linked Securities, Nth-to-Default Credit Linked Securities or Linear Basket Credit Linked Securities;
- (b) the Settlement Method (if not Auction Settlement) and, where Auction Settlement applies, the applicable Fallback Settlement Method;
- (c) the Reference Entity or Reference Entities in respect of which a Credit Event may occur;
- (d) the Reference Obligation(s) (if any) in respect of each Reference Entity;
- (e) the Trade Date and (in the case of Credit Linked Notes) the Maturity Date or (in the case of Credit Linked Certificates) the Redemption Date;
- (f) the Transaction Type applicable to each Reference Entity; and
- (g) the Reference Entity Notional Amount in respect of each Reference Entity.

###### (b) Physical Settlement Matrix

Where a Transaction Type is specified in the Final Terms in respect of any Reference Entity, then the provisions of these Credit Linked Conditions shall apply with respect to such Reference Entity in accordance with the Physical Settlement Matrix as it applies to such Transaction Type, as though such Physical Settlement Matrix were set out in full in the Final Terms.

(c) Additional Provisions

If, in accordance with the specified Transaction Type or otherwise, any Additional Provisions are applicable, these Credit Linked Conditions shall take effect subject to the provisions thereof.

(d) Linear Basket Credit Linked Securities

If the Credit Linked Securities are Linear Basket Credit Linked Securities, then the provisions of these Credit Linked Conditions relating to redemption or settlement of Credit Linked Securities following the occurrence of an Event Determination Date, extension of maturity of Credit Linked Securities on delivery of an Extension Notice, cessation or suspension of accrual of interest or accrual and payment of interest following (in the case of Credit Linked Certificates) the Redemption Date or, (in the case of Credit Linked Notes) the Maturity Date shall apply separately with respect to each Reference Entity and a portion of each Credit Linked Security corresponding to the Reference Entity Notional Amount divided by the number of Credit Linked Securities then in issue. The remaining provisions of these Credit Linked Conditions shall be construed accordingly.

**2. Redemption**

(a) Redemption at Credit Security Settlement Date

The Issuer will redeem each Credit Linked Security on the related Credit Security Settlement Date (as such date may be extended in accordance with the definition thereof) by payment of an amount equal to (in the case of Certificates) the Cash Settlement Amount or (in the case of Notes) the outstanding principal amount of such Security (or, in the case of Linear Basket Credit Linked Securities, the relevant portion thereof) (together with interest, if any, payable thereon) unless:

- (A) the Credit Linked Securities have been previously redeemed or purchased and cancelled in full (including pursuant to Credit Linked Conditions 2(b), 2(c) or 2(d)); or
- (B) an Event Determination Date has occurred, in which event the Issuer shall redeem the Credit Linked Securities in accordance with Credit Linked Condition 2(b).

(b) Redemption or Settlement following Event Determination Date

Upon the occurrence of an Event Determination Date in relation to any Reference Entity, then each Credit Linked Note or Credit Linked Certificate (or, in the case of Linear Basket Credit Linked Securities, the relevant portion thereof) will be subject to redemption and settlement:

- (A) if the applicable Settlement Method is Auction Settlement, by payment of its *pro rata* share (such amount to be apportioned *pro rata* amongst the outstanding nominal amount or outstanding notional amount of each Credit Linked Security corresponding to the (in the case of Credit Linked Notes) Calculation Amount or (in the case of Credit Linked Certificates) Notional Amount) of the Auction Settlement Amount on the Auction Settlement Date, unless a Fallback Settlement Event occurs, in which event the Issuer shall perform its respective payment and/or delivery obligations in accordance with the applicable Fallback Settlement Method. If an Event Determination Date occurs with respect to a new Credit Event following the occurrence of a Fallback Settlement Event with respect to a first Credit Event and no Fallback Settlement Event occurs with respect to such new Credit Event, the Issuer shall, if the Swap Counterparty so elects on or prior to a related Valuation Date or Delivery Date, redeem or settle, as applicable, the Credit Linked Securities in accordance with this Credit Linked Condition 2(b)(A) by Auction Settlement;

- (B) if the applicable Settlement Method is Physical Settlement, in accordance with Credit Linked Condition 4; and
- (C) if the applicable Settlement Method is Cash Settlement, by payment of its *pro rata* share (such amount to be apportioned *pro rata* amongst the outstanding nominal amount or outstanding notional amount of each Credit Linked Security corresponding to the (in the case of Credit Linked Notes) Calculation Amount or (in the case of Credit Linked Certificates) Notional Amount) of the Credit Event Cash Settlement Amount on the Cash Settlement Date.

Where the Credit Linked Securities are Nth-to-Default Credit Linked Securities, an Event Determination Date shall be deemed not to occur with respect to the Credit Linked Securities until an Event Determination Date occurs with respect to the Nth Reference Entity. Where the Credit Linked Securities are Nth-to-Default Credit Linked Securities and an Event Determination Date occurs with respect to more than one Reference Entity on the same day, the Swap Counterparty shall determine the order in which such Event Determination Dates occurred.

(c) Redemption following a Merger Event

If this Credit Linked Condition 2(c) is specified as applicable in the applicable Final Terms, in the event that in the determination of the Calculation Agent a Merger Event has occurred, the Issuer shall give notice if requested to do so by the Swap Counterparty to the holders of Securities in accordance with Condition 18 of the Notes or Condition 19 of the Certificates, as applicable, and redeem all but not some only of the Credit Linked Securities on the Merger Event Redemption Date, and if the Credit Linked Securities are so redeemed or, as the case may be, cancelled, the Issuer shall pay an amount to each Holder of Securities in respect of each Credit Linked Security, which amount shall be the fair market value of the Credit Linked Security taking into account the Merger Event less, unless Unwind Costs are specified as not applicable in the applicable Final Terms, the cost to the Issuer and/or the Swap Counterparty and/or its Affiliates of unwinding any underlying related hedging arrangements (including, without limitation, any Unwind Costs), all as determined by the Calculation Agent acting in good faith and in a commercially reasonable manner.

(d) Additional Credit Linked Security Disruption Events

If the Calculation Agent determines that an Additional Credit Linked Security Disruption Event has occurred, the Issuer may, at the Calculation Agent's election, redeem (or settle, as applicable) the Credit Linked Securities by giving notice to holders of Securities in accordance with Condition 18 of the Notes or Condition 19 of the Certificates, as applicable. If the Credit Linked Securities are so redeemed (or settled, as applicable), the Issuer will pay an amount to each Holder of Securities in respect of each Credit Linked Security equal to the Early Redemption Amount in accordance with Condition 7(e) of the Notes or Condition 8(e) of the Certificates, as applicable. Payments will be made in such manner as shall be notified to the Holders of Securities in accordance with Condition 18 of the Notes or Condition 19 of the Certificates, as applicable.

(e) Suspension of Obligations

If there is a DC Credit Event Question in relation to any Reference Entity, then (unless the Swap Counterparty otherwise elects by notice to the Issuer, the Issuing and Paying Agent or the Principal Warrant and Certificate Agent, as applicable, the Calculation Agent and the Trustee) from the date of such DC Credit Event Question (and notwithstanding that the relevant Credit Derivatives Determinations Committee has yet to determine whether Publicly Available Information is available or that a Credit Event has occurred):

- (i) any obligation of the Issuer to redeem or settle any Credit Linked Security (including pursuant to Credit Linked Condition 2(b)) or pay any amount of interest which would otherwise be due thereon (and the timing requirements of the Cash Settlement Date, Valuation Date, Relevant Valuation Date, NOPS Cut-off Date, Physical Settlement Period, any other provisions pertaining to settlement and any related obligation of the Swap Counterparty under the Credit Default Swap Agreement) shall, insofar as it relates to the relevant Reference Entity;
- (ii) if the Final Terms specifies that "Calculation and Settlement Suspension" applies, any obligation of the Issuer to redeem or settle any Credit Linked Security (including pursuant to Credit Linked Condition 2(b)) (and the timing requirements of the Cash Settlement Date, Valuation Date, Relevant Valuation Date, NOPS Cut-off Date, Physical Settlement Period, any other provisions pertaining to settlement) insofar as it relates to the relevant Reference Entity, or pay any amount of interest which would otherwise be due thereon (and any related obligation of the Swap Counterparty under the Credit Default Swap Agreement) or any obligation of the Calculation Agent to calculate any amount of interest (in each case, regardless of whether any such interest relates to the relevant Reference Entity), shall,

be and remain suspended until the date of the relevant DC Credit Event Announcement, DC No Credit Event Announcement or DC Credit Event Question Dismissal.

During such suspension period, neither the Issuer nor the Swap Counterparty shall not be obliged to, nor entitled to, take any action in connection with the settlement of any credit derivative transaction to which the Credit Default Swap Agreement relates or the Credit Linked Securities, in each case insofar as they relate to the relevant Reference Entity, or in connection with the payment of any applicable interest on the Credit Linked Securities, nor, if the Final Terms specifies that "Calculation and Settlement Suspension" applies, shall the Calculation Agent be obliged to take any action in connection with the calculation of any amount of interest (in each case, if the Final Terms specifies that "Calculation and Settlement Suspension" applies, regardless of whether any such interest relates to the relevant Reference Entity). Once the relevant DC Credit Event Announcement, DC No Credit Event Announcement or DC Credit Event Question Dismissal has occurred, such suspension shall terminate and any obligations so suspended shall resume on the Credit Security Business Day following such public announcement by ISDA, with the Issuer, the Swap Counterparty and, as the case may be, the Calculation Agent having the benefit of the full day notwithstanding when the suspension began. Any amount of interest so suspended shall, subject always to Credit Linked Condition 3(a), become due on a date selected by the Calculation Agent falling not later than fifteen Business Days following such public announcement by ISDA.

For the avoidance of doubt, no interest shall accrue on any payment of interest or any other amounts which are deferred in accordance with this Credit Linked Condition 2(e).

(f) Miscellaneous provisions relating to Redemption

If the Credit Linked Securities are partially redeemed or settled, the relevant Credit Linked Securities or, if the Credit Linked Securities are represented by a Global Note or Global Certificate, such Global Note or Global Certificate, shall be endorsed to reflect such partial redemption or settlement. Upon such partial redemption or settlement, the outstanding notional amount or outstanding principal amount of each Credit Linked Security shall be reduced for all purposes (including accrual of interest thereon) accordingly.

Redemption or settlement of any Credit Linked Security in accordance with this Credit Linked Condition 2, together with payment of interest, if any, due thereon shall discharge all or the relevant portion of the obligations of the Issuer in relation thereto.

Any amount payable under Credit Linked Condition 2(b) shall be rounded downwards to the nearest sub-unit of the relevant currency.

(g) Credit Linked Interest Only

If Credit Linked Interest Only is specified as applicable in the applicable Final Terms, Credit Linked Condition 3 will apply to the Securities, but Credit Linked Conditions 2(a) and 2(b) will not apply. Unless the Credit Linked Securities have previously been redeemed or purchased and cancelled in full (including pursuant to Credit Security Conditions 2(c) or 2(d)), the Issuer will redeem each Credit Linked Security on the relevant Credit Security Settlement Date by payment of the original nominal amount specified in the applicable Final Terms.

**3. Interest**

(a) Cessation of Interest Accrual

Upon the occurrence of an Event Determination Date in respect of any Reference Entity, interest on such Credit Linked Security (or, in the case of Linear Basket Credit Linked Securities, the relevant portion thereof) shall cease to accrue with effect from and including:

(A) either:

(i) the Interest Payment Date; or

(ii) if so specified in the Final Terms, the Interest Period End Date,

immediately preceding such Event Determination Date (or, in the case of the first Interest Period, the Interest Commencement Date); or

(B) if so specified in the applicable Final Terms, such Event Determination Date.

(b) Interest following the Maturity Date or Redemption Date, as applicable

Subject always to Credit Linked Condition 3(a), if an Extension Notice has been given (other than pursuant to paragraph (d) of the definition of "Extension Notice"), each Credit Linked Security (or, in the case of Linear Basket Credit Linked Securities, the relevant portion thereof) which is outstanding following the Redemption Date or Maturity Date, as the case may be, shall continue to bear interest from (and including) the Redemption Date or Maturity Date, as the case may be, to (but excluding) the related Credit Security Settlement Date at a rate of interest equal to either:

(A) the rate that the Issuing and Paying Agent or the Principal Warrant and Certificate Agent, as applicable, would pay to an independent customer in respect of overnight deposits in the currency of the Credit Linked Certificates; or

(B) such other rate as shall be specified for such purpose in the Final Terms.

For the avoidance of doubt, if an Extension Notice has been given pursuant to paragraph (d) of the definition thereof, no interest shall accrue from (and including) the Redemption Date or Maturity Date, as the case may be, to (but excluding) the related Credit Security Settlement Date. Where No Interest Post Scheduled Redemption is specified as applicable in the applicable Final Terms, subject always to Credit Linked Condition 3(a), no interest will accrue or be payable in respect of each Credit Linked Security (or, in the case of Linear Basket Credit Linked Securities, the relevant portion thereof) which is outstanding following the Maturity Date or Redemption Date, as applicable, from (and including) the Maturity Date or Redemption Date, as applicable, to (and including) the related Credit Security Settlement Date.

(c) Interest Payment Dates

If the Credit Linked Securities are redeemed pursuant to the Terms and Conditions of the Notes or the Terms and Conditions of the Certificates, as applicable, or these Credit Linked Conditions, the Redemption Date, the Maturity Date, the Credit Security Settlement Date (if not the Redemption Date or Maturity Date, as the case may be), the Auction Settlement Date, the Cash Settlement Date or the last Delivery Date, as the case may be, shall be an Interest Payment Date in respect of each Credit Linked Security (or, in the case of Linear Basket Credit Linked Securities, the relevant portion thereof) and the Issuer shall pay any interest that has accrued in respect of each Credit Linked Security (or, as applicable, the relevant portion thereof) on such Interest Payment Date.

#### **4. Physical Settlement**

##### **(a) Delivery and payment**

If Physical Settlement applies to any Credit Linked Security, then, upon the occurrence of an Event Determination Date, the Issuer and the Swap Counterparty shall, on or prior to the related Physical Settlement Date and subject to Credit Linked Conditions 4(b), 4(c) and 4(f), settle the credit derivative transaction evidenced by the Credit Default Swap Agreement (if any) and the Issuer shall redeem such Credit Linked Security (or, in the case of Linear Basket Credit Linked Securities, the relevant portion thereof), respectively, by:

(A) Delivering (or, in the case of the Issuer, procuring that the Swap Counterparty Delivers) a *pro rata* share of the Deliverable Obligations specified in the related Notice of Physical Settlement or NOPS Amendment Notice, as applicable; and

(B) paying such Security's *pro rata* portion of the related Physical Settlement Adjustment Rounding Amount.

##### **(b) Partial Cash Settlement Due to Impossibility or Illegality**

If, due to an event beyond the control of the Issuer and/or the Swap Counterparty, it is impossible or illegal for the Issuer or the Swap Counterparty to Deliver or, due to an event beyond the control of the Issuer or any Holder of Securities, it is impossible or illegal for the Issuer or the relevant Holder of Securities to accept Delivery of any of the Deliverable Obligations (other than a Deliverable Obligation described in paragraph (d) of the definition of "Deliverable Obligation") specified in a Notice of Physical Settlement or any NOPS Amendment Notice, as applicable, on the related Physical Settlement Date, then on such date the Issuer shall Deliver or procure that the Swap Counterparty Delivers any of the Deliverable Obligations specified in the Notice of Physical Settlement or any NOPS Amendment Notice, as applicable, for which it is possible and legal to take Delivery. If any Undeliverable Obligations have not been delivered on or prior to the Latest Permissible Physical Settlement Date, then Partial Cash Settlement shall apply with respect to such Undeliverable Obligations and, accordingly, the Swap Counterparty shall pay the Issuer and the Issuer shall pay the relevant Holders of Securities an amount equal to the Partial Cash Settlement Amount to be apportioned *pro rata* amongst the relevant holders of Securities on the Partial Cash Settlement Date.

##### **(c) Non-Delivery of Deliverable Obligations**

If the Issuer and/or the Swap Counterparty does not Deliver any Deliverable Obligation specified in a Notice of Physical Settlement or NOPS Amendment Notice, as applicable, other than as a result of an event or circumstance contemplated in Credit Linked Condition 4(b) above (including following the occurrence of a Hedge Disruption Event), such failure shall not constitute an Event of Default or breach of agreement for the purpose of the Securities or the Credit Default Swap Agreement and the Issuer and/or the Swap Counterparty may continue to attempt to Deliver the Deliverable Obligations that are Bonds or Loans until the Extended Physical Settlement Date.

If, as at the relevant Extended Physical Settlement Date, any such Deliverable Obligations have not been Delivered, then Partial Cash Settlement shall apply with respect to such Deliverable Obligations and the Swap Counterparty shall pay to the Issuer and the Issuer shall pay to the holders of Securities an amount equal to the Partial Cash Settlement Amount to be apportioned *pro rata* amongst the Holders of Securities on the Partial Cash Settlement Date.

(d) Aggregation and Rounding

Where a Holder of Securities holds Credit Linked Notes or Credit Linked Certificates in an aggregate nominal amount outstanding or aggregate notional amount outstanding greater than the Specified Denomination or Notional Amount respectively, the Outstanding Principal Balance of the Deliverable Obligations to be Delivered in respect of the Credit Linked Security shall be aggregated for the purposes of this Credit Linked Condition 4. If the Outstanding Principal Balance of the Deliverable Obligations to be Delivered in respect of each Credit Linked Security to be redeemed pursuant to this Credit Linked Condition 4(d) on any occasion is not equal to an authorised denomination (or integral multiple thereof) of such Deliverable Obligations then the Outstanding Principal Balance of Deliverable Obligations to be Delivered will be rounded down to the nearest authorised denomination or multiple thereof, or, if none, to zero. In such circumstances, the Deliverable Obligations that were not capable of being Delivered shall, if and to the extent practicable, be sold by the Issuer or such other agent as may be appointed by the Issuer for such purpose and, if they are so sold, the Issuer shall make payment in respect of each Credit Linked Security in an amount equal to its *pro rata* share of the related net sale proceeds as soon as reasonably practicable following receipt thereof.

(e) Delivery and Fees

The Delivery of any of the Deliverable Obligations pursuant to the provisions of this Credit Linked Condition 4 shall be made in such manner as the Swap Counterparty on behalf of the Issuer shall determine in a commercially reasonable manner, to be appropriate for such Delivery. Subject as set out in the definition of "Deliver":

- (A) any recordation, processing or similar fee reasonably incurred by the Issuer and/or the Swap Counterparty and/or any of their Affiliates and payable to the agent under a Loan in connection with an assignment or novation (where Deliverable Obligations include Assignable Loans or Consent Required Loans) or participation (where Deliverable Obligations include Direct Loan Participations) shall be payable by the relevant holders of Securities, and if any Stamp Tax or transaction tax is payable in connection with the Delivery of any Deliverable Obligations, payment thereof shall be made by the relevant Holders of Securities; and
- (B) any other expenses arising from the Delivery and/or transfer of the Deliverable Obligations shall be for the account of the Holders of Securities or the Swap Counterparty, as appropriate, determined by the Calculation Agent in accordance with then current market conventions.

Delivery and/or transfer of the Deliverable Obligations shall be delayed until all expenses relating to such Delivery or transfer payable by the Holders of Securities have been paid to the satisfaction of the Issuer and the Swap Counterparty.

(f) Asset Transfer Notice

A Holder of Securities will not be entitled to any of the amounts or assets specified as being due to it in this Credit Linked Condition 4(f) upon the occurrence of an Event Determination Date and delivery of the Notice of Physical Settlement unless it has presented or surrendered (as is appropriate) the relevant Credit Linked Security and delivered an Asset Transfer Notice in

accordance with Condition 6(b)(i)(A) (*Asset Transfer Notices*) of the Notes and Condition 6(b)(i)(A) (*Asset Transfer Notices*) of the Certificates, as applicable. For so long as the Credit Linked Securities are held in any clearing system, any communication from such clearing system on behalf of the holder of Securities containing the information required in an Asset Transfer Notice will be treated as an Asset Transfer Notice. For as long as Bearer Notes or Clearing System Certificates, as the case may be, are represented by a Global Note or Global Certificate, surrender of Credit Linked Securities for such purpose will be effected by presentation of the Global Note or Global Certificate and its endorsement to note the principal amount or notional amount of Credit Linked Securities to which the relevant Asset Transfer Notice relates.

**5. Provisions relating to Obligation Category and Characteristics and Deliverable Obligation Category and Characteristics**

(a) Obligation Characteristics

If either of the Obligation Characteristics "Listed" or "Not Domestic Issuance" is specified in the applicable Final Terms or is applicable in respect of the applicable Transaction Type, the Final Terms shall be construed as though the relevant Obligation Characteristic had been specified as an Obligation Characteristic only with respect to Bonds.

(b) Deliverable Obligation Category and Characteristics

If:

- (i) any of the Deliverable Obligation Characteristics "Listed", "Not Domestic Issuance" or "Not Bearer" is specified in the applicable Final Terms or is applicable in respect of the applicable Transaction Type, such Final Terms shall be construed as though such Deliverable Obligation Characteristic had been specified as a Deliverable Obligation Characteristic only with respect to Bonds;
- (ii) the Deliverable Obligation Characteristic "Transferable" is specified in the applicable Final Terms or is applicable in respect of the applicable Transaction Type, the Final Terms shall be construed as though such Deliverable Obligation Characteristic had been specified as a Deliverable Obligation Characteristic only with respect to Deliverable Obligations that are not Loans;
- (iii) any of the Deliverable Obligation Characteristics "Assignable Loan", "Consent Required Loan" or "Direct Loan Participation" is specified in the applicable Final Terms or is applicable in respect of the applicable Transaction Type, the Final Terms shall be construed as though such Deliverable Obligation Characteristic had been specified as a Deliverable Obligation Characteristic only with respect to Loans; and
- (iv) more than one of "Assignable Loan", "Consent Required Loan" and "Direct Loan Participation" are specified in the applicable Final Terms as Deliverable Obligation Characteristics or is applicable in respect of the applicable Transaction Type, the Deliverable Obligations may include any Loan that satisfies any one of such Deliverable Obligation Characteristics specified and need not satisfy all such Deliverable Obligation Characteristics.

(c) Relevant Guarantee

If an Obligation or a Deliverable Obligation is a Relevant Guarantee, the following will apply:

- (i) For purposes of the application of the Obligation Category or the Deliverable Obligation Category, the Relevant Guarantee shall be deemed to be described by the same category or categories as those that describe the Underlying Obligation.
- (ii) For purposes of the application of the Obligation Characteristics or the Deliverable Obligation Characteristics, both the Relevant Guarantee and the Underlying Obligation must satisfy on the relevant date or dates each of the applicable Obligation Characteristics or Deliverable Obligation Characteristics, if any, specified in the applicable Final Terms or applicable in respect of the relevant Transaction Type from the following list: "Not Subordinated", "Specified Currency", "Not Sovereign Lender", "Not Domestic Currency" and "Not Domestic Law".
- (iii) For purposes of the application of the Obligation Characteristics or the Deliverable Obligation Characteristics, only the Underlying Obligation must satisfy on the relevant date or dates each of the applicable Obligation Characteristics or the Deliverable Obligation Characteristics, if any, specified in the applicable Final Terms or applicable in respect of the relevant Transaction Type from the following list: "Listed", "Not Domestic Issuance", "Assignable Loan", "Consent Required Loan", "Direct Loan Participation", "Transferable", "Maximum Maturity", "Accelerated or Matured" and "Not Bearer".
- (iv) For purposes of the application of the Obligation Characteristics or the Deliverable Obligation Characteristics to an Underlying Obligation, references to the Reference Entity shall be deemed to refer to the Underlying Obligor.
- (v) For the avoidance of doubt the provisions of this Credit Linked Condition 5 apply in respect of the definitions of "Obligation" and "Deliverable Obligation" as the context admits.

(d) Maximum Maturity

For purposes of the application of the Deliverable Obligation Characteristic "Maximum Maturity", remaining maturity shall be determined on the basis of the terms of the Deliverable Obligation in effect at the time of making such determination and, in the case of a Deliverable Obligation that is due and payable, the remaining maturity shall be zero.

(e) Financial Reference Entity Terms and Governmental Intervention

If "Financial Reference Entity Terms" and "Governmental Intervention" are specified as applicable in respect of a Reference Entity, if an obligation would otherwise satisfy a particular Obligation Characteristic or Deliverable Obligation Characteristic, the existence of any terms in the relevant obligation in effect at the time of making the determination which permit the Reference Entity's obligations to be altered, discharged, released or suspended in circumstances which would constitute a Governmental Intervention, shall not cause such obligation to fail to satisfy such Obligation Characteristic or Deliverable Obligation Characteristic.

(f) Prior Deliverable Obligation or Package Observable Bond

For purposes of determining the applicability of Deliverable Obligation Characteristics and the requirements specified in Credit Linked Condition 8(b) (*Mod R*) and Credit Linked Condition 8(c) (*Mod Mod R*) to a Prior Deliverable Obligation or a Package Observable Bond, any such

determination shall be made by reference to the terms of the relevant obligation in effect immediately prior to the Asset Package Credit Event.

(g) Subordinated European Insurance Terms

If "Subordinated European Insurance Terms" is specified as applicable in respect of the Reference Entity, if an obligation would otherwise satisfy the "Maximum Maturity" Deliverable Obligation Characteristic, the existence of any Solvency Capital Provisions in such obligation shall not cause it to fail to satisfy such Deliverable Obligation Characteristic.

(h) Accrued Interest

With respect to any Credit Linked Securities for which:

- (i) "Physical Settlement" is specified to be the Settlement Method in the applicable Final Terms (or for which Physical Settlement is applicable as the Fallback Settlement Method), the Outstanding Principal Balance of the Deliverable Obligations being Delivered will exclude accrued but unpaid interest, unless "Include Accrued Interest" is specified in the applicable Final Terms, in which case, the Outstanding Principal Balance of the Deliverable Obligations being Delivered will include accrued but unpaid interest;
- (ii) "Cash Settlement" is specified to be the Settlement Method in the applicable Final Terms (or if Cash Settlement is applicable as the Fallback Settlement Method), and:
  - (A) "Include Accrued Interest" is specified in the applicable Final Terms, the Outstanding Principal Balance of the Reference Obligation or Valuation Obligation, as applicable, shall include accrued but unpaid interest;
  - (B) "Exclude Accrued Interest" is specified in the applicable Final Terms, the Outstanding Principal Balance of the Reference Obligation or Valuation Obligation, as applicable, shall not include accrued but unpaid interest; or
  - (C) neither "Include Accrued Interest" nor "Exclude Accrued Interest" is specified in the applicable Final Terms, the Calculation Agent shall determine based on the then current market practice in the market of the Reference Obligation or Valuation Obligation, as applicable, whether the Outstanding Principal Balance of the Reference Obligation or Valuation Obligation shall include or exclude accrued but unpaid interest and, if applicable, the amount thereof; or
- (iii) Credit Linked Condition 4(b) (*Partial Cash Settlement Due to Impossibility or Illegality*) or Credit Linked Condition 4(c) (*Non-Delivery of Deliverable Obligations*) is applicable, the Calculation Agent shall determine, based on the then current market practice in the market of the relevant Undeliverable Obligation, Undeliverable Loan Obligation, Undeliverable Participation or Unassignable Obligation, whether such Quotations shall include or exclude accrued but unpaid interest.

(i) Asset Package Delivery

"**Asset Package Delivery**" will apply if an Asset Package Credit Event occurs, unless (i) such Asset Package Credit Event occurs prior to the Credit Event Backstop Date determined in respect of the Credit Event specified in the Credit Event Notice or DC Credit Event Announcement applicable to the Event Determination Date, or (ii) if the Reference Entity is a Sovereign, no Package Observable Bond exists immediately prior to such Asset Package Credit Event.

If the "Sovereign No Asset Package Delivery Supplement" is applicable in respect of a Reference Entity, then, notwithstanding the above, it shall be deemed that no Package Observable Bond exists

with respect to such Reference Entity that is a Sovereign (even if such a Package Observable Bond has been published by ISDA) and accordingly, Asset Package Delivery shall not apply thereto.

## 6. Successors

### (a) Provisions for determining a Successor

- (i) The Calculation Agent may determine, following any succession (or, in relation to a Reference Entity that is a Sovereign, a Sovereign Succession Event) and with effect from the Succession Date, any Successor or Successors under the definition of "Successor"; provided that the Calculation Agent will not make such determination if, at the time of determination, the DC Secretary has publicly announced that the relevant Credit Derivatives Determinations Committee has Resolved that there is no Successor based on the relevant succession to Relevant Obligations.

The Calculation Agent will make all calculations and determinations required to be made under the definition of "Successor" (or the provisions relating to the determination of a Successor) on the basis of Eligible Information.

In calculating the percentages used to determine whether an entity qualifies as a Successor under the definition of "Successor", if there is a Steps Plan, the Calculation Agent shall consider all related successions in respect of such Steps Plan in aggregate as if forming part of a single succession.

- (ii) An entity may only be a Successor if:
  - (I) either (A) the related Succession Date occurs on or after the Successor Backstop Date, or (B) such entity is a Universal Successor in respect of which the Succession Date occurred on or after January 1, 2014;
  - (II) the Reference Entity had at least one Relevant Obligation outstanding immediately prior to the Succession Date and such entity succeeds to all or part of at least one Relevant Obligation of the Reference Entity; and
  - (III) where the Reference Entity is a Sovereign, such entity succeeded to the Relevant Obligations by way of a Sovereign Succession Event.
- (iii) In the case of an exchange offer, the determination required pursuant to the definition of "Successor" shall be made on the basis of the outstanding principal balance of Relevant Obligations exchanged and not on the basis of the outstanding principal balance of the Exchange Bonds or Loans.
- (iv) If two or more entities (each, a "**Joint Potential Successor**") jointly succeed to a Relevant Obligation (the "**Joint Relevant Obligation**") either directly or as a provider of a Relevant Guarantee, then (i) if the Joint Relevant Obligation was a direct obligation of the Reference Entity, it shall be treated as having been succeeded to by the Joint Potential Successor (or Joint Potential Successors, in equal parts) which succeeded to such Joint Relevant Obligation as direct obligor or obligors, or (ii) if the Joint Relevant Obligation was a Relevant Guarantee, it shall be treated as having been succeeded to by the Joint Potential Successor (or Joint Potential Successors, in equal parts) which succeeded to such Joint Relevant Obligation as guarantor or guarantors, if any, or otherwise by each Joint Potential Successor in equal parts.

### (b) Single Reference Entity

Where the Credit Linked Securities are Single Reference Entity Credit Linked Securities and a Succession Date has occurred and more than one Successor has been identified, the credit derivative transaction relating to the Credit Default Swap Agreement will be deemed for all purposes to have been divided, with effect from the Succession Date, into the same number of new credit derivative transactions as there are Successors with the following terms:

- (i) each Successor will be a Reference Entity for the purposes of one of the deemed new credit derivative transactions;
- (ii) in respect of each deemed new credit derivative transaction, the Reference Entity Notional Amount will be the Reference Entity Notional Amount applicable to the original Reference Entity divided by the number of Successors; and
- (iii) all other terms and conditions of the original credit derivative transactions will be replicated in each deemed new credit derivative transaction except that the Calculation Agent shall make such modifications as it determines are required in order to preserve the economic effects of the original credit derivative transactions in the deemed new credit derivative transactions and the Credit Linked Securities (considered in aggregate).

(c) Nth-to-Default

Where the Credit Linked Securities are Nth-to-Default Credit Linked Securities:

- (i) where a Succession Date has occurred in respect of a Reference Entity (other than a Reference Entity in respect of which a Credit Event has occurred) and more than one Successor has been identified, the credit derivative transaction evidenced by the Credit Default Swap Agreement will be deemed for all purposes to have been divided, with effect from the Succession Date, into a number of new credit derivative transactions equal to the number of Successors. Each such new credit derivative transaction shall include a Successor and each and every one of the unaffected Reference Entities and the provisions of Credit Linked Condition 6(b)(i) to (iii) (inclusive) shall apply thereto;
- (ii) if "Substitution" is specified as not being applicable in the Final Terms, where any Reference Entity (the "**Surviving Reference Entity**") (other than a Reference Entity that is subject to the Succession Date) would be a Successor to any other Reference Entity (the "**Legacy Reference Entity**") pursuant to a Succession Date, such Surviving Reference Entity shall be deemed to be a Successor to the Legacy Reference Entity; and
- (iii) if "Substitution" is specified as being applicable in the Final Terms, where the Surviving Reference Entity (other than a Reference Entity that is subject to the Succession Date) would be a Successor to a Legacy Reference Entity pursuant to a Succession Date:
  - (A) such Surviving Reference Entity shall be deemed not to be a Successor to the Legacy Reference Entity; and
  - (B) the Replacement Reference Entity shall be deemed to be a Successor to the Legacy Reference Entity.

(d) Linear Basket

Where the Credit Linked Securities are Linear Basket Credit Linked Securities, and one or more Successors have been identified in respect of a Reference Entity that has been the subject of a related Succession Date (the "**Affected Entity**"), then, with effect from the Succession Date:

- (i) the Affected Entity will no longer be a Reference Entity (unless it is a Successor as described in (ii) below);

- (ii) each Successor will be deemed a Reference Entity (in addition to each Reference Entity which is not an Affected Entity);
- (iii) the Reference Entity Notional Amount for each such Successor will equal the Reference Entity Notional Amount of the Affected Entity divided by the number of Successors;
- (iv) the Calculation Agent may make any modifications to the terms of the Credit Default Swap Agreement and these Credit Linked Conditions which it determines may be required to preserve the economic effects of the Swap Agreement and the Credit Linked Securities prior to the Succession Date (considered in the aggregate). For the avoidance of doubt, the Calculation Agent may not, without the consent of the Issuer and the Trustee, amend any of the terms and conditions of the Credit Linked Securities other than these Credit Linked Conditions; and
- (v) for the avoidance of doubt, a Reference Entity may, as a result of a Succession Date, be represented in the basket with respect to multiple Reference Entity Notional Amounts for the Successor(s) of such Reference Entity.

**7. Provisions relating to LPN Reference Entities and CoCo Supplement**

**(a) LPN Reference Entities**

The following provisions shall apply if the applicable Final Terms provide that "LPN Reference Entity" is applicable:

- (i) Multiple Holder Obligation will not be applicable with respect to any Reference Obligation and any Underlying Loan;
- (ii) each Reference Obligation will be an Obligation notwithstanding anything to the contrary in these Credit Linked Conditions, and in particular, that the obligation is not an obligation of the Reference Entity;
- (iii) each Reference Obligation will be a Deliverable Obligation notwithstanding anything to the contrary in these Credit Linked Conditions, and in particular, that the obligation is not an obligation of the Reference Entity;
- (iv) for the avoidance of doubt, with respect to any LPN Reference Obligation that specifies an Underlying Loan or an Underlying Finance Instrument, the outstanding principal balance shall be determined by reference to the Underlying Loan or Underlying Finance Instrument (as applicable) relating to such LPN Reference Obligation; and
- (v) the "Not Subordinated" Obligation Characteristic and Deliverable Obligation Characteristic shall be construed as if no Reference Obligation was specified in respect of the Reference Entity.

**(b) Provisions relating to CoCo Supplement**

The following provisions shall apply in respect of a Reference Entity if the "CoCo Supplement" is applicable:

- (i) If, with respect to one or more Obligations and in relation to an aggregate amount of not less than the Default Requirement, the operation of one or more CoCo Provisions results in (i) a permanent or temporary reduction of the amount of principal payable at redemption or (ii) a conversion of principal into shares or another instrument, such event shall be deemed to constitute a Governmental Intervention falling within paragraph (a) of the definition thereof.

(ii) A CoCo Provision shall be deemed to be a provision which permits a Governmental Intervention for all purposes.

(iii) The following terms shall have the following meanings:

**"CoCo Provision"** means, with respect to an Obligation, a provision which requires (i) a permanent or temporary reduction of the amount of principal payable at redemption or (ii) a conversion of principal into shares or another instrument, in each case, if the Capital Ratio is at or below the Trigger Percentage.

**"Trigger Percentage"** means the trigger percentage specified in respect of the Reference Entity (or if no such trigger percentage is specified, 5.25 per cent.).

**"Capital Ratio"** means the ratio of capital to risk weighted assets applicable to the Obligation, as described in the terms thereof in effect from time to time.

## 8. Restructuring Credit Event

(a) Multiple Credit Event Notices

Upon the occurrence of an M(M)R Restructuring with respect to a Reference Entity:

- (i) the Swap Counterparty may deliver multiple Credit Event Notices with respect to such M(M)R Restructuring, each such notice setting forth the amount of the relevant Reference Entity Notional Amount to which such notice applies (the **"Exercise Amount"**) provided that if the Credit Event Notice does not specify an Exercise Amount, the then outstanding Reference Entity Notional Amount (and not a portion thereof) will be deemed to have been specified as the Exercise Amount;
- (ii) the provisions of these Credit Linked Conditions shall be deemed to apply to an aggregate outstanding principal amount or aggregate outstanding notional amount equal to the Exercise Amount only and all the provisions shall be construed accordingly; and
- (iii) the Exercise Amount in connection with a Credit Event Notice describing an M(M)R Restructuring must be an amount that is at least 1,000,000 units of the Specified Currency (or, if Japanese Yen, 100,000,000 units) in which the Reference Entity Notional Amount is denominated or any integral multiple thereof or the entire relevant Reference Entity Notional Amount.

