

## BASE PROSPECTUS

### SecurAsset

*(a public limited liability company (société anonyme) incorporated under the laws of the Grand Duchy of Luxembourg, having its registered office at 20, rue de la Poste, Luxembourg L-2346 and registered with the Luxembourg trade and companies register under number B 144385)*

### Secured Note, Warrant and Certificate Programme

Under this €20,000,000,000 Secured Note, Warrant and Certificate Programme (the "**Programme**"), SecurAsset S.A. (the "**Issuer**" or "**SecurAsset**") may from time to time issue notes (the "**Notes**"), warrants (the "**Warrants**") or certificates (the "**Certificates**" and, together with the Notes and Warrants, the "**Securities**"), in the case of Notes or Certificates denominated, or in the case of Warrants, issued and exercisable in any currency agreed by the Issuer and the relevant Dealer (as defined below). The Issuer is subject to the Grand Duchy of Luxembourg ("**Luxembourg**") act dated 22 March 2004 on securitisation, as amended (the "**Securitisation Act 2004**"). Under the Securitisation Act 2004, the Issuer, as a regulated entity within the meaning of the Securitisation Act 2004, is entitled to issue Securities or shares to the public on an ongoing basis. Shares will not be issued under this Base Prospectus. The maximum aggregate nominal amount of all Notes from time to time outstanding will not exceed €20,000,000,000 (or its equivalent in other currencies calculated as described in the Dealer Agreement, as defined below) or such greater amount as is agreed between the parties in the dealer agreement dated 6 February 2009 as most recently amended and restated on 26 September 2017 (the "**Dealer Agreement**", which expression includes the same as it may be modified and/or supplemented and/or restated from time to time).

The Securities may be issued to BNP Paribas Arbitrage S.N.C. (in its capacity as Dealer) and may be issued to any additional dealer appointed under the Programme from time to time (each a "**Dealer**" and together the "**Dealers**"). The terms and conditions of the Notes (the "**Terms and Conditions of the Notes**") are set out in "*Terms and Conditions of the Notes*". Notes may be issued in bearer form ("**Bearer Notes**") or registered form ("**Registered Notes**"). The terms and conditions of the Warrants (the "**Terms and Conditions of the Warrants**") are set out in "*Terms and Conditions of the Warrants*" and the terms and conditions of the Certificates (the "**Terms and Conditions of the Certificates**") and together with the Terms and Conditions of the Notes and the Terms and Conditions of the Warrants, the "**Conditions**") are set out in "*Terms and Conditions of the Certificates*".

Application has been made to the *Commission de Surveillance du Secteur Financier* (the "**CSSF**") to approve this document as a base prospectus in its capacity as competent authority under the Luxembourg act dated 10 July 2005 on prospectuses for securities (the "**Prospectus Act 2005**") which implemented Directive 2003/71/EC of the European Parliament and of the Council of the European Union, as amended, (the "**Prospectus Directive**") in Luxembourg. In addition, application has been made to the Luxembourg Stock Exchange for Securities issued under the Programme to be admitted to trading on the Luxembourg Stock Exchange's regulated market, which is a regulated market for the purposes of European Directive 2004/39/EC, and to be listed on the Official List of the Luxembourg Stock Exchange. In accordance with Article 7(7) of the Prospectus Act 2005, the CSSF gives no undertakings as to the economic and financial soundness of the operation or the quality or solvency of the Issuer.

The Securities will be issued in Series (as defined in the Conditions). Notice of the aggregate nominal amount of a Series of Notes, the interest (if any) payable in respect of such Notes, the issue price of the Notes and any other terms and conditions not contained herein which are applicable to that Series (and/or Tranche, as the case may be) (as defined in the Conditions) of Notes will be completed in respect of those Notes in a final terms document (the "**Notes Final Terms**") which (except in the case of Private Placement Notes (as defined below)) will be filed with the CSSF. Notice of the aggregate number and type of a Series of Warrants, the exercise period or exercise date of the Warrants, the issue price of the Warrants and any other terms and conditions not contained herein which are applicable to each Series (and/or Tranche, as the case may be) of Warrants will be completed in a final terms document (the "**Warrant Final Terms**") which (except in the case of Private Placement Warrants (as defined below)) will be filed with the CSSF. Notice of the aggregate notional amount of a Series of Certificates, the interest (if any) payable in respect of such Certificates, the issue price of the Certificates and any other terms and conditions not contained herein which are applicable to each Series (and/or Tranche, as the case may be) of Certificates will be completed in a final terms document (the "**Certificates Final Terms**") and, together with the Notes Final Terms and Warrant Final Terms, referred to in this Base Prospectus as the "**Final Terms**") which (except in the case of Private Placement Certificates (as defined below)) will be filed with the CSSF.

The Programme provides that the Securities may be listed or admitted to trading, as the case may be, on such other or further stock exchanges or markets as may be agreed between the Issuer, any relevant Guarantor (as defined below) and the relevant Dealer. The Issuer may also issue unlisted Securities and/or Securities not admitted to trading on any market. This Base Prospectus will be published on the website of the Luxembourg Stock Exchange ([www.bourse.lu](http://www.bourse.lu)) in accordance with article 16 of the Prospectus Act 2005. For the avoidance of doubt, the content of the website of the Luxembourg Stock Exchange does not form part of this Base Prospectus. Copies of this Base Prospectus can also be obtained at the specified office of the Issuing and Paying Agent and Principal Warrant and Certificate Agent (each as defined below) at the address given at the end of this Base Prospectus.

In accordance with the Securitisation Act 2004, the Issuer may create one or more compartments. In respect of any Series of Securities, "**Compartment**" means the compartment under which such Securities are issued. Each Compartment will comprise a pool of Charged Assets (as defined below) of the Issuer separate from the pools of Charged Assets relating to other Compartments. Each Series may (if so stated in the applicable Final Terms) be secured by a charge on, or assignment in respect of rights under, certain bonds, notes, warrants, receivables or equity securities of any form, denomination, type or issuer, guarantees, units in funds, loans or any other financial obligations assigned to or assumed by the Issuer or any other specified assets owned by the Issuer (the "**Compartment Assets**") and funds held from time to time by the Custodian and/or the Issuing and Paying Agent or Principal Warrant and Certificate Agent, as applicable and/or the Registrar (each as defined herein) for payments due under the Securities of such Series (the "**Cash Assets**") and/or secured by an assignment of the Issuer's rights under an interest rate and/or currency exchange agreement or credit default swap agreement or total return swap agreement or other derivative transaction (the "**Swap Agreement**") (as defined in the Conditions) and/or a deposit agreement (the "**Deposit Agreement**") and/or a repurchase agreement (the "**Repurchase Agreement**") entered into in respect of the relevant Notes, Warrants or Certificates, together with such additional security as may be described in the applicable Final Terms (together with the Compartment Assets, the Cash Assets, the Swap Agreement, the Deposit Agreement and the Repurchase Agreement, the "**Charged Assets**"). Any securities comprised in the Charged Assets may, subject as provided herein, be substituted by cash and/or other securities (as set out in the Conditions). The obligations of the Issuer under a Swap Agreement to a counterparty to such Swap Agreement may also be secured on certain assets comprised in the Charged Assets. A non-exhaustive list of considerations relating to the Securities is set out in the section herein entitled "*Risk Factors*" and certain important notices relating to the Securities are set out in the section herein entitled "*Important Notices*".

Payments in respect of the Notes or, as applicable, Warrants or Certificates may be unconditionally and irrevocably guaranteed by BNP Paribas S.A. ("**BNPP**" or "**BNP Paribas**") or Banca Nazionale del Lavoro S.p.A. ("**BNL**") (each a "**Guarantor**") (any such Notes, "**Guaranteed Notes**", any such Warrants, "**Guaranteed Warrants**" and any such Certificates, "**Guaranteed Certificates**" and generally "**Guaranteed Securities**").

In respect of any Compartment and any Security (but without prejudice to the rights of holders of Guaranteed Securities, all payments to be made by the Issuer in respect of such Security and the related Swap Agreement, Repurchase Agreement and/or Deposit Agreement (if any) will be made only from and to the extent of

the sums received or recovered from time to time by or on behalf of the Issuer or the Trustee in respect of the Charged Assets and, following a Note Acceleration, Warrant Acceleration or Certificate Acceleration in respect of such Note or such Warrant or such Certificate, as applicable (but without prejudice to the rights of holders of Guaranteed Securities under the relevant Guarantee), the entitlement of the holder of such Note (a "**Noteholder**") or the holder of such Warrant (a "**Warrantholder**") or the holder of such Certificate (a "**Certificateholder**") will be limited to such Noteholder, Warrantholder or Certificateholder's *pro rata* share of the proceeds of the relevant Charged Assets applied in accordance with the Order of Priority specified in the applicable Final Terms and, in the case of Guaranteed Securities, sums obtained on their behalf by the Trustee, making a claim under the applicable Guarantee, subject to the Conditions and relevant provisions of the applicable Guarantee. If, in respect of any Security, the net proceeds of the enforcement or liquidation of the relevant Charged Assets applied as aforesaid are not sufficient to make all payments due in respect of such Security, no other assets of the Issuer will be available to meet such shortfall, and the claims of the holder of such Security (each, a "**Holder of Securities**") as against the Issuer in respect of any such shortfall shall be extinguished. In all cases, neither the Holder of Securities nor any person on its behalf shall have the right to petition for the winding-up of the Issuer as a consequence of any shortfall. Holders of Securities, by acquiring the Securities, expressly accept, and shall be deemed to be bound by, the provisions of the Securitisation Act 2004 and, in particular, the provisions with respect to compartments, limited recourse, non-petition, subordination and priority of payments.

Securities may be rated or unrated as specified in the applicable Final Terms. A rating is not a recommendation to buy, sell or hold Securities and may be subject to suspension, reduction or withdrawal at any time by the assigning rating agency.

**Arranger for the Programme**

**BNP Paribas Arbitrage S.N.C.**

The date of this Base Prospectus is 26 September 2017

**Notes, Warrants or Certificates (i) involving an offer to the public outside the European Economic Area (the "EEA") or of a type listed in article 3.2 of the Prospectus Directive and article 5.2 of the Prospectus Act 2005 and (ii) which are not admitted to trading on a regulated market under article 3.3 of the Prospectus Directive and article 6.1 of the Prospectus Act 2005 are referred to herein as "Private Placement Notes", "Private Placement Warrants" or "Private Placement Certificates" (together with Private Placement Notes and Private Placement Warrants, "Private Placement Securities"), as appropriate.**

This Base Prospectus constitutes a "base prospectus" for the purposes of Article 5.4 of the Prospectus Directive as amended (including the amendments made by Directive 2010/73/EU (the "**2010 PD Amending Directive**") to the extent that such amendments have been implemented in a Member State of the European Economic Area) and Part II of the Prospectus Act 2005 in respect of the Securities.

The Securities and any Guarantee have not been and will not be registered under the U.S. Securities Act of 1933, as amended (the "**Securities Act**"), or under any state securities laws and include Securities in bearer form that are subject to U.S. tax law requirements. Accordingly, the Securities may not be offered, sold or delivered within the United States or to, or for the account or benefit of, U.S. persons and may not be legally or beneficially owned at any time by any U.S. person. By its purchase of a Security, each purchaser will be deemed or required, as the case may be, to have agreed that it may not resell or otherwise transfer any Security held by it except (i) to the Issuer or any affiliate thereof or (ii) outside the United States to or for the account of a non-U.S. person in compliance with Rule 903 or Rule 904 of Regulation S under the Securities Act, in each case in accordance with all applicable U.S. state securities laws.

The Securities may not be sold to, or for the account or benefit of, U.S. persons as defined in the U.S. Risk Retention Rules ("**Risk Retention U.S. Persons**") except to the extent permitted under an exemption to the U.S. Risk Retention Rules as described under "Risk Factors" at page 69. "**U.S. Risk Retention Rules**" means Regulation RR (17 C.F.R Part 246) implementing the risk retention requirements of Section 15G of the U.S. Securities Exchange Act of 1934, as amended.

**THE SECURITIES MAY NOT BE SUITABLE INVESTMENTS FOR ALL INVESTORS. NO INVESTOR SHOULD PURCHASE A SECURITY UNLESS SUCH INVESTOR UNDERSTANDS, AND IS ABLE TO BEAR, THE YIELD, MARKET, LIQUIDITY, STRUCTURE, REDEMPTION AND OTHER RISKS ASSOCIATED WITH SUCH SECURITY. FOR FURTHER DETAILS, SEE "RISK FACTORS" HEREIN.**

Each of the Issuer (in respect of all of the information contained in this Base Prospectus), BNP Paribas (in respect of information concerning itself), BNL (in respect of information concerning itself) and BNP Paribas Fortis SA/NV (in respect of information concerning itself) accepts responsibility for the information contained in this Base Prospectus. To the best of the knowledge and belief of the Issuer, BNP Paribas, BNL and BNP Paribas Fortis SA/NV (each having taken all reasonable care to ensure that such is the case), the information contained (or incorporated by reference, including the free English translations of the documents constituting the BNP Paribas Disclosure and the BNL Disclosure) in this Base Prospectus for which it accepts responsibility is in accordance with the facts and does not omit anything likely to affect the import of such information.

Subject as provided in the applicable Final Terms, the only persons authorised to use this Base Prospectus in connection with an offer of Securities are the persons named in the applicable Final Terms as the relevant Dealer(s) and the persons named in or identifiable from the applicable Final Terms as the Authorised Offeror (as defined below), as the case may be.

Copies of Final Terms will be available free of charge from the specified office of the Issuing and Paying Agent or Principal Warrant and Certificate Agent, as applicable (each as defined below), at the address given at the end of this Base Prospectus (provided that Final Terms relating to Private Placement Securities which are not publicly offered in Luxembourg will only be available for inspection by the relevant Holder of Securities upon production of evidence satisfactory to the Issuer or Paying Agent or Principal Warrant and Certificate Agent (as applicable) as to its holding of such Private Placement Securities and identity).

This Base Prospectus and any Final Terms will be published on the website of the Luxembourg Stock Exchange ([www.bourse.lu](http://www.bourse.lu)).

This Base Prospectus is to be read in conjunction with all documents which are incorporated herein by reference (see "*Documents Incorporated by Reference*"). This Base Prospectus shall be read and construed on the basis that such documents are incorporated in and form part of this Base Prospectus.

None of the Trustee, the Arranger, the Agents or any Dealer has independently verified the information contained herein. Accordingly, no representation, warranty or undertaking, express or implied, is made and no responsibility is accepted by any Dealer, any Agent, the Arranger or the Trustee as to the accuracy or completeness of the information contained or incorporated by reference in this Base Prospectus or any other information provided by either the Issuer or any Guarantor. None of the Trustee, the Arranger, the Agents or any Dealer accepts any liability in relation to the information contained or incorporated by reference in this Base Prospectus or any other information provided by either the Issuer or any Guarantor in connection with the Programme or the Securities.

No person is or has been authorised by either of the Issuer or the Guarantor (if applicable) to give any information or to make any representation not contained in or not consistent with this Base Prospectus or any other information supplied in connection with the Programme or the Securities and, if given or made, such information or representation must not be relied upon as having been authorised by any of the Issuer, the Guarantor (if applicable) or any Dealer.

Neither this Base Prospectus nor any other information supplied in connection with the Programme or the Securities (i) is intended to provide the basis of any credit or other evaluation or (ii) should be considered as a recommendation or a statement of opinion (or a report on either of those things) by any of the Issuer, the Guarantor (if applicable), the Trustee, the Arranger, the Agents or any Dealer that any recipient of this Base Prospectus or any other information supplied in connection with the Programme or the Securities should purchase any Securities. Each investor contemplating purchasing any Securities should make its own independent investigation of the financial condition and affairs, and its own appraisal of the creditworthiness or value (as appropriate), of the Issuer, any underlying reference asset or entity, and, if applicable, the Guarantor, and the Charged Assets. Neither this Base Prospectus nor any other information supplied in connection with the Programme or the Securities constitutes an offer or invitation by or on behalf of any of the Issuer, the Guarantor (if applicable), the Trustee, the Arranger, the Agents or any Dealer to any person to subscribe for or to purchase any Securities.

Neither the delivery of this Base Prospectus nor the offering, sale or delivery of any Securities shall in any circumstances imply that the information contained herein concerning any of the Issuer or the Guarantor is correct at any time subsequent to the date hereof or that any other information supplied in connection with the Programme or the Securities is correct as of any time subsequent to the date indicated in the document containing the same. No Dealer undertakes to review the financial condition or affairs of any of the Issuer or either Guarantor during the life of the Programme or to advise any investor in the Securities of any information coming to its attention.

This Base Prospectus does not constitute an offer to sell or the solicitation of an offer to buy any Securities in any jurisdiction to any person to whom it is unlawful to make the offer or solicitation in such jurisdiction. The distribution of this Base Prospectus and the offer or sale of Securities may be restricted by law in certain jurisdictions. None of the Issuer, the Guarantor (if applicable), the Trustee and the Dealer(s) represents that this Base Prospectus may be lawfully distributed, or that any Securities may be lawfully offered, in compliance with any applicable registration or other requirements in any such jurisdiction, or pursuant to an exemption available thereunder, or assumes any responsibility for facilitating any such distribution or offering. In particular, unless specifically indicated to the contrary in the applicable Final Terms, no action has been taken by the Issuer, the Guarantor (if applicable), the Trustee or any Dealer which is intended to permit a public offering of any Securities or distribution of this Base Prospectus in any jurisdiction where action for that purpose is required. Accordingly, no Securities may be offered or sold, directly or indirectly, and neither this Base Prospectus nor any advertisement or other offering material may be distributed or published in any jurisdiction, except under circumstances that will result in compliance

with any applicable laws and regulations. Persons into whose possession this Base Prospectus or any Security comes must inform themselves about, and observe, any such restrictions on the distribution of this Base Prospectus and the offering and sale of Securities. In particular, there are restrictions on the distribution of this Base Prospectus and the offer or sale of Securities in the European Economic Area, Belgium, France, Italy, Luxembourg, the Netherlands, Spain, the United Kingdom, and the United States (see "*Subscription, Sale and Transfer Restrictions*").

By subscribing to, or otherwise acquiring, the Securities, a holder of Securities expressly acknowledges and agrees that:

- (a) the Issuer (i) is subject to the Securitisation Act 2004 and (ii) in connection with the Securities has created a specific Compartment, which Compartment shall be identified by the number ascribed to it in the applicable Final Terms and is a Compartment within the meaning of the Securitisation Act 2004 to which all assets, rights, claims and agreements relating to the Securities will be allocated, subject as provided in the applicable Final Terms;
- (b) the provisions with respect to the Order of Priority included in the applicable Final Terms will apply;
- (c) (without prejudice to the rights of holders of Guaranteed Securities under the Guarantee) all payments to be made by the Issuer in respect of the Securities and the related Swap Agreement (if any) will be made only from and to the extent of the sums received or recovered from time to time by or on behalf of the Issuer or (following enforcement of the security over the Compartment Assets) the Trustee in respect of the Charged Assets and, following a Note, Warrant or Certificate Acceleration (as the case may be) in respect of the Securities, the entitlement of the holder of Securities will be limited to such holder's *pro rata* share of the proceeds of the relevant Charged Assets applied in accordance with the Order of Priority specified in the applicable Final Terms and not to the assets allocated to other compartments created by the Issuer or to any other assets of the Issuer and, in the case of Guaranteed Securities, (and, in addition in the case of Global Securities, sums obtained on behalf of holders of Securities by the Trustee, making a claim under the Guarantee), subject to the terms set out in the applicable Final Terms (if applicable) and the relevant provisions of the Guarantee and each holder of Securities further acknowledges and agrees that the Trustee is not obliged to take any action to enforce the obligations of the Issuer or the Guarantor (if applicable) unless directed to do so and indemnified and/or secured to its satisfaction against any liability it may incur;
- (d) once all moneys received by the Trustee in connection with the enforcement of the Compartment Security over the Charged Assets have been applied in accordance with the Order of Priority set out in the applicable Final Terms and in the Master Trust Terms, it is not entitled to take any further steps against the Issuer to recover any further sums due and the right to receive any such sum shall be extinguished;
- (e) it shall have no right to attach or otherwise seize the Charged Assets or any other assets of the Issuer, including, without limitation, any assets allocated to any other compartments of the Issuer; and
- (f) no holder of Securities shall be entitled to petition or take any other step for the liquidation, winding-up or the bankruptcy of the Issuer or any similar proceedings.

## IMPORTANT INFORMATION RELATING TO NON-EXEMPT OFFERS OF SECURITIES

### Information relating to the use of this Base Prospectus and offer of Securities generally

This Base Prospectus has been prepared on the basis that, except to the extent sub-paragraph (ii) below may apply, any offer of Securities in any Member State of the European Economic Area which has implemented the Prospectus Directive (each, a "**Relevant Member State**") will be made pursuant to an exemption under the Prospectus Directive, as implemented in that Relevant Member State, from the requirement to publish a

prospectus for offers of Securities. Accordingly, any person making or intending to make an offer in that Relevant Member State of Securities which are the subject of an offering contemplated in this Base Prospectus as completed by the Final Terms in relation to the offer of those Securities may only do so (i) in circumstances in which no obligation arises for the Issuer or any Dealer to publish a prospectus pursuant to Article 3 of the Prospectus Directive or supplement a prospectus pursuant to Article 16 of the Prospectus Directive, in each case, in relation to such offer, or (ii) if a prospectus for such offer has been approved by the competent authority in that Relevant Member State, or where appropriate, approved in another Relevant Member State and notified to the competent authority in that Relevant Member State and (in either case) published, all in accordance with the Prospectus Directive, provided that any such prospectus has subsequently been completed by the Final Terms which specify that offers may be made other than pursuant to Article 3(2) of the Prospectus Directive in that Relevant Member State, such offer is made in the period beginning and ending on the dates specified for such purpose in such prospectus or Final Terms, as applicable and the Issuer has consented in writing to its use for the purpose of such offer. Except to the extent that sub-paragraph (ii) above may apply, neither the Issuer nor any Dealer have authorised, nor will they authorise, the making of any offer of Securities in circumstances in which an obligation arises for the Issuer or any Dealer to publish or supplement a prospectus for such offer.

#### *Restrictions on Non-exempt offers of Securities in Relevant Member States*

Without prejudice to the generality of the foregoing paragraph, certain issues of Securities with a denomination (in the case of Notes), notional amount (in the case of Certificates) or issue price (in the case of Warrants), as the case may be, of less than €100,000 (or its equivalent in any other currency) may be offered in circumstances where there is no exemption from the obligation under the Prospectus Directive to publish a prospectus. Any such offer is referred to as a **"Non-exempt Offer"**. This Base Prospectus has been prepared on a basis that permits Non-exempt Offers of Securities. However, any person making or intending to make a Non-exempt Offer of Securities in any Relevant Member State may only do so if this Base Prospectus has been approved by the competent authority in that Relevant Member State (or, where appropriate, approved in another Relevant Member State and notified to the competent authority in that Relevant Member State) and published in accordance with the Prospectus Directive, provided that the Issuer has consented to the use of this Base Prospectus in connection with such offer as provided under *"Consent given in accordance with Article 3.2 of the Prospectus Directive (Retail Cascades)"* (below) and the conditions attached to that consent are complied with by the person making the Non-exempt Offer of such Securities.

Save as provided above, the Issuer has not authorised, nor will it authorise, the making of any Non-exempt Offer of Securities in circumstances in which an obligation arises for the Issuer to publish or supplement a prospectus for such offer.

#### *Consent given in accordance with Article 3.2 of the Prospectus Directive*

In the context of a Non-exempt Offer of such Securities, the Issuer, BNP Paribas (in respect of information concerning itself) and BNL (in respect of information concerning itself) accept responsibility, in the jurisdictions to which the consent to use the Base Prospectus extends, for the content of this Base Prospectus under Article 6 of the Prospectus Directive in relation to any person (an **"Investor"**) who acquires any Securities in a Non-exempt Offer made by any person to whom the Issuer has given consent to the use of this Base Prospectus (an **"Authorised Offeror"**) in that connection.

None of the Issuer, BNP Paribas or BNL makes any representation as to the compliance by an Authorised Offeror with any applicable conduct of business rules or other applicable regulatory or securities law requirements in relation to any Non-exempt Offer and has any responsibility or liability for the actions of that Authorised Offeror.

**SAVE IN RESPECT OF AN AUTHORISED OFFER BY AN AUTHORISED OFFEROR, NONE OF THE ISSUER, BNP PARIBAS OR BNL HAS AUTHORISED THE MAKING OF ANY NON-EXEMPT OFFER BY ANY OFFEROR AND NONE OF THE ISSUER, BNP PARIBAS OR BNL HAVE CONSENTED TO THE USE OF THIS BASE PROSPECTUS BY ANY OTHER PERSON**

**IN CONNECTION WITH ANY NON-EXEMPT OFFER OF SECURITIES. ANY NON-EXEMPT OFFER MADE WITHOUT THE CONSENT OF THE ISSUER IS UNAUTHORISED AND NEITHER THE ISSUER, BNP PARIBAS NOR BNL ACCEPTS ANY RESPONSIBILITY OR LIABILITY FOR THE ACTIONS OF THE PERSONS MAKING ANY SUCH UNAUTHORISED OFFER.**

If, in the context of a Non-exempt Offer, an Investor is offered Securities by a person which is not an Authorised Offeror, the Investor should check with that person whether anyone is responsible for this Base Prospectus for the purposes of Article 6 of the Prospectus Directive in the context of the Non-Exempt Offer and, if so, who that person is. If the Investor is in any doubt about whether it can rely on this Base Prospectus and/or who is responsible for its contents, it should take legal advice.

#### *Consent*

In connection with each issue of Securities and subject to the conditions set out below, the Issuer consents to the use of this Base Prospectus (as supplemented as at the relevant time, if applicable) in connection with any Non-exempt Offer of such Securities by the relevant Dealer during the relevant Offer Period and in the relevant Public Offer Jurisdiction(s) (being Belgium, France, Italy, Luxembourg, and/or Spain as is specified in the applicable Final Terms) and by any financial intermediary appointed after the date of the applicable Final Terms and whose name is published on the following website ([www.securasset.lu](http://www.securasset.lu)) and identified as an Authorised Offeror in respect of the relevant Non-exempt Offer.

**AN INVESTOR INTENDING TO ACQUIRE OR ACQUIRING ANY SECURITIES IN A NON-EXEMPT OFFER FROM AN AUTHORISED OFFEROR WILL DO SO, AND OFFERS AND SALES OF SUCH SECURITIES TO AN INVESTOR BY SUCH OFFEROR WILL BE MADE IN ACCORDANCE WITH ANY TERMS AND OTHER ARRANGEMENTS IN PLACE BETWEEN SUCH AUTHORISED OFFEROR AND SUCH INVESTOR INCLUDING AS TO PRICE, ALLOCATIONS AND SETTLEMENT ARRANGEMENTS. THE OFFEROR WILL PROVIDE SUCH INFORMATION TO THE INVESTOR AT THE TIME OF SUCH OFFER AND THE OFFEROR WILL BE RESPONSIBLE FOR SUCH INFORMATION. NONE OF THE ISSUER, GUARANTOR OR ANY DEALER HAS ANY RESPONSIBILITY OR LIABILITY TO AN INVESTOR IN RESPECT OF SUCH INFORMATION.**

#### **INFORMATION RELATED TO SECURITIES SOLD IN BELGIUM**

In respect of Securities offered to individuals in Belgium, the Issuer may be required to comply with the provisions of the Belgian Code of Economic Law, especially the provisions on unfair terms in the application of the terms and conditions as set out in the Base Prospectus and the applicable Final Terms relating to such Securities in Belgium, insofar as these provisions would be applicable.

**IMPORTANT – EEA RETAIL INVESTORS** – Unless the Final Terms in respect of any Securities specifies the "Prohibition of Sales to EEA Retail Investors – Legend" as not applicable, the Securities, from 1 January 2018 are not intended to be offered, sold or otherwise made available to and, with effect from such date, should not be offered, sold or otherwise made available to any retail investor in the EEA. For these purposes, a retail investor means a person who is one (or more) of: (i) a retail client as defined in point (11) of Article 4(1) of Directive 2014/65/EU ("**MiFID II**"); (ii) a customer within the meaning of Directive 2002/92/EC (IMD), where that customer would not qualify as a professional client as defined in point (10) of Article 4(1) of MiFID II; or (iii) not a qualified investor as defined in the Prospectus Directive. Consequently no key information document required by Regulation (EU) No 1286/2014 (the "**PRIIPs Regulation**") for offering or selling those Securities or otherwise making them available to retail investors in the EEA has been prepared and therefore offering or selling those Securities or otherwise making them available to any retail investor in the EEA may be unlawful under the PRIIPs Regulation.

#### **INTERPRETATION**

All references in this document to U.S. dollars, U.S.\$ or USD refer to the currency of the United States of America, those to sterling and £ refer to the currency of the United Kingdom, those to Australian dollars

refer to the currency of Australia and those to euro, Euro, EUR and € refer to the currency introduced at the start of the third stage of European economic and monetary union pursuant to the Treaty on the Functioning of the European Union, as amended.

### FORWARD-LOOKING STATEMENTS

The "*Summary*" section of this Base Prospectus, the BNP Paribas Disclosure and the BNL Disclosure (each as defined in "*Documents Incorporated by Reference*" below), contain forward-looking statements. BNP Paribas, the BNP Paribas Group (being BNP Paribas together with its consolidated subsidiaries, the "**BNPP Group**") and BNL may also make forward-looking statements in their audited annual financial statements, in their interim financial statements, in their offering circulars, in press releases and other written materials and in oral statements made by their officers, directors or employees to third parties. Statements that are not historical facts, including statements about BNP Paribas', BNL's and/or the BNPP Group's beliefs and expectations, are forward-looking statements. These statements are based on current plans, estimates and projections, and therefore undue reliance should not be placed on them. Forward-looking statements speak only as of the date they are made, and BNP Paribas, BNL and the BNPP Group undertake no obligation to update publicly any of them in light of new information or future events.

### PRESENTATION OF FINANCIAL INFORMATION

Most of the financial data presented, or incorporated by reference, in this Base Prospectus are presented in euros.

BNP Paribas' and BNL's consolidated financial statements for the years ended 31 December 2015 and 31 December 2016 have each been prepared in accordance with international financial reporting standards ("**IFRS**"), as adopted by the European Union. The BNPP Group's fiscal year ends on 31 December and references in the BNPP 2015 Registration Document (in English) (as defined in "*Documents Incorporated By Reference*" below), the BNPP 2016 Registration Document (in English) (as defined in "*Documents Incorporated By Reference*" below) and any update to the BNPP 2016 Registration Document (in English) (in each case, incorporated by reference herein) to any specific fiscal year are to the twelve month period ended 31 December of such year.

The financial statements for the years ended 31 December 2015 and 31 December 2016 of SecurAsset S.A. were prepared in accordance with Luxembourg generally accepted accounting principles.

Due to rounding, the numbers presented throughout the BNP Paribas Disclosure and the BNL Disclosure may not add up precisely, and percentages may not reflect precisely absolute figures.

## SUMMARY

*Summaries are made up of disclosure requirements known as "**Elements**". These Elements are numbered in Sections A – E (A.1 – E.7). This Summary contains all the Elements required to be included in a summary relating to the type of securities that may be issued by the Issuer (as defined below) pursuant to its EUR20,000,000,000 secured note, warrant and certificate programme (the "**Programme**"). Because some Elements are not required to be addressed, there may be gaps in the numbering sequence of the Elements. Even though an Element may be required to be inserted in the summary because of a feature of the securities, it is possible that no relevant information can be given regarding the Element. In this case, a short explanation has been provided to summarise why no relevant information can be given.*

### Section A - Introduction and warnings

| Element | Title                                                                                   |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                       |
|---------|-----------------------------------------------------------------------------------------|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| A.1     | Warning that the summary should be read as an introduction and provision as to claims   | <p>This summary should be read as an introduction to the base prospectus relating to the Programme (the "<b>Base Prospectus</b>").</p> <p>Any decision to invest in the securities described herein should be based on consideration of the Base Prospectus as a whole by the investor.</p> <p>Where a claim relating to the information contained in the Base Prospectus is brought before a court, the plaintiff investor might, under the national legislation of the Member States, have to bear the costs of translating the Base Prospectus before the legal proceedings are initiated.</p> <p>Civil liability attaches only to those persons who have tabled the summary including any translation thereof, but only if the summary is misleading, inaccurate or inconsistent when read together with the other parts of the Base Prospectus or it does not provide, when read together with the other parts of the Base Prospectus, key information in order to aid investors when considering whether to invest in such securities.</p>                      |
| A.2     | Consent as to use the Base Prospectus, period of validity and other conditions attached | <p>[Not applicable as the [Notes][Warrants][Certificates] are not being offered to the public as part of a Non-exempt Offer.]</p> <p>[The Issuer consents to the use of the Base Prospectus in connection with a resale or placement of the [Notes][Warrants][Certificates] (the "<b>Public Offer</b>") subject to the following conditions:</p> <p>(a) the consent is only valid during the period from [specify date] [inclusive][exclusive] to [specify date] [inclusive][exclusive] (the "<b>Offer Period</b>");</p> <p>(b) the only person[s] authorised to use the Base Prospectus to make the Public Offer [is][are] [specify]; and</p> <p>(c) the consent only extends to the use of the Base Prospectus for the purposes of the Public Offer in [Belgium] [France] [Italy] [Luxembourg] [Spain].]</p> <p>[New information with respect to any person[s] authorised to use this Base Prospectus to make the Public Offer (an "<b>Authorised Offeror</b>") unknown at [specify date of filing of the final terms] will be available at [specify website].]</p> |
|         |                                                                                         | <p><b>AN INVESTOR INTENDING TO ACQUIRE OR ACQUIRING ANY [NOTES][WARRANTS][CERTIFICATES] IN A NON-EXEMPT OFFER FROM AN AUTHORISED OFFEROR WILL DO SO, AND OFFERS AND SALES OF SUCH SECURITIES TO AN INVESTOR BY SUCH OFFEROR WILL BE MADE IN ACCORDANCE WITH ANY</b></p>                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                               |

|  |  | <p>growth in the advanced economies. Three major transitions continue to affect the global outlook: declining economic growth in China, fluctuating energy prices that rose in 2016, and a second tightening of monetary policy in the United States in the context of a resilient domestic recovery. It should be noted that the central banks of several large developed countries continue to maintain accommodative monetary policies. IMF economic forecasts for 2017 point to a recovery in global activity, no significant improvement in growth in the euro zone and Japan, and a slowdown in the United Kingdom.</p> <p>In that context, two risks can be identified:</p> <p>Financial instability due to the vulnerability of emerging countries</p> <p>While the exposure of the BNP Paribas Group to emerging countries is limited, the vulnerability of these economies may generate disruptions in the global financial system that could affect the Group and potentially alter its results.</p> <p>A broad increase in the foreign exchange liabilities of the economies of many emerging market economies was observed in 2016, at a time when debt levels (in both foreign and local currency) were already high. The private sector was the main source of the increase in this debt. Furthermore, the prospect of a gradual increase in US key rates (the Federal Reserve Bank made its first increase in December 2015, and a second in December 2016) and increased financial volatility stemming from concerns about growth and mounting geopolitical risk in emerging markets have contributed to a tightening of external financial conditions, increased capital outflows, further currency depreciations in many emerging markets and heightened risks for banks. These factors could result in further downgrades of sovereign ratings.</p> <p>There is still a risk of disturbances in global markets (rising risk premiums, erosion of confidence, declining growth, deferral or slower pace of normalisation of monetary policies, declining liquidity in markets, asset valuation problems, decline in credit supply and disorderly deleveraging) that could affect all banking institutions.</p> <p>Systemic risks related to increased debt and market liquidity</p> <p>Despite the upturn since mid-2016, interest rates remain low, which may continue to encourage excessive risk-taking among some players in the financial system: increased maturities of financing and assets held, less stringent policy for granting loans, increase in leveraged financing.</p> <p>Some players (insurance companies, pension funds, asset managers, etc.) entail an increasingly systemic dimension and in the event of market turbulence (linked for instance to a sudden rise in interest rates and/or a sharp price correction) they may decide to unwind large positions in an environment of relatively weak market liquidity.</p> <p>Recent years have also seen an increase in debt (public and private, in both developed and emerging countries). The resulting risk could materialise either in the event of a spike in interest rates or a further negative growth shock.</p> <p>Laws and regulations applicable to financial institutions</p> <p>Recent and future changes in the laws and regulations applicable to financial institutions may have a significant impact on BNPP [and BNL]. Measures that were recently adopted or which are (or whose application measures are) still in draft format, that have or are likely to have an impact on BNPP [and BNL] notably include:</p> <p>the structural reforms comprising the French banking law of 26 July 2013 requiring that banks create subsidiaries for or segregate “speculative” proprietary operations from their traditional retail banking activities, the</p> |

|  |  | <p>“Volcker rule” in the US which restricts proprietary transactions, sponsorship and investment in private equity funds and hedge funds by US and foreign banks, and upcoming potential changes in Europe;</p> <p>regulations governing capital: the Capital Requirements Directive IV ("<b>CRD 4</b>")/the Capital Requirements Regulation ("<b>CRR</b>"), the international standard for total-loss absorbing capacity ("<b>TLAC</b>") and BNPP's designation as a financial institution that is of systemic importance by the Financial Stability Board;</p> <p>the European Single Supervisory Mechanism and the ordinance of 6 November 2014;</p> <p>the Directive of 16 April 2014 related to deposit guarantee systems and its delegation and implementing Decrees, the Directive of 15 May 2014 establishing a Bank Recovery and Resolution framework, the Single Resolution Mechanism establishing the Single Resolution Council and the Single Resolution Fund;</p> <p>the Final Rule by the US Federal Reserve imposing tighter prudential rules on the US transactions of large foreign banks, notably the obligation to create a separate intermediary holding company in the US (capitalised and subject to regulation) to house their US subsidiaries;</p> <p>the new rules for the regulation of over-the-counter derivative activities pursuant to Title VII of the Dodd-Frank Wall Street Reform and Consumer Protection Act, notably margin requirements for uncleared derivative products and the derivatives of securities traded by swap dealers, major swap participants, security-based swap dealers and major security-based swap participants, and the rules of the US Securities and Exchange Commission which require the registration of banks and major swap participants active on derivatives markets as well as transparency and reporting on derivative transactions; and</p> <p>the new Markets in Financial Instruments Directive ("<b>MiFID</b>") and Markets in Financial Instruments Regulation ("<b>MiFIR</b>"), and European regulations governing the clearing of certain over-the-counter derivative products by centralised counterparties and the disclosure of securities financing transactions to centralised bodies.</p> <p>Moreover, in today's tougher regulatory context, the risk of non-compliance with existing laws and regulations, in particular those relating to the protection of the interests of customers, is a significant risk for the banking industry, potentially resulting in significant losses and fines. In addition to its compliance system, which specifically covers this type of risk, the Group places the interest of its customers, and more broadly that of its stakeholders, at the heart of its values. The new Code of conduct adopted by the Group in 2016 sets out detailed values and rules of conduct in this area.</p> <p><i>Cyber risk</i></p> <p>In recent years, financial institutions have been impacted by a number of cyber incidents, notably involving large-scale alterations of data which compromise the quality of financial information. This risk remains today and BNPP [and BNL], like other banks, has taken measures to implement systems to deal with cyber attacks that could destroy or damage data and critical systems and hamper the smooth running of its operations. Moreover, the regulatory and supervisory authorities are taking initiatives to promote the exchange of information on cyber security and cyber criminality in order to improve the security of technological infrastructures and establish effective recovery plans after a cyber incident.</p> |

| <b>B.19/B.13</b> | Events impacting the Guarantor's solvency | <p><i>[If BNP Paribas is Guarantor:</i> Not applicable, as to the best of the Guarantor's knowledge, there have not been any recent events which are to a material extent relevant to the evaluation of the Guarantor's solvency since 30 June 2017.]</p> <p><i>[If BNL is Guarantor:</i> Not applicable, as to the best of the Guarantor's knowledge, there have not been any recent events which are to a material extent relevant to the evaluation of the Guarantor's solvency since 31 December 2016.]</p>                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                       |
| <b>B.19/B.14</b> | Dependence upon other Group entities      | <p>[Subject to the following paragraph, BNP Paribas is not dependent upon other members of the BNPP Group.</p> <p>In April 2004, BNP Paribas SA began outsourcing IT Infrastructure Management Services to the BNP Paribas Partners for Innovation ("<b>BP<sup>2</sup>I</b>") joint venture set up with IBM France at the end of 2003. BP<sup>2</sup>I provides IT Infrastructure Management Services for BNP Paribas SA and several BNP Paribas subsidiaries in France (including BNP Paribas Personal Finance, BP2S, and BNP Paribas Cardif), Switzerland, and Italy. In mid-December 2011 BNP Paribas renewed its agreement with IBM France for a period lasting until end-2017. At the end of 2012, the parties entered into an agreement to gradually extend this arrangement to BNP Paribas Fortis as from 2013. The Swiss subsidiary was closed at 31 December 2016.</p> <p>BP<sup>2</sup>I is under the operational control of IBM France. BNP Paribas has a strong influence over this entity, which is 50/50 owned with IBM France. The BNP Paribas staff made available to BP<sup>2</sup>I make up half of that entity's permanent staff, its buildings and processing centres are the property of the Group, and the governance in place provides BNP Paribas with the contractual right to monitor the entity and bring it back into the Group if necessary.</p> <p>ISFS, is a fully-owned IBM subsidiary, which has changed its name to IBM Luxembourg, and handles IT Infrastructure Management for part of BNP Paribas Luxembourg's entities.</p> <p>BancWest's data processing operations are outsourced to Fidelity Information Services ("<b>FIS</b>") for its core banking. The hosting and production operations are also located at FIS in Honolulu.</p> <p>Cofinoga France's data processing is outsourced to SDDC, a fully-owned IBM subsidiary.</p> <p>See also Element B.19/B.5 above.]</p> |