In the case of an Nth-to-Default Credit Linked Security, once an Event Determination Date has occurred in respect of the Nth Reference Entity where the Credit Event is an M(M)R Restructuring, no further Credit Event Notices may be delivered in respect of any other Reference Entity (save to the extent that the Credit Default Swap Agreement and Credit Linked Securities are deemed to have been divided into new credit derivative transactions or Credit Linked Securities respectively pursuant to Credit Linked Condition 6).

If any Credit Linked Security is subject to partial settlement in accordance with this Credit Linked Condition 8, the relevant Credit Linked Security or, if the Credit Linked Securities are represented by a Global Note or Global Certificate, such Global Note or Global Certificate shall be endorsed to reflect such partial settlement.

(b) Mod R

If (i) "Physical Settlement" or "Cash Settlement" is specified to be the Settlement Method in the applicable Final Terms (or is applicable as the Fallback Settlement Method), (ii) "Mod R" is specified as applicable in respect of the Reference Entity and (iii) Restructuring is the only Credit

Event specified in a Credit Event Notice, then unless the Deliverable Obligation or, as applicable, Valuation Obligation is a Prior Deliverable Obligation and Asset Package Delivery applies due to a Governmental Intervention, a Deliverable Obligation or, as applicable, Valuation Obligation may only be specified (or deemed specified) in the Notice of Physical Settlement or in any NOPS Amendment Notice or selected by the Swap Counterparty to form part of the related Valuation Obligations Portfolio, as applicable, if such Deliverable Obligation or, as applicable, Valuation Obligation:

- (A) is a Fully Transferable Obligation; and
- (B) has a final maturity date not later than the applicable Restructuring Maturity Limitation Date,

in each case, as of both the NOPS Effective Date and the Delivery Date or, as applicable, as of the Relevant Valuation Date.

(c) Mod Mod R

If (i) "Physical Settlement" or "Cash Settlement" is specified to be the Settlement Method in the applicable Final Terms (or is applicable as the Fallback Settlement Method), (ii) "Mod Mod R" is specified as applicable in respect of the Reference Entity and (iii) Restructuring is the only Credit Event specified in a Credit Event Notice, then unless the Deliverable Obligation or, as applicable, Valuation Obligation is a Prior Deliverable Obligation and Asset Package Delivery applies due to a Governmental Intervention, a Deliverable Obligation or, as applicable, Valuation Obligation may only be specified (or deemed specified) in the Notice of Physical Settlement or in any NOPS Amendment Notice or selected by the Swap Counterparty to form part of the related Valuation Obligations Portfolio, as applicable, if it (A) is a Conditionally Transferable Obligation and (B) has a final maturity date not later than the applicable Modified Restructuring Maturity Limitation Date, in each case, as of both the NOPS Effective Date and the Delivery Date or, as applicable, as of the Relevant Valuation Date. Notwithstanding the foregoing, for purposes of this paragraph, in the case of a Restructured Bond or Loan with a final maturity date on or prior to the 10-year Limitation Date, the final maturity date of such Bond or Loan shall be deemed to be the earlier of such final maturity date or the final maturity date of such Bond or Loan immediately prior to the relevant Restructuring.

If the relevant Deliverable Obligation specified in the Notice of Physical Settlement (or in any NOPS Amendment Notice, as applicable) or, as applicable, the relevant Valuation Obligation selected, is a Conditionally Transferable Obligation with respect to which consent is required to novate, assign or transfer and the requisite consent is refused (whether or not a reason is given for such refusal and, where a reason is given for such refusal, regardless of that reason), or is not received by the Physical Settlement Date or, as applicable, the Relevant Valuation Date (in which case it shall be deemed to have been refused), the Issuer or the Swap Counterparty shall, as soon as reasonably practicable, notify the relevant Holders of Securities of such refusal (or deemed refusal) and:

- (i) each such holder of Securities may designate a third party (which may or may not be an Affiliate of such holder of Securities) to take Delivery of the Deliverable Obligation on its behalf; and
- (ii) if a holder of Securities does not designate a third party that takes Delivery on or prior to the date which is three Credit Security Business Days after the Physical Settlement Date, then the Issuer will redeem the Credit Linked Securities for which Delivery has not occurred, by payment of the relevant Partial Cash Settlement Amount to such holder of

Securities. For the avoidance of doubt Credit Linked Condition 4(b) will not apply to this paragraph.

(d) General Terms relating to Mod R and Mod Mod R

For the purposes of making a determination pursuant to "Mod R" and "Mod Mod R", final maturity date shall, subject to Credit Linked Condition 8(c) (Mod Mod R), be determined on the basis of the terms of the Deliverable Obligation or, as applicable, Valuation Obligation in effect at the time of making such determination and, in the case of a Deliverable Obligation or, as applicable, Valuation Obligation that is due and payable, the final maturity date shall be deemed to be the date on which such determination is made.

(e) Multiple Holder Obligations

Notwithstanding anything to the contrary in the definition of "Restructuring" and related provisions, the occurrence of, agreement to, or announcement of, any of the events described in sub-paragraph (a)(i) to (a)(v) (inclusive) thereof shall not be a Restructuring unless the Obligation in respect of any such events is a Multiple Holder Obligation, provided that any obligation that is a Bond shall be deemed to satisfy the requirements of sub-paragraph (b) of the definition of "Multiple Holder Obligation".

**9. Miscellaneous Provisions relating to Credit Linked Securities**

(a) Determinations of the Calculation Agent

The determination by the Calculation Agent of any amount or of any state of affairs, circumstance, event or other matter, or the formation of any opinion or the exercise of any discretion required or permitted to be determined, formed or exercised by the Calculation Agent pursuant to the Credit Linked Conditions shall (in the absence of manifest error) be final and binding on the Issuer, the Guarantor (if applicable) and the holders of Securities. Unless otherwise expressly stated, the Calculation Agent is not bound to follow or act in accordance with any determination of the relevant Credit Derivatives Determinations Committee. Whenever the Calculation Agent is required to make any determination it may, *inter alia*, decide issues of construction and legal interpretation. If the Calculation Agent chooses to rely on the determinations of the relevant Credit Derivatives Determinations Committee it may do so without liability. Any delay, deferral or forbearance by the Calculation Agent in the performance or exercise of any of its obligations or its discretion under the Credit Linked Securities including, without limitation, the giving of any notice by it to any person, shall not affect the validity or binding nature of any later performance or exercise of such obligation or discretion, and none of the Swap Counterparty, the Trustee, the Issuing and Paying Agent or the Principal Warrant and Certificate Agent, as applicable, the Calculation Agent, the Issuer or the Guarantor (if applicable) shall, in the absence of wilful misconduct and gross negligence, bear any liability in respect of, or consequent upon, any such delay, deferral or forbearance.

(b) Reversal of DC Resolutions

If, where a calculation or determination with respect to the Credit Linked Securities has been made by the Calculation Agent in reliance upon a DC Resolution or otherwise resulted from a DC Resolution, ISDA publicly announces that such DC Resolution has been reversed by a subsequent DC Resolution, such reversal will be taken into account for the purposes of any subsequent calculations, provided that the ISDA public announcement occurs prior to the DC Resolution Reversal Cut-off Date (or where redeemed or settled in part, save to the extent of any such redemption or settlement). The Calculation Agent, acting in a commercially reasonable manner, will make any adjustment to any future payments as are required to take account of such reversal, including any payment of additional interest or any reduction in any interest or any other amount

payable under the Credit Linked Securities. For the avoidance of doubt, no accruals of interest shall be taken into account when calculating any such adjustment payment.

(c) Change in Standard Terms and Market Conventions

The Calculation Agent, acting reasonably, may (but shall not be obligated to) modify these Credit Linked Conditions from time to time with effect from a date designated by the Calculation Agent to the extent reasonably necessary to ensure consistency with prevailing market standards or market trading conventions, which are, pursuant to the agreement of leading dealers in the credit derivatives market or any relevant ISDA committee, a market-wide protocol, any applicable law or regulation or the rules of any applicable exchange or clearing system, applicable to any Notional Credit Derivative Transaction or Hedge Transaction entered into prior to such date or terms thereof. The Calculation Agent shall notify the Issuer, the Trustee, the Issuing and Paying Agent or the Principal Warrant and Certificate Agent, as applicable, and the Swap Counterparty as soon as reasonably practicable upon making any such determination. For the avoidance of doubt, the Calculation Agent may not, without the consent of the Issuer and the Trustee, amend, pursuant to this Credit Linked Condition 9(c) any of the terms and conditions of the Credit Linked Securities other than the Credit Linked Conditions.

In particular, the Calculation Agent may make such modifications as may be necessary to ensure consistency with any successor provisions ("**Successor Provisions**") which are published by ISDA and which supersede the 2003 ISDA Credit Derivatives Definitions, the 2003 ISDA Credit Derivatives Definitions as supplemented by the July 2009 Supplement and/or the 2014 ISDA Credit Derivatives Definitions, as the case may be, for the purposes of credit derivatives transactions generally (including with respect to transactions which are entered into prior to the relevant date of publication and which are outstanding as of that date) and/or may apply and rely on determinations of the Credit Derivatives Determinations Committee made in respect of a relevant Reference Entity under any such Successor Provisions notwithstanding any discrepancy between the terms of such Successor Provisions and these Credit Linked Conditions.

This Credit Linked Condition 9(c) shall apply unless the applicable Final Terms specify that "Change in Standard Terms and Market Conventions" is not applicable.

(d) Delivery of Notices

As soon as reasonably practicable after receiving a Credit Event Notice or Notice of Publicly Available Information from the Swap Counterparty, the Issuer shall promptly inform, or shall procure that the Swap Counterparty informs the Trustee, the Issuing and Paying Agent or the Principal Warrant and Certificate Agent, as applicable, and the holders of Securities in accordance with Condition 18 of the Notes or Condition 19 of the Certificates, as applicable. Resolutions of the Credit Derivatives Determinations Committee are, as of the date hereof, available on ISDA's website ([www.isda.org](http://www.isda.org)) (or any successor website thereto).

(e) Effectiveness of Notices

Any notice referred to in Credit Linked Condition 9(d) above which is delivered on or prior to 5.00 p.m. (London time) on a London Business Day is effective on such date and if delivered after such time or on a day that is not a London Business Day, is deemed effective on the next following London Business Day.

A notice given by telephone by the Issuer, the Swap Counterparty or the Calculation Agent will be deemed to have been delivered at the time the telephone conversation takes place.

(f) Excess Amounts

If, on a Business Day, the Calculation Agent reasonably determines that an Excess Amount has been paid to Holders of Securities on or prior to such day, then following notification of the determination of an Excess Amount to the Issuer and Holders of Securities in accordance with Condition 18 of the Notes or Condition 19 of the Certificates, as applicable, the Issuer may deduct any such Excess Amount from future payments in relation to the Credit Linked Securities (whether interest or principal) or may reduce the amount of any assets deliverable under the terms of the Credit Linked Securities to the extent that it determines, acting reasonably, to be necessary to compensate for such Excess Amount.

(g) Disposal of Charged Assets

Following the occurrence of an Event Determination Date in respect of any Reference Entity, unless the Issuer is required or entitled to deliver a selected portion of the Charged Assets to the Swap Counterparty or the Repo Counterparty, respectively, under the terms of the Credit Default Swap Agreement, the Repurchase Agreement, or any other Swap Agreement relating to the Credit Linked Securities, as applicable, or as otherwise specified in the Final Terms, the Redemption Agent shall, on behalf of the Issuer, use reasonable efforts to dispose of the Charged Assets (or, in the case of Linear Basket Credit Linked Securities, the relevant portion thereof) in accordance with Credit Linked Condition 9(h) for settlement not later than one Credit Security Business Day prior to the date on which the related Reference Entity Notional Amount of each Credit Linked Security is due to be redeemed save where the relevant Charged Asset is a Deposit Agreement and the Issuer will receive payment of an amount from the Deposit Counterparty at least equal to the relevant redemption amount on or prior to the date on which the related Reference Entity Notional Amount of each Credit Linked Security is due to be redeemed.

(h) Sale of Charged Assets

Where the Redemption Agent is required to dispose of any Charged Assets on behalf of the Issuer in order to redeem the Credit Linked Securities as set out in Credit Linked Condition 9(g), then:

- (i) the Redemption Agent shall seek firm bid quotations from at least three dealers in assets such as the relevant Charged Assets (and, for such purpose, it may seek quotations in respect of such Charged Assets in their entirety or in respect of designated tranches thereof, as it considers appropriate);
- (ii) the Redemption Agent may itself provide a bid in respect of the relevant Charged Assets or any tranche thereof;
- (iii) it shall and shall be authorised to accept on behalf of the Issuer in respect of each relevant tranche or, as applicable, the entirety of the relevant Charged Assets the highest such quotation so obtained (which may be a quotation of the Redemption Agent); and

**Part B (2003 Definitions as supplemented by July 2009 Supplement)**

*The provisions of this Part B apply in relation to Credit Linked Securities where the Final Terms of such Credit Linked Securities specify that "2003 Definitions (as supplemented by July 2009 Supplement)" shall apply.*

**1. General**

**(a) Credit Terms**

The Final Terms shall specify:

- (i) the type of Credit Linked Securities, being Single Reference Entity Credit Linked Securities, Nth-to-Default Credit Linked Securities or Linear Basket Credit Linked Securities;
- (ii) the Settlement Method (if not Auction Settlement) and, where Auction Settlement applies, the applicable Fallback Settlement Method;
- (iii) the Reference Entity or Reference Entities in respect of which a Credit Event may occur;
- (iv) the Reference Obligation(s) (if any) in respect of each Reference Entity;
- (v) the Trade Date and the Maturity Date or Redemption Date, as applicable;
- (vi) the Transaction Type applicable to each Reference Entity; and
- (vii) the Reference Entity Notional Amount in respect of each Reference Entity.

**(b) Physical Settlement Matrix**

Where a Transaction Type is specified in the Final Terms in respect of any Reference Entity, then the provisions of these Credit Linked Conditions shall apply with respect to such Reference Entity in accordance with the Physical Settlement Matrix as it applies to such Transaction Type, as though such Physical Settlement Matrix were set out in full in the Final Terms.

**(c) Additional Provisions**

If, in accordance with the specified Transaction Type or otherwise, any Additional Provisions are applicable, these Credit Linked Conditions shall take effect subject to the provisions thereof.

**(d) Linear Basket Credit Linked Securities**

If the Credit Linked Securities are Linear Basket Credit Linked Securities, then the provisions of these Credit Linked Conditions relating to redemption or settlement of Credit Linked Securities and settlement of the Credit Default Swap Agreement following satisfaction of Conditions to Settlement, extension of maturity or the redemption date, as applicable, of Credit Linked Securities on delivery of an Extension Notice, cessation or suspension of accrual of interest or accrual and payment of interest following the Maturity Date or Redemption Date, as applicable, shall apply separately with respect to each Reference Entity and a portion of each Credit Linked Security corresponding to the Reference Entity Notional Amount divided by the number of Credit Linked Securities then in issue. The remaining provisions of these Credit Linked Conditions shall be construed accordingly.

## 2. Redemption

### (a) Redemption absent satisfaction of Conditions to Settlement

The Issuer will redeem each Credit Linked Security on the related Credit Security Settlement Date (as such date may be extended in accordance with the definition thereof) by payment of an amount equal to the outstanding principal amount (in the case of Notes) or the Cash Settlement Amount (in the case of Certificates), as applicable, of such Credit Linked Security (or, in the case of Linear Basket Credit Linked Securities, the relevant portion thereof) (together with interest, if any, payable thereon) unless:

- (i) the Credit Linked Securities have been previously redeemed or purchased and cancelled in full (including pursuant to Credit Linked Conditions 2(b), 2(c) or 2(d)); or
- (ii) the Conditions to Settlement have been satisfied, in which event the Issuer shall redeem the Credit Linked Securities in accordance with Credit Linked Condition 2(b).

### (b) Redemption following satisfaction of Conditions to Settlement

Upon the satisfaction of the Conditions to Settlement in relation to any Reference Entity, each Credit Linked Security (or, in the case of Linear Basket Credit Linked Securities, the relevant portion thereof) will be subject to redemption and settlement:

- (i) if the applicable Settlement Method is Auction Settlement, by payment of its *pro rata* share (such amount to be apportioned *pro rata* amongst the outstanding nominal amount or outstanding notional amount of each Credit Linked Security corresponding to the (in case of Credit Linked Notes) Calculation Amount or (in the case of Credit Linked Certificates) Notional Amount) of the Auction Settlement Amount on the Auction Settlement Date, unless a Fallback Settlement Event occurs, in which event the Issuer shall perform its respective payment and/or delivery obligations in accordance with the applicable Fallback Settlement Method. If the Conditions to Settlement with respect to a new Credit Event are satisfied following the occurrence of a Fallback Settlement Event with respect to a first Credit Event and no Fallback Settlement Event occurs with respect to such new Credit Event, the Issuer shall, if the Swap Counterparty so elects on or prior to a related Valuation Date or Delivery Date, redeem or settle, as applicable, the Credit Linked Securities in accordance with this Credit Linked Condition 2(b)(i) by Auction Settlement;
- (ii) if the applicable Settlement Method is Physical Settlement in accordance with Credit Linked Condition 4; and

Where the Securities are Nth-to-Default Credit Linked Securities, the Conditions to Settlement shall not be satisfied with respect to the Securities until the Conditions to Settlement are satisfied with respect to the Nth Reference Entity. Where the Securities are Nth-to-Default Credit Linked Securities and the Conditions to Settlement are satisfied with

respect to more than one Reference Entity on the same day, the Swap Counterparty shall determine the order in which such Conditions to Settlement were satisfied.

(c) Redemption following a Merger Event

If this Credit Linked Condition 2(c) is specified as applicable in the applicable Final Terms in the event that in the determination of the Calculation Agent a Merger Event has occurred, the Issuer shall give notice if requested to do so by the Swap Counterparty to the Holders of Securities in accordance with Condition 18 of the Notes or Condition 19 of the Certificates, as applicable, and redeem all but not some only of the Credit Linked Securities on the Merger Event Redemption Date, and if the Credit Linked Securities are so redeemed or, as the case may be, cancelled, the Issuer shall pay an amount to each holder of Securities in respect of each Credit Linked Security, which amount shall be the fair market value of the Credit Linked Security taking into account the Merger Event less, unless Unwind Costs are specified as not applicable in the applicable Final Terms, the cost to the Issuer and/or the Swap Counterparty and/or its Affiliates of unwinding any underlying related hedging arrangements (including without limitation any Unwind Costs), all as determined by the Calculation Agent in a commercially reasonable manner.

(d) Additional Credit Linked Security Disruption Events

If the Calculation Agent determines that an Additional Credit Linked Security Disruption Event has occurred, the Issuer, at the Calculation Agent's election, may redeem (or settle, as applicable) the Credit Linked Securities by giving notice to Holders of Securities in accordance with Condition 18 of the Notes or Condition 19 of the Certificates, as applicable. If the Credit Linked Securities are so redeemed (or settled, as applicable), the Issuer will pay an amount to each holder in respect of each Credit Linked Security equal to the fair market value of such Credit Linked Security taking into account the Additional Credit Linked Security Disruption Event, less, unless Unwind Costs are specified as not applicable in the applicable Final Terms, the cost to the Issuer and/or the Swap Counterparty and/or its Affiliates of unwinding any underlying related hedging arrangements all as determined by the Calculation Agent in a commercially reasonable manner. Payments will be made in such manner as shall be notified to the holders of Securities in accordance with Condition 18 of the Notes or Condition 19 of the Certificates, as applicable.

(e) Suspension of obligations

If a Credit Event Resolution Request Date occurs or if a notice is delivered to ISDA as contemplated in the definition of "Credit Event Resolution Request Date" in relation to any Reference Entity, then (unless the Swap Counterparty otherwise elects by written notice to the Issuer, the Issuing and Paying Agent or the Principal Warrant and Certificate Agent, as applicable, the Calculation Agent and the Trustee) from the date delivery of such notice is effective (and notwithstanding that the relevant Credit Derivatives Determinations Committee has yet to determine whether Publicly Available Information is available or that a Credit Event has occurred):

- (i) any obligation of the Issuer to redeem or settle any Credit Linked Security (including pursuant to Credit Linked Condition 2(b)) or pay any amount of interest which would otherwise be due thereon (and any related obligation of the Swap Counterparty under the Credit Default Swap Agreement) shall, insofar as it relates to the relevant Reference Entity; or
- (ii) if the Final Terms specifies that "Calculation and Settlement Suspension" applies, any obligation of the Issuer to redeem or settle any Credit Linked Security (including pursuant to Credit Linked Condition 2 insofar as it relates to the relevant Reference Entity, or pay any amount of interest which would otherwise

be due thereon (and any related obligation of the Swap Counterparty under the Credit Default Swap Agreement) or any obligation of the Calculation Agent to calculate any amount of interest (in each case, regardless of whether any such interest relates to the relevant Reference Entity) shall,

be and remain suspended until such time as ISDA subsequently publicly announces that the relevant Credit Derivatives Determinations Committee has Resolved with respect to such Reference Entity:

- (i) the matters described in sub-paragraphs (a) and (b) of the definition of "Credit Event Resolution Request Date"; or
- (ii) not to determine such matters.

During such suspension period, neither the Issuer nor the Swap Counterparty shall be obliged to, nor are they entitled to, take any action in connection with the settlement of any credit derivative transaction to which the Credit Default Swap Agreement relates or the Credit Linked Securities, in each case insofar as they relate to the relevant Reference Entity, or in connection with the payment of any applicable interest on the Credit Linked Securities, nor, if the Final Terms specifies that "Calculation and Settlement Suspension" applies, shall the Calculation Agent be obliged to take any action in connection with the calculation of any amount of interest (in each case, if the Final Terms specify that "Calculation and Settlement Suspension" applies, regardless of whether any such interest relates to the relevant Reference Entity). Once ISDA has publicly announced that the relevant Credit Derivatives Determinations Committee has Resolved the matters set out in paragraphs (i) and (ii) above, such suspension shall terminate and any obligations so suspended shall resume on the basis of such Resolution on the Credit Security Business Day following such public announcement by ISDA, with the Swap Counterparty and the Issuer and, as the case may be, the Calculation Agent, having the benefit of the full day notwithstanding when the suspension began. Any amount of interest so suspended shall, subject always to Credit Linked Condition 3(a), become due on a date selected by the Calculation Agent, falling not later than fifteen Business Days following such public announcement by ISDA.

For the avoidance of doubt, no interest shall accrue on any payment of interest or principal which is deferred in accordance with this Credit Linked Condition 2(c).

- (f) Miscellaneous provisions relating to redemption or settlement

If the Credit Linked Securities are partially redeemed or settled, the relevant Credit Linked Securities or, if the Credit Linked Securities are represented by a Global Note or Global Certificate, such Global Note or Global Certificate, shall be endorsed to reflect such partial redemption or settlement. Upon such partial redemption or settlement, the outstanding principal amount or outstanding notional amount of each Credit Linked Security, as the case may be, shall be reduced for all purposes (including accrual of interest thereon) accordingly.

Redemption or settlement of any Credit Linked Security in accordance with Credit Linked Condition 2(b), together with payment of interest, if any, due thereon shall discharge all or the relevant portion of the obligations of the Issuer in relation thereto.

Any amount payable under Credit Linked Condition 2(b) shall be rounded downwards to the nearest sub-unit of the relevant currency.

### 3. Interest

#### (a) Cessation of Interest Accrual

Upon the occurrence of an Event Determination Date in respect of any Reference Entity, interest on such Credit Linked Security (or, in the case of Linear Basket Credit Linked Securities, the relevant portion thereof) shall cease to accrue with effect from and including either:

- (i) the Interest Payment Date, or if so specified in the Final Terms, the Interest Period End Date immediately preceding such Event Determination Date (or, in the case of the first Interest Period, the Interest Commencement Date); or
- (ii) if so specified in the applicable Final Terms, such Event Determination Date.

#### (b) Interest following the Maturity Date or Redemption Date, as applicable

Subject always to Credit Linked Condition 3(a), if an Extension Notice has been given, (other than pursuant to paragraph (d) of the definition of "Extension Notice") each Credit Linked Security (or, in the case of Linear Basket Credit Linked Securities, the relevant portion thereof) which is outstanding following the Maturity Date or Redemption Date, as applicable, shall continue to bear interest from (and including) the Maturity Date or Redemption Date, as applicable, to (but excluding) the related Credit Security Settlement Date at a rate of interest equal to either:

- (i) the rate that the Issuing and Paying Agent or the Principal Warrant and Certificate Agent, as applicable, would pay to an independent customer in respect of overnight deposits in the currency of the Credit Linked Securities; or
- (ii) such other rate as shall be specified for such purpose in the Final Terms.

For the avoidance of doubt, if an Extension Notice has been given pursuant to paragraph (d) of the definition thereof, no interest shall accrue from (and including) the Maturity Date or Redemption Date, as applicable, to (but excluding) the related Credit Security Settlement Date. Where No Interest Post Scheduled Redemption is specified as applicable in the applicable Final Terms, subject always to Credit Linked Condition 3(a), no interest will accrue or be payable in respect of each Credit Linked Security (or, in the case of Linear Basket Credit Linked Securities, the relevant portion thereof) which is outstanding following the Maturity Date or Redemption Date, as applicable, from (and including) the Maturity Date or Redemption Date, as applicable, to (and including) the related Credit Security Settlement Date.

#### (c) Interest Payment Dates

If the Credit Linked Securities are redeemed pursuant to, in the case of Notes, the "Terms and Conditions of the Notes" or, in the case of Certificates, the "Terms and Conditions of the Certificates", as applicable, or these Credit Linked Conditions, the Maturity Date or Redemption Date, as applicable, the Credit Security Settlement Date (if not the Maturity Date or Redemption Date, as applicable), the Auction Settlement Date, the Cash Settlement Date or the last Delivery Date, as the case may be, shall be an Interest Payment Date in respect of each Credit Linked Security (or, in the case of Linear Basket Credit Linked Securities, the relevant portion thereof) and the Issuer shall pay any interest that has accrued in respect of each Credit Linked Security (or, as applicable, the relevant portion thereof) on such Interest Payment Date.

#### 4. Physical Settlement

(a) Delivery and payment

If Physical Settlement applies to any Credit Linked Security, then, upon the satisfaction of the related Conditions to Settlement, the Swap Counterparty and Issuer shall, on or prior to the related Physical Settlement Date and subject to Credit Linked Conditions 4(b), 4(c) and 4(f), settle the credit derivative transaction evidenced by the Credit Default Swap Agreement and redeem such Credit Linked Security (or, in the case of Linear Basket Credit Linked Securities, the relevant portion thereof), respectively, by:

- (i) Delivering (or, in the case of the Issuer, procuring that the Swap Counterparty Delivers) a *pro rata* share of the Deliverable Obligations specified in the related Notice of Physical Settlement; and
- (ii) paying such Security's *pro rata* portion of the related Physical Settlement Adjustment Rounding Amount.

(b) Partial Cash Settlement due to Impossibility or Illegality

If, due to an event beyond the control of the Issuer and/or the Swap Counterparty, it is impossible or illegal for the Issuer or the Swap Counterparty, as applicable, to Deliver or, due to an event beyond the control of the Issuer or any Holder of Securities, it is impossible or illegal for the Issuer or the relevant Holder of Securities to Deliver or accept Delivery of any of the Deliverable Obligations specified in a Notice of Physical Settlement on the related Physical Settlement Date, then on such date the Issuer shall deliver or procure that the Swap Counterparty Delivers any of the Deliverable Obligations specified in the Notice of Physical Settlement for which it is possible and legal to take Delivery. If any Undeliverable Obligations have not been delivered on or prior to the Latest Permissible Physical Settlement Date, then Partial Cash Settlement shall apply with respect to such Undeliverable Obligations and, accordingly, the Swap Counterparty shall pay the Issuer and the Issuer shall pay the relevant Holders of Securities an amount equal to the Partial Cash Settlement Amount to be apportioned *pro rata* amongst the relevant Holders of Securities on the Partial Cash Settlement Date.

(c) Non-Delivery of Deliverable Obligations

If the Issuer and/or the Swap Counterparty does not Deliver any Deliverable Obligation specified in a Notice of Physical Settlement other than as a result of an event or circumstance contemplated in Credit Linked Condition 4(b) above (including following the occurrence of a Hedge Disruption Event), such failure shall not constitute an Event of Default for the purpose of the Securities or the Credit Default Swap Agreement and the Issuer and/or the Swap Counterparty may continue to attempt to Deliver the Deliverable Obligations that are Bonds or Loans until the Extended Physical Settlement Date.

If, as at the relevant Extended Physical Settlement Date, any such Deliverable Obligations have not been Delivered, then Partial Cash Settlement shall apply with respect to such Deliverable Obligations and the Swap Counterparty shall pay to the Issuer and the Issuer shall pay to the Holders of Securities an amount equal to the Partial Cash Settlement Amount to be apportioned *pro rata* amongst the Holders of Securities on the Partial Cash Settlement Date.

(d) Aggregation and rounding

Where (i) a Noteholder holds Credit Linked Notes in an aggregate nominal amount outstanding greater than the Specified Denomination or (ii) a Certificateholder holds Credit Linked Certificates in an aggregate notional amount outstanding greater than the Notional Amount of a Certificate, as the case may be, the Outstanding Principal Balance

of the Deliverable Obligations to be Delivered in respect of the relevant Credit Linked Securities shall be aggregated for the purposes of this Credit Linked Condition 4. If the Outstanding Principal Balance of the Deliverable Obligations to be Delivered in respect of each Credit Linked Security to be redeemed pursuant to this Credit Linked Condition 4(d) on any occasion is not equal to an authorised denomination (or integral multiple thereof) of such Deliverable Obligations then the Outstanding Principal Balance of Deliverable Obligations to be Delivered will be rounded down to the nearest authorised denomination or multiple thereof, or, if none, to zero. In such circumstances, the Deliverable Obligations that were not capable of being Delivered shall, if and to the extent practicable, be sold by the Issuer or such other agent as may be appointed by the Issuer for such purpose and, if they are so sold, the Issuer shall make payment in respect of each Credit Linked Security in an amount equal to its *pro rata* share of the related net sale proceeds as soon as reasonably practicable following receipt thereof.

(e) Delivery and fees

The Delivery of any of the Deliverable Obligations pursuant to the provisions of this Credit Linked Condition 4 shall be made in such commercially reasonable manner as the Swap Counterparty on behalf of the Issuer shall determine to be appropriate for such Delivery. Subject as set out in the definition of "Deliver":

- (i) any recordation, processing or similar fee reasonably incurred by the Issuer and/or the Swap Counterparty and/or any of their Affiliates and payable to the agent under a Loan in connection with an assignment (where Deliverable Obligations include Assignable Loans or Consent Required Loans) shall be payable by the relevant Holders of Securities, and if any Stamp Tax is payable in connection with the Delivery of any Deliverable Obligations, payment thereof shall be made by the relevant Holders of Securities; and
- (ii) any other expenses arising from the Delivery and/or transfer of the Deliverable Obligations shall be for the account of the Holders of Securities or the Swap Counterparty, as appropriate, determined by the Calculation Agent in accordance with then current market conventions.

Delivery and/or transfer of the Deliverable Obligations shall be delayed until all expenses relating to such Delivery or transfer payable by the Holders of Securities have been paid to the satisfaction of the Issuer and the Swap Counterparty.

(f) Asset Transfer Notice

A Holder of Securities will not be entitled to any of the amounts or assets specified as being due to it in this Credit Linked Condition 4(f) upon the satisfaction of the Conditions to Settlement unless it has presented or surrendered (as is appropriate) the relevant Credit Linked Security and delivered an Asset Transfer Notice in accordance with, in the case of Notes, Condition 6(b)(i)(A) of the "Terms and Conditions of the Notes" or, in the case of Certificates, Condition 6(b)(i)(A) of the "Terms and Conditions of the Certificates", as the case may be. For so long as the Credit Linked Securities are held in any clearing system, any communication from such clearing system on behalf of the Holder of Securities containing the information required in an Asset Transfer Notice will be treated as an Asset Transfer Notice. For as long as Bearer Notes or Clearing System Certificates, as the case may be, are represented by a Global Note or Global Certificate, surrender of Credit Linked Securities for such purpose will be effected by presentation of the Global Note or Global Certificate and its endorsement to note the principal amount of Credit Linked Notes or the notional amount of Credit Linked Certificates, as applicable, to which the relevant Asset Transfer Notice relates.

**5. Provisions relating to Obligation Category and Characteristics and Deliverable Obligation Category and Characteristics**

(a) Obligation Characteristics

If the Obligation Characteristic "Listed" is specified in the applicable Final Terms or is applicable in respect of the applicable Transaction Type, the Final Terms and these Credit Linked Conditions shall be construed as though Listed had been specified as an Obligation Characteristic only with respect to Bonds and shall only be relevant if Bonds are covered by the selected Obligation Category.

(b) Deliverable Obligation Category and Characteristics

If:

- (i) either of the Deliverable Obligation Characteristics "Listed" or "Not Bearer" is specified in the applicable Final Terms or is applicable in respect of the applicable Transaction Type, the Final Terms shall be construed as though such Deliverable Obligation Characteristic had been specified as a Deliverable Obligation Characteristic only with respect to Bonds and shall only be relevant if Bonds are covered by the selected Deliverable Obligation Category;

- (i) For purposes of the application of the Obligation Category or the Deliverable Obligation Category, the Qualifying Guarantee shall be deemed to be described by the same category or categories as those that describe the Underlying Obligation.

- (ii) For purposes of the application of the Obligation Characteristics or the Deliverable Obligation Characteristics, both the Qualifying Guarantee and the Underlying Obligation must satisfy on the relevant date each of the applicable Obligation Characteristics or the Deliverable Obligation Characteristics, if any, specified in the applicable Final Terms as applicable in respect of the relevant Transaction Type from the following list: Specified Currency, Not Sovereign Lender, Not Domestic Currency and Not Domestic Law. For these purposes, unless otherwise specified in the applicable Final Terms, (A) the lawful currency of any of Canada, Japan, Switzerland, the United Kingdom or the United States of America or the euro shall not be a Domestic Currency and (B) the laws of England and the laws of the State of New York shall not be a Domestic Law.

- (vii) For the avoidance of doubt the provisions of this Credit Linked Condition 5 apply in respect of the definitions of "Obligation" and "Deliverable Obligation" as the context admits.

## **6. Succession Event**

### **(a) Single Reference Entity**

Where the Securities are Single Reference Entity Credit Linked Securities and a Succession Event has occurred and more than one Successor has been identified, the credit derivative transaction relating to the Credit Default Swap Agreement will be deemed for all purposes to have been divided into the same number of new credit derivative transactions as there are Successors, with the following terms:

- (i) each Successor will be a Reference Entity for the purposes of one of the deemed new credit derivative transactions;
- (ii) in respect of each deemed new credit derivative transaction, the Reference Entity Notional Amount will be the Reference Entity Notional Amount applicable to the original Reference Entity divided by the number of Successors; and
- (iii) all other terms and conditions of the original credit derivative transaction will be replicated in each deemed new credit derivative transaction, except to the extent that modification is required, as determined by the Calculation Agent, to preserve the economic effects of the original credit derivative transaction in the deemed new credit derivative transaction and the Credit Linked Securities (considered in the aggregate).

(b) Nth-to-Default Credit Linked Securities

Where the Securities are Nth-to-Default Credit Linked Securities:

- (i) where a Succession Event has occurred in respect of a Reference Entity (other than a Reference Entity in respect of which a Credit Event has occurred) and more than one Successor has been identified, the credit derivative transaction evidenced by the Credit Default Swap Agreement will be deemed for all purposes to have been divided into a number of credit derivative transactions equal to the number of Successors. Each such new transaction shall include a Successor and each and every one of the Reference Entities unaffected by such Succession Event and the provisions of Credit Linked Condition 6(a)(i) to (iii) (inclusive) shall apply thereto;
- (ii) if "Substitution" is specified as not being applicable in the Final Terms, where any Reference Entity (the "Surviving Reference Entity") (other than a Reference Entity that is subject to the Succession Event) would be a Successor to any other Reference Entity (the "Legacy Reference Entity") pursuant to a Succession Event, such Surviving Reference Entity shall be deemed to be a Successor to the Legacy Reference Entity; and
- (iii) if "Substitution" is specified as being applicable in the Final Terms, where the Surviving Reference Entity (other than a Reference Entity that is subject to the Succession Event) would be a Successor to a Legacy Reference Entity pursuant to a Succession Event:
  - (1) such Surviving Reference Entity shall be deemed not to be a Successor to the Legacy Reference Entity; and
  - (2) the Replacement Reference Entity shall be deemed to be a Successor to the Legacy Reference Entity.