| <b>D.2</b> | Key risks regarding the Issuer     | <p>There are certain factors that may affect the Issuer's ability to fulfil its obligations in respect of the [Notes][Warrants][Certificates]. These include that the Issuer's sole business is to enter into, perform and serve as a vehicle for any transactions permitted under the Securitisation Act 2004. The Issuer is not expected to have any assets that are available to [Noteholders][Warrantholders][Certificateholders] other than the Charged Assets and[ save for recourse to the Guarantor under the Guarantee,] [Noteholders][Warrantholders][Certificateholders] will have no recourse to any other assets in respect of the Issuer's obligations in respect of the [Notes][Warrants][Certificates]. The ability of the Issuer to meet its obligations under the [Notes][Warrants][Certificates] will depend on the receipt by it of payments under the Swap Agreement and the [Deposit Agreement][Reference Securities][Repurchase Agreement]. Consequently, the Issuer will be exposed to the ability of [BNP Paribas][BNP Paribas Fortis SA/NV] in respect of the Swap Agreement [and] [<i>specify</i>] in respect of the Deposit Agreement[<i>specify</i>] in respect of the Reference Securities [<i>specify dependency on any Related Agreements, if applicable</i>] to perform its obligations thereunder and to its general creditworthiness. [BNP Paribas][BNP Paribas Fortis SA/NV] will not provide credit support for its obligations under the Swap Agreement]. The Issuer will be the sole party liable in respect of the [Notes][Warrants][Certificates]. In the event of insolvency proceedings in relation to the Issuer, [Noteholders][Warrantholders][Certificateholders] will bear the risk of delay in settlement of their claims they may have against the Issuer in respect of the [Notes][Warrants][Certificates] or receiving, in respect of their claims, the residual amount following realisation of the Issuer's assets after preferred creditors have been paid.</p> <p>In addition to the foregoing, the Issuer has identified in the Base Prospectus a number of other factors which could materially adversely affect its business and ability to make payments due in respect of the [Notes][Warrants][Certificates]. These factors include risks relating to the limited recourse of the [Noteholders][Warrantholders][Certificateholders] to the assets of the Issuer relating to Compartment [<i>specify</i>]; insolvency of the Issuer and the consequences thereof; and The Dodd-Frank Wall Street Reform and Consumer Protection Act [H.R. 4173] of 2010.</p> |
| <b>D.3</b> | Key risks regarding the Securities | <p>[[There are certain factors which are material for the purposes of assessing the market risks associated with the [Notes][Certificates], including that [[Notes][Certificates] including leverage involve a higher level of risk and whenever there are losses on such [Notes][Certificates] those losses may be higher than those of a similar security which is not leveraged,] [the [trading price][value] of the [Notes][Certificates] is affected by a number of factors including, but not limited to, the [price][level][performance] of the [<i>specify Underlying Reference(s)</i>], time to [expiration or] redemption and volatility and such factors mean that the [trading price][value] of the [Notes][Certificates] may be below the [Final Redemption Amount][Cash Settlement Amount] [or value of the Entitlement,]] [exposure to the [<i>specify Underlying Reference(s)</i>] will be achieved by the Issuer entering into hedging arrangements and potential investors are exposed to the performance of these hedging arrangements and events that may affect the hedging arrangements and consequently the occurrence of any of these events may affect the value of the [Notes][Certificates],][the [Notes][Certificates] may have a minimum trading amount and if, following the transfer of any [Notes][Certificates], a [Noteholder][Certificateholder] holds fewer [Notes][Certificates] than the specified minimum trading amount, such [Noteholder][Certificateholder] will not be permitted to transfer its remaining [Notes][Certificates] prior to expiration or redemption, as applicable, without first purchasing enough additional [Notes][Certificates] in order to hold the minimum trading amount,] [the Issuer may, in good faith and in a commercially reasonable manner, elect to vary the settlement of the [Notes][Certificates],][settlement</p>                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                          |

|         |       | <p>As defined in BNPP's 2016 Registration Document (in English) and Annual Financial Report, eight main categories of risk are inherent in BNPP's activities:</p> <p>(1) <i>Credit Risk</i> - Credit risk is the consequence resulting from the likelihood that a borrower or counterparty will fail to meet its obligations in accordance with agreed terms. The probability of default and the <i>expected</i> recovery on the loan or receivable in the event of default are key components of the credit quality assessment;</p> <p>(2) <i>Securitisation in the banking book</i> - Securitisation means a transaction or scheme, whereby the credit risk associated with an exposure or pool of exposures is tranching, having the following characteristics:</p> <ul style="list-style-type: none"> <li>• payments made in the transaction or scheme are dependent upon the performance of the exposure or pool of exposures;</li> <li>• the subordination of tranches determines the distribution of losses during the life of the risk transfer.</li> </ul> <p>Any commitment (including derivatives and liquidity lines) granted to a securitisation operation must be treated as a securitisation exposure. Most of these commitments are held in the prudential banking book;</p> <p>(3) <i>Counterparty Credit Risk</i> - Counterparty credit risk is the translation of the credit risk embedded in payment or transactions between counterparties. Those transactions include bilateral contracts such as over-the-counter ("<b>OTC</b>") derivatives contracts as well as contracts settled through clearing houses. The amount of this risk may vary over time in line with changing market parameters which then impacts the replacement value of the relevant transactions.</p> <p>Counterparty risk lies in the event that a counterparty defaults on its obligations to pay the Bank the full present value of the flows relating to a transaction or a portfolio for which the Bank is a net receiver. Counterparty credit risk is also linked to the replacement cost of a derivative or portfolio in the event of counterparty default. Hence, it can be seen as a market risk in case of default or a contingent risk. Counterparty risk arises both from both bilateral activities of BNP Paribas with clients and clearing activities through a clearing house or an external clearer;</p> <p>(4) <i>Market Risk</i> - Market risk is the risk of incurring a loss of value due to adverse trends in market <i>prices</i> or parameters, whether directly observable or not.</p> <p>Observable market parameters include, but are not limited to, exchange rates, prices of securities and commodities (whether listed or obtained by reference to a similar asset), prices of derivatives, and other parameters that can be directly inferred from them, such as interest rates, credit spreads, volatilities and implied correlations or other similar parameters.</p> <p>Non-observable factors are those based on working assumptions such as parameters contained in models or based on statistical or economic analyses, non-ascertainable in the market.</p> <p>In fixed income trading books, credit instruments are valued on the basis of bond yields and credit spreads, which represent market parameters in the same way as interest rates or foreign exchange rates. The credit risk arising on the issuer of the debt instrument is</p> |

|---------|-------|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
|         |       | <p>therefore a component of market risk known as issuer risk.</p> <p>Liquidity is an important component of market risk. In times of limited or no liquidity, instruments or goods may not be tradable or may not be tradable at their estimated value. This may arise, for example, due to low transaction volumes, legal restrictions or a strong imbalance between demand and supply for certain assets.</p> <p>The market risk related to banking activities encompasses the risk of loss on equity holdings on the one hand, and the interest rate and foreign exchange risks stemming from banking intermediation activities on the other hand;</p> <p>(5) <i>Liquidity Risk</i> - Liquidity risk is the risk that the Bank will not be able to honour its commitments or unwind or settle a position due to the market environment or idiosyncratic factors (i.e. specific to BNP Paribas), within a given timeframe and at a reasonable cost.</p> <p>Liquidity risk reflects the risk of the Group being unable to fulfil current or future foreseen or unforeseen cash or collateral requirements, across all time horizons, from the short to the long term.</p> <p>This risk may stem from the reduction in funding sources, draw down of funding commitments, a reduction in the liquidity of certain assets, or an increase in cash or collateral margin calls. It may be related to the bank itself (reputation risk) or to external factors (risks in some markets).</p> <p>The BNPP Group's liquidity risk is managed under a global liquidity policy approved by the BNPP Group's ALM Committee. This policy is based on management principles designed to apply both in normal conditions and in a liquidity crisis. The BNPP Group's liquidity position is assessed on the basis of internal indicators and regulatory ratios.</p> <p>(6) <i>Operational Risk</i> - Operational risk is the risk of incurring a loss due to inadequate or failed internal processes, or due to external events, whether deliberate, accidental or natural occurrences. Management of <i>operational</i> risk is based on an analysis of the "cause – event – effect" chain.</p> <p>Internal processes giving rise to operational risk may involve employees and/or IT systems. External events include, but are not limited to floods, fire, earthquakes and terrorist attacks. Credit or market events such as default or fluctuations in value do not fall within the scope of operational risk.</p> <p>Operational risk encompasses fraud, human resources risks, legal risks, non-compliance risks, tax risks, information system risks, conduct risks (risks related to the provision of inappropriate financial services), risk related to failures in operating processes, including loan procedures or model risks, as well as any potential financial implications resulting from the management of reputation risks;</p> <p>(7) <i>Compliance and Reputation Risk</i> - Compliance risk is defined in French regulations as the risk of legal, administrative or disciplinary sanctions, of <i>significant</i> financial loss or reputational damage that a bank may suffer as a result of failure to comply with national or European laws and regulations, codes of conduct and standards of good practice applicable to banking and financial activities, or instructions given by an executive body, particularly in application</p> |

|         |       | <p>of guidelines issued by a supervisory body.</p> <p>By definition, this risk is a sub-category of operational risk. However, as certain implications of compliance risk involve more than a purely financial loss and may actually damage the institution's reputation, BNPP treats compliance risk separately.</p> <p>Reputation risk is the risk of damaging the trust placed in a corporation by its customers, counterparties, suppliers, employees, shareholders, supervisors and any other stakeholder whose trust is an essential condition for the corporation to carry out its day-to-day operations.</p> <p>Reputation risk is primarily contingent on all the other risks borne by BNPP;</p> <p>(8) <i>Insurance Underwriting Risk</i> - Insurance Risks – BNP Paribas Cardif is exposed to <i>the</i> following risks:</p> <ul style="list-style-type: none"> <li>● market risk, risk of a financial loss arising from adverse movements of financial markets. These adverse movements are notably reflected in prices (foreign exchange rates, bond prices, equity and commodity prices, derivatives prices, real estate prices...) and derived from fluctuations in interest rates, credit spreads, volatility and correlation;</li> <li>● credit risk, risk of loss resulting from fluctuations in the credit standing of issuers of securities, counterparties and any debtors to which insurance and reinsurance undertakings are exposed. Among the debtors, risks related to financial instruments (including the banks in which the Company holds deposits) and risks related to receivables generated by the underwriting activities (premium collection, reinsurance recovering...) are distinguished into two categories: "Asset Credit Risk" and "Liabilities Credit Risk";</li> <li>● underwriting risk is the risk of a financial loss caused by a sudden, unexpected increase in insurance claims. Depending on the type of insurance business (life, non-life), this risk may be statistical, macroeconomic or behavioural, or may be related to public health issues or disasters;</li> <li>● operational risk is the risk of loss resulting from the inadequacy or failure of internal processes, IT failures or deliberate external events, whether accidental or natural. The external events mentioned in this definition include those of human or natural origin.</li> </ul> <p>(a) Difficult market and economic conditions have had and may continue to have a material adverse effect on the operating environment for financial institutions and hence on BNPP's financial condition, results of operations and cost of risk.</p> <p>(b) The United Kingdom's referendum to leave the European Union may lead to significant uncertainty, volatility and disruption in European and broader financial and economic markets and hence may adversely affect BNPP's operating environment.</p> <p>(c) Due to the geographic scope of its activities, BNPP may be vulnerable to country or regional-specific political, macroeconomic and financial environments or circumstances.</p> <p>(d) BNPP's access to and cost of funding could be adversely affected by a resurgence of financial crises, worsening economic conditions,</p> |

|         |                                                                   | Details of the minimum and/or maximum amount of application:                                                                                                                                                                                                                                                                                                                                   | Minimum subscription amount per investor: <i>[specify]</i> .<br>Maximum subscription amount per investor: <i>[specify]</i> .                                                                            |
|         |                                                                   | Description of possibility to reduce subscriptions and manner for refunding excess amount paid by the applicants:                                                                                                                                                                                                                                                                              | <i>[specify]</i> [Not applicable.]                                                                                                                                                                      |
|         |                                                                   | Details of the method and time limits for paying up and delivering the Certificates.                                                                                                                                                                                                                                                                                                           | <i>[specify]</i> ]]                                                                                                                                                                                     |
| E.4     | Interest of natural and legal persons involved in the issue/offer | [Save for <i>[specify any interest that is material]</i> ,] [so far as the Issuer is aware, no person involved in the issue of the [Notes][Warrants][Certificates] has an interest material to the offer, including conflicting interests.]                                                                                                                                                    |                                                                                                                                                                                                         |
| E.7     | Expenses charged to the investor by the Issuer or an offeror      | [Not applicable as no expenses are being charged to an investor by the Issuer [or the Authorised Offeror[s]].] [For this specific issue, however, expenses may be charged by an Authorised Offeror (as defined above) in the range between [●] per cent. and [●] per cent. of the [nominal][notional] amount of the [Notes][Warrants][Certificates] to be purchased by the relevant investor.] |                                                                                                                                                                                                         |

## RISK FACTORS

Prospective purchasers of the Securities offered hereby should consider carefully, among other things and in light of their financial circumstances and investment objectives, all of the information in this Base Prospectus and, in particular, the risk factors set forth below and the risk factors incorporated by reference relating to BNP Paribas as Guarantor (incorporated by reference on pages 233 to 398 of the BNPP 2015 Registration Document (in English) and pages 235 to 412 of the BNPP 2016 Registration Document (in English)) and BNL as Guarantor (incorporated by reference on pages 190 to 256 of the BNL Annual Report 2015 and 193 to 254 of the BNL Annual Report 2016) (which the Issuer, in its reasonable opinion, believes represents or may represent the risk factors known to it which may affect the Issuer's ability to fulfil its obligations under the Securities) in making an investment decision. Investors may lose the value of their entire investment in certain circumstances.

### A Risks relating to the Issuer

#### **Factors that may affect the Issuer's ability to fulfil its obligations under the Securities issued under the Programme**

##### *Risks relating to the Issuer*

There are certain factors that may affect the Issuer's ability to fulfil its obligations under Securities issued under the Programme. The Issuer's sole business is to enter into, perform and serve as a vehicle for, any transactions permitted under the Securitisation Act 2004. The Issuer finances the purchase of the Compartment Assets with the proceeds of the issue of Series of Securities. Each Series of Securities will be issued through a separate Compartment. The Issuer has, and will have, no assets that are available to Holders of Securities other than Compartment Assets or other Charged Assets acquired by it, in each case in connection with the issue of the Securities or the entry into of other obligations relating to the Programme or otherwise from time to time. Recourse of the Holders of Securities against the Issuer is limited to, and conditional upon, the funds available to the Issuer from time to time in respect of the assets designated as Compartment Assets and other Charged Assets in the Final Terms and the Issuer shall have no liability to make any payments under the Securities where such funds are not available to it. Therefore, the Holders of Securities are exposed to the risk that the Issuer will not have sufficient funds available to it to make payments owed under the Securities and will not have any further recourse against the Issuer or any other party (other than, in the case of Guaranteed Notes, Guaranteed Warrants, or Guaranteed Certificates, as applicable, the relevant Guarantor, in accordance with the Conditions and the applicable Guarantee) in such circumstances, but will suffer a corresponding loss on their investment.

##### *Issuer's dependency upon counterparty to swap agreements, deposit agreements and repurchase agreements*

The ability of the Issuer to meet its obligations under Securities issued by it may depend on the receipt by it of payments under relevant swap agreements, which will be entered into with BNP Paribas or BNP Paribas Fortis SA/NV, deposit agreements or repurchase agreements. Consequently, the Issuer is exposed to the ability of counterparties in respect of such swap agreements, deposit agreements and/or repurchase agreements to perform their obligations under such agreements and to the creditworthiness of such counterparties. In particular, in respect of certain Series of Securities, the Issuer may pay the issue proceeds of the Securities to the Swap Counterparty in return for the Swap Counterparty agreeing to pay all amounts due on the Securities. In such circumstances, the Swap Counterparty may or may not provide credit support for its obligations under the relevant Swap Agreement. Where the Swap Counterparty does provide credit support for its obligations, such credit support may only be in amounts which are equal to the market value (or a percentage thereof) of the Securities at that time and which, in the

case of Notes, may be less than the principal amount outstanding of the Notes. The Issuer will be dependent in whole or in part on receipt of payments from the Swap Counterparty in order to meet its obligations under the Securities. Certain Notes or Certificates, as the case may be, may be subject to early redemption, and certain Warrants may be subject to cancellation, in the event that the Swap Counterparty or any affiliate incurs or would incur a materially increased cost in relation to the Swap Counterparty performing its obligations with respect to the Swap Agreement. Upon such redemption or cancellation (as the case may be), Holders of Securities may receive less than the original amount invested in the relevant Securities. Following such redemption or cancellation, as applicable, an investor may not be able to reinvest the proceeds of such redemption or cancellation (as the case may be) on equivalent terms. Potential investors should consider reinvestment risk in light of other investments available at that time.

#### *Issuer's dependency upon Compartment Assets*

The ability of the Issuer to meet its obligations under Securities issued by it may depend on the receipt by it of payments from the Compartment Assets it purchases (if any) with the proceeds of the issue of each Series of Securities. Such Compartment Assets securing the Securities may not be realisable for their full nominal value and the Noteholders, the Warrantholders and the Certificateholders (together, the "**Holders of Securities**") are therefore exposed to the risk that the Issuer will not have sufficient funds available to it to make payments owed under the Securities.

#### *Compartments*

The board of directors of the Issuer (the "**Board**") may establish one or more compartments (together the "**Compartments**" and each a "**Compartment**"), each of which is a separate and distinct part of the Issuer's estate (*patrimoine*) and which may be distinguished by the nature of acquired risks or assets and the Conditions as completed by the applicable Final Terms, the reference currency or other distinguishing characteristics. The Conditions of the Securities issued in respect of, and the specific objects of, each Compartment shall be determined by the Board. Each Secured Party shall be deemed to fully adhere to, and be bound by, the Conditions applicable to the Securities and the Articles of Incorporation of the Issuer (the "**Articles**").

The Issuer is established as a *société de titrisation* within the meaning of the Securitisation Act 2004 which provides that claims against the Issuer by the Secured Parties will, in principle, be limited to the net assets of the relevant series of Securities allocated to the relevant Compartment. In respect of any Compartment and any Security (save for any Security which is a Guaranteed Note, Guaranteed Warrant or Guaranteed Certificate, as applicable), and following a Note Acceleration in respect of such Note, Warrant Acceleration in respect of such Warrant, or Certificate Acceleration in respect of such Certificate, as applicable, the entitlement of the holder of such Security will be limited to such Holder of Securities' *pro rata* share of the net proceeds of the relevant Charged Assets applied in accordance with the Order of Priority specified in the applicable Final Terms. If, in respect of any Security, the net proceeds of the enforcement or liquidation of the relevant Charged Assets are not sufficient to make all payments due in respect of such Security, no other assets of the Issuer will be available to meet such shortfall, and the claims of the holder of such Security as against the Issuer in respect of any such shortfall shall be extinguished. Where amounts are due to be paid in priority to a Security in accordance with the Order of Priority, the net proceeds of the enforcement or liquidation of the relevant Charged Assets may not be sufficient to pay such amounts or may only be sufficient to make all such payments due in priority to such Security, in which case no amounts will be available to make payments in respect of such Security. In all cases, neither the holder of a Security nor any person on its behalf (including the Trustee) shall have the right to petition for the winding-up of the Issuer as a consequence of any shortfall. Holders of Securities, by acquiring the Securities, expressly accept, and shall be deemed to be bound by, the provisions of the Securitisation Act 2004 and, in particular, the provisions with respect to compartments, limited recourse, non-petition, subordination and priority of payments.

Each Compartment may be separately liquidated without such liquidation resulting in the liquidation of another Compartment or of the Issuer itself. As far as each Compartment is concerned and subject to any particular rights or limitations attaching to any Securities, as may be specified in the Articles or upon which such Securities may be issued including, without limitation, the relevant Conditions and the applicable Final Terms, if the net assets of a Compartment are liquidated the proceeds thereof shall be applied in the order set out in the Conditions.

As between the Secured Parties, each Compartment is deemed to comprise assets of a separate entity.

Fees, expenses and other liabilities incurred on behalf of the Issuer but which do not relate specifically to any Compartment shall be general liabilities of the Issuer and shall not be payable out of the assets of any Compartment. The Board shall ensure that creditors of such liabilities waive recourse to the assets of any Compartment. If such creditors do not waive recourse and such general liabilities cannot be otherwise funded, they shall be apportioned *pro rata* among the Compartments of the Issuer upon a decision of the Board.

The Board shall establish and maintain separate accounting records for each of the Compartments of the Issuer. The assets of each Compartment may include the proceeds of the issue of the Securities of the relevant Series, any Related Agreements, any collateral relating to such Series, any proceeds from the Related Agreements and any such collateral. The fees, costs and expenses in relation to the Securities of each Series may be allocated to the respective Compartment in accordance with the relevant Conditions.

To give effect to the provisions of the Securitisation Act 2004 and the Articles under which the Charged Assets of a Compartment are available only for the Secured Parties for the relevant Series relating to that Compartment, the Issuer will contract with parties for the account of the relevant Compartment and on a "limited recourse" basis such that claims against the Issuer in relation to each Series would be restricted to the Charged Assets of the Compartment for the relevant Series.

*Issuer acting in respect of the relevant Compartment as the sole party liable under the Securities*

The Securities will be contractual obligations of the Issuer solely in respect of the relevant Compartment of the Issuer. The fulfilment of the Issuer's obligations under the Securities are not guaranteed by any third party save for any Note which is a Guaranteed Note, any Warrant which is a Guaranteed Warrant, or any Certificate which is a Guaranteed Certificate, as applicable. Consequently, Holders of Securities have no right of recourse against any such third parties. In connection with the above it should also be noted that, pursuant to the Securitisation Act 2004, where individual Compartment Assets are insufficient for the purpose of meeting the Issuer's obligations under the relevant issue of Securities, it will not be possible for the Noteholders of that issue to obtain satisfaction of the debt owed to them by the Issuer from assets belonging to another Compartment or, in the case of Warrantholders and Certificateholders, to obtain payment of the amount owed to them by the Issuer from assets belonging to another Compartment. Accordingly, to the extent Compartment Assets are insufficient, the Holders of Securities risk not being able to receive any amounts in respect of their investment or losing the entire value of their initial investment.

The Investors may be exposed to competing claims of other creditors of the Issuer, the claims of which have not arisen in connection with the creation, the operation or the liquidation of a Compartment if foreign courts, which have jurisdiction over the assets of the Issuer allocated to a Compartment do not recognise the segregation of assets and the compartmentalisation, as provided for in the Securitisation Act 2004. The claims of these other creditors may affect the scope of assets which are available for the satisfaction of claims of the Investors. If as a result of such claims, a shortfall arises, such shortfall will be borne by the Investors.

### *Insolvency of the Issuer*

Although the Issuer will contract on a "limited recourse" and non-petition basis as noted above, it cannot be excluded as a risk that the Issuer's assets (that is, its aggregate Compartment Assets plus any other assets it may possess) will become subject to insolvency proceedings. The Issuer is a public limited liability company (*société anonyme*) incorporated under the laws of Luxembourg and managed by its Board. Accordingly, insolvency proceedings with respect to the Issuer would likely proceed under, and be governed by, the insolvency laws of Luxembourg.

Under Luxembourg law, a company is insolvent (*en faillite*) when it is unable to meet its current liabilities and when its creditworthiness is impaired. The Issuer can be declared bankrupt upon petition by a creditor of the Issuer or at the initiative of the court or at the request of the Issuer in accordance with the relevant provisions of Luxembourg insolvency law. If granted, the Luxembourg court will appoint a bankruptcy trustee (*curateur*) who shall be obliged to take such action as he deems to be in the best interests of the Issuer and of all creditors of the Issuer. Certain preferred creditors of the Issuer (including the Luxembourg tax authorities) may have a priority that ranks senior to the rights of the Secured Parties (including Holders of Securities) in such circumstances. Other insolvency proceedings under Luxembourg law include controlled management and moratorium of payments (*gestion contrôlée et sursis de paiement*) of the Issuer, composition proceedings (*concordat*) and judicial liquidation proceedings (*liquidation judiciaire*).

In the event of such insolvency proceedings taking place, Holders of Securities bear the risk of a delay in the settlement of any claims they might have against the Issuer or receiving, in respect of their claims, the residual amount following realisation of the Issuer's assets after preferred creditors have been paid, with the result that they may lose their initial investment.

### *Consequences of insolvency proceedings*

If the Issuer fails for any reason to meet its obligations or liabilities (that is, if the Issuer is unable to pay its debts and may obtain no further credit), a creditor, who has not (and cannot be deemed to have) accepted non petition and limited recourse provisions in respect of the Issuer, will be entitled to make an application for the commencement of insolvency proceedings against the Issuer. In that case, such creditor would, however, not have recourse to the assets of any Compartment (in the case that the Issuer has created one or more Compartments) but would have to exercise its rights on the general assets of the Issuer unless its rights would arise in connection with the "creation, operation or liquidation" of a Compartment, in which case, the creditor would have recourse to the assets allocated to that Compartment but he would not have recourse to the assets of any other Compartment. Furthermore, the commencement of such proceedings may in certain conditions, entitle creditors (including the relevant counterparties) to terminate contracts with the Issuer (including Related Agreements) and claim damages for any loss created by such early termination. The Issuer will seek to contract only with parties who agree not to make application for the commencement of winding-up, liquidation and bankruptcy or similar proceedings against the Issuer. Legal proceedings initiated against the Issuer in breach of these provisions shall, in principle, be declared inadmissible by a Luxembourg court.

### *Custody Arrangements*

Compartment Assets (together with any related Compartment Security) will be held by the Custodian on behalf of the Issuer pursuant to the Agency Agreement (as defined in Condition 8(b)(i) of the "Terms and Conditions of the Notes", Condition 9(b)(i) of "Terms and Conditions of the Warrants" and Condition 9(b)(i) of the "Terms and Conditions of the Certificates"). Assets held by the Custodian may not be immediately available to investors upon the bankruptcy of the Custodian and certain classes of creditors having general rights of preference stipulated by Luxembourg law, such as preference rights for judicial fees (including the fees and costs of a receiver/liquidator), unpaid salaries and various tax, excise and social security contributions, may take preference over secured creditors in bankruptcy proceedings. In circumstances where a charge under English law is expressed to be taken over the Compartment Assets and the

Compartment Assets are held by or through the Custodian through a clearing system or where the Compartment Assets are held outside England and Wales, any security over the Compartment Assets will take the form of an assignment by way of security of the Issuer's rights against the Custodian under the Agency Agreement to the extent that such rights relate to the Compartment Assets, rather than a charge over the Compartment Assets themselves.

In addition, in respect of certain Series of Securities, the collateral provided by the Swap Counterparty as credit support for its obligations may be held not by the Custodian but by another bank or institution as specified in the applicable Final Terms. Investors in such Securities are exposed to the credit risk of such entity, such collateral may not be immediately available to investors upon the bankruptcy of such entity and other creditors of such entity may take preference as secured creditors in bankruptcy proceedings.

#### *FATCA*

While the Securities are in global form and held within Euroclear Bank S.A./N.V. and Clearstream Banking, société anonyme (the "**ICSDs**"), in all but the most remote circumstances, it is not expected that the reporting regime and potential withholding tax imposed by sections 1471 through 1474 of the U.S. Internal Revenue Code of 1986 ("**FATCA**") will affect the amount of any payment received by the ICSDs. However, FATCA may affect payments made to custodians or intermediaries in the subsequent payment chain leading to the ultimate investor if any such custodian or intermediary generally is unable to receive payments free of FATCA withholding. It also may affect payment to any ultimate investor that is a financial institution that is not entitled to receive payments free of withholding under FATCA, or an ultimate investor that fails to provide its broker (or other custodian or intermediary from which it receives payment) with any information, forms, other documentation or consents that may be necessary for the payments to be made free of FATCA withholding. Investors should choose the custodians or intermediaries with care (to ensure each is compliant with FATCA) and provide each custodian or intermediary with any information, forms, other documentation or consents that may be necessary for such custodian or intermediary to make a payment free of FATCA withholding. The Issuer's obligations under the Securities are discharged once it has made payment to, or to the order of, the common depositary or common safekeeper for the ICSDs (as registered holder of the Securities) and the Issuer has therefore no responsibility for any amount thereafter transmitted through the ICSDs and custodians or intermediaries. The documentation expressly contemplates the possibility that the Notes may be exchanged for Notes in definitive form and therefore may be taken out of the ICSDs. If this were to happen, a non-FATCA compliant holder could potentially be subject to FATCA withholding. However, foreign financial institutions in a jurisdiction which has entered into an intergovernmental agreement with the United States (an "**IGA**") are generally not expected to be required to withhold under FATCA or an IGA (or any law implementing an IGA) from payments they make.

On 28 March 2014, the United States and the Grand Duchy of Luxembourg concluded an intergovernmental agreement, Agreement between the Government of the United States of America and the Government of the Grand Duchy of Luxembourg to Improve International Tax Compliance and with respect to The United States information reporting provisions commonly known as the Foreign Account Tax Compliance Act (the "**Luxembourg IGA**"). Under the Luxembourg IGA, the United States and Luxembourg have agreed to implement FATCA through domestic reporting obligations for financial institutions, an automatic exchange of account information between the public authorities of the two countries and on the basis of existing bilateral tax treaties. The Luxembourg IGA as well as the related exchange of notes signed on 31 March 2015 and on 1 April 2015 have been approved in Luxembourg by the law of 24 July 2015 (the "**Law**"). Further to the entry into force of the Law, an issuer located in Luxembourg does not have to enter into an FFI Agreement, but has to comply with the requirements under the Law and the Luxembourg IGA in order to become a participating FFI.

Under the Luxembourg IGA (and assuming the Issuer complies with the relevant obligations under the IGA), the Issuer should not be subject to withholding under FATCA in respect of any payments it receives and the Issuer should not be required to withhold under FATCA or the IGA (or the Law) from any payments it makes.

Prospective holders of the Securities should consult their own tax advisor with respect to the FATCA rules and the application of FATCA to such holder in light of such holder's individual circumstances. If an amount in respect of FATCA withholding tax would be required to be deducted or withheld from payments on the Securities, the terms of the Securities will not require any person to pay additional amounts as a result of the deduction or withholding of such tax.

*European Market Infrastructure Regulation and Markets in Financial Instruments Directive*

European Regulation 648/2012, known as the European Market Infrastructure Regulation ("**EMIR**") entered into force on 16 August 2012 and took direct effect in the member states of the European Union in 2013. Under EMIR certain over-the-counter ("**OTC**") derivatives that are traded in the European Union by financial counterparties ("**FCs**"), such as investment firms, credit institutions and insurance companies, and certain non-financial counterparties ("**NFCs**") have to be cleared (the "**clearing obligation**") via an authorised central clearing counterparty (a "**CCP**"). In addition, EMIR requires the reporting of OTC derivative contracts to a trade repository (the "**reporting obligation**") and introduces certain risk mitigation requirements in relation to OTC derivative contracts that are not cleared by a CCP.

Under EMIR, a CCP will be used to meet the clearing obligation by interposing itself between the counterparties to the eligible derivative contracts. CCPs will connect with derivative counterparties through their clearing members. Each derivative counterparty will be required to post both initial and variation margin to the clearing member, which will in turn be required to post margin to the CCP. EMIR requires CCPs to only accept highly liquid collateral with minimal credit and market risk. A NFC may also be subject to the clearing obligation and the reporting obligation, subject to its positions in OTC derivatives contracts exceeding certain thresholds. Whilst it appears that entities like the Issuer would be considered a NFC under EMIR, the position remains to be fully clarified. Thus, it cannot be excluded that the Issuer will be subject to the clearing obligation in the future. NFCs which enter into an OTC derivative contract which are not "eligible" for clearing would have to ensure that appropriate procedures and arrangements are in place to monitor and minimise operational and credit risk.

The Issuer may have to apply certain risk mitigation techniques in relation to timely confirmation, portfolio reconciliation and compression, and dispute resolution that are applicable to OTC derivatives contracts that are not cleared by a CCP. Further, the Issuer will be required to deliver certain information about any Swap Agreement to a registered or recognised trade repository. EMIR also imposes a record-keeping requirement pursuant to which counterparties must keep records of any derivative contract they have concluded and any modification for at least five years following the termination of the contract.

The EU regulatory framework relating to derivatives is set not only by EMIR but also by the amending Directive to the existing Markets in Financial Instruments Directive published in the Official Journal on 12 June 2014 ("**MiFID II**") Member States are required to implement national legislation giving effect to MiFID II within 24 months after the entry into force of MiFID II (i.e., June 2016) which national legislation must apply within 30 months after the entry into force of MiFID II (January 2017). The European Commission has however extended by one year the application date for MiFID II with an entry into force to take place on 3 January 2018 in all Member States. In particular, MiFID II is expected to require all transactions in OTC derivatives to be executed on a trading venue. In this respect, it is difficult to predict the full impact of these regulatory requirements on the Issuer.

Investors in the Securities should be aware that the regulatory changes arising from EMIR and MiFID II may in due course significantly raise the costs of entering into derivative contracts and

may adversely affect the Issuer's ability to engage in transactions in OTC derivatives. As a result of such increased costs or increased regulatory requirements, investors may receive less interest or return, as the case may be. Investors should be aware that such risks are material and that the Issuer could be materially and adversely affected thereby. The full impact of EMIR and of MiFID II remains to be clarified and the scope of their possible implications for investors in the Securities cannot currently be predicted. As such, investors should consult their own independent advisers and make their own assessment about the potential risks posed by EMIR and MiFID II and technical implementation in making any investment decision in respect of the Securities.

It should also be noted that further changes may be made to the EMIR framework in the context of the EMIR review process, including in respect of counterparty classification. In this regard, the European Commission has published legislative proposals providing for certain amendments to EMIR. If the proposals are adopted in their current form, the classification of certain counterparties under EMIR would change including with respect to securitisation vehicles. It is not clear when, and in what form, the legislative proposals (and any corresponding technical standards) will be adopted and will become applicable and how they might affect the Issuer. In addition, the compliance position under any adopted amended framework of swap transactions entered into prior to adoption is uncertain. No assurances can be given that any changes made to EMIR would not cause the status of the Issuer to change and lead to some or all of the potentially adverse consequences outlined above.

*The Dodd-Frank Wall Street Reform and Consumer Protection Act and other regulatory changes affecting derivatives markets*

The Dodd-Frank Wall Street Reform and Consumer Protection Act ("**Dodd-Frank**"), which provides for substantial changes to the regulation of the futures and over-the-counter ("**OTC**") derivative markets, was enacted in July 2010.

Dodd-Frank requires regulators, including the U.S. Commodity Futures Trading Commission ("**CFTC**"), the U.S. Securities and Exchange Commission ("**SEC**"), the Department of the Treasury, the Financial Stability Oversight Council (the "**FSOC**"), the Office of the Comptroller of the Currency, and the Federal Deposit Insurance Corporation to adopt regulations to implement many of the requirements of the legislation.

In particular, Title VII ("**Title VII**") of the Dodd-Frank Act establishes a comprehensive U.S. regulatory regime for a broad range of derivatives contracts including swaps, security-based swaps and mixed swaps (collectively referred to in this risk factor as "**Covered Swaps**"). Among other things, Title VII provides the CFTC and the SEC with jurisdiction and regulatory authority over Covered Swaps, requires the establishment of a comprehensive registration and regulatory framework applicable to swap dealers and security-based swap dealers and other major market participants, requires the reporting of data on Covered Swaps, requires many types of covered swaps to be exchange-traded or executed on a swap execution facility or security-based swap execution facility, as applicable, and centrally cleared, will impose capital requirements and margin requirements for uncleared transactions in Covered Swaps.

Many of the key regulations implementing Title VII have recently become effective or are in final form. However, in some instances, the interpretation and potential impact of these regulations are not yet entirely clear and certain other key regulations are yet to be finalised. Once implemented, these new regulations could adversely affect the value, availability and performance of certain derivatives instruments and may result in additional costs and restrictions with respect to the use of those instruments.

These regulations may have the effect of reducing liquidity and increasing costs in these markets as well as affecting the structure of the markets in other ways. In addition, these legislative and regulatory changes will likely increase the level of regulation of markets and market participants, and therefore the costs of participating in the commodities, futures and OTC derivative markets. Without limitation, these changes will require many OTC derivative transactions to be executed on

regulated exchanges or trading platforms and cleared through regulated clearing houses. Swap dealers are required to be registered and are subject to various regulatory requirements, including capital and margin requirements. The various legislative and regulatory changes, and the resulting increased costs and regulatory oversight requirements, could result in market participants being required to, or deciding to, limit their trading activities, which could cause reductions in market liquidity and increases in market volatility. These consequences could adversely affect the return on and value of the Securities. The use of derivative instruments by the Issuer may be subject to the clearing, capital, margin, business conduct, reporting and/or recordkeeping requirements of Title VII or other related regulatory reforms, that may result in additional regulatory burdens and related costs and expenses.

In particular, any swaps entered into by the Issuer may include agreements that are regulated as Covered Swaps under Title VII, each of which may be subject to new clearing, execution, capital, margin posting, reporting and recordkeeping requirements under the Dodd-Frank Act that could result in additional regulatory burdens, costs and expenses (including extraordinary, non-recurring expenses of the Issuer). Such requirements may disrupt the Issuer's ability to hedge their exposure to various transactions, and may materially and adversely impact a transaction's value or the value of the Securities. While the Dodd-Frank Act provides for the grandfathering of certain swaps, such grandfathering may not apply to the transactions entered into by the Issuer or may only apply to certain transactions. Additionally, the Issuer cannot be certain as to how these regulatory developments will impact the treatment of the Securities.

Based on the regulations issued and guidance provided to date, it is not clear whether the Warrants or Certificates would be deemed to be "swaps" or "security-based swaps" under Dodd-Frank and regulated as such by the CFTC or the SEC. If the Warrants or Certificates were deemed to be "swaps" under Dodd-Frank and issued by a non-US person to other non-US persons (with none of such non-US persons guaranteed by or affiliate conduits of US persons or foreign branches of "swap dealers" or "major swap participants" that are US persons), the Warrants or Certificates may not be subject to Dodd-Frank. The SEC has also adopted final rules that address when a cross-border transaction must be counted toward the threshold requirement to register as a security-based swap dealer or major security-based swap participant.

Although some of the required rules and regulations are still in proposed form, are yet to be proposed or are subject to extended transition periods, the majority of rules and regulations have been finalised and have resulted in, or will result in, additional costs and the imposition of certain limitations on the business activities of the Issuer's counterparties. The recent change in administration in the United States adds to the uncertainty about the complete scope of the Dodd-Frank Act and other U.S. regulation, any changes to which could impact the business activities of the Issuer and/or the value or liquidity of a Security.

In addition, the Dodd-Frank Act, amending the CEA, expanded the definition of a "commodity pool" to include any form of enterprise operated for the purpose of trading in commodity interests, including swaps. If the Issuer were deemed to be a "commodity pool", then both the "commodity pool operator" and the "commodity trading advisor" of the Issuer would be required to register as such with the CFTC and the National Futures Association. While there remain certain limited exemptions from registration, it is unclear whether and to what extent any of these exemptions would be available to avoid registration with respect to the Issuer. In addition, if the Issuer were deemed to be a "commodity pool", it would have to comply with a number of reporting requirements that are designed to apply to traded commodity pools. It is presently unclear how the Issuer could comply with certain of these reporting requirements on an ongoing basis. Such registration and other requirements would involve material ongoing costs to the Issuer, thereby materially and adversely impacting a Security's value.

In addition, other regulatory bodies have proposed or may propose in the future (such as MiFID II as regards to which see above) similar to those required by Dodd-Frank or other regulations

containing other restrictions that could adversely impact the liquidity of and increase costs of entering into derivatives transaction.

#### *Hiring Incentives to Restore Employment Act withholding risk*

The U.S. Hiring Incentives to Restore Employment Act (the "**HIRE Act**") imposes a 30% withholding tax on payments to non-U.S. holders of amounts attributable to U.S. source dividends that are paid or "deemed paid" under certain financial instruments if certain conditions are met. If the Issuer or any withholding agent determines that withholding is required, neither the Issuer nor any withholding agent will be required to pay any additional amounts with respect to amounts so withheld. A non-U.S. holder may be able to claim a refund of any excess withholding provided the required information is timely furnished to the IRS. Refund claims are subject to U.S. tax law requirements and there can be no assurance that a particular refund claim will be timely paid or paid at all. Prospective investors should refer to the section "*Taxation – Hiring Incentives to Restore Employment Act Withholding.*"

#### *Benchmark reforms and licensing*

The London Inter-Bank Offered Rate ("**LIBOR**"), the Euro Interbank Offered Rate ("**EURIBOR**") are and other types of indices, including (but not limited to) indices comprised of interest rates, equities, commodities, commodity indices, exchange traded products, foreign exchange rates, funds and combinations of any of the preceding types of indices which may be deemed to be "benchmarks", which have been the subject of recent national, international and other regulatory guidance and proposals for reform. Some of these reforms are already effective whilst others are still to be implemented.

Key international regulatory initiatives relating to the reform of benchmarks include IOSCO's Principles for Financial Benchmarks<sup>1</sup> (the "**IOSCO Principles**") and Regulation (EU) 2016/1011 of the European Parliament and of the Council of 8 June 2016 on indices used as benchmarks in financial instruments and financial contracts or to measure the performance of investment funds and amending Directive 2008/48/EC and 2014/17/EC and Regulation (EU) No 596/2014 (the "**Benchmarks Regulation**"). The IOSCO Principles aim to create an overarching framework of principles for benchmarks to be used in financial markets, specifically covering (among other things) governance and accountability as well as the quality, integrity and transparency of benchmark design, determination and methodologies. A review published by IOSCO in February 2015 of the status of the voluntary market adoption of the IOSCO Principles noted that there has been significant but mixed progress on implementation of IOSCO Principles but that as the benchmarks industry is in a state of change, further steps may need to be taken by IOSCO in the future.

The Benchmarks Regulation was published in the official journal on 29 June 2016. Most of provisions of the Benchmarks Regulation will apply from 1 January 2018 with the exception of certain provisions (mainly on critical benchmarks) that applied from 30 June 2016. The Benchmarks Regulation applies to the provision of benchmarks, the contribution of input data to a benchmark and the use of a benchmark within the European Union and will, among other things, (i) require benchmark administrators to be authorised or registered (or, if non-EU-based, to be subject to an equivalent regime or otherwise recognised or endorsed) and to comply with extensive requirements in relation to the administration of "benchmarks" and (ii) prevent certain uses by EU supervised entities of "benchmarks" of administrators that are not authorised/registered (or, if non-EU based, deemed equivalent or recognised or endorsed). The scope of the Benchmarks Regulation is wide and, in addition to so-called "critical benchmark" indices, such as EURIBOR, applies to many other indices (including "proprietary" indices or, potentially, baskets, portfolios or strategies) where used to determine the amount payable under or the value or performance of certain financial instruments for which a request for admission to trading on a trading venue has

---

<sup>1</sup> Principles for Financial Benchmarks – Final Report - FR07/13, July 2013, as recently supplemented by IOSCO's Report on Guidance on the IOSCO Principles for Financial Benchmarks FR 13/2016 providing guidance on the statement of compliance

been made, or which are traded on a trading venue (EU regulated market, EU multilateral trading facility ("**MTF**"), EU organised trading facility ("**OTF**")) or via a systematic internaliser. Different types of benchmark (critical benchmarks, significant benchmarks, non-significant benchmarks and interest rate benchmarks, commodity benchmarks, regulated data benchmarks) are subject to some variations to take into account their characterisation.

The Benchmarks Regulation could have a material impact on any Securities for which a request for admission to trading on a trading venue has been made, or which are traded on a trading venue or via a "systematic internaliser" linked to a "benchmark" index, including in any of the following circumstances:

- subject to any applicable transitional provisions, an index which is a "benchmark" could not be used by a supervised entity in certain ways if its administrator, or the benchmark is not entered in or is removed from ESMA's register of Benchmarks Regulation approved benchmarks (for example, if the administrator does not obtain or retain authorisation or registration under the Benchmarks Regulation, or, if based in a non-EU jurisdiction, the administrator does not obtain or retain recognition or endorsement and the administrator/benchmark does not benefit from equivalence); or
- the methodology or other terms of the "benchmark" could be changed in order to comply with the terms of the Benchmarks Regulation.

Any of the above changes or any other consequential changes to any benchmark as a result of international, national or other reforms or investigations, could potentially:

- lead to the Securities being de-listed, adjusted, redeemed early, subject to discretionary valuation by the Calculation Agent or otherwise impacted depending on the particular "benchmark" and the applicable terms of the Securities;
- affect the level of the published rate or the level of the benchmark, including causing it to be lower or more volatile than in the past;
- increase the costs of administering or otherwise participating in the setting of a "benchmark" and complying with such regulations or requirements;
- discourage market participants from continuing to administer or contribute to certain "benchmarks";
- trigger changes in the rules or methodologies used in certain "benchmarks";
- lead to the disappearance of certain "benchmarks" (or certain currencies or tenors of benchmarks); or
- have other adverse effects or unforeseen consequences.

Any such consequences could have a material adverse effect on the value of and return on any Securities.

A benchmark licence may also be required for the issuance or calculation of amounts payable under any Securities referencing a benchmark. To the extent any such licence is not obtained or retained, it may not be possible for the Securities to reference the benchmark and the Securities may be adjusted or redeemed early or otherwise impacted depending on the particular "benchmark" and the applicable terms of the Securities.

Investors should consult their own independent advisers and make their own assessment about the potential risks imposed by benchmark reforms and licensing issues in making any investment decision with respect to the Securities.

*EU Resolution and Recovery Directive*

On 2 July 2014, Directive 2014/59/EU providing for the establishment of an EU-wide framework for the recovery and resolution of credit institutions and investment firms (the "**Bank Recovery and Resolution Directive**" or "**BRRD**") entered into force. The BRRD is designed to provide authorities with a credible set of tools to intervene sufficiently early and quickly in an unsound or failing institution so as to ensure the continuity of the institution's critical financial and economic functions, while minimising the impact of an institution's failure on the economy and financial system.

The BRRD has been applicable in all Member States since 1 January 2015, except for the general bail-in tool which has been applicable since 1 January 2016.

The BRRD contains four resolution tools and powers which may be used alone or in combination where the relevant resolution authority considers that (a) an institution is failing or likely to fail, (b) there is no reasonable prospect that any alternative private sector measures would prevent the failure of such institution within a reasonable timeframe, and (c) a resolution action is in the public interest: (i) sale of business – which enables resolution authorities to direct the sale of the firm or the whole or part of its business on commercial terms without requiring the consent of the shareholders or complying with the procedural requirements that would otherwise apply; (ii) bridge institution – which enables resolution authorities to transfer all or part of the business of the firm to a "bridge bank" (a public controlled entity holding such business or part of a business with a view to reselling it); (iii) asset separation – which enables resolution authorities to transfer impaired or problem assets to one or more publicly owned asset management vehicles to allow them to be managed with a view to maximising their value through eventual sale or orderly wind-down (this can be used together with another resolution tool only); and (iv) bail-in – which gives resolution authorities the power to write down certain claims of unsecured creditors of a failing institution and to convert certain unsecured debt claims including Securities to equity (the "**general bail-in tool**"), which equity could also be subject to any future application of the general bail-in tool.

The BRRD also provides for a Member State as a last resort, after having assessed and exploited the above resolution tools to the maximum extent possible whilst maintaining financial stability, to be able to provide extraordinary public financial support through additional financial stabilisation tools. These consist of the public equity support and temporary public ownership tools. Any such extraordinary financial support must be provided in accordance with the EU state aid framework.

An institution will be considered as failing or likely to fail when: it is, or is likely in the near future to be, in breach of its requirements for continuing authorisation; its assets are, or are likely in the near future to be, less than its liabilities; it is, or is likely in the near future to be, unable to pay its debts as they fall due; or it requires extraordinary public financial support (except in limited circumstances).

The powers set out in the BRRD impact how credit institutions and investment firms are managed as well as, in certain circumstances, the rights of creditors. The impact of the BRRD and its implementing provisions on credit institutions, is currently unclear but its current and future implementation and application to any Guarantor or the taking of any action under it could materially affect the activity and financial condition of any Guarantor and the value of any Securities.

Any application of the general bail-in tool could result in a write-down or conversion into ordinary shares or other instruments of ownership of the Guarantee, or the variation of the terms of any Guarantee.

### *Implementation of BRRD in France*

The implementation of the BRRD in France was made by two main texts of legislative nature. First, the banking law dated 26 July 2013 regarding the separation and the regulation of banking activities (*Loi de séparation et de régulation des activités bancaires*) (as modified by the *ordonnance* dated 20 February 2014 (*Ordonnance portant diverses dispositions d'adaptation de la législation au droit de l'Union européenne en matière financière*)) (the "**Banking Law**") had anticipated the implementation of the BRRD. Secondly, Ordinance no. 2015-1024 dated 20 August 2015 (*Ordonnance no 2015-1024 du 20 août 2015 portant diverses dispositions d'adaptation de la législation au droit de l'Union européenne en matière financière*) (the "**Ordinance**") published in the Official Journal on 21 August 2015 has introduced various provisions amending and supplementing the Banking Law to adapt French law to European Union legislation regarding financial matters. Many of the provisions contained in the BRRD were already similar in effect to provisions contained in the Banking Law. Decree no. 2015-1160 dated 17 September 2015 and three orders dated 11 September 2015 (*décret et arrêtés*) implementing provisions of the Ordinance regarding (i) recovery planning, (ii) resolution planning and (iii) criteria to assess the resolvability of an institution or group, have been published on 20 September 2015 to mostly implement the BRRD in France.

The Ordinance has been ratified by law no. 2016-1691 dated 9 December 2016 (*Loi n°2016-1691 du 9 décembre 2016 relative à la transparence, à la lutte contre la corruption et à la modernisation de la vie économique*) which also incorporates provisions which clarify the implementation of the BRRD.

French credit institutions (like BNPP) must now comply at all times with minimum requirements for own funds and eligible liabilities (the "**MREL**") since the publication in the Official Journal dated 3 September 2016 of the delegated Regulation (EU) 2016-1450 dated of 23 May 2016 supplementing the BRRD with regard to regulatory technical standards specifying the criteria relating to the methodology for setting the minimum requirement for own funds and eligible liabilities. The MREL is expressed as a percentage of total liabilities and equity of the institution and aims to prevent institutions to structure their commitments in a manner which could limit or prevent the effectiveness of the bail-in tools.

The impact of the BRRD and its implementing provisions on credit institutions, including BNPP, is currently unclear but its current and future implementation and application to BNPP or the taking of any action under it could materially affect the activity and financial condition of BNPP and the value of any Securities.

The French *Code monétaire et financier*, as amended by the Ordinance also provides that in exceptional circumstances, where the general bail-in tool is applied, the relevant resolution authority may exclude or partially exclude certain liabilities from the application of the write-down or conversion powers, in particular where: (a) it is not possible to bail-in that liability within a reasonable time; (b) the exclusion is strictly necessary and is proportionate to achieve the continuity of critical functions and core business lines of the institution under resolution; (c) the exclusion is strictly necessary and proportionate to avoid giving rise to widespread contagion, which would severely disrupt the functioning of financial markets, including of financial market infrastructures, in a manner that could cause a serious disturbance to the economy of a Member State of the European Union or of the European Union; or (d) the application of the general bail-in tool to those liabilities would cause a destruction in value such that the losses borne by other creditors would be higher than if those liabilities were excluded from bail-in. Consequently, where the relevant resolution authority decides to exclude or partially exclude an eligible liability or class of eligible liabilities, the level of write down or conversion applied to other eligible liabilities – due to Holders as the case may be - when not excluded, may be increased to take account of such exclusions. Subsequently, if the losses that would have been borne by those liabilities have not been passed on fully to other creditors, the French "Resolution and Deposits Guarantee Fund" (*Fonds de garantie des dépôts et de résolution*) or any other equivalent arrangement from a

Member State, may make a contribution to the institution under resolution, under certain limits, including the requirement that such contribution does not exceed 5% of the global liabilities of such institution to (i) cover any losses which have not been absorbed by eligible liabilities and restore the net asset value of the institution under resolution to zero and/or (ii) purchase shares or other instruments of ownership or capital instruments in the institution under resolution, in order to recapitalise the institution. The last step - if there are losses left - would be an extraordinary public financial support through additional financial stabilisation tools. Any such extraordinary financial support must be provided in accordance with the EU state aid framework. An institution will be considered as failing or likely to fail when it is, or is likely in the near future to be, in breach of its requirements for continuing authorisation; its assets are, or are likely in the near future to be, less than its liabilities; it is, or is likely in the near future to be, unable to pay its debts as they fall due; or it requires extraordinary public financial support (except in limited circumstances).

The powers set out in the BRRD will impact how credit institutions, including BNPP, and investment firms are managed as well as, in certain circumstances, the rights of creditors. The exercise of any power under the BRRD as applied to BNPP or any suggestion of such exercise could, therefore, materially adversely affect the rights of Holders, the price or value of their investment in any Securities and/or the ability of BNPP, acting as Guarantor of Securities, as the case may be, to satisfy its obligations under any Securities.

The Issuer is not within scope of the BRRD because it is not a bank or investment firm or an affiliate of such. However, the exercise of any resolution power by a resolution authority vis-à-vis BNPP, including exercise of the bail-in tool, or any suggestion of any such exercise, could:

- (i) materially adversely affect the rights of the Holders of the Securities, the price or value of their investment in the Securities; and/or
- (ii) result in the cancellation or deferral of all, or a portion, of any close-out amount owed to the Issuer by BNPP; and/or
- (iii) result in the cancellation or deferral of all, or a portion, of certain debt instruments which may be held by the Issuer as Compartment Assets; and/or
- (iv) impair the ability of the Issuer to satisfy its obligations under the Securities; and/or
- (v) lead to Holders of the Securities losing some or all of the value of their investment in such Securities.

A resolution authority is not required to provide any advance notice to the Issuer or to Holders of the Securities of its decision to exercise any resolution power in relation to the Swap Counterparty or Repo Counterparty. Therefore, Holders of the Securities may not be able to anticipate a potential exercise of any such powers nor the potential effect of any exercise of such powers on the Swap Counterparty or Repo Counterparty (and indirectly on the Issuer and the Securities). The Issuer, the Trustee and the Holders of the Securities may have only very limited rights to challenge and/or seek a suspension of any decision of a resolution authority to exercise its resolution powers or to have that decision reviewed by a judicial or administrative process or otherwise. Furthermore, even in circumstances where a claim for compensation is established under the "no creditor worse off" safeguard in accordance with a valuation performed after the resolution action has been taken, it is unlikely that such compensation would be equivalent to the full losses incurred by the Issuer (and indirectly by the Holders of the Securities) in the resolution and there can be no assurance that the Issuer (and indirectly the Holders of the Securities) would recover such compensation promptly.

The powers currently set out in the BRRD and its implementation in the French *Code monétaire et financier* are expected to impact how credit institutions, including BNPP, and large investment firms (those which are required to hold initial capital of € 730,000 by the fourth Capital Requirements Directive (CRD)) are managed as well as, in certain circumstances, the rights of

creditors. For Member States (including France) participating in the Banking Union, the Single Resolution Mechanism (the "**SRM**") fully harmonises the range of available tools but Member States are authorized to introduce additional tools at a national level to deal with crises, as long as they are compatible with the resolution objectives and principles set out in the BRRD.

The Single Resolution Board works in close cooperation with the ACPR, in particular in relation to the elaboration of resolution planning, and assumes full resolution powers since 1 January 2016, as the conditions for transfer of national contributions to the Single Resolution Fund were met by this date. It is not yet possible to assess the full impact of the BRRD and the French law provisions implementing the BRRD on BNPP and there can be no assurance that its implementation or the taking of any actions currently contemplated in it will not adversely affect the rights of Holders of Securities, the price or value of their investment in the Securities and/or the ability of BNPP to satisfy its obligations with respect to the Securities.

Since November 2014, the European Central Bank ("**ECB**") has taken over the prudential supervision of significant credit institutions in the member states of the Eurozone under the Single Supervisory Mechanism ("**SSM**"). In addition, a SRM has been put in place to ensure that the resolution of banks across the Eurozone is harmonised. As mentioned above, the SRM is managed by the SRB. Under Article 5(1) of the SRM Regulation, the SRM has been granted those responsibilities and powers granted to the member states' resolution authorities under the BRRD for those banks subject to direct supervision by the ECB. The ability of the SRB to exercise these powers came into force at the start of 2016.

BNPP has been designated as a significant supervised entity for the purposes of Article 49(1) of the SSM Regulations and is consequently subject to the direct supervision of the ECB in the context of the SSM. This means that BNPP is also subject to the SRM which came into force in 2015. The SRM Regulation mirrors the BRRD and, to a large part, refers to the BRRD so that the SRB is able to apply the same powers that would otherwise be available to the relevant national resolution authority.

#### *Implementation of BRRD in Belgium*

The implementation of the BRRD into Belgian law has been made by three texts of legislative nature. The first text is the Belgian Law of 25 April 2014 on the status and supervision of credit institutions (the "**Belgian Banking Law**") which implemented partially the BRRD in anticipation.

This law has been amended by the Royal Decree of 18 December 2015 amending the law of 25 April 2014 on the status and supervision of credit institutions (the "**Royal Decree of 18 December 2015**") and the Royal Decree of 26 December 2015 amending the law of 25 April 2014 on the status and supervision of credit institutions relating to the resolution and recovery of group failures (the "**Royal Decree of 26 December 2015**") which introduced various provisions amending and supplementing the Banking Law to adapt Belgian law to the BRRD.

These royal decrees entered into force on 1 January 2016 and were ratified by the law of 27 June 2016.

The Belgian Banking Law includes a number of measures transposing the BRRD. It grants the power to the supervisor to impose certain recovery measures, including the power to impose in certain circumstances a suspension of activities. Any suspension of activities can, to the extent determined by the competent supervisor, result in the partial or complete suspension of the performance of agreements entered into by the relevant financial institution. The new Belgian Banking Law also grants the power to a resolution authority to take a number of resolution measures, including (i) a forced sale of the credit institution, (ii) the establishment of a bridge bank or (iii) the forced transfer of all or part of the assets, rights or obligations of the credit institution.

The Royal Decree of 18 December 2015 organises the bail-in tool provided for in the BRRD. It provides that the resolution authority may proceed (i) to write-down (reducing the amount

outstanding, including to zero), (ii) to the conversion of these debts into equity (ordinary shares or other instruments of ownership) under certain conditions and for the pursuit of certain goals, or (iii) to the variation of the terms (e.g. the variation of maturity of a debt instrument). Financial public support may only be used as a last resort after having assessed and exploited to the maximum extent practicable, the resolution tools, including the bail-in tool. This may result in such holders losing some or all their investment where the Compartment Assets are securities issued by BNP Paribas Fortis. The exercise of any power under the BRRD and its implementing provisions or any suggestion of such exercise could materially adversely affect the rights of the Holders of the Securities, the price or value of their investment in any Securities and/or the ability of the Issuer to satisfy its obligations under any Securities.

The Royal Decree of 26 December 2015 introduces the principle following which, in the context of groups, recovery and resolution plans must be established at group level only, unless otherwise provided.

In addition, it provides that the resolution authority may decide to apply the minimum requirement for own funds and eligible liabilities to credit institutions.

In addition, Regulation (EU) no. 806/2014 of the European Parliament and of the Council of 15 July 2014 establishing uniform rules and a uniform procedure for the resolution of credit institutions and certain investment firms in the framework of a Single Resolution Mechanism and a Single Resolution Fund has been established as a single resolution mechanism. A centralised power of resolution is entrusted to the Single Resolution Board, while the national resolution authorities (for Belgium, *le Collège de résolution/het Afwikkelingscollege*) will remain responsible for certain tasks within the Single Resolution Mechanism.

These measures may have an impact on the performance by BNP Paribas Fortis of its obligations under the BNP Paribas Fortis Bonds and execution of the transaction documents to which BNP Paribas Fortis is a party.

The specific resolution rules set aside the traditional bankruptcy rules allowing the avoidance of transactions entered into during the so called "suspect period" (i.e. claw back); these rules do not apply to the acts of disposal adopted in the context of resolution measures. Moreover, the Belgian Royal Decree dated 22 February 2015 creates two new preferential rights on a bank's movables for depositors and for the guarantee fund.

#### *Credit Risk Retention*

The Securities sold as part of the initial distribution of any Securities may not be purchased by any person except for persons that are not "U.S. persons" as defined in the U.S. Risk Retention Rules, or "**Risk Retention U.S. Persons**". "**U.S. Risk Retention Rules**" means Regulation RR (17 C.F.R. Part 246) implementing the risk retention requirements of Section 15G of the U.S. Securities Exchange Act of 1934, as amended. Prospective investors should note that, although the definition of "U.S. person" in the U.S. Risk Retention Rules is very similar to the definition of "U.S. person" in Regulation S, there are substantial differences between the two definitions and that persons who are not "U.S. persons" under Regulation S may be "U.S. persons" under the U.S. Risk Retention Rules. Each purchaser of Securities, including beneficial interests in such Securities shall be deemed to have made the following representations: that it (1) is not a Risk Retention U.S. Person, (2) is acquiring such Securities or a beneficial interest in such Securities for its own account and not with a view to distribute such Secured Securities, or, in the case of a distributor, will only distribute such Securities to a person which is not a Risk Retention U.S. Person, and (3) is not acquiring such Securities or a beneficial interest in such Securities as part of a scheme to evade the requirements of the U.S. Risk Retention Rules.

Notwithstanding the foregoing, the Issuer may sell a limited portion of the Securities to, or for the account or benefit of, Risk Retention U.S. Persons under an exemption from the U.S. Risk Retention Rules.

The U.S. Risk Retention Rules generally require the "securitizer" of a "securitization transaction" to retain at least 5 per cent. of the "credit risk" of "securitized assets", as such terms are defined for purposes of U.S. Risk Retention Rules, and generally prohibit a securitizer from directly or indirectly eliminating or reducing its credit exposure by hedging or otherwise transferring the credit risk that the securitizer is required to retain. The U.S. Risk Retention Rules also provide for certain exemptions from the risk retention obligations.

The issuance of Securities is not designed to comply with the U.S. Risk Retention Rules other than the "foreign safe harbor" exemption under the U.S. Risk Retention Rules, and no other steps have been taken by the Issuer, BNPP, any Dealer or any of their affiliates or any other party to accomplish such compliance.

The Securities are being issued and offered in reliance on an exemption from the U.S. Risk Retention Rules for non-U.S. transactions. To qualify for the "foreign safe harbor" exemption, non-U.S. transactions must meet certain requirements, including that (1) the transaction is not required to be and is not registered under the Securities Act; (2) no more than 10 per cent. of the securities issued in the securitization transaction are sold or transferred to, or for the account or benefit of, U.S. persons (as defined in the U.S. Risk Retention Rules and referred to in this base prospectus as "**Risk Retention U.S. Persons**"); (3) neither the sponsor nor the issuer of the securitization transaction is organized under U.S. law or is a branch located in the United States of a non-U.S. entity; and (4) no more than 25 per cent. of the underlying collateral was acquired from a majority-owned affiliate or branch of the sponsor or issuer organized or located in the United States.

It is not certain whether the foreign safe harbor exemption from the U.S. Risk Retention Rules will be available. Failure of the offering to comply with the U.S. Risk Retention Rules (regardless of the reason for the failure to comply) could give rise to regulatory action which may adversely affect the Securities. Furthermore, the impact of the U.S. Risk Retention Rules on the securitization markets generally is uncertain, and a failure by a transaction to comply with the U.S. Risk Retention Rules could negatively affect the market value and secondary market liquidity of the Securities.

*The United Kingdom's impending departure from the European Union could adversely affect the Issuer and/or the Guarantor.*

On 23 June 2016, the United Kingdom held a referendum in which a majority of its voters opted to leave the European Union ("**Brexit**") and on 29 March 2017, the UK Government invoked Article 50 of the Treaty on the European Union to notify the European Council of its intention to withdraw from the Union. Under Article 50, the Treaty on the European Union and the Treaty on the Functioning of the European Union cease to apply in the relevant state from the date of entry into force of a withdrawal agreement, or, failing that, two years after the notification of intention to withdraw, although this period may be extended in certain circumstances. The United Kingdom will begin negotiations to determine its relationship with the European Union going forward, including regarding trade, financial and legal arrangements. The nature, timing and economic and political effects of Brexit remain highly uncertain and will depend upon the results of future negotiations between the United Kingdom and the European Union, and hence may adversely affect the Issuer's and Guarantors' operating environment and therefore their results and financial condition.

## **B. Risks relating to Guaranteed Securities**

### *Nature of Guarantees*

In the event the General Guarantee is specified as applicable in the applicable Final Terms, prospective purchasers of Guaranteed Securities should note that the Guarantee is a guarantee of the Issuer's obligations which are themselves limited by a number of factors including, but not limited to, the provisions of the Securitisation Act 2004 and the Conditions of the Notes, the

Conditions of the Warrants or the Conditions of the Certificates (as the case may be), including, without limitation, those relating to (i) the applicable redemption amount (which may be limited to the liquidation proceeds of the Charged Assets of the Compartment relating to such Note, Warrant or Certificate, as the case may be), (ii) Compartments, (iii) limited recourse, (iv) non-petition, (v) subordination and (vi) priority of payments, as described in the Base Prospectus. Holders of Guaranteed Securities would therefore retain the risk that these factors may result in payments under the Guaranteed Securities being less than amounts which would otherwise have been due, as described in "*Risk Factors – Risks relating to the Issuer*".

In the event the Shortfall Guarantee is specified as applicable in the applicable Final Terms, prospective purchasers of Guaranteed Securities should note that the Guarantee is not a full guarantee of the Issuer's obligations but only relates to the payment of any Shortfall Amount (as defined in the Guarantee) and is conditional on (i) the Holders of the Securities receiving less than the amount which would otherwise have been payable in respect of the Securities on the Maturity Date (in the case of Notes), Redemption Date (in the case of Certificates), Settlement Date (in the case of Warrants), Early Redemption Date or Automatic Early Redemption Date (as applicable and in the case of Notes and Certificates) or Early Termination Date (in the case of Warrants), as the case may be, in accordance with the Conditions of the Notes, the Conditions of the Warrants or the Conditions of the Certificates (as the case may be) and (ii) the liquidation of the Charged Assets (either following the enforcement of the security for the Securities or following the occurrence of an Early Redemption Event or Early Termination Event). The Shortfall Amount represents the amount by which any Available Enforcement Proceeds are insufficient to meet (1) the Final Redemption Amount or Automatic Early Redemption Amount (as applicable and in the case of Notes or Certificates) or Cash Settlement Amount (in the case of Warrants) on the Maturity Date or Automatic Early Redemption Date (as applicable and in the case of Notes), Settlement Date (in the case of Warrants) or Redemption Date or Automatic Early Redemption Date (as applicable and in the case of Certificates), (2) the fair market value of the relevant Security following an Event of Default (other than an Event of Default resulting from a failure to pay the Final Redemption Amount or Automatic Early Redemption Amount (in the case of Notes or Certificates) or the Cash Settlement Amount (in the case of Guaranteed Warrants)), an Early Redemption Event or an Early Termination Event or (3) such other amount as specified in the Final Terms.

In the event the BNL Guarantee is specified in the Final Terms, prospective purchasers of Guaranteed Securities should be aware that the Guarantee in respect of the Issuer's obligations is limited to those payment obligations which the Issuer fails to fulfil as a consequence of a failure by the Swap Counterparty to satisfy its payment obligation under the Swap Agreement as and when the same become due, and does not extend to any failure by the Issuer to fulfil its payment obligations for any other reasons. Accordingly, where the BNL Guarantee is specified in the Final Terms, if the Issuer is unable to meet some or all of its payment obligations under any Guaranteed Securities for reasons other than a failure by the Swap Counterparty to satisfy its payment obligations under the Swap Agreement, the Guarantor will not be obliged to guarantee such payment obligations of the Issuer. In circumstances where the Issuer is unable to meet some or all of its payment obligations under any Guaranteed Securities because of both a failure by the Swap Counterparty to pay amounts when due from the Swap Counterparty under the Swap Agreement and for other reasons, the Guarantor's obligations under the Guarantee will be limited to the extent of the failure of the Swap Counterparty to satisfy its payment obligations under the Swap Agreement as and when the same become due. Accordingly, holders of Guaranteed Securities will, in the circumstances described above, retain the risk that payments under the Guarantee may be less than amounts which would otherwise have been due under the Guaranteed Securities.

C. Risks relating to the Guarantor where the Guarantor is BNPP

See Chapter 5 ("Risks and Capital Adequacy", except pages 253 to 274) of the BNPP 2016 Registration Document (in English) and pages 68 to 73 of the First Update to the BNPP 2016 Registration Document (in English) (each as defined below), each of which is incorporated by reference in this document (see "*Documents Incorporated by Reference*") and which disclose all

material risks relating to BNPP's ability to fulfil its obligations under the Guaranteed Securities to investors.

D. Risks relating to the Guarantor where the Guarantor is BNL

*Risks associated with the economic – financial crisis and the impact of current uncertainties in the macroeconomic environment*

The general economic scenario, both domestic and of the entire Euro area, and the trend in financial markets impact BNL's performance, influencing specifically, the economic strength and growth prospects of the geographical areas where BNL operates (mainly Italy). Factors such as investors' expectations and trust, the levels and the implied volatility of short and long-term interest rates, exchange rates, liquidity of the financial markets, the availability and cost of capital, sustainability of sovereign debt, household incomes and consumer spending, unemployment levels, inflation and housing costs, are of paramount importance and affect BNL's earning capacity and solvency. In addition, recent and future regulatory changes applicable to financial institutions are additional elements of uncertainty in the current environment.

Accordingly, most likely during periods of economic and financial distress, adverse dynamics in these elements may trigger an increase in borrowing costs, an impairment of BNL's assets, the need for allowances, with a potential negative impact on BNL's profitability, liquidity and on its financial stability.

In addition, the macroeconomic environment is still characterized by some uncertainties in relation to: (a) trends in the real economy with special regard to the actual growth consolidation prospects for the national economy and the cyclical resistance of the countries that in recent years have mostly contributed to global growth; (b) future EC monetary policy developments, and the competitive currency devaluation policies; (c) sovereign debt sustainability for some countries and the related, more or less recurrent, financial markets stresses. Therefore, there is a risk that the future evolution of the mentioned scenarios can produce negative effects on BNL's capital and financial position and operating performance. Negotiations for the UK's exit from the European Union could also lead to considerable uncertainty, volatility and major changes in the European and global framework; however, BNL has no significant exposures to the UK.

*Credit risk*

BNL is exposed to the typical risks of credit activity, the typical activity of its corporate mission. Within the scope of the standards and regulations of national and supranational monitoring and supervisory regulations on risk management systems and capital adequacy, BNL's credit policies aim to efficiently select lending customers in order to reduce the risk of insolvency, diversify portfolios and monitor developments and trends in accounts and transactions, through careful monitoring and oversight of the risk profile. Nevertheless, should customers breach contracts or be unable to honour their obligations, fail to provide or provide incorrect information on their financial and credit positions, this may trigger negative effects on BNL's economic, capital and/or financial conditions. For further information about capital ratios and credit ratios please see the tables set out in the paragraph entitled "Selected Financial Information" in the section of the Base Prospectus entitled "Description of Banca Nazionale del Lavoro S.P.A."

Specifically speaking, counterparts might not fulfil their obligations to BNL due to a default event, lack of liquidity, operational malfunctioning or other reasons. The default of a relevant counterpart or even the fears of non-fulfilment of its obligations could cause considerable liquidity problems, losses or defaults of other institutions, which may in turn adversely affect BNL. Moreover, in certain specific circumstances, BNL could face the risk that receivables from third parties cannot be collected. A downgrading in the credit ratings of third parties whose securities and debt securities are held by BNL may result in a loss and/or negatively affect BNL's ability to re-use such securities and debt securities for the purpose of increasing the level of liquidity or use them in a different manner. Also a significant decrease in the credit ratings of BNL's counterparts could

adversely impact BNL's own results. While in many cases BNL may require further guarantees from counterparts that are facing financial distress, there may be disagreements concerning the amount of guarantees BNL is entitled to obtain and the value of the assets involved in such guarantees. Counterparts' default rates, downgrades and complaints about the valuation of the guarantee significantly increase during periods of economic stress and market illiquidity.

The risk described up to this point also applies to counterparts that are "central and local governments" and "governmental agencies", for BNL these are exclusively national, whose quantitative information is shown in the tables in the paragraph entitled "Exposure to Governments and Other Public Entities" in the section of the Base Prospectus entitled "Description of Banca Nazionale del Lavoro S.P.A." and at page 135 and following of the BNL Annual Report 2016, to which reference is made.

#### *Risk connected to the deterioration of credit quality*

BNL is also exposed to the risk of deterioration of credit quality, which is technically a natural effect of "credit risk". Therefore, this risk is managed as part of credit risk monitoring policies.

More specifically, in 2016, in conjunction with a fall in demand for credit and the residual impact of the long economic crisis suffered by Italy, BNL experienced a deterioration in some of the main credit risk indicators, and especially the ratio of doubtful loans to total loans to customers (especially gross of adjustments) and for this ratio as well as for the ratio of non-performing loans to total loans to customers (gross and net of adjustments) the Issuer maintains a higher level than the average of all comparable banks.

In addition, at 31 December 2016, the Bank showed a coverage ratio lower than the system's average, limited to past due loans, the component that has the least weight on all non-performing loans. On the other hand, the coverage ratio for the total of non-performing loans, and for the main components thereof, is higher than the average of the reference sample, as a result of careful monitoring of lower quality exposures.

In the light of the current economic situation in Italy, showing a slight recovery in 2016, BNL, as the rest of the Italian banking system, has seen an improvement of certain risk indicators, expressed mainly in the reduction in the rate of new defaults entries, a phenomenon also reported by Bank of Italy in the "Financial Stability Report of November 2016". The stock of non-performing loans remains high and, in the Italian banking system, represents one of main issues for the National and European Supervisory Authority.

#### *Operational risk*

BNL is exposed to operational risk in the same way as any other banking institution. Operational risk is the risk of losses a company undertakes when it attempts to conduct its business, resulting from breakdowns in internal procedures or deliberate, unintentional or natural external events which, though posted in the year they occur, by nature also produce economic effects at later times.

BNL therefore is exposed to many types of operational risk, including the risk of fraud by employees and third parties, the risk of unauthorized transactions performed by employees and the risk of operating errors, including those resulting from defects or malfunctions of computer or telecommunications systems.

BNL has adopted an operational risk management framework in order to identify, measure and mitigate operational risk; the independent unit, RISK OPERATIONAL RISK & CONTROL (ORC) of BNL Risk Management, is responsible for ensuring the supervision of the operational risk management system, by providing methodological support to the individual business functions, by monitoring the degree of implementation of risk mitigation actions and by ensuring the coordination of permanent control activities.

For more information, see the paragraph entitled "Selected Financial Information" in the section of the Base Prospectus entitled "Description of Banca Nazionale del Lavoro S.P.A." and page 250 of the BNL Annual Report 2016.

#### *Liquidity risk*

Liquidity risk is the potential inability of BNL to meet its contractual obligations as they become due.

As BNL conducts its business operations within an international group of primary standing and has set up policies and procedures to manage liquidity risk, BNL's liquidity could be adversely affected by the inability to enter the capital markets by issuing debt securities (secured and non-secured), or to sell specific assets or to redeem its own investments, and by unexpected cash outflows or the duty to provide further guarantees.

BNL recently set up a system of policies, in line with the supervisory regulations, to prevent and manage liquidity risk, which include an Early Warning Indicators system aimed at promptly noticing any liquidity crisis approaching and a Contingency Funding Plan to manage possible liquidity crises.

Specifically, with reference to liquidity indicators for 2016, the following should be noted:

- the "Loan to deposit ratio" consolidated figure stood at 139% at 31 December 2016 compared to 156% at 31 December 2015;
- the "Liquidity Coverage Ratio" ("LCR") at 31 December 2016 was 100% hence already in line with the minimum regulatory threshold required as from 1 January 2018. To this end, BNL has set up an internal monitoring system aimed at maintaining this indicator above the regulatory minimum; and
- the "Net Stable Funding Ratio" ("NSFR") as at 31 December 2016 amounted to 98% , closer to the regulatory minimum of 100% required as of 1 January 2018.

For more information, please refer to page 37 and following of the BNL Annual Report 2016.

#### *Market risk*

Market risk is the risk that the value of financial instruments held by BNL will be adversely affected by changes in market factors (including, without limitation, interest rates, securities prices or exchange rates) which may result in deterioration of BNL's capital soundness.

BNL, whose activity in this respect is rather limited and which has set up specific policies and procedures aimed at reducing market risk that apply the same measurement and control model as the VaR-based internal model adopted by BNP Paribas, is thus exposed to potential changes in the value of the financial instruments, due to the volatility of interest, exchange and currency rates, share and commodity prices and credit spreads, and/or other risk factors. Such fluctuations may arise from factors such as changes in the general economic situation, investors' appetite for investing, monetary and fiscal policies, global market liquidity, availability and cost of capital, interventions by rating agencies, local and international political events, armed conflicts and terrorist attacks.

Market risk arises in relation to the trading book which includes financial instruments held for trading and the associated derivatives. With reference to the Value-at-Risk ("VaR") of the trading book, throughout the year ended 31 December 2016, the average risk profile of BNL amounted to 67,000 Euros, decreasing compared to the average figures at 31 December 2015 (100,000 Euros). An analysis of its various components shows the prevalence of interest rate risk (IR), while the weight of interest rate and credit spread is less relevant. The latter disappeared at the end of 2016.

For more information, including with respect to the banking book, see paragraph entitled "Selected Financial Information" in the section of the Base Prospectus entitled "Description of Banca Nazionale del Lavoro S.P.A." and page 224 and following of the BNL Annual Report 2016.

*Risk of exposure to debt securities issued by sovereign states*

A substantial investment in securities issued by sovereign states can expose BNL to significant losses of its assets value, according to the worsening of each States' credit merit. Stressful conditions on the market for government bonds and their volatility could therefore have negative effects on the operations and on the income, capital and financial position of BNL.

BNL's exposure to sovereign states at 31 December 2016 totalled 4,550 million Euros (compared to 4,634 million Euros at 31 December 2015), accounting for 91% of total financial assets available for sale as well as 6% of the total assets in the financial statements. The exposure is necessary to maintain an adequate liquidity level in order to meet operational and regulatory requirements.

In more detail, the exposure to the Italian State only includes Buoni del Tesoro Poliennali ("BTP") issued by the Italian State. BNL does not have exposure to securities issued by countries other than the Italian State.

For more information, please see paragraph entitled "Selected Financial Information" in the section of the Base Prospectus entitled "Description of Banca Nazionale del Lavoro S.P.A.".]

*Risk connected to developments in the regulations of the banking sector and changes in the regulations on bank crisis resolution*

BNL is subject to a complex and stringent regulatory and supervisory activity, exercised by the relevant institution (specifically, Bank of Italy and CONSOB and being part of the BNP Paribas Group, the ECB). Both the applicable regulations and the supervisory activities respectively undergo continuous updates and practice developments.

In addition to supranational and national primary laws and regulations in the financial and banking sector, BNL is subject to specific regulations, regarding, inter alia, money laundering, usury and customer (consumer) protection.

The international authorities have adopted stricter rules to cope with the strong and prolonged market crisis. As of 1 January 2014, the supervisory regulations have been modified in accordance with the recommendations issued by the so-called Basel III accords, primarily aimed at strengthening the minimum capital requirements, containing the degree of leverage and introducing policies and quantitative rules for mitigating banks' liquidity risk.

More specifically, as regards the tightening of capital requirements, the existing prudential provisions provide for a transitional phase with minimum capitalization levels that gradually increase over time; when fully operational, i.e. as of 1 January 2019, these levels envisage for banks a Common Equity Tier ("CET") 1 ratio of at least 7% of risk-weighted assets, a Tier 1 Capital ratio of at least 8.5% and a Total Capital ratio at least equal to 10.5% of the above risk-weighted assets (these standards include the "Capital conservation buffer" (2.5%), i.e. an additional mandatory capitalization "buffer").

In accordance with Directive 2013/36/EU, which provides for determination of the adequacy of the consolidated level of own funds to be set for each bank as part of the Supervisory Review and Evaluation Process ("SREP"), on 21 December 2015, the ECB notified BNL, through the parent company BNP Paribas, that the minimum ratio to be stably maintained for 2016, the CET 1 ratio, is 9.25%.

As regards the 2016 SREP Decision, notified to BNL through its parent company BNP Paribas on 25 November 2016, the capital requirements to be fulfilled as of 1 January 2017, are as follows:

- 8% for CET 1 (from 1/1/2019 – 9.25% "fully loaded");
- 8.5% for Tier 1 capital ratio (from 1/1/2019 – 9.75% "fully loaded");
- 10.5% for Total capital ratio (from 1/1/2019 – 11.75% "fully loaded").

These requirements include the Capital Conservation Buffer (1.25%), according to the transitional criteria in force for 2017, the Pillar 2 Requirement (P2R equal to 1.25%) and the Pillar 2 Guidance (P2G equal to 1%) applicable to CET 1, which is not mandatory but subject to careful monitoring by the Supervisory Authority.

It should be noted that at 31 December 2016, BNL CET 1 was above the applicable minimum requirement standing at 12.25% (11.96% fully loaded).

With regard to liquidity, the Basel 3 accords envisage, inter alia, the introduction of a short-term ratio (Liquidity Coverage Ratio, or "**LCR**"), for the purpose of establishing and maintaining a liquidity buffer to ensure the bank's survival for a time period of thirty days in the event of serious stress, and a structural liquidity ratio (Net Stable Funding Ratio, or "**NSFR**") with a time horizon of more than one year, introduced to guarantee a sustainable maturity structure for assets and liabilities.

In relation to these indicators, it should be noted that:

- for the LCR, for 2017 a minimum value of 80% is forecast, to reach 100% from 1 January 2018; and
- for the NSFR, a minimum threshold of 100% has to be complied with as of 1 January 2018.

In addition, the Basel III accords require banks to monitor their leverage ratio calculated as the ratio of Tier 1 capital (Tier 1) to the overall exposure of the credit institution, in accordance with art. 429 of Regulation 575/2013. This indicator is subject to reporting by banks as of 2015, but to date neither some details necessary to calculate the indicator nor the application date of the ratio in question have been defined.

Legislative Decrees 180 and 181 of 16 November 2015 implementing Directive 2014/59/EU of the European Parliament and of the Council, published on 16 November 2015 in the Official Gazette, establish a framework for the recovery and resolution of credit institutions and investment firms, as part of the definition of a single resolution mechanism and single resolution Fund for banks' crises.

The significant aspects of the above legislation include the introduction of tools and powers that can be adopted by Resolution Authorities (the "**Authority**") to resolve a situation of distress or risk of distress of a bank. This is to ensure continuity of the institution's essential functions, while minimizing the impact of the distress on the economy and the financial system and the costs for taxpayers and ensuring that shareholders are first in supporting the losses, followed by creditors, provided that no creditors shall incur losses exceeding those that they would have suffered if the bank had been wound up under normal insolvency proceedings. More specifically, according to the above decrees the resolution of a crisis moves away from a system based on public resources (bail-out) towards a system where losses are transferred to shareholders, subordinated debt holders, unsubordinated, unsecured debt holders, and finally to depositors for the amount exceeding the guaranteed portion, i.e. above 100,000.00 euros (bail-in). Therefore, with the implementation of the bail-in, holders of securities could incur a reduction, with the possibility of elimination of the nominal value, and the conversion of the bonds into equity securities, even if there is no formal declaration of insolvency of the BNL.

These decrees came into force on 16 November 2015, except for the above mentioned provisions relating to the "bail-in," instrument, which is applicable as of 1 January 2016. Furthermore, the bail-in provisions will be applied to financial instruments already in circulation, although issued before that date.