(c) Linear Basket Credit Linked Securities

Where the Credit Linked Securities are Linear Basket Credit Linked Securities, and one or more Successors have been identified in respect of a Reference Entity that has been the subject of a related Succession Event (the "**Affected Entity**"):

- (i) the Affected Entity will no longer be a Reference Entity (unless it is a Successor as described in (ii) below);
- (ii) each Successor will be deemed a Reference Entity (in addition to each Reference Entity which is not an Affected Entity);

- (iii) the Reference Entity Notional Amount for each such Successor will equal the Reference Entity Notional Amount of the Affected Entity divided by the number of Successors;
  - (iv) the Calculation Agent may make any modifications to the terms of the Credit Default Swap Agreement and these Credit Linked Conditions which may be required to preserve the economic effects of the Swap Agreement and the Securities prior to the Succession Event (considered in the aggregate). For the avoidance of doubt, the Calculation Agent may not, without the consent of the Issuer and the Trustee, amend any of the terms and conditions of the Credit Linked Securities other than these Credit Linked Conditions; and
  - (v) for the avoidance of doubt, a Reference Entity may, as a result of a Succession Event, be represented in the basket with respect to multiple Reference Entity Notional Amounts for the Successor(s) of such Reference Entity.
- (d) Substitute Reference Obligations

Where:

- (i) a Reference Obligation is specified in the applicable Final Terms;
- (ii) one or more Successors to the Reference Entity have been identified; and
- (iii) any one or more such Successors have not assumed the Reference Obligation,

a Substitute Reference Obligation will be determined in accordance with the definition of "Substitute Reference Obligation".

## **7. Provisions relating to LPN Reference Entities**

The following provisions shall apply if the applicable Final Terms provide that "LPN Reference Entity" is applicable:

- (a) Multiple Holder Obligation will not be applicable with respect to any Reference Obligation and any Underlying Loan;
- (b) each Reference Obligation will be an Obligation notwithstanding anything to the contrary in these Credit Linked Conditions, and in particular, that the obligation is not an obligation of the Reference Entity;
- (c) each Reference Obligation will be a Deliverable Obligation notwithstanding anything to the contrary in these Credit Linked Conditions, and in particular, that the obligation is not an obligation of the Reference Entity;
- (d) for the avoidance of doubt, with respect to any LPN Reference Obligation that specifies an Underlying Loan or an Underlying Financial Instrument, the outstanding principal balance shall be determined by reference to the Underlying Loan or Underlying Finance Instrument (as applicable) relating to such LPN Reference Obligation; and
- (e) the "Not Subordinated" Obligation Characteristic and Deliverable Obligation Characteristic shall be construed as if no Reference Obligation was specified in respect of the Reference Entity.

## 8. Restructuring Credit Event

### (a) Multiple Credit Event Notices

Upon the occurrence of a Restructuring Credit Event with respect to a Reference Entity for which Restructuring is an applicable Credit Event and either "Restructuring Maturity Limitation and Fully Transferable Obligation Applicable" or "Modified Restructuring Maturity Limitation and Conditionally Transferable Obligation Applicable" is specified in the Final Terms or is applicable in respect of the relevant Transaction Type:

- (i) the Swap Counterparty may deliver multiple Credit Event Notices with respect to such Restructuring Credit Event, each such notice setting forth the amount of the relevant Reference Entity Notional Amount to which such Restructuring Credit Event applies (the "**Exercise Amount**") provided that if the Credit Event Notice does not specify an Exercise Amount, the then outstanding Reference Entity Notional Amount (and not a portion thereof) will be deemed to have been specified as the Exercise Amount;
- (ii) the provisions of these Credit Linked Conditions shall be deemed to apply to an aggregate outstanding principal amount or aggregate outstanding notional amount equal to the Exercise Amount only and all the provisions shall be construed accordingly;
- (iii) the Exercise Amount in connection with a Credit Event Notice describing a Credit Event other than a Restructuring must be equal to the relevant Reference Entity Notional Amount (and not a portion thereof); and
- (iv) the Exercise Amount in connection with a Credit Event Notice describing a Restructuring must be an amount that is at least 1,000,000 units of the Specified Currency (or, if Japanese Yen, 100,000,000 units) in which the Reference Entity Notional Amount is denominated or any integral multiple thereof or the entire relevant Reference Entity Notional Amount.

In the case of an Nth-to-Default Credit Linked Security, once the Conditions to Settlement have been satisfied in respect of the Nth Reference Entity where the Credit Event is a Restructuring Credit Event, no further Credit Event Notices may be delivered in respect of any other Reference Entity (save to the extent that the Credit Default Swap Agreement and the Credit Linked Securities are deemed to have been divided into new credit derivative transactions or Credit Linked Securities respectively pursuant to Credit Linked Condition 6).

If any Credit Linked Security is subject to partial settlement in accordance with this Credit Linked Condition 8, the relevant Credit Linked Security or, if the Credit Linked Securities are represented by a Global Note or Global Certificate, such Global Note or Global Certificate shall be endorsed to reflect such partial settlement.

For the avoidance of doubt, this Credit Linked Condition 8 shall not be applicable in respect of a Reference Entity for which Restructuring is an applicable Credit Event and neither "Restructuring Maturity Limitation and Fully Transferable Obligation Applicable" nor "Modified Restructuring Maturity Limitation and Conditionally Transferable Obligation Applicable" is specified in the Final Terms or is applicable in respect of the relevant Transaction Type.

### (b) Restructuring Maturity Limitation and Fully Transferable Obligation

In respect of any Reference Entity for which Restructuring is an applicable Credit Event, if "Restructuring Maturity Limitation and Fully Transferable Obligation Applicable" is specified in the Final Terms or is applicable in respect of the applicable Transaction Type,

and Restructuring is the only Credit Event specified in a Credit Event Notice, then a Deliverable Obligation or, as applicable, Valuation Obligation, may be specified in a Notice of Physical Settlement, any NOPS Amendment Notice or, as applicable, selected by the Swap Counterparty to form part of the related Valuation Obligations Portfolio only if it:

- (i) is a Fully Transferable Obligation; and
- (ii) has a final maturity date not later than the Restructuring Maturity Limitation Date.

(c) Modified Restructuring Maturity Limitation and Conditionally Transferable Obligation Applicable

In respect of any Reference Entity for which Restructuring is an applicable Credit Event, if "Modified Restructuring Maturity Limitation and Conditionally Transferable Obligation Applicable" is specified in the Final Terms or is applicable in respect of the applicable Transaction Type, and Restructuring is the only Credit Event specified in a Credit Event Notice, then a Deliverable Obligation or, as applicable, Valuation Obligation, may be specified in the Notice of Physical Settlement, any NOPS Amendment Notice or, as applicable, selected by the Swap Counterparty to form part of the related Valuation Obligations Portfolio, only if it:

- (i) is a Conditionally Transferable Obligation; and
- (ii) has a final maturity date not later than the applicable Modified Restructuring Maturity Limitation Date.

In the event that the requisite consent in relation to a Deliverable Obligation which is a Conditionally Transferable Obligation is refused (whether or not a reason is given for such refusal and, where a reason is given for such refusal, regardless of that reason) or is not received by the Physical Settlement Date, the Issuer or the Swap Counterparty shall, as soon as reasonably practicable, notify the relevant Holders of Securities of such refusal (or deemed refusal) and:

- (A) each such Holder of Securities may designate a third party (which may or may not be an Affiliate of such Holder of Securities) to take Delivery of the Deliverable Obligation on its behalf; and
- (B) if a Holder of Securities does not designate a third party that takes Delivery on or prior to the date which is three Credit Security Business Days after the Physical Settlement Date, then the Issuer will redeem the Credit Linked Securities to which Deliverable Obligations which have not been Delivered by payment of the relevant Partial Cash Settlement Amount to such Holder of Securities. For the avoidance of doubt, Credit Linked Condition 4(B) will not apply to this sub-paragraph.

(d) Multiple Holder Obligations

Notwithstanding anything to the contrary in the definition of "Restructuring" and related provisions, the occurrence of, agreement to, or announcement of, any of the events described in sub-paragraphs (a)(i) to (v) (inclusive) thereof shall not be a Restructuring unless the Obligation in respect of any such events is a Multiple Holder Obligation, provided that any obligation that is a Bond shall be deemed to satisfy the requirements of sub-paragraph (b) of the definition of "Multiple Holder Obligation".

## 9. Miscellaneous Provisions relating to Credit Linked Securities

### (a) Determinations of the Calculation Agent

The determination by the Calculation Agent of any amount or of any state of affairs, circumstance, event or other matter, or the formation of any opinion or the exercise of any discretion required or permitted to be determined, formed or exercised by the Calculation Agent pursuant to the Credit Linked Conditions shall (in the absence of manifest error) be final and binding on the Issuer, the Guarantor (if applicable), the Trustee and the Holders of Securities. Unless otherwise expressly stated, the Calculation Agent is not bound to follow or act in accordance with any determination of the relevant Credit Derivatives Determinations Committee. Whenever the Calculation Agent is required to make any determination it may, *inter alia*, decide issues of construction and legal interpretation. If the Calculation Agent chooses to rely on the determinations of the relevant Credit Derivatives Determinations Committee it may do so without liability. Any delay, deferral or forbearance by the Calculation Agent in the performance or exercise of any of its obligations or its discretion under the Credit Linked Securities including, without limitation, the giving of any notice by it to any person, shall not affect the validity or binding nature of any later performance or exercise of such obligation or discretion, and none of the Swap Counterparty, the Trustee, the Issuing and Paying Agent or the Principal Warrant and Certificate Agent, as applicable, the Calculation Agent, the Issuer or the Guarantor (if applicable) shall, in the absence of wilful misconduct and gross negligence, bear any liability in respect of, or consequent upon, any such delay, deferral or forbearance.

If, where the Calculation Agent has relied upon a DC Resolution for the purposes of making a calculation or determination with respect to the Credit Linked Securities, ISDA publicly announces that such DC Resolution has been reversed by a subsequent DC Resolution, such reversal will be taken into account for the purposes of any subsequent calculations, provided that the ISDA public announcement occurs prior to the DC Resolution Reversal Cut-off Date (or where redeemed or settled in part, to the extent of any such redemption or settlement). The Calculation Agent, acting in a commercially reasonable manner, will make any adjustment to any future payments as are required to take account of such reversal, including any payment of additional interest or any reduction in any interest or any other amount payable under the Credit Linked Securities. For the avoidance of doubt, no accruals of interest shall be taken into account when calculating any such adjustment payment.

### (b) Change in Standard Terms and Market Conventions

The Calculation Agent, acting reasonably, may (but shall not be obliged to) modify these Credit Linked Conditions from time-to-time with effect from a date designated by the Calculation Agent to the extent reasonably necessary to ensure consistency with prevailing market standards or market trading conventions, which are, pursuant to the agreement of leading dealers in the credit derivatives market or any relevant ISDA committee, a market-wide protocol, any applicable law or regulation or the rules of any applicable exchange or clearing system, applicable to any Notional Credit Derivative Transaction or Hedge Transaction entered into prior to such date or terms thereof. The Calculation Agent shall notify the Issuer, the Trustee, the Issuing and Paying Agent or the Principal Warrant and Certificate Agent, as applicable, and the Swap Counterparty as soon as reasonably practicable upon making any such determination. For the avoidance of doubt, the Calculation Agent may not, without the consent of the Issuer and the Trustee, amend pursuant to this Credit Linked Condition 9(b) any of the terms and conditions of the Credit Linked Securities other than the Credit Linked Conditions.

In particular, the Calculation Agent may make such modifications as may be necessary to ensure consistency with any successor provisions which are published by ISDA and which supersede the 2003 ISDA Credit Derivatives Definitions and/or the 2003 ISDA Credit Derivatives Definitions as supplemented by the July 2009 Supplement ("**Successor Provisions**") for the purposes of credit derivatives transactions generally (including with respect to transactions which are entered into prior to the relevant date of publication and which are outstanding as of that date) and/or may apply and rely on determinations of the Credit Derivatives Determinations Committee made in respect of a relevant Reference Entity under any such Successor Provisions notwithstanding any discrepancy between the terms of such Successor Provisions and these Credit Linked Conditions.

This Credit Linked Condition 9(b) shall apply unless the applicable Final Terms specify that "Change in Standard Terms and Market Conventions" is not applicable.

(c) Delivery of Notices

As soon as reasonably practicable after receiving a Credit Event Notice, Notice of Publicly Available Information, Notice of Physical Settlement (or amendment or correction thereto), Auction Settlement Amount Notice or Extension Notice from the Swap Counterparty, the Issuer shall promptly inform, or shall procure that the Swap Counterparty informs, the Trustee, the Issuing and Paying Agent or the Principal Warrant and Certificate Agent, as applicable, and the Holders of Securities in accordance with, in the case of Notes, Condition 18 of the Notes or, in the case of Certificates, Condition 19 of the Certificates. Resolutions of the Credit Derivatives Determinations Committee are, as of the date hereof, available on ISDA's website ([www.isda.org/credit](http://www.isda.org/credit)).

(d) Effectiveness of Notices

Any notice referred to in Credit Linked Condition 9(c) above which is delivered on or prior to 5:00 p.m. (London time) on a London Business Day is effective on such date and if delivered after such time or on a day that is not a London Business Day, is deemed effective on the next following London Business Day.

(e) Excess Amounts

If, on a Business Day, the Calculation Agent reasonably determines that an Excess Amount has been paid to Holders of Securities on or prior to such day, then following notification of the determination of an Excess Amount to the Issuer and Holders of Securities in accordance with, in the case of Notes, Condition 18 of the Notes or, in the case of Certificates, Condition 19 of the Certificates, the Issuer may deduct any such Excess Amount from future payments in relation to the Credit Linked Securities (whether interest, principal or any other amount, as applicable) or may reduce the amount of any assets deliverable under the terms of the Credit Linked Securities to the extent that it determines, acting reasonably, to be necessary to compensate for such Excess Amount.

(f) Disposal of Charged Assets

Following the satisfaction of the Conditions to Settlement in respect of any Reference Entity, unless the Issuer is required or entitled to deliver a selected portion of the Charged Assets to the Swap Counterparty or the Repo Counterparty, respectively, under the terms of the Credit Default Swap Agreement, the Repurchase Agreement, or any other Swap Agreement relating to the Credit Linked Securities, as applicable, or as otherwise specified in the Final Terms, the Redemption Agent shall, on behalf of the Issuer, use reasonable efforts to dispose of the Charged Assets (or, in the case of Linear Basket Credit Linked Securities, the relevant portion thereof) in accordance with Credit Linked Condition 9(g) for settlement not later than one Credit Security Business Day prior to the date on which the related Reference Entity Notional Amount of each Credit Linked Security is due to be

redeemed save where the relevant Charged Asset is a Deposit Agreement and the Issuer will receive payment of an amount from the Deposit Counterparty at least equal to the relevant redemption amount on or prior to the date on which the related Reference Entity Notional Amount of each Credit Linked Security is due to be redeemed.

(g) Sale of Charged Assets

Where the Redemption Agent is required to dispose of any Charged Assets on behalf of the Issuer in order to redeem the Credit Linked Securities as set out in Credit Linked Condition 9(f), then:

- (i) the Redemption Agent shall seek firm bid quotations from at least three dealers in assets such as the relevant Charged Assets (and, for such purpose, it may seek quotations in respect of such Charged Assets in their entirety or in respect of designated tranches thereof, as it considers appropriate);
- (ii) the Redemption Agent may itself provide a bid in respect of the relevant Charged Assets or any tranche thereof;
- (iii) it shall and shall be authorised to accept on behalf of the Issuer in respect of each relevant tranche or, as applicable, the entirety of the relevant Charged Assets the highest such quotation so obtained (which may be a quotation of the Redemption Agent); and
- (iv) the net proceeds of sale of the relevant Charged Assets shall be paid into the Compartment Account and applied to meet the Issuer's obligations in respect of the Credit Linked Securities, the Swap Agreements and, if applicable, the Repurchase Agreement.

Subject as may otherwise be provided for in these Credit Linked Conditions, in effecting the sales, the Redemption Agent may sell the Charged Assets in one single tranche or in smaller tranches as it considers appropriate in order to attempt reasonably to maximise the proceeds from such sale. The Redemption Agent may effect sales of the Charged Assets (a) on any national securities exchange or quotation service on which the Charged Assets may be listed or quoted (b) in the over-the-counter market or (c) in transactions otherwise than on such exchanges or in the over-the-counter market. If (i) the Redemption Agent is unable to obtain any quotations for the sale of the Charged Assets or (ii) the Redemption Agent is offering to buy the Charged Assets itself for its own account for a price equal to or higher than the best quotation from a third party, the Redemption Agent may effect sales of the Charged Assets to itself.

    - (A) the aggregate amounts due under any Reference Obligation have been materially reduced by redemption or otherwise (other than due to any scheduled redemption, amortisation or prepayments);
    - (B) any Reference Obligation is an Underlying Obligation with a Qualifying Guarantee of a Reference Entity and, other than due to the existence or occurrence of a Credit Event, the Qualifying Guarantee is no longer a valid and binding obligation of such Reference Entity enforceable in accordance with its terms, or
    - (C) for any other reason, other than due to the existence or occurrence of a Credit Event, any Reference Obligation is no longer an obligation of a Reference Entity, the Calculation Agent shall identify one or more Obligations to replace such Reference Obligation.
- (b) Any Substitute Reference Obligation or Substitute Reference Obligations shall be an Obligation that:
  - (i) ranks *pari passu* (or, if no such Obligation exists, then, at the Swap Counterparty's option, an Obligation that ranks senior) in priority of payment with the ranking in priority of payment of each of the Substitute Reference Obligations and such Reference Obligation (with the ranking in priority of payment of such Reference Obligation being determined as of the date on which such Reference Obligation was issued or incurred and not reflecting any change to such ranking in priority of payment after such later date);
  - (ii) preserves the economic equivalent, as closely as practicable as determined by the Calculation Agent, of the delivery and payment obligations of the parties to the relevant credit default swap transaction comprised within the Credit Default Swap Agreement; and
  - (iii) is an obligation of the relevant Reference Entity (either directly or as provider of a Qualifying Affiliate Guarantee or, if All Guarantees is specified as applicable in relation to a Reference Entity, as provider of a Qualifying Guarantee). The Substitute Reference Obligation or Substitute Reference Obligations identified by the Calculation Agent shall, without further action, replace such Reference Obligation or Reference Obligations.
- (c) If more than one specific Reference Obligation is identified as a Reference Obligation, any of the events set forth under (a) above has occurred with respect to one or more but not all of the Reference Obligations, and the Calculation Agent determines that no Substitute Reference Obligation is available for one or more of such Reference

Obligations, each Reference Obligation for which no Substitute Reference Obligation is available shall cease to be a Reference Obligation.

- (d) If more than one specific Reference Obligation is identified as a Reference Obligation, any of the events set forth under (a) above has occurred with respect to all of the Reference Obligations, and the Calculation Agent determines that at least one Substitute Reference Obligation is available for any such Reference Obligation, then each such Reference Obligation shall be replaced by a Substitute Reference Obligation and each Reference Obligation for which no Substitute Reference Obligation is available will cease to be a Reference Obligation.
- (e) If:
  - (i) more than one specific Reference Obligation is identified as a Reference Obligation in relation to the Credit Linked Securities, any of the events set forth under (a) above has occurred with respect to all of the Reference Obligations, and the Calculation Agent determines that no Substitute Reference Obligation is available for any of the Reference Obligations; or
  - (ii) only one specific Reference Obligation is identified as a Reference Obligation in relation to the Credit Linked Securities, any of the events set forth under (a) above has occurred with respect to such Reference Obligation and the Calculation Agent determines that no Substitute Reference Obligation is available for that Reference Obligation, then the Calculation Agent shall continue to attempt to identify a Substitute Reference Obligation until the Extension Date.
- (f) For the purposes of identification of a Reference Obligation, any change in the Reference Obligation's CUSIP or ISIN number or other similar identifier will not, in and of itself, convert such Reference Obligation into a different Obligation.

**"succeed"** for the purposes of the provisions relating to the determination of Successor and the definitions of "Successor" and "Succession Event" means, with respect to a Reference Entity and its Relevant Obligations (or, as applicable, obligations), that a party other than such Reference Entity (i) assumes or becomes liable for such Relevant Obligations (or, as applicable, obligations) whether by operation of law or pursuant to any agreement or (ii) issues Bonds that are exchanged for Relevant Obligations (or, as applicable, obligations), and in either case such Reference Entity is no longer an obligor (primarily or secondarily) or guarantor with respect to such Relevant Obligations (or, as applicable, obligations). The determinations required pursuant to sub-paragraph (a) of the definition of "Successor" shall be made, in the case of an exchange offer, on the basis of the Outstanding Principal Balance of Relevant Obligations tendered and accepted in the exchange and not on the basis of the Outstanding Principal Balance of Bonds for which Relevant Obligations have been exchanged.

**"Succession Event"** means:

- (a) with respect to a Reference Entity that is not a Sovereign, an event such as a merger, consolidation, amalgamation, transfer of assets or liabilities, demerger, spin-off or other similar event in which one entity succeeds to the obligations of another entity, whether by operation of law or pursuant to any agreement; or
- (b) with respect to a Reference Entity that is a Sovereign, an event such as an annexation, unification, secession, partition, dissolution, consolidation, reconstitution or other event that results in any direct or indirect successor(s) to such Reference Entity.

Notwithstanding the foregoing, "Succession Event" shall not include an event:

- (i) in which the holders of obligations of the Reference Entity exchange such obligations for the obligations of another entity, unless such exchange occurs in connection with a

merger, consolidation, amalgamation, transfer of assets or liabilities, demerger, spin-off or other similar event; or

- (ii) with respect to which the legally effective date (or, in the case of a Reference Entity that is a Sovereign, the date of occurrence) has occurred prior to the Succession Event Backstop Date (determined by reference to Greenwich Mean Time (or, if the Transaction Type of the relevant Reference Entity is Japan Corporate or Japan Sovereign (as such terms are defined in the Physical Settlement Matrix), Tokyo time)).

**"Succession Event Backstop Date"** means:

- (a) for purposes of any event that constitutes a Succession Event in relation to the Reference Entity, as determined by DC Resolution, the date that is 90 calendar days prior to the Succession Event Resolution Request Date (determined by reference to Greenwich Mean Time (or, if the Transaction Type of the relevant Reference Entity is Japan Corporate or Japan Sovereign (as such terms are defined in the Physical Settlement Matrix), Tokyo time)); or
- (b) otherwise, the date that is 90 calendar days prior to the earlier of:
  - (i) the date on which the Swap Counterparty determines that a Succession Event has occurred; and
  - (ii) the Succession Event Resolution Request Date, if:
    - (A) the conditions to convening a Credit Derivatives Determinations Committee to Resolve the matters described in sub-paragraphs (a) and (b) of the definition of "Succession Event Resolution Request Date" are satisfied in accordance with the Rules;
    - (B) the relevant Credit Derivatives Determinations Committee has Resolved not to determine such matters; and
    - (C) the Swap Counterparty determines, not more than fifteen Credit Security Business Days after the day on which ISDA publicly announces that the relevant Credit Derivatives Determinations Committee has Resolved not to determine such matters, that a Succession Event has occurred.

The Succession Event Backstop Date shall not be subject to adjustment in accordance with any Business Day Convention unless the parties specify in the Final Terms that the Succession Event Backstop Date will be adjusted in accordance with a specified Business Day Convention.

**"Succession Event Resolution Request Date"** means, with respect to a notice to ISDA, delivered in accordance with the Rules, requesting that a Credit Derivatives Determinations Committee be convened to Resolve:

- (a) whether an event that constitutes a Succession Event has occurred with respect to the relevant Reference Entity; and
- (b) if the relevant Credit Derivatives Determinations Committee Resolves that such event has occurred:
  - (i) with respect to a Reference Entity that is not a Sovereign, the legally effective date of such event; or
  - (ii) with respect to a Reference Entity that is a Sovereign, the date of the occurrence of such event,

the date, as publicly announced by ISDA, that the relevant Credit Derivatives Determinations Committee Resolves to be the date on which such notice is effective.

**"Successor"** means in relation to any Reference Entity, each Successor that ISDA has publicly announced, including prior to the Trade Date, that the relevant Credit Derivatives Determinations Committee has Resolved is a Successor to the original Reference Entity pursuant to a Succession Event that occurred on or following the Succession Event Backstop Date in accordance with the Rules; or if no Successor has been identified by a Credit Derivatives Determinations Committee:

- (a) in relation to a Reference Entity that is not a Sovereign, the entity or entities, if any, determined as set out below:
  - (i) if one entity directly or indirectly succeeds to 75 per cent. or more of the Relevant Obligations of the Reference Entity by way of a Succession Event, that entity will be the sole Successor in respect of the relevant Reference Entity;
  - (ii) if only one entity directly or indirectly succeeds to more than 25 per cent. (but less than 75 per cent.) of the Relevant Obligations of the Reference Entity by way of a Succession Event, and not more than 25 per cent. of the Relevant Obligations of the Reference Entity remain with the Reference Entity, the entity that succeeds to more than 25 per cent. of the Relevant Obligations will be the sole Successor in respect of the relevant Reference Entity;
  - (iii) if more than one entity each directly or indirectly succeeds to more than 25 per cent. of the Relevant Obligations of the Reference Entity by way of a Succession Event, and not more than 25 per cent. of the Relevant Obligations of the Reference Entity remain with the Reference Entity, the entities that succeed to more than 25 per cent. of the Relevant Obligations will each be a Successor;
  - (iv) if one or more entities each directly or indirectly succeeds to more than 25 per cent. of the Relevant Obligations of the Reference Entity by way of a Succession Event, and more than 25 per cent. of the Relevant Obligations of the Reference Entity remain with the Reference Entity, each such entity and the Reference Entity will each be a Successor;
  - (v) if one or more entities directly or indirectly succeed to a portion of the Relevant Obligations of the Reference Entity by way of a Succession Event, but no entity succeeds to more than 25 per cent. of the Relevant Obligations of the Reference Entity and the Reference Entity continues to exist, there will be no Successor; and
  - (vi) if one or more entities directly or indirectly succeed to a portion of the Relevant Obligations of the Reference Entity by way of a Succession Event, but no entity succeeds to more than 25 per cent. of the Relevant Obligations of the Reference Entity and the Reference Entity ceases to exist, the entity which succeeds to the greatest percentage of Relevant Obligations (or, if two or more entities succeed to an equal percentage of Relevant Obligations, the entity from among those entities which succeeds to the greatest percentage of obligations of the Reference Entity) will be the sole Successor;
- (b) in relation to a Sovereign Reference Entity, any direct or indirect successor(s) to that Reference Entity irrespective of whether such successor(s) assumes any of the obligations of such Reference Entity.

In the case of (a) above, the Calculation Agent will be responsible for determining, as soon as reasonably practicable after it becomes aware of the relevant Succession Event (but no earlier than 14 calendar days after the legally effective date of the relevant Succession Event), and with effect from the legally effective date of the Succession Event, whether the relevant thresholds set out in

(a)(i) to (vi) (inclusive) above have been met, or which entity qualifies under (a)(vi) above, as applicable. In calculating the percentages used to determine whether the relevant thresholds set out in (a) above have been met, or which entity qualifies under (a)(vi) above, as applicable, the Calculation Agent shall use with respect to each applicable Relevant Obligation included in such calculation, the amount of the liability with respect to such Relevant Obligation listed in the Best Available Information and shall notify the Issuer, the Holders of Securities and the Swap Counterparty of such calculation, provided that the Calculation Agent will not make such determination if, at such time, either:

- (A) ISDA has publicly announced that the conditions to convening a Credit Derivatives Determinations Committee to Resolve the matters described in sub-paragraph (a) above and sub-paragraphs (a) and (b) of the definition of "Succession Event Resolution Request Date" are satisfied in accordance with the Rules (until such time, if any, as ISDA subsequently publicly announces that the relevant Credit Derivatives Determinations Committee has Resolved not to determine a Successor); or
- (B) ISDA has publicly announced that the relevant Credit Derivatives Determinations Committee has Resolved that no event that constitutes a Succession Event for purposes of any Hedge Transaction has occurred.

**"Supranational Organisation"** means any entity or organisation established by treaty or other arrangement between two or more Sovereigns or the Sovereign Agencies of two or more Sovereigns, and includes, without limiting the foregoing, the International Monetary Fund, European Central Bank, International Bank for Reconstruction and Development and the European Bank for Reconstruction and Development.

**"Trade Date"** means the date specified as such in the applicable Final Terms.

**"Transaction Auction Settlement Terms"** means, in respect of any Reference Entity and a related Credit Event, the Credit Derivatives Auction Settlement Terms published by ISDA in respect of such Credit Event and in respect of which the Notional Credit Derivative Transaction would be an Auction Covered Transaction.

**"Transferable"** means an obligation that is transferable to institutional investors without any contractual, statutory or regulatory restriction, provided that none of the following shall be considered contractual, statutory or regulatory restrictions:

- (a) contractual, statutory or regulatory restrictions that provide for eligibility for resale pursuant to Rule 144A or Regulation S promulgated under the United States Securities Act of 1933, as amended (and any contractual, statutory or regulatory restrictions promulgated under the laws of any jurisdiction having a similar effect in relation to the eligibility for resale of an obligation); or
- (b) restrictions on permitted investments such as statutory or regulatory investment restrictions on insurance companies and pension funds,

and, if specified as applicable to a Deliverable Obligation Category, the Transferable Deliverable Obligation Characteristic shall be applicable only in respect of obligations within that Deliverable Obligation Category that are not Loans.

**"Undeliverable Obligation"** means a Deliverable Obligation included in the Notice of Physical Settlement which, on the Settlement Date for such Deliverable Obligation, the Calculation Agent

determines for any reason (including without limitation, failure by the Holder of Securities to deliver an Asset Transfer Notice, failure of the relevant clearance system or due to any law, regulation, court order or market conditions or the non-receipt of any requisite consents with respect to the Delivery of Loans) it is impossible or illegal to Deliver on the Settlement Date.

**"Undeliverable Valuation Date"** means the date that is five Credit Security Business Days after the Latest Permissible Physical Settlement Date or, as applicable, the Extended Physical Settlement Date.

**"Underlying Finance Instrument"** means where the LPN Issuer provides finance to the Reference Entity by way of a deposit, loan or other Borrowed Money instrument.

**"Valuation Date"** means:

- (a) any Credit Security Business Day falling between the 55th and the 122nd Credit Security Business Day following the Event Determination Date, as selected by the Calculation Agent in its sole discretion, or, following any Auction Cancellation Date or No Auction Announcement Date, such later Credit Security Business Day, (in each case, as selected by the Calculation Agent in its sole and absolute discretion); or
- (b) if "Cash Settlement" is applicable as a Fallback Settlement Method, any Credit Security Business Day falling between the 55th and the 122nd Credit Security Business Day following the Event Determination Date, as selected by the Calculation Agent in good faith and in a commercially reasonable manner or, following any Auction Cancellation Date or No Auction Announcement Date, such later Credit Security Business Day, (in each case, as selected by the Calculation Agent in good faith and in a commercially reasonable manner); or

- (a) any reference to the words "Delivery Date" in the definitions of "Conditionally Transferable Obligation", "Deliverable Obligation", within any of the terms comprising

"Deliverable Obligation Category" or "Deliverable Obligation Characteristic" and "Due and Payable Amount" shall be deemed to be a reference to the words "Relevant Valuation Date";

- (b) the deletion of the words "being Delivered" in the definition of "Deliverable Obligation"; and
- (c) the deletion of the whole of the second paragraph within the definition of "Not Contingent" and replacing it with the following:

"If an Obligation is a Convertible Obligation or an Exchangeable Obligation, then such Obligation may only be included in the Valuation Obligations Portfolio if the rights referred to in clauses (i) and (ii) above have not been exercised (or such exercise has been effectively rescinded) on or before the Relevant Valuation Date."

For the avoidance of doubt, the use of Deliverable Obligation terms in the definition of "Valuation Obligation" is for convenience only and is not intended to amend the selected settlement method.

**"Valuation Obligations Portfolio"** means one or more Valuation Obligations of a Reference Entity selected by the Swap Counterparty in its discretion, each in an Outstanding Principal Balance selected by the Swap Counterparty in its sole and absolute discretion provided that the aggregate of such Outstanding Principal Balances (or in each case the equivalent in the Specified Currency thereof (converted at the foreign exchange rate prevailing on any date from (and including) the Event Determination Date to (and including) the Valuation Date, as selected by the Calculation Agent in its sole and absolute discretion), shall not exceed the relevant Reference Entity Notional Amount.

If "Zero Recovery" is specified as applicable in the Final Terms, the Weighted Average Final Price shall be zero.

**"Weighted Average Quotation"** means, in accordance with the bid quotations provided by the Credit Security Dealers, the weighted average of firm quotations obtained from the Credit Security Dealers at the Valuation Time, to the extent reasonably practicable, each for an amount of the Reference Obligation, Deliverable Obligation or Undeliverable Obligation, as the case may be, with an Outstanding Principal Balance of as large a size as available but less than the Quotation Amount (in the case of Deliverable Obligations only, but of a size equal to the Minimum Quotation Amount or, if quotations of a size equal to the Minimum Quotation Amount are not available, quotations as near in size as practicable to the Minimum Quotation Amount) that in the aggregate are approximately equal to the Quotation Amount.

11. **Amendments to the Terms and Conditions of the Notes and the Terms and Conditions of the Certificates**

11.1 **Amendments to Terms and Conditions of the Notes**

The Terms and Conditions of the Notes are amended as follows:

- (a) The last 3 paragraphs of Condition 5(a) (*Interest on Fixed Rate Notes*) shall be amended as follows:

"Interest shall be calculated by applying the Rate of Interest to: (A) in the case of Fixed Rate Notes which are represented by a Global Note, the daily average of the aggregate outstanding nominal amount of the Fixed Rate Notes represented by such Global Note; (B) in the case of Fixed Rate Notes in definitive form, the Calculation Amount (or, as applicable, the daily average of the outstanding nominal amount corresponding to the Calculation Amount), multiplying such sum by the applicable Day Count Fraction, and rounding the resultant figure to the nearest sub-unit of the relevant Specified Currency, half of any such sub-unit being rounded upwards or otherwise in accordance with applicable market convention.

Where the Specified Denomination of a Fixed Rate Note in definitive form comprises more than one Calculation Amount, the amount of Interest payable in respect of such Fixed Rate Note shall be the aggregate of the amounts (determined in the manner provided above) for each Calculation Amount (or, as applicable, for each relevant daily average of the outstanding nominal amount corresponding to such Calculation Amount) comprising the Specified Denomination without any further rounding.

"**sub-unit**" means, with respect to any currency other than the euro, the lowest amount of such currency that is available as legal tender in the country of such currency and, with respect to euro, means one cent."

- (b) In paragraph (A) of each of Condition 5(b)(iii) (*Determination of Rate of Interest and Calculation of Interest Amount*) and Condition 5(c)(iii) (*Determination of Rate of Interest and Calculation of Interest Amount*), the reference to "the aggregate outstanding nominal amount" shall be deleted and replaced with "the daily average of the aggregate outstanding amount".
- (c) In paragraph (B) of each of Condition 5(b)(iii) (*Determination of Rate of Interest and Calculation of Interest Amount*) and Condition 5(c)(iii) (*Determination of Rate of Interest and Calculation of Interest Amount*), the reference to "the Calculation Amount" shall be deleted and replaced with "(or, as applicable, the daily average of the outstanding nominal amount corresponding to the Calculation Amount)".

- (e) In Condition 5(k) (*Interest Payments*), the third sentence thereof shall be deleted and replaced with the following:

"If such Note is redeemed early (i) if the applicable Final Terms specify that Accrual to Redemption is applicable, interest will cease to accrue on the due date for redemption or (ii) if the applicable Final Terms specify that Accrual to Redemption is not applicable, no interest shall accrue or be payable in respect of which the relevant Interest Payment Date has not occurred on or prior to the due date for redemption of such Note (or if the

applicable Final Terms specify that Accrual to Preceding IPED is applicable, interest will cease to accrue from and including the Interest Period End Date immediately preceding (A) the date on which notice is given for the early redemption of such Note or (B) if there is no such notice, the due date for early redemption of such Note).

- (f) Condition 7(a) (*Redemption at Maturity*) shall be amended by adding the following immediately before the end thereof:

"Notwithstanding the above, unless previously redeemed or purchased and cancelled as provided below, each Credit Linked Security will be redeemed in accordance with the Credit Linked Conditions and the applicable Final Terms."

## 11.2 Amendments to the Terms and Conditions of the Certificates

The Terms and Conditions of the Certificates are amended as follows:

- (a) The definition of Cash Settlement Amount in Condition 6(a) (*Method of Payment*) shall be amended by adding immediately after the words "the Final Redemption Amount specified in the applicable Final Terms" in the first paragraph thereof, the following:

"Interest shall be calculated by applying the Rate of Interest to the average daily outstanding notional amount of each Certificate and if a Day Count Fraction is specified in the applicable Final Terms multiplying such sum by the applicable Day Count Fraction, and rounding the resultant figure to the nearest sub-unit of the relevant Settlement Currency, half of any such sub-unit being rounded upwards or otherwise in accordance with applicable market convention."