Through a special bill, the government has been delegated to implement the EU Directives and the other European Union measures (2014 European Delegation Law). The aforementioned bill was converted into Law no. 114 of 9 July 2015, thereby ensuring the national legislation is aligned to that of the Community. Under this decree, Banca d'Italia, in its role as "National Resolution Authority", laid down the rules by which all Italian banks must contribute to the National Resolution Fund.

It should be noted that the implementation of Directives 2014/49/EU (Deposit Guarantee Schemes Directive - DGSD) of 16 April 2014 and 2014/59/EU (Bank Recovery and Resolution Directive - BRRD) and the establishment of the Single Resolution Mechanism (EU Regulation no. 806/2014 of 15 July 2014 - SRM), can result in a significant impact on the financial position and income of BNL as it imposes the obligation to set up specific provisions with own financial resources.

As provided for by the above mentioned regulation on the recovery and resolution of credit institutions and the establishment of the single resolution mechanism in the Euro area, Bank of Italy, as National Resolution Authority, in collaboration with the Single Resolution Board (European Resolution Authority), has recalled, since 2015, the contributions from individual banks, which are intended to constitute the financial allocation of the Single Resolution Fund.

The contributions paid by BNL are:

- 21.5 million Euros as ordinary contribution for 2015;
- 23.3 million Euros as ordinary contribution for 2016 (3.5 million of which was paid as cash collateral);

For 2017 the contribution, due and paid is 20.8 million Euros (3.1 million of which to be paid as cash collateral).

Equal sums will have to be paid up until 2023 (the target level of the Single Resolution Fund must be reached by 1 January 2024).

In addition, in order to provide the necessary resources for the resolution of four Italian banks in distress (Banca delle Marche, Banca Popolare dell'Etruria e del Lazio, Cassa di Risparmio di Chieti and Cassa di Risparmio di Ferrara), the Resolution Authority of Bank of Italy required extraordinary contributions to be paid by Italian banks as follows:

- three times the contribution provided for 2015 (64.5 million Euros for BNL), paid in December 2015;
- twice the contribution provided for 2016 (46.8 million Euros for BNL), paid in March 2017.

As far as the contributions made by the IDPF are concerned, by virtue of its role as the Deposit Guarantee Scheme, in accordance with the European DGSD, BNL has paid the following ordinary contributions:

- 7.5 million Euros in 2015 (related to six months of contribution); and
- 16.2 million Euros in 2016.

Similar amounts will have to be paid to IDPF funds until 2024, the date on which the deposit fund's level of protection is to be achieved.

BNL also joined the Voluntary Scheme within the Interbank Fund, together with almost all Italian banks (99.6% of protected deposits), with the aim of implementing interventions in support of banks in serious difficulty and avoiding any major charges for repayment of protected deposits in liquidation procedures. For BNL, this led to a total commitment of 25.9 million Euros, 10.4 million of which was already used to purchase the stake in Cassa di Risparmio di Cesena, as part of the

voluntary scheme in 2016. The residual commitment is accounted for in BNL's financial statements under the item "Irrevocable Commitments to disburse funds – Customers – Uncertain Use"

Given the above and in relation to the implementation into the Italian legal system of the Basel III framework, still in progress, although BNL is committed to comply with the complex system of rules and regulations, and with any regulatory changes and/or changes in the interpretation and/or application thereof by the relevant authorities, at the date hereof there is still uncertainty about the impact resulting from the adjustment to the new rules, which could lead to new costs and obligations potentially affecting its operating results and capital and financial position.

*Risk Associated With The Entry Into Force Of The New IFRS 9 - Financial Instruments on 1 January 2018*

A detailed analysis was carried out on the preliminary results which confirmed the changes introduced by the new standard are significant in relation to the impairment model applicable to all financial assets (excluding the Fair Value Profit and Loss (FVPL), the fair value recorded in operating profit (loss), thus confirming the national and international banking system's expectation for greater write-downs compared to those estimated with the current model.

On the other hand, no significant balance sheet reclassifications are expected from application of the new IFRS 9 provisions regarding the classification of financial assets.

For more information please see the comments on page 116 of the 2016 BNL Annual Report.

*Risk related to the possible downgrading of the rating assigned to BNL*

The rating assigned by special companies is generally an assessment of the ability to fulfil financial obligations, including those relating to the bonds it issues. Any downgrading of BNL's rating is linked to several factors, including a judgement on a decreased ability to fulfil its financial obligations as compared to the past.

The fact that BNL belongs to the BNP Paribas Group influences the rating assigned to it. Therefore, any actual or expected downgrading of the ratings assigned to the BNP Paribas Group could result in a downgrading of BNL's rating. In addition, any downgrading of the rating assigned to the Republic of Italy could negatively influence the rating.

*Market risk*

Market risk is the risk that the value of financial instruments held by BNL will be adversely affected by changes in market factors (including, without limitation, interest rates, securities prices or exchange rates) which may result in deterioration of BNL's capital soundness.

BNL, whose activity in this respect is rather limited and which has set up specific policies and procedures aimed at reducing market risk that apply the same measurement and control model as the VaR-based internal model adopted by BNP Paribas, is thus exposed to potential changes in the value of the financial instruments, due to the volatility of interest, exchange and currency rates, share and commodity prices and credit spreads, and/or other risk factors. Such fluctuations may arise from factors such as changes in the general economic situation, investors' appetite for investing, monetary and fiscal policies, global market liquidity, availability and cost of capital, interventions by rating agencies, local and international political events, armed conflicts and terrorist attacks.

Exposure to market risk concerns the financial instruments included in the trading book. With reference to the Value-at-Risk ("VaR") of the trading book, throughout the year ended 31 December 2016, the average risk profile of BNL amounted to 67,000 Euros, decreasing compared to the average figures at 31 December 2015 (100,000 Euros). An analysis of its various

components shows the prevalence of interest rate risk (IR), while the weight of interest rate and credit spread is less relevant. The latter disappeared at the end of 2016.

For more information, including with respect to the banking portfolio, see paragraph entitled "Selected Financial Information" in the section of the Base Prospectus entitled "Description of Banca Nazionale del Lavoro S.P.A." and page 224 and following of the BNL Annual Report 2016.

*Risk of exposure to debt securities issued by sovereign states*

A substantial investment in securities issued by sovereign states can expose BNL to significant losses of its assets value, according to the worsening of each States' credit merit. Stressful conditions on the market for government bonds and their volatility could therefore have negative effects on the operations and on the income, capital and financial position of BNL.

BNL's exposure to sovereign states at 31 December 2016 totalled 4,550 million Euros (compared to 4,634 million Euros at 31 December 2015), accounting for 91% of total financial assets available for sale as well as 6% of the total assets in the financial statements. The exposure is necessary to maintain an adequate liquidity level in order to meet operational and regulatory requirements.

In more detail, the exposure to the Italian State only includes Buoni del Tesoro Poliennali ("BTP") issued by the Italian State. BNL does not have exposure to securities issued by countries other than the Italian State.

For more information, please see paragraph entitled "Selected Financial Information" in the section of the Base Prospectus entitled "Description of Banca Nazionale del Lavoro S.P.A.".

*Risks relating to legal, administrative proceedings and actions of the supervisory authorities*

In the ordinary course of business, BNL and several of its subsidiaries are involved in various legal civil proceedings (including proceedings concerning the capitalization of interest, derivatives and bonds) and administrative proceedings, with consequent exposure to the risk of sanctions against and/or compensation due by the BNL Group.

However, these proceedings are not deemed to have significant repercussions on BNL's financial situation or profitability.

As part of that business, some of BNL's directors, auditors and management are currently involved in administrative and legal proceedings, also concerning the administrative liability of entities pursuant to Legislative Decree 231/2001.

The BNL Group posts an accrued liability for litigation matters in its balance sheet when these matters present contingent losses that may arise from pending proceedings, also taking into account the evaluation by any outside counsel handling the matter. As of 31 December 2016, the accrued liability amounted to 268,573 thousand Euros.

A provision of 268,573 thousand euros was set aside at 31 December 2016 with respect to 2,933 disputes. These disputes involved total claims of 535.8 million euros as at 31 December 2016.

In the ordinary running of its business, the Banking Group is subject to inspections by the Supervisory Authorities.

The most significant inspections in which the issuer was recently involved are presented below:

- Sanction proceedings brought by Banca d'Italia on anti-money laundering issues (2009), concluded with a sanction totalling 182,000 Euros;
- Sanction proceedings brought by Banca d'Italia regarding reporting to Banca d'Italia (2011);

- Sanction proceedings brought by Banca d'Italia on transparency issues (2016);
- Active audit of AGCM against BNL.

Banca d'Italia recently launched a new anti-money laundering inspection.

In addition, in February 2017, the ECB launched an on-site inspection on the BNP Paribas Group regarding Operational Risks, as part of the supervisory activity envisaged by the Single European Supervisory Mechanism.

BNL being a significant subsidiary, was also included in the scope of the inspection.

The results of this inspection, which was completed in July 2017, have not yet been disclosed.

For further information please see paragraph entitled "Legal Proceedings" in the section of the Base Prospectus entitled "Description of Banca Nazionale del Lavoro S.P.A." and to page 169 and following of the BNL Annual Report 2016.

#### E. Potential conflicts of interest in respect of Securities guaranteed by BNPP

The Calculation Agent may be an affiliate of the Guarantor (where BNPP is Guarantor) and consequently, potential conflicts of interest may exist between the Calculation Agent and Holders of Securities, including with respect to certain determinations and judgments that the Calculation Agent must make, including whether a Market Disruption Event, a Settlement Disruption Event or Credit Event (each as defined in this Base Prospectus) has occurred. The Calculation Agent is generally obliged to carry out its duties and functions as Calculation Agent in good faith and using its reasonable judgment, subject to the Conditions of the Securities.

#### F Risks relating to Securities

##### **General**

##### *Limitations on recourse and rights with respect to underlyings*

The Securities involve a high degree of risk, including price risk associated with the Underlying Reference (as defined below) and among other things, interest rate, foreign exchange, inflation, correlation, time value and political risks. Holders of Securities should recognise that their Securities may expire worthless or be redeemed for no value. Holders of Securities should be prepared to sustain a total loss of the purchase price of their Securities. Prospective Holders of Securities should be experienced with respect to options and swaps and option and swap transactions, should understand the risks of transactions involving the relevant Securities and should reach an investment decision only after careful consideration, with their advisers, of the suitability of such Securities in light of their particular financial circumstances, the information set forth herein and the information regarding the relevant Securities, in particular where, in relation to Notes ("**Underlying Reference Linked Notes**"), or Certificates ("**Underlying Reference Linked Certificates**") the interest and/or redemption amount of which or, in relation to Warrants ("**Underlying Reference Linked Warrants**" and, together with Underlying Reference Linked Notes and Underlying Reference Linked Certificates, "**Underlying Reference Linked Securities**"), the settlement amount of which is linked to the value of one or more index, share, debt security, inflation index, commodity, unit, interest or share in a fund, fund index (or basket of fund indices), the credit of one or more reference entity, interests in exchange traded funds, exchange traded notes, exchange traded commodities or other exchange traded products (each, an "**exchange traded instrument**") or the combination of any of the foregoing or such other underlying or basis of reference (each an "**Underlying Reference**").

The exposure to the Underlying Reference in many cases will be achieved by the Issuer entering into swap agreements (with BNP Paribas or BNP Paribas Fortis SA/NV) and/or deposit agreements and/or repurchase agreements. Holders of Securities should be aware that, under the terms of

Underlying Reference Linked Securities, they are exposed to the performance of these agreements and that certain events may affect these agreements and consequently the value of the Securities.

In addition to the factors set out in this section "*B. Risks Relating to Securities*", Holders of Securities should be aware that the ability of the Issuer to meet its obligations under the relevant Securities issued by it may depend on the receipt by it of payments from the Compartment Assets it purchases (if any) with the proceeds of the issue of each Series of Securities and/or on the receipt by it of payments under relevant swap agreements, which will be with BNP Paribas or BNP Paribas Fortis SA/NV, deposit agreements or repurchase agreements notwithstanding the performance of any relevant Underlying Reference. The Holders of Securities are therefore exposed to the risk that the Issuer will not have sufficient funds available to it to make payments owed under, or due in respect of, the Securities. See section "*A. Risks relating to the Issuer*" above for further details of such risks.

The risk of the loss of some or all of the purchase price of a Security upon expiration or redemption means that, in order to recover and realise a return upon his or her investment, a purchaser of a Security must generally be correct about the direction, timing and magnitude of an anticipated change in the value of any relevant Underlying Reference or credit risk of the Reference Entity. Assuming all other factors are held constant, the lower the value of a Security, the shorter the remaining term of a Warrant to expiration or a Certificate or Note to redemption, the greater the risk that purchasers of such Securities will lose all or part of their investment. With respect to Notes, Certificates and or European-style Warrants, the only means through which a Holder of Security can realise value from the Note, Warrant or Certificate, as the case may be, prior to its Maturity Date, Settlement Date or Redemption Date in relation to such Note, Warrant or Certificate, as the case may be, is to sell it at its then market price in an available secondary market. See "*Possible Illiquidity of the Securities in the Secondary Market*" below.

Fluctuations in the value of the relevant index or basket of indices will affect the value of Index Linked Securities or Inflation Index Linked Securities. Fluctuations in the price of the relevant share, GDR or ADR or value of the basket of shares, GDRs and/or ADRs will affect the value of Share Linked Securities. Fluctuations in the price of the relevant interest in an exchange traded instrument or value of the basket of interests in exchange traded instruments will affect the value of ETI Linked Securities. Fluctuations in the price or yield of the relevant debt instrument or value of the basket of debt instruments will affect the value of Debt Linked Securities. Also, the character of the particular market on which a debt instrument is traded, the absence of last sale information and the limited availability of quotations for such debt instrument may make it difficult for many investors to obtain timely, accurate data for the price or yield of such debt instrument. Fluctuations in the value of the relevant inflation index or basket of inflation indices will affect the value of Inflation Index Linked Securities. Fluctuations in the rates of exchange between the relevant currencies will affect the value of Currency Linked Securities. Fluctuations in the value of the relevant commodity or commodity index or basket of commodities and/or commodity indices will affect the value of Commodity Linked Securities. Fluctuations in the value of the relevant fund share or unit or fund index or basket of fund shares or units or fund indices will affect the value of the Fund Linked Securities. Fluctuations in the creditworthiness of the relevant Reference Entity or Reference Entities will affect the value of the Credit Linked Securities. In the case of Hybrid Securities the Underlying Reference in respect of which is any combination of such indices, shares, GDRs, ADRs, interests in exchange traded instruments, debt instruments, futures or options contracts, currencies, commodities, inflation indices, fund shares, fund indices, futures contracts, underlying interest rate or any other asset class or type, fluctuations in the value of any one or more of such Underlying References will correspondingly affect the value of Hybrid Securities. Purchasers of Securities risk losing their entire investment if the value of the relevant Underlying Reference does not move in the anticipated direction.

The Issuer may issue several issues of Securities relating to various Underlying References. However, no assurance can be given that the Issuer will issue any Securities other than the Securities to which a particular Final Terms relates. At any given time, the number of Securities

outstanding may be substantial. Securities provide opportunities for investment and pose risks to investors as a result of fluctuations in the value of the underlying investment. In general, certain of the risks associated with Securities are similar to those generally applicable to other debt instruments, options or warrants as applicable of private corporate issuers. Securities on shares, interests in exchange traded instruments, debt instruments or fund shares or units are priced primarily on the basis of the value of underlying securities, whilst Securities on currencies and commodities are priced primarily on the basis of present and expected values of the reference currency (or basket of currencies) or commodity (or basket of commodities) specified in the applicable Final Terms.

#### *Risk of Leveraged Exposure*

Leverage involves the use of a number of financial techniques to increase the exposure to an Underlying Reference, and can therefore magnify both returns and losses. While the use of leverage allows for potential multiples of a return (assuming a return is achieved) when the Underlying Reference moves in the anticipated direction, it will conversely magnify losses when the Underlying Reference moves against expectations. If the leverage is negative, the maximum loss for investors will be the amount of their initial investment in the Securities. If the relevant Securities include leverage, potential Holder of the Securities should note that these Securities will involve a higher level of risk, and that whenever there are losses such losses may be higher than those of a similar security which is not leveraged. Investors should therefore only invest in leveraged Securities if they fully understand the effects of leverage.

#### *Absence of rights in respect of the claims against the Underlying Reference*

The Securities do not represent a claim against any Underlying Reference (or any issuer, sponsor, manager or other connected person in respect of an Underlying Reference) and Holders of Securities will not have any right of recourse under the Securities to any such Underlying Reference (or any issuer, sponsor, manager or other connected person in respect of an Underlying Reference). The Securities are not in any way sponsored, endorsed or promoted by any issuer, sponsor, manager or other connected person in respect of any Underlying Reference and such entities have no obligation to take into account the consequences of their actions on any Holders of Securities.

#### *Risks associated with product structure*

Once the proceeds of the issue of the Securities have been invested in the Charged Assets with respect to a particular Compartment, such Charged Assets (including, without limitation, assets such as hedging agreements, deposits, repurchase agreements and debt securities) will constitute the only source of funds available to the Issuer for the satisfaction of its pre-enforcement obligations under the relevant Securities and the relevant Related Agreements (if any). Accordingly, if such Charged Assets do not generate sufficient cashflows, either (dependent on the terms applicable to the relevant Securities):

- an Early Redemption Event under the relevant Notes or Certificates or an Early Termination Event under the relevant Warrants may occur, which, in turn, may lead to the realisation of the Charged Assets by the Disposal Agent; or
- an Event of Default may occur under the relevant Securities, which, in turn, may lead to the enforcement and liquidation of the relevant Charged Assets by the Trustee (or its appointee under the Trust Deed).

The Trustee is not obliged to take any action unless it has been indemnified and/or secured to its satisfaction against any liability it may incur. The proceeds of any such enforcement and liquidation, or realisation, as the case may be, (net of any costs, including the costs of enforcement and liquidation) may not be sufficient to meet the claims of the Secured Parties (including the relevant Holders of Securities) with respect to the relevant Compartment. As more fully described

below, save in the case of Guaranteed Securities, claims against the Issuer by the Holders of Securities of a particular Series and each other Secured Party in respect of any Compartment will be limited to the relevant Charged Assets.

In addition, the Issuer may issue Securities the redemption amount or settlement amount (as the case may be) of which is limited to the liquidation proceeds of the Charged Assets of the Compartment relating to such Securities. The proceeds of any such liquidation (net of any costs, including the costs of liquidation) may not be sufficient to meet the claims of the Secured Parties (including the relevant Holders of Securities) with respect to the relevant Compartment.

*Accrued but unpaid amounts*

Investors should be aware that they may lose the value of their entire investment (together with, in addition to such investment, any amounts which may have accrued on such investment but which have not been paid, if applicable) or part of it, as the case may be, and/or, if the investor's liability is not limited to the value of his investment (such as where the investor may lose, in addition to such investment, any amounts which may have accrued on such investment but which have not been paid, if applicable). The circumstances in which such liability may arise (and the likely financial effects thereof) will depend on the specific terms of a particular issue of Securities, as set out in the Conditions and applicable Final Terms.

*Securities subject to optional redemption, cancellation or early exercise by the Issuer*

An optional redemption, cancellation or early exercise feature of Securities, as applicable, is likely to limit their market value. During any period when the Issuer may elect to redeem Notes or Certificates, cancel Warrants or in which Warrants are subject to early exercise, the market value of those Securities generally will not rise substantially above the price at which they can be redeemed, settled or exercised early (as the case may be). This also may be true prior to any redemption, cancellation or early exercise period.

When Notes are redeemed, prior to their stated Maturity Date, Warrants are cancelled prior to their stated Expiration Date or subject to early exercise or Certificates are redeemed prior to their stated Redemption Date, as the case may be, an investor may not be able to reinvest the proceeds from such redemption, cancellation or early exercise, as the case may be, on equivalent terms. Potential investors should consider reinvestment risk in light of other investments available at that time.

*Potential Conflicts of Interest*

- (a) Certain entities within the BNPP Group (including, if applicable, any Dealer) may also engage in trading activities (including hedging activities) relating to the Underlying Reference and other instruments or derivative products based on or relating to the Underlying Reference of any Securities for their proprietary accounts or for other accounts under their management.
- (b) BNP Paribas and its affiliates (including BNL and, if applicable, any Dealer) may also issue other derivative instruments in respect of the Underlying Reference.
- (c) BNP Paribas and its affiliates (including BNL and, if applicable, any Dealer) may also act as underwriter in connection with future offerings of shares or other securities relating to an issue of Securities or may act as financial adviser to certain companies or companies whose shares or other securities are included in a basket or in a commercial banking capacity for such companies.
- (d) BNP Paribas and its affiliates (including BNL and, if applicable, any Dealer) may act in a number of different capacities in relation to an underlying index, including, but not limited to, issuer of the constituents of the index, index sponsor and/or calculation agent. Such activities could present certain conflicts of interest, could influence the prices of such shares or other securities and could adversely affect the value of such Securities.

- (e) In respect of ETI Linked Securities and the Fund Linked Securities:
- (i) BNP Paribas and its affiliates (including BNL and, if applicable, any Dealer) may from time to time engage in business with the relevant ETI or Fund, as the case may be, or companies in which an ETI or Fund, as the case may be, invests, including among other things, extending loans to, or making investments in, or providing advisory services to them, including merger and acquisition advisory services, engaging in activities that may include prime brokerage business, financing transactions or entry into derivative transactions;
  - (ii) the ETI or Fund (each as defined below), as applicable, may pay a portion of its fees to BNP Paribas and its affiliates (including BNL and, if applicable, any Dealer) for the provision of such services;
  - (iii) in the course of this business, BNP Paribas and its affiliates (including BNL and, if applicable, any Dealer) may acquire non-public information about an ETI or a Fund, as applicable, or any companies, funds or reference assets in which an ETI or a Fund invests and BNP Paribas and its affiliates (including BNL and, if applicable, any Dealer) may publish research reports about them. This research may be modified from time to time without notice and may express opinions or provide recommendations that are inconsistent with purchasing or holding ETI Linked Securities or Fund Linked Securities, as applicable. Such activities could present certain conflicts of interest, could influence the price of such shares, Fund Shares, ETI interests or other securities and could adversely affect the value of such securities.
- (f) The Calculation Agent may be the Swap Counterparty or an affiliate of the Swap Counterparty and consequently, potential conflicts of interest may exist between the Calculation Agent and the relevant Holders of Securities, including with respect to certain determinations and judgments that the Calculation Agent must make, including whether a Market Disruption Event, a Settlement Disruption Event, an Index Adjustment Event or Credit Event (each as defined in the Conditions) has occurred. Generally, the Calculation Agent is obliged to carry out its duties and functions as Calculation Agent acting in good faith and in a commercially reasonable manner, subject to the applicable Conditions. Furthermore, the Calculation Agent will not act as a fiduciary or as an advisor to the relevant Holders of Securities in respect of its duties as Calculation Agent.

*Swap Counterparty as Instructing Party*

Where "Swap Counterparty Priority" is stated as being applicable in the applicable Final Terms, the Swap Counterparty will (unless it is the Defaulting Party under, and as defined in, the relevant Swap Agreement) be the Instructing Party, and will have certain rights to direct the Trustee on certain matters, including the ability to instruct the Trustee to enforce the Security in certain circumstances, notwithstanding that the relevant Holders of Securities have not voted in respect of such matters. In these circumstances, there can be no assurance that the Swap Counterparty will act in the interests of such Holders of Securities. The Swap Counterparty has no obligation or liability to, and shall not be obliged to have regard to the interests of, the Holders of Securities in relation to any such directions.

*Modification*

The conditions of the Securities contain provisions for calling meetings of the relevant Holders of Securities to consider matters affecting their interests generally. These provisions permit defined majorities to bind all such Holders of Securities including those who did not attend and vote at the relevant meeting and those who voted in a manner contrary to the majority.

#### *Trustee and enforcement*

Only the Trustee may pursue the remedies available under the Trust Deed to enforce the rights of the Secured Parties (including Holders of Securities). The Trustee is not obliged to take any such action without first being indemnified and/or secured to its satisfaction. The Trustee is not responsible for ensuring that the Issuer's obligations (or the security interest created by the Issuer) are valid and enforceable.

#### *Change in law*

The conditions of the Securities are based on relevant laws in effect as at the date of this Base Prospectus. No assurance can be given as to the impact of any possible judicial decision or change to such laws or administrative practices after the date of this Base Prospectus and any such change could materially adversely impact the value of any Securities affected by it.

#### *Transfer restrictions*

The Securities may be subject to certain transfer restrictions. Such restrictions on transfer may limit the liquidity of such Securities. Consequently, a purchaser must be prepared to hold such Securities for an indefinite period of time and potentially until their maturity or expiration, as applicable.

#### *Securities issued linked to certain events*

The interest rate or redemption amount of certain Notes or Certificates, as the case may be, or the settlement amount or Entitlement of certain Warrants may be linked to the occurrence or non-occurrence of certain events which are not connected with the Issuer or any Guarantor (if applicable) such as credit, price levels or index levels. The occurrence of such events is beyond the control of the Issuer and the Guarantor (if applicable), and Holders of Securities are exposed to the risk of such event occurring or not, as the case may be.

#### *Risks relating to deposits*

In respect of certain Series of Securities, the Issuer may deposit some or all of the proceeds of the issue of the Securities in a bank account pursuant to a deposit agreement entered into between the Issuer and a European bank or other financial institution with securities admitted to trading on a regulated market (as specified in the applicable Final Terms) (the "**Deposit Counterparty**"). In such circumstances, the Issuer will be dependent in whole or in part on receipt of payments from the Deposit Counterparty in order to meet its obligations under such Securities. Consequently, the Issuer will rely on the full and timely performance by the Deposit Counterparty of its obligations under the relevant deposit agreement, and will be exposed to the creditworthiness of such Deposit Counterparty.

#### *Ranking and Guarantee of Securities*

The Securities are unsubordinated obligations of the Issuer and will rank *pari passu* with themselves. Each issue of Securities issued by the Issuer may or may not be guaranteed.

#### *Possible Illiquidity of the Securities in the Secondary Market*

It is very difficult to predict the price at which Securities will trade in the secondary market or whether such market will be liquid or illiquid. The Issuer may, but is not obliged to, list Securities on a stock exchange. Also, to the extent the relevant Securities of a particular issue are exercised, redeemed or cancelled (as the case may be), the number of Securities of such issue outstanding will decrease, resulting in a diminished liquidity for the remaining Securities of such issue. A decrease in the liquidity of an issue of Securities may cause, in turn, an increase in the volatility associated with the price of such issue of Securities. A lack of liquidity for the Securities may mean that investors are not able to sell their Securities or may not be able to sell their Securities at a price

which they paid for them and consequently investors may suffer a partial or total loss of the amount of their investment.

The Issuer and any Dealer may, but is not so obliged, at any time purchase Securities at any price in the open market or by tender or private offer/treaty. Any Securities so purchased may be held or resold or surrendered for cancellation as further described herein. A Dealer may, but is not obliged to, be a market-maker for an issue of Securities and may cease to do so at any time. Even if a Dealer is a market-maker for an issue of Securities, the secondary market for such Securities may be limited. In addition, affiliates of any Guarantor (if applicable) (including the relevant Dealer as referred to above) may purchase Securities at the time of their initial distribution and from time to time thereafter. There may be no secondary market for the Securities and to the extent that an issue of Securities is or becomes illiquid, an investor may have to hold such Securities until maturity (in the case of Notes or Certificates, as the case may be) or exercise such Securities (in the case of Warrants), as applicable, to realise greater value than their then trading value.

Before selling Securities, Holders of Securities should carefully consider, among other things, (a) the trading price of the Securities, (b) the value and volatility of the Underlying Reference as specified in the applicable Final Terms, (c) the time remaining to expiration or redemption, as the case may be, (d) in the case of Cash Settled Warrants or Cash Settled Certificates, the probable range of Cash Settlement Amounts or Final Redemption Amounts (as applicable), (e) any change(s) in interim interest rates and dividend yields, if applicable, (f) any change(s) in currency exchange rates, (g) the depth of the market or liquidity of the Underlying Reference as specified in the applicable Final Terms and (h) any related transaction costs.

#### *Minimum Trading Amount*

Investors should note that the Securities may have a minimum trading amount. The minimum trading amount (if any) will be specified in the applicable Final Terms. In such cases, if, following the transfer of any Securities, the relevant Holder of Securities holds fewer Warrants or Certificates or a lesser principal amount of Notes (as applicable) than the specified minimum trading amount, such Holder of Securities will not be permitted to transfer their remaining Securities prior to expiration or maturity (as the case may be), without first purchasing enough additional Securities in order to hold the minimum trading amount.

#### *Redemption or Cancellation of Securities (as applicable) in the Event of Illegality or Impracticability*

If the Issuer determines that the performance of its obligations under the relevant Securities has become illegal or impracticable in whole or in part for any reason (including when the Issuer is unable to purchase the intended Reference Securities because they were not issued on or prior to the applicable Initial Reference Security Purchase Date), the Issuer may redeem Notes or Certificates or cancel Warrants (as applicable) by paying to each Holder of Securities the Early Redemption Amount in respect of such Securities. Such cancellation may result in an investor not realising a return on an investment in such Securities.

#### *Post-issuance Information*

Save as set out in the applicable Final Terms, the Issuer will not provide post-issuance information in relation to the Underlying Reference. In such an event, investors will not be entitled to obtain such information from the Issuer.

*The rate of interest or premium amount rate payable on the Securities or the amount payable or deliverable on redemption or exercise of the Securities may in certain circumstances be changed during the life of the Securities*

If Coupon Switch Election or Automatic Coupon Switch is specified in the applicable Final Terms, the rate of interest or premium amount payable may be switched from one rate or amount to

another if an equivalent election is made by the Swap Counterparty under the Swap Agreement (in the case of Coupon Switch Election) or following the occurrence of an Automatic Coupon Switch Event (in the case of an Automatic Coupon Switch). If Payout Switch Election or Automatic Payout Switch is specified in the applicable Final Terms, the amount payable or deliverable on redemption or exercise may be switched from one amount payable or deliverable to another if an equivalent election is made by the Swap Counterparty under the Swap Agreement (in the case of Payout Switch Election) or following the occurrence of an Automatic Payout Switch Event (in the case of an Automatic Payout Switch). As a consequence of the exercise of a Coupon Switch Election or Payout Switch Election or the occurrence of an Automatic Coupon Switch Event or Automatic Payout Switch Event, the Underlying Reference may be changed. As the payout on such Securities may be switched during the life of the Securities investors may receive a return which differs from that which they expected to receive.

*Certain specific information may not be known at the beginning of an offer period*

In certain circumstances at the commencement of an offer period in respect of Securities but prior to the issue date of such Securities certain specific information (specifically the fixed rate of interest, minimum and/or maximum rate of interest or Premium Amount payable, the margin applied to the floating rate of interest payable, the Gearing applied to the interest or final payout, the Gearing Up applied to the final payout, (in the case of Autocall Securities, Autocall One Touch Securities or Autocall Standard Securities) the FR Rate component of the final payout (which will be payable if certain conditions are met, as set out in the Payout Conditions), the AER Exit Rate used if an Automatic Early Redemption Event occurs, the Bonus Coupon component of the final payout (in the case of Vanilla Digital Securities), the Up Cap Percentage component of the final payout (in the case of Certi plus: Generic Securities, Certi plus: Generic Knock-in Securities and Certi plus: Generic Knock-out Securities), any Constant Percentage (being any of Constant Percentage, Constant Percentage 1, Constant Percentage 2, Constant Percentage 3 or Constant Percentage 4) component of the final payout (which will be payable if certain conditions are met, as set out in the Payout Conditions) and/or the Knock-in Level and/or Knock-out Level used to ascertain whether a Knock-in Event or Knock-out Event, as applicable, has occurred) may not be known. In these circumstances the Final Terms will specify in place of the relevant rate, level or percentage, as applicable, an indicative range of rates, levels or percentages. The actual rate, level or percentage, as applicable, applicable to the Securities will be selected by the Issuer from within the range and will be notified to investors prior to the Issue Date. The actual rate, level or percentage, as applicable, will be determined in accordance with market conditions by the Issuer in good faith and in a commercially reasonable manner.

Prospective purchasers of Securities will be required to make their investment decision based on the indicative range rather than the actual rate, level or percentage, as applicable, which will only be fixed after the investment decision is made but will apply to the Securities once issued.

Where an indicative range is specified in the Final Terms in respect of the Rate of Interest, Minimum Rate of Interest, Maximum Rate of Interest, Margin, FR Rate and/or AER Exit Rate, prospective purchasers of Securities should, for the purposes of evaluating the risks and benefits of an investment in the Securities, assume that the actual Rate of Interest, Minimum Rate of Interest, Maximum Rate of Interest, Margin and/or FR Rate, as applicable, which will apply to the Securities will be the lowest rate specified in the range and make their decision to invest in the Securities on that basis.

Where an indicative range is specified in the Final Terms in respect of Gearing, Gearing Up, Bonus Coupon, Up Cap Percentage, any Constant Percentage, Knock-in Level and/or Knock-out Level, prospective purchasers of Securities should be aware that the actual rate, level or percentage, as applicable, selected from within the indicative range specified for Gearing, Gearing Up, Bonus Coupon, Up Cap Percentage, any Constant Percentage, Knock-in Level and/or Knock-out Level, as applicable, in respect of any Securities may have a negative impact on the interest

payable and/or final return on the Securities when compared with another rate, level or percentage, as applicable, within the indicative range.

*A Security's purchase price may not reflect its inherent value*

Prospective investors in the Securities should be aware that the purchase price of a Security does not necessarily reflect its inherent value. Any difference between a Security's purchase price and its inherent value may be due to a number of different factors including, without limitation, prevailing market conditions and fees, discounts or commissions paid or accorded to the various parties involved in structuring and/or distributing the Security. For further information prospective investors should refer to the party from whom they are purchasing the Security. Prospective investors may also wish to seek an independent valuation of a Security prior to its purchase.

*The Final Redemption Amount or Cash Settlement Amount, as applicable, or the physical delivery of the Entitlement may be less than the value of an investment in the Security*

Each Holder of the Securities may receive a Final Redemption Amount or Cash Settlement Amount, as applicable, and/or physical delivery of the Entitlement the aggregate value of which may be less than the value of the Holder of the Securities' investment in the relevant Securities. In certain circumstances Holders of the Securities may lose the entire value of their investment.

*Certain Considerations Regarding Purchasing Securities as Hedges*

Prospective purchasers intending to purchase Securities to hedge against the market risk associated with investing in the Underlying Reference which may be specified in the applicable Final Terms should recognise the complexities of utilising Securities in this manner. For example, the value of the Securities may not exactly correlate with the value of the Underlying Reference which may be specified in the applicable Final Terms. Due to fluctuating supply and demand for the Securities, there is no assurance that their value will correlate with movements of the Underlying Reference which may be specified in the applicable Final Terms. For these reasons, among others, it may not be possible to purchase or liquidate securities in a portfolio at the prices used to calculate the value of any relevant Underlying Reference. In addition, in certain cases, the ability of Holder of the Securities to use Securities for hedging may be restricted by the provisions of the U.S. Securities Act of 1933, as amended, and regulations issued thereunder.

*Modifications and adjustments to the terms and early redemption of the Securities*

If Essential Trigger is specified as applicable in the applicable Final Terms, the Issuer may only early redeem the Securities or, alternatively, modify or adjust the terms of the Securities that are considered essential to the Holders of Securities following the occurrence of a force majeure or an event or circumstance (or combination of events or circumstances) that are not attributable to the Issuer and significantly alter the economics of the Securities, compared to the economics as of the Issue Date, as set out in Condition 20(c) of the Notes and Condition 21(c) of the Certificates.

*Credit Ratings may not reflect all Risks*

One or more independent credit rating agencies may assign credit ratings to the Securities. The ratings may not reflect the potential impact of all risks related to structure, market, additional factors discussed above, and other factors that may affect the value of the Securities. A credit rating is not a recommendation to buy, sell or hold securities and may be revised or withdrawn by the rating agency at any time.

In general, European regulated investors are restricted under Regulation (EC) No. 1060/2009 (as amended) (the "**CRA Regulation**") from using credit ratings for regulatory purposes, unless such ratings are issued by a credit rating agency established in the EU and registered under the CRA Regulation (and such registration has not been withdrawn or suspended, subject to transitional provisions that apply in certain circumstances). Such general restriction will also apply in the case of credit ratings issued by non-EU credit rating agencies, unless the relevant credit ratings are

endorsed by an EU-registered credit rating agency or the relevant non-EU rating agency is certified in accordance with the CRA Regulation (and such endorsement action or certification, as the case may be, has not been withdrawn or suspended, subject to transitional provisions that apply in certain circumstances). Certain information with respect to the credit rating agencies and ratings will be disclosed in the applicable Final Terms.

The list of registered and certified rating agencies published by the European Securities and Markets Authority ("ESMA") on its website in accordance with the CRA Regulation is not conclusive evidence of the status of the relevant rating agency included in such list, as there may be delays between certain supervisory measures being taken against a relevant rating agency and the publication of the updated ESMA list.

#### *Effect of Credit Rating Reduction*

The value of the Securities is expected to be affected, in part, by investors' general appraisal of the creditworthiness of any Guarantor. Such perceptions are generally influenced by the ratings accorded to the outstanding securities of such entity (if applicable) by standard statistical rating services, such as Moody's Investors Service Ltd. Standard & Poor's Ratings Services, a division of The McGraw Hill Companies, Inc. and Fitch Ratings Ltd. A reduction in the rating, if any, accorded to outstanding debt securities of the Issuer and/or any Guarantor by one of these rating agencies could result in a reduction in the trading value of the Securities.

#### *Waiver of set-off*

Unless Waiver of Set-Off is specified as not applicable in the applicable Final Terms, the Holders of Securities waive any right of set-off, compensation and retention in relation to such Securities, insofar as permitted by applicable law.

#### *EU financial transaction tax*

On 14 February 2013, the European Commission issued proposals, including a draft Directive (the "**Commission's proposal**"), for a financial transaction tax ("**FTT**") to be adopted in certain participating EU member states (including Belgium, Germany, Estonia, Greece, Spain, France, Italy, Austria, Portugal, Slovenia and Slovakia). However, Estonia has since stated that it will not participate. If the Commission's proposal was adopted, the FTT would be a tax primarily on "financial institutions" (which could include the Issuer) in relation to "financial transactions" (which would include the conclusion or modification of derivative contracts and the purchase and sale of financial instruments).

Under the Commission's proposal, the FTT could apply in certain circumstances to persons both within and outside of the participating member states. Generally, it would apply where at least one party is a financial institution, and at least one party is established in a participating member state. A financial institution may be, or be deemed to be, "established" in a participating member state in a broad range of circumstances, including (a) by transacting with a person established in a participating member state or (b) where the financial instrument which is subject to the financial transaction is issued in a participating member state.

The FTT may give rise to tax liabilities for the Issuer with respect to certain transactions if it is adopted based on the Commission's proposal. Examples of such transactions are the conclusion of a derivative contract in the context of the Issuer's hedging arrangements or the purchase or sale of securities (such as charged assets) or the exercise/settlement of a warrant. The Issuer is, in certain circumstances, able to pass on any such tax liabilities to holders of the Securities and therefore this may result in investors receiving less than expected in respect of the Securities. It should also be noted that the FTT could be payable in relation to relevant transactions by investors in respect of the Securities (including secondary market transactions) if conditions for a charge to arise are satisfied and the FTT is adopted based on the Commission's proposal. Primary market transactions referred to in Article 5(c) of Regulation EC No 1287/2006 are expected to be exempt. There is

however some uncertainty in relation to the intended scope of this exemption for certain money market instruments and structured issues.

However, the FTT proposal remains subject to negotiation between the participating member states. It may therefore be altered prior to the implementation, the timing of which remains unclear. Additional EU member states may decide to participate. Prospective holders of the Securities are advised to seek their own professional advice in relation to the FTT.

## **Market and Other Risks**

### *Risks related to the market generally*

Set out below is a brief description of the principal market risks, including liquidity risk, exchange rate risk, interest rate risk and credit risk:

### *The secondary market generally*

Securities may have no established trading market when issued, and one may never develop. If a market does develop, it may not be liquid. Therefore, investors may not be able to sell their Securities easily or at prices that will provide them with a yield comparable to similar investments that have a developed secondary market. This is particularly the case for Securities that are especially sensitive to interest rate, currency or market risks, are designed for specific investment objectives or strategies or have been structured to meet the investment requirements of limited categories of investors. These types of Securities generally would have a more limited secondary market and more price volatility than conventional debt securities. Illiquidity may have a severely adverse effect on the market value of Securities. The provision of a secondary market by any market participant may not alleviate these risks.

### *Exchange rate risks and exchange controls*

The Issuer will pay principal and interest, in the case of Notes, or the cash settlement amount (where applicable), in the case of Warrants, or the cash settlement amount, instalment amount and interest (where applicable) in the case of Certificates, in the Specified Currency. This presents certain risks relating to currency conversions if an investor's financial activities are denominated principally in a currency or currency unit (the "**Investor's Currency**") other than the Specified Currency. These include the risk that exchange rates may significantly change (including changes due to devaluation of the Specified Currency or revaluation of the Investor's Currency) and the risk that authorities with jurisdiction over the Investor's Currency may impose or modify exchange controls. An appreciation in the value of the Investor's Currency relative to the Specified Currency would decrease (1) the Investor's Currency-equivalent yield on the Securities, (2) the Investor's Currency-equivalent value of the principal or cash settlement amount payable (as applicable) in respect of the Securities and (3) the Investor's Currency-equivalent market value of the Securities.

Government and monetary authorities may impose (as some have done in the past) exchange controls that could adversely affect an applicable exchange rate or transfer of funds in and out of the country. It is impossible to predict whether the value of one such currency relative to another will rise or fall during the term of the Securities. As a result, investors may receive, in the case of Notes, less interest or principal than expected, or no interest or principal or, in the case of Warrants, a lower cash settlement amount than expected, or no cash settlement amount at all or, in the case of Certificates, less interest, a lower instalment amount or a lower cash settlement amount than expected, or no interest, instalment amount or cash settlement amount at all.

## **Investment considerations may restrict certain investments**

The investment activities of certain investors are subject to investment laws and regulations, or review or regulation by certain authorities. Each potential investor should consult its legal, tax, accountancy and other advisers to determine whether and to what extent (i) it is permitted by law and regulation to invest in Securities, (ii) Securities may be used as collateral for various types of

borrowing, and (iii) other restrictions, including but not limited to accountancy, solvency and liquidity, apply to its purchase or pledge of any Securities. Financial institutions should consult their legal advisers or the appropriate regulators to determine the appropriate treatment of Securities under any applicable risk-based capital or similar rules.

### **Risks related to the structure of a particular issue of Securities**

#### *Risks Relating to Automatic Early Redemption/Expiration of the Securities*

In the case of Securities that include an Automatic Early Redemption/Automatic Early Expiration feature, the longer the time remaining until the scheduled redemption date of the Securities (in the case of Notes or Certificates) or scheduled expiration date (in the case of Warrants), the higher the probability that an Automatic Early Redemption Event/ Automatic Early Expiration Event (together an "**Automatic Early Settlement Event**") will occur.

In the event that the relevant level, value or price of the Underlying Reference approaches the level that triggers the Automatic Early Settlement Event, the Holder may not be able to sell the Securities in the secondary market before the occurrence of the Automatic Early Settlement Event (see also "*Possible Illiquidity of the Securities in the Secondary Market*" above). If the Underlying Reference is listed on a different exchange to that on which the Securities are listed (if any), the Automatic Early Settlement Event may occur outside the normal trading hours of the exchange on which the Securities are listed. In this case, the Holder may not have an opportunity to sell the Securities in the secondary market before the Automatic Early Settlement Event occurs.

#### *Risk of Loss Following Automatic Early Settlement of the Securities*

In the case of Securities that include an Automatic Early Redemption/Automatic Early Settlement feature, if the relevant level, value or price of the Underlying Reference(s) reaches the level that triggers the Automatic Early Settlement Event, the product will automatically redeem before the scheduled redemption date. Depending on the applicable payout, the Holder may lose some or all of their investment in the Securities.

#### *Gap Risk*

Holders of the Securities will be exposed to the gap risk associated with the relevant level, value or price of the Underlying Reference(s), whereby the relevant level, value or price of one or more Underlying Reference may change suddenly and significantly during the trading day or at the opening of the market. Such change may be positive or negative.

The price of the Securities may include a premium, which includes the cost to the Swap Counterparty or its Affiliates of unwinding its hedging positions in relation to the Securities on early redemption or cancellation of the Securities. The calculation of the premium charged to Holders of Securities is based on the gap risk associated with the relevant level, value or price of the Underlying Reference(s). The Holder will not receive a refund of this premium if an Automatic Early Settlement Event occurs.

#### *Risks relating to Underlying Reference Linked Securities*

Investments in Underlying Reference Linked Securities entail significant risks and may not be appropriate for investors lacking financial expertise. Prospective investors should consult their own financial, tax and legal advisers as to the risks entailed by an investment in such Securities and the suitability of such Securities in light of their particular circumstances and ensure that their acquisition is fully consistent with their financial needs and investment policies, is lawful under the laws of the jurisdiction of their incorporation and/or in which they operate, and is a suitable investment for them to make. The Issuer believes that such Securities should only be purchased by investors that are in a position to understand the special risks that an investment in these instruments involves, in particular relating to options and derivatives and related transactions, and should be prepared to sustain a total loss of the purchase price of their Securities.

Underlying Reference Linked Securities are securities which do not provide for predetermined redemption amounts and/or interest payments (in the case of Notes) or settlement amounts or Entitlement (in the case of Warrants) or settlement amounts or Entitlement and/or instalment amounts or interest payable, as applicable, (in the case of Certificates) but amounts payable (whether in respect of principal, interest, and or instalment amounts, and or settlement, as the case may be) or deliverable will be dependent upon the performance of the Underlying References (subject to the terms of any formula for determining the applicable Final Redemption Amount, interest/premium amounts, Cash Settlement Amount or Entitlement, in accordance with the Conditions) which themselves may contain substantial credit, equity, funds, correlation, volatility, commodity interest rate, foreign exchange, time value, political and/or other risks.

An investment in Underlying Reference Linked Securities therefore entails significant risks that are not associated with similar investments in a conventional fixed or floating rate debt security. These risks include, among other things, the possibility that:

- (i) the Underlying Reference may be subject to significant changes, whether due to the composition of any such Underlying Reference itself, or because of fluctuations in value of the Underlying Reference;
- (ii) the resulting returns or interest rate (where applicable) will be less (or may be more) than that payable on a conventional debt security issued by the Issuer at the same time;
- (iii) the holder of an Underlying Reference Linked Note could lose all or a substantial portion of the principal of such Note (whether payable at maturity or upon redemption or repayment), and, if the principal is lost, interest, or any other return on principal, may cease to be payable on such Note;
- (iv) any Underlying Reference Linked Warrants held by the relevant Warrantholder may expire worthless or amounts payable on settlement (whether on the cash settlement date or upon earlier cancellation) may be significantly less than the purchase price paid by such Warrantholder;
- (v) any Underlying Reference Linked Certificates held by the relevant Certificateholder may be worthless upon redemption or amounts payable on redemption (whether on maturity or upon earlier repayment) may be significantly less than the purchase price paid by such Certificateholder and any interest or instalment amounts (as applicable) may cease to be payable on such Certificate;
- (vi) any Security that is linked to more than one type of Underlying Reference, or to formulae that encompass the risks associated with more than one type of Underlying Reference, may carry levels of risk that are greater than Securities that are linked to one type of Underlying Reference only;
- (vii) it may not be possible for investors to hedge their exposure to these various risks relating to Underlying Reference Linked Securities;
- (viii) a significant market disruption could mean that any Underlying Reference ceases to exist;
- (ix) each Holder of Securities may receive an amount on redemption, settlement or cancellation (as the case may be) and/or physical delivery of securities together with cash for rounding in respect of any Underlying Reference Linked Notes or Underlying Reference Linked Certificates, as the case may be, and the amount payable on redemption, settlement or cancellation (as the case may be) and/or the aggregate value of securities physically delivered and cash may be significantly less than the value of the relevant Holder of Securities' investment in such Securities or the amount of such investment; and
- (x) in the case of any Securities exposed to the performance of a basket of Underlying References, the assets so delivered under the terms of such Securities may relate to, or the

Final Redemption Amount, Cash Settlement Amount or interest/premium amount (as the case may be) may be calculated by reference to, the worst performing Underlying Reference or any other formula specified as being applicable in the applicable Final Terms.

In addition, the value of Underlying Reference Linked Securities on the secondary market is subject to greater levels of risk than is the value of other Securities and the market price of such Securities may be very volatile or there may even be no (or a very limited) secondary market. The secondary market, if any, for Underlying Reference Linked Securities will be affected by a number of factors, independent of the creditworthiness of the Issuer and/or any Guarantor (if applicable), including (but not limited to) the creditworthiness of any reference entity, the value of the applicable Underlying Reference, the volatility of the Underlying Reference, the time remaining to the maturity, in the case of Notes and Certificates or the expiry, in the case of Warrants, the amount outstanding (in the case of Notes and Certificates) and market interest rates. The value of the applicable Underlying Reference depends on a number of interrelated factors, including economic, financial and political events, over which the Issuer has no control.

Additionally, if the formula used in the payout to determine the amount of principal, premium, instalment amounts, interest, settlement amount or Entitlement payable or deliverable, as applicable, with respect to Underlying Reference Linked Notes and Underlying Reference Linked Certificates, or the settlement amount or Entitlement with respect to Underlying Reference Linked Warrants contains a weighting or leverage factor, the effect of any change in the Underlying Reference will be increased. The historical experience of the Underlying Reference should not be taken as an indication of future performance of such Underlying Reference during the term of any such Security.

Additionally, there may be regulatory and other ramifications associated with the ownership by certain investors of certain Underlying Reference Linked Securities.

None of the Issuer, BNP Paribas, the Trustee, the Dealer, BNL or their respective affiliates provide any advice with respect to any Underlying Reference nor make any representation as to its quality, credit or otherwise, and investors in the relevant Securities must rely on their own sources of analysis, including credit analysis with respect to any Underlying Reference.

The risks reflect the nature of such a Security as an asset which may become worthless when redeemed (in the case of Notes and Certificates) or during the exercise period or on the Expiration Date (in the case of Warrants). The risk of the loss of some or all of the purchase price of an Underlying Reference Linked Note upon redemption or the risk of an Underlying Reference Linked Warrant or an Underlying Reference Linked Certificate, as the case may be, becoming or expiring worthless means that, in order to recover and realise a return upon its investment, a purchaser of such Security must generally be correct about the direction, timing and magnitude of an anticipated change in the value of the relevant Underlying Reference.

### **Certain Considerations Associated with Specific Types of Products**

#### *Certain Risks Associated with Structured Product Securities ("**SPS**") Products*

(i) Risks associated with Fixed Percentage Products

Investors receive a fixed return on the Securities. This payout may be used in conjunction with at least one other payout to provide investors with partial or total capital protection.

(ii) Risks associated with Reverse Convertible Products

Investors may be exposed to a partial or total loss of their investment. The return on the Securities depends on the performance of the Underlying Reference(s) and whether a knock-in event occurs.

(iii) Risks associated with Vanilla Products

Investors may be exposed to a partial or total loss of their investment. The return depends on the performance of the Underlying Reference(s) and whether knock-in or knock-out features apply.

(iv) Risks associated with Asian Products

Investors may be exposed to a partial or total loss of their investment. The return on the Securities depends on the performance of the Underlying Reference(s), which is determined using an averaging method. The return will also depend on whether specific features, such as a cap or lock-in, apply.

(v) Risks associated with Auto-callable Products

Investors may be exposed to a partial or total loss of their investment. The return on the Securities depends on the performance of the Underlying Reference(s) and whether knock-in or knock out features apply. Auto-callable Products include automatic early redemption mechanisms. Depending on the applicable formula, if an Automatic Early Settlement Event occurs investors may be exposed to a partial loss of their investment.

(vi) Risks associated with Indexation Products

Investors may be exposed to a partial or total loss of their investment. The return on the Securities depends on the performance of the Underlying Reference(s) and whether knock-in, knock-out and/or automatic early settlement features apply. Depending on the applicable formula, if an Automatic Early Settlement Event occurs investors may be exposed to a partial loss of their investment.

(vii) Risks associated with Ratchet Products

Investors may be exposed to a partial or total loss of their investment. The return on the Securities depends on the performance of the Underlying Reference(s) and is calculated based on the sum of returns determined on a given formula (which can be capped and/or floored).

(viii) Risks associated with Sum Products

Investors may be exposed to a partial or total loss of their investment. The return on the Securities depends on the performance of the Underlying Reference(s) and is calculated based on the weighted sum of returns determined using different payout formulae.

(ix) Risks associated with Option Max Products

Investors may be exposed to a partial or total loss of their investment. The return on the Securities depends on the performance of the Underlying Reference(s) and is calculated based on the maximum return determined using different payout formulae.

(x) Risks associated with Stellar Products

Investors may be exposed to a partial loss of their investment. The return on the Securities depends on the performance of a basket of Underlying References and is calculated based on the average returns of each Underlying Reference in the basket (which can be capped and/or floored).

(xi) Risks associated with Driver Products

Investors may be exposed to a partial loss of their investment. The return on the Securities depends on the performance of a basket of Underlying References. The return is

determined by reference to the average return of the basket, where the performance of one or more of the best performing Underlying Reference(s) is set at a fixed level.

*Risks Associated with Fixed Income ("FI") Products*

(i) Risks associated with Vanilla Products

Investors may be exposed to a partial or total loss of their investment. The return on the Securities depends on the performance of the Underlying Reference(s) and whether knock-in or knock-out features apply.

(ii) Risks associated with Digital Products

(iii) Investors may be exposed to a partial or total loss of their investment. The return on the Securities is fixed or variable and will be dependent upon the performance of the Underlying Reference(s). The return is calculated by reference to various mechanisms (including floor or cap conditions and knock-in and/or knock-out features).

(iv) Risks associated with Inflation Products

Inflation Products are capital protected. The return on the Securities depends on the performance of the Underlying Reference(s).

*Risks relating to Index Linked Securities*

The Issuer may issue Securities where the amount of principal and/or interest payable or deliverable (in the case of Notes) or the Entitlement or settlement amount and/or the instalment amount and/or interest payable (in the case of Certificates) or the Entitlement or settlement amount (in the case of Warrants) are dependent upon the level of an index or indices ("**Index Linked Notes**", "**Index Linked Warrants**" and "**Index Linked Certificates**" respectively, and together, "**Index Linked Securities**"). An investment in Index Linked Securities will entail significant risks not associated with an investment in a conventional debt security.

Potential investors in any such Securities should be aware that depending on the terms of the Index Linked Securities (a) in the case of Index Linked Notes (i) they may receive no or a limited amount of interest, (ii) payment of principal or interest or delivery of the Entitlement may occur at a different time than expected and (iii) they may lose all or a substantial portion of their investment; (b) in the case of Index Linked Warrants (i) payment of any cash settlement amount or delivery of the Entitlement may be significantly less than anticipated or may occur at a different time than expected and (ii) such Warrants may expire worthless and the investor may lose all or a substantial portion of their investment; and (c) in the case of Index Linked Certificates (i) they may receive no or a limited amount of interest, (ii) payment of any cash settlement or delivery of the Entitlement or payment of any instalment amount or interest may be significantly less than anticipated or may occur at a different time than expected and (iii) the Certificates may be worthless upon redemption and the investor may lose all or a substantial portion of their investment. In addition, the movements in the level of an index or indices may be subject to significant fluctuations that may or may not correlate with other indices, changes in interest rates or currencies and the timing of changes in the relevant level of the index or indices may affect the actual yield to investors, even if the average level is consistent with their expectations.

If the amount of principal and/or interest payable (in the case of Notes) or the Entitlement or settlement amount and/or the instalment amount and/or interest payable (in the case of Certificates) or the Entitlement or settlement amount (in the case of Warrants) is dependent upon movements in currency exchange rates and are determined in conjunction with a multiplier greater than one or by reference to some other leverage factor, the effect of changes in the level of the index or the indices on principal or interest or the instalment amount payable or the settlement amount or Entitlement (as the case may be) will be magnified.

The market price of such Securities may be volatile and may depend on the time remaining to the redemption date or expiration date (as applicable) and the volatility of the level of the index or indices. The level of the index or indices may be affected by the economic, financial and political events in one or more jurisdictions, including the stock exchange(s) or quotation system(s) on which any securities comprising the index or indices may be traded. The index may reference equities, bonds or other securities or it may be a property index referencing certain property price data which will be subject to market price fluctuations. A property index may include valuations only and not actual transactions and the property data sources used to compile the index may be subject to change, which may adversely affect the return on the Securities.

An investment in Index Linked Notes, Index Linked Warrants or Index Linked Certificates linked to a custom index ("**Custom Index Linked Notes**", "**Custom Index Linked Warrants**" or "**Custom Index Linked Certificates**" respectively, and together "**Custom Index Linked Securities**") will entail significant risks not associated with an investment in a conventional debt security. On an interest payment date or on maturity, as the case may be, of Custom Index Linked Notes, Noteholders will receive an amount (if any) determined by reference to the value of the underlying custom index/custom indices. On the exercise date of Custom Index Linked Warrants, Warrantholders will receive an amount or Entitlement (if any) determined by reference to the value of the underlying custom index/custom indices. On an interest payment date or on the exercise date, as the case may be, of Custom Index Linked Certificates, the Certificateholders will receive an amount or Entitlement, as applicable (if any) determined by reference to the value of the underlying custom index/custom indices. Such custom index may be an index established, sponsored and/or calculated by the Swap Counterparty and/or its affiliates or another entity which may not be widely published or available. The custom index may reference equities, bonds, indices, rates, commodities, funds or other securities, it may be a property index referencing certain property price data which will be subject to market price fluctuations or even a combination of all or some of the foregoing.

Pursuant to the operational rules of the relevant custom index/custom indices, the custom index/custom indices generally are scheduled to be calculated on each weekday. In the event that one of the levels/values/prices of a component included in the custom index/custom indices is not available for any reason on any weekday (i.e., either because it is a non-scheduled trading day in respect of that index component or that index component is subject to a market disruption or otherwise) (a "**Disrupted Day**") then the calculation agent of the custom index/custom indices may, but is not obliged to, calculate the level of the custom index/custom indices on that day by taking a level/value/price for the affected index component from the preceding day on which a level for such affected index component was available.

For the avoidance of doubt, the Swap Counterparty and/or its affiliates may not be able to trade on and hedge its obligations in respect of the index (including custom indices) under the relevant Swap Agreement and or other underlying hedging arrangements notwithstanding the calculation agent of the such index has calculated and published a level in respect of such day. In the event that the strike date or initial calculation date (as the case may be) or any other valuation or observation date is a Disrupted Day for the custom index/custom indices, the strike date, initial calculation date or relevant valuation or observation date, as the case may be, shall be the first succeeding day that is not a Disrupted Day and on which the Swap Counterparty and/or its affiliates is able to trade on and hedge its obligations in respect of the custom index/custom indices subject to a specified maximum days of disruption, as more fully set out in the terms and conditions of the relevant Securities. Where this occurs on (i) the Strike Date for valuation, the Calculation Agent will not be able to determine the initial or strike level for the index or (ii) the final date for valuation, the Calculation Agent will not determine the final level for the index until such time as the disruption is no longer subsisting, or the specified maximum days of disruption has elapsed, whichever is sooner. Investors should be aware that any delay to the determination of the final level of the index may result in a delay in the payment of the Cash Settlement Amount, Redemption Amount or Final Redemption Amount, as applicable.

Where the Underlying Reference is a custom index and a custom index adjustment event (as described in the terms and conditions of the relevant Securities) occurs, the Calculation Agent may make such adjustments as it determines appropriate to the terms of such Securities (including substituting a custom index with another custom index with a similar strategy as the original custom index) or notify the Issuer that it has not determined any appropriate adjustment, following which the Issuer will redeem (in the case of Notes and Certificates) or cancel (in the case of Warrants) such Securities. Such action may have an adverse effect on the value and liquidity of the affected Custom Index Linked Securities.

*Risks relating to Share Linked Securities*

The Issuer may issue Securities where the amount of principal and/or interest payable (in the case of Notes) or the Entitlement or settlement amount and/or the instalment amount and/or interest payable (in the case of Certificates) or the Entitlement or settlement amount (in the case of Warrants) are dependent upon the price of, or changes in the price of, shares, GDRs and/or ADRs or a basket of shares, GDRs and/or ADRs or where the Issuer's obligation on redemption or settlement (as the case may be) is to deliver a specified number of shares, GDRs and/or ADRs ("**Share Linked Notes**", "**Share Linked Certificates**" and "**Share Linked Warrants**" respectively and together "**Share Linked Securities**"). Accordingly an investment in Share Linked Securities may bear similar market risks to a direct equity investment and potential investors should take advice accordingly.

Potential investors in any such Securities should be aware that, depending on the terms of the Share Linked Securities, (a) in the case of Share Linked Notes (i) they may receive no or a limited amount of interest, (ii) payment of principal or interest may occur at a different time than expected and (iii) they may lose all or a substantial portion of their investment and (b) in the case of Share Linked Warrants (i) payment of any cash settlement amount or delivery of the Entitlement may be significantly less than anticipated or may occur at a different time than expected and (ii) such Warrants may expire worthless and the investor may lose all or a substantial portion of their investment and (c) in the case of Share Linked Certificates (i) they may receive no or a limited amount of interest, (ii) payment of any cash settlement amount or delivery of the Entitlement or payment of any instalment amount or interest may be significantly less than anticipated or may occur at a different time than expected and (iii) the Certificates may be worthless upon redemption and the investor may lose all or a substantial portion of their investment. In addition, the movements in the price of a share or basket of shares may be subject to significant fluctuations that may or may not correlate with changes in interest rates, currencies or other indices and the timing of changes in the relevant price of the share or shares may affect the actual yield to investors, even if the average level is consistent with their expectations.

If the amount of principal and/or interest payable (in the case of Notes) or the Entitlement or settlement amount and/or the instalment amount and/or interest payable (in the case of Certificates) or the Entitlement or settlement amount (in the case of Warrants) is determined in conjunction with a multiplier greater than one or by reference to some other leverage factor, the effect of changes in the price of the share or shares, GDR or GDRs and/or ADR or ADRs on principal or interest or the instalment amount payable or the settlement amount or Entitlement (as the case may be) will be magnified.

The market price of such Securities may be volatile and may be affected by the time remaining to the redemption date or expiration date (as applicable), the volatility of the share or shares, GDR or GDRs and/or ADR or ADRs, the dividend rate (if any) and the financial results and prospects of the issuer or issuers (or the underlying issuer or issuers, as the case may be) of the relevant share or shares, GDR or GDRs and/or ADR or ADRs as well as economic, financial and political events in one or more jurisdictions, including factors affecting the stock exchange(s) or quotation system(s) on which any such shares, GDRs and/or ADRs may be traded.

In the case of Share Linked Securities, no issuer of the underlying shares or, in the case of Share Linked Securities linked to GDRs and/or ADRs, the underlying issuer in respect of such GDRs and/or ADRs, as the case may be, will have participated in the preparation of the applicable Final Terms or in establishing the terms of the relevant Securities, and none of the Issuer, BNP Paribas, the Trustee, the Dealer, BNL or their respective affiliates will make any investigation or enquiry in connection with such offering with respect to any information concerning any such issuer or underlying issuer, as the case may be, of shares, GDRs and/or ADRs contained in such Final Terms or in the documents from which such information was extracted. Consequently, there can be no assurance that all events occurring prior to the relevant issue date (including events that would affect the accuracy or completeness of the publicly available information described in this paragraph or in any applicable Final Terms) that would affect the trading price of the share, GDR and/or ADR will have been publicly disclosed. Subsequent disclosure of any such events or the disclosure of or failure to disclose material future events concerning such an issuer or underlying issuer, as the case may be, of shares, GDRs and/or ADRs could affect the trading price of the share, GDR and/or ADR and therefore the trading price of the Securities.

Except as provided in the relevant Conditions, Holders of Securities will not have voting rights or rights to receive dividends or distributions or any other rights with respect to the relevant shares, GDRs and/or ADRs to which such Securities relate.

#### *Risks relating to Debt Linked Securities*

An investment in Debt Linked Securities will entail significant risks not associated with an investment in a conventional debt security. On redemption or exercise, as the case may be, of Debt Linked Securities, Holders of Securities will receive an amount (if any) determined by reference to the price or yield of the underlying debt security(ies) (as specified in the applicable Final Terms) and/or the physical delivery of a given number of debt security(ies). Accordingly, an investment in Debt Linked Securities may bear similar market risks to a direct debt instrument investment, and investors should take advice accordingly. Debt Linked Interest Notes or Certificates pay interest calculated by reference to the price or yield of the underlying debt instrument(s) (as specified in the applicable Final Terms).

#### *Risks relating to Commodity Linked Securities*

The Issuer may issue Securities where the amount of principal and/or interest payable (in the case of Notes) or the settlement amount and/or the instalment amount and/or interest payable (in the case of Certificates) or the settlement amount (in the case of Warrants) are dependent upon the price of or changes in the price of commodities and/or commodity indices or a basket of commodities and/or commodity indices ("**Commodity Linked Notes**", "**Commodity Linked Certificates**" and "**Commodity Linked Warrants**" respectively and together "**Commodity Linked Securities**"). Accordingly an investment in Commodity Linked Securities may bear similar market risks to a direct commodity investment and potential investors should take advice accordingly.

Potential investors in any such Securities should be aware that, depending on the terms of the Commodity Linked Securities, (a) in the case of Commodity Linked Notes (i) they may receive no or a limited amount of interest, (ii) payment of principal or interest may occur at a different time than expected and (iii) they may lose all or a substantial portion of their investment, (b) in the case of Commodity Linked Warrants (i) payment of any cash settlement amount may be significantly less than anticipated or may occur at a different time than expected and (ii) such Warrants may expire worthless and the investor may lose all or a substantial portion of their investment and (c) in the case of Commodity Linked Certificates (i) they may receive no or a limited amount of interest, (ii) payment of any final redemption amount or payment of any instalment amount or interest may be significantly less than anticipated or may occur at a different time than expected and (iii) the Certificates may be worthless upon redemption and the investor may lose all or a substantial portion of their investment. In addition, the movements in the price of the commodity and/or

commodity index or basket of commodities and/or commodity indices may be subject to significant fluctuations that may or may not correlate with other indices, changes in interest rates or currencies and the timing of changes in the relevant price of a commodity and/or commodity index may affect the actual yield to investors, even if the average level is consistent with their expectations.

If the amount of principal and/or interest payable (in the case of Notes) or the settlement amount and/or the instalment amount and/or interest payable (in the case of Certificates) or the settlement amount (in the case of Warrants) is determined in conjunction with a multiplier greater than one or by reference to some other leverage factor, the effect of changes in the price of a commodity and/or commodity index on principal or interest or the instalment amount payable or the settlement amount (as the case may be) will be magnified.

Where the Commodity Linked Securities are linked to a commodity index, such commodity index may be a well known and widely available commodity index or a commodity index which may not be well known or widely available and in which case information (including past performance) may be less readily available. The commodity index may be comprised of futures contracts, mono-indices, or other commodity indices, which may be proprietary. Commodity Linked Securities may be linked to a commodity index which may be sponsored and/or calculated by BNP Paribas or one of its affiliates. Pursuant to the operational rules of the relevant commodity index, the commodity index is scheduled to be calculated on a periodic basis (for example on each weekday). In the event that one of the levels, values or prices of a component included in the commodity index is not available for any reason on a relevant day of calculation including, without limitation, (a) where it is not a business day in respect of that commodity index component or (b) that commodity index component is subject to a market disruption event, then the calculation agent of the commodity index may, but is not obliged to, calculate the level of the commodity index for the relevant day by taking a value for the affected index component on the first day following the end of a specified maximum days of disruption based on the price at which it is able to sell or otherwise realise any hedge position. For further information on the effect of a market disruption event in relation to Commodity Linked Securities, please refer to the paragraph below entitled "*Market Disruption Events relating to Commodity Linked Securities*".

The Swap Counterparty and/or its affiliates may not be able to hedge their obligations in respect of the commodity index under the Swap Agreement and/or other underlying hedge arrangements, notwithstanding the calculation and publication of the level of the commodity index. In the event that a Market Disruption Event is occurring on the Initial Pricing Date or any Pricing Date, the Initial Pricing Date or Pricing Date will be postponed until the first succeeding Pricing Date that is not a Commodity Disrupted Day, subject to a specified maximum days of disruption, as more fully set out in the terms and conditions of the relevant Securities.

*Market Disruption Events relating to Commodity Linked Securities*

If a Market Disruption Event (as defined in the Conditions relating to Commodity Linked Securities) occurs or is continuing on a date for valuation then:

- (a) the Calculation Agent will determine if such event has a material effect on the Securities and, if so, will calculate the relevant Interest Amount and/or Final Redemption Amount or Cash Settlement Amount and/or make another relevant calculation using, in lieu of a published price or level for the relevant Commodity or Commodity Index, the Commodity Fallback Value;
- (b) the Calculation Agent may substitute the relevant affected Commodity or Index Component with a Commodity or Index Component selected by it in accordance with the criteria set out in the Commodity Linked Conditions and will make such adjustment, if any, to any terms of the Securities as the Calculation Agent acting in good faith and in a commercially reasonable manner determines appropriate; or

- (c) the Issuer will cancel or redeem, as applicable, the Securities.

Consequently the occurrence of a Market Disruption Event in relation to a Commodity, Commodity Index or Index Component may have an adverse effect on the value or liquidity of the Securities.

*Adjustment Events relating to Commodity Linked Securities*

In the case of a Securities linked to a Commodity Index, if a relevant Commodity Index is (i) not calculated and announced by the Index Sponsor in respect of the Commodity Index but is calculated and announced by a successor sponsor or successor entity, as the case may be, acceptable to the Calculation Agent, or (ii) replaced by a successor Commodity Index using, in the determination of the Calculation Agent, the same or a substantially similar formula for and method of calculation as used in the calculation of that Commodity Index, then, in each case, that Commodity Index will be deemed to be the Commodity Index. The occurrence of a Commodity Index Modification, Commodity Index Cancellation or Commodity Index Disruption (each being a "**Commodity Index Adjustment Event**") may lead to:

- (i) the Calculation Agent determining the Relevant Price using, in lieu of a published level, the Commodity Fallback Value (if the Calculation Agent determines such Commodity Index Adjustment Event has a material effect on the Securities); or
- (ii) cancellation or early redemption of the Securities.

*Risks relating to Currency Linked Securities*

The Issuer may issue Securities where the amount of principal and/or interest payable (in the case of Notes) or the Entitlement or settlement amount and/or the instalment amount and/or interest payable (in the case of Certificates) or the Entitlement or settlement amount (in the case of Warrants) are dependent upon movements in currency exchange rates or are payable in one or more currencies which may be different from the currency in which the Securities are denominated ("**Currency Linked Notes**", "**Currency Linked Warrants**" and "**Currency Linked Certificates**" respectively and together "**Currency Linked Securities**"). Accordingly an investment in Currency Linked Securities may bear similar market risks to a direct foreign exchange investment and potential investors should take advice accordingly.

Potential investors in any such securities should be aware that, depending on the terms of the Currency Linked Securities, (a) in the case of Currency Linked Notes (i) they may receive no or a limited amount of interest, (ii) payment of principal or interest may occur at a different time or in a different currency than expected and (iii) they may lose all or a substantial portion of their investment, (b) in the case of Currency Linked Warrants (i) payment of any cash settlement amount or delivery of the Entitlement may be significantly less than anticipated or may occur at a different time than expected and (ii) such Warrants may expire worthless and the investor may lose all or a substantial portion of their investment and (c) in the case of Currency Linked Certificates (i) they may receive no or a limited amount of interest, (ii) payment of any cash settlement amount or delivery of the Entitlement or payment of any instalment amount or interest may be significantly less than anticipated or may occur at a different time than expected and (iii) the Certificates may be worthless upon redemption and the investor may lose all or a substantial portion of their investment. In addition, movements in currency exchange rates may be subject to significant fluctuations that may or may not correlate with changes in interest rates or other indices and the timing of changes in the exchange rates may affect the actual yield to investors, even if the average level is consistent with their expectations.

Exchange rates between currencies are determined by factors of supply and demand in the international currency markets which are influenced by macroeconomic factors, speculation and central bank and government intervention (including the imposition of currency controls and restrictions). In recent years, rates of exchange between some currencies have been volatile. This

volatility may be expected in the future. Fluctuations that have occurred in any particular exchange rate in the past are not necessarily indicative, however, of fluctuation that may occur in the rate during the term of any Security. Fluctuations in exchange rates will affect the value of Currency Linked Securities. Furthermore, Holders of Securities who intend to convert gains or losses from the exercise, redemption or sale of Currency Linked Securities into their home currency may be affected by fluctuations in exchange rates between their home currency and the relevant currency (or basket of currencies).

If the amount of principal and/or interest payable (in the case of Notes) or the Entitlement or settlement amount and/or the instalment amount and/or interest payable (in the case of Certificates) or the Entitlement or settlement amount (in the case of Warrants) is determined in conjunction with a multiplier greater than one or by reference to some other leverage factor, the effect of changes in the currency exchange rates on principal or interest or the instalment amount payable or the settlement amount or Entitlement (as the case may be) will be magnified.

The market price of such Securities may be volatile and, if the amount of principal and/or interest payable or the settlement amount or Entitlement (as the case may be) are dependent upon movements in currency exchange rates, may depend upon the time remaining to the redemption date or exercise date (as applicable) and the volatility of currency exchange rates. Movements in currency exchange rates may be dependent upon economic, financial and political events in one or more jurisdictions.

In the case of Warrants and Certificates only, if additional warrants, securities or options relating to particular currencies or particular currency indices are subsequently issued, the supply of warrants and options relating to such currencies or currency indices, as applicable, in the market will increase, which could cause the price at which the Warrants and such other warrants, securities and options trade in the secondary market to decline significantly.

#### *Risks relating to Fund Linked Securities*

The Issuer may issue Securities where the amount of principal and/or interest payable (in the case of Notes) or the Entitlement or settlement amount and/or the instalment amount and/or interest payable (in the case of Certificates) or the Entitlement or settlement amount (in the case of Warrants) are dependent upon the price or changes in the price of units or shares in a fund or funds or the level of the fund index or, depending on the price or changes in the price of units or shares in such fund or funds or the level of the fund index, the Issuer's obligation on redemption is to deliver a specified amount of Fund Shares ("**Fund Linked Notes**", "**Fund Linked Warrants**" and "**Fund Linked Certificates**" respectively and together "**Fund Linked Securities**"). Accordingly an investment in Fund Linked Securities may bear similar market risks to a direct fund investment and potential investors should take advice accordingly.

Funds may trade and invest in a broad range of investments and financial instruments such as debt and equity securities, commodities and foreign exchange and may enter into derivative transactions, including, without limitation, futures, swaps and options using sophisticated investment techniques for hedging and non-hedging purposes. Such financial instruments and investment techniques may also include, but are not limited to, the use of leverage, short sales of securities, transactions that involve the lending of securities to financial institutions, the entry into repurchase and reverse repurchase agreements for securities and the investment in foreign securities and foreign currencies. While these investment strategies and financial instruments provide the investment manager and/or adviser of a fund the flexibility to implement a range of strategies in an attempt to generate positive returns for the fund, they also create the risk of significant losses that may adversely affect the value of the fund and therefore the return on the Fund Linked Securities. Potential investors should be aware that none of the Issuer, the Swap Counterparty, the Guarantor (if any) or the Calculation Agent have any control over investments made by a fund and therefore in no way guarantee the performance of a fund or, therefore, any amount due to Holders of Securities which are Fund Linked Securities.

Funds may often be illiquid and may only be traded on a monthly, quarterly or even less frequent basis. The trading strategies of funds are often opaque. Funds, as well as the markets and instruments in which they invest, are often not subject to review by governmental authorities, self-regulatory organisations or other supervisory authorities.

The amount payable on Fund Linked Securities will be dependent on the performance of the relevant fund(s) or fund index(ices) underlying the Fund Linked Securities, which may be linked to the reported net asset value ("NAV") per fund share and/or the actual redemption proceeds the Hedge Provider (as defined in the Conditions) or a hypothetical investor in the relevant fund(s) would receive. The amount payable on the Fund Linked Securities may be less than the amount payable from a direct investment in the relevant fund(s) or fund index. In certain circumstances, a fund may continue reporting a NAV per fund share, but the Hedge Provider or a hypothetical investor may not be able to realise their investment in the relevant fund(s) at such reported NAV per fund share. In such a case, the return on the Fund Linked Securities may be less and in certain circumstances may be significantly less than the reported performance of the relevant fund(s) and may be zero.

A fund may be established as part of a master-feeder fund structure. Generally, a master-feeder fund structure involves the incorporation of a "master" fund company into which separate and distinct "feeder" funds invest. Active management of any investment strategy is, generally, performed at the master fund level. In instances where the fund(s) underlying the relevant Fund Linked Securities are "feeder" funds, the Extraordinary Fund Events (see below) extend to include the "master" fund and its service providers. In conducting their own due diligence of the relevant fund(s), prospective investors should pay particular attention to whether the relevant fund(s) are established as part of a master-feeder fund structure.

In hedging its obligations under any Swap Agreement relating to Fund Linked Securities, the Hedge Provider is not restricted to any particular hedging practice. Accordingly, the Hedge Provider may hedge its exposure using any method it, in its sole discretion, deems appropriate, including, but not limited to, investing in the relevant fund(s), replicating the performance of the relevant fund(s) or holding any of the assets underlying the relevant fund(s). The Hedge Provider may perform any number of different hedging practices with respect to Fund Linked Securities.

Prospective investors in any such Securities should be aware that, depending on the terms of the Fund Linked Securities, (a) in the case of Fund Linked Notes (i) they may receive no or a limited amount of interest, (ii) payment of principal or interest may occur at a different time than expected and (iii) they may lose all or a substantial portion of their investment, (b) in the case of Fund Linked Warrants (i) payment of any cash settlement amount or delivery of the Entitlement may be significantly less than anticipated or may occur at a different time than expected and (ii) such Warrants may expire worthless and the investor may lose all or a substantial portion of their investment and (c) in the case of Fund Linked Certificates (i) they may receive no or a limited amount of interest, (ii) payment of any cash settlement amount or delivery of the Entitlement or payment of any instalment amount or interest may be significantly less than anticipated or may occur at a different time than expected and (iii) the Certificates may be worthless upon redemption and the investor may lose all or a substantial portion of their investment. In addition, the movements in the price of units, shares or interests in the fund or funds may be subject to significant fluctuations that may or may not correlate with changes in interest rates, currencies or other indices and the timing of changes in the relevant price of the units or shares in the fund or funds may affect the actual yield to investors, even if the average level is consistent with their expectations. Prospective investors should also be aware that in the event of the occurrence of one or more Extraordinary Fund Events then (A) the Issuer may (i) substitute the relevant Fund Shares with fund shares of a fund with similar characteristics or if no such fund is selected with a replacement index or redeem, (ii) cancel the Securities (as applicable) or (iii) take no further action and (B) the Calculation Agent may make such adjustments to the relevant Fund, Fund Shares, Weighting and/or the terms and conditions of the relevant Securities as it determines appropriate in good faith and in a commercially reasonable manner.

If the amount of principal and/or interest payable (in the case of Notes) or the Entitlement or settlement amount and/or the instalment amount and/or interest payable (in the case of Certificates) or the Entitlement or settlement amount (in the case of Warrants) is determined in conjunction with a multiplier greater than one or by reference to some other leverage factor, the effect of changes in the price of the units or shares of the fund or funds on principal or interest or the instalment amount payable or the settlement amount or Entitlement (as the case may be) will be magnified. The market price of such Securities may be volatile and may depend on the time remaining to the redemption date or Expiration Date (as applicable) and the volatility of the price of units or shares in the fund or funds. The price of units or shares in a fund may be affected by the economic, financial and political events in one or more jurisdictions, including factors affecting the exchange(s) or quotation system(s) on which any units in the fund or funds may be traded. In addition, the price of units or shares in a fund may be affected by the performance of the fund service providers, and in particular the investment adviser.

Prospective investors should review carefully the prospectus, information memorandum and/or offering circular (if any) issued by any relevant fund(s) before purchasing any Securities. None of the Issuer, BNP Paribas and its respective affiliates, the Dealer, BNL or any other Guarantor (if applicable), any affiliate of any Guarantor (if applicable), the Trustee or the Calculation Agent make any representation as to the creditworthiness of any relevant fund or any such fund's administrator, custodian, investment manager or adviser or in respect of any prospectus, information memorandum and/or offering circular (if any) issued by any relevant fund. No Fund Service Provider will have participated in the preparation of the relevant Final Terms or in establishing the terms of the Fund Linked Securities, and none of the Issuer, the Guarantor (if any) or any Dealer will make any investigation or enquiry in connection with such offering with respect to any information concerning any such issuer of fund shares or units contained in such Final Terms or in the documents from which such information was extracted. Consequently, there can be no assurance that all events occurring prior to the relevant issue date (including events that would affect the accuracy or completeness of the publicly available information described in this paragraph or in any relevant Final Terms) that would affect the trading price of the fund shares or units will have been publicly disclosed. Subsequent disclosure of any such events or the disclosure of or failure to disclose material future events concerning such an issuer of fund shares or units could affect the trading price of the fund shares or units and therefore the trading price of the Securities. Fund Linked Securities do not provide Holders with any participation rights in the underlying Fund(s) and except in certain circumstances in the case of Physical Delivery Securities, do not entitle holders of Fund Linked Securities to any ownership interest or rights in such Fund(s). Except as provided in the Conditions, Holders of Securities will not have voting rights or rights to receive dividends or distributions or any other rights with respect to the relevant fund shares or units or the relevant fund index to which such Securities relate.

For all the above reasons, investing directly or indirectly in Funds or a fund index comprised of funds of is generally considered to be risky. If the underlying Fund or Fund Index does not perform sufficiently well, the value of the Securities will fall and may in certain circumstances be zero.

#### *Other Events relating to Fund Linked Securities*

In the case of Fund Securities, if certain events ("**Extraordinary Fund Events**") including events relating to Global Events, Litigation/Fraudulent Activity Events, Fund Service Provider/Key Person Events, Modification Events, NAV per Fund Share/AUM Level Events, Reporting Events, Tax/Law/Accounting/Regulatory Events, Hedging/Impracticality/Increased Costs Events, Dealing Events and Miscellaneous Events in the determination of the Calculation Agent occur, the Calculation Agent may, acting in good faith and in a commercially reasonable manner, determine that no action will be taken to adjust the terms of the Securities to reflect such event, substitute the relevant Fund Shares or cancel (in the case of Warrants) or redeem (in the case of Notes or Certificates) the Securities.

Consequently the occurrence of an Extraordinary Fund Event may have an adverse effect on the value or liquidity of the Securities.

In addition, in the event that redemption proceeds in respect of the underlying Fund Shares are not received by the Hedge Provider on or prior to the scheduled date for redemption or settlement, as the case may be, such redemption or settlement date may be postponed for a period of up to two calendar years (or such other period as may be specified in the applicable Final Terms) and no additional amount shall be payable as a result of such delay.

The Calculation Agent will exercise its rights under the Fund Linked Conditions, including in particular the action it takes, or directs shall be taken, on the occurrence of an Extraordinary Fund Event, acting in good faith and in a commercially reasonable manner. Subject to all regulatory obligations, none of the Issuer, the Guarantor (if any) or the Calculation Agent owes any duty or responsibility to any of the Holders of the Fund Linked Securities. The exercise of such rights in such manner may result in an increased loss in performance of the Fund Linked Securities than if the Calculation Agent had taken different action.