- (c) Each of Condition 4(b)(iii) (*Determination of Rate of Interest and Calculation of Interest Amount*) and Condition 4(c)(iii) (*Determination of Rate of Interest and Calculation of Interest Amount*) shall be amended by deleting and replacing the reference to "the Notional Amount of the Certificates" with the following:

"the aggregate average daily outstanding Notional Amount of the Certificates".

- (d) In Condition 4(j) (*Interest Payments*), the third sentence thereof shall be deleted and replaced with the following:

"If such Certificate is redeemed early, (i) if the applicable Final Terms specify that Accrual to Redemption is applicable, interest will cease to accrue on the due date for redemption or (ii) if the applicable Final Terms specify that Accrual to Redemption is not applicable, no interest shall accrue or be payable in respect of which the relevant payment date has not occurred on or prior to the due date for redemption of such Certificate (or if the applicable Final Terms specify that Accrual to Preceding IPED is applicable, interest will cease to accrue from and including the Interest Period End Date immediately preceding (A) the date on which notice is given for the early redemption of such Certificate or (B) if there is no such notice, the due date for early redemption of such Certificate), unless in either case payment of principal and/or delivery of all assets deliverable is improperly withheld or refused."

## ANNEX A TO THE ADDITIONAL TERMS AND CONDITIONS FOR CREDIT LINKED SECURITIES

### DESCRIPTION OF AUCTION SETTLEMENT TERMS

*The following description is applicable to certain Credit Linked Securities to which "Annex 10 Additional Terms and Conditions for Credit Linked Securities" are applicable.*

If an Event Determination Date occurs with respect to the Credit Linked Securities and Auction Settlement applies, the Auction Settlement Amount with respect to the Credit Linked Securities will be calculated based on the Auction Final Price for the Reference Entity (if any). This Annex contains a summary of certain provisions of the Form of Credit Derivatives Auction Settlement Terms set forth at Annex B to the 2009 ISDA Credit Derivatives Determinations Committees and Auction Settlement Supplement to the 2003 ISDA Credit Derivatives Definitions, published by the International Swaps and Derivatives Association, Inc. ("**ISDA**") on 12 March 2009 (the "**Form of Auction Settlement Terms**") and is qualified by reference to the detailed provisions thereof and is subject to amendment from time to time in accordance with the Rules, including any amendment following the 2009 ISDA Credit Derivatives Determinations Committees, Auction Settlement and Restructuring Supplement dated 14 July 2009, as published by ISDA (the "**July 2009 Supplement**"). The July 2009 Supplement extended the auction hardwiring process to Restructuring credit events. Following certain Restructuring credit events, more than one auction may be held and there may be more than one Auction Final Price and credit default swaps are grouped into buckets by maturity and depending on which party triggers the credit default swap. Deliverable obligations will be identified for each bucket (any deliverable obligations included in a shorter bucket will also be deliverable for all longer buckets). If the Credit Derivatives Determinations Committee determines to hold an auction for a particular bucket, then that auction will be held according to the existing auction methodology that has previously been used for Bankruptcy and Failure to Pay credit events as described in the summary below, except that the deliverable obligations will be limited to those falling within the relevant maturity bucket.

The following does not purport to be a complete summary and prospective investors must refer to the Form of Auction Settlement Terms for detailed information regarding the auction methodology set forth therein (the "**Auction Methodology**"). The Auction and the Auction Methodology apply to credit default swaps on the Reference Entity and do not apply specifically to the Credit Linked Securities. A copy of the Form of Auction Settlement Terms may be inspected at the offices of the Issuer and is also currently available at [www.isda.org](http://www.isda.org) (or any successor website thereto).

Holders of Securities should also be aware that this summary of the form of the Auction Settlement Terms is accurate only as of the date hereof and the Form of Auction Settlement Terms may be amended from time to time without consultation with Holders of Securities. At any time after the date of this Annex, the latest Form of Auction Settlement Terms will be available on the ISDA website at [www.isda.org](http://www.isda.org) (or any successor website thereto). Further, notwithstanding the fact that the form of Auction Settlement Terms (as may be amended from time to time) appears on the ISDA website, Holders of Securities should note that the Credit Derivatives Determinations Committees have the power to amend the form of Credit Derivatives Auction Settlement Terms for a particular auction and that this summary may therefore not be accurate in all cases.

Capitalised terms used but not defined in this summary have the meaning specified in the Rules and the Form of Auction Settlement Terms. All times of day in this summary refer to such times in London.

#### **Publication of Credit Derivatives Auction Settlement Terms**

Pursuant to the Credit Derivatives Determinations Committees Rules set forth in Annex A to the 2009 ISDA Credit Derivatives Determinations Committees and Auction Settlement Supplement to the 2003 ISDA Credit Derivatives Definitions (published on 12 March 2009) (the "**Rules**"), a Credit Derivatives Determinations Committee may determine that a Credit Event has occurred in respect of a Reference Entity (such entity, an "**Affected Reference Entity**") and that one or more auctions will be held in order to settle affected transactions referencing such Affected Reference Entity based upon an Auction Final Price determined in accordance with an auction procedure as set forth in the Form of Auction Settlement Terms

(each, an "**Auction**"). If an Auction is to be held, the Credit Derivatives Determinations Committee will publish Credit Derivatives Auction Settlement Terms in respect of the relevant Affected Reference Entity, based upon the Form of Auction Settlement Terms. In doing so, the Credit Derivatives Determinations Committee will make several related determinations, including the date on which the Auction will be held (the "**Auction Date**"), the institutions that will act as participating bidders in the Auction (the "**Participating Bidders**") and the supplemental terms that are detailed in Schedule 1 to the Form of Auction Settlement Terms. The Credit Derivatives Determinations Committee may also amend the Form of Auction Settlement Terms for a particular auction and may determine that a public comment period is necessary in order to effect such an amendment if such amendment is not contemplated by the Rules.

## **Auction Methodology**

### *Determining the Auction Currency Rate*

On the Auction Currency Fixing Date, the Administrators will determine the rate of conversion (each, an "**Auction Currency Rate**") as between the Relevant Currency and the currency of denomination of each Deliverable Obligation (each, a "**Relevant Pairing**") by reference to a Currency Rate Source or, if such Currency Rate Source is unavailable, by seeking mid-market rates of conversion from Participating Bidders (determined by each such Participating Bidder in a commercially reasonable manner) for each such Relevant Pairing. If rates of conversion are sought from Participating Bidders and more than three such rates are obtained by the Administrators, the Auction Currency Rate will be the arithmetic mean of such rates, without regard to the rates having the highest and lowest values. If exactly three rates are obtained, the Auction Currency Rate will be the rate remaining after disregarding the rates having the highest and lowest values. For this purpose, if more than one rate has the same highest or lowest value, then one of such rates shall be disregarded. If fewer than three rates are obtained, it will be deemed that the Auction Currency Rate cannot be determined for such Relevant Pairing.

### *Initial Bidding Period*

During the Initial Bidding Period, Participating Bidders will submit to the Administrators: (a) Initial Market Bids; (b) Initial Market Offers; (c) Dealer Physical Settlement Requests; and (d) Customer Physical Settlement Requests (to the extent received from customers).

Initial Market Bids and Initial Market Offers are firm quotations, expressed as percentages, to enter into credit derivative transactions in respect of the Affected Reference Entity on terms equivalent to the Representative Auction-Settled Transaction.

The Initial Market Bid and Initial Market Offer submitted by each Participating Bidder must differ by no more than the designated Maximum Initial Market Bid-Offer Spread and must be an integral multiple of the Relevant Pricing Increment (each as determined by the Credit Derivatives Determinations Committee and specified in the Credit Derivatives Auction Settlement Terms in respect of the relevant Affected Reference Entity). The Initial Market Bid must be less than the Initial Market Offer.

Dealer Physical Settlement Requests and Customer Physical Settlement Requests are firm commitments, submitted by a Participating Bidder, on its own behalf or on behalf of a customer, as applicable, to enter into a Representative Auction-Settled Transaction, in each case, as seller (in which case, such commitment will be a "**Physical Settlement Buy Request**") or as buyer (in which case, such commitment will be a "**Physical Settlement Sell Request**"). Each Dealer Physical Settlement Request must be, to the best of such Participating Bidder's knowledge and belief, in the same direction as, and not in excess of, its Market Position. Each Customer Physical Settlement Request must be, to the best of the relevant customer's knowledge and belief (aggregated with all Customer Physical Settlement Requests submitted by such customer), in the same direction as, and not in excess of, its Market Position.

If the Administrators do not receive valid Initial Market Bids and Initial Market Offers from at least a minimum number of Participating Bidders (as determined by the Credit Derivatives Determinations Committee and specified in the Credit Derivatives Auction Settlement Terms in respect of the relevant Affected Reference Entity), the timeline will be adjusted and the Initial Bidding Period extended, with the

Auction recommencing at such time(s) specified by the Administrators, otherwise it will proceed as follows.

*Determination of Open Interest, Initial Market Midpoint and Adjustment Amounts*

The Administrators will calculate the Open Interest, the Initial Market Midpoint and any Adjustment Amounts in respect of the Auction.

The Open Interest is the difference between all Physical Settlement Sell Requests and all Physical Settlement Buy Requests.

To determine the Initial Market Midpoint, the Administrators will: (a) sort the Initial Market Bids in descending order and the Initial Market Offers in ascending order, identifying non-tradeable markets for which bids are lower than offers; (b) sort non-tradeable markets in terms of tightness of spread between Initial Market Bid and Initial Market Offer; and (c) identify that half of the non-tradeable markets with the tightest spreads. The Initial Market Midpoint is determined as the arithmetic mean of the Initial Market Bids and Initial Market Offers contained in the half of non-tradeable markets with the tightest spreads.

Any Participating Bidder whose Initial Market Bid or Initial Market Offer forms part of a tradable market will be required to make a payment to ISDA on the third Business Day after the Auction Final Price Determination Date (an "**Adjustment Amount**"), calculated in accordance with the Auction Methodology. Any payments of Adjustment Amounts shall be used by ISDA to defray any costs related to any auction that ISDA has coordinated, or that ISDA will in the future coordinate, for purposes of settlement of credit derivative transactions.

If for any reason no single Initial Market Midpoint can be determined, the procedure set out above may be repeated.

At or prior to the Initial Bidding Information Publication Time on any day on which the Initial Bidding Period has successfully concluded, the Administrators publish the Open Interest, the Initial Market Midpoint and the details of any Adjustment Amounts in respect of the Auction.

If the Open Interest is zero, the Auction Final Price will be the Initial Market Midpoint.

*Submission of Limit Order Submissions*

In the event that the Open Interest does not equal zero, a subsequent bidding period will be commenced during the Initial Bidding Period which: (a) if the Open Interest is an offer to sell Deliverable Obligations, Participating Bidders submit Limit Bids; or (b) if the Open Interest is a bid to purchase Deliverable Obligations, Limit Offers, in each case, on behalf of customers and for their own account.

*Matching bids and offers*

If the Open Interest is a bid to purchase Deliverable Obligations, the Administrators will match the Open Interest against all Initial Market Offers and Limit Offers, as further described in the Auction Methodology. If the Open Interest is an offer to sell Deliverable Obligations, the Administrators will match the Open Interest against all Initial Market Bids and Limit Bids, as further described in the Auction Methodology.

**Auction Final Price when the Open Interest is Filled**

The Auction Final Price will be the price associated with the matched Initial Market Bids and Limit Bids or Initial Market Offers and Limit Offers, as applicable, that is the highest offer or the lowest bid, as applicable, provided that: (a) if the Open Interest is an offer to sell and the price associated with the lowest matched bid exceeds the Initial Market Midpoint by more than the "**Cap Amount**" (being the percentage that is equal to one half of the Maximum Initial Market Bid-Offer Spread (rounded to the nearest Relevant Pricing Increment)), then the Auction Final Price will be the Initial Market Midpoint plus the Cap Amount; and (b) if the Open Interest is a bid to purchase and the Initial Market Midpoint exceeds the price

associated with the highest offer by more than the Cap Amount, then the Auction Final Price will be the Initial Market Midpoint minus the Cap Amount.

#### **Auction Final Price when the Open Interest is Not Filled**

If, once all the Initial Market Bids and Limit Bids or Initial Market Offers and Limit Offers, as applicable, have been matched to the Open Interest, part of the Open Interest remains, the Auction Final Price will be: (a) if the Open Interest is a bid to purchase Deliverable Obligations, the greater of (i) zero, and (ii) the highest Limit Offer or Initial Market Offer received; or (b) if the Open Interest is an offer to sell Deliverable Obligations, zero.

#### *100 per cent. Cap to Auction Final Price*

In all cases, if the Auction Final Price determined pursuant to the Auction Methodology is greater than 100 per cent., then the Auction Final Price will be deemed to be 100 per cent.

#### *Publication of Auction Final Price*

At or prior to the Subsequent Bidding Information Publication Time on any day on which the subsequent bidding period has successfully concluded, the Administrators will publish on their websites: (a) the Auction Final Price; (b) the names of the Participating Bidders who submitted bids, offers, valid Dealer Physical Settlement Requests and valid Customer Physical Settlement Requests, together with the details of all such bids and offers submitted by each; and (c) the details and size of all matched trades.

#### **Execution of Trades Formed in the Auction**

Each Participating Bidder whose Limit Bid or Initial Market Bid (or Limit Offer or Initial Market Offer if applicable) is matched against the Open Interest, and each Participating Bidder that submitted a Customer Physical Settlement Request or Dealer Physical Settlement Request, is deemed to have entered into a Representative Auction-Settled Transaction, and each customer that submitted such a Limit Bid, Limit Offer, or Physical Settlement Request is deemed to have entered into a Representative Auction-Settled Transaction with the dealer through whom the customer submitted such bid or offer. Accordingly, each such Participating Bidder or customer that is a seller of Deliverable Obligations pursuant to a trade formed in the auction must deliver to the buyer to whom such Participating Bidder or customer has been matched a Notice of Physical Settlement indicating the Deliverable Obligations that it will deliver, and such Deliverable Obligations will be sold to the buyer in exchange for payment of the Auction Final Price.

#### **Timing of Auction Settlement Provisions**

If an Auction is held in respect of an Affected Reference Entity, it is expected that the relevant Auction Date will occur on the third Business Day immediately prior to the 30th calendar day after which the relevant Credit Derivatives Determinations Committee received the request from an eligible market participant (endorsed by a member of the relevant Credit Derivatives Determinations Committee) to resolve whether a Credit Event has occurred with respect to such Reference Entity.

In respect of an Affected Reference Entity for which an Auction is held, the Auction Settlement Date will occur on a Business Day following the Auction Final Price Determination Date, as determined by the Credit Derivatives Determinations Committee and specified in the Credit Derivatives Auction Settlement Terms in respect of the relevant Affected Reference Entity. By way of example, in recent ISDA CDS Auction Protocols (prior to the publication of the 2009 ISDA Credit Derivatives Determinations Committees and Auction Settlement Supplement to the 2003 ISDA Credit Derivatives Definitions) this has been approximately five Business Days following the relevant Auction Final Price Determination Date. The settlement date of the Securities will occur on the third Business Day following the Auction Settlement Date.

## **ANNEX B TO THE ADDITIONAL TERMS AND CONDITIONS FOR CREDIT LINKED SECURITIES**

### **CREDIT DERIVATIVES DETERMINATIONS COMMITTEES**

*The following description is applicable to certain Credit Linked Securities to which "Annex 10 Additional Terms and Conditions for Credit Linked Securities" are applicable.*

In making certain determinations with respect to the Credit Linked Securities, the Calculation Agent may but is not bound to follow or act in accordance with any determination of the relevant Credit Derivatives Determinations Committees. This Annex sets forth a summary of the Credit Derivatives Determinations Committees Rules, as published by ISDA on its website at [www.isda.org](http://www.isda.org) (or any successor website thereto) as of 20 January 2016 (the "**Rules**") and is subject to the rules as published by ISDA from time to time and as amended from time to time. This summary is not intended to be exhaustive and prospective investors should also read the Rules and reach their own views prior to making any investment decisions. A copy of the Rules published by ISDA is available at: [www.isda.org](http://www.isda.org) (or any successor website thereto).

Capitalised terms used but not defined in this summary have the meaning specified in the applicable Final Terms or the Rules, as applicable.

#### **Establishment of the Credit Derivatives Determinations Committees**

In accordance with the Rules, a Credit Derivatives Determinations Committee has been formed for each of the regions of (a) the Americas, (b) Asia Ex-Japan, (c) Australia-New Zealand, (d) Europe, Middle East and Africa and (e) Japan. As of the date hereof, the Calculation Agent (or one of its Affiliates) is a voting member on each of the Credit Derivatives Determinations Committees. See "*Risk Factors – Conflicts of Interest – Credit Derivatives Determinations Committees*" for additional information regarding conflicts of interest. The Credit Derivatives Determinations Committees will act in accordance with the Rules and will make determinations that are relevant for Credit Derivative Transactions that incorporate, or are deemed to incorporate, the 2014 ISDA Credit Derivatives Definitions (the "**2014 Definitions**") or the 2003 ISDA Credit Derivatives Definitions, as supplemented by the March 2009 Supplement or the 2003 ISDA Credit Derivatives Definitions, as supplemented by the July 2009 Supplement (the "**Updated 2003 Definitions**"). ISDA will serve as the secretary of each Credit Derivatives Determinations Committee and will perform administrative duties and make certain determinations as provided for under the Rules.

#### **Decision-making Process of the Credit Derivatives Determinations Committees**

Each DC Resolution by a Credit Derivatives Determinations Committee will apply to Credit Derivative Transactions that incorporate, or are deemed to incorporate, the 2014 Definitions or the Updated 2003 Definitions (depending on the applicable "Coverage Election" and subsequent determinations of the Credit Derivatives Determinations Committee) and for which the relevant provisions are not materially inconsistent with the provisions with respect to which the Credit Derivatives Determinations Committee bases its determination. As a result, determinations by the Credit Derivatives Determinations Committees are not applicable to the Holders of Securities, unless specified otherwise in the terms of the Credit Linked Securities. The Credit Derivatives Determinations Committees shall have no ability to amend the terms of the Credit Linked Securities. Furthermore, the institutions on the Credit Derivatives Determinations Committees owe no duty to the Holders of Securities. See "*Risk Factors - Rights Associated with Credit Derivatives Determinations Committees*" for further information. The terms of the Credit Linked Securities provide that the Holders of Securities will be subject to certain determinations by the Credit Derivatives Determinations Committees. The Credit Derivatives Determinations Committees will be able to make determinations without action or knowledge by the Holders of Securities.

A Credit Derivatives Determinations Committee will be convened upon referral of (i) a question to ISDA by an identified eligible market participant and the agreement of at least one of the voting members of the relevant Credit Derivatives Determinations Committee to deliberate the question, or (ii) a question to ISDA by an unidentified eligible market participant and the agreement of at least two of the voting members of

the relevant Credit Derivatives Determinations Committee to deliberate the question, or (iii) a question to ISDA by an eligible market participant which is an Eligible CCP (being an eligible clearing entity) and such question is not designated as a "General Interest Question" and relates to an eligible cleared Reference Entity with respect to such Eligible CCP and to certain specified matters such as a Credit Event, Potential Repudiation/Moratorium and/or Successor. ISDA will convene the Credit Derivatives Determinations Committee for the region to which the referred question relates, as determined in accordance with the Rules. Any party to a transaction that incorporates, or is deemed to incorporate, the 2014 Definitions or the Updated 2003 Definitions may refer a question to ISDA for a Credit Derivatives Determinations Committee to consider. Therefore, a binding determination may be made with respect to the Credit Linked Securities without any action by the Holders of Securities. Holders of Securities (in their capacity as holders of the Credit Linked Securities) will not be able to refer questions to the Credit Derivatives Determinations Committees.

Once a question is referred to a Credit Derivatives Determinations Committee, a DC Resolution may result quickly, as a binding vote usually must occur within two business days of the first meeting held with respect to such question unless the timeframe is extended by agreement of at least 80 per cent. of the voting members participating in a vote held in accordance with the Rules. In addition, voting members of the Credit Derivatives Determinations Committees are required to participate in each binding vote, subject only to limited abstention rights. Notices of questions referred to the Credit Derivatives Determinations Committees, meetings held to deliberate such questions, meeting statements and the results of binding votes will be published on the ISDA website and neither the Issuer, the Calculation Agent nor any of their respective Affiliates shall be obliged to inform the Holders of Securities of such information (other than as expressly provided in the Final Terms). Holders of Securities shall therefore be responsible for obtaining such information. See *"Risk Factors – Rights Associated with Credit Derivatives Determinations Committees"*.

The Credit Derivatives Determinations Committees have the ability to make determinations that may materially affect the Holders of Securities. The Credit Derivatives Determinations Committees will be able to make a broad range of determinations in accordance with the Rules that may be relevant to the Credit Linked Securities and materially affect the Holders of Securities. For each of the general types of questions discussed below, the Credit Derivatives Determinations Committees may determine component questions that arise under the 2014 Definitions or the Updated 2003 Definitions, or the Rules and that are related to the initial question referred. Since the terms governing the credit-linked elements of the Credit Linked Securities are substantially similar to the 2014 Definitions or, as the case may be, the Updated 2003 Definitions, such determinations may affect the Holders of Securities, as further described below.

### **Credit Events**

The Credit Derivatives Determinations Committees will be able to determine whether a Credit Event has occurred and, if applicable, the date of such Credit Event. Related questions that are also within the scope of the Credit Derivatives Determinations Committees are whether a Potential Failure to Pay or a Potential Repudiation/Moratorium has occurred. In addition, the Credit Derivatives Determinations Committees will also determine, where necessary, whether the required Publicly Available Information has been provided. Each of these determinations, other than whether the required Publicly Available Information has been provided, requires the agreement of at least 80 per cent. of the voting members participating in a binding vote held in accordance with the Rules in order to avoid the referral of the question to the external review process, as described further below. The determination of whether the required Publicly Available Information has been provided requires the agreement of at least a majority of the voting members participating in a binding vote held in accordance with the Rules and is not eligible for external review. Each of these determinations may affect whether an Event Determination Date will occur under the Credit Linked Securities. If the Credit Derivatives Determinations Committee Resolves that a Credit Event has occurred with respect to one of the Reference Entity(ies) on or after the Credit Event Backstop Date, then an Event Determination Date is deemed to have occurred in respect of the Credit Linked Securities.

## Successors

The Credit Derivatives Determinations Committees will be able to determine whether there are any Successor or Successors to a Reference Entity and the relevant Succession Date. In addition, the Credit Derivatives Determinations Committees will also determine the identity of the Successor(s) in accordance with the Rules. For a Reference Entity that is not a Sovereign, the Credit Derivatives Determinations Committees will determine the Relevant Obligation(s) of the Reference Entity (including any adjustments required to be made if there is a Steps Plan), the proportion of the Relevant Obligation(s) to which each purported Successor succeeds and the Succession Date. For a Reference Entity that is a Sovereign, the Credit Derivatives Determinations Committees will determine the Relevant Obligation(s) of the Reference Entity (including any adjustments to be made if there is a Steps Plan), whether a Sovereign Succession Event has occurred, if so the proportion of the Relevant Obligation(s) to which each purported Successor succeeds, and the Succession Date. Each of these determinations requires the agreement of at least 80 per cent. of the voting members participating in a binding vote held in accordance with the Rules in order to avoid the referral of the question to the external review process, as described further below, except for the actual identification of the Successor(s) for a Reference Entity (which only requires a majority and is not eligible for external review). The Calculation Agent may use the relevant DC Resolutions of the Credit Derivatives Determinations Committees in order to determine Successor(s) to the Reference Entity(ies).

## Other Questions

The Credit Derivatives Determinations Committees will be able to determine whether circumstances have occurred that require a Substitute Reference Obligation to be identified and, if so, the appropriate Substitute Reference Obligation. In addition, the Credit Derivatives Determinations Committees will be able to determine whether an entity that acts as seller of protection under one or more transactions (such entity, the "**Relevant Seller**") or a Reference Entity has consolidated or amalgamated with, or merged into, or transferred all or substantially all its assets to, the Reference Entity or the Relevant Seller, as applicable, or that the Relevant Seller and the Affected Reference Entity have become Affiliates. Each of these determinations requires the agreement of at least 80 per cent. of the voting members participating in a binding vote held in accordance with the Rules in order to avoid the referral of the question to the external review process, as described further below. The Calculation Agent may follow such DC Resolutions in making the equivalent determinations with respect to the Credit Linked Securities.

The Credit Derivatives Determinations Committees will be able to determine other referred questions that are relevant to the credit derivatives market as a whole and are not merely a matter of bilateral dispute. Such questions require the agreement of at least 80 per cent. of the voting members participating in a binding vote held in accordance with the Rules for each Credit Derivatives Determinations Committee implicated by the relevant question, as determined in accordance with the Rules, in order to avoid the possible referral of the question to the external review process, as described further below. Furthermore, the question relating to such DC Resolution may also be referred to the external review process if at least a majority of the voting members participating in a binding vote held in accordance with the Rules agree. Any guidance given by the Credit Derivatives Determinations Committees with respect to questions of interpretation of the 2014 Definitions or, as the case may be, the Updated 2003 Definitions are likely to influence the Calculation Agent in interpreting equivalent provisions under the Credit Linked Securities.

Any such question can be submitted to the Credit Derivatives Determinations Committees by an unidentified eligible market participant for deliberation. The relevant Credit Derivatives Determinations Committee(s) will deliberate such question upon the agreement of at least two of the voting members of the relevant Credit Derivatives Determinations Committee to deliberate the question. Once the deliberations on such question have commenced, the relevant Credit Derivatives Determinations Committee will proceed in accordance with the procedures described above with respect to the relevant question category, except that the identity of the eligible market participant who submitted the question will not be revealed to the members of the Credit Derivatives Determinations Committees or the general public.

## **External Review**

As described immediately above, certain questions deliberated by the Credit Derivatives Determinations Committees are subject to an external review process if the required threshold is not met during the binding vote held with respect to such question. For such questions, if at least 80% of the voting members participating in a binding vote held in accordance with the Rules fail to agree, the question will be automatically referred to the external review process. Questions that are not eligible for external review often require only a simple majority of participating voting members to agree in order to reach a DC Resolution.

Questions referred to external review will be considered by a panel of three independent individuals who will be selected by either the relevant Credit Derivatives Determinations Committee or by ISDA at random. The default duration of the external review process (which can be modified by the relevant Credit Derivatives Determinations Committee in accordance with the Rules) is twelve business days from the referral of the question and contemplates the receipt of both written submissions and oral argument. Any member of ISDA may provide written submissions to the external reviewers, which will be made available to the public on the ISDA website, and the conclusion reached in accordance with the external review process will be binding on the Holders of Securities. In instances where the vote of the relevant Credit Derivatives Determinations Committee was less than or equal to 60 per cent., the decision of a majority of the external reviewers will be determinative. However, in instances where the vote of the relevant Credit Derivatives Determinations Committee was between 60 per cent. and 80 per cent., all three external reviewers must agree in order to overturn the vote of the Credit Derivatives Determinations Committee.

Holders of Securities should be aware that the external reviewers may not consider new information that was not available to the relevant Credit Derivatives Determinations Committee at or prior to the time of the binding vote and questions may be returned to the Credit Derivatives Determinations Committee for another vote if new information becomes available. In addition, if the external reviewers fail to arrive at a decision for any reason, the entire process will be repeated. As a result, the external review process may be elongated in certain situations, leaving questions that may materially affect the Holders of Securities unresolved for a period of time.

## **The Composition of the Credit Derivatives Determinations Committees**

Each Credit Derivatives Determinations Committee is composed of fifteen voting members and three non-voting consultative members. Ten of the voting members are dealer institutions, with eight serving across all regions and two potentially varying by region. The other five voting members are non-dealer institutions that serve across all regions. The three non-voting consultative members consist of one dealer institution and one non-dealer institution that serve across all regions and one dealer institution that could potentially vary by region. For the first composition of the Credit Derivatives Determinations Committees only, an additional non-voting dealer institution has been selected to serve across all regions.

Holders of Securities will have no role in the composition of the Credit Derivatives Determinations Committees. Separate criteria applies with respect to the selection of dealer and non-dealer institutions to serve on the Credit Derivatives Determinations Committees and the Holders of Securities will have no role in establishing such criteria. In addition, the composition of the Credit Derivatives Determinations Committees will change from time to time in accordance with the Rules, as the term of an institution may expire or an institution may be required to be replaced. The Holders of Securities will have no control over the process for selecting institutions to participate on the Credit Derivatives Determinations Committees and, to the extent provided for in the Credit Linked Securities, will be subject to the determinations made by such selected institutions in accordance with the Rules.

## **Ability of the Calculation Agent or its Affiliates to influence the Credit Derivatives Determinations Committees**

As of the date hereof, the Calculation Agent (or one of its Affiliates) is a voting member on each of the Credit Derivatives Determinations Committees. In such capacity, it may take certain actions that may influence the process and outcome of decisions of the Credit Derivatives Determinations Committees,

including (without limitation): (a) agreeing to deliberate a question referred to ISDA, (b) voting on the resolution of any question being deliberated by a Credit Derivatives Determinations Committee and (c) advocating a certain position during the external review process. In addition, as a party to transactions which incorporate, or are deemed to incorporate, the 2014 Definitions or the Updated 2003 Definitions, the Calculation Agent may refer a question to ISDA for a Credit Derivatives Determinations Committee to deliberate. In deciding whether to take any such action, the Calculation Agent (or its Affiliate) shall be under no obligation to consider the interests of any Holder. See "*Potential conflicts of interest of the Calculation Agent*" below for additional information.

### **Potential Conflicts of interest of the Calculation Agent**

Since, as of the date hereof, the Calculation Agent (or one of its Affiliates) is a voting member on each of the Credit Derivatives Determinations Committees and is a party to transactions which incorporate, or are deemed to incorporate, the 2014 Definitions or the Updated 2003 Definitions, it may take certain actions which may influence the process and outcome of decisions of the Credit Derivatives Determinations Committees. See "Ability of the Calculation Agent or its Affiliates to influence the Credit Derivatives Determinations Committees" above for additional information. Such action may be adverse to the interests of the Holders of Securities and may result in an economic benefit accruing to the Calculation Agent. In taking any action relating to the Credit Derivatives Determinations Committees or performing any duty under the Rules, the Calculation Agent shall have no obligation to consider the interests of the Holders of Securities and may ignore any conflict of interest arising due to its responsibilities under the Credit Linked Securities.

Holders of Securities will have no recourse against either the institutions serving on the Credit Derivatives Determinations Committees or the external reviewers. Institutions serving on the Credit Derivatives Determinations Committees and the external reviewers, among others, disclaim any duty of care or liability arising in connection with the performance of duties or the provision of advice under the Rules, except in the case of gross negligence, fraud or wilful misconduct. Furthermore, the institutions on the Credit Derivatives Determinations Committees do not owe any duty to the Holders of Securities and the Holders of Securities will be prevented from pursuing claims with respect to actions taken by such institutions under the Rules.

Holders of Securities should also be aware that institutions serving on the Credit Derivatives Determinations Committees have no duty to research or verify the veracity of information on which a specific determination is based. In addition, the Credit Derivatives Determinations Committees are not obligated to follow previous determinations and, therefore, could reach a conflicting determination for a similar set of facts.

Holders of Securities shall be responsible for obtaining information relating to deliberations of the Credit Derivatives Determinations Committees. Notices of questions referred to the Credit Derivatives Determinations Committees, meetings held to deliberate such questions and the results of binding votes will be published on the ISDA website and neither the Issuer, the Calculation Agent nor any of their respective Affiliates shall be obliged to inform the Holders of Securities of such information (other than as expressly provided in the applicable Final Terms). Failure by the Holders of Securities to be aware of information relating to deliberations of a Credit Derivatives Determinations Committee will have no effect under the applicable Final Terms and Holders of Securities are solely responsible for obtaining any such information.

### **Amendments to the Rules**

The Rules may be amended from time to time without the consent or input of the Holders of Securities and the powers of the Credit Derivatives Determinations Committees may be expanded or modified as a result.

## ANNEX 11

### ADDITIONAL TERMS AND CONDITIONS FOR ETI LINKED SECURITIES

*The terms and conditions applicable to ETI Linked Securities shall comprise, in the case of Notes, the Terms and Conditions of the Notes (as set out under the heading "Terms and Conditions of the Notes" above and, for the avoidance of doubt, not including Annexes 1 to 11), in the case of Warrants, the Terms and Conditions of the Warrants (as set out under the heading "Terms and Conditions of the Warrants" above and, for the avoidance of doubt, not including Annexes 1 to 9 or 11) and, in the case of Certificates, the Terms and Conditions of the Certificates (as set out under the heading "Terms and Conditions of the Certificates" above and, for the avoidance of doubt, not including Annexes 1 to 11), as applicable (the "**Conditions**") and the additional Terms and Conditions for payouts (as set out in Annex 1 under the heading "Additional Terms and Conditions for Payouts" above) (the "**Payout Conditions**") and the additional Terms and Conditions set out below (the "**ETI Linked Conditions**") and any other additional Terms and Conditions that may be specified in the applicable Final Terms (the "**Additional Terms and Conditions**"), in each case subject to completion in the applicable Final Terms. In the event of any inconsistency between the Conditions and the ETI Linked Conditions and/or the Additional Terms and Conditions, the ETI Linked Conditions and/or the Additional ETI Linked Conditions (as applicable) shall prevail. In the event of any inconsistency between (i) the Conditions and/or the ETI Linked Conditions and/or the Additional Terms and Conditions and (ii) the Final Terms, the Final Terms shall prevail.*

#### 1. Definitions

"**Affiliate**" means in relation to any entity (the "**First Entity**"), any entity controlled, directly or indirectly, by the First Entity, any entity that controls, directly or indirectly, the First Entity or any entity directly or indirectly under common control with the First Entity. For these purposes "control" means ownership of a majority of the voting power of an entity.

"**Averaging Date**" means each date specified as an Averaging Date in the applicable Final Terms or, if any such date is not a Scheduled Trading Day, the immediately following Scheduled Trading Day unless, in the opinion of the Calculation Agent, any such day is a Disrupted Day. If any such day is a Disrupted Day, then:

- (a) if "Omission" is specified as applying in the applicable Final Terms, then such date will be deemed not to be an Averaging Date for the purposes of determining the relevant Settlement Price provided that, if through the operation of this provision no Averaging Date would occur, then the provisions of the definition of "Valuation Date" will apply for purposes of determining the relevant level, price, value or amount on the final Averaging Date as if such Averaging Date were a Valuation Date that was a Disrupted Day; or
- (b) if "Postponement" is specified as applying in the applicable Final Terms, then the provisions of the definition of "Valuation Date" will apply for the purposes of determining the relevant level, price, value or amount on that Averaging Date as if such Averaging Date were a Valuation Date that was a Disrupted Day irrespective of whether, pursuant to such determination, that deferred Averaging Date would fall on a day that already is or is deemed to be an Averaging Date; or
- (c) if "Modified Postponement" is specified as applying in the applicable Final Terms then:
  - (i) where the Securities are ETI Linked Securities relating to a single ETI Interest, the Averaging Date shall be the first succeeding Valid Date (as defined below). If the first succeeding Valid Date has not occurred for a number of consecutive Scheduled Trading Days equal to the Specified Maximum Days of Disruption immediately following the original date that, but for the occurrence of another Averaging Date or Disrupted Day, would

have been the final Averaging Date, then (A) that last such consecutive Scheduled Trading Day shall be deemed to be the Averaging Date (irrespective of whether such Scheduled Trading Day is already an Averaging Date), and (B) the Calculation Agent shall determine the relevant level or price for that Averaging Date in accordance with sub-paragraph (a)(ii) of the definition of "Valuation Date" below;

- (ii) where the Securities are ETI Linked Securities relating to an ETI Basket, the Averaging Date for each ETI Interest not affected by the occurrence of a Disrupted Day shall be the originally designated Averaging Date (the "**Scheduled Averaging Date**") and the Averaging Date for each ETI Interest affected by the occurrence of a Disrupted Day shall be the first succeeding Valid Date in relation to such ETI Interest. If the first succeeding Valid Date in relation to such ETI Interest has not occurred for a number of consecutive Scheduled Trading Days equal to the Specified Maximum Days of Disruption immediately following the original date that, but for the occurrence of another Averaging Date or Disrupted Day, would have been the final Averaging Date, then (A) that such Scheduled Trading Day shall be deemed the Averaging Date (irrespective of whether that last such consecutive Scheduled Trading Day is already an Averaging Date) in respect of such ETI Interest, and (B) the Calculation Agent shall determine the relevant level, price, value or amount for that Averaging Date in accordance with sub-paragraph (b)(ii) of the definition of "Valuation Date" below; and
- (iii) for the purposes of these ETI Linked Conditions, "**Valid Date**" means a Scheduled Trading Day that is not a Disrupted Day and on which another Averaging Date does not occur.

**"Basket Trigger Event"** means that an Extraordinary ETI Event occurs in respect of one or more ETI Interests or the related ETI comprising the ETI Basket which has or, in the event that an Extraordinary ETI Event has occurred in respect of more than one ETI, together have, a Weighting in the ETI Basket equal to or greater than the Basket Trigger Level.

**"Basket Trigger Level"** has the meaning given to it in the applicable Final Terms or if not so specified, 50 per cent.

**"Calculation Date"** means each day(s) specified in the applicable Final Terms, or if not so specified, each day which is an Exchange Business Day.

**"Clearance System"** means the applicable domestic clearance system customarily used for settling trades in the relevant ETI Interest.

**"Clearance System Days"** means in respect of a Clearance System, any day on which such Clearance System is (or, but for the occurrence of an event which results in the Clearance System being unable to clear the transfer of a relevant security, would have been) open for the acceptance and execution of settlement instructions.

**"Closing Price"** means in respect of an ETI and a Scheduled Trading Day the official closing price (or, if Value per ETI Interest is specified as applicable in the Final Terms, the Value per ETI Interest) in respect of the relevant ETI Interest in relation to such day as determined by the Calculation Agent, subject as provided in ETI Linked Condition 4.

**"Disrupted Day"** means any Scheduled Trading Day on which a relevant Exchange or any Related Exchange fails to open for trading during its regular trading session or on which a Market Disruption Event has occurred.

**"Dividend Event"** means that with reference to the later of (i) the two financial years prior to the Trade Date, and (ii) the two financial years prior to the relevant observation date, the ETI has implemented a material change to its practice with respect to the payment of dividends.

**"Early Closure"** means the closure on any Exchange Business Day of the relevant Exchange(s) or any Related Exchange(s) prior to its Scheduled Closing Time unless such earlier closing time is announced by such Exchange(s) or such Related Exchange(s), as the case may be, at least one hour prior to the earlier of (i) the actual closing time for the regular trading session on such Exchange(s) or such Related Exchange(s) on such Exchange Business Day and (ii) the submission deadline for orders to be entered into the Exchange or Related Exchange system for execution at the Valuation Time on such Exchange Business Day.

**"ETI"** means (a) any exchange traded fund, (b) the issuer of (i) an exchanged trade note, (ii) an exchange traded commodity or (iii) any other exchange traded product or (c) any other exchange traded entity specified as an ETI in the applicable Final Terms.

**"ETI Basket"** means, where the ETI Linked Securities are linked to the performance of ETI Interests of more than one ETI, a basket comprising such ETI Interests.

**"ETI Documents"** means, unless specified otherwise in the applicable Final Terms, with respect to any ETI Interest, the offering document of the relevant ETI in effect on the Hedging Date specifying, among other matters, the terms and conditions relating to such ETI Interests and, for the avoidance of doubt, any other documents or agreements in respect of the ETI, as may be further described in any ETI Document.

**"ETI Interest(s)"** means (a) in respect of an exchange traded fund, an ownership interest issued to or held by an investor in such ETI, (b) in respect of an exchange traded note or an exchange traded commodity, a unit or note, as the case may be, issued by such ETI, or (c) in respect of any other exchange traded product, any other interest specified as an ETI Interest in the applicable Final Terms.

**"ETI Interest Correction Period"** means (a) the period specified in the applicable Final Terms, or (b) if none is so specified, one Settlement Cycle.

**"ETI Related Party"** means in respect of any ETI, any person who is appointed to provide services (howsoever described in any ETI Documents), directly or indirectly, in respect of such ETI, whether or not specified in the ETI Documents, including any advisor, manager, administrator, operator, management company, depository, custodian, sub-custodian, prime broker, administrator, trustee, registrar and transfer agent, domiciliary agent, sponsor or general partner and any other person specified as such in the applicable Final Terms and, in the case of an exchange traded note or exchange traded commodity, the calculation agent.

**"Exchange"** means, in relation to an ETI Interest, each exchange or quotation system specified as such for the relevant ETI in the applicable Final Terms, any successor to such exchange or quotation system or any substitute exchange or quotation system to which trading in the ETI Interest has temporarily relocated (provided that the Calculation Agent has determined that there is comparable liquidity relative to such ETI Interest on such temporary substitute exchange or quotation system as on the original Exchange).

**"Exchange Business Day"** means either (i) in the case of a single ETI Interest, Exchange Business Day (Single ETI Interest Basis) or (ii) in the case of an ETI Basket, Exchange Business Day (All ETI Interests Basis) or Exchange Business Day (Per ETI Interest Basis), in each case as specified in the applicable Final Terms, provided that, if no such specification is made in the applicable Final Terms, Exchange Business Day (Per ETI Interest Basis) shall apply.

**5. Determination of Extraordinary ETI Events**

The Calculation Agent will determine if an Extraordinary ETI Event has occurred acting in good faith and in a commercially reasonable manner.

In considering whether the occurrence of an event or set of circumstances triggers an Extraordinary ETI Event, the Calculation Agent may have regard to the combined effect, from the Trade Date, of any event or set of circumstances, as the case may be, if such event or set of circumstances occurs more than once.

## 6. Consequences of an Extraordinary ETI Event

- 6.1 If the Calculation Agent determines that an Extraordinary ETI Event has occurred, the Calculation Agent shall give notice (an "**Extraordinary ETI Event Notice**") to the Holders of Security in accordance with Condition 18 of the Notes, Condition 17 of the Warrants or Condition 19 of the Certificates, as applicable, (which notice shall be irrevocable), of the occurrence of such Extraordinary ETI Event (the date on which an Extraordinary ETI Event Notice is given, an "**Extraordinary ETI Event Notification Date**") as soon as reasonably practicable following the determination of an Extraordinary ETI Event. The Extraordinary ETI Event Notice shall set out, if determined at that time, the action that it has determined to take in respect of an Extraordinary ETI Event pursuant to ETI Linked Condition 6.2. Where the action that the Calculation Agent has determined to take is not, for whatever reason, set out in the Extraordinary ETI Event Notice, the action that the Calculation Agent has determined to take shall be set out in a subsequent notice given to Holders of Securities in accordance with Condition 18 of the Notes, Condition 17 of the Warrants or Condition 19 of the Certificates, as applicable, as soon as reasonably practicable after the Extraordinary ETI Event Notification Date.

Neither the Issuer nor the Calculation Agent shall be responsible for any loss, underperformance or opportunity cost suffered or incurred by any Holder of Securities or any other person in connection with the Securities as a result of any delay in notifying Holders of the occurrence on Extraordinary ETI Event, howsoever arising. If the Calculation Agent gives an Extraordinary ETI Event Notice, the Issuer shall have no obligation to make any payment or delivery in respect of the Securities until the Calculation Agent has determined the action that the Issuer is to take pursuant to ETI Linked Condition 6.2 below.

- 6.2 Following the occurrence of an Extraordinary ETI Event, the Calculation Agent shall (i) to the extent that the an equivalent adjustment or substitution or determination to take no action, as the case may be, has been made in respect of the relevant Swap Agreement, take the action described in (a) or (b) below or (ii) in the event that the circumstances giving rise to such Extraordinary ETI Event result in an Additional Termination Event occurring in respect of the relevant Swap Agreement, take the action set out in (c) below:

(a) Adjustment

If the Calculation Agent determines that the action to be taken in respect of the Extraordinary ETI Event is to be "Adjustment", then it may:

- (i) determine, acting in good faith and in a commercially reasonable manner, the appropriate adjustment, if any, to be made to any one or more of any Relevant Asset and/or the Entitlement (in each case where the Securities are Physical Delivery Securities) and/or Exercise Price (in the case of Warrants) and/or the Weighting and/or any of the other terms of these ETI Linked Conditions and/or the applicable Final Terms to account for the relevant Extraordinary ETI Event and determine the effective date of that adjustment. The relevant adjustments may include, without limitation, adjustments to account for changes in volatility, expected dividends, stock loan rate or liquidity relevant to the ETI Interests or to the Securities and a change in the Weighting of any remaining ETI Interest(s) not affected by an Extraordinary ETI Event. The Calculation Agent may (but need not) determine the appropriate adjustment by reference to the adjustment in respect of the relevant Extraordinary ETI Event made by any options exchange to options on the ETI Interests traded on that options exchange; or
- (ii) following such adjustment to the settlement terms of options on the ETI Interests traded on such exchange(s) or quotation system(s) as is selected in respect of the Swap Agreement, if any (the "**Options Exchange**"), make a

corresponding adjustment to any one or more of any Relevant Asset and/or the Entitlement (in each case where the Securities are Physical Delivery Securities) and/or Exercise Price (in the case of Warrants) and/or the Weighting and/or any of the other terms of these ETI Linked Conditions and/or the applicable Final Terms, which adjustment will be effective as of the date determined by the Calculation Agent to be the effective date of the corresponding adjustment made by the Options Exchange. If options on the ETI Interests are not traded on the Options Exchange, the Calculation Agent will make such adjustment, if any, to any one or more of any Relevant Asset and/or the Entitlement (in each case where the Securities are Physical Delivery Securities) and/or Exercise Price (in the case of Warrants) and/or the Weighting and/or any of the other terms of these ETI Linked Conditions and/or the applicable Final Terms as the Calculation Agent acting in good faith and in a commercially reasonable manner determines appropriate, with reference to the rules and precedents (if any) set by the Options Exchange to account for the relevant Extraordinary ETI Event, that in the determination of the Calculation Agent would have given rise to an adjustment by the Options Exchange if such options were so traded.

(b) Substitution

If the Calculation Agent, in good faith and in a commercially reasonable manner, determines that the action to be taken in respect of the Extraordinary ETI Event is to be "Substitution", the Calculation Agent shall on or after the relevant Extraordinary ETI Event Effective Date, substitute each ETI Interest (each, an "**Affected ETI Interest**") of each ETI (each, an "**Affected ETI**") which is affected by such Extraordinary ETI Event with an ETI Interest selected by it in accordance with the criteria for ETI Interest selection set out below (each, a "**Substitute ETI Interest**") and the Substitute ETI Interest will be deemed to be an "ETI Interest" and the relevant issuer of such Substitute ETI Interest, an "ETI" for the purposes of the Securities, and the Calculation Agent will make such adjustment, if any, to any one or more of any Relevant Asset and/or the Entitlement (in each case where the Securities are Physical Delivery Securities) and/or Exercise Price (in the case of Warrants) and/or the Weighting and/or any of the other terms of these ETI Linked Conditions and/or the applicable Final Terms as the Calculation Agent acting in good faith and in a commercially reasonable manner determines appropriate, provided that in the event that any amount payable under the Securities was to be determined by reference to the Initial Price of the Affected ETI Interest, the Initial Price of each Substitute ETI Interest will be determined by the Calculation Agent in accordance with the following formula:

$$\text{Initial Price} = A \times (B/C)$$

where:

"A" is the Settlement Price of the relevant Substitute ETI Interest on the relevant Exchange on the Substitution Date;

"B" is the Initial Price of the relevant Affected ETI Interest; and

"C" is the Settlement Price of the relevant Affected ETI Interest on the relevant Exchange on the Substitution Date.

Such substitution and the relevant adjustment to the ETI Basket will be deemed to be effective as of the date selected by the Calculation Agent (the "**Substitution Date**") acting in good faith and in a commercially reasonable manner and specified in the notice referred

to below which may, but need not, be the relevant Extraordinary ETI Event Effective Date.

The Weighting of each Substitute ETI Interest will be equal to the Weighting of the relevant Affected ETI Interest.

In order to be selected as a Substitute ETI Interest, the relevant share/unit/interest must satisfy the following criteria, as determined by the Calculation Agent acting in good faith and in a commercially reasonable manner:

- (i) where the relevant Extraordinary ETI Event is a Merger Event or a Tender Offer (a) in the case of ETI Linked Securities related to a single ETI, and (b) in the case of ETI Linked Securities related to an ETI Basket, the relevant share/unit/interest shall be an ordinary share/unit/interest of the entity or person that in the case of a Merger Event is the continuing entity in respect of the Merger Event or in the case of a Tender Offer is the entity making the Tender Offer provided that (i) the relevant share/unit/interest is not already included in the ETI Basket and (ii) it is or as of the relevant Extraordinary ETI Event Effective Date is promptly scheduled to be, (x) publicly quoted, traded or listed on an exchange or quotation system located in the same country as the relevant Exchange (or, where the relevant Exchange is within the European Union, in any Member State of the European Union) and (y) not subject to any currency exchange controls, trading restrictions or other trading limitations; or
- (ii) (a) where the relevant Extraordinary ETI Event is a Merger Event or a Tender Offer and a share/unit/interest would otherwise satisfy the criteria set out in paragraph (i) above, but such share/unit/interest is (in the case of ETI Linked Securities related to an ETI Basket), already included in the ETI Basket, or (b) where the Extraordinary ETI Event is not a Merger Event or a Tender Offer, an alternative exchange traded instrument which, in the determination of the Calculation Agent, has similar characteristics to the relevant ETI, including but not limited to, a comparable listing (which, for the avoidance of doubt, shall not be restricted to a listing on the exchange or quotation system in the same geographic region, investment objectives, investment restrictions and investment processes, underlying asset pools and whose related parties (such as, but not limited to, trustee, general partner, sponsor, advisor, manager, operating company, custodian, prime broker and depository) are acceptable to the Calculation Agent.

(c) Termination

If the Calculation Agent determines that the action to be taken in respect of the Extraordinary ETI Event is to be "**Termination**", on giving notice to Holders of Securities in accordance with Condition 18 of the Notes, Condition 17 of the Warrants or Condition 19 of the Certificates, as applicable, (which such notice may be included in the Extraordinary ETI Event Notice in respect of the relevant Extraordinary ETI Event and will specify the applicable Termination Date), all but not some only of the outstanding ETI Linked Securities shall be redeemed (in the case of Notes and Certificates) or cancelled (in the case of Warrants) by payment to the Holders of Securities of the Termination Amount on, or as soon as reasonably practicable thereafter, the Termination Date. Payments will be made in such manner as shall be notified to the Holders of Securities in accordance with Condition 18 of the Notes, Condition 17 of the Warrants or Condition 19 of the Certificates, as applicable.

(d) General

Notwithstanding any other provision of this ETI Linked Condition 6, in making its determinations under ETI Linked Condition 6.2(a) to (c) above, the Calculation Agent shall, to the extent applicable to the relevant Securities, take into account any corresponding or similar determination or selection or any other adjustment or calculation made in respect of the relevant Swap Agreement in relation to such Extraordinary ETI Event.

In determining to take a particular action as a result of an Extraordinary ETI Event, the Calculation Agent is under no duty to consider the interests of any Holders of Securities or any other person. In making any determination as to which action to take following the occurrence of an Extraordinary ETI Event, neither the Issuer nor the Calculation Agent shall be responsible for any loss (including any liability in respect of interest), underperformance or opportunity cost suffered or incurred by Holders of Securities or any other person in connection with the Securities as a result thereof, howsoever arising including as a result of any delay in making any payment or delivery in respect of the Securities.

**7. Correction of ETI Interest Price**

With the exception of any corrections published after the day which is three Exchange Business Days prior to the due date for any payment or delivery under the Securities, if the price of the relevant ETI Interest published on a given day and used or to be used by the Calculation Agent to make any determination under the Securities is subsequently corrected and the correction is published by the relevant price source within the number of days equal to the ETI Interest Correction Period of the original publication, the price to be used shall be the price of the relevant ETI Interest as so corrected. Corrections published after the day which is three Exchange Business Days prior to a due date for payment or delivery under the Securities will be disregarded by the Calculation Agent for the purposes of determining the relevant amount.

**8. Calculations and Determinations**

The Calculation Agent will make the calculations and determinations as described in the ETI Linked Conditions in such a manner as the Calculation Agent determines to be appropriate acting in good faith and in a commercially reasonable manner having regard in each case to the criteria stipulated in the ETI Linked Conditions, the hedging arrangements in respect of the Securities and the nature of the relevant ETI and related ETI Interests.

#### **USE OF PROCEEDS**

The net proceeds of each Series of Securities will be used to acquire the assets which will comprise the Charged Assets, to make payments under any agreement (including, without limitation, any Related Agreement) relating to the relevant Securities and/or to make payment to the counterparty to any Swap Agreement and/or to a bank or other entity pursuant to any Deposit Agreement and/or to the counterparty to any Repurchase Agreement in connection with any such Securities and/or to pay fees and expenses in connection with the administration of the Issuer and/or such Securities. If, in respect of any Series of Securities, there is a particular identified use of proceeds, in addition to or other than the foregoing, this will be stated in the applicable Final Terms.

### **DESCRIPTION OF BNPP INDICES**

Securities issued under the Programme may be linked to the performance of certain indices. Where any Securities are linked to the performance of an index which is designated as a "Custom Index" in the applicable Final Terms:

- (a) the complete set of rules of such index and information on the performance of the index are freely accessible on the following website: <https://indices.globalmarkets.bnpparibas.com>, or such other website as may be specified in the applicable Final Terms; and

## FORM OF GUARANTEE

Terms defined in the Terms and Conditions of the Notes, the Terms and Conditions of the Warrants or the Terms and Conditions of the Certificates (as the case may be), as completed by the applicable Final Terms (the "**Conditions**"), and not otherwise defined in this Guarantee, shall have the same meanings when used in this section.

The relevant Guarantor may agree to guarantee the obligations of the Issuer under a Series of Securities that are specified as being guaranteed notes, guaranteed warrants or guaranteed certificates (as the case may be) in the applicable Final Terms ("**Guaranteed Notes**", "**Guaranteed Warrants**" or "**Guaranteed Certificates**", as the case may be, and together the "**Guaranteed Securities**") pursuant to a guarantee in one of the forms of the guarantee set out below depending on the form and Guarantor specified in the applicable Final Terms.

The Guaranteed Securities may be issued pursuant to an Issue Deed which incorporates the Master Trust Terms between the Issuer and BNP Paribas Trust Corporation UK Limited as trustee (the "**Trustee**") (the "**Trust Deed**"). The relevant Trust Deed and Guarantee shall each be governed by and construed in accordance with English law.

If the form of Guarantee specified as applicable in the applicable Final Terms is "General Guarantee" then the form of Guarantee will be as follows where BNPP is the Guarantor (the "**General Guarantee**"):

"**THIS GUARANTEE** is made by way of deed on *[insert date]* by BNP Paribas S.A. (the "**Guarantor**") in favour of the Trustee for itself and for the benefit for the time being of the holders of the Securities (as defined below) (each a "**Holder**").

### WHEREAS:

The Guarantor has agreed to guarantee the obligations of the Issuer under the Securities (the "**Guaranteed Securities**") on the terms of this Guarantee.

Terms defined in the Terms and Conditions of *[insert name of the Securities]* (the "**Securities**"), as completed by the applicable Final Terms (the "**Conditions**"), and not otherwise defined in this Guarantee, shall have the same meanings when used in this Guarantee.

Any reference in this Guarantee to any obligation or sums or amounts payable under or in respect of the Securities by the Issuer shall be construed to refer to (if applicable) in the event of a bail-in of the Guarantor, such obligations, sums and/or amounts as reduced by reference to, and in the same proportion as, any such reduction or modification applied to liabilities of the Guarantor following the application of a bail-in of the Guarantor by any relevant authority (including in a situation where the Guarantee itself is not the subject of such bail-in).

**NOW THIS DEED WITNESSES** as follows:

### 1. **GUARANTEE**

Subject as provided below, the Guarantor irrevocably guarantees to the Trustee for itself and for the benefit of the holders for the time being of the Guaranteed Securities (each a "**Holder**") that, if for any reason the Issuer does not pay any sum payable by it or perform any other obligation in respect of any Guaranteed Security on the date specified for such payment or performance (the "**Guaranteed Obligations**"), the Guarantor will, in accordance with the applicable Terms and Conditions of the Guaranteed Securities (the "**Conditions**"), pay that sum in the currency in which such payment is due in immediately available funds or, as the case may be, perform or procure the performance of the relevant obligation. In case of the failure of the Issuer to satisfy such obligations as and when the same become due, the Guarantor hereby undertakes to make or cause

to be made such payment or satisfy or cause to be satisfied such obligations as though the Guarantor were the principal obligor in respect of such obligation after a demand has been made on the Guarantor pursuant to clause 8 hereof and provided that the Guarantor shall not be obliged to make any payment under this Guarantee until the Charged Assets have been realised or liquidated in full in the manner set out in Condition 12 of the Guaranteed Notes, Condition 13 of the Guaranteed Warrants or Condition 14 of the Guaranteed Certificates, as the case may be.

The Guaranteed Obligations are, for the avoidance of doubt, limited to the same extent as such sum or obligation due by the Issuer is itself limited (i) by the provisions of the Securitisation Act 2004 and (ii) the applicable Conditions, including, without limitation, (1) those Conditions relating to the applicable redemption amount or termination amount (which amount may be limited to the liquidation proceeds of the Charged Assets of the Compartment relating to such Security) and (2) those Conditions relating to Compartments, limited recourse, non-petition, subordination and priority of payments in respect of the relevant Guaranteed Security.

**2. SUBROGATION OF THE GUARANTOR**

The Guarantor will be fully and automatically subrogated to all rights of the holders of the Guaranteed Securities and the Trustee to payments of the Guaranteed Obligations, and to any rights appurtenant thereto, to the fullest extent permitted by applicable law to the extent of such payment in respect of amounts due in respect of the Securities which have been paid by the Guarantor under this Guarantee; provided that the Guarantor shall not without the consent of the Trustee be entitled to enforce or to receive any payments arising out of or based upon or prove in any insolvency or winding up of the Issuer in respect of such right of subrogation until such time as all Guaranteed Obligations due under this Guarantee have been paid in full.

**3. THE GUARANTOR AS PRINCIPAL OBLIGOR**

As between the Guarantor and the Trustee but without affecting the Issuer's obligations, the Guarantor will be liable under this Guarantee as if it were the sole principal obligor and not merely a surety provided that (i) the Issuer has failed to satisfy its obligations as and when they become due, (ii) the Charged Assets have been realised or liquidated in full in the manner set out in Condition 12 of the Guaranteed Notes, Condition 13 of the Guaranteed Warrants, or Condition 14 of the Guaranteed Certificates, as the case may be, and (iii) a demand has been made on the Guarantor pursuant to clause 9 hereof. Accordingly, it will not be discharged, nor will its liability be affected, by anything which would not discharge it or affect its liability if it were the sole principal obligor (including (1) any time, indulgence, waiver or consent at any time given to the Issuer or any other person, (2) any amendment to any of the Conditions or to any security or other guarantee or indemnity, (3) the release of any such security, guarantee or indemnity or (4) the dissolution, amalgamation, reconstruction or reorganisation of the Issuer or any other person).

**4. THE GUARANTOR'S OBLIGATIONS CONTINUING**

The Guarantor's obligations under this Guarantee are and will remain in full force and effect by way of continuing security until no sum remains payable and no other obligation remains to be performed under any Guaranteed Security (including if the relevant Security is a Warrant, where such Warrant remains subject to exercise). Furthermore, those obligations of the Guarantor are additional to, and not instead of, any security or other guarantee or indemnity at any time existing in favour of any person, whether from the Guarantor or otherwise.

**5. STATUS**

This Guarantee is an unsubordinated and unsecured obligation of BNP Paribas SA and will rank *pari passu* with all its other present and future unsubordinated and unsecured obligations subject to such exceptions as may from time to time be mandatory under French law.

6. **DISCHARGE BY THE ISSUER**

If any payment received by, or other obligation discharged to or to the order of, the holder of any Guaranteed Security is, on the subsequent bankruptcy or insolvency of the Issuer, avoided under any laws relating to bankruptcy or insolvency, such payment or obligation will not be considered as having discharged or diminished the liability of the Guarantor and this Guarantee will continue to apply as if such payment or obligation had at all times remained owing due by the Issuer.

7. **INDEMNITY**

As a separate and alternative stipulation, the Guarantor unconditionally and irrevocably agrees that any sum or obligation which, although expressed to be payable or deliverable under the Guaranteed Securities, is for any reason (whether or not now existing and whether or not now known or becoming known to the Issuer, the Guarantor or the Trustee) not recoverable from the Guarantor on the basis of a guarantee will nevertheless be recoverable from the Guarantor as if it were the sole principal obligor and will be paid or performed by it in favour of the Trustee (for itself and as trustee for the Holders) on demand by the Trustee provided that (i) the Issuer has failed to satisfy its obligations as and when they become due, (ii) the Charged Assets have been realised or liquidated in full in the manner set out in Condition 12 of the Guaranteed Notes, Condition 13 of the Guaranteed Warrants or Condition 14 of the Guaranteed Certificates, as the case may be, and (iii) a demand has been made on the Guarantor pursuant to clause 9 hereof and that in no circumstances shall the Guarantor be obliged to pay an amount under this Guarantee which is greater than the amount payable by the Issuer in respect of the Guaranteed Obligations, such Guaranteed Obligations being, for the avoidance of doubt, limited to the same extent as such sum or obligation due by the Issuer is itself limited by (1) the provisions of the Securitisation Act 2004 and (2) the applicable Conditions, including, without limitation, (a) those Conditions relating to the applicable redemption amount or termination amount (which amount may be limited to the liquidation proceeds of the Charged Assets of the Compartment relating to such Security) and (b) those Conditions relating to Compartments, limited recourse, non-petition, subordination and priority of payments in respect of the relevant Guaranteed Security. Accordingly, the Guarantor will not be discharged, nor will its liability be affected, by anything which would not discharge it or affect its liability if it were the sole principal obligor (including (1) any time, indulgence, waiver or consent at any time given to the Issuer or any other person, (2) any amendment to any of the Conditions or to any security or other guarantee or indemnity, (3) the release of any such security, guarantee or indemnity or (4) the dissolution, amalgamation, reconstruction or reorganisation of the Issuer or any other person).

8. **INCORPORATION OF TERMS**

The Guarantor agrees that it shall comply with and be bound by those provisions contained in the Conditions which relate to it.

9. **DEMAND ON THE GUARANTOR**

Any demand hereunder shall be given in writing addressed to the Guarantor served at its office at Legal CIB, 3 rue Taitbout, 75009 Paris, France. A demand so made shall be deemed to have been duly made two Paris Business Days (as used herein, "**Paris Business Day**" means a day (other than a Saturday or Sunday) on which banks are open for business in Paris) after the day it was served or if it was served on a day that was not a Paris Business Day or after 5.30 p.m. (Paris time) on any day, the demand shall be deemed to be duly made two Paris Business Days after the Paris Business Day immediately following such day.

10. **DEPOSIT OF GUARANTEE**

This Guarantee shall be deposited with and held by the Trustee for the benefit of itself and the Holders.

11. **GOVERNING LAW**

This Guarantee and any non-contractual obligations arising out of or in connection herewith shall be governed by and construed in accordance with English law.

12. **JURISDICTION**

This clause is for the benefit of the Trustee only. Subject as provided below and subject to applicable law, the courts of England shall have exclusive jurisdiction to settle any disputes which may, directly or indirectly, arise out of or in connection with this Guarantee including a dispute relating to any non-contractual obligations arising out of or in connection herewith and accordingly, subject to applicable law, the Guarantor submits to the exclusive jurisdiction of the English courts to hear all suits, actions or proceedings (together hereinafter termed the "**Proceedings**") relating to any such dispute. The Guarantor waives any objection to the courts of England on the grounds that they are an inconvenient or inappropriate forum. Nothing in this clause shall limit the rights of the Trustee to take any Proceedings against the Guarantor in any other court of competent jurisdiction and concurrent Proceedings in any number of jurisdictions.

13. **SERVICE OF PROCESS**

The Guarantor agrees that service of process in England may be made on it at its London branch. Nothing in this Guarantee shall affect the right to serve process in any other manner permitted by law.

14. **CONTRACTS (RIGHTS OF THIRD PARTIES) ACT 1999**

No rights are conferred on any person under the Contracts (Rights of Third Parties) Act 1999 to enforce any term of this Guarantee, but this does not affect any right or remedy of any person which exists or is available apart from that Act.

IN WITNESS whereof this Guarantee has been executed and delivered by BNP Paribas S.A. as a deed on the date first above-mentioned.

In case of the failure of the Issuer to satisfy such obligations as and when the same become due, the Guarantor hereby undertakes to make or cause to be made such payment as

though the Guarantor were the principal obligor in respect of such obligations after a demand has been made on the Guarantor pursuant to clause 8 hereof and provided that the Guarantor shall not be obliged to make any payment under this Guarantee until the Charged Assets have been realised or liquidated in full in the manner set out in Condition 12 of the Guaranteed Notes, Condition 13 of the Guaranteed Warrants or Condition 14 of the Guaranteed Certificates, as the case may be, and only if the holder of a Guaranteed Security has not received the full Final Redemption Amount (in the case of Guaranteed Notes or Guaranteed Certificates), Automatic Early Expiration Payout Amount or Cash Settlement Amount (in the case of Guaranteed Warrants) or Automatic Early Redemption Amount which would otherwise have been due on the Maturity Date (in the case of Guaranteed Notes), the Settlement Date (in the case of Guaranteed Warrants), Redemption Date (in the case of Guaranteed Certificates) or Automatic Early Redemption Date or Automatic Early Expiration Date, as the case may be, (the "**Expected Settlement Amount**") or, where an Event of Default (other than an Event of Default resulting from a failure to pay the Final Redemption Amount (in the case of Guaranteed Notes and Guaranteed Certificates), the Final Settlement Amount (in the case of Guaranteed Warrants), Automatic Early Redemption Amount or Automatic Early Expiration Payout Amount), an Early Redemption Event or an Early Termination Event has occurred and either (1) the Trustee has given a notice of Note Acceleration in accordance with Condition 11 of the Guaranteed Notes, of Warrant Acceleration in accordance with Condition 11 of the Guaranteed Warrants or of Certificate Acceleration in accordance with Condition 12 of the Guaranteed Certificates in respect of the Guaranteed Securities or (2) the Issuer has given notice that it will redeem or cancel, as the case may be, the Securities, prior to their specified Maturity Date (in the case of Guaranteed Notes), the Settlement Date (in the case of Guaranteed Warrants) or Redemption Date (in the case of Guaranteed Certificates), as the case may be, (the date on which such notice expires, the "**Early Redemption Date**" (in the case of Guaranteed Notes or Guaranteed Certificates) or the "**Early Termination Date**" (in the case of Guaranteed Warrants)), the Expected Early Termination Amount.

For the purposes of this Guarantee:

For the purposes of determining the Shortfall Amount, the Expected Settlement Amount shall be the Final Redemption Amount (in the case of Guaranteed Notes or Guaranteed Certificates), the Cash Settlement Amount (in the case of Guaranteed Warrants) or Automatic Early Redemption Amount prior to any

application of the limitation of the Issuer's obligations set out in Condition 8(i) of the Guaranteed Notes, Condition 9(i) of the Guaranteed Warrants or Condition 9(i) of the Guaranteed Certificates, as the case may be.

- (b) **"Expected Early Termination Amount"** means either (i) the Early Redemption Amount in respect of an Early Redemption Event (in the case of Guaranteed Notes or Guaranteed Certificates) or the Early Termination Amount in respect of an Early Termination Event (in the case of Guaranteed Warrants) or (ii) the fair market value of the relevant Security in respect of an Event of Default (other than an Event of Default resulting from a failure to pay the Final Redemption Amount (in the case of Guaranteed Notes and Guaranteed Certificates), the Final Settlement Amount (in the case of Guaranteed Warrants), the Automatic Early Redemption Amount (in the case of Guaranteed Notes and Guaranteed Certificates) or the Automatic Early Expiration Payout Amount or Early Termination Amount (in the case of Guaranteed Warrants)), as the case may be, as determined by the Calculation Agent acting in good faith and in a commercially reasonable manner on the Early Redemption Date or the Early Termination Date, as the case may be, prior to any application of the limitation of the Issuer's obligations set out in Condition 8(i) of the Guaranteed Notes Condition 9(i) of the Guaranteed Warrants or Condition 9(i) of the Guaranteed Certificates, as the case may be.
- (c) The Guaranteed Obligations shall not be deemed limited to the same extent as such sum or obligation due by the Issuer is itself limited by (i) the provisions of the Securitisation Act 2004 and (ii) the applicable Conditions, including, without limitation, (a) those Conditions relating to the applicable redemption amount or termination amount (which amount may be limited to the liquidation proceeds of the Charged Assets of the Compartment relating to such Security) and (b) those Conditions relating to Compartments, limited recourse, non-petition, subordination and priority of payments in respect of the relevant Guaranteed Security.

## 3. THE GUARANTOR AS PRINCIPAL OBLIGOR

As between the Guarantor and the Trustee but without affecting the Issuer's obligations, the Guarantor will be liable under this Guarantee as if it were the sole principal obligor and not merely a surety provided that (i) the Issuer has failed to satisfy its obligations as and when they become due without regard to the limitations on the Issuer's obligations as set out in clause 1(c) (above), (ii) the Charged Assets have been realised or liquidated in full in the manner set out in Condition 12 of the Guaranteed Notes, Condition 13 of the Guaranteed Warrants, or Condition 14 of the Guaranteed Certificates, as the case may be, and (iii) a demand has been made on the Guarantor pursuant to clause 7 hereof. Accordingly, it will not be discharged, nor will its liability be affected, by anything which would not discharge it or affect its liability if it were the sole principal obligor (including (1) any time, indulgence, waiver or consent at any time given to the Issuer or any other person, (2) any amendment to any of the Conditions or to any security or other guarantee or

indemnity, (3) the release of any such security, guarantee or indemnity or (4) the dissolution, amalgamation, reconstruction or reorganisation of the Issuer or any other person).

**5. STATUS**

This Guarantee is an unsubordinated and unsecured obligation of BNP Paribas SA and will rank pari passu with all its other present and future unsubordinated and unsecured obligations subject to such exceptions as may from time to time be mandatory under French law.

**6. DISCHARGE BY THE ISSUER**

If any payment received by, or to the order of, the holder of any Guaranteed Security is, on the subsequent bankruptcy or insolvency of the Issuer, avoided under any laws relating to bankruptcy or insolvency, such payment or obligation will not be considered as having discharged or diminished the liability of the Guarantor and this Guarantee will continue to apply in respect of any relevant Shortfall Amount as if such payment had at all times remained owing due by the Issuer.

**7. INCORPORATION OF TERMS**

The Guarantor agrees that it shall comply with and be bound by those provisions contained in the Conditions which relate to it.

The Guarantor waives any objection to the courts of England on the grounds that they are an inconvenient or inappropriate forum. Nothing in this clause shall limit the rights of the Trustee to take any Proceedings against the Guarantor in any other court of competent jurisdiction and concurrent Proceedings in any number of jurisdictions.

**12. SERVICE OF PROCESS**

The Guarantor agrees that service of process in England may be made on it at its London branch, at 10 Harewood Avenue, London NW1 6AA (Attn: CIB Legal). Nothing in this Guarantee shall affect the right to serve process in any other manner permitted by law.

Non-recurrent scope changes include Arval, transferred by BNP Paribas on 8 December 2016, fully integrated in the balance sheet at end 2016 (impact of EUR 16.9 billion) but only contributing for 23 days in the profit and loss account.

**Revenues** totalled EUR 7,300 million, up by 3.1%\* compared to 2015. The underlying increase was mainly supported by a strong operating performance in Belgium, continuing growth in Turkey and also by good results in Personal Finance and Leasing.

Outside Belgium, revenues rose by 5.0%\* driven by strong volume growth in both loans and deposits in Turkey, higher net interest income at Personal Finance and the good performance in Leasing.

**Operating expenses, salary costs and depreciations** amounted to EUR 4,394 million, up by 1.2%\* compared to 2015.

Banking taxes remained at a high level and amounted to EUR 282 million, an increase of EUR 18 million.

Outside Belgium, costs increased by 4.5%\* mainly in Turkey, at Leasing and Personal Finance to support business development.

## LEGAL PROCEEDINGS

### *Legal civil proceedings, administrative proceedings and arbitral proceedings*

In the ordinary course of business, BNL and several of its subsidiaries are involved in various legal civil proceedings (including proceedings concerning the capitalization of interest, see below, derivatives and bonds) and administrative proceedings, with consequent exposure to the risk of sanctions against and/or compensation due from the BNL Group. However, these proceedings are not deemed to have significant repercussions on BNL's financial situation or profitability.

The BNL Group posts an accrued liability for litigation matters in its balance sheet when these matters present contingent losses that may arise from pending proceedings, also taking into account the evaluation

<sup>2</sup> On 25 October 2016, the BNL Board of Directors resolved to set up the Data Office Structure under the Senior Deputy Managing Director and Chief Financial Officer. This amendment is valid from January 2017.

by any outside counsel handling the matter.

As of 31 December 2016, the accrued liability amounted to 268,573 thousand Euros.

A provision of 268,573 thousand euros was set aside at 31 December 2016 with respect to 2,933 disputes. These disputes involved total claims of 535.8 million euros as at 31 December 2016.

The main disputes in which BNL is involved are briefly described below.

#### *Proceedings concerning the capitalisation of interests*

BNL is involved in numerous legal proceedings (about 872) concerning the request for recovery of amounts paid by depositors of BNL, due to the capitalization of interest, before 2000 (in 2000, the law introduced the capitalization of interest income in favour of depositors, at the same frequency as those of interest expense).