#### *Risks relating to Credit Linked Securities*

The Issuer may issue Notes or Certificates where the amount of principal and/or interest payable (in the case of Notes) or the settlement amount and/or the instalment amount and/or interest payable (in the case of Certificates) are dependent upon whether certain events ("**Credit Events**") have occurred in respect of one or more Reference Entities and, if so, on the value of certain specified assets of such Reference Entity/Entities or where, if such events have occurred, on redemption the Issuer's obligation is to deliver certain specified assets.

Prospective investors in any such Notes or Certificates ("**Credit Linked Securities**") should be aware that, depending on the terms of the Credit Linked Securities, (i) they may receive no or a limited amount of interest, (ii) payment of principal (in the case of Notes) or any instalment amount or cash settlement amount (in the case of Certificates) or interest or delivery of any specified assets may occur at a different time than expected and (iii) they may lose all or a substantial portion of their investment.

The market price of such Credit Linked Securities may be volatile and will be affected by, amongst other things, the time remaining to the redemption date and the creditworthiness of the reference entity which, in turn, may be affected by the economic, financial and political events in one or more jurisdictions.

Where the Credit Linked Securities provide for physical delivery, the Calculation Agent may determine that the specified assets to be delivered are either (a) assets which for any reason (including, without limitation, failure of the relevant clearance system or due to any law, regulation, court order or market conditions or the non-receipt of any requisite consents with respect to the delivery of assets which are loans) it is impossible or illegal to deliver on the specified settlement date or (b) assets which the Issuer has not received under the terms of any transaction entered into by the Issuer in connection with the Credit Linked Securities. Any such determination may delay settlement in respect of the Credit Linked Securities and/or cause the obligation to deliver such specified assets to be replaced by an obligation to pay a cash amount which, in either case, may affect the value of the Credit Linked Securities and, in the case of payment of a cash amount, will affect the timing of the valuation of such Notes or Certificates and as a result, the amount of principal payable on redemption. Prospective investors should review the Terms and Conditions of the Notes or the Terms and Conditions of the Certificates, as the case may be, and the applicable Final Terms to ascertain whether and how such provisions should apply to the Notes or Certificates.

*Interest rate risks*

Investment in Fixed Rate Notes or Certificates or any Note or Certificate with a fixed rate component involves the risk that subsequent changes in market interest rates may adversely affect the value of such Notes or Certificates.

*Additional risk factors for Credit Linked Securities*

*Holders are exposed to credit risk on Reference Entities*

The holders of Credit Linked Securities will be exposed to the credit risk of one or more Reference Entities, which exposure shall be, unless otherwise stated in the Conditions and the applicable Final Terms, to the full extent of their investment in such Credit Linked Securities. Upon the occurrence of any of the default events comprising a Credit Event with respect to any Reference Entity, the Holders of Securities may suffer significant losses at a time when losses may be suffered by a direct investor in obligations of such Reference Entity. However, the holding of a Credit Linked Security is unlikely to lead to outcomes which exactly reflect the impact of investing in an obligation of a Reference Entity, and losses could be considerably greater than would be suffered by a direct investor in the obligations of a Reference Entity and/or could arise for reasons unrelated to such Reference Entity. Holders should also note that a Credit Event may occur even if the obligations of a Reference Entity are unenforceable or their performance is prohibited by any applicable law or exchange controls.

Where cash settlement or auction settlement applies, the occurrence of a Credit Event in relation to any Reference Entity from time to time may result either (in the case of Notes) in a redemption in a reduced principal amount or at zero or (in the case of Certificates) in a redemption in a lower cash settlement amount than anticipated or at zero, and, (if applicable) in a reduction of the amount on which interest is calculated. Where physical settlement applies, the occurrence of a Credit Event may result in the redemption of the Credit Linked Securities based on the valuation (or by delivery) of certain direct or indirect obligations of the affected Reference Entity, which obligations are likely to have a market value which is substantially less than their par amount.

Investors in the Securities are accordingly exposed, as to principal and (if applicable) interest, in the case of Notes, and as to the cash settlement amount and/or instalment amount and/or interest (as applicable) in the case of Certificates, to the credit risk of the Reference Entity. The maximum loss to an investor in the Securities is 100 per cent. of their initial investment, together with (if applicable) any interest amounts.

*A Credit Event may occur prior to the Trade Date*

Holders of the Securities may suffer a loss of some or all of the principal amount of the Securities in respect of one or more Credit Events that occur on or after the date falling 60 days prior to the Trade Date. Neither the Calculation Agent or any of its affiliates nor the Issuer has any responsibility to avoid or mitigate the effects of a Credit Event that has taken place prior to the Trade Date (being a date specified in the Final Terms relating to any Series of Securities and being, generally, the date on which the initial investor(s) in any Series of Securities commit to purchase such Securities, and accordingly, on which the Swap Counterparty will undertake related hedging activity) or the Issue Date (being the settlement date of the Securities on which the Securities are issued and the investor pays the purchase price).

*Increased credit risk is associated with Nth-to-Default Credit Linked Securities*

Where the Credit Linked Securities are Nth-to-Default Credit Linked Securities, the Securities will be subject to redemption in full as described above upon the occurrence of a Credit Event in relation to the nth Reference Entity.

*Credit risk may be increased where Reference Entities are concentrated in a particular sector or region*

Where the Credit Linked Securities are Nth-to-Default Credit Linked Securities or Linear Basket Credit Linked Securities, the credit risk to investors in the Credit Linked Securities may be increased, amongst other things, as a result of the concentration of Reference Entities in a particular industry sector or geographic area, or the exposure of the Reference Entities to similar financial or other risks.

*Rights of the Swap Counterparty and Calculation Agent*

The Swap Counterparty will exercise its rights under the terms of the Securities and the relevant Swap Agreement, including in particular the right to designate a Credit Event and the right to select obligations of the affected Reference Entity for valuation or delivery, in the interests of itself and of its affiliates, and not in the interests of investors in the Securities. The exercise of such rights in such manner, for example by the selection of the eligible obligations of the Reference Entity having the lowest possible market value, may result in an increased credit loss for Holders of the Securities.

The determination by the Calculation Agent of any amount or of any state of affairs, circumstance, event or other matter, or the formation of any opinion or the exercise of any discretion required or permitted to be determined, formed or exercised by the Calculation Agent shall (in the absence of manifest error) be final and binding on the Holders of Securities. In performing its duties pursuant to the Securities, the Calculation Agent shall act in good faith and in a commercially reasonable manner and is not bound to follow or act in accordance with any determination of the relevant Credit Derivatives Determinations Committee. In making any determinations expressed to be made by it, for example, as to substitute Reference Obligations or Successors, the Calculation Agent is under no obligation to the Holders of Securities, and will not be liable to account for any profit or other benefit which may accrue to it as a result of such determination.

*Actions of Reference Entities may affect the value of the Securities*

Actions of Reference Entities (for example, merger or demerger or the repayment or transfer of indebtedness) may adversely affect the value of the Securities. The views of market participants and/or legal counsel may differ as to how the terms of market standard credit default swaps, and corresponding terms of the Securities and the relevant Swap Agreement, should be interpreted in the context of such actions, or such terms may operate in a manner contrary to the expectations of market participants and/or adversely to the interests of Holders of Securities. Holders of Securities should be aware that the Reference Entities to which the value of the Securities is exposed, and the terms of such exposure, may change over the term of the Securities.

*Payments in the Securities may be deferred or suspended*

In certain circumstances, for example, where a Credit Event has occurred and the related credit loss has not been determined as at the relevant date for payment, where a potential Credit Event exists as at the scheduled maturity of the Securities, or pending a resolution of a Credit Derivatives Determinations Committee, payment of the redemption amount of the Notes or the cash settlement amount of the Certificates, and/or interest on the Securities may be deferred for a material period in whole or part without compensation to the Holders of Securities.

*Suspension of Obligations will suspend payment of principal (in the case of Notes) and interest*

If the Calculation Agent determines that, under the terms of the Securities, the obligations of the parties would be suspended pending a resolution of a Credit Derivatives Determination Committee all of the obligations of the Issuer under each Security (including any obligation to deliver any notices, pay any interest, pay any principal or Final Redemption Amount (in the case of Notes) or pay any cash settlement amount (in the case of Certificates) or to make any delivery) and if so

specified in the Final Terms, all of the obligations of the Calculation Agent to calculate any interest under each Credit Linked Security shall, be and remain suspended until ISDA publicly announces that the relevant Credit Derivatives Determination Committee has resolved the matter in question or not to determine such matters. The Calculation Agent will provide notice of such suspension as soon as reasonably practicable; however, any failure or delay by the Calculation Agent in providing such notice will not affect the validity or effect of such suspension. No interest shall accrue on any payments which are suspended in accordance with the above.

*Cash settlement (whether by reference to an auction or dealer poll) may be less advantageous than physical delivery of assets*

Payments on the Securities following the occurrence of an Event Determination Date may be in cash and will reflect the value of relevant obligations of the affected Reference Entity at a given date. Such payments may be less than the recovery which would ultimately be realised by the holder of debt obligations of the affected Reference Entity, whether by means of enforcement of rights following a default or receipt of distributions following an insolvency or otherwise.

*Use of Auction Settlement may adversely affect returns to Holders of Securities*

Where the Securities are redeemed following the occurrence of a Credit Event by reference to an auction sponsored by ISDA, the Swap Counterparty and/or its affiliates may act as a participating bidder in any such Auction and, in such capacity, may take certain actions which may influence the Auction Final Price including (without limitation) submitting bids, offers and physical settlement requests with respect to the obligations of the Reference Entity. If the Swap Counterparty and/or its affiliates participate in an Auction, then they will do so without regard to the interests of Holders of Securities, and such participation may have a material adverse effect on the outcome of the relevant Auction and/or on the Securities. Holders of Securities will have no right to submit bids and/or offers in an Auction.

The Auction Final Price determined pursuant to an Auction may be less than the market value that would otherwise have been determined in respect of the specified Reference Entity or its obligations. In particular, the Auction process may be affected by technical factors or operational errors which would not otherwise apply or may be the subject of actual or attempted manipulation. Auctions may be conducted by ISDA or by a relevant third party. Neither the Calculation Agent, the Swap Counterparty, the Issuer nor any of their respective affiliates has any responsibility for verifying that any auction price is reflective of current market values, for establishing any Auction methodology or for verifying that any Auction has been conducted in accordance with its rules. Neither the Issuer nor the Swap Counterparty will have any responsibility to dispute any determination of an Auction Final Price or to verify that any Auction has been conducted in accordance with its rules.

Following an M(M)R Restructuring Credit Event in relation to which ISDA sponsors multiple concurrent auctions, but where there is no relevant auction relating to credit derivative transactions with a maturity corresponding to the Credit Linked Securities, if the Swap Counterparty exercises the right of the seller of credit risk protection under the Credit Linked Securities to elect that the Auction Final Price is determined by reference to an alternative Auction with the longest dated maturity bucket (hence resulting in a lower recovery value), the Auction Final Price so determined may be lower than the amount which would have been determined based on quotations sought from third party dealers, thereby reducing the amount payable to Holders of Securities.

*Use of Cash Settlement may adversely affect returns to Holders of Securities*

If the Securities are cash settled, then, following the occurrence of a Credit Event, the Calculation Agent will be required to seek quotations in respect of selected obligations of the affected Reference Entity. Quotations obtained will be "bid-side" - that is, they will be reduced to take account of a bid-offer spread charged by the relevant dealer. Such quotations may not be available, or the level of such quotations may be substantially reduced as a result of illiquidity in the relevant

markets or as a result of factors other than the credit risk of the affected Reference Entity (for example, liquidity constraints affecting market dealers). Accordingly, any quotations so obtained may be significantly lower than the value of the relevant obligation which would be determined by reference to (for example) the present value of related cashflows. Quotations will be deemed to be zero in the event that no such quotations are available.

*"Cheapest-to-Deliver" risk*

Since the Swap Counterparty, as buyer of protection has discretion to choose the portfolio of obligations and/or assets to be valued or delivered following a Credit Event in respect of a Reference Entity, it is likely that the portfolio of obligations and/or assets selected will be obligations of the Reference Entity and/or assets with the lowest market value that are permitted to be selected pursuant to the terms of the Securities. This could result in a lower recovery value and hence greater losses for investors in the Notes or Certificates.

*Asset Package Delivery risks*

The 2014 Definitions introduced the concept of asset package delivery. In certain circumstances where (a) "Financial Reference Entity Terms" and "Governmental Intervention" applies in respect of a Reference Entity and (i) there is a Governmental Intervention Credit Event; or (ii) a Restructuring Credit Event in respect of the Reference Obligation where such Restructuring does not constitute a Governmental Intervention or (b) a Restructuring Credit Event in respect of a Sovereign, then a related asset package resulting from a prior deliverable obligation (where "Financial Reference Entity Terms" apply) or package observable bond (where the Reference Entity is a sovereign) may also be deliverable. The asset package would be treated as having the same outstanding principal as the corresponding prior deliverable obligation or package observable bond.

If the resulting asset package is deemed to be zero where there are no resulting assets, the related credit loss will be 100 per cent. notwithstanding the recovery value on any other obligations of the Reference Entity.

The risk factors *"Use of Auction Settlement may adversely affect returns to holders of Securities"* and *"Cheapest-to-Deliver" risk* above would apply to any asset or asset package.

If an asset in the asset package is a non-transferable instrument or non-financial instrument, the value of such asset will be the market value determined by reference to a specialist valuation or in accordance with methodology determined by the Credit Derivatives Determinations Committees. See *"Conflicts of Interest - Credit Derivatives Determinations Committees"* and *"Rights associated with Credit Derivatives Determinations Committees"* for risk factors relating to valuation in accordance with CDDC methodology.

*Increased risks where "Zero Recovery" is applicable*

Where "Zero Recovery" is applicable, if a Credit Event occurs in respect of a Reference Entity, investors will automatically lose an amount in principal or notional amount of the Credit Linked Security equal to the portion of the Credit Linked Security which is allocated to the credit risk of the affected Reference Entity. Investors should note that, in such circumstances, the Auction Final Price, Weighted Average Final Price or Final Price (which would otherwise apply in the absence of "Zero Recovery") or the recovery on any investments in bonds or other instruments issued by such Reference Entity will be higher (and may be significantly higher) than the zero recovery value ascribed to such Reference Entity under the Credit Linked Securities. Furthermore, the market value of the Credit Linked Securities may not reflect the market value of a credit default swap on the Reference Entity or any other products linked to or issued by the Reference Entity which may be significantly higher.

*The Issuer and the Swap Counterparty are not obliged to disclose information on Reference Entities*

Neither the Swap Counterparty nor the Issuer is obliged to disclose to Holders of Securities any information which it may have at the Issue Date of the Securities or receive thereafter in relation any Reference Entity.

*Compounding of risks*

Risks relating to the Securities may be correlated or compounded and such correlation and/or compounding may result in increased volatility in the value of the Securities and/or in increased losses for Holders of Securities.

*No need for loss*

Where the Securities are Single Reference Entity Credit Linked Securities, Nth-to-Default Credit Linked Securities or Linear Basket Credit Linked Securities, credit losses will be calculated for the purposes of the Securities and the relevant Swap Agreement irrespective of whether the Swap Counterparty or its affiliates or the Issuer has suffered an actual loss in relation to the Reference Entity or any obligations thereof. Neither the Swap Counterparty nor the Issuer is obliged to account for any recovery which it may subsequently make in relation to such Reference Entity or its obligations.

*No interest in obligations of Reference Entities*

The Securities and the relevant Swap Agreement do not constitute an acquisition by the Holders of Securities of any interest in any obligation of a Reference Entity and the Holders of Securities will not have any voting or other rights in relation to such obligation. Neither the Swap Counterparty nor the Issuer grants any security interest over any such obligation.

*Absence of benchmarks for valuation*

In determining the value of the Securities, dealers may take into account the level of a related credit index in addition to or as an alternative to other sources of pricing data. If any relevant index ceases to be liquid, or ceases to be published in its entirety, then the value of the Securities may be adversely affected.

*Historical performance may not predict future performance*

Individual credits may not perform as indicated by the historical performance of similar credits. Even if future performance is similar to that of historic performance for the entire market, each prospective purchaser of Securities must make its own determination as to whether the performance of the Securities will reflect such experience. Historical default statistics may not capture events that would constitute Credit Events for the purposes of the Securities and the relevant Swap Agreement.

*Limited provision of information about the Reference Entities*

This Base Prospectus does not provide any information with respect to the Reference Entities. Investors should conduct their own investigation and analysis with respect to the creditworthiness of Reference Entities and the likelihood of the occurrence of a Succession Event or Credit Event.

Reference Entities may not be subject to regular reporting requirements under United Kingdom securities laws. The Reference Entities may report information in accordance with different disclosure and accounting standards. Consequently, the information available for such Reference Entities may be different from, and in some cases less than, the information available for entities that are subject to the reporting requirements under United Kingdom securities laws. None of the Issuer, the Swap Counterparty, the Calculation Agent, any Guarantor (if applicable) or any of their

respective affiliates makes any representation as to the accuracy or completeness of any information available with respect to the Reference Entities.

None of the Issuer, the Swap Counterparty, or the Calculation Agent, any Guarantor (if applicable) or any of their respective affiliates will have any obligation to keep investors informed as to any matters with respect to the Reference Entities or any of their obligations, including whether or not circumstances exist that give rise to the possibility of the occurrence of a Credit Event or a Succession Event with respect to the Reference Entities.

Prospective investors should note that in certain circumstances, there may be no requirement for the Issuer to give information which is generally publicly available in relation to the occurrence of a Credit Event. If a Credit Event occurs in respect of an obligation of a Reference Entity which is not public, Holders of the Securities may not be able to verify the occurrence of such Credit Event.

#### *Conflicts of Interest – Credit Derivatives Determinations Committees*

The Swap Counterparty or any of its affiliates may act as a member of a Credit Derivatives Determinations Committee. In such case, the interests of the Swap Counterparty or its affiliates may be opposed to the interests of Holders of Securities and they will be entitled to and will act without regard to the interests of Holders of Securities.

#### *Rights associated with Credit Derivatives Determinations Committees*

The institutions which are members of each Credit Derivatives Determinations Committee owe no duty to the Holders of Securities and have the ability to make determinations that may materially affect the Holders of Securities, such as the occurrence of a Credit Event or a Succession Event. A Credit Derivatives Determinations Committee will be able to make determinations without action or knowledge of the Holders of Securities.

Holders of Securities will have no role in the composition of any Credit Derivatives Determinations Committee. Separate criteria apply with respect to the selection of dealer and non-dealer institutions to serve on a Credit Derivatives Determinations Committee and the Holders of Securities will have no role in establishing such criteria. In addition, the composition of a Credit Derivatives Determinations Committee will change from time to time in accordance with the Rules, as the term of an institution may expire or an institution may be required to be replaced. The Holders of Securities will have no control over the process of selecting institutions to participate on the Credit Derivatives Determinations Committee and, to the extent provided for in the Securities will be subject to the determinations made by such selected institutions in accordance with the Rules.

Holders of Securities will have no recourse against either the institutions serving on a Credit Derivatives Determinations Committee or the external reviewers. Institutions serving on a Credit Derivatives Determinations Committee and the external reviewers, among others, disclaim any duty of care or liability arising in connection with the performance of duties or the provision of advice under the Rules, except in the case of gross negligence, fraud or wilful misconduct. Furthermore, the institutions on a Credit Derivatives Determinations Committee do not owe any duty to the Holders of Securities and the Holders of Securities will be prevented from pursuing claims with respect to actions taken by such institutions under the Rules.

Holders of Securities should also be aware that institutions serving on a Credit Derivatives Determinations Committee have no duty to research or verify the veracity of information on which a specific determination is based. In addition, a Credit Derivatives Determinations Committee is not obliged to follow previous determinations and, therefore, could reach a conflicting determination on a similar set of facts. If the Swap Counterparty or the Calculation Agent or any of their respective affiliates serve as a member of a Credit Derivatives Determinations Committee at any time, then they will act without regard to the interests of the Holders of Securities.

Holders of Securities are responsible for obtaining information relating to deliberations of a Credit Derivatives Determinations Committee. Notices of questions referred to the Credit Derivatives Determinations Committee, meetings held to deliberate such questions and the results of binding votes will be published on the ISDA website and neither the Issuer nor the Calculation Agent or any of its affiliates shall be obliged to inform the Holders of Securities of such information (other than as expressly provided in respect of the Securities). Failure by the Holders of Securities to be aware of information relating to deliberations of a Credit Derivatives Determinations Committee will have no effect under the Securities and Holders of Securities are solely responsible for obtaining any such information.

Investors should read the Credit Derivatives Determinations Committees Rules as amended from time to time as set out on the ISDA website, <http://www.isda.org/credit/revisedcrules.html> and reach their own views prior to making any investment decisions. Investors should however note that the Rules may subsequently be amended from time to time without the consent or input of the Noteholders and the powers of the Credit Derivatives Determinations Committee may be expanded or modified as a result.

*Multiple Auctions Following Restructuring Credit Event*

Where multiple concurrent Auctions are held following a Restructuring Credit Event, the Issuer may be entitled to select a particular Auction for the purposes of settlement of the Securities. The Issuer will make such election acting in its own interests and not in the interests of the Holders of Securities.

*Non-delivery of Deliverable Obligations and Hedge Disruption Event – will not constitute an Event of Default*

Where Physical Settlement is the applicable Settlement Method, if as a result of a Hedge Disruption Event, the Issuer or the Swap Counterparty and/or any of their affiliates have not received the Deliverable Obligations and/or cash under the terms of a Hedge Transaction, such event will not constitute an Event of Default for the purposes of the Securities. In such circumstances settlement of the Securities may be substantially delayed and/or may be in cash (in whole or in part).

*The Calculation Agent may modify the terms of the Securities*

The Calculation Agent may, following its determination that there has been a change in the prevailing market standard terms or market trading conventions that affects any hedging transaction, modify the terms of the Securities to the extent reasonably necessary to ensure consistency with the prevailing market standard terms or market trading conventions, without the consent of Holders of Securities or prior notice to Holders of Securities. The Calculation Agent is not obliged to make any such modifications. If the Calculation Agent modifies the terms of the Securities, it will do so without regard to the interests of the holders of the Securities and any such modification may be prejudicial to the interests of the holder of the Securities.

The Calculation Agent may make such modifications as may be necessary to ensure consistency with any successor provisions which are published by ISDA for the purposes of credit derivatives transactions generally (including with respect to transactions which are entered into prior to the relevant date of publication and which are outstanding as of that date) and/or may apply and rely on determinations of the Credit Derivatives Determinations Committee made in respect of a relevant Reference Entity under any such Successor Provisions notwithstanding any discrepancy between the terms of such provisions and Annex 10 (*Additional Terms and Conditions for Credit Linked Securities*).

*Risks relating to ETI Linked Securities*

ETI Securities linked to one or more interest in exchange traded instruments reflect the performance of such interest in exchange traded instruments.

An exchange traded instrument may invest in and trade in a variety of investments and financial instruments using sophisticated investment techniques for hedging and non-hedging purposes. Such financial instruments and investment techniques may include, but are not limited to, the use of leverage, short sales of securities, derivative transactions, such as swaps, stock options, index options, futures contracts and options on futures, lending of securities to certain financial institutions, entry into repurchase and reverse repurchase agreements for securities and the investment in foreign securities and foreign currencies.

An investment in ETI Linked Securities will entail significant risks not associated with an investment in a conventional debt security. The amount payable on ETI Linked Securities will be dependent on the performance of the relevant exchange traded instruments underlying the ETI Linked Securities, which may be linked to the reported NAV per ETI Interest, the trading price available on an exchange for the relevant ETI Interest and/or the actual redemption proceeds the Hedge Provider or a hypothetical investor in the relevant exchange traded instruments would receive. The amount payable on the ETI Linked Securities may be less and in certain circumstances may be significantly less than the return from a direct investment in the relevant exchange traded instruments and may be zero. Accordingly, an investment in ETI Linked Securities may bear similar market risks to a direct exchange traded instrument investment, and investors should take advice accordingly.

Whilst interests in exchange traded instruments are traded on an exchange and are therefore valued in a similar manner as a share traded on an exchange, certain provisions related to ETI Linked Securities are similar to the provisions related to funds and Fund Linked Securities. However, unlike funds, exchange traded instruments are not actively managed. The value of an interest in an exchange traded instrument will decline, more or less, in line with the decline of any securities or the value of any index underlying or linked to the relevant exchange traded instrument. Exchange traded instruments involve risks similar to those of investing in any equity securities traded on an exchange, such as market fluctuations caused by, amongst other things, economic and political developments, changes in interest rates and perceived trends in prices of securities. Where the relevant exchange traded instrument is linked to a particular index, the return on such exchange traded instrument may not match the return of the particular index.

In the case of ETI Linked Securities, no issuer of the relevant exchange traded instrument will have participated in the preparation of the relevant Final Terms or in establishing the terms of the Securities, and none of the Issuer, the Guarantor (if any), the Swap Counterparty, the Trustee or the Calculation Agent will make any investigation or enquiry in connection with such offering with respect to any information concerning any such exchange traded instrument contained in such Final Terms or in the documents from which such information was extracted. Consequently, there can be no assurance that all events occurring prior to the relevant issue date (including events that would affect the accuracy or completeness of the publicly available information described in this paragraph or in any relevant Final Terms) that would affect the trading price of the interests in the exchange traded instrument will have been publicly disclosed. Subsequent disclosure of any such events or the disclosure of or failure to disclose material future events concerning such an exchange traded instrument could affect the trading price of interests in the exchange traded instruments and therefore the trading price of the Securities. ETI Linked Securities do not provide Holders of Securities with any participation rights in the underlying exchange traded instruments and, except in certain circumstances in the case of Physical Delivery Securities, do not entitle holders of ETI Linked Securities to any ownership interest or rights in such exchange traded instruments.

In hedging its obligations under any Swap Agreement relating to ETI Linked Securities, the Hedge Provider is not restricted to any particular hedging practice. Accordingly, the Hedge Provider may hedge its exposure using any method it, in its sole discretion, deems appropriate, including, but not limited to, investing in the relevant exchange traded instrument(s), replicating the performance of the relevant exchange traded instrument(s) or holding any of the assets underlying the relevant exchange traded instrument(s). The Hedge Provider may perform any number of different hedging practices with respect to ETI Linked Securities.

Investing directly or indirectly in interests in exchange traded instruments is generally considered to be risky. If the exchange traded instrument does not perform sufficiently well, the value of the Securities will fall, and may in certain circumstances be zero.

Prospective investors should review carefully the prospectus, information memorandum and/or offering circular (if any) issued by any relevant exchange traded instrument before purchasing any ETI Linked Securities. None of the Issuer, the Guarantor (if any), the Calculation Agent or any of their respective affiliates make any representation as to the creditworthiness of any relevant exchange traded instrument or any such exchange traded instrument's administrative, custodian, investment manager or adviser.

Before selling ETI Linked Securities, Holders of Securities should carefully consider, among other things, (a) the trading price of the ETI Linked Securities, (b) the value and volatility of the Underlying Reference as specified in the applicable Final Terms, (c) the time remaining to expiration or redemption, as the case may be, (d) the probable range of Cash Settlement Amounts, (e) any change(s) in interim interest rates and dividend yields, if applicable, (f) any change(s) in currency exchange rates, (g) the depth of the market or liquidity of the Underlying Reference as specified in the applicable Final Terms and (h) any related transaction costs.

Except as provided in the Conditions, Holders of Securities will not have voting rights to receive dividends or distributions or any other rights with respect to the relevant exchange traded instruments to which such Securities relate.

#### *Potential Adjustment Events relating to ETI Securities*

In the case of ETI Linked Securities following the declaration by the relevant exchange traded instruments or any person appointed to provide services directly or indirectly in respect of such exchange traded instrument, as the case may be, of the terms of any Potential Adjustment Event, the Calculation Agent will, in good faith and in a commercially reasonable manner, determine whether such Potential Adjustment Event has a diluting or concentrative effect on the theoretical value of the ETI Interests and, if so, will make the corresponding adjustment, if any, to the terms of the Securities and/or the applicable Final Terms as the Calculation Agent acting in good faith and in a commercially reasonable manner determines appropriate to account for that diluting or concentrative effect (provided that no adjustments will be made to account solely for changes in volatility, expected dividends, stock loan rate or liquidity relative to the relevant ETI Interest).

Any such adjustment may have an adverse effect on the value and liquidity of such Securities.

#### *Extraordinary Events relating to ETI Securities*

In the case of ETI Linked Securities if certain events ("**Extraordinary ETI Events**") including events relating to Global Events, Litigation/Fraudulent Activity Events, Change in Related Parties/Key Persons Events, Modification Events, Net Asset Value/Investment/AUM Level Events, Tax/Law/Accounting/Regulatory Events, Hedging/Impracticality/Increased Costs Events and Miscellaneous Events in the determination of the Calculation Agent (acting in good faith and in a commercially reasonable manner) occur, the relevant Issuer may, acting in good faith and in a commercially reasonable manner, adjust the terms of the Securities to reflect such event, substitute the relevant ETI Interests or redeem the Securities.

Consequently the occurrence of an Extraordinary ETI Event may have an adverse effect on the value or liquidity of the Securities.

The Calculation Agent will exercise its rights under the ETI Linked Conditions, including in particular the action it takes on the occurrence of an Extraordinary Fund Event, acting in good faith. Subject to all regulatory obligations, none of the Issuer, the Guarantor or the Calculation Agent owes any duty or responsibility to any of the holders of the ETI Linked Securities. The exercise of such rights in such manner may result in an increased loss in performance of the ETI Linked Securities than if the Issuer or Calculation Agent had taken different action.

*Additional Disruption Events and Optional Additional Disruption Events*

If an Additional Disruption Event or any Optional Additional Disruption Event specified in the applicable Final Terms occurs (other than in respect of a Failure to Deliver due to Illiquidity), the Securities may be subject to adjustment (including, in the case of Share Linked Securities linked to a Basket of Shares, adjustments to the Basket of Shares), cancellation (in the case of Warrants) or early redemption (in the case of Notes and Certificates) or the amount payable on scheduled redemption (in the case of Notes and Certificates) may be different from the amount expected to be paid at scheduled redemption. In the case if Index Linked Securities linked to a Custom Index, the occurrence of an Additional Disruption Event or Optional Redemption Event specified in the applicable Final Terms may lead to the selection of a successor Index.

The Additional Disruption Events relate to changes in law (including changes in tax or regulatory capital requirements) and hedging disruptions in respect of any hedging transactions relating to the Securities (both as more fully set out in the Conditions).

If a Failure to Deliver due to Illiquidity Optional Additional Disruption Event occurs:

- (A) subject as provided in the Conditions, any Relevant Assets which are not Affected Relevant Assets, will be delivered on the originally designated Expiration Date or Exercise Date (in the case of Warrants), Maturity Date (in the case of Notes) or Redemption Date (in the case of Certificates); and
- (B) in respect of any Affected Relevant Assets, in lieu of physical settlement, the Issuer may elect to satisfy its obligations in respect of the relevant Security by payment to the relevant Holder of Securities of the Failure to Deliver Settlement Price on the fifth Business Day following the date that notice of such election is given to the Holders in accordance with the relevant Conditions. Payment of the Failure to Deliver Settlement Price will be made in such manner as shall be notified to the Holders.

Consequently, the occurrence of an Additional Disruption Event and/or an Optional Additional Disruption Event may have an adverse effect on the value or liquidity of the Securities.

*Market Disruption Events or failure to open of an Exchange*

If an issue of Underlying Reference Linked Securities includes provisions dealing with the occurrence of a Market Disruption Event or failure to open of an exchange on a date for valuation of an Underlying Reference and the Calculation Agent determines that a Market Disruption Event or failure to open of an exchange has occurred or exists on such valuation date, any consequential postponement of the valuation date or any alternative provisions for valuation provided in any such Securities may have an adverse effect on the value and liquidity of such Securities. The timing of such dates (as scheduled or as so postponed or adjusted) may affect the value of the relevant Securities such that the relevant Holder of Securities may receive, in the case of Notes and Certificates, a lower cash redemption or settlement amount and/or interest amount or other payment under the relevant Notes or Certificates, or, in the case of Warrants, a lower settlement amount or Entitlement or other payment under the relevant Warrants, than otherwise would have been the case. The occurrence of such a Market Disruption Event or failure to open of an exchange

in relation to any Underlying Reference comprising a basket may also have such an adverse effect on Securities related to such basket. In addition, any such consequential postponement may result in the postponement of the date of redemption of the Securities.

*Index Adjustment Events*

In the case of Index Securities, if a relevant Index is (i) not calculated and announced by the Index Sponsor in respect of the Index but is calculated and announced by a successor sponsor or successor entity, as the case may be, acceptable to the Calculation Agent, or (ii) replaced by a successor index using, in the determination of the Calculation Agent, the same or a substantially similar formula for and method of calculation as used in the calculation of that Index, then, in each case, that index will be deemed to be the Index.

The occurrence of an Index Modification, an Index Cancellation or an Index Disruption (each being an "**Index Adjustment Event**") may lead to (i) changes in the calculation of the relevant value or price (if the Calculation Agent determines such Index Adjustment Event has a material effect on the Securities), (ii) early redemption of the Securities or (iii) the amount payable on scheduled redemption of the Securities being different from the amount expected to be paid at scheduled redemption.

*Potential Adjustment Events relating to Share Linked Securities*

In the case of Share Linked Securities following the declaration by the Basket Company or Share Company, as the case may be, of the terms of any Potential Adjustment Event, the Calculation Agent will, in good faith and in a commercially reasonable manner, determine whether such Potential Adjustment Event has a diluting or concentrative effect on the theoretical value of the Shares and, if so, will make the corresponding adjustment, if any, to the terms of the Conditions of the Securities as the Calculation Agent acting in good faith and in a commercially reasonable manner determines appropriate to account for that diluting or concentrative effect (provided that no adjustments will be made to account solely for changes in volatility, expected dividends, stock loan rate or liquidity relative to the relevant Share). Such adjustment may have an adverse effect on the value and liquidity of the affected Share Linked Securities. The Calculation Agent may, but need not, determine the appropriate adjustment by reference to the adjustment in respect of such Potential Adjustment Event made by an options exchange to options on the Share Interest traded on that exchange.

*Extraordinary Events relating to Share Linked Securities*

In the case of Share Linked Securities the occurrence of an Extraordinary Event (as defined in the Share Linked Conditions) in relation to a Share, may lead to:

- (i) adjustments to any of the terms of the Securities (including, in the case of Share Linked Securities linked to a Basket of Shares, adjustments to and/or substitution of constituent shares to the Basket of Shares);
- (ii) in the case of Warrants, early cancellation in whole or, in the case of Share Linked Securities relating to a Basket of Sharers, in part;
- (iii) in the case of Notes and Certificates, early redemption in whole or, in the case of Share Linked Securities relating to a Basket of Shares, in part or the amount payable on scheduled redemption being different from the amount expected to be paid at scheduled redemption;
- (iv) the Calculation Agent making an adjustment to any terms of the Securities which corresponds to any adjustment to the settlement terms of options on the Shares traded on such exchanges(s) or quotation system(s)) as the Calculation Agent in good faith and in a commercially reasonable manner shall select (the "**Option Exchange**") or, if options on the Shares are not traded on the Options Exchange, the Calculation Agent making such

adjustment, if any, to any terms of the Securities as the Calculation Agent acting in good faith and in a commercially reasonable manner determines appropriate, with reference to the rules and precedents (if any) set by the Options Exchange to account for the relevant Extraordinary Event that in the determination of the Calculation Agent would have given rise to an adjustment by the Options Exchange if such options were so traded.

Following such redemption an investor generally would not be able to reinvest the relevant proceeds at an effective interest rate as high as the effective return on the relevant Securities being cancelled or redeemed and may only be able to do so at a significantly lower rate, and potential investors should consider reinvestment risk in light of other investments available at that time. Consequently the occurrence of an Extraordinary Event in relation to a Share may have an adverse effect on the value or liquidity of the Securities.

*The occurrence of a FX Settlement Disruption Event may lead to postponement or payment in an alternative currency*

If "FX Settlement Disruption" applies to the Securities, and the Calculation Agent determines on the second Business Day prior to the relevant due date for payment (the "**FX Disrupted Payment Date**") that a FX Settlement Disruption Event has occurred and is subsisting, investors should be aware that payments of principal and/or interest (if applicable) may (i) occur at a different time than expected and that no additional amount of interest or premium amount will be payable in respect of any delay in payment of principal and/or interest or premium amount and (ii) be made in USD (the "**FX Settlement Disruption Currency**"). In certain circumstances, the rate of exchange used to convert the Specified Currency and/or Settlement Currency into the FX Settlement Disruption Currency, may not be the market rate of exchange for such currencies, and in some cases, may be determined by the Calculation Agent acting in good faith and in a commercially reasonable manner.

*Option to Vary Settlement*

If so indicated in the Final Terms, the Issuer may, in its sole and absolute discretion, elect to vary the settlement of the Securities, by (i) in the case of cash settled securities, delivering or procuring delivery of the Entitlement instead of making payment of the Final Redemption Amount or the Cash Settlement Amount, as applicable, to the relevant Holders or (ii) in the case of physical delivery securities, making payment of the Final Redemption Amount or the Cash Settlement Amount, as applicable, to the relevant Holders of Securities instead of delivering or procuring delivery of the Entitlement.

*Maturity Date Extension and Settlement Date Extension*

If "Maturity Date Extension" (in the case of Notes) or "Settlement Date Extension" (in the case of Warrants) or "Redemption Date Extension" (in the case of Certificates) is specified as applicable, where the Issuer has not received in full the amount it is scheduled to receive in respect of any of the Charged Assets relating to the relevant Securities (such assets the "**Non-Performing Assets**") on or prior to the Early Redemption Date or the Maturity Date (in the case of Notes) or the Early Termination Date or the Settlement Date (in the case of Warrants), or the Early Redemption Date or the Cash Settlement Date or Delivery Date, as the case may be, (in the case of Certificates), as the case may be, redemption in full of the Notes or Certificates, or settlement in full of the Warrants, as the case may be, will be postponed until the date specified in the applicable Final Terms as the "Extended Maturity Date" (in the case of Notes) or "Extended Settlement Date" (in the case of Warrants) or "Extended Redemption Date" in the case of Certificates. Such Extended Maturity Date, Extended Settlement Date, or Extended Redemption Date, as the case may be, may, depending on the terms of the relevant Securities, be a considerable period of time after the date on which the Issuer was due to redeem the Notes or Certificates, or settle the Warrants, as the case may be. The Issuer will in the period to, and including, the Extended Maturity Date or Extended Settlement Date or Extended Redemption Date, as the case may be, pay over any amounts it receives in such period in respect of the relevant Charged Assets to the Holders of Securities (to

the extent amounts are due to the Holders of Securities) and shall appoint an agent to assist it in recovering amounts due in respect of the relevant Charged Asset or, where applicable and when requested to do so by the Calculation Agent, the Issuer may sell the Charged Assets (or its rights in connection therewith). There is no guarantee, notwithstanding the postponement of the redemption of the Notes or Certificates or settlement of the Warrants, as the case may be, in full, that any further sums will be recovered in respect of the Charged Assets and that the Holders of Securities would receive any greater amount than if the Notes had been redeemed in full on the Early Redemption Date or the Maturity Date or the Warrants had been settled in full on the Early Termination Date or the Settlement Date or the Certificates had been redeemed in full on the Early Redemption Date or the Redemption Date, as the case may be.

## **Interest**

### *Interest linked to an Underlying Reference*

Interest payable on Linked Interest Securities may be determined by reference to an Underlying Reference or combinations of a number of different Underlying References. Potential investors should be aware that:

- (A) the market price of such Securities may be volatile;
- (B) they may receive no interest;
- (C) payment of interest may occur at a different time or in a different currency than expected;
- (D) an Underlying Reference may be subject to significant fluctuations that may not correlate with changes in interest rates, currencies or other indices;
- (E) if an Underlying Reference is applied to Securities in conjunction with a weighting greater than one or contains some other leverage factor, the effect of changes in the Underlying Reference on interest payable will be magnified;
- (F) the timing of changes in an Underlying Reference may affect the actual yield to investors, even if the average level is consistent with their expectations (in general, the earlier the change in the Underlying Reference, the greater the effect on yield); and
- (G) interest may only be payable and/or calculated in respect of certain specified days and/or periods on or during which the Underlying Reference or its value equals, exceeds and/or is less than certain specified thresholds.

## **Additional Factors relating to certain Underlying References**

### *Certain considerations associated with Securities linked to Emerging Markets Underlying References*

The Issuer may issue Securities where the amount payable on redemption or settlement (as the case may be) or the interest payable (in the case of Notes and Certificates) and/or the instalment amount payable (in the case of Certificates) is linked to Underlying References which consist of (i) securities, funds or indices comprising securities of issuers that are located in, or subject to regulation in, emerging or developing countries, or (ii) securities which are denominated in the currency of, or are traded in, emerging or developing countries or (iii) currencies of emerging or developing countries. Prospective investors should note that additional risks may be associated with investment in such Securities, including risks associated with political and economic uncertainty, adverse governmental policies, restrictions on foreign investment and currency convertibility, currency exchange rate fluctuations, possible lower levels of disclosure and regulation, and uncertainties as to the status, interpretation and application of laws including, but not limited to, those relating to expropriation, nationalisation and confiscation. Securities traded in

emerging or developing countries tend to be less liquid and the prices of such securities more volatile. In addition, settlement of trades in some such markets may be slower and more subject to failure than in markets in developed countries.

Increased custodian costs as well as administrative difficulties (such as the applicability of the laws of the jurisdictions of emerging or developing countries to custodians in such jurisdictions in various circumstances, including bankruptcy, ability to recover lost assets, expropriation, nationalisation and record access) may also arise from the maintenance of assets in such emerging or developing countries.

Prospective purchasers of such Securities should also be aware that the probability of the occurrence of a disruption event and consequently loss of investment or profit by an investor may be higher for certain developing or emerging markets. Prospective purchasers are expected to conduct their own enquiries and be satisfied that there are additional risks associated with investments linked to the performance of underlying assets located in these markets.