The Consumer Movement Association, on the basis of the new Article 120 bis of the Consolidated Banking Act, filed an appeal with the Court of Rome asking BNL to refrain from implementing any forms of capitalization of interest expense on existing current account agreements or on those that will be entered into with consumers. The application was upheld and BNL lodged a complaint against this order, which was rejected.

Subsequently, following the ICRC ruling of August 2016, which has given a complete ruling on the matter, the Court of Rome, on a special request from BNL, essentially declared the cessation of the effectiveness of the order, which is therefore to be considered as set aside.

#### *Claw-back proceedings*

Claw-back actions are brought before the Courts, with respect to the 6 months or year before the customer was subject to default procedures, to order BNL to pay back the amounts credited to customers' accounts or to obtain a declaration of ineffectiveness of the acquired guarantees.

The average duration of these proceedings is estimated to be around 10-12 years (3-4 years for the first instance; 2-3 years for the second instance and 5 years for the Court of Cassation).

In the event of adverse outcomes of the proceedings, should unfavourable events occur that may result in negative forecasts or, in any event, periodically, BNL is required to allocate provisions in the amount corresponding to the expected expense.

The relevant risk provision (IAS) is equal to about 44% of the nominal value of the pending proceedings and is deemed to be appropriate with respect to the results over the last five years.

Rulings declaring the inapplicability of guarantees produce negative impacts on the expectations of recovery of loans that are accordingly written down by amounts equal to the amount deemed irrecoverable.

On 31 December 2016, BNL S.p.a. had 173 bankruptcy revocation judgements (207 at 31/12/2015) for a total capital relief sought of 183 million Euros, covered by a risk provision (IAS) of around 81 million Euros (115 million Euros at 31/12/2015).

It should also be pointed out that, among the compensatory judgements, there are 5 insolvency judgements brought by insolvency proceedings and third parties in various respects against BNL for pool financing with other institutions, for a total relief sought of around 1.1 billion Euros, all brought jointly against BNL and other banks. In these judgements, the ideal share of BNL amounts to approximately 140 million Euros, with provisions of 1.1 million Euros. Seeing as these proceedings are at their early stages and, according to BNL's external legal counsel, at this stage present no particular problems.

#### *Actions of the Supervisory Authorities*

In the ordinary running of its business, the Banking Group is subject to inspections by its supervisory authorities. Although unfavourable outcomes as a consequence of these actions cannot be ruled out, based on the information available at the date of this document, no significant potential liabilities are deemed to exist that could jeopardise the fulfilment of obligations to investors deriving from the issue of the Securities. The most significant inspections in which BNL was recently involved are presented below.

- *Banca d'Italia inspections of the Banking Group*

- Sanction proceedings brought by Banca d'Italia on anti-money laundering issues (2009):

At the outcome of inspections carried out by Banca d'Italia, alleged anti-money laundering deficiencies were identified in the organization and internal controls by the Board of Directors and in controls on the part of members of the Board of Statutory Auditors, with notification to the parties concerned and to BNL as joint obligor, of the sanction for a total of 182,000 Euros.

The proceeding ended with a judgement of the Court of Cassation of 31/1/2017, rejecting the appeal of BNL.

- Sanction proceedings brought by Banca d'Italia regarding reporting to Banca d'Italia (2011):

At the outcome of inspections carried out by Banca d'Italia, BNL's statutory auditors were charged for having allegedly failed to communicate to Banca d'Italia a judicial order (subsequently revoked) for the suspension of banking activities with regard to relations entertained by one of BNL branches with some client companies.

The proceedings were completed on 4 May 2012 with the notification to the statutory auditors, and to BNL as joint obligor, of penalties totalling 9,000 Euros.

BNL filed an appeal against the decision and a decision is currently pending.

- Sanction proceedings brought by Banca d'Italia on transparency issues (2016):

At Bank of Italy's inspection visit, BNL has been notified of having violated certain regulatory requirements regarding the transparency of banking and financial operations and services. BNL has submitted to the authority its own considerations and counter-arguments, and a specific Action Plan. BNL is awaiting Banca d'Italia's determination.

- Active audit of the Autorità Garante della Concorrenza e del Mercato ("**AGCM**") against BNL

Procedure for restrictive agreements on competition (2016)

AGCM has started an investigation into the banking system, including BNL, regarding restrictive competition arrangements for the SEDA (*Sepa Compliant Electronic Database Alignment*) service. The proceedings were completed without sanctions, although the conduct of ABI and the banks was considered as an arrangement that could potentially restrict competition. The AGCM resolved that ABI and other 11 Italian banks (including BNL) should discontinue such conduct, submitting a report to the Authority showing they have adopted procedures to stop the infringement as from 1 January 2018, and, in the future, they should refrain from any conduct similar to the conduct that was assessed as non-compliant.

In addition, in February 2017, the ECB launched an on-site inspection on the BNP Paribas Group regarding Operational Risks, as part of the supervisory activity envisaged by the Single European Supervisory Mechanism.

BNL being a significant subsidiary, was also included in the scope of the inspection. The results of this inspection, which was completed in July 2017, have not yet been disclosed.

## **MATERIAL CONTRACTS**

BNL has not entered, outside the ordinary course of its business, any contract which is material to BNL's ability to meet its obligation to security holders in respect of the Securities which it may guarantee.

## **SELECTED ANNUAL FINANCIAL INFORMATION**

BNL's key capital and economic ratios, calculated on the basis of the audited consolidated financial statements as of 31 December 2016 and 31 December 2015 are set out below.

On this occasion, the ECB did not request BNL to take any further prudential measures.*

\* Loan to Deposit Ratio indicator, drawn up on a consolidated basis over the two years, is the ratio between customer loans (item 70 of the Balance Sheet - Assets) and payables to customers (item 20 of the Balance Sheet - Liabilities).

\*\* LCR and NSFR indicators 2016 have been processed - unlike the past - at individual level, as per instructions received from Banca d'Italia. In view of the intangible effect of consolidation, these data are compared with those expressed for the financial year 2015 referring to the Group.

As shown in Table 1, at 31 December 2016, own funds totalled 5,509 million, compared to risk weighted assets of 41,815 million, resulting primarily from credit and counterparty risks; in addition the capitalization level of the BNL Group is in line with the above-mentioned requirements.

### **Liquidity coverage and net stable funding ratios**

In order to boost banks' ability to absorb shocks arising from financial and economic stress and reduce the risk of contagion from the financial sector to the real economy, the Basel Committee further strengthened liquidity regulations by developing two new minimum quantitative requirements. The rules have been developed to achieve two separate but complementary objectives.

The Liquidity Coverage Ratio (LCR) is addressed to strengthen the short-term resilience of banks' liquidity risk profile by ensuring that they have sufficient high-quality unencumbered liquid assets (numerator of the ratio: cash or assets that can be converted into cash in private markets with a modest or no loss of value) to overcome their liquidity needs in a situation of acute stress over one month horizon (denominator of the ratio). This indicator referred to the Parent Company BNL<sup>3</sup> only, gradually increased to get to 99.8%, compared to a regulatory minimum of 70% as of January 2016 (80% from January 2017), with a minimum in progressive increase to reach 100% in 2018.

Considering the intangible effect of 2015 consolidation, the improvement in the liquidity risk profile is associated with the positive trend in the stabilization of funding sources on a structural basis, which is the second goal of the Committee aimed at providing greater incentives for banks to finance their activities with more stable sources of funding on a structural basis. At the of December 2016 the Net Stable Funding Ratio (NSFR), a figure pertaining to the Parent Company BNL, which has a time horizon of more than a year, was 98.4% versus 100% foreseen as from 1 January 2018, first-time application date.

<sup>3</sup> 2016 indicators relating to liquidity have been calculated – differently from the past – on an individual basis as per instructions received by Banca d'Italia.

(\*\*) Source: Bank of Italy - Financial Stability Report No. 1, April 2016 - TABLE 4.1 Large banks with more than 21.5 billion Euros of total assets.

In detail, **doubtful loans** stood at 8,915 million in gross values (+10.7%) and at 3,155 million Euros in net values (+6.6%). The coverage ratio came to 64.6% (63.3% at the end of 2015, 58.8% at system level<sup>5</sup>) and its impact on total loans to customers increased from 4.9% to 5.1%.

The **unlikely to pay exposures**, amounting to 2,534 million net of value adjustments, were significantly down compared to the figure at 31 December 2015 (3,155 million). The ratio of loans to customers was 4.1%, down by over one percentage point from December 2015, while the corresponding coverage rate increased to 36.2% from 32.2% (28.5 % at the system level<sup>4</sup>).

**Past-due non-performing loans**, net of value adjustments, decreased by 9 million to 153 million, with a coverage ratio of around 20%.

In the case of **impaired loans**, exposures were granted ("forborne") for a total of 2,185 million in gross value.

Finally, the degree of portfolio hedging of performing loans to customers, due to the improvement of risk profiles of the performing positions, went from 0.4% last year to 0.3% at 31 December 2016; and the gross forborne positions in this area amount to 312 million.

### **Exposure to Governments and Other Public Entities**

Exposure to sovereign States held by BNL at 31 December 2016 totalled 4,549,784 thousand Euros of Financial Assets Available for Sale and 1,533,420 thousand Euros in Loans.

#### Exposure to sovereign debt securities

Debt securities held by BNL at 31 December 2016 and included under the heading "Governments and Central Banks" in the Notes to the Financial Statements are represented exclusively by BTPs issued by the Italian State for the amount of 4,549,784 thousand Euros, that is 90.6% of the "total financial assets

In 2016, the moderate growth of the Italian economy continued, driven by renewal of investments and the expansion of household spending, as well as encouraged by recent economic signals such as the trend in industrial production and the strengthening of business confidence. This trend is confirmed also in the first quarter of 2017, reflecting a gradual consolidation of the economic recovery in the Eurozone, which, stimulated by the confirmation of the expansionary monetary policy orientation for 2017, should be reflected in promoting the gradual credit market development.

The 2016 performance of the system, however, remains constrained by the low demand for credit, interest rates at historically low or negative levels, and strong competition for the best customer base. From a qualitative point of view, the rebalancing of Italian banks' balances continues, and the reduction policies for the more risky exposure have allowed the decline in the flow of new impaired loans and new bad debts compared to the maximum values observed in the past, with effective positive effects on the risk costs.

In this context, the BNL Group responded with reorganization and repositioning actions, containment of operating costs, and increased efficiency to maintain its level of profitability. The Group closed the 2016 financial year with a net income of 125 million Euros, compared with 17 million Euros in the previous year. Compared to 2015, as confirmed at a system level, the positive result of the continuous improvement in risk cost through the reduction of new impaired credit flows, was driven both by the slightly more favourable economic situation and by the effectiveness of the de-risking actions pursued in the recent years. This trend is to be considered even more positive when viewed against the contextual strengthening of the hedges on the impaired loan portfolio.

The improvement in the cost of risk allows the extensive offsetting of the decline in gross operating result reflecting the underlying trends:

- the dynamics of revenue, in spite of the strong commercial engagement that has translated, among other things, into the good performance of the loans and collection, accompanied by the increase in market shares, as well as into the growth of the customer base, into the improvement of the quality of the loan portfolio and the development of certain product/service areas such as electronic banking, cash management, and insurance prevention, has been conditioned by the modest economic dynamics, limited levels of interest rates, weak credit demand by companies, widespread competitiveness for customers, and volatile market trends.

In this context, the margin of interest remains the weaker component, affected by the impact the further reduction in market rates has on contributions (the floor effect and the profitability of processed collection), as opposed to the widespread contraction in the contribution of loans,

reflecting the de-risking policies, the growth of surrogate items and the renegotiation of residential mortgages, and the aggressiveness of competitive business initiatives.

Commissions, on the other hand, are reduced to a lesser extent: the weakening of commissions on indirect value added collections (managed savings and social security), affected by the unfavourable trend in the markets and the reduction in up-front remuneration is partially offset by a more positive trend in other commissions, especially in respect of Retail & Private customers;

- the total operating costs are affected by approximately 109 million in charges, attributable mainly to the processing costs for the establishment of the Fund for Supporting the Exit Plan for 42.2 million, and to contributions to the National Resolution Fund required by the Supervisory Authority (66.7 million). For the other components, the comparison with 2015 highlights the particular effectiveness of the actions implemented in the course of the year in the direction of steadily improving operational efficiency, respecting business objectives, streamlining personnel costs, introducing new cost management initiatives and the usual meticulousness in spending and investment decisions.

As regards the evolution of bonds issued by the parent BNL SpA in 2016, new issues amounted to 76 million Euro, settlements amounted to 750 million (of which about 115 million refer to the fair value option portfolio) and repurchases on a definitive basis were 136 million (of which 27 million related to securities recognized at amortized cost and 109 million related to fair value options).

In 2016 two issues of covered bonds were completed, for an amount of 3,300 million Euros, totally repurchased by BNL.

The interbank collection amounted to 21,111 million (22,223 million at the end of December 2015) and was mainly comprised of:

- the debit position to the parent company BNP Paribas, which this year went from 15,008 to 11,079 million, comprised of 514 million subordinated loans (1,914 million at 31 December 2015) and other funding of 10,565 million (13,094 million at 31 December 2015);
- funds received from the European Central Bank, amounting to 9,200 million, relating to the direct participation of BNL in the second series of long-term financing operations (TLTRO II). This transaction, which took place in three tranches from June 2016 with the concurrent early repayment of TLTRO I contracted through the Parent BNP Paribas (6,000 million), was made to benefit from a lower interest rate and longer maturities. In particular, the Parent Company BNL recorded 17 million negative interest expense at the most favourable rate of -0.40% as it is strongly expected to achieve the net increase benchmark provided by the ECB's forecasts.

Other relationships with third-party credit institutions, amounting to 832 million, included 413 million in loans received from the EIB.

### 1. THE EU FINANCIAL TRANSACTIONS TAX

On 14 February 2013, the European Commission issued proposals, including a draft Directive (the Commission's proposal), for a financial transaction tax ("FTT") to be adopted in certain participating EU member states (including Belgium, Germany, Estonia, Greece, Spain, France, Italy, Austria, Portugal, Slovenia and Slovakia). However, Estonia has since stated that it will not participate. If the Commission's proposal was adopted, the FTT would be a tax primarily on "financial institutions" (which could include the Issuer) in relation to "financial transactions" (which would include the conclusion or modification of derivative contracts and the purchase and sale of financial instruments).

Under the Commission's proposal, the FTT could apply in certain circumstances to persons both within and outside of the participating member states. Generally, it would apply where at least one party is a financial institution, and at least one party is established in a participating member state. A financial institution may be, or be deemed to be, "established" in a participating member state in a broad range of circumstances, including (a) by transacting with a person established in a participating member state or (b) where the financial instrument which is subject to the financial transaction is issued in a participating member state.

The FTT may give rise to tax liabilities for the Issuer with respect to certain transactions if it is adopted based on the Commission's proposal. Examples of such transactions are the conclusion of a derivative contract in the context of the Issuer's hedging arrangements or the purchase or sale of securities (such as charged assets) or the exercise/settlement of a warrant. The Issuer is, in certain circumstances, able to pass on any such tax liabilities to holders of the Securities and therefore this may result in investors receiving less than expected in respect of the Securities. It should also be noted that the FTT could be payable in relation to relevant transactions by investors in respect of the Securities (including secondary market transactions) if conditions for a charge to arise are satisfied and the FTT is adopted based on the Commission's proposal. Primary market transactions referred to in Article 5(c) of Regulation EC No 1287/2006 are expected to be exempt. There is however some uncertainty in relation to the intended scope of this exemption for certain money market instruments and structured issues.

However, the FTT proposal remains subject to negotiation between participating member states. Additional EU member states may decide to participate. It may therefore be altered prior to the implementation, the timing of which remains unclear. Prospective holders of the Securities are advised to seek their own professional advice in relation to the FTT.

### **Withholding Tax**

#### **(a) Non-resident Holders of Securities**

Under Luxembourg general tax law currently in force there is no withholding tax on payments of principal, premium or interest made to non-resident Holders of Securities, nor on accrued but unpaid interest in respect of the Securities, nor is any Luxembourg withholding tax payable upon redemption, repurchase or exchange of the Securities held by non-resident Holders of Securities.

#### **(b) Resident Holders of Securities**

Under Luxembourg general tax laws currently in force and subject to the law of 23 December 2005 mentioned below (as amended), there is no withholding tax on payments of principal, premium or interest made to Luxembourg resident Holders of Securities, nor on accrued but unpaid interest in respect of Securities, nor is any Luxembourg withholding tax payable upon redemption or repurchase of Securities held by Luxembourg resident Holders of Securities.

Under the law of 23 December 2005, as amended, payments of interest or similar income made or ascribed by a paying agent established in Luxembourg to or for the benefit of an individual beneficial owner who is resident of Luxembourg will be subject to a withholding tax of 20 per cent. Such withholding tax will be in full discharge of income tax if the beneficial owner is an individual acting in the course of the management of his/her private wealth. Responsibility for the withholding of the tax will be assumed by the Luxembourg paying agent. Payments of interest under the Securities coming within the scope of the law of 23 December 2005, as amended would be subject to withholding tax of 20 per cent. Individuals beneficial owners resident in Luxembourg may opt for a final withholding of 20 per cent. on eligible interest income received from a paying agent established in an EU Member State or an EEA State (Iceland, Liechtenstein and Norway).

### **Taxes on Income and Capital Gains**

A holder of the Securities who derives income from such Securities or who realises a gain on the disposal or redemption thereof will not be subject to Luxembourg taxation on such income or capital gains unless:

- (a) such holder is, or is deemed to be, resident in Luxembourg for the purposes of the relevant provisions; or
- (b) such income or gain is attributable to an enterprise or part thereof which is carried on through a permanent establishment, a permanent representative or a fixed base of business in Luxembourg.

### **Net Wealth Tax**

Luxembourg net wealth tax will not be levied on the Securities unless:

- (a) the holder of securities is a company resident in Luxembourg for the purpose of the relevant legal provisions, except under certain circumstances, if the holder of the Securities is governed by (i) the laws of 17 March 2010 on undertakings for collective investment or (ii) the law of 22 March 2004 in securitisation or (iii) the law of 15 June 2004 on the investment company in risk capital or (iv) the law of 11 May 2007 on the *Société de Gestion de Patrimoine Familial* or (v) the law of 23 July 2016 on reserved alternative investment funds; or
- (b) such Securities are attributable to an enterprise or part thereof which is carried on through a permanent establishment, a permanent representative or a fixed base of business in Luxembourg.

Individual holder of Securities, whether he/she is resident of Luxembourg or not, is not subject to Luxembourg net wealth tax on such Securities.

### **Inheritance and Gift Tax**

Where the Securities are transferred for no consideration, note in particular that:

- (a) no Luxembourg inheritance tax is levied on the transfer of the Securities upon death of a holder of the Securities in cases where the deceased holder was not a resident of Luxembourg for inheritance tax purposes; and
- (b) Luxembourg gift tax will be levied on the transfer of the Securities by way of a gift by the holder of the Securities, as applicable, if this gift is registered in Luxembourg.

### **Value Added Tax**

There is no Luxembourg value-added tax payable in respect of payments in consideration of the issue of the Securities or in respect of payments of interest or principal under the Securities or the transfer of the Securities, provided that Luxembourg value added tax may, however, be payable in respect of fees charged for certain services rendered to the Issuer, if such services are rendered, or are deemed to be rendered, in Luxembourg and an exemption from value added tax does not apply with respect to such services.

### **Other Taxes and Duties**

There is no Luxembourg registration tax, capital tax, stamp duty or any other similar tax or duty payable in Luxembourg in respect of or in connection with the issue of the Securities or in respect of the payment of principal or interest under the Securities or the transfer of the Securities. If any documents in respect of the Securities are registered in Luxembourg, they could be subject to registration duty.

### **Residence**

A holder of the Securities will not become resident, or deemed to be resident, in Luxembourg by reason only of the holding of such Securities or the execution, performance, delivery and/or enforcement of that or any other Securities.

## **3. FRENCH TAXATION**

### **French tax implications for the French resident Noteholders (or holders of Certificates constituting debt instruments for French tax purposes)**

Once a French income tax resident has purchased Notes or applicable Certificates (which would not of itself trigger any French income tax consequences), the French income tax consequences of the holding, conversion, and disposal of such Notes or Certificates, as the case may be, by such French tax resident Noteholder or Certificateholder would be as follows:

#### **(i) Tax consequences of the holding of Notes or applicable Certificates by a French resident Noteholder or Certificateholder, as the case may be,**

- (i) with respect to French individual tax residents

Interest and assimilated income paid by the Issuer of Notes or Certificates to a French individual tax resident Noteholder or Certificateholder, as the case may be,

- (1) would normally be subject to the progressive rates of French individual income tax (with a maximum tax rate amounting to 45 per cent. excluding any exceptional contribution to income tax that may be assessed in respect of individuals with taxable income over €250,000). In addition, such interest and assimilated income would also be subject to social charges amounting to 15.5 per cent.; but
- (2) could be subject, upon election of the French individual tax resident Noteholder or Certificateholder, as the case may be, to French individual income tax withheld at source

at the flat rate of 24 per cent., provided that (i) the amount of interest and assimilated income received by the tax abode ("*foyer fiscal*") of the French individual tax resident Noteholder or Certificateholder does not exceed €2,000 per year and (ii) that such interest and assimilated income would not be attributable to an enterprise carried on by the French income tax resident subject to French individual income tax. In addition, such interest and assimilated income would also be subject to social charges amounting to 15.5 per cent.;

- (ii) with respect to French corporate tax residents

Interest and assimilated income incurred by the Issuer of Notes or Certificates to a French corporate tax resident Noteholder or Certificateholder, as the case may be, would be subject to (i) French corporate income tax at the normal rate of 33.1/3 per cent., (being noted that the French corporate income tax normal rate will progressively be reduced to 28% by 2020), and (ii) the 3.3 per cent. additional social contribution on French corporate income tax, if applicable.

**(ii) Tax consequences of the conversion of Notes or applicable Certificates by a French resident Noteholder or Certificateholder**

The conversion of Notes or applicable Certificates by a French individual or corporate tax resident Noteholder or Certificateholder would not have any French individual or corporate income tax consequences.

**(iii) Tax consequences of the disposal of Notes or applicable Certificates by a French resident Noteholder or Certificateholder**

- (i) with respect to French individual tax residents

Any capital gain realised upon disposal of Notes or Certificates (or of shares resulting from the conversion of such Notes or Certificates) by a French individual tax resident Noteholder or Certificateholder, as the case may be, (assuming that such capital gain would not be attributable to an enterprise carried on by the French income tax resident subject to French individual income tax) would be subject to the progressive rates of French individual income tax (with a maximum tax rate amounting to 45 per cent. excluding any exceptional contribution to income tax that may be assessed in respect of individuals with taxable income over €250,000), and to French social charges at the flat rate of 15.5 per cent.

Furthermore, any capital gain realised upon disposal of shares resulting from the conversion of such Notes or Certificates by a French individual tax resident Noteholder or Certificateholder, as the case may be, could benefit for purposes of taxation to French individual income tax, from deferred taxation provided stringent conditions are met. In addition, any capital gain realised upon disposal of shares may benefit from a deduction for holding period of 50 per cent. if the shares have been held between 2 and 7 years, and 65 per cent. beyond.

- (ii) with respect to French corporate tax residents

Any capital gain realised upon disposal of Notes or Certificates (or of shares resulting from the conversion of such Notes or Certificates) by a French corporate tax resident Noteholder or Certificateholder, as the case may be, would normally be subject to:

- (1) French corporate income tax at the normal rate of 33.1/3 per cent. (it being noted that the French corporate income tax normal rate will progressively be reduced to 28% by 2020); and
- (2) the 3.3 per cent. additional social contribution on French corporate income tax, if applicable.

Furthermore, any capital gain realised upon disposal of shares resulting from the conversion of such Notes or Certificates by a French corporate tax resident Noteholder or Certificateholder, as the case may be, could be exempted up to 88 per cent. from French corporate income tax to the extent that the capital gain might qualify as a "long term capital gain realised upon disposal of participation shares", that is to say a capital gain realised upon disposal of shares (i) qualifying as "participation shares" and (ii) held for a two-year period at least by the French corporate tax resident.

#### **Payments made by the Guarantor (if applicable)**

There is no direct authority under French law on the withholding tax status of payments by a French Guarantor (if applicable) under the Guarantee. In accordance with one interpretation of French tax law, payments made by a French Guarantor to a Noteholder or Certificateholder which is a non-French tax resident and which is not acting through a French establishment or branch may be treated as a payment in lieu of payments to be made by a French Guarantor with respect to the Notes or Certificates, as the case may be. Accordingly, under this interpretation payments made by a French Guarantor, of any amounts due by the Issuer under the Notes or Certificates, would be exempt from any taxes, duties or other charges of whatever nature by way of deduction or withholding by the Republic of France or any political subdivision or authority thereof or therein having power to tax, to the extent that interest payments made or to be made by the Issuer would be exempt from withholding tax by reason of it not being resident of, or otherwise established in, France.

In accordance with another interpretation, any such payment may be treated as a payment independent from the payments to be made by the Issuer with respect to the Notes or Certificates. In the absence of any specific provision in the French General Tax Code, such payments would be exempt from any taxes, duties or other charges of whatever nature by way of deduction or withholding by the Republic of France or any political subdivision or authority thereof or therein having power to tax.

#### **French tax implications for the French resident Warrantholders (or holders of Certificates not constituting debt instruments for French tax purposes)**

##### **(i) With respect to French individual tax residents**

###### **(1) Net profit realised in respect of Warrants or applicable Certificates on an occasional basis**

Net profit realised in respect of Warrants or Certificates (which do not constitute *obligations* under French law or *titres de créances négociables* for French tax purposes, or other debt instruments issued under French or foreign law and fiscally similar thereto within the meaning of administrative guidelines BOI-RPPM-RCM-30-10-30-30-20140211 dated 11 February 2014, n°70) by a French individual tax resident Warrantholder or Certificateholder, as the case may be, (assuming that such payments would not be attributable to an enterprise carried on by the French income tax resident subject to French individual income tax) would be deemed as capital gains income and subject to the progressive rates of French individual income tax (with a maximum tax rate amounting to 45 per cent. excluding any exceptional contribution to income tax that may be assessed in respect of individuals with taxable income over €250,000 and it being noted that no deduction for the holding period would apply) if the French individual tax resident Warrantholder or Certificateholder, as applicable, invests on an occasional basis.

In addition, such net profit would also be subject to social charges amounting to 15.5 per cent.

###### **(2) Net profit realised in respect of Warrants or applicable Certificates**

Net profit realised in respect of Warrants or Certificates (which do not constitute *obligations* under French law or *titres de créances négociables* for French tax purposes, or other debt instruments issued under French or foreign law and fiscally similar thereto

within the meaning of administrative guidelines BOI-RPPM-RCM-30-10-30-30-20140211 dated 11 February 2014, n°70) by a French individual tax resident Warrantholder or Certificateholder, as the case may be, (assuming that such payments would not be attributable to an enterprise carried on by the French income tax resident subject to French individual income tax), would be deemed as non-commercial profit and subject to the progressive rates of French individual income tax (with a maximum tax rate amounting to 45 per cent. excluding any exceptional contribution to income tax that may be assessed in respect of individuals with taxable income over €250,000) if the French individual tax resident Warrantholder or Certificateholder, as applicable, invests on a regular basis.

In addition, such net profit would also be subject to social charges amounting to 15.5 per cent.

(ii) With respect to French corporate tax residents

Net profit realised in respect of Warrants or Certificates (which do not constitute *obligations* under French law or *titres de créances négociables* for French tax purposes, or other debt instruments issued under French or foreign law and fiscally assimilated thereto within the meaning of administrative guidelines BOI-RPPM-RCM-30-10-30-30-20140211 dated 11 February 2014, n°70) by a French corporate tax resident Warrantholder or Certificateholder, as applicable, would be subject to (i) French corporate income tax at the normal rate of 33.1/3 per cent. (it being noted that the French corporate income tax normal rate will progressively be reduced to 28% by 2020), and (ii) the 3.3 per cent. additional social contribution on French corporate income tax, if applicable.

#### 4. UNITED KINGDOM TAXATION

The following applies only to persons who are the beneficial owners of Securities and is a summary of the Issuer's understanding of current law and practice in the United Kingdom relating only to United Kingdom withholding tax treatment and stamp tax aspects of various payments in respect of Securities. It does not deal with any other United Kingdom taxation implications of acquiring, holding or disposing of Securities. Some aspects do not apply to certain classes of person (such as dealers and persons connected with the Issuer) to whom special rules may apply. These comments are not intended to be, nor should they be regarded as, legal or tax advice. The precise tax treatment of a holder of Securities will depend for each issue on the terms of the Securities, as specified in the Terms and Conditions of the Securities as amended and supplemented by the applicable Final Terms under the law and practice at the relevant time. Prospective Holders of Securities should consult their own tax advisers in all relevant jurisdictions to obtain advice about their particular tax treatment in relation to such Securities.

#### Notes

##### *Payment of interest on the Notes*

Payments of interest on the Notes may be made without withholding on account of United Kingdom income tax if the interest on the notes does not have its "source" in the United Kingdom. The concept of "source" is complex but HM Revenue and Customs ("HMRC") published practice indicates that the primary factor is the jurisdiction of residence of the Issuer, in this case Luxembourg, which would indicate that the notes do not have a United Kingdom "source." In any event the Notes will constitute "quoted Eurobonds" within the meaning of section 987 of the Income Tax Act 2007 (the "ITA 2007") provided that they carry a right to interest and as long as they are and continue to be listed on a "recognised stock exchange" within the meaning of section 1005 of the ITA 2007. The Luxembourg Stock Exchange is a recognised stock exchange for this purpose. Accordingly, even if the Notes do have a United Kingdom "source", payments of interest on the Notes may be made without withholding on account of UK income tax provided the Notes remain so listed at the time of payment.

In all other cases (except in the case of payment of interest on Notes which is not "yearly interest" in which case interest can be paid without withholding or deduction for or on account of UK income tax), an amount must be withheld on account of income tax at the basic rate (currently 20 per cent.), subject to any direction

to the contrary by HMRC under an applicable double taxation treaty, and except where the withholding obligation is disapplied in respect of payments to any Noteholder which the Issuer reasonably believes is either a UK resident company or a non UK resident company carrying on a trade in the UK through a permanent establishment which is within the charge to corporation tax as regards the interest, or falls within various categories enjoying a special tax status (including charities and pension funds), or are partnerships consisting of such persons (unless HMRC direct otherwise).

The attention of holders is drawn to Condition 9 (Taxation) of the Terms and Conditions of the Notes.

Noteholders may wish to note that, in certain circumstances, HMRC has power to obtain information relating to payments derived from securities, certain payments of interest (including amounts payable on the redemption of deeply discounted securities for the purposes of the Income Tax (Trading and Other Income) Act 2005), dealings in securities, and money or value belonging to another.

This information may include details of the beneficial owner of securities, details of the person for whom the securities are held, or the person to whom the payment is to be made (and, if more than one, their respective interests), information and documents relating to securities transactions and, in relation to interest paid or credited on money received or retained in the United Kingdom, the identity of the security under which interest is paid. In relation to money or value belonging to another, the information may include the name and address of the beneficial owner. HMRC published practice indicates that HMRC will not exercise the power referred to above to require this information in respect of amounts payable on the redemption of deeply discounted securities where such amounts are paid on or before 5 April 2018.

The persons from whom HMRC may obtain information include persons who receive (or are entitled to receive) a payment derived from securities, persons who makes such payments (including payments received from, or paid on behalf of another person), persons by or through whom interest is paid or credited, persons who effect or are parties to securities transactions (which include an issue of securities) on behalf of others, registrars or administrators in respect of securities transactions, each registered or inscribed holder of securities, and persons who (in whatever capacity) are in receipt of money or value belonging to another.

## **Stamp Duty and SDRT**

### ***Bearer Notes***

A charge to United Kingdom stamp duty at 1.5 per cent. of the value of Notes will arise on the issue in the United Kingdom of Bearer Notes which are denominated in sterling and which are not loan capital. No United Kingdom stamp duty liability arises on the issue of such a Bearer Note outside the United Kingdom. However, a United Kingdom stamp duty liability at 1.5 per cent. will arise on the first transfer by delivery in the United Kingdom of such a Bearer Note which was originally issued outside the United Kingdom. Otherwise, no United Kingdom stamp duty will be payable in relation to the issue of Bearer Notes.

No United Kingdom stamp duty will be payable on transfers of Bearer Notes on sale provided no instruments of transfer are used to complete such sales.

No United Kingdom stamp duty will be payable on the redemption of Bearer Notes. United Kingdom stamp duty may be required to be paid in relation to the transfer of an asset on redemption of a Bearer Note which is a Physical Delivery Note (a "**Physical Delivery Bearer Note**").

No SDRT will be payable in relation to an issue of Bearer Notes into a clearing system. No SDRT will be payable in relation to agreements to transfer Bearer Notes within a clearing system.

SDRT may be payable in respect of the agreement to transfer an asset pursuant to a Physical Delivery Bearer Note. However, any such liability to SDRT will be cancelled (or if already paid, will be repaid) if the instrument effecting the transfer is chargeable with stamp duty (or is otherwise required to be stamped) and has been duly stamped within six years of the agreement being made or, in the case of a conditional

agreement, within six years of all conditions being satisfied, or if such instrument is not chargeable with stamp duty or otherwise required to be stamped.

### ***Registered Notes***

No United Kingdom stamp duty will be payable in relation to the issue of Registered Notes into a clearing system.

No United Kingdom stamp duty will be payable on transfers of Registered Notes on sale provided no instruments of transfer are used to complete such sales.

No SDRT will be payable in relation to an issue of Registered Notes into a clearing system. No SDRT will be payable in relation to the transfer of Registered Notes within a clearing system unless the clearing system makes an election under section 97A to the Finance Act 1986.

No United Kingdom stamp duty or SDRT will be payable on the redemption of Registered Notes. United Kingdom stamp duty may be required to be paid in relation to the transfer of an asset on redemption of a Registered Note which is a Physical Delivery Note.

SDRT may be payable in respect of the agreement to transfer an asset pursuant to such a Registered Note. However, any such liability to SDRT will be cancelled (or if already paid, will be repaid) if the instrument effecting the transfer is chargeable with stamp duty (or is otherwise required to be stamped) and has been duly stamped within six years of the agreement being made or, in the case of a conditional agreement, within six years of all conditions being satisfied, or if such instrument is not chargeable with stamp duty or otherwise required to be stamped.

### **Warrants and Certificates**

#### ***Withholding Tax***

Payments on the Warrants and on the Certificates may be made without withholding on account of United Kingdom withholding tax if such payments on the Warrants or Certificates do not have their "source" in the United Kingdom. The concept of "source" is complex but HMRC published practice indicates that the primary factor is the jurisdiction of residence of the Issuer, in this case Luxembourg, which would indicate that the notes do not have a United Kingdom "source." If the payments on the Warrants or Certificates have a United Kingdom "source", there may be withholding on account of United Kingdom income tax.

#### ***Stamp Duty and SDRT***

A Global Warrant or Global Certificate may be subject to United Kingdom stamp duty if it is executed in the United Kingdom or if it relates to any property situate, or to any matter or thing done or to be done, in the United Kingdom. However, in the context of retail covered warrants listed on the London Stock Exchange, HMRC has indicated that no charge to United Kingdom stamp duty will arise on the grant of such warrants. It is not clear whether or not HMRC would be prepared to take such a view in relation to a Global Warrant or Global Certificate.

If a Global Warrant or Global Certificate is subject to United Kingdom stamp duty, but the stamp duty has not been paid, that Global Warrant or Global Certificate cannot be used for any purpose in the United Kingdom; for example it will be inadmissible in evidence in civil proceedings in a United Kingdom court.

If a Global Warrant or Global Certificate is subject to United Kingdom stamp duty, and it becomes necessary to pay that stamp duty (for example because this is necessary in order to enforce the document in the United Kingdom), interest will be payable (in addition to the stamp duty) in respect of the period from 30 days after the date of execution of the relevant Global Warrant or Global Certificate to the date of payment of the stamp duty. Penalties may also be payable if a Global Warrant or Global Certificate which was executed outside the United Kingdom is not stamped within 30 days of first being brought into the United Kingdom; or, if the Global Warrant or Global Certificate was executed in the United Kingdom, within 30 days of execution. If any United Kingdom stamp duty is required to be paid, it would be payable

at a rate of 0.5 per cent. by reference to the amount of consideration given for the issue of Warrants represented by the relevant Global Warrant, or the amount of consideration given for the issue of Certificates represented by the relevant Global Certificate, as applicable.

No SDRT will be payable on the issue of a Cash Settled Warrant or Cash Settled Certificate into a clearing system. SDRT may be payable in relation to the issue into a clearing system of a Physical Delivery Warrant or Physical Delivery Certificate which gives the holder an interest in, or rights arising out of, or the right to acquire, stocks, shares or loan capital, unless such stocks shares or loan capital would be exempt from all stamp duties.