#### *Certain considerations associated with Dynamic Securities*

The Issuer may issue dynamic Securities ("**Dynamic Securities**"). Dynamic Securities may be linked to a portfolio or strategy often comprising assets with a greater potential for return and consequently greater risk (for example, a hedge fund) and assets with a lower return and consequently lesser risk (for example, a zero coupon debt security issued by an issuer with a high credit rating). The portfolio or strategy of the Underlying Reference may include leverage or the taking of short positions on certain specified terms. The portfolio or strategy of the Underlying Reference is dynamic and may rebalance between the relevant assets based upon a specified allocation methodology. The value of Dynamic Securities is determined by reference to the underlying portfolio or strategy of the Underlying Reference at different times. This portfolio or strategy of the Underlying Reference may change during the term of the Securities; such changes or the timing thereof may affect the value of, and any return on, the Securities.

Considering the above aspects, Dynamic Securities are by their nature intrinsically complex, which makes their evaluation difficult, in terms of risk at the time of the purchase as well as thereafter. Investors should therefore purchase Dynamic Securities only after having completely understood and evaluated either themselves or with a financial adviser the nature and the risk inherent in the Dynamic Securities.

#### *Limited exposure to Underlying Reference*

If the applicable Final Terms provide that the exposure of any Underlying Reference Linked Securities to one or more Underlying References is limited or capped to a certain level or amount, such Securities will not benefit from any upside in the value of any such Underlying References beyond such limit or cap.

#### *Physical Delivery Securities*

In the case of Securities which are redeemable or settled (as the case may be) by delivery of assets (other than Credit Linked Securities), if a Settlement Disruption Event occurs or exists on the due date for redemption or settlement of the Securities (as the case may be), settlement will be postponed until the next Settlement Business Day in respect of which there is no Settlement Disruption Event. The Issuer in these circumstances also has the right to pay the Disruption Cash Redemption Amount (in the case of Notes and Certificates) or the Disruption Cash Settlement Price (in the case of Warrants) in lieu of delivering the Entitlement.

If a Failure to Deliver due to Illiquidity occurs the Issuer has the right in lieu of delivery of the assets affected by such event to pay the Failure to Deliver Redemption Amount or Failure to Deliver Cash Settlement Price (as applicable). The Disruption Cash Redemption Amount and/or

the Failure to Deliver Redemption Amount and/or Disruption Cash Settlement Price (as the case may be) may be less than the fair market value of the Entitlement.

Commodity Linked Notes and Commodity Linked Certificates may not be redeemed by delivery of assets.

G. Specific Risks relating to Notes

*Taxation*

Potential purchasers and sellers of Securities should be aware that they may be required to pay stamp taxes or other documentary charges in accordance with the laws and practices of the country where the Securities are transferred and/or any asset(s) are delivered.

*Notes where denominations involve integral multiples: Definitive Bearer Notes*

In relation to any issue of Bearer Notes which have denominations consisting of a minimum Specified Denomination plus one or more higher integral multiples of another smaller amount, it is possible that such Bearer Notes may be traded in amounts that are not integral multiples of such minimum Specified Denomination. In such a case a holder who, as a result of trading such amounts, holds an amount which is less than the minimum Specified Denomination in his account with the relevant clearing system would not be able to sell the remainder of such holding without first purchasing a principal amount of Notes at or in excess of the minimum Specified Denomination such that is holding amounts to a Specified Denomination. Further, a holder who, as a result of trading such amounts, holds an amount which is less than the minimum Specified Denomination in his account with the relevant clearing system at the relevant time (i) may not be able to transfer such Securities and (ii) may not receive a Definitive Bearer Note in respect of such holding (should Definitive Bearer Notes be printed) and would need to purchase a principal amount of Bearer Notes at or in excess of the minimum Specified Denomination such that its holding amounts to the Specified Denomination or an integral multiple thereof.

If Definitive Bearer Notes are issued, holders should be aware that Definitive Bearer Notes which have a denomination that is not an integral multiple of the minimum Specified Denomination may be illiquid and difficult to trade.

*No gross-up upon the application of withholding tax*

The Notes will not have the benefit of a gross-up provision in respect of withholding taxes. Neither the Issuer, nor, as applicable, the Guarantor, is obliged to gross-up any payments in respect of the Notes and shall not be liable for or otherwise obliged to pay any tax, duty, withholding or other payment which may arise as a result of the ownership, transfer, presentation and surrender for payment, or enforcement of any Note and all payments made by the Issuer, or as applicable, the Guarantor, shall be made subject to any such tax, duty, withholding or other payment which may be required to be made, paid, withheld or deducted. Noteholders therefore will bear the risk of the imposition of any deduction or withholding with respect to payments made under the Notes.

*Variable rate Notes with a multiplier or other leverage factor*

Notes with variable interest rates can be volatile investments. If they are structured to include multipliers or other leverage factors, or caps or floors, or any combination of those features or other similar related features, their market values may be even more volatile than those for securities that do not include those features.

*Inverse Floating Rate Notes*

Inverse Floating Rate Notes have an interest rate equal to a fixed rate minus a rate based upon a reference rate such as LIBOR. The market values of those Notes typically are more volatile than market values of other conventional floating rate debt securities based on the same reference rate

(and with otherwise comparable terms). Inverse Floating Rate Notes are more volatile because an increase in the reference rate not only decreases the interest rate of the Notes but may also reflect an increase in prevailing interest rates, which further adversely affects the market value of these Notes.

#### *Fixed/Floating Rate Notes*

Fixed/Floating Rate Notes may bear interest at a rate that converts from a fixed rate to a floating rate or from a floating rate to a fixed rate. Where the Issuer has the right to effect such a conversion, this will affect the secondary market and the market value of the Notes since the Issuer or the Swap Counterparty may be expected to convert the rate when it is likely to produce a lower overall cost of borrowing. If the Issuer converts from a fixed rate to a floating rate in such circumstances, the spread on the Fixed/Floating Rate Notes may be less favourable than the then prevailing spreads on comparable Floating Rate Notes tied to the same reference rate. In addition, the new floating rate at any time may be lower than the rates on other Notes. If the Issuer converts from a floating rate to a fixed rate in such circumstances, the fixed rate may be lower than the then prevailing rates on its Notes.

#### *Notes issued at a substantial discount or premium*

The market values of securities issued at a substantial discount or premium from their principal amount tend to fluctuate more in relation to general changes in interest rates than do prices for conventional interest-bearing securities. Generally, the longer the remaining term of the securities, the greater the price volatility as compared to conventional interest-bearing securities with comparable maturities.

#### *Dual Currency Notes*

The Issuers may issue Notes with principal and/or interest payable in a currency which may be different from the currency in which the Notes are denominated ("**Dual Currency Notes**"). In addition to the risk factors that may apply to Notes and to Notes linked to an Underlying Reference in general, potential investors should be aware that in relation to Dual Currency Notes:

- (i) the market price of such Notes may be volatile;
- (ii) they may receive no interest;
- (iii) payment of principal and interest (if applicable) may occur at a different time or in a different currency than expected;
- (iv) in certain circumstances, Noteholders may need to specify additional information to receive a relevant currency (including an account in which they can receive amounts in the relevant currency) and payments of the relevant currency by the Issuer may be delayed, or in certain circumstances, the Issuer may be discharged from its payment obligations in respect of the Notes in the event that the Noteholders fail to specify such account within a prescribed period;
- (v) they may lose all or a substantial portion of their principal;
- (vi) there may be movements in currency exchange rates which may result in significant fluctuations that may not correlate with changes in interest rates, currencies or related factors;
- (vii) the exchange rate used to calculate amounts payable in the settlement currency may be fixed prior to, on or after the Issue Date meaning that investors will not benefit from favourable changes in exchange rates during the term of the Dual Currency Notes; and

- (viii) settlement in the Settlement Currency may result in a lower return than if settlement had been made in the Specified Currency due to the risk on the exchange rate.

*The terms of the Notes contain no negative pledge, and the Issuer is not prohibited from incurring additional debt*

There is no negative pledge in respect of the Notes and the Terms and Conditions of the Notes place no restrictions on the incurrence by the Issuer or the Guarantors of additional obligations that rank *pari passu* with, or senior to, the Notes. In addition, the Issuer or the Guarantors may pledge assets to secure other securities or debt instruments.

#### H. Specific Risks relating to Warrants

##### *General*

Prospective purchasers of Warrants should recognise that their Warrants may expire worthless. Prospective purchasers should be prepared to sustain a total loss of the purchase price of their Warrants.

The risk of the loss of some or all of the purchase price of a Warrant upon expiration means that, in order to recover and realise a return upon its investment, a purchaser of a Warrant must generally be correct about the direction, timing and magnitude of an anticipated change in the value of the Underlying Reference which may be specified in the applicable Final Terms. Assuming all other factors are held constant, the lower the value of a Warrant and the shorter the remaining term of a Warrant to expiration, the greater the risk that purchasers of such Warrants will lose all or part of their investment. The only means through which a holder of a Warrant can realise value from the Warrant prior to its Exercise Date in relation to such Warrant is to sell it at its then market price in an available secondary market. See "*Possible Illiquidity of the Securities in the Secondary Market*" above.

In addition to the factors set out in this section "*D. Risks Relating to Warrants*", Warrantholders should be aware that the ability of the Issuer to meet its obligations under Warrants issued by it may depend on the receipt by it of payments from the Compartment Assets it purchases (if any) with the proceeds of the issue of each Series of Warrants and/or on the receipt by it of payments under relevant swap agreements, which will be with BNP Paribas or BNP Paribas Fortis SA/NV, deposit agreements or repurchase agreements notwithstanding the performance of any relevant Underlying Reference. The Warrantholders are therefore exposed to the risk that the Issuer will not have sufficient funds available to it to make payments due under the Warrants. See "*A. Risks relating to the Issuer*" above for further details of such risks.

##### *Limitations on exercise of Warrants*

If so indicated in the Final Terms, the Issuer will have the option to limit the number of Warrants exercisable on any date (other than the final exercise date) to the maximum number specified in the Final Terms and, in conjunction with such limitation, to limit the number of Warrants exercisable by any person or group of persons (whether or not acting in concert) on such date. In the event that the total number of Warrants being exercised on any date (other than the final exercise date) exceeds such maximum number and the Issuer elects to limit the number of Warrants exercisable on such date, a Warrantholder may not be able to exercise on such date all the Warrants that such Warrantholder desires to exercise. In any such case, the number of Warrants to be exercised on such date will be reduced until the total number of Warrants exercised on such date no longer exceeds such maximum, such Warrants being selected by the Calculation Agent acting in good faith and in a commercially reasonable manner or in any other manner specified in the applicable Final Terms. Unless otherwise specified in the Final Terms, the Warrants tendered for exercise but not exercised on such date will be automatically exercised on the next date on which Warrants may be exercised, subject to the same daily maximum limitation and delayed exercise provisions.

*Minimum Exercise Amount of Warrants*

If so indicated in the Final Terms, a Warrantholder must tender or, in the case of automatic exercise, hold, a specified number of Warrants at any one time in order to exercise. Thus, Warrantholders with fewer than the specified minimum number of Warrants will either have to sell their Warrants or purchase additional Warrants, incurring transaction costs in each case, in order to realise their investment. Furthermore, Warrantholders incur the risk that there may be differences between the trading price of such Warrants and the Cash Settlement Amount, (in the case of Cash Settled Warrants) or the value of the assets delivered (in the case of Physical Delivery Warrants) of such Warrants.

*Time lag after exercise of Warrants*

In the case of any exercise of Warrants, there will be a time lag between the time a Warrantholder gives instructions to exercise and the time the applicable Cash Settlement Amount (in the case of Cash Settled Warrants) relating to such exercise is determined. Any such delay between the time of exercise and the determination of the Cash Settlement Amount will be specified in the applicable Final Terms or the Conditions of the Warrants. However, such delay could be significantly longer, particularly in the case of a delay in the exercise of Warrants arising from any daily maximum exercise limitation, the occurrence of a Market Disruption Event or the failure to open of an exchange (if applicable) or following the imposition of any exchange controls or other similar regulations affecting the ability to obtain or exchange any relevant currency (or basket of currencies) in the case of Currency Linked Warrants. The applicable Cash Settlement Amount may change significantly during any such period, and such movement or movements could decrease the Cash Settlement Amount of the relevant Warrants, and may result in such Cash Settlement Amount being zero.

In general, certain of the risks associated with Warrants are similar to those generally applicable to other options or warrants of private corporate issuers. Warrants on shares, debt instruments or fund shares or units are priced primarily on the basis of the value of underlying securities, whilst Currency Linked and Commodity Linked Warrants are priced primarily on the basis of present and expected values of the reference currency (or basket of currencies) or commodity (or basket of commodities) specified in the applicable Final Terms.

*The terms of the Warrants contain no negative pledge, and the Issuer is not prohibited from incurring additional debt*

There is no negative pledge in respect of the Warrantss and the Terms and Conditions of the Warrants place no restrictions on the incurrence by the Issuer or the Guarantors of additional obligations that rank *pari passu* with, or senior to, the Warrants. In addition, the Issuer or the Guarantors may pledge assets to secure other securities or debt instruments.

I. Specific Risks Relating to Certificates

*No gross-up upon the application of withholding tax*

The Certificates will not have the benefit of a gross-up provision in respect of withholding taxes. Neither the Issuer nor, as applicable, the Guarantor, is obliged to gross-up any payments in respect of the Certificates and shall not be liable for or otherwise obliged to pay any tax, duty, withholding or other payment which may arise as a result of the ownership, transfer, presentation and surrender for payment, or enforcement of any Certificate and all payments made by the Issuer or, as applicable, the Guarantor shall be made subject to any such tax, duty, withholding or other payment which may be required to be made, paid, withheld or deducted. Certificateholders therefore will bear the risk of the imposition of any deduction or withholding with respect to payments made under the Certificates.

*Variable rate Certificates with a multiplier or other leverage factor*

Certificates with variable interest rates can be volatile investments. If they are structured to include multipliers or other leverage factors, or caps or floors, or any combination of those features or other similar related features, their market values may be even more volatile than those for securities that do not include those features.

*Inverse Floating Rate Certificates*

Inverse Floating Rate Certificates have an interest rate equal to a fixed rate minus a rate based upon a reference rate such as LIBOR. The market values of those Certificates is typically are more volatile than market values of other conventional floating rate debt securities based on the same reference rate (and with otherwise comparable terms). Inverse Floating Rate Certificates are more volatile because an increase in the reference rate not only decreases the interest rate of the Certificates but may also reflect an increase in prevailing interest rates, which further adversely affects the market value of these Certificates.

*Fixed/Floating Rate Certificates*

Fixed/Floating Rate Certificates may bear interest at a rate that converts from a fixed rate to a floating rate or from a floating rate to a fixed rate. Where the Issuer or the Swap Counterparty has the right to effect such a conversion, this will affect the secondary market and the market value of the Certificates since the Issuer or the Swap Counterparty may be expected to convert the rate when it is likely to produce a lower overall cost of borrowing. If the Issuer converts from a fixed rate to a floating rate in such circumstances, the spread on the Fixed/Floating Rate Certificates may be less favourable than the then prevailing spreads on comparable Floating Rate Certificates tied to the same reference rate. In addition, the new floating rate at any time may be lower than the rates on other Certificates. If the Issuer converts from a floating rate to a fixed rate in such circumstances, the fixed rate may be lower than the then prevailing rates on its Certificates.

*The terms of the Certificates contain no negative pledge, and the Issuer is not prohibited from incurring additional debt*

There is no negative pledge in respect of the Certificates and the Terms and Conditions of the Certificates place no restrictions on the incurrence by the Issuer or the Guarantors of additional obligations that rank *pari passu* with, or senior to, the Certificates. In addition, the Issuer or the Guarantors may pledge assets to secure other securities or debt instruments.

## GENERAL DESCRIPTION OF THE PROGRAMME

*The following general description (the "General Description") does not purport to be complete and is taken from, and is qualified in its entirety by, the Summary and the remainder of this Base Prospectus and, in relation to the Terms and Conditions of any particular Series (and/or Tranche, as the case may be) of Securities, the applicable Final Terms. The Issuer and any relevant Dealer may agree that Securities shall be issued in a form eligible for resale pursuant to the United States Securities Act of 1933, in which event, in the case of listed Securities only and if appropriate, a Supplement to the Base Prospectus will be published.*

The General Description constitutes a general description of the Programme for the purposes of article 22.5(3) of Commission Regulation (EC) No 809/2004 implementing the Prospectus Directive (the "**Prospectus Regulation**").

Words and expressions defined in the sections headed "*Terms and Conditions of the Notes*", "*Terms and Conditions of the Warrants*", "*Terms and Conditions of the Certificates*" shall have the same meanings in this General Description.

**Issuer:** SecurAsset S.A., a public limited liability company (*société anonyme*) whose activities are subject to the Securitisation Act 2004, was incorporated on 23 January 2009 and is authorised and supervised by the CSSF.

The Issuer's registered office is located at 20, rue de la Poste, Luxembourg L-2346.

The purpose and object of the Issuer pursuant to its articles of incorporation is to enter into, perform and serve as a vehicle for, any transactions permitted under the Securitisation Act 2004.

The Issuer has no subsidiaries.

All the shares in the Issuer are held by Stichting AssetSecur, a foundation duly incorporated under the laws of the Netherlands, having its registered office at Naritaweg 165 Telestone 8, 1043BW Amsterdam, The Netherlands and registered with the trade register of the Chamber of Commerce in Amsterdam under number 34322925.

**Guarantor (if applicable):** Securities may be guaranteed by BNPP or BNL if specified in the applicable Final Terms. Please see Element B.18 of the Summary and the section of this Base Prospectus entitled "*Form of Guarantee*" for further details on the form of the Guarantee (if applicable).

**Description:** Secured Note, Warrant and Certificate Programme.

Shares will not be issued under this Base Prospectus.

**Arranger:** BNP Paribas Arbitrage S.N.C.

**Dealers:** BNP Paribas Arbitrage S.N.C., BNP Paribas and any other Dealers appointed in accordance with the Dealer Agreement.

|                                                                                                         |                                                                                                                                                                                                                                                                                                                                                                                  |

| <b>Issuing and Paying Agent, Principal Warrant and Certificate Agent, Registrar and Transfer Agent:</b> | BNP Paribas Securities Services, Luxembourg Branch.                                                                                                                                                                                                                                                                                                                              |
| <b>Calculation Agent:</b>                                                                               | BNP Paribas Arbitrage S.N.C. or BNP Paribas Fortis SA/NV or BNP Paribas, as specified in the applicable Final Terms.                                                                                                                                                                                                                                                             |
| <b>Paying Agents:</b>                                                                                   | BNP Paribas Securities Services, Luxembourg Branch and/or any such additional or successor paying agent appointed in accordance with the applicable Conditions.                                                                                                                                                                                                                  |
| <b>Warrant and Certificate Agents:</b>                                                                  | BNP Paribas Securities Services, Luxembourg Branch and/or any such additional or successor agent appointed in accordance with the Agency Agreement.                                                                                                                                                                                                                              |
| <b>Custodian:</b>                                                                                       | BNP Paribas Securities Services, Luxembourg Branch.                                                                                                                                                                                                                                                                                                                              |
| <b>Account Bank:</b>                                                                                    | BNP Paribas Securities Services, Luxembourg Branch (where specified in the applicable Final Terms).                                                                                                                                                                                                                                                                              |
| <b>Cash Manager:</b>                                                                                    | BNP Paribas Securities Services, Luxembourg Branch (where specified in the applicable Final Terms).                                                                                                                                                                                                                                                                              |
| <b>Programme Size:</b>                                                                                  | Up to €20,000,000,000 (or its equivalent in other currencies calculated in accordance with the Dealer Agreement) outstanding at any time. The Issuer may increase the amount of the Programme in accordance with the terms of the Dealer Agreement.                                                                                                                              |
| <b>Distribution:</b>                                                                                    | Securities may be distributed by way of private or public placement.                                                                                                                                                                                                                                                                                                             |
| <b>Currencies:</b>                                                                                      | Securities may be denominated in euro, sterling, U.S. dollars and, subject to compliance with any applicable laws and regulations, any other currency as may be agreed between the Issuer and the relevant Dealer(s) as indicated in the applicable Final Terms.                                                                                                                 |
| <b>Redenomination:</b>                                                                                  | The applicable Final Terms may provide that certain Securities may be redenominated in euro.                                                                                                                                                                                                                                                                                     |
| <b>Maturities (Notes and Certificates):</b>                                                             | Any maturity as indicated in the applicable Final Terms subject to such minimum or maximum maturities as may be allowed or required from time to time by the relevant central bank (or equivalent body) or any laws or regulations applicable to the Issuer or the relevant Specified Currency.                                                                                  |

**Issue Price (Notes and Certificates):**

Notes or Certificates, as applicable, may be issued at an issue price (expressed either (i) as a percentage of the aggregate nominal amount, in the case of Notes, or of the aggregate notional amount outstanding, in the case of Certificates, or (ii) as an amount per Note of the relevant Specified Denomination) which is at par or at a discount to, or premium over, par (as specified in the applicable Final Terms).

**Yield:**

The yield of the Securities is calculated as being the internal rate of return of the Securities, based on the Issue Price and all Interest Amounts and/or Premium Amounts payable in respect of the Securities.

**Form of Securities:**

Each Series (and/or Tranche, as the case may be) of Notes specified in the applicable Final Terms will be either Bearer Notes (with or without interest coupons attached) or Registered Notes (without interest coupons attached) issued outside the United States in accordance with Regulation S.

Bearer Notes will on issue be represented by either a temporary global Note or a permanent global Note as specified in the applicable Final Terms. Temporary global Notes will be exchangeable either for (a) interests in a permanent global Note or (b) for Definitive Bearer Notes, as indicated in the applicable Final Terms. Permanent global Notes will be exchangeable for Definitive Bearer Notes in limited circumstances, including upon the occurrence of an Exchange Event, as described in "*Form of the Notes*". U.S. Treasury Regulation Section 1.163-5(c)(2)(i)(D) or any successor rules substantially identical thereto (the "**TEFRA D Rules**") will apply to the Bearer Notes unless the Bearer Notes do not have a maturity of more than 365 days.

Registered Notes will on issue be represented by a Global Registered Note which will be exchangeable for Definitive Registered Notes, registered in the name of the owner of the principal and interest payable thereon, in certain circumstances set out in such Global Registered Note.

Registered Notes will not be exchangeable for Bearer Notes and vice versa.

Each Series (and/or Tranche, as the case may be) of Warrants specified in the applicable Final Terms will be constituted by a global warrant, in accordance with Regulation S.

Clearing System Warrants will on issue be represented by a Clearing System Global Warrant as specified in the applicable Final Terms. Registered Warrants will on issue be represented by a Registered Global Warrant.

Registered Global Warrants will not be exchangeable for Clearing System Global Warrants and vice versa.

Each Series (and/or Tranche, as the case may be) of Certificates specified in the applicable Final Terms will be constituted by a global certificate, in accordance with Regulation S.

Clearing System Certificates will on issue be represented by a Clearing System Global Certificate as specified in the applicable Final Terms. Registered Certificates will on issue be represented by a Registered Global Certificate.

Registered Global Certificates will not be exchangeable for Clearing System Global Certificates and vice versa.

**Fixed Rate Notes and Fixed Rate Certificates:**

Fixed interest will be payable on such date or dates as may be agreed between the Issuer and the relevant Dealer(s) (as indicated in the applicable Final Terms) and on redemption (if applicable) and will be calculated on the basis of such Day Count Fraction as may be agreed between the Issuer and the relevant Dealer(s) as indicated in the applicable Final Terms.

**Floating Rate Notes and Floating Rate Certificates:**

Floating Rate Notes and Floating Rate Certificates will bear interest at a rate determined (i) on the same basis as the floating rate under a notional interest rate swap transaction in the relevant Specified Currency governed by an agreement in the form of either (a) a confirmation incorporating the 2006 ISDA Definitions (as published by the International Swaps and Derivatives Association, Inc. and as amended and updated as at the Issue Date of the first Tranche of the Notes or Certificates, as the case may be, of the relevant Series) or (b) the Master Agreement relating to foreign exchange and derivative transactions published by the *Association Française des Banques/Fédération Bancaire Française* and evidenced by a Confirmation; or (ii) on the basis of a reference rate appearing on an agreed screen page of a commercial quotation service; or (iii) on such other basis as may be agreed between the Issuer and the relevant Dealer(s) (as indicated in the applicable Final Terms).

Floating Rate Notes and Floating Rate Certificates may also have a maximum interest rate, a minimum interest rate or both.

Interest on Floating Rate Notes will be payable, and will be calculated in accordance with the relevant provisions of Annex 1 (*Additional Terms and Conditions for Payouts*) as specified prior to issue in the applicable Final Terms.

The margin (if any) relating to such floating rate will be agreed between the Issuer and the relevant Dealer(s) for each issue of Floating Rate Notes and specified in the applicable Final Terms.

**Index Linked Notes, Index Linked Warrants and Index Linked Certificates (together, "Index Linked Securities"):**

Payments in respect of Index Linked Securities will be calculated by reference to one or more indices as specified in the applicable Final Terms. Index Linked Securities may be linked to, among other things, an equity index, a property index and/or a hybrid or multi-asset index (including one or more custom indices established, calculated and/or sponsored by BNP Paribas and/or its affiliates)(which such indices are more particularly described in the section of this Base Prospectus entitled "*Description of BNPP Indices*").

Index Linked Securities may be subject to adjustment or cancellation (in the case of Index Linked Warrants) or early

redemption (in the case of Index Linked Notes and Index Linked Certificates) if an Index is modified or cancelled and there is no successor index acceptable to the Calculation Agent, if the Index's sponsor fails to calculate and announce the Index, or certain events (such as illegality, disruptions or cost increases) occur with respect to the Swap Counterparty's or any of its affiliates' hedging arrangements.

If certain disruption events occur with respect to valuation of an Index, such valuation will be postponed and certain adjustments may be made by the Calculation Agent. Payments may also be postponed.

**Share Linked Notes, Share Linked Warrants and Share Linked Certificates (together, "Share Linked Securities"):**

Payments in respect of Share Linked Securities will be calculated by reference to one or more shares, ADRs and/or GDRs (together referred to herein as "**Shares**" and each a "**Share**") as agreed between the Issuer and the relevant Dealer(s) and specified in the applicable Final Terms. Share Linked Securities may also provide, in the case of Share Linked Notes or Share Linked Certificates, for redemption by physical delivery of the Entitlement as more fully set out in "*Terms and Conditions of the Notes*" or "*Terms and Conditions of the Certificates*", as applicable, or, in the case of Share Linked Warrants, physical settlement, as more fully set out in "*Terms and Conditions of the Warrants*".

Share Linked Securities may be subject to early redemption (in the case of Share Linked Notes and Share Linked Certificates) or cancellation (in the case of Share Linked Warrants) or adjustment (including as to valuation and in certain circumstances Share substitutions) if certain corporate events (such as events affecting the value of a Share or, in the case of GDRs and ADRs, Underlying Share (including Share or Underlying Share divisions or consolidations, extraordinary dividends and capital calls); de-listing of a Share or Underlying Share; insolvency, merger or nationalisation of a Share or Underlying Share issuer; or a tender offer or redenomination of a Share or Underlying Share) occur, if certain events (such as illegality, disruptions or cost increases) occur with respect to the Swap Counterparty's (if any) or any of its affiliates' hedging arrangements, or if insolvency filings are made with respect to a Share or Underlying Share issuer.

For the avoidance of doubt, Securities convertible into shares in the Issuer (or an entity belonging to the same group as the Issuer) will not be issued under this Base Prospectus.

**Inflation Linked Notes, Inflation Linked Warrants and Inflation Linked Certificates (together, "Inflation Linked Securities"):**

Payments in respect of Inflation Linked Securities will be calculated by reference to one or more inflation Indices as agreed between the Issuer and the relevant Dealer(s) and specified in the applicable Final Terms.

**Commodity Linked Notes, Commodity Linked Warrants and Commodity Linked Certificates (together, "Commodity Linked Securities"):**

Payments in respect of Commodity Linked Securities will be calculated by reference to one or more commodities and/or commodity indices as agreed between the Issuer and the relevant Dealer(s) and specified in the applicable Final Terms.

Commodity Linked Securities may be subject to adjustment (including as to valuations) if certain events occur with respect to a Commodity, Commodity Index or Index Component (such as a trading disruption the disappearance of, or disruption in publication of, a reference price; and in certain circumstances a change in the formula for calculating a reference price; or a change in the content of a Commodity) or an index component disruption event or Index Adjustment Event in respect of a Commodity Index.

Commodity Linked Securities may be subject to cancellation or early redemption or adjustment if a Commodity Index is modified or cancelled and there is no successor index acceptable to the Calculation Agent, if the Index Sponsor fails to calculate and announce the Commodity Index, or certain events (such as illegality or disruptions) occur with respect to the Swap Counterparty's (if any), or any of its respective affiliates', hedging arrangements.

**Currency Linked Notes, Currency Linked Warrants and Currency Linked Certificates (together, "Currency Linked Securities"):**

Payments in respect of Currency Linked Securities will be calculated by reference to one or more foreign exchange rates as agreed between the Issuer and the relevant Dealer(s) and specified in the applicable Final Terms.

**Debt Linked Notes, Debt Linked Warrants and Debt Linked Certificates (together, "Debt Linked Securities"):**

Payments in respect of Debt Linked Securities will be calculated by reference to one or more debt securities as specified in the applicable Final Terms. Debt Linked Notes and Debt Linked Certificates may also provide for settlement by physical delivery of the Entitlement.

**Fund Linked Notes, Fund Linked Warrants and Fund Linked Certificates (together, "Fund Linked Securities"):**

Payments in respect of Fund Linked Securities will be calculated by reference to units, interests or shares in a single fund or basket of funds on such terms as may be agreed between the Issuer and the relevant Dealer(s) and specified in the applicable Final Terms. Fund Linked Notes and Fund Linked Certificates may also provide for redemption by physical delivery of the Entitlement.

Fund Linked Securities may be subject to adjustment (including as to valuation and fund substitutions), early redemption or cancellation, as applicable, or if certain corporate events (such as insolvency (or an analogous event) occurring with respect to a fund; litigation against, or regulatory events occurring with respect to a fund; suspensions of fund subscriptions or redemptions; certain changes in net asset value of a fund; or modifications to the investment objectives or changes in the nature or administration of a fund) occur, if certain valuation or settlement disruption events occur with respect to a fund, or if certain events (such as illegality, disruptions or cost increases) occur with respect to the relevant Swap Counterparty's (if any) or any of its affiliates' hedging arrangements.

**Credit Linked Notes and Credit Linked Certificates (together, "Credit Linked Securities"):**

Notes and Certificates with respect to which payment is linked to the credit of a specified entity or entities will be issued on such terms as may be agreed between the Issuer and the relevant Dealer(s) and specified in the applicable Final Terms.

If Conditions to Settlement are satisfied during the Notice Delivery

Period, each Credit Linked Security will be redeemed by the payment of the Credit Event Cash Settlement Amount if Cash Settlement is specified in the applicable Final Terms, or by Delivery of the Deliverable Obligations comprising the Entitlement, if Physical Delivery is specified in the applicable Final Terms, or by the payment of the Auction Settlement Amount if Auction Settlement is specified in the applicable Final Terms (unless a Fallback Settlement Event occurs, in which case the Credit Linked Securities will be redeemed in accordance with the Fallback Settlement Method specified in the applicable Final Terms) as more fully set out in Annex 10 (*Additional Terms and Conditions for Credit Linked Securities*).

**ETI Linked Notes, ETI Linked Warrants and ETI Linked Certificates (together, "ETI Linked Securities"):**

Payments in respect of ETI Linked Securities will be calculated by reference to interests in one or more exchange traded instruments as specified in the applicable Final Terms. ETI Linked Securities may also provide for settlement by physical delivery of the Entitlement.

**Underlying Interest Rate Linked Notes, Underlying Interest Rate Linked Warrants and Underlying Interest Rate Linked Certificates (together "Underlying Interest Rate Linked Securities"):**

Payments in respect of Underlying Interest Rate Linked Securities will be calculated by reference to interests in one or more underlying interest or Constant Maturity Swap ("CMS") rates as specified in the applicable Final Terms.

**Hybrid Notes, Hybrid Warrants and Hybrid Certificates (together, "Hybrid Securities"):**

Payments in respect of Hybrid Securities will be calculated by reference to any combination of Underlying References as agreed between the Issuer and the relevant Dealer(s) as set out in the applicable Final Terms.

**Physical Delivery Notes, Physical Delivery Warrants and Physical Delivery Certificates (together, "Physical Delivery Securities"):**

Payments in respect of Physical Delivery Securities and any physical delivery of the Entitlement in respect of Physical Delivery Securities will be made in accordance with the terms and conditions of the relevant Securities, subject always to applicable securities laws. For the avoidance of doubt, Physical Delivery Securities where the Entitlement will include shares in the Issuer (or an entity belonging to the same group as the Issuer) will not be issued under this Base Prospectus.

**Zero Coupon Notes:**

Zero Coupon Notes will not bear interest (other than in the case of late payment).

**Redemption and Cancellation:**

The applicable Final Terms will indicate either that the Securities cannot, in the case of Notes and Certificates, be redeemed prior to their stated redemption date or, in the case of Warrants, be cancelled prior to their Expiration Date (other than (in the case of Notes) in specified instalments, if applicable, or for taxation reasons, if applicable, or (in the case of any Securities) following an Event of Default) or that such Securities (if Physical Delivery Notes, Physical Delivery Warrants or Physical Delivery Certificates) may, in the case of Notes and Certificates, be settled on redemption or, in the case of Warrants, be settled on the Settlement Date or otherwise by receipt by the holder of a cash amount and/or by physical delivery (save, in the case of any Guaranteed Notes, Guaranteed Warrants and Guaranteed

Certificates, as provided in the applicable Guarantee) of the relevant Entitlement or that such Securities will be redeemable or exercised at the option of the Issuer and/or (in the case of Notes and Certificates) the relevant Noteholders or Certificateholders, as the case may be, upon giving not less than 30 nor more than 45 days' irrevocable notice (or such other notice period (if any) as is indicated in the applicable Final Terms) to the Noteholders or the Certificateholders or the Issuer, as the case may be, on a date or dates specified prior to such stated maturity and at a price or prices and on such terms as may be agreed between the Issuer and Dealer(s) as indicated in the applicable Final Terms, or that such Securities may be redeemed early following the optional termination of the relevant Swap Agreement by the Swap Counterparty. The Securities may also be redeemed prior to their stated maturity or cancelled prior to their stated Expiration Date, as applicable, in circumstances described in the Terms and Conditions.

Where specified in the applicable Final Terms, the Notes may be redeemable in two or more instalments of such amounts and on such dates as indicated in the applicable Final Terms.

**Compartment Assets:**

Each Compartment will comprise a pool of Charged Assets (as defined below) of the Issuer separate from the pools of Charged Assets relating to other Compartments. Each Series may (if so stated in the applicable Final Terms) be secured by a charge on, or assignment in respect of rights under, certain bonds, notes, warrants, receivables or equity securities of any form, denomination, type or issuer, guarantees, units in funds, loans or any other financial obligations assigned to or assumed by the Issuer or any other specified assets owned by the Issuer (the "**Compartment Assets**"), including, without limitation, any one or a combination of the following:

- common shares or stock;
- preference shares or stock;
- convertible common shares or stock;
- convertible preference shares or stock;
- American depositary receipts ("**ADRs**")
- global depositary receipts ("**GDRs**")
- warrants;
- any other type of asset which represents a share of an equity interest in an entity;
- bonds, notes, commercial paper, deposits or certificates issued by a corporate, bank or other financial institution, government, governmental agency, municipal entity or supranational entity whose interest and/or principal payments may be linked to the performance of any underlying factor;

- bonds, notes, commercial paper, deposits or certificates issued by a corporate, bank or other financial institution whose interest and/or principal payments may be linked to the creditworthiness of a single reference entity or a basket of reference entities;
- bonds or notes linked to the issuer's participation in a portion of one or more outstanding commercial loans;
- participation or rights in respect of one or more commercial loans;
- bonds (i) convertible, at the option of the holder or otherwise, into shares in the issuing company or (ii) exchangeable, at the option of the holder or otherwise, into shares in another specified company;
- bonds issued by a bank or institution that provides recourse to the issuing entity's assets as well as to a pool of mortgages or public sector assets protected from the insolvency of the issuing institution;
- covered bond collateral issued by a German mortgage bank or public sector bank;
- bonds, notes, commercial paper, deposits or certificates issued by a corporate, bank or other financial institution, government, governmental agency, municipal entity or supranational entity not bearing interest, having a principal repayment obligation equal to the face amount of such bond, note, commercial paper, deposit or certificate;
- bonds, notes, commercial paper, deposits or certificates issued by a corporate, bank or other financial institution, government, governmental agency, municipal entity or supranational entity bearing a fixed or floating rate of interest, having a principal repayment obligation equal to the face amount of such bond, note, commercial paper, deposit or certificate;
- common shares or stock in a Collective Investment Scheme;
- preference shares or stock in a Collective Investment Scheme;
- units in a Collective Investment Scheme;
- any other type of asset which represents a share, interest or unit in a Collective Investment Scheme; or
- any cash standing to the credit of a managed account,

and funds held from time to time by the Custodian and/or the Issuing and Paying Agent or Principal Warrant and Certificate Agent, as applicable and/or the Registrar (each as defined herein)

for payments due under the Securities of such Series (the "**Cash Assets**") and/or secured by an assignment of the Issuer's rights under an interest rate and/or currency exchange agreement or credit default swap agreement or total return swap agreement or other derivative transaction (the "**Swap Agreement**") (as defined in the Conditions) and/or a deposit agreement (the "**Deposit Agreement**") and/or a repurchase agreement (the "**Repurchase Agreement**") entered into in respect of the relevant Notes, Warrants or Certificates (each as described in more detail below and in the section of this Base Prospectus entitled "*Description of the Swap Agreement*", "*Description of the Deposit Agreement*" and "*Description of the Repurchase Agreement*" respectively), together with such additional security as may be described in the applicable Final Terms (together with the Compartment Assets, the Cash Assets, the Swap Agreement, the Deposit Agreement and the Repurchase Agreement, the "**Charged Assets**").

**Charged Assets:**

The Charged Assets relating to a particular Series of Securities will have characteristics that demonstrate capacity to produce funds to service the payments due and payable on such Series of Securities.

- (i) Related Agreements: In connection with the issue of any Series of Securities and the related Compartment, the board of directors of the Issuer may decide to enter into one or more Related Agreements, which may include, without limitation, any Swap Agreement, Deposit Agreement, Repurchase Agreement and/or credit support documents with respect to such agreements.
- (ii) Swap Agreement: The Issuer's obligations under the Securities may be hedged through one or more swap agreements, with BNP Paribas, or BNP Paribas Fortis SA/NV, as specified in the applicable Final Terms. On transactions where a Swap Agreement is the only Charged Asset, such Swap Agreement may be modified to replicate the economic effect of a total return swap agreement so that the fair market value of the Collateral is always equal to the market value of Securities held by Holders of Securities other than the Swap Counterparty. A description of the principal terms of any swap agreement that may be entered into by the Issuer is set out in "*Description of the Swap Agreement*" below.
- (iii) Deposit Agreement: If specified in the applicable Final Terms, some or all of the proceeds of the Securities received by the Issuer on the Issue Date may be deposited in a bank account or paid to the relevant counterparty pursuant to a deposit agreement entered into on the Issue Date between the Issuer and such entity as is specified in the applicable Final Terms. A description of the principal terms of any Deposit Agreement that may be entered into by the Issuer is set out in "*Description of the Deposit Agreement*".
- (iv) Repurchase Agreement: If specified in the applicable Final Terms, the Issuer will enter into one or more repurchase agreements (each, a "**Repurchase Agreement**") with such entity as is specified in the applicable Final Terms (the "**Repo Counterparty**") pursuant to which the Issuer and the Repo Counterparty will enter into one or more transactions under which the Issuer will purchase bonds, notes, debt securities or other financial instruments which shall form Compartment

Assets from the Repo Counterparty. The market value of the assets purchased by the Issuer will be set out in the Final Terms. In certain circumstances, the Repo Counterparty may be obliged to repurchase securities equivalent to those that are the subject of the transaction, as set out in the applicable Final Terms. A description of the principal terms of any Repurchase Agreement that may be entered into by the Issuer is set out in "*Description of the Repurchase Agreement*".

**Denomination of Notes:**

Notes will be issued in such denominations as may be agreed between the Issuer and the relevant Dealer(s) as indicated in the applicable Final Terms, save that the minimum denomination of each Note will be such amount as may be allowed or required from time to time by the relevant central bank (or equivalent body) or any laws or regulations applicable to the relevant Specified Currency.

**Withholding Tax:**

All payments made by the Issuer or the Guarantor (if applicable) shall be made free and clear of any withholding or deduction on account of any tax or duty unless such withholding or deduction is required by law, including, without limitation, any withholding or deduction required pursuant to an agreement described in Section 1471(b) of the U.S. Internal Revenue Code of 1986 (the "**Code**") or otherwise imposed pursuant to Sections 1471 through 1474 of the Code, any regulations or agreements thereunder, official interpretations thereof, or any law implementing an intergovernmental approach thereto, in which case they will be made net of the required withholding or deduction.

**Restrictions:**

So long as any of the Securities remain outstanding, the Issuer will not, without the prior written consent of the Trustee, incur any indebtedness for moneys borrowed or raised other than in respect of Permitted Instruments or Permitted Indebtedness, engage in any activity other than certain activities related to the Securities or any Permitted Instrument or Permitted Indebtedness or consolidate or merge with any other person or issue any shares, all as more fully described in Condition 4 (*Restrictions*) of "*Terms and Conditions of the Notes*", Condition 3 (*Restrictions*) of "*Terms and Conditions of the Warrants*" or Condition 3 (*Restrictions*) of "*Terms and Conditions of the Certificates*", as applicable.

**Rating:**

The Securities may be rated or unrated, as specified in the applicable Final Terms.

A rating is not a recommendation to buy, sell or hold Securities and may be subject to suspension, reduction or withdrawal at any time by the assigning rating agency.