SDRT may be payable in relation to any agreement to transfer Physical Delivery Warrants or Physical Delivery Certificates which give the holder an interest in, or rights arising out of, or the right to acquire, stocks, shares or loan capital, unless such stocks, shares or loan capital would be exempt from all stamp duties.

SDRT may be payable in respect of the agreement to transfer an asset pursuant to a Physical Delivery Warrant or Physical Delivery Certificate following the exercise or redemption of such Security. However, any such liability to SDRT will be cancelled (or, if already paid, will be repaid) if the instrument effecting the transfer is chargeable with stamp duty (or is otherwise required to be stamped) and has been duly stamped within six years of the agreement being made or, in the case of a conditional agreement, within six years of all conditions being satisfied, or if such instrument is not chargeable with stamp duty or otherwise required to be stamped.

## 5. ITALIAN TAXATION

The following is a general discussion of certain Italian tax consequences of the acquisition, holding and disposing of Securities. However, each series of Securities may be subject to a different tax treatment due to the specific terms of such Series as set out in the respective Final Terms. The following summary, therefore, does not purport to be a comprehensive description of all the tax considerations which may be relevant to a decision to subscribe for, purchase, own or dispose of the Securities and does not consider any specific facts or circumstances that may apply to a particular investor.

This summary regarding taxation is based on the laws of Italy currently in force and as applied on the date of this Base Prospectus, which are subject to any changes in law occurring after such date, which changes could be made on a retroactive basis. Prospective Holders of Securities are advised to consult their own tax advisers concerning the overall tax consequences of their interest in the Securities.

### TAXATION OF NOTES

(1) Payments of interest and other proceeds on the Notes are subject to different tax treatments based on whether the Notes, based on their specific characteristics as set out in the Final Terms, qualify as:

- (a) bonds or securities similar to bonds; or
- (b) atypical securities.

#### A.1 Notes qualifying as bonds or securities similar to bonds

Legislative Decree No. 239 of 1 April 1996, as amended (the "**Decree 239**"), regulates the tax treatment of interest, premium and other income (including the difference between the redemption amount and the issue price, hereinafter collectively referred to as "**Interest**") from notes issued, inter alia, by non-Italian resident entities, falling within the category of bonds (*obbligazioni*) or securities similar to bonds (*titoli similari alle obbligazioni*).

For this purpose, securities similar to bonds are securities that incorporate an unconditional obligation to pay, at maturity, an amount not lower than their nominal value and that do not allow any direct or indirect participation to the management of the issuer.

### *Resident Noteholders*

Where an Italian resident Noteholder who is the beneficial owner of the Notes is (i) an individual not engaged in a business activity to which the Notes are effectively connected, (ii) a partnership (other than a *società in nome collettivo* or *società in accomandita semplice* or similar partnership) or a de facto partnership not carrying out commercial activities or professional associations, (iii) a non-commercial private or public institution, or (iv) an investor exempt from Italian corporate income taxation, Interest payments relating to the Notes are subject to a tax, referred to as *imposta sostitutiva* (either when the interest is paid by the Issuer, or when payment thereof is obtained by the Noteholder on a sale of the relevant Notes). The *imposta sostitutiva* may not be recovered by the Noteholder as a deduction from the income tax due.

The mentioned *imposta sostitutiva* is currently levied at a rate of 26 per cent.

In case the Notes are held by a Noteholder engaged in a business activity and are effectively connected with same business activity, the interest will be subject to the *imposta sostitutiva* and will be included in the relevant income tax return. As a consequence, the interest will be subject to the ordinary income tax and the *imposta sostitutiva* may be recovered as a deduction from the income tax due.

Pursuant to Decree 239, *imposta sostitutiva* is applied by banks, *società di intermediazione mobiliare* ("**SIMs**"), fiduciary companies, *società di gestione del risparmio* ("**SGRs**") stock exchange agents and other entities identified by the relevant Decrees of the Ministry of Finance (the "**Intermediaries**").

An Intermediary must (i) be resident in Italy or be a permanent establishment in Italy of a non-Italian resident financial intermediary and (ii) intervene, in any way, in the collection of Interest or in the transfer of the Notes. For the purpose of the application of the *imposta sostitutiva*, a transfer of Notes includes any assignment or other act, either with or without consideration, which results in a change of the ownership of the relevant Notes or in a change of the Intermediary with which the Notes are deposited.

Where the Notes are deposited with an Intermediary, the *imposta sostitutiva* is applied and withheld by any entity paying Interest to a Noteholder.

The *imposta sostitutiva* does not apply, inter alia, to the following subjects, to the extent that the Notes and the relevant Coupons are deposited in a timely manner, directly or indirectly, with an Intermediary:

- (a) Corporate Noteholders – Where an Italian resident Noteholder is a corporation or a similar commercial entity (including a permanent establishment in Italy of a foreign entity to which the Notes are effectively connected), interest accrued on the Notes must be included in: (i) the relevant Noteholder's yearly taxable income for corporate income tax purposes ("**IRES**"), applying at a rate equal to 24 per cent.; and (ii) in certain circumstances, depending on the "status" of the Noteholder, also in its net value of production for the purposes of regional tax on productive activities ("**IRAP**"). Such interest is therefore subject to general Italian corporate taxation according to the ordinary rules;
- (b) Investment funds – Italian investment funds (which includes *Fondo Comune d'Investimento*, SICAV or SICAF, the "**Investment Funds**") are not subject to income tax. A withholding tax, currently in the amount of 26 per cent., is levied in certain circumstances on distributions made by the Investment Fund in favour of certain categories of investors in the Investment Funds and it is applicable both on the proceeds distributed during the life of the fund, and on the amount due in case of closure or redemption of the funds (including in both cases the Interest on the Notes);

- (c) Pension funds – Pension funds (subject to the tax regime set forth by article 17 of the Legislative Decree No. 252 of 5 December 2005, the "**Pension Funds**") are subject to substitutive tax, currently levied at 20 per cent., on their annual net accrued result. Interest on the Notes is included in the calculation of said annual net accrued result; and
- (d) Real estate investment funds or real estate SICAFs (a "**REIT**") – Italian REITs are not subject to any *imposta sostitutiva* at the fund level and any Interest accrued on Notes held by a REIT is not taxable in the hands of the same REIT. However a 26 per cent. withholding tax may be applied on distributions made by the REIT, directly on the investors depending on the nature of the relevant investor.

#### *Non-Resident Noteholders*

Interest payments relating to Notes received by non-resident beneficial owners (not having a permanent establishment in Italy to which the Notes are effectively connected) are generally not subject to tax in Italy.

#### **B. Notes qualifying as atypical securities**

Interest payments relating to Notes that are not deemed to fall within the category of bonds (*obbligazioni*) or securities similar to bonds (*titoli simili alle obbligazioni*) are subject to a withholding tax currently levied at the rate of 26 per cent. For this purpose, debentures similar to bonds are securities that incorporate an unconditional obligation to pay, at maturity, an amount not lower than their nominal value. The mentioned withholding tax applies to an Italian resident Noteholder which is: (i) an individual not engaged in a business activity to which the Notes are effectively connected; (ii) a non-commercial partnership; (iii) a non-commercial private or public institution; (iv) an investor exempt from Italian corporate income tax; (v) a Pension Fund; and (vi) a Fund.

Interest payments on Notes made to *Italian resident Noteholders* which are (i) companies or similar commercial entities (including a permanent establishment in Italy of a foreign entity to which the Notes are effectively connected), and (ii) commercial partnerships, are not subject to the aforementioned withholding tax, but the Interest shall also be included in their aggregate income subject to IRES. The withholding tax may be recovered as a deduction from the income tax due. In certain cases, such Interest may also be included in the taxable net value of production for IRAP purpose.

Interest payments relating to Notes received by *non-Italian resident Noteholders* (not having a permanent establishment in Italy to which the Notes are effectively connected) are generally not subject to withholding tax.

- (2) Capital gains arising from the sale or transfer of the Notes are subject to different tax regimes based on the residence status of their Holders.

#### *Resident Noteholders*

Pursuant to Legislative Decree No. 461 of 21 November 1997, as amended, a capital gains tax (the "**CGT**") is applicable to capital gains realised on any sale or transfer of the Notes for consideration or on redemption thereof by Italian resident individuals (not engaged in a business activity to which the Notes are effectively connected), regardless of whether the Notes are held outside of Italy. Said CGT currently applies at a rate of 26 per cent.

For the purposes of determining the taxable capital gain, any interest on the Notes accrued and unpaid up to the time of the purchase and the sale of the Notes must be deducted from the purchase price and the sale price, respectively.

Should the Notes qualify as atypical securities, the relevant capital gain realised upon sale or transfer of the same should in principle be subject to CGT, however, based on a very restrictive interpretation, the aforesaid capital gains could be subject to the above mentioned final withholding tax.

Taxpayers can opt for certain alternative regimes in order to pay the CGT.

In addition, please note the following:

- (a) Corporate investors (including banks and insurance companies): capital gains realised on the Notes by Italian resident corporate entities (including a permanent establishment in Italy of a foreign entity to which the Notes are effectively connected) form part of their aggregate income subject to IRES. In certain cases, capital gains may also be included in the taxable net value of production of such entities for IRAP purposes. The capital gains are calculated as the difference between the sale price and the relevant tax basis of the Notes. Upon fulfilment of certain conditions, the gains may be taxed in equal instalments over up to five fiscal years for IRES purposes.
- (b) Funds – Capital gains realised by the Funds on the Notes are currently subject to a 26 per cent. withholding tax levied by the managing company. Such withholding shall be levied on a distribution basis and no longer on an accrual basis and it is applicable both on the proceeds distributed during the life of the fund, and on the amount due in case of closure or redemption of the funds (including in both cases, any capital gains on the Notes).
- (c) Pension Funds – Capital gains realised by Pension Funds on the Notes contribute to determining the annual net accrued result of the same Pension Funds, which is subject to a 20 per cent. substitutive tax.
- (d) REITs – Capital gains realised by Italian REITs on the Notes are generally not taxable at the level of the REIT. However, a 26 per cent. withholding tax may be applied on distributions made by the REIT, directly on the investors, depending on the nature of the relevant investor.

#### *Non-Resident Noteholders*

Capital gains realised by non-resident Noteholders (not having permanent establishment in Italy to which the Notes are effectively connected) on the Notes are generally not subject to tax in Italy.

## **TAXATION OF WARRANTS AND CERTIFICATES**

### **A. Securitised derivatives**

Warrants, Certificates and other securitised derivatives are subject to Article 67 of Presidential Decree No. 917 of 22 December 1986 and Legislative Decree No. 461 of 21 November 1997, as subsequently amended, where the Italian resident Warrantholder or Certificateholder is (i) an individual not engaged in an entrepreneurial activity to which the Securities are connected, (ii) a non-commercial partnership, (iii) a non-commercial private or public institution, or (iv) an investor exempt from Italian corporate income taxation, capital gains realised upon sale or exercise of the Securities are subject to a substitute tax (*imposta sostitutiva*) currently levied at 26 per cent.. The recipient may opt for three different taxation criteria:

- (a) Under the tax declaration regime (*regime della dichiarazione*), which is the default regime for Italian resident individuals not engaged in an entrepreneurial activity to which the Securities are connected, the *imposta sostitutiva* on capital gains will be chargeable, on a cumulative basis, on all capital gains, net of any incurred capital loss, realised by the Italian resident individual holding the Securities not in connection with an entrepreneurial activity pursuant to all sales or redemptions of the Securities carried out during any given tax year. Italian resident individuals holding the Securities not in connection with an entrepreneurial activity must indicate the overall capital gains realised in any tax year, net of any relevant incurred capital loss, in the annual tax return and pay

*imposta sostitutiva* on such gains together with any balance income tax due for such year. Capital losses in excess of capital gains may be carried forward against capital gains realised in any of the four succeeding tax years. Capital losses in excess of capital gains realised prior to 31 December 2011 may be carried forward against capital gains realised after 1 July 2014 only to the extent of 48.08 per cent. of their amount; whilst capital losses realised from 1 January 2012 to 30 June 2014 may be carried forward against capital gains realised after 1 July 2014 only to the extent of 76.92 per cent. of their amount.

- (b) As an alternative to the tax declaration regime, Italian resident individuals holding the Securities not in connection with an entrepreneurial activity may elect to pay the *imposta sostitutiva* separately on capital gains realised on each sale or redemption of the Securities (the "*risparmio amministrato*" regime). Such separate taxation of capital gains is allowed subject to: (i) the Securities being deposited with Italian banks, SIMs or certain authorised financial intermediaries; and (ii) an express election for the *risparmio amministrato* regime being timely made in writing by the relevant Warrantholder or Certificateholder. The depository is responsible for accounting for *imposta sostitutiva* in respect of capital gains realised on each sale or redemption of the Securities (as well as in respect of capital gains realised upon the revocation of its mandate), net of any incurred capital loss, and is required to pay the relevant amount to the Italian tax authorities on behalf of the taxpayer, deducting a corresponding amount from the proceeds to be credited to the Warrantholder or Certificateholder or using funds provided by the Warrantholder or Certificateholder for this purpose. Under the *risparmio amministrato* regime, where a sale or redemption of the Securities results in a capital loss, such loss may be deducted from capital gains subsequently realised, within the same securities management, in the same tax year or in the following tax years up to the fourth. Capital losses in excess of capital gains realised, within the same securities management, prior to 31 December 2011 may be carried forward against capital gains realised after 1 July 2014 only to the extent of 48.08 per cent. of their amount; whilst capital losses realised from 1 January 2012 to 30 June 2014 may be carried forward against capital gains realised after 1 July 2014 only to the extent of 76.92 per cent. of their amount. Under the *risparmio amministrato* regime, the Warrantholder or Certificateholder is not required to declare the capital gains in the annual tax return.
- (c) Any capital gains realised by Italian resident individuals holding the Securities not in connection with an entrepreneurial activity who have entrusted the management of their financial assets, including the Securities, to an authorised intermediary and have opted for the so-called "*risparmio gestito*" regime will be included in the computation of the annual increase in value of the managed assets accrued, even if not realised, at year end, subject to a substitute tax, to be paid by the managing authorised intermediary. Said substitute tax is currently levied at 26 per cent. on the annual increase accrued since 1 July 2014. Under this *risparmio gestito* regime, any decrease in value of the managed assets accrued at year end may be carried forward against increase in value of the managed assets accrued in any of the four succeeding tax years. The decrease in value accrued prior to 31 December 2011 may be carried forward against 48.08 per cent. of its amount, whilst the decrease in value accrued from 1 January 2012 to 30 June 2014 may be carried forward against increase in value of the managed assets accrued after 1 July 2014 only to the extent of 76.92 per cent. of its amount. Under the *risparmio gestito* regime, the Warrantholder or Certificateholder is not required to declare the capital gains realised in the annual tax return.

Where an Italian resident Warrantholder or Certificateholder is a company or similar commercial entity, or the Italian permanent establishment of a foreign commercial entity to which the Securities are effectively connected, income arising from the Warrants or Certificates will not be subject to *imposta sostitutiva*, but must be included in the relevant Warrantholder's or Certificateholder's income tax return and are therefore subject to Italian corporate tax.

Income realised by non-Italian resident Warrantholders or Certificateholders is not subject to Italian taxation, provided that the Warrants or Certificates are held outside of Italy.

## **B. Atypical securities**

Securities that cannot be qualified as securitised derivatives under Article 67 of Testo Unico Imposte sui Redditi (Presidential Decree No. 917 of 22 December 1986) and, under a different interpretation of current tax law, Securities could be considered as 'atypical' securities pursuant to Article 8 of Law Decree No. 512 of 30 September 1983 as implemented by Law No. 649 of 25 November 1983. In this event, payments relating to Securities may be subject to an Italian withholding tax currently levied at 26 per cent..

The withholding tax mentioned above does not apply to payments made to a non-Italian resident holder of the Securities and to an Italian resident holder of the Securities which is (i) a company or similar commercial entity (including the Italian permanent establishment of foreign entities), (ii) a commercial partnership, or (iii) a commercial private or public institution.

The withholding is levied by the Italian intermediary appointed by the Issuer, intervening in the collection of the relevant income or in the negotiation or repurchasing of the Securities.

### **PAYMENTS MADE BY BNL AS GUARANTOR**

There is no express position of the Italian tax authorities on the tax treatment applicable on payments performed by a guarantor in lieu of the Issuer.

In principle, whilst payments made by the Italian Guarantor to the Holders of Securities in order to refund the amount invested in the Securities should not give rise to any tax liability since they do not qualify as payments of income, payments made by the Italian Guarantor to the Holders of Securities in relation to interest and other proceeds due on the Securities by the Issuer, may give rise to Italian tax liability.

According to a certain interpretation of Italian tax law, payments of interest performed by the Guarantor would have the same legal nature of that originally payable by the Issuer and thus could be treated, in certain circumstances, as a payment made by the Issuer and thus be subject to the tax regime described in the previous paragraphs. Conversely, according to a different interpretation of the law the payments performed by the Guarantor change the nature of the amounts due since the Guarantor pays the relevant amount in relation to a different and new legal cause and thus the relevant tax treatment of the payments shall be examined based on such new legal cause and on the nature and residence of the recipient."

### **PAYMENTS MADE BY A NON RESIDENT GUARANTOR (IF APPLICABLE)**

With respect to payments made to Italian resident holders of Securities by a non-Italian resident Guarantor (if applicable), in accordance with one interpretation of Italian tax law, any such payment made by the non-Italian resident Guarantor could be treated, in certain circumstances, as a payment made by the Issuer and would thus be subject to the tax regime described in the previous paragraphs.

## **STAMP DUTY**

Pursuant to Article 19(1) of Decree No. 201 of 6 December 2011 ("**Decree 201**"), a proportional stamp duty applies on an annual basis to the periodic reporting communications sent by financial intermediaries to their clients for the Securities deposited therewith. The stamp duty currently applies at a rate of 0.20 per cent; this stamp duty is determined on the basis of the market value or – if no market value figure is available – the nominal value or redemption amount of the securities held. The stamp duty cannot currently exceed EUR 14,000 for non-individual holders of securities only.

Based on the interpretation of the law and the related implementing provisions, the stamp duty applies to any investor who is a client (as defined in the regulations issued by the Bank of Italy on 20 June 2012) of an entity that exercises in any form a banking, financial or insurance activity within the Italian territory.

## **WEALTH TAX ON SECURITIES DEPOSITED ABROAD**

Pursuant to Article 19(18) of Decree 201, Italian resident individuals holding the Securities outside Italian territory are required to pay an additional tax at the current rate of 0.20 per cent.

This tax is calculated on the market value of the Securities at the end of the relevant year or, if no market value figure is available, the nominal value or the redemption value of such financial assets held outside the Italian territory. Taxpayers are entitled to an Italian tax credit equivalent to the amount of wealth taxes paid in the state where the financial assets are held (up to an amount equal to the Italian wealth tax due).

## **TAX MONITORING**

Pursuant to Law Decree No. 167 of 28 June 1990, converted by Law No. 227 of 4 August 1990, individuals resident in Italy who are the effective beneficial owners of foreign (i.e. non-Italian) investments or financial activities must, in certain circumstances, disclose the aforesaid and related transactions to the Italian tax authorities in their income tax return (or, in case the income tax return is not due, in a proper form that must be filed within the same time as prescribed for the income tax return).

## **TRANSFER TAXES**

Transfer of securities are subject to the registration tax as follows: (i) public deeds and notarised deeds are subject to fixed registration tax at rate of EUR 200; (ii) private deeds are subject to registration tax only if a case of use occurs or in case of voluntary registration.

## **FINANCIAL TRANSACTION TAX**

Pursuant to Article 1, para. 491 and followings of Law No. 228 of 24 December 2012, the Italian Parliament introduced a financial transaction tax ("**FTT**") which applies to (a) the transfer of ownership of shares and other participating securities issued by Italian resident companies or of financial instruments representing the just mentioned shares and/or participating securities (irrespective of whether issued by Italian resident issuers or not) (the "**Relevant Securities**"), (b) transactions on financial derivatives (i) the main underlying assets of which are the Relevant Securities, or (ii) whose value depends mainly on one or more Relevant Securities, as well as to (c) any transactions on the securities (as set forth by article 1, paragraph 1-bis, letters c) and d), of the Legislative Decree No. 58 of 24 February 1998) (iii) which allow to mainly purchase or sell one or more Relevant Securities or (iv) implying a cash payment determined with main reference to one or more Relevant Securities.

Warrants and certificates are expressly included in the scope of application of the FTT if they meet the requirements set out above.

With specific reference to the transactions on securitised derivatives on the Relevant Securities (such as the warrants) the FTT is due, as of 1 July 2013, regardless of the tax residence of the parties and/or where the transaction is executed.

The FTT is levied at a fixed amount that varies depending on the nature of the relevant instrument and the notional value of the transaction, and ranges between EUR 0.01875 and EUR 200 per transaction. The amount of FTT payable is reduced to 1/5 of the standard rate in case the transaction is performed on regulated markets or multilateral trading facilities of an EU Member States and of the SEE, included in the so-called white list to be set out by a to-be-issued Ministerial Decree pursuant to Article 168-bis of Presidential Decree No. 917 of 22 December 1986 (for the time being reference shall be made to countries not qualifying as black list countries for Italian tax purposes).

In the case of physical settlement, the FTT is also due upon transfer of ownership rights of the underlying Relevant Securities.

The FTT on derivatives is due by each of the parties to the transactions. The FTT is not applied where one of the parties to the transaction is the European Union, the BCE, central banks of the EU Member States, foreign Central Banks or entities which manage the official reserves of a foreign State, or international

bodies or entities set up in accordance with international agreements which have entered into force in Italy. Further specific exemptions exist, inter alia, for (i) subjects who carry on market making activities; (ii) mandatory social security entities and pension funds set up according to Legislative Decree No. 252 of 5 December 2005; and (iii) intragroup transfers of the Relevant Securities.

The FTT shall be levied, and subsequently paid, to the Italian Revenue by the subject (generally a financial intermediary) that is involved, in any way, in the performance of the transaction. If more than one subject is involved in the execution of the transaction, the FTT is payable by the subject who receives the order of execution by the ultimate purchaser or counterparty. Intermediaries that are not resident in Italy but are liable to collect the FTT from the taxpayers and to pay it to the Italian Revenue can appoint an Italian tax representative for the purposes of the FTT. If no intermediary is involved in the performance of the transaction, the FTT must be paid directly by the taxpayers.

Prospective Holders of Warrants and Certificates are advised to consult their own tax advisers.

## **INHERITANCE AND GIFT TAXES**

Pursuant to Law Decree No. 262 of 3 October 2006, ("**Decree No. 262**"), converted into Law No. 286 of 24 November, 2006, the transfers of any valuable asset (including shares, bonds or other securities) as a result of death or donation are taxed as follows:

- (a) transfers in favour of spouses and direct descendants or direct ancestors are subject to an inheritance and gift tax applied at a rate of 4 per cent. on the value of the inheritance or the gift exceeding EUR1,000,000;
- (b) transfers in favour of relatives to the fourth degree or relatives-in-law to the third degree, are subject to an inheritance and gift tax applied at a rate of 6 per cent. on the entire value of the inheritance or the gift. Transfers in favour of brothers/sisters are subject to the 6 per cent. inheritance and gift tax on the value of the inheritance or the gift exceeding EUR100,000; and
- (c) any other transfer is, in principle, subject to an inheritance and gift tax applied at a rate of 8 per cent. on the entire value of the inheritance or the gift.

If the transfer is made in favour of persons with severe disabilities, the tax applies on the value of the entire inheritance or gift exceeding EUR1,500,000.00 for each beneficiary.

## **6. BELGIAN TAXATION**

*Prospective Holders of securities are advised to consult their own advisors as to the tax consequences of the purchase, ownership and disposal of securities, including the effect of any taxes under Belgian law. The present overview is only general information, which is not intended to deal with specific aspects of an investment in Notes, Certificates and/or Warrants. Potential investors are recommended to consult their tax advisor on basis of their own particular situation.*

### ***Belgian income taxes***

#### ***A. Notes***

The following summary describes the principal Belgian tax considerations with respect to the holding of Notes obtained by an investor in Belgium.

This information is of a general nature and does not purport to be a comprehensive description of all Belgian tax considerations that may be relevant to a decision to acquire, to hold and to dispose of the Notes. In some cases, different rules can be applicable. Furthermore, the tax rules can be amended in the future, possibly implemented with retroactive effect, and the interpretation of the tax rules may change.

### Belgian resident individual private investors

The following tax treatment applies to individual Belgian residents, subject to Belgian personal income tax (*Personenbelasting/Impôt des personnes physiques*). Other rules can however apply in special situations: when Notes are linked to the private investor's professional activity or when the taxpayer's transactions with respect to the Notes fall outside the scope of the normal management of their private estate.

Generally speaking, any amount paid by the Issuer in excess of the issuance price of the Notes at the maturity date or at early redemption, is taxable as interest.

Payments of interest on the Notes made through a paying agent in Belgium will in principle be subject to a 30 per cent. withholding tax in Belgium.. However, if the interest is paid outside Belgium without the intervention of a Belgian paying agent, the interest received (after deduction of any foreign withholding tax) has to be declared in the personal income tax return and will be taxed at the rate of 30 per cent.

In the viewpoint of the Belgian tax administration, structured notes always qualify as "fixed income securities" (Circular letter of 25 January 2013, AAFisc 3/2013). However, please be aware that depending on the characteristics, arguments are available to challenge this viewpoint of the Belgian tax administration; e.g. where the noteholder does not have any guarantee that the principal will be recovered and is not entitled to a guaranteed return either (this may e.g. be the case with fund linked notes if both the amount of principal and interest payable are dependent on the price or changes in the price of units or shares in a fund), it is arguable that such notes do not qualify as fixed income securities. A similar viewpoint has been adopted by the Belgium ruling committee in a particular case (decision 2015.632 of 3 May 2016).

If the Notes qualify as fixed income securities in the meaning of article 2, § 1, 8° Belgian Income Tax Code, the interest income of the notes is taxable in the hands of each successive noteholder based upon the duration that they have been holding the notes. This implies that the noteholders cannot avoid taxation by selling the note before maturity or before redemption by the issuer. According to the tax administration, the taxable event arises at the moment of sale if the noteholder transfers the note to someone other than the issuer. At this moment in time, no withholding tax is due, but the investor will have the duty to report his portion in the accrued interest in his personal income tax return (Circular letter of 25 January 2013, n° 12, 14). However, the viewpoint of the tax administration is criticized by the majority of the commentators and it has already been overruled in a decision of the Court of Antwerp (decision of 12 March 2002). According to the majority of the authors and the Court of Antwerp, the taxable event can only occur when the note is reimbursed to the final noteholder by the issuer. Before that moment in time, there is no certainty whether there actually is a taxable movable income.

Capital gains realised on the sale of the Notes, except for the *pro rata* of accrued interest in the case of fixed income securities, are in principle tax exempt.

If the Notes are repurchased (whether or not on the maturity date) by the Issuer, the capital gain is taxable as interest at the rate of 30 per cent. This taxation also applies if the Notes do not qualify as "fixed income securities".

The capital gains will however incur taxation at 33 per cent. (to be increased with communal surcharges) if they are realised in a way which exceeds "the normal management of one's private estate". Taxation of the capital gains will also occur if the Notes are held by the investor as assets of his professional activity (taxation at the marginal rate).

### Tax treatment in the hands of Belgian corporations

Corporate Noteholders who are subject to Belgian Corporate Income Tax (*Vennootschapsbelasting/Impôt des sociétés*) and who do not qualify for a special corporate tax regime (e.g. Sicavs, pension funds etc.) are subject to the following tax treatment with respect to the Notes.

Interest derived by Belgian corporate investors on the Notes and capital gains on the Notes will be subject to Belgian corporate income tax of 33.99 per cent. Realised capital losses are in principle deductible. Moreover, the tax deductibility of unrealised capital losses can be argued provided that the noteholder i) does not have any guarantee that the invested amount will be recovered, and ii) does not have any guaranteed return either (this situation may e.g. occur with fund linked notes if both the amount of principal and interest payable are dependent on the price or changes in the price of units or shares in a fund).

Interest payments to a Belgian company made through a paying agent in Belgium may qualify for exemption from withholding tax provided the note qualifies as similar to a bond loan and provided a certificate is delivered (articles 108 and 117, § 12 R.D./I.T.C.). When Belgian withholding tax was levied, such withholding tax is generally speaking creditable against the corporate income tax due and reimbursable provided the legal requirements for creditability are met.

#### Other legal entities

Legal entities who are Belgian residents for tax purposes and who are subject to Belgian tax on legal entities (*Rechtspersonenbelasting/impôt des personnes morales*) are subject to the following tax treatment with respect to the Notes.

Any amount paid by the Issuer in excess of the issuance price of the Notes at the maturity day or subsequent to early redemption is taxable as interest.

Payments of interest on the Notes made through a paying agent in Belgium will in principle be subject to a 30 per cent. withholding tax in Belgium and no further tax on legal entities will be due on the interest. If the interest is paid outside Belgium without the intervention of a Belgian paying agent and without the application of Belgian withholding tax, the legal entity itself is responsible for the payment of 30 per cent. withholding tax.

If the Notes qualify as fixed income securities in the meaning of article 2, § 1, 8° I.T.C., Belgian legal entities are taxable on the *pro rata* of accrued interest corresponding to the detention period in case of a realisation of the Notes between two interest payment dates or before maturity / reimbursement by the issuer.

Capital gains realised on the sale of the Notes are in principle tax exempt, unless the Notes are repurchased by the Issuer (in which case the capital gain is taxable as interest) and except for the *pro rata* of accrued interest in the case of fixed income securities, which is subject to Belgian withholding tax (30 per cent.), whereby the latter is due by the legal entity itself on basis of article 262, 5° I.T.C.

#### Special tax regimes

Under Belgian tax law, a number of entities such as qualifying pension funds and qualifying investment companies enjoy a special tax regime, whereby income out of investments (such as interest income and capital gains) is not taken into account for determining the taxable basis.

#### Non-resident investors

The interest income on the Notes paid through a Belgian intermediary will in principle be subject to a 30 per cent. withholding tax subject to such relief as may be available under applicable domestic and tax treaty provisions. However, an exemption is available under Belgian domestic provisions in case of payment of interest on the Notes through a (financial) intermediary established in Belgium, provided that such (financial) intermediary qualifies as a recognized credit institution, exchange company or clearing or settlement institution and pays the interest to non-resident beneficial owners directly, on the condition that such non-resident beneficial owner certifies that he or she (i) is a non-resident for Belgian income tax purposes, (ii) has not held the Notes as part of a taxable business activity in Belgium, and (iii) is the legal owner, or holds the usufruct of the Notes (art 230, 2°, b) ITC/92).

Moreover, the following exemptions apply in particular circumstances:

- i) An exemption is available under Belgian domestic provisions in case of payment of interest on the Notes through a (financial) intermediary established in Belgium, provided that such (financial) intermediary qualifies as a recognized credit institution, stock exchange company or clearing or settlement institution and pays the interest to certain qualifying credit institutions, financial intermediaries, clearing and settlement institutions or portfolio management companies established outside of Belgium, referred to in Article 261, par. 4 ITC/92).
- ii) A second exemption is available under Belgian domestic provisions in case of payment of interest on the Notes through a (financial) intermediary established in Belgium, provided that such (financial) intermediary qualifies as a recognized credit institution, stock exchange company or clearing or settlement institution and pays the interest to non-qualifying intermediaries, on the condition that such non-qualifying intermediary certifies that the beneficial owners (i) are non-residents for Belgian income tax purposes, (ii) have not held the Notes as part of a taxable business activity in Belgium, and (iii) are the legal owners, or hold the usufruct of the Notes (art 264bis ITC/92).
- iii) Depending on facts and circumstances, specific exemptions may apply on basis of the Royal Decree implementing the Income Tax Code.

The non-residents companies or professionals who use the debt instruments to exercise a professional activity in Belgium through a permanent establishment are subject to the same tax rules as the Belgian resident companies or Belgian professionals.

## ***B. Warrants***

The following summary describes the principal Belgian withholding tax considerations with respect to the holding of Warrants obtained by an investor following this offer in Belgium.

This information is of a general nature and does not purport to be a comprehensive description of all Belgian tax considerations that may be relevant to a decision to acquire, to hold and to dispose of the Warrants. In some cases, different rules can be applicable. Furthermore, the tax rules can be amended in the future, possibly implemented with retroactive effect, and the interpretation of the tax rules may change.

### *Belgian resident individual investor*

The following tax treatment applies to individual Belgian residents, subject to Belgian personal income tax (*Personenbelasting/Impôt des personnes physiques*). Other rules can however apply in special situations, e.g. when Warrants are linked to the private investor's professional activity (professional estate).

There are no income taxes due on the surplus values obtained by the Warrantholder through the sale of Warrants or the Exercise of Warrants, provided (i) the Warrants or assets qualify as portfolio values, and (ii) the surplus values were made within the normal management of the investor's estate (as set forth in article 90, 1° Belgian Income Tax Code).

If one or both of the conditions mentioned in i) and ii) are not met, the situation is the following i) surplus values on a sale of warrants are taxable at the rate of 33 per cent. (to be increased with communal surcharges) and ii) surplus values on the exercise of a warrant may be taxable (e.g. in the case of a put warrant) at the rate of 33 per cent. (to be increased with communal surcharges).

The tax aspects regarding the holding or sale of assets acquired through the exercise of Warrants depend on the nature of those assets.

### *Tax treatment in the hands of Belgian corporations*

The surplus values obtained by the Warrantholders through the sale of the Warrants are subject to corporate income tax. The losses on the warrants are in principle tax deductible.

The premium paid by the Call Warrant-holder is recorded on the balance sheet of the corporate investor. If the investor acquires shares subsequent to the exercise of a Warrant, the Warrant premium is added to the strike price for determining the value of the acquired shares.

The tax implications of i) surplus values obtained by the Warrantholders subsequent to the sale of assets which were acquired through the exercise of a call Warrant and ii) surplus values subsequent to the exercise of a put warrant, depend on the nature of the asset.

#### Other legal entities

Legal entities who are Belgian residents for tax purposes and who are subject to Belgian tax on legal entities (*Rechtspersonenbelasting/impôt des personnes morales*) are not taxed on the surplus values obtained through the sale of the Warrants or the exercise of the Warrants.

The tax aspects regarding the holding or sale of assets acquired through the exercise of Warrants depend on the nature of those assets.

#### Important note

Depending on facts and circumstances (e.g. in situations where a Warrant is cash settled), a Warrant may trigger taxable interest should the Warrant itself be (re-)characterized as some kind of a receivable. In such case, the Warrantholder may be taxed on any income derived from the Warrant according to the rules applicable to Notes.

Such (re-)characterization has in particular important fiscal consequences in the hands of a Belgian resident individual shareholder and in the hands of "other legal entities", as it may imply that any income derived from the Warrant is taxable as interest at the rate of 30 per cent.

### ***C. Certificates***

The following summary describes the principal Belgian tax considerations with respect to the holding of Certificates obtained by an investor following this offer in Belgium.

This information is of a general nature and does not purport to be a comprehensive description of all Belgian tax considerations that may be relevant to a decision to acquire, to hold and to dispose of the Certificates. Moreover, the Belgian tax regime described below only applies if the Certificates can be regarded to qualify as claim rights for Belgian tax purposes. Depending on the specific characteristics of the certificate, different rules may apply. Furthermore, the tax rules can be amended in the future, possibly implemented with retroactive effect, and the interpretation of the tax rules may change.

This summary does not describe the tax consequences for a holder of Certificates that are redeemable in exchange for, or convertible into shares, of the exercise, settlement or redemption of such Certificates and/or any tax consequences after the moment of exercise, settlement or redemption. Each prospective holder of Certificates should consult a professional adviser with respect to the tax consequences of an investment in the Certificates, taking into account the influence of any applicable rules.

#### Belgian resident individual investor

Individuals who are Certificate holders and who are Belgian residents for tax purposes, i.e. who are subject to Belgian personal income tax ("personenbelasting"; "impôt des personnes physiques"), are subject to the following tax treatment with respect to the Certificates in Belgium.

Other rules may be applicable in special situations, in particular when individuals resident in Belgium acquire the Certificates for professional purposes or when their transactions with respect to the Certificates fall outside the scope of the normal management of their own private estate, or should the Certificates not qualify as "portfolio values".

Payments of interest on the Certificates made through a paying agent in Belgium will in principle be subject to a 27 per cent withholding tax in Belgium (calculated on the interest received after deduction of any non-Belgian withholding taxes). For Belgian tax purposes, interest includes any amount paid by the Issuer in excess of the issuance price of the Certificates (e.g. at the redemption date or at early redemption). When withholding tax was applied, the Belgian resident investor no longer has the duty to report the interest in his personal income tax return.

Capital gains realised on the sale of the Certificates to a Party other than the Issuer, except in respect of that part of the sale price attributable to the pro rata interest component, are in principle tax exempt, provided that i) the Certificates qualify as "portfolio values", and ii) the capital gain results from a normal management of one's private estate. Capital losses on the Certificates are generally not tax deductible.

#### *Tax treatment in the hands of Belgian corporations*

Corporations or legal entities subject to Belgian corporate tax and who qualify as Belgian residents for tax purposes are subject to the following tax treatment with respect to the Certificates in Belgium.

Interest received by Belgian corporate investors on the Certificates and capital gains realised on the Certificates will be subject to Belgian corporate income tax of 33.99 per cent. Realised capital losses are in principle deductible. Interest payments on the Certificates made through a paying agent in Belgium may under certain circumstances qualify for exemption from withholding tax. The withholding tax that has been levied is creditable in accordance with the legal provisions.

#### *Other legal entities*

Non-corporate legal entities who are Belgian residents for tax purposes and who are subject to Belgian tax on legal entities ("Rechtspersonenbelasting/impôt des personnes morales") are subject to the following tax treatment with respect to the Certificates in Belgium.

Payments of interest on the Certificates made through a paying agent in Belgium will in principle be subject to a 30 per cent withholding tax in Belgium and no further tax on legal entities will be due on the interest.

However, if the interest is paid outside Belgium without the intervention of a Belgian paying agent and without the deduction of Belgian withholding tax, the legal entity itself is responsible for the deduction and payment of the 30 per cent. withholding tax.

Capital gains realised on the sale of the Certificates to a party other than the Issuer, except in respect of that part of the sale price attributable to the pro rata interest component, are in principle tax exempt.

Capital losses on the Certificates are generally not tax deductible.

#### ***Tax on Stock Exchange Transactions***

The sale and purchase of Notes on the secondary market through a professional Belgian intermediary are subject to 0.09 per cent. tax on stock exchange transactions. This tax applies to both the acquisition and the sale of the Notes. It is capped at € 1,300 per transaction and per party.

However, with respect to notes for which it is questionable that they can be regarded as "bonds" for the application of Belgian tax law, e.g. if the Noteholder does not have any guarantee that the principal will be recovered (this may e.g. be the case with fund etc. linked notes), such notes may not qualify for the 0.09 per cent. rate and may fall under the scope of the 0.27 per cent. rate (capped at €1,600 per transaction and per party).

The sale and purchase on the secondary market of Warrants through a professional intermediary is subject to a 0.27 per cent. tax on stock exchange transactions on the price, capped at € 1,600 per transaction and per party.

The sale and purchase on the secondary market of Certificates through a professional Belgian intermediary will be either subject to tax on stock exchange transactions at the rate of 0.27 per cent. (capped at € 1,600) or 0.09 per cent. (capped at € 650) depending on the characteristics of the certificate.

Since 1 January 2017, transactions concluded by Belgian resident individuals and Belgian resident companies or legal entities also trigger Belgian stock exchange tax if no Belgian intermediary intervened in the transaction (e.g. transactions on foreign securities account(s)). If the Belgian stock exchange tax is not reported and paid to the Belgian tax authorities by or on behalf of the foreign intermediary, the Belgian investor has the duty to report and pay the tax himself.

The acquisition of Notes or Warrants pursuant to their issuance is not subject to the tax.

Transactions carried out by a number of investors for their own account are exempt:

- intermediaries as mentioned in article 2, 9° and 10° of the Law of 2 August, 2002 on the supervision of the financial sector and financial services;
- insurance companies as mentioned in article 2, §1 of the Law of 9 July 1975 on the supervision of insurance companies;
- pension funds (*instellingen voor bedrijfspensioenvoorziening / institutions de retraite professionnelle*) as mentioned in article 2, 1° of the Act of 27 October 2006 on the supervision of pension funds;
- UCITS; and
- non-residents (subject to an affidavit of non-residency).

#### ***Tax on the physical delivery of bearer securities***

Since Belgian legislation provides a ban on the physical delivery of bearer securities since January 1<sup>st</sup> 2008 (article 4 of the Act of 14 December 2005), the tax of 0.6 per cent. on the physical delivery of bearer securities in Belgium will not be applicable.

#### ***Gift tax and inheritance tax***

Belgian tax legislation provides both gift tax and inheritance tax.

The rates vary depending on the Region in which the donor or the deceased has/had his residence (Brussels Region, Flemish Region, Walloon Region).

#### ***D. General remarks regarding the "Cayman tax" and the "speculation tax"***

##### ***Cayman Tax***

In August 2015, the Belgian government has enacted new legislation regarding the taxation of foreign private wealth structures. This legislation, commonly referred to as the "Cayman Tax", aims to introduce a tax transparent treatment of income generated through these structures as of 1 January 2015.

The following information with respect to this "Cayman tax" is of a general nature and does not purport to be a comprehensive description of all Belgian Cayman tax considerations that may be relevant to a decision to acquire, to hold and to dispose of the Notes, Warrants and Certificates. Furthermore, the tax rules can be amended in the future, possibly implemented with retroactive effect, and the interpretation of the tax rules may change.

Moreover, both the original Act regarding the Cayman Tax of 10 August 2015, the amendments by the Act of 26 December 2015 and the Royal Decree of 18 December 2015 are very recent. Given the complexity of the regime, many interpretational issues are still open.

The targeted foreign private wealth structures are referred to as "legal constructions". Two types of legal constructions exist:

- "legal relationships/arrangements" (type 1), which basically relates to Anglo-Saxon trusts, fiduciary contracts and similar structures on one hand, and;
- qualifying "legal entities" (type 2) on the other hand, which relates to companies, associations, foundations or other entities with legal personality.

If a certain arrangement would qualify as a "legal construction", the income received by the legal construction would *a priori* be deemed to be received by the "founder(s)" of the legal construction (or by so-called "third party beneficiaries"), if these persons would be considered residents for Belgian income tax purposes ("tax transparency").

In addition, the Belgian resident "founders" (individuals and Belgian legal entities subject to the tax regime for non-profit legal entities) have the duty to report in their personal income tax return that they have entitlements towards a legal construction, irrespective of whether they have actually received any benefit. Penalties (up to 6,250 Euros) may be applied if the reporting duty has not been complied with.

With respect to certain relationships (e.g. trust-like or fiduciary relationships), it cannot be excluded that they would be considered to fall within the scope of the very broad definition of "legal construction type 1". A "legal construction type 1" is defined as a "legal relationship or arrangement created by an act of the founder or by a court order, by which assets are placed under the control of a trustee in order to be administered in the interest of one or more beneficiaries or to a certain purpose" (free translation ).

The law further provides that, in order to be considered a "legal construction type 1", the legal relationship or arrangement has to dispose of the following characteristics (free translation):

- "the property title to the assets or to the entitlements from the "legal construction" has to be drafted in the name of the trustee or in the name of another person on behalf of the trustee;
- the assets of the "legal construction" have to form a separate estate and cannot be part of the estate of the trustee;
- The trustee has to have the authority and the duty, in respect of which he is accountable, to manage, administer or dispose of the goods in accordance with the provisions of the "legal construction"

Application of the Cayman tax would imply that the income relating to the instrument would be taxed directly in the hands of the person who constituted the legal construction or who has made contributions to the legal construction. The "founder" will have to report the legal construction in his tax return. Penalties (up to 6,250 Euros) may be applied if the reporting duty has not been complied with.

It should be emphasized that, given the many interpretational problems of the recent regime, prospective Holders of Securities are advised to consult their own advisors as to the Cayman tax (and the reporting duty) consequences with respect to their holding – given the involvement of the Trustee - of the Notes, Warrants and Certificates.

## **7. SPANISH TAXATION**

*The following discussion is of a general nature and is included herein solely for information purposes. It is based on the laws presently in force in Spain, though it is not intended to be, nor should it be construed to be, legal or tax advice. This section does not constitute a complete description of all the tax issues that may be relevant in making the decision to invest in the Securities or of all the tax consequences that may derive from the subscription, acquisition, holding, transfer, redemption or reimbursement of the Securities and does not purport to describe the tax consequences applicable to categories of investors subject to special tax rules. Prospective investors in the Securities should therefore consult their own professional advisers as to the effects of state, regional or local law in Spain, to which they may be subject.*

### **1. Spanish resident individuals**

#### **1.1 Notes and Certificates**

##### *Personal Income Tax*

Personal income tax is levied on an annual basis on the worldwide income obtained by Spanish resident individuals, whatever the source is and wherever the relevant payer is established. Therefore any income that Spanish holders of the Notes and Certificates may receive under the Notes and Certificates will be subject to Spanish taxation.

Both interest periodically received and income arising on the disposal, redemption or reimbursement of the Notes and Certificates obtained by individuals who are tax resident in Spain will be regarded as financial income for tax purposes (i.e. a return on investment derived from the assignment of own capital to third parties), regardless of whether is in kind or in cash, pursuant to Article 25 of Personal Income Tax Law 35/2006, of November 28.

Spanish holders of the Notes and Certificates shall compute the gross income obtained in the so called savings income tax base (*renta del ahorro*) of the tax period in which it is due, including amounts withheld, if any.

Income arising on the disposal, redemption or reimbursement of the Notes and Certificates will be calculated as the difference between: (a) their disposal, redemption or reimbursement value; and (b) their acquisition or subscription value. Costs and expenses effectively borne by the holder on the acquisition and transfer of the Notes and Certificates may be taken into account for calculating the relevant taxable income, provided that they can be duly justified. Likewise, expenses relating to the management and deposit of the Notes and Certificates, if any, will be tax-deductible, excluding those pertaining to discretionary or individual portfolio management.

The savings income tax base is subject to personal income tax at the following tax rates: 19% on the first €6,000, 21% on the amount exceeding €6,000 up to €50,000, and 23% on the amount exceeding €50,000.

Losses that may derive from the transfer of the Notes and Certificates cannot be offset if the investor acquires homogeneous securities within the two-month period prior or subsequent to the transfer of the Notes and Certificates, until the investor transfers such homogeneous securities.

Additionally, tax credits to prevent international double taxation may apply in respect of taxes paid outside Spain on income deriving from the Notes and Certificates, if any.

### *Wealth Tax*

Royal Decree-Law 3/2016, of 2 December 2016 has extended the effects of Wealth Tax for tax period 2017.

Spanish tax resident individuals are subject to an annual Wealth Tax on the net worth of their individual's assets and rights, regardless of where are located, to the extent that their net worth exceeds €700,000 (it being noted that a different tax exempt amount may be approved the relevant Spanish Autonomous Region). Therefore, Spanish holders of the Notes and Certificates must take into account the value of the Notes and Certificates which they hold as at 31 December each year when calculating their Wealth Tax liabilities.

The marginal rates range between 0.2% and 2.5% and some reductions could apply. However, Spanish tax resident holders should take into account the specific tax regulations approved by their respective Spanish Autonomous Region, as some of them provides a full relief for Wealth Tax.

### *Inheritance and Gift Tax*

Individuals resident in Spain for tax purposes who acquire ownership or other rights over the Notes and Certificates by inheritance, gift or legacy shall be subject to Spanish Inheritance and Gift Tax in accordance with applicable Spanish regional and State tax rules. The applicable tax rates range between 7.65% and 34% depending on the particular circumstances. This is nevertheless subject to the specific rules approved by the relevant Spanish Autonomous Regions with respect to this tax.

## **1.2 Warrants**

### *Personal Income Tax*

The following taxation considerations are based on the understanding that the Warrants should be treated as an option for Spanish tax purposes, therefore deriving capital gains or losses, as opposed to a debt instrument deriving income from the assignment of capital to third parties. If the Warrants were treated as a debt instrument for Spanish tax purposes, the applicable tax treatment would be the same as described for the Notes and Certificates.

The premium or amount paid for the subscription or acquisition of the Warrants would not be considered as a deductible expense, but as the acquisition value, which would include the expenses and commissions, inherent to the acquisition, paid by the acquirer.

Income obtained by the holders of the Warrants covered by this Base Prospectus on their transfer before the expiration date, will be considered as capital gains or losses in accordance with the provisions of the Spanish Personal Income Tax Law. The gain or loss shall be calculated as a difference between the transfer value, once any expenses and commissions paid by the taxpayer have been deducted, and the acquisition value, as defined above.

Upon the exercise of the Warrants, income obtained would be considered as a capital gain or loss, which will be calculated as the difference between (i) the settlement price or amount, once any expenses and commissions paid by the taxpayer have been deducted, and (ii) the acquisition value, as defined above.

Capital gains derived from the transfer or exercise of the Warrants will be included in the savings income tax base (renta del ahorro), which is subject to Personal Income Tax at the following tax rates: 19% on the first €6,000, 21% on the amount exceeding €6,000 up to €50,000, and 23% on the amount exceeding €50,000.

Failure to exercise any Warrants on the expiration date would give rise to a capital loss on the acquisition value.

Losses that may derive from the transfer of the Warrants cannot be offset if the investor acquires homogeneous securities within the two-month period prior or subsequent to the transfer of the Warrants, until the investor transfers such homogeneous securities.

Capital losses may offset capital gains obtained during the tax period included in the savings income tax base. The excess, if any, may be offset against the positive balance of capital gains and losses derived from the transfer of assets or rights within the following four years. Since 1 January 2015 it is allowed to offset the excess of capital losses with the positive balance of the income from the assignment of capital to third parties, up to 25% of this positive balance (this limit shall be 20% in tax year 2017). Any remaining excess can offset the positive balance of the income from the assignment of capital to third parties within the following four years, up to the same limit.

### *Wealth Tax*

Royal Decree-Law 3/2016, of 2 December 2016 has extended the effects of Wealth Tax for tax period 2017.

Spanish tax resident individuals are subject to an annual Wealth Tax on the net worth of their individual's assets and rights, regardless of where are located, to the extent that their net worth exceeds €700,000 (it being noted that a different tax exempt amount may be approved the relevant Spanish Autonomous Region). Therefore, Spanish holders of the Warrants must take into account the value of Warrants they hold as at 31 December each year when calculating their Wealth Tax liabilities.

The marginal rates range between 0.2% and 2.5% and some reductions could apply. However, Spanish tax resident holders should take into account the specific tax regulations approved by their respective Spanish Autonomous Region, as some of them provides a full relief for Wealth Tax.

### *Inheritance and Gift Tax*

Individuals resident in Spain for tax purposes who acquire ownership or other rights over the Warrants by inheritance, gift or legacy shall be subject to Spanish Inheritance and Gift Tax in accordance with applicable Spanish regional and State tax rules. The applicable tax rates range between 7.65% and 34% depending on the particular circumstances. This is nevertheless subject to the specific rules approved by the relevant Spanish Autonomous Regions with respect to this tax.

## **2. Legal Entities with Tax Residence in Spain**

### **2.1 Notes and Certificates**

#### *Corporate Income Tax*

Both interest periodically received and income arising on the disposal, redemption or reimbursement of the Notes and Certificates obtained by entities which are resident for tax purposes in Spain shall be computed as taxable income of the tax period in which they accrue.

The general tax rate for Spanish Corporate Income Tax taxpayers is 25%. However, please note that newly incorporated entities that develop economic activities are taxed at a 15% tax rate in the first taxable year in which their taxable base is positive and in the next one. Also, special rates apply in respect of certain types of entities.

Tax credits to prevent international double taxation may apply in respect of taxes paid outside Spain on income deriving from the Notes and Certificates, if any.

## **2.2 Warrants**

### *Corporate Income Tax*

The premium or amount paid for the subscription or acquisition of the Warrants would not be considered as a deductible expense, but as the acquisition value, which would include the expenses and commissions, inherent to the acquisition, paid by the acquirer.

If the Warrants are transferred, the accounting result deriving from this transfer, calculated as the difference between the price received, once any expenses and commissions paid by the taxpayer have been deducted, and the acquisition value, as defined above, shall be treated as taxable income subject to Corporate Income Tax under the general provisions described for the Notes and Certificates.

Upon the exercise of the Warrants, the income obtained, calculated as the difference between (i) the settlement price or amount, once any expenses and commissions paid by the taxpayer have been deducted, and (ii) the acquisition value, as defined above, shall be treated as taxable income subject to Corporate Income Tax under the general provisions described for the Notes and Certificates. If the exercise of the Warrants results in the acquisition of shares or other securities, no taxable income should arise for the investor until these shares or securities are transferred.

If the Warrants are not exercised at maturity, the investor shall obtain a tax deductible negative income amounting to the acquisition value of the Warrants.

## **3. Non-resident investors with a permanent establishment in Spain**

### **3.1 Notes and Certificates**

A non-resident holder of the Notes and Certificates, who has a permanent establishment in Spain to which such Notes and Certificates are effectively connected with, is subject to Spanish Non-Residents' Income Tax on any income under the Notes and Certificates, including both interest periodically received and income arising on the disposal, redemption or reimbursement of the Notes and Certificates. In general terms, the tax rules applicable to individuals and entities non-resident in Spain acting through a permanent establishment in Spain are the same as those applicable to Corporate Income Tax taxpayers (explained above).

### **3.2 Warrants**

A non-resident holder of the Warrants, who has a permanent establishment in Spain to which such Warrants are effectively connected with, is subject to Spanish Non-Residents' Income Tax on any income or gain derived from the Warrants, in a similar way than applicable to Spanish tax resident Corporate Income Tax taxpayers (explained above).

## **4. Spanish withholding tax**

We note that, under Spanish tax law, the Issuer should not be obliged to deduct withholdings on account of Spanish income taxes since it is not a Spanish tax resident entity and does not have a permanent establishment in Spain to which the issue of the Securities is connected.

However, where a financial institution (either resident in Spain or acting through a permanent establishment in Spain) acts as depositary of the Notes or Certificates or intervenes as manager in the collection of any income under the Notes and Certificates, such financial institution will be responsible for making the relevant withholding on account of Spanish tax on any income deriving from the Notes and Certificates (income from Warrants will not be subject to withholding tax in Spain). To this effect income deriving from the Notes and Certificates includes not only interest payments but also income arising from the disposal, redemption or reimbursement of the Notes and Certificates, if any.

The withholding tax rate in Spain is 19 per cent. Amounts withheld in Spain, if any, can be credited against the final Spanish Personal Income Tax liability, in the case of Spanish tax resident individuals, or against

final Spanish Corporate Income Tax liability, in the case of Spanish corporate, or against final Non-Residents' Income Tax, in the case of a Spanish permanent establishment of a non-resident holder of the Notes and Certificates.

Holders of the Notes and Certificates who are Corporate Income Tax taxpayers or Non-Residents' Income Tax taxpayers acting through a permanent establishment in Spain to which the Notes and Certificates are effectively connected with can benefit from a withholding tax exemption when the Notes and Certificates are (i) traded in an OECD official stock exchange, or (ii) represented in book-entry form and admitted to trading in a Spanish secondary stock exchange or in the Alternative Fixed Income Securities Market (MARF).

Additionally, Spanish tax resident individuals holders of the Notes and Certificates can benefit from a withholding tax exemption in respect of the income arising from the transfer or repayment of the Notes and Certificates if the Notes and Certificates are represented in book-entry form and admitted to trading in a Spanish secondary stock exchange. However, under certain circumstances, when a transfer of the Notes and Certificates has occurred within the 30-day period immediately preceding any relevant interest payment date, the withholding tax exemption may not be applicable.

Furthermore, such financial institution may become obliged to comply with the formalities set out in the Regulations on Spanish Personal Income Tax and Corporate Income Tax when intervening in the transfer or reimbursement of the Notes and Certificates.

## **5. Payments made by the Guarantor**

With respect to payments made by a non-Spanish Guarantor (if applicable) to Spanish resident holders of Securities or non-resident holders with a permanent establishment in Spain to which the Securities are effectively connected, our understanding of Spanish tax law is that such payments should be treated as a payment made by the Issuer, and thus should be subject to the Spanish tax regime described in the previous paragraphs.

## **6. Indirect taxation**

No Transfer Tax, Stamp Duty or Value Added Tax shall be payable in Spain in connection with the acquisition, transfer, redemption, reimbursement and exchange of the Securities.

## **7. Reporting obligations to the Spanish Tax Authorities**

Spanish resident holders of Securities or non-resident holders with a permanent establishment in Spain to which the Securities are effectively connected should seek advice from their tax advisor as to whether they should include the Securities in the annual reporting (Form 720) to the Spanish Tax Authorities declaring the assets and rights held outside Spain.

## **8. U.S. HIRING INCENTIVES TO RESTORE EMPLOYMENT ACT WITHHOLDING**

The U.S. Hiring Incentives to Restore Employment Act introduced Section 871(m) of the U.S. Internal Revenue Code of 1986 (the "**Code**") which treats a "dividend equivalent" payment as a dividend from sources within the United States. Under Section 871(m), such payments generally would be subject to a 30 per cent. U.S. withholding tax that may be reduced by an applicable tax treaty, eligible for credit against other U.S. tax liabilities or refunded, provided that the beneficial owner timely claims a credit or refund from the U.S. Internal Revenue Service (the "**IRS**"). A "dividend equivalent" payment is (i) a substitute dividend payment made pursuant to a securities lending or a sale-repurchase transaction that (directly or indirectly) is contingent upon, or determined by reference to, the payment of a dividend from sources within the United States, (ii) a payment made pursuant to a "specified notional principal contract" that (directly or indirectly) is contingent upon, or determined by reference to, the payment of a dividend from sources within the United States, and (iii) any other payment determined by the IRS to be substantially similar to a payment described in (i) and (ii). U.S. Treasury regulations issued under Section 871(m) (together with any amendments or official guidance relating thereto, the "**Section 871(m) Regulations**")

will, when effective, require withholding on certain non-U.S. holders of the Securities with respect to amounts treated as attributable to dividends from certain U.S. securities. Under the Section 871(m) Regulations, only a Security that has an expected economic return sufficiently similar to that of the underlying U.S. security, as determined on the Security's issue date based on tests set forth in the Section 871(m) Regulations, will be subject to the Section 871(m) withholding regime (making such Security a Specified Security). The Section 871(m) Regulations provide certain exceptions to this withholding requirement, in particular for instruments linked to certain broad-based indices.

Withholding in respect of dividend equivalents will generally be required when cash payments are made on a Specified Security or upon the date of maturity, lapse or other disposition by the non-U.S. holder of the Specified Security. If the underlying U.S. security or securities are expected to pay dividends during the term of the Specified Security, withholding generally will still be required even if the Specified Security does not provide for payments explicitly linked to dividends. If the Issuer or any withholding agent determines that withholding is required, neither the Issuer nor any withholding agent will be required to pay any additional amounts with respect to amounts so withheld.

The Section 871(m) Regulations generally apply to Specified Securities issued on or after 1 January 2017. If the terms of a Security are subject to a "significant modification" (as defined for U.S. Tax purposes) the Security generally would be treated as retired and reissued on the date of such modification for purposes of determining, based on economic conditions in effect at that time, whether such Security is a Specified Security. Similarly, if additional Securities of the same series are issued (or deemed issued for U.S. tax purposes, such as certain sales of Securities out of inventory) after the original issue date, the IRS could treat the issue date for determining whether the existing Securities are Specified Securities as the date of such subsequent sale or issuance. Consequently, a previously "grandfathered Security" or otherwise out of scope Security might become a Specified Security following such modification or further issuance.

The applicable Final Terms will indicate whether the Issuer has determined that Securities are Specified Securities and will specify contact details for obtaining additional information regarding the application of Section 871(m) to such Securities. If Securities are Specified Securities, a non-U.S. holder of such Securities should expect to be subject to withholding in respect of any dividend-paying U.S. securities underlying those Securities. The Issuer's determination is binding on non-U.S. holders of the Securities, but it is not binding on the IRS. The Section 871(m) Regulations require complex calculations to be made with respect to Securities linked to U.S. securities and their application to a specific issue of Securities may be uncertain. Prospective investors should consult their tax advisers regarding the potential application of Section 871(m) to the Securities.

If so specified in the Final Terms, the Issuer will arrange for withholding under Section 871(m) to be imposed on any dividend equivalent payment with respect to a Specified Security at a rate of 30 per cent., regardless of any exemption from, or reduction on, such withholding otherwise available under applicable law (including, for the avoidance of doubt, where a non-U.S. holder is eligible for a reduced rate under an applicable tax treaty with the United States). A non-U.S. holder may be able to claim a refund of any excess withholding provided the required information is timely furnished to the IRS. Refund claims are subject to U.S. tax law requirements and there can be no assurance that a particular refund claim will be timely paid or paid at all.

## SUBSCRIPTION, SALE AND TRANSFER RESTRICTIONS

The Dealers have, in a dealer agreement (the "**Dealer Agreement**", which expression includes the same as it may be updated or supplemented from time to time) dated 6 February 2009 as most recently amended and restated on 26 September 2017, agreed with the Issuer a basis upon which they (or any one of them) may from time to time agree to purchase Securities. Any such agreement will extend to those matters stated under "Form of the Notes", in the Terms and Conditions of the Notes, in the Terms and Conditions of the Warrants and in the Terms and Conditions of the Certificates above. In the Dealer Agreement, the Issuer has agreed to reimburse the Dealers for certain of their expenses in connection with the establishment and any future update of the Programme and the issue of Securities under the Programme and to indemnify the Dealers against certain liabilities incurred by them in connection therewith.

*The following selling restrictions may be modified by the Issuer and the relevant Dealer(s) following a change in the relevant law, regulation or directive and in certain other circumstances as may be agreed between the Issuer and the relevant Dealer(s). Any such modification will be set out in a Supplement to this Base Prospectus and (if applicable) the syndication agreement in respect of the Series (and/or Tranche, as the case may be) to which it is related.*

### **Selling Restrictions: Jurisdictions outside the European Economic Area**

#### ***United States***

##### ***Selling Restrictions***

Neither the Securities, the Guarantee nor any Entitlement to be delivered upon the exercise or redemption of Physical Delivery Securities have been or will be registered under the Securities Act or under any state securities laws, and may not be offered, sold, delivered or exercised within the United States or to, or for the account or benefit of, U.S. persons. Trading in the Securities has not been approved by the U.S. Commodity Futures Trading Commission under the United States Commodity Exchange Act, as amended.

The Notes in bearer form are subject to U.S. tax law requirements and may not be offered, sold or delivered within the United States or its possessions or to a United States person, except in certain transactions permitted by U.S. tax regulations. Terms used in this paragraph have the meanings given to them by the U.S. Internal Revenue Code of 1986, as amended and regulations thereunder.

Each Dealer has represented and agreed, and each further Dealer appointed under the Programme will be required to represent and agree, that it will offer, sell or deliver such Securities only in accordance with Rule 903 of Regulation S under the Securities Act and all applicable U.S. state securities laws. Each Dealer has further agreed, and each further Dealer appointed under the Programme will be required to agree, that it will send to each dealer to which it sells any Securities during the distribution compliance period a confirmation or other notice setting forth the restrictions on offers and sales of the Securities within the United States or to, or for the account or benefit of, U.S. persons. Terms used in this paragraph have the meanings given to them by Regulation S under the Securities Act.

Notes that constitute "registration required obligations" under the United States Tax Equity and Fiscal Responsibility Act of 1982, the U.S. Tax Code, or U.S. Treasury regulations and are not considered to be in "registered form" for U.S. federal income tax purposes ("**TEFRA Notes**") are subject to U.S. tax law requirements and may not be offered, sold or delivered within the United States or its possessions or to or for the account or benefit of a United States person except in compliance with (U.S. Treas. Reg. §1.163-5(c)(2)(i)(D) or any successor rules in substantially the same form that are applicable for purposes of Section 4701 of the U.S. Tax Code (the "**TEFRA D Rules**").

In this regard, with respect to TEFRA Notes issued in compliance with the TEFRA D Rules, the Issuer and each Dealer and each other Dealer or purchaser (as the case may be) has represented and agreed, and each

additional Dealer appointed under the Programme will be deemed to represent and agree, that in addition to the relevant U.S. securities selling restrictions set forth herein:

- (a) except to the extent permitted under the TEFRA D Rules, (x) it has not offered or sold, and during the restricted period it will not offer or sell, TEFRA Notes in bearer form to a person who is within the United States or its possessions or to a United States person and (y) it has not delivered and agrees that it will not deliver within the United States or its possessions definitive TEFRA Notes that will be sold during the restricted period;
- (b) it has and agrees that throughout the restricted period it will have in effect procedures reasonably designed to ensure that its employees or agents who are directly engaged in selling TEFRA Notes are aware that TEFRA Notes may not be offered or sold during the restricted period to a person who is within the United States or its possessions or to a United States person (except to the extent permitted under the TEFRA D Rules);
- (c) if it is a United States person, it is acquiring the TEFRA Notes for purposes of resale in connection with their original issuance, and if it retains TEFRA Notes for its own account, it will do so in accordance with the requirements of the TEFRA D Rules;
- (d) with respect to each affiliate or distributor that acquires TEFRA Notes from the Issuer or any Dealer for the purpose of offering or selling such TEFRA Notes during the restricted period, the Issuer or Dealer either repeats and confirms the representations and agreements contained in subclauses (a), (b), and (c) above on such affiliate's or distributor's behalf or agrees that it will obtain from such affiliate or distributor for the benefit of Issuer or Dealer the representations and agreements contained in such subclauses; and
- (e) it has not and agrees that it will not enter into any written contract (other than confirmation or other notice of the transaction) pursuant to which any other party to the contract (other than one of its affiliates or another Dealer) has offered or sold, or during the restricted period will offer or sell, any TEFRA Notes except where pursuant to the contract the Dealer has obtained or will obtain from that party, for the benefit of Issuer and the Dealer, the representations contained in, and that party's agreement to comply with, the provisions of subclauses (a), (b), (c) and (d).

Terms used in this section shall have the meanings given to them by the Internal Revenue Code and the regulations thereunder, including the TEFRA D Rules.

On March 18, 2010, the Hiring Incentives to Restore Employment Act (the "**HIRE Act**") was signed into law by President Barack Obama, which, among things, repeals the TEFRA D Rules for TEFRA Notes originally issued after March 18, 2012. However, in Notice 2012-20, the U.S. Department of Treasury and the U.S. Internal Revenue Service indicated that they intend to provide in regulations that rules identical to the TEFRA D Rules will apply to non-US issuers of TEFRA Notes for purposes of establishing an exemption from the excise tax imposed by Section 4701 of the U.S. Tax Code. (The amount of the excise tax is one per cent. of the principal amount of the obligation, multiplied by the number of calendar years until the obligation reaches maturity.) Consequently, TEFRA Notes issued in accordance with the TEFRA D Rules should continue to be treated as "foreign targeted obligations" that are exempt from the excise tax.

Until 40 days after the commencement of the offering of any Series of Securities, an offer or sale of such Securities within the United States by any dealer (whether or not participating in the offering) may violate the registration requirements of the Securities Act.

Each issuance of Securities, whether linked to an Underlying Reference, Physical Delivery Notes, Physical Delivery Certificates or Physical Delivery Warrants or otherwise, as the case may be, shall be subject to such additional U.S. selling restrictions as the Issuer and the relevant Dealer may agree as a term of the issuance and purchase of such Securities, which additional selling restrictions shall be set out in the applicable Final Terms.

The issuance of the Securities was not designed to comply with the U.S. Risk Retention Rules other than the "foreign safe harbor" exemption under the U.S. Risk Retention Rules, and no other steps have been taken by the Issuer, BNPP, any Dealer or any of their affiliates or any other party to accomplish such compliance.

As part of the initial distribution of the Securities of each Series, such Securities may not be purchased by any person except for persons that are not "U.S. persons" as defined in the U.S. Risk Retention Rules, or "Risk Retention U.S. Persons". **"U.S. Risk Retention Rules"** means Regulation RR (17 C.F.R Part 246) implementing the risk retention requirements of Section 15G of the U.S. Securities Exchange Act of 1934, as amended. Prospective investors should note that, although the definition of "U.S. person" in the U.S. Risk Retention Rules is very similar to the definition of "U.S. person" in Regulation S, there are substantial differences between the two definitions and that persons who are not "U.S. persons" under Regulation S may be "U.S. persons" under the U.S. Risk Retention Rules.

Each purchaser of Securities, including beneficial interests in such Securities shall be deemed to have made the following representations: that it (1) is not a Risk Retention U.S. Person, (2) is acquiring such Securities or a beneficial interest in such Securities for its own account and not with a view to distribute such Securities, or, in the case of a distributor, will only distribute such Securities to a person which is not a Risk Retention U.S. Person, and (3) is not acquiring such Securities or a beneficial interest in such Securities as part of a scheme to evade the requirements of the U.S. Risk Retention Rules.

Notwithstanding the foregoing, the Issuer may sell a limited portion of such Notes to, or for the account or benefit of, Risk Retention U.S. Persons under an exemption from the U.S. Risk Retention Rules.

- (f) that if it should resell or otherwise transfer the Securities, it will do so only outside the United States to or for the account of non-U.S. persons in compliance with Rule 903 or 904 of Regulation S under the Securities Act and in accordance with all applicable U.S. state securities laws and it acknowledges that the global Notes, Global Warrants and Global Certificates will bear a legend to the following effect unless otherwise agreed to by the Issuer:

"THE [NOTES REPRESENTED BY THIS SECURITY]/[WARRANTS REPRESENTED BY THIS SECURITY AND SECURITIES TO BE ISSUED UPON ITS EXERCISE]/[CERTIFICATES REPRESENTED BY THIS SECURITY] HAVE NOT BEEN AND WILL NOT BE REGISTERED UNDER THE U.S. SECURITIES ACT OF 1933, AS AMENDED (THE "**SECURITIES ACT**"), OR ANY OTHER APPLICABLE U.S. STATE SECURITIES LAWS AND, ACCORDINGLY, MAY NOT BE [OFFERED, TRANSFERRED, DELIVERED OR SOLD WITHIN THE UNITED STATES OR TO, OR FOR THE ACCOUNT OR BENEFIT OF, U.S. PERSONS]/ [OFFERED, SOLD, TRANSFERRED, DELIVERED OR EXERCISED WITHIN THE UNITED STATES OR TO, BY, OR FOR THE ACCOUNT OR BENEFIT OF, U.S. PERSONS]. THE ISSUER HAS NOT REGISTERED, AND DOES NOT INTEND TO REGISTER, AS AN INVESTMENT COMPANY UNDER THE U.S. INVESTMENT COMPANY ACT OF 1940. THE FOREGOING TRANSFER RESTRICTIONS ARE INTENDED TO ENSURE THAT THE ISSUER IS NOT REQUIRED TO REGISTER AS AN INVESTMENT COMPANY AND ANY TRANSFER IN VIOLATION OF THE FOREGOING TRANSFER RESTRICTIONS WILL BE VOID."; and

- (g) that the Issuer and others will rely upon the truth and accuracy of the foregoing acknowledgements, representations and agreements and agrees that if any of such acknowledgements, representations or agreements made by it are no longer accurate, it shall promptly notify the Issuer; and if it is acquiring any Securities as a fiduciary or agent for one or more accounts it represents that it has sole investment discretion with respect to each such account and that it has full power to make the foregoing acknowledgements, representations and agreements on behalf of each such account. Each purchaser and each subsequent holder is required to notify any transferee of the restructuring or transfer set forth above.

#### ***European Economic Area***

Please note that in relation to EEA States, additional selling restrictions may apply in respect of any specific EEA State, including those set out below in relation to Belgium, France, Italy, Luxembourg, Poland, Portugal, Romania, Spain and the United Kingdom.

- (b) at any time to any legal entity which is a qualified investor as defined in the Prospectus Directive;

For the purposes of this provision, the expression an "**offer of Securities to the public**" in relation to any Securities in any Relevant Member State means the communication in any form and by any means of sufficient information on the terms of the offer and the Securities to be offered so as to enable an investor to decide to purchase or subscribe for the Securities, as the same may be varied in that Member State by any measure implementing the Prospectus Directive in that Member State and the expression "**Prospectus Directive**" means Directive 2003/71/EC (and amendments thereto, including the 2010 PD Amending Directive, to the extent implemented in the Relevant Member State), and includes any relevant implementing measure in the Relevant Member State and the expression "**2010 PD Amending Directive**" means Directive 2010/73/EU.

Article 30 of the Italian Financial Services Act permits the promotion and placement to the public in the Republic of Italy of financial instruments in a place other than the registered office or establishments of the issuer, the offeror or the appointed person carrying out such promotion and/or placement, under certain conditions. Such activity is referred in the Italian Financial Services Act as "door-to-door selling" (*offerta fuori sede*). Pursuant to paragraph 6 of Article 30 of the Italian Financial Services Act, all door-to-door selling of financial instruments must be accompanied by a clear indication to investors that they have a right of withdrawal from any contract entered into pursuant to door-to-door selling, exercisable within a period of seven days from the date of subscription by the investor. Within such period, contracts entered into pursuant to door-to-door selling shall not be enforceable, and investors may exercise their withdrawal right without payment of any charge or commission by contacting the offeror or appointed person with

Failure to indicate such right of withdrawal in the relevant forms given to investors shall result in the nullity of the related contracts, which may be enforced only by the relevant customer. If so specified in the applicable Final Terms, a non-exempt offer of Securities in the Republic of Italy may be made using door-to-door selling in accordance with Article 30 of the Italian Financial Services Act during the period specified in such Final Terms. - (c) any intermediary subsequently reselling the Securities is entitled to rely upon the prospectus published by the issuer or the person responsible for drawing up a prospectus as long as this is valid, duly supplemented in accordance with the Italian Financial Services Act and CONSOB Regulation No. 11971 and provided that the issuer or the person responsible for drawing up such prospectus have given their written consent to its use.