**Listing, approval and admission to trading:**

Application has been made to the CSSF to approve this document as a base prospectus in its capacity as competent authority under the Prospectus Act 2005. In addition, application has been made to the Luxembourg Stock Exchange for Securities issued under the Programme to be admitted to trading on the regulated market of the Luxembourg Stock Exchange and to be listed on the Official List of the Luxembourg Stock Exchange.

Securities may be listed or admitted to trading, as the case may be, on other or further stock exchanges or markets agreed between the Issuer and the relevant Dealer in relation to the Series. Securities which are neither listed nor admitted to trading on any market may also be issued.

The applicable Final Terms will state whether or not the relevant Securities are to be listed and/or admitted to trading and, if so, on which stock exchanges and/or markets.

**Governing Law:**

The Securities and each Guarantee (save where BNL is the Guarantor, in which case the Guarantee will be governed by Italian law) will be governed by English law.

**Selling Restrictions:**

There are restrictions on the offer, sale and transfer of the Securities in the European Economic Area, France, Italy, Luxembourg, the Netherlands, the United Kingdom, Spain Czech Republic, Belgium and the United States and such other restrictions as may be required in connection with the offering and sale of a particular Series (and/or Tranche, as the case may be) of Securities, see the section headed "*Subscription, Sale and Transfer Restrictions*" below.

**United States Selling Restrictions:** Regulation S. TEFRA D. U.S. Risk Retention.

The Securities may not be offered, sold, resold, traded, pledged, redeemed, transferred, delivered or exercised, directly or indirectly, in the United States or to, or for the account or benefit of, a U.S. person. Additional selling restrictions may apply as specified in the applicable Final Terms. U.S. Treasury Regulation Section 1.163-5(c)(2)(i)(D) or any successor rules substantially identical thereto (the “**TEFRA D Rules**”) will apply to the Bearer Notes unless the Bearer Notes do not have a maturity of more than 365 days.

**The various categories of potential investors to which the securities are offered:**

Offers may be made in Belgium, France, Italy, Luxembourg or Spain to any person (subject to applicable suitability criteria, if any are deemed appropriate pursuant to any applicable conduct of business rules). In other EEA countries, offers will only be made pursuant to an exemption from the obligation under the Prospectus Directive as implemented in such countries to publish a prospectus.

## DOCUMENTS INCORPORATED BY REFERENCE

This Base Prospectus should be read and construed in conjunction with:

- (a) the SecurAsset base prospectus dated 27 November 2013 (the "**2013 Base Prospectus**") and the supplement to the 2013 Base Prospectus dated 23 April 2014 (the "**April 2014 Supplement**") (the 2013 Base Prospectus and the April 2014 Supplement together, the "**Supplemented 2013 Base Prospectus**");
- (b) the SecurAsset base prospectus dated 27 November 2014 (the "**2014 Base Prospectus**") and the supplement to the 2014 Base Prospectus dated 26 June 2015 (the "**June 2015 Supplement**") (the 2014 Base Prospectus and the June 2015 Supplement together, the "**Supplemented 2014 Base Prospectus**");
- (c) the SecurAsset base prospectus dated 27 November 2015 (the "**2015 Base Prospectus**") and the supplement to the 2015 Base Prospectus dated 27 May 2016 (the "**May 2016 Supplement**") (the 2015 Base Prospectus and the May 2016 Supplement together, the "**Supplemented 2015 Base Prospectus**");
- (d) the SecurAsset base prospectus dated 28 September 2016 (the "**2016 Base Prospectus**") and the supplement to the 2016 Base Prospectus dated 1 March 2017 (the "**March 2017 Supplement**") (the 2016 Base Prospectus and the March 2017 Supplement together, the "**Supplemented 2016 Base Prospectus**");
- (e) SecurAsset's audited financial information, audit report and cash flow statement for the financial year ending 31 December 2015 (the "**2015 Annual Accounts**") and audited financial information, and audit report for the financial year ending 31 December 2016 (the "**2016 Annual Accounts**" and, together with the 2015 Annual Accounts, the "**Annual Accounts**");
- (f) SecurAsset's unaudited financial information for the six months ending 30 June 2017 (the "**2017 Interim Accounts**") and SecurAsset's unaudited financial information for the six months ending 30 June 2016 (the "**2016 Interim Accounts**" and, together with the 2017 Interim Accounts, the "**Interim Accounts**");
- (g) the audited consolidated financial statements of BNP Paribas as at, and for the years ended, 31 December 2015 and 31 December 2016 (the "**BNPP 2015 Financial Statements**" and the "**BNPP 2016 Financial Statements**", respectively), together with the respective statutory auditors' reports thereon, as contained in BNP Paribas' document de référence et rapport financier annuel in English for 2015 (the "**BNPP 2015 Registration Document (in English)**") and in BNP Paribas' document de référence et rapport financier annuel in English for 2016 (the "**BNPP 2016 Registration Document (in English)**"), respectively;
- (h) the first update to the BNPP 2016 Registration Document in (English) (the "**First Update to the BNPP 2016 Registration Document (in English)**");
- (i) the second update to the BNPP 2016 Registration Document in (English) (other than the sections entitled "Persons Responsible for the Update to the Registration Document" and the "Table of Concordance") (the "**Second Update to the BNPP 2016 Registration Document (in English)**" and, together with the information in paragraphs (g) and (h), the "**BNP Paribas Disclosure**");
- (j) the English translation of BNL's 2015 Annual Report (the "**BNL Annual Report 2015**") (which contains the audited consolidated financial statements of BNL as at, and for the year ending 31 December 2015);

## **DESCRIPTION OF THE CHARGED ASSETS - PART I – GENERAL**

The Issuer will meet its obligations to pay the relevant amounts it is due to pay in respect of the Securities using the payments it receives from the obligors under the Charged Assets (including the Compartment Assets) specified in the Final Terms for the relevant Series. The Issuer will also grant security over the Charged Assets in the manner set out in the Conditions specified as applicable in the applicable Final Terms.

The specific obligors under the Charged Assets will be specified in the applicable Final Terms however such obligors will be one or more corporate, bank or other financial institution, government, governmental agency, trust, fund, municipal entity, sovereign or supranational entity provided that such obligors have securities already admitted to trading on a regulated or equivalent market or the obligations are guaranteed by an entity admitted to trading on a regulated or equivalent market. Where the Charged Assets are equity securities or debt securities and specified as "Reference Securities" in the applicable Final Terms, such securities shall be traded on a regulated or equivalent market save where such securities are debt securities which are Eligible BNP Paribas Fortis Collateral Securities, as described in "Description of the Charged Assets – Part VII – Eligible BNP Paribas Fortis Collateral Securities.

## DESCRIPTION OF THE CHARGED ASSETS - PART II - DESCRIPTION OF THE SWAP AGREEMENT

*The following description of the Swap Agreement which the Issuer may enter into for each Series should be read in conjunction with the Final Terms for each Series and the applicable Charged Asset Description and together this description, and the applicable Charged Asset Description and such Final Terms consists of a summary of certain provisions of such Swap Agreement which is qualified in its entirety by reference to the detailed provisions of such Swap Agreement for each specific Series. The following summary does not purport to be complete, and prospective investors must refer to the applicable Final Terms and the relevant Swap Agreement for detailed information regarding the relevant Swap Agreement.*

### Payments under the Swap Agreement

If so specified in the applicable Final Terms, one or both of BNP Paribas and BNP Paribas Fortis SA/NV may enter into one or more swap agreements with the Issuer in its capacity as swap counterparty (the "**Swap Counterparty**") pursuant to the terms of a 2002 ISDA Master Agreement (the "**Master Agreement**") and a Schedule and confirmation thereto) (each such agreement, a "**Swap Agreement**"). The Swap Counterparties are described in the sections of this Base Prospectus entitled "Documents Incorporated By Reference" (in the case of BNP Paribas) and "Description of BNP Paribas Fortis SA/NV" (in the case of BNP Paribas Fortis SA/NV).

Each Swap Agreement will be entered into in order to allow the Issuer to exchange certain cashflows received by, or to the order of, the Issuer in respect of the issue of the relevant Securities, the Compartment Assets (if any), any Deposit Agreement, any Repurchase Agreement and/or the proceeds of the issue of the relevant Series of Securities or from any other assets of the Issuer relating to that Series of Securities for amounts needed by the Issuer to meet its obligations under the Securities for that Series and any related transactions or will be a credit derivative transaction.

The payments due to be made by the Issuer and the Swap Counterparty in respect of a Swap Agreement are described in *Description of the Charged Assets - Part V - Charged Asset Structures* and the applicable Charged Asset Structure will be set out in the Final Terms for a particular Series, together with any information which is unknown relating thereto as at the date of this Base Prospectus.

### Termination of Swap Agreement

The Swap Agreement will terminate on the final date on which a payment may be due thereunder (the "**Scheduled Swap Termination Date**") unless terminated earlier in accordance with the terms thereof.

### Early Termination

Termination of any Swap Agreement prior to the Scheduled Swap Termination Date will occur in limited circumstances, including, without limitation:

- (a) payment defaults by the Issuer or the Swap Counterparty under such Swap Agreement;
- (b) breach by the Issuer of any of its obligations under the Trust Deed or Agency Agreement;
- (c) bankruptcy events relating to the Issuer or the Swap Counterparty;
- (d) payment defaults by the Issuer or the Deposit Counterparty under the Deposit Agreement (where applicable);
- (e) the early redemption or an event of default of the Series in respect of which the Swap Agreement has been entered into, including as a result of Increased Cost Hedging or Hedging Disruption (to the extent applicable to the Series) (each as defined in "*Terms and Conditions of the Notes*",

*"Terms and Conditions of the Warrants"* or *"Terms and Conditions of the Certificates"*, as applicable and the relevant Annexes thereto); and

- (f) unless specified otherwise in the Swap Agreement, tax events relating to the Issuer and/or the relevant Swap Counterparty.

On an early termination of any Swap Agreement, an amount may be payable either to or by the Issuer in accordance with the terms of the relevant Swap Agreement. Such termination payment, unless otherwise set out in the relevant Swap Agreement, will be an amount payable equal to (a) the sum of (i) the Close Out Amount and (ii) the Unpaid Amounts owing to the non-defaulting (or non-affected) party less (b) the Unpaid Amounts owing to the defaulting (or affected) party. If the amount is positive, the defaulting (or affected) party will pay it to the non-defaulting (or non-affected) party; if it is negative, the non-defaulting (or non-affected) party will pay the absolute value of that amount to the defaulting (or affected) party. In circumstances where both parties are affected parties, both parties will determine their Close-out Amounts and the amount referred to in (a)(i) will be one half of the difference between the higher and lower of the Close-out Amounts calculated.

**"Close-out Amount"** means the amount of the losses or costs of the Determining Party that are or would be incurred under then prevailing circumstances (expressed as a positive number) or gains of the Determining Party that are or would be realised under then prevailing circumstances (expressed as a negative number) in replacing, or in providing for the Determining Party the economic equivalent of, (a) the material terms of the terminated transaction, including the payments and deliveries by the parties due in respect of the relevant terminated transaction that would, but for the occurrence of the relevant Early Termination Date, have been required after that date (assuming satisfaction of the conditions precedent requiring that no potential event of default or event of default under the Swap Agreement has occurred) and (b) the option rights of the parties in respect of the Swap Agreement.

Any Close-out Amount will be determined by the Determining Party (or its agent), which will act in good faith and use commercially reasonable procedures in order to produce a commercially reasonable result. Each Close-out Amount will be determined as of the Early Termination Date or, if that would not be commercially reasonable, as of the date or dates following the Early Termination Date as would be commercially reasonable.

Unpaid Amounts in respect of the terminated transactions and legal fees and out-of-pocket expenses which are payable under the terms of the Swap Agreement are to be excluded in all determinations of Close-out Amounts.

In determining a Close-out Amount, the Determining Party may consider any relevant information, including, without limitation, one or more of the following types of information:-

- (i) quotations (either firm or indicative) for replacement transactions supplied by one or more third parties that may take into account the creditworthiness of the Determining Party at the time the quotation is provided and the terms of any relevant documentation, including credit support documentation, between the Determining Party and the third party providing the quotation;
- (ii) information consisting of relevant market data in the relevant market supplied by one or more third parties including, without limitation, relevant rates, prices, yields, yield curves, volatilities, spreads, correlations or other relevant market data in the relevant market; or
- (iii) information of the types described in clause (i) or (ii) above from internal sources (including any of the Determining Party's Affiliates) if that information is of the same type used by the Determining Party in the regular course of its business for the valuation of similar transactions.

The Determining Party will consider, taking into account the standards and procedures described in this definition, quotations pursuant to clause (i) above or relevant market data pursuant to clause (ii) above unless the Determining Party reasonably believes in good faith that such quotations or relevant market data are not readily available or would produce a result that would not satisfy those standards. When considering

information described in clause (i), (ii) or (iii) above, the Determining Party may include costs of funding, to the extent costs of funding are not and would not be a component of the other information being utilised. Third parties supplying quotations pursuant to clause (i) above or market data pursuant to clause (ii) above may include, without limitation, dealers in the relevant markets, end-users of the relevant product, information vendors, brokers and other sources of market information.

Without duplication of amounts calculated based on information described in clause (i), (ii) or (iii) above, or other relevant information, and when it is commercially reasonable to do so, the Determining Party may in addition consider in calculating a Close-out Amount any loss or cost incurred in connection with its terminating, liquidating or re-establishing any hedge related to the Swap Agreement (or any gain resulting therefrom).

Commercially reasonable procedures used in determining a Close-out Amount may include application to relevant market data from third parties pursuant to clause (ii) above or information from internal sources pursuant to clause (iii) above of pricing or other valuation models that are, at the time of the determination of the Close-out Amount, used by the Determining Party in the regular course of its business in pricing or valuing transactions between the Determining Party and unrelated third parties that are similar to the Swap Agreement.

**"Determining Party"** means the party determining the Close-out Amount.

**"Unpaid Amounts"** as used in the above paragraph means, with respect to the date on which the Swap Agreement is terminated early (the **"Swap Early Termination Date"**), the aggregate of (a) the amounts that become payable under the terminated transactions (or would have become payable but for the condition precedent contained in the Swap Agreement not being satisfied or the application of provisions relating to deferral of payments to any party) and which remain unpaid as at such Swap Early Termination Date, (b) in respect of each terminated transaction which was required to be settled by delivery (or would have been settled by delivery but for the condition precedent contained in the Swap Agreement not being satisfied or the application of provisions relating to deferral of deliveries) which was not so settled, an amount equal to the fair market value of that which was required to be delivered and (c) if the Early Termination Date results from an event of default, a credit event upon merger event or an additional termination event, any termination payment due prior to such Swap Early Termination Date which remains unpaid as of such Swap Early Termination Date, in each case together with any amount of interest accrued in accordance with the terms of the Swap Agreement.

Where the relevant terms and conditions of the Securities refer to the "Early Termination Amount (as defined in the Swap Agreement)" such amount will be calculated in a manner consistent with the methodology set out above.

Where a Delayed Redemption Event has occurred and the relevant event would also cause a termination of the Swap Agreement, in certain circumstances, the transaction constituted by the Swap Agreement may be split into two or more transactions, one of which will relate, *inter alia*, to the payment of interest amounts from a Deposit Agreement or from the relevant Reference Securities, as applicable, from the Issuer to the Swap Counterparty (a **"Continuing Interest Rate Swap Transaction"**) and only the transaction(s) other than the Continuing Interest Rate Swap Transaction will terminate prior to the Scheduled Swap Termination Date and the parties will continue to perform their obligations with respect to the Continuing Interest Rate Swap Transaction notwithstanding the occurrence of a Delayed Redemption Event. In such circumstances, only the transaction(s) other than the Continuing Interest Rate Swap Transaction will be terminated in connection with the relevant event and taken into account in the determination of the relevant Early Termination Amount (as defined in the Swap Agreement).

**"Delayed Redemption Event"** means an event which has led to the application of one or more of the following provisions in the Terms and Conditions of the Securities (including the additional terms and conditions of the Securities set out in the Annexes to the Terms and Conditions): Delayed Redemption on Occurrence of Additional Disruption Event and/or Optional Additional Disruption Event; Delayed Redemption on Occurrence of Index Adjustment Event; Delayed Redemption on Occurrence of Custom

Index Adjustment Event; Delayed Redemption on Occurrence of Extraordinary Event; Delayed Redemption on Occurrence of Debt Security Redemption Event; Delayed Redemption on the Occurrence of an Extraordinary ETI Event; and/or Delayed Redemption on Occurrence of Disruption Event.

Upon an early termination of a Swap Agreement, there is no assurance that any termination payment payable by the Swap Counterparty to the Issuer will be sufficient to repay the principal amount due to be paid in respect of the Notes and/or to pay any amounts that are due in respect of the Securities.

If the Issuer fails to perform any of its obligations under the Swap Agreement, this could lead to an Event of Default as defined in (a) Condition 11(a)(ii) where the Securities are Notes, whereupon the provisions of Conditions 11 and 12 of the Notes will apply, (b) Condition 12(a)(ii) where the Securities are Certificates, whereupon Conditions 12 and 14 of the Certificates will apply or (c) Condition 11(a)(ii) where the Securities are Warrants, whereupon the provisions of Conditions 11 and 13 of the Warrants will apply.

### Swap adjustments

Where one of Market Value or Highest Value is specified as applicable as the Early Redemption Amount applicable to Notes or Certificates in respect of one or more Early Redemption Events and such an Early Redemption Event occurs or another event occurs which results in the Market Value or Highest Value being payable in accordance with the terms and conditions of the Securities, the Swap Agreement will terminate and the amount payable as the termination payment in respect of the Swap Agreement will be equal to the Adjusted Early Termination Amount.

Where Monetisation Option is specified as applicable in respect of the Notes or Certificates in respect of one or more Early Redemption Events and such an Early Redemption Event occurs or another event occurs which results in the Monetisation Option being applicable in accordance with the terms and conditions of the Securities (a "**Monetisation Effective Event**"), the Swap Agreement will be split into two transactions with one transaction (the "**Terminating Transaction**") having a notional amount equal to the Terminating Swap Notional Amount and the Adjusted Early Termination Amount will be payable in respect of the Terminating Transaction and the other transaction (the "**Surviving Transaction**") will have a notional amount equal to the Swap Notional Amount less the Terminating Swap Notional Amount. The Surviving Transaction will also be deemed to be automatically adjusted so that where the Swap Counterparty may have an obligation to pay one or more amounts which are linked to the performance of an Underlying Reference, such payment obligation shall be amended so that an amount shall be due equal to the aggregate Monetisation Amount payable by the Issuer in respect of the relevant Securities less the final payment due to be received by the Issuer under the Deposit Agreement or the Reference Securities, as the case may be (and the calculation agent under the Swap Agreement may make any other necessary adjustments to the Swap Agreement it deems necessary as a consequence of the Monetisation Effective Event). Where such amount is a positive figure, the Swap Counterparty will pay such amount to the Issuer and, where such amount is a negative figure, the Issuer will pay the absolute value of such amount to the Swap Counterparty.

Where:

**"Adjusted Early Termination Amount"** means an amount equal to the amount of losses (expressed as a positive number) incurred or the gains (expressed as a negative number) realised by the Swap Counterparty in replacing, or in providing for the Swap Counterparty the economic equivalent of the material terms of the terminated transaction and the option rights of the parties in respect of the relevant terminated transaction provided that no account will be taken of funding costs or any loss or cost incurred in connection with the determining party terminating, liquidating or re-establishing any hedge related to the terminated transaction or any gain resulting therefrom. Where the Adjusted Early Termination Amount is a positive figure, an amount equal to such amount will be payable by the Issuer to the Swap Counterparty and where the Adjusted Early Termination Amount is a negative figure, an amount equal to the absolute value of such amount will be payable by the Swap Counterparty to the Issuer; and

**"Terminating Swap Notional Amount"** means the proportion of the notional amount of the Swap Agreement immediately prior to a Monetisation Effective Event (the "**Swap Notional Amount**") equal to

the proportion that the Nominal Amount of the Notes or Notional Amount of the Certificates, as the case may be, in respect of which the holders elect to receive the Market Value of such Securities bears to the Aggregate Nominal Amount of the Notes or Aggregate Notional Amount of the Certificates, as the case may be.

### **Collateralisation**

The Swap Counterparty may be required to provide collateralisation in respect of its obligations under the relevant Swap Agreement. Collateralisation may be provided: (a) under a 1995 ISDA Credit Support Annex (Transfer – English law) (a "**Credit Support Annex**"); (b) a 1995 ISDA Credit Support Deed (Security Interest – English law) (a "**Credit Support Deed**") or (c) by the deposit of Swap Counterparty Collateral (as defined below) in an account (the "**Pledged Account**") in the name of the Swap Counterparty secured in favour of the Issuer by a pledge or such other security interest governed by the law of such jurisdiction as specified in the applicable Final Terms (a "**Pledge**"). The amount of any collateralisation and the circumstances in which it is payable or deliverable will be set out in the Credit Support Structure specified as being applicable in the applicable Final Terms. The custodian of Swap Counterparty Collateral posted under a Credit Support Annex or Credit Support Deed may be the Custodian or such other bank or institution as specified in the applicable Final Terms. Any Swap Counterparty Collateral posted pursuant to a Credit Support Annex and/or any rights of the Issuer under any Credit Support Deed will be secured by a charge on such Swap Counterparty Collateral or an assignment of such rights in favour of the Trustee for the benefit of the relevant Holders of Securities. It will be a term of the Credit Support Annex that the Swap Counterparty will be entitled to substitute Swap Counterparty Collateral (as defined below) held under the relevant Credit Support Annex without the consent of the Issuer provided any replacement Swap Counterparty Collateral has a market value (as determined by the valuation agent under the Credit Support Annex) equal to the value of the Swap Counterparty Collateral which has been substituted and meets any other criteria specified in the Credit Support Annex. Under the Credit Support Deed, the Swap Counterparty is entitled to substitute Swap Counterparty Collateral with the consent of the Issuer provided any replacement Swap Counterparty Collateral has a market value (as determined by the valuation agent under the Credit Support Deed) equal to the value of the Swap Counterparty Collateral which has been substituted and meets any other criteria specified in the Credit Support Deed. The Trustee is not responsible for monitoring the market value of the Swap Counterparty Collateral or any replacement Swap Counterparty Collateral, and is entitled to rely on certificates of the valuation agent or Swap Counterparty without further investigation or enquiry. Under the Pledge, the Swap Counterparty is entitled to substitute Swap Counterparty Collateral with the consent of the Issuer provided any replacement Swap Counterparty Collateral has a market value (as determined by the valuation agent under the Pledge) equal to the value of the Swap Counterparty Collateral which has been substituted and meets any other criteria specified in the Pledge.

The collateral provided by the Swap Counterparty under the Credit Support Annex, Credit Support Deed or Pledge (the "**Swap Counterparty Collateral**"), will consist of one or more of: (a) bonds or notes issued or guaranteed by the government of (i) Canada, France, Germany, Italy, Japan, the United Kingdom or the United States of America; or (ii) a country within the Euro-zone; (b) shares, units or other interests in a UCITS Fund; (c) any securities rated AAA/AAA/Aaa by one or more of Standard & Poor's Credit Market Services Europe Limited ("**S&P**") or Fitch Ratings Limited ("**Fitch**") or Moody's Investors Service Ltd. ("**Moody's**") (including, without limitation, government bonds, corporate bonds, asset backed securities, Pfandbriefe and covered bonds); (d) cash denominated either in euro or sterling or, if not denominated in either euro or sterling, then denominated in the currency specified in the applicable Final Terms and/or (e) such other assets specified in the applicable Final Terms.

Each of S&P, Fitch and Moody's is a credit rating agency established and operating in the European Community prior to 7 June 2010 and is registered in accordance with the CRA Regulation pursuant to the list of registered and certified credit rating agencies published on the website of the European Securities and Markets Authority ([www.esma.europa.eu](http://www.esma.europa.eu)).

Substitution of Swap Counterparty Collateral by the Swap Counterparty under a Credit Support Annex or in respect of the pledged account will be permitted as set out in Condition 8(g) (*Compartment Assets*

*substitution under a Credit Support Annex, Credit Support Deed or Pledge*) of "Terms and Conditions of the Notes", Condition 9(g) (*Compartment Assets substitution under a Credit Support Annex, Credit Support Deed or Pledge*) of "Terms and Conditions of the Warrants" and Condition 9(g) (*Compartment Assets substitution under a Credit Support Annex, Credit Support Deed or Pledge*) of "Terms and Conditions of the Certificates". Substitution of Swap Counterparty Collateral by the Swap Counterparty under a Credit Support Deed will be permitted as set out in Condition 8(g) (*Compartment Assets substitution under a Credit Support Annex, Credit Support Deed or Pledge*) of "Terms and Conditions of the Notes", Condition 9(g) (*Compartment Assets substitution under a Credit Support Annex or Credit Support Deed*) of "Terms and Conditions of the Warrants" and Condition 9(g) (*Compartment Assets substitution under a Credit Support Annex or Credit Support Deed*) of "Terms and Conditions of the Certificates" and in the following paragraph.

If a Credit Support Deed is entered into, under such Credit Support Deed the Swap Counterparty will post Swap Counterparty Collateral for its obligations under the Swap Agreement and grant English law governed security over such Swap Counterparty Collateral in favour of the Issuer. The amount of credit support to be provided by the Swap Counterparty under a Credit Support Annex or Credit Support Deed will be adjusted on the Swap Agreement Valuation Dates (as defined below) specified in the applicable Final Terms in the manner set out in the applicable Credit Support Structure. Subject to the provisions of the Credit Support Annex or Credit Support Deed, the Issuer will pay all cash, securities or other property it receives in respect of the Swap Counterparty Collateral to the Swap Counterparty. On any Business Day, the Swap Counterparty, pursuant to the terms of the Credit Support Deed, may give notice to the Issuer that it wishes to transfer new Swap Counterparty Collateral to the Issuer in exchange for some or all of the Swap Counterparty Collateral held by, or previously transferred to, the Issuer. On the Business Day immediately following such request (provided that where consent is required from the Issuer, such consent is given), the Issuer will be obliged to transfer collateral (the "**Exchanged Securities**") of the same type, nominal value and amount as those requested by the Swap Counterparty against receipt from the Swap Counterparty of new Swap Counterparty Collateral with a market value (as of the date of such transfer) as close as practicable to, but in any event not less than, as determined by the Credit Support Valuation Agent, the market value (on the previous valuation date under the Swap Agreement) of the Exchanged Securities.

If a Pledge is entered into which is governed by Luxembourg law (as specified in the applicable Final Terms), under such Pledge the Swap Counterparty will hold Swap Counterparty Collateral for its obligations under the Swap Agreement in an account in the name of the Swap Counterparty and will grant security governed by Luxembourg law (particularly the law of 5 August 2005 on financial collateral arrangements as amended (*loi du 5 août 2005 sur les contrats de garantie financière comme modifiée*)) over such Swap Counterparty Collateral (including all amounts received by or payable to the Swap Counterparty in respect of any present and future assets whatsoever standing now and/or in the future to the credit of the Pledged Account and any claim to the credit balance thereof) in favour of the Issuer as pledgee.

"**Euro-zone**" means the region comprised of Member States of the European Union that adopt the euro in accordance with the Treaty on the Functioning of the European Community (signed in Rome on 25 March 1957), as amended by the Treaty on European Union (signed in Maastricht on 7 February 1992), the Treaty of Amsterdam (2 October 1997) and the Treaty of Nice (26 February 2001).

"**UCITS Fund**" means an investment fund that qualifies as an undertaking for collective investment in transferable securities within the scope of Council Directive 85/611/EEC of 20 December 1985 on the coordination of laws, regulations and administrative provisions relating to undertakings for collective investment in transferable securities (UCITS), as such directive is amended, superseded and replaced from time to time.

"**MtM Value**" means, with respect to a Swap Agreement Valuation Date under the Credit Support Deed or Credit Support Annex, an amount determined by the Credit Support Valuation Agent in its sole discretion as the amount which would be payable by the Swap Counterparty in respect of the early termination of the Swap Agreement on such Swap Agreement Valuation Date or, as the case may be, where Credit Support Structure 3 is applicable and Issuer may be obliged to provide Issuer Posted Collateral, the amount which

would be payable to the Swap Counterparty in respect of the early termination of the Swap Agreement on such Swap Agreement Valuation Date.

For the avoidance of doubt, if Credit Support Structure 3 is applicable, the Issuer may also be required to provide collateralisation in respect of its obligations under the relevant Swap Agreement under any Credit Support Annex or Credit Support Deed entered into with the Swap Counterparty so that either the Issuer or the Swap Counterparty or both of such parties may be required to provide collateralisation for their respective obligations under the relevant Swap Agreement.

Where Credit Support Structure 3 is applicable the amount of any collateralisation by the Issuer will be set out in the applicable Final Terms provided that the collateral to be posted by the Issuer will be the Reference Securities or cash in respect of the relevant Securities to which the Swap Agreement relates (the **"Issuer Posted Collateral"**) and provided further that the Issuer shall not be required to post a principal amount of collateral greater than the principal amount of Reference Securities or cash acquired by the Issuer in respect of the relevant Series to which the Swap Agreement relates or, at the relevant time, then held by the Issuer.

Where the Issuer is required to deliver Issuer Posted Collateral to the Swap Counterparty under a Credit Support Annex or Credit Support Deed, the security granted over the relevant Charged Assets in favour of the Trustee will automatically be released without requiring the consent of the Trustee. Where the Swap Counterparty is obliged under the terms of the Credit Support Annex or Credit Support Deed to pay or deliver cash or securities (which will be equivalent to those securities originally posted by the Issuer) by way of a return amount, such cash or securities will become subject to the security granted in favour of the Trustee by the Issuer in respect of the relevant Series.

If a Credit Support Deed is entered into, under such Credit Support Deed the Issuer will post Issuer Posted Collateral for its obligations under the Swap Agreement and grant English law governed security over such Issuer Posted Collateral in favour of the Swap Counterparty. If a Credit Support Annex is entered into, under such Credit Support Annex the Issuer will post Issuer Posted Collateral for its obligations under the Swap Agreement and will do so by transferring title to such Issuer Posted Collateral under the terms of the Credit Support Annex.

The amount of credit support to be provided by the Issuer under a Credit Support Annex or Credit Support Deed will be adjusted on the Swap Agreement Valuation Dates (as defined below) specified in the applicable Final Terms in the manner set out in the applicable Credit Support Structure. Subject to the provisions of the Credit Support Deed or the Credit Support Annex, as the case may be, the Swap Counterparty will pay all cash, securities or other property it receives in respect of the Issuer Posted Collateral to the Issuer.

#### **Transactions where a Swap Agreement is the only Charged Asset**

In relation to a Series of Securities where a Swap Agreement is the only Charged Asset and credit support is required to be provided by the Swap Counterparty, such Swap Agreement may be modified to replicate the economic effect of the a total return swap agreement so that the fair market value of the Swap Counterparty Collateral is always equal to the market value (or a proportion of such market value) of Securities held by Holders of Securities other than the Swap Counterparty.

In such circumstances, where the Swap Counterparty (or its affiliates) purchase Securities and wish to reduce the amount of Swap Counterparty Collateral posted, they are required to notify the Issuer and the Trustee of their holding of such Securities, and the Swap Counterparty Collateral posted under the Credit Support Annex, Credit Support Deed or Pledge would be reduced so that the fair market value of the Swap Counterparty Collateral would be equal to the fair market value (or the applicable proportion of such market value) of the Securities held by Holders of Securities other than the Swap Counterparty. Where the Swap Counterparty (or its affiliates) purchases Securities, it may deliver such Securities to the Issuer for cancellation.

Upon the occurrence of an Event of Default under the Securities or early termination of the Swap Agreement, the Swap Counterparty (or its affiliates) is obliged to deliver the Securities of such Series held by it to the Issuer. Upon downgrade of the rating of the Swap Counterparty (or, BNP Paribas, if the Swap Counterparty is BNP Paribas Fortis SA/NV) below the level specified in the relevant Swap Agreement, any Securities held by the Swap Counterparty (or its affiliates) will be transferred to an account over which security is granted in favour of the Issuer.

Upon the occurrence of an Automatic Exercise Event in respect of the relevant Series of Warrants, to the extent that Warrants held by the Swap Counterparty (or its affiliates) have not been delivered to the Issuer for cancellation, the Swap Counterparty is obliged to pay the Cash Settlement Amount in respect of all the unexercised Warrants of such Series (including those held by the Swap Counterparty or its affiliates).

### **Taxation**

Unless specified otherwise in the Swap Agreement, neither the Issuer nor the Swap Counterparty is obliged under the Swap Agreement to gross up any payment to be made under the Swap Agreement if withholding taxes are imposed. However, imposition of such withholding taxes may lead to the early termination of the relevant Swap Agreement.

### **Exclusivity**

The Issuer has agreed that it shall only enter into a Swap Agreement where BNP Paribas, BNP Paribas Arbitrage S.N.C. or any member of the BNPP Group is the counterparty, unless otherwise agreed by BNP Paribas Arbitrage S.N.C. or BNP Paribas. BNP Paribas Arbitrage S.N.C. will not act as Swap Counterparty in respect of Securities issued under this Base Prospectus which are the subject of a Non-exempt Offer or are listed on a regulated market.

## **DESCRIPTION OF THE CHARGED ASSETS - PART III - DESCRIPTION OF THE DEPOSIT AGREEMENT**

*The following description of the Deposit Agreement which the Issuer may enter into for each Series of Securities should be read in conjunction with the Final Terms for each Series, the applicable Charged Asset Description and together this description, the applicable Charged Asset Description and such Final Terms consists of a summary of certain provisions of such Deposit Agreement which is qualified in its entirety by reference to the detailed provisions of such Deposit Agreement for each specific Series of Securities. The following summary does not purport to be complete, and prospective investors must refer to the applicable Final Terms and the relevant Deposit Agreement for detailed information regarding the relevant Deposit Agreement.*

### **Deposit**

If specified in the applicable Final Terms, some or all of the proceeds of the Securities received by the Issuer on the Issue Date will be paid to such European bank or other financial institution with securities admitted to trading on a regulated or equivalent market as is specified in the applicable Final Terms (the "**Deposit Counterparty**") (such deposit, the "**Deposit**") pursuant to a deposit agreement (the "**Deposit Agreement**") entered into on the Issue Date between the Issuer and the relevant Deposit Counterparty).

### **Security**

The Issuer will grant security over its rights under the Deposit Agreement in favour of the Trustee for itself and as trustee for the Secured Parties in the manner set out in the applicable Final Terms for the relevant Series of Securities.

### **Interest**

The Deposit may bear interest (which may be positive or negative). Where such interest is positive and is used by the Issuer to make payments in respect of the Securities, the Final Terms will specify the rate of interest payable by the Deposit Counterparty under the Deposit.

### **Repayment**

The Final Terms will specify the date and terms on which the Deposit (and any interest accrued, if applicable) will be repaid to the Issuer.

### **Early repayment on a redemption following Swap Counterparty optional termination**

If Condition 7(f) (*Redemption following Swap Counterparty optional termination*) of "Terms and Conditions of the Notes", if Condition 9(h) (*Swap Counterparty optional termination*) of "Terms and Conditions of the Warrants" or if Condition 9(h) (*Swap Counterparty optional termination*) of "Terms and Conditions of the Certificates" is specified as applying in the applicable Final Terms, in the event that notice is given in accordance with such Condition, the Deposit will, unless otherwise specified in the applicable Final Terms, become repayable on the date specified for redemption of the relevant Notes or Certificates or the exercise of the Warrants, as the case may be (or such other date as is specified in the applicable Final Terms) in accordance with the Conditions together with, in the case of Notes or Certificates, any interest accrued and unpaid to such date.

### **Early repayment on a redemption following Issuer optional redemption**

If Condition 7(c) (*Redemption at the Option of the Issuer*) of "Terms and Conditions of the Notes", if Condition 8(d) (*Termination at the Option of the Issuer*) of "Terms and Conditions of the Warrants", or if Condition 8(c) (*Redemption at the Option of the Issuer*) of "Terms and Conditions of the Certificates" is specified as applying in the applicable Final Terms, in the event that notice is given in accordance with such Conditions, the Deposit will, unless otherwise specified in the applicable Final Terms, become

repayable on the date specified for redemption of the relevant Notes or Certificates, or the termination of the Warrants, as the case may be (or such other date as is specified in the applicable Final Terms) in accordance with the Conditions together with, in the case of Notes or Certificates, any interest accrued and unpaid to such date.

#### **Early repayment on a redemption following optional redemption by the relevant Holder of Securities**

If Condition 7(d) (*Redemption at the Option of the Noteholders*) of "*Terms and Conditions of the Notes*" or Condition 8(d) (*Redemption at the Option of the Certificateholders*) of "*Terms and Conditions of the Certificates*" is specified as applying in the applicable Final Terms, in the event that notice is given in accordance with such Condition, the Deposit will, unless otherwise specified in the applicable Final Terms, become repayable on the date specified for redemption of the relevant Notes or Certificates, as the case may be, (or such other date as is specified in the applicable Final Terms) in accordance with the applicable Conditions together with any interest accrued and unpaid to such date.

#### **Early repayment on purchase of Securities by the Issuer**

Upon purchase of Notes pursuant to Condition 7(i) (*Purchases*) of "*Terms and Conditions of the Notes*", purchase of Warrants pursuant to Condition 8(a) (*Purchases*) of "*Terms and Conditions of the Warrants*", or purchase of Certificates pursuant to Condition 8(i) (*Purchases*) of "*Terms and Conditions of the Certificates*" the Deposit will, unless otherwise specified in the applicable Final Terms, become repayable on the date of such purchase in a principal amount equal to the lesser of (i) in the case of the Notes or Certificates, an amount equal to the number of Notes or Certificates, as the case may be, that are so purchased divided by the total number of Notes or Certificates remaining outstanding immediately prior to such purchase multiplied by the then current value of the Deposit and, in the case of the Warrants, an amount equal to the number of Warrants that are so purchased divided by the total number of Warrants remaining unexercised immediately prior to such purchase multiplied by the then current value of the Deposit; and (ii) the notional amount of the Deposit, provided that if the Charged Assets relating to such Securities are constituted by a combination of Compartment Assets and Cash Assets, a *pro rata* proportion of the Deposit shall become so repayable and provided further that where the Securities are to be purchased in full, the Deposit shall be repaid in full together with any interest accrued and unpaid thereon.

#### **Early repayment on purchase of Securities by the Swap Counterparty**

Unless otherwise specified in the applicable Final Terms, upon termination of the Swap Agreement in whole or in part following the service of a written notice on the Issuer by the Swap Counterparty in accordance with Condition 8(h)(ii) (*Repurchase*) of "*Terms and Conditions of the Notes*", Condition 9(h)(ii) (*Repurchase*) of "*Terms and Conditions of the Warrants*" or Condition 9(h)(ii) (*Repurchase*) of "*Terms and Conditions of the Certificates*" the Deposit shall become repayable in an amount equal to the lesser of: (i) the Proportion (as defined, in the case of Notes, in Condition 8(h)(ii) of "*Terms and Conditions of the Notes*", in the case of Warrants, Condition 9(h)(ii) of "*Terms and Conditions of the Warrants*" and, in the case of Certificates, Condition 9(h)(ii) of "*Terms and Conditions of the Certificates*"); and (ii) the notional amount of the Deposit, provided that if the Charged Assets relating to such Securities are constituted by a combination of Compartment Assets and cash, a *pro rata* proportion of the Deposit shall become so repayable.

#### **Repayment**

The relevant amount payable to the Issuer under the Deposit Agreement by the Deposit Counterparty shall be paid on such date to such compartment account with such bank as the Issuer (or the Swap Counterparty, on behalf of the Issuer) may direct.

#### **Ratings**

The Final Terms will specify what ratings, if any, the Deposit Counterparty will be required to maintain.

## **Termination**

Termination of the Deposit Agreement prior to its scheduled termination date will occur in limited circumstances, including, without limitation:

- (a) payment defaults by the Issuer or the Deposit Counterparty under the Deposit Agreement;
- (b) insolvency related events relating to the Issuer and/or the Deposit Counterparty;
- (c) the occurrence of an Early Redemption Event in the case of Notes or Certificates or an Early Termination Event in the case of warrants or an Event of Default in respect of the Securities in respect of which the Deposit Agreement has been entered into; and
- (d) the Issuer purchasing all the Securities outstanding.

The occurrence of the events in (a) and (b) will constitute an Early Redemption Event in the case of Notes or Certificates or an Early Termination Event in the case of Warrants and will lead to each Security being redeemed at its Early Redemption Amount in the case of Notes or Certificates or Early Termination Amount in the case of Warrants. Where the Deposit Agreement terminates prior to its scheduled termination date for whatever reason, the Issuer may receive an amount lower than the scheduled final payment which would have paid on such scheduled termination date from the Deposit Counterparty.

## **Taxation**

Unless otherwise specified in the applicable Final Terms, all payments by the Deposit Counterparty will be made net of any deduction or withholding of any nature required to be made from such payments by applicable law or regulation.

## **Purchase of Securities by the Deposit Counterparty**

The Issuer may agree to purchase Securities which have been purchased by the Deposit Counterparty. Such purchase by the Issuer will be funded by the realisation of the equivalent proportion of the Charged Assets. Any such purchase by the Issuer will be made in accordance with Condition 7(i) (*Purchases*) of "*Terms and Conditions of the Notes*" (in the case of Notes), Condition 8(a) (*Purchases*) of "*Terms and Conditions of the Warrants*" (in the case of Warrants) and Condition 8(i) (*Purchases*) of "*Terms and Conditions of the Certificates*" (in the case of Certificates).

## DESCRIPTION OF THE CHARGED ASSETS - PART IV - DESCRIPTION OF THE REPURCHASE AGREEMENT

*The following description of the Repurchase Agreement should be read in conjunction with the Final Terms for each Series of Securities and the applicable Charged Asset Description, together this description and the applicable Charged Asset Description and such Final Terms consists of a summary of certain provisions of the Repurchase Agreement which is qualified by reference to the detailed provisions of the Repurchase Agreement for each specific Series of Securities. The following summary, in conjunction with the summary in the applicable Final Terms, does not purport to be complete, and prospective investors must refer to the relevant Repurchase Agreement for detailed information regarding the Repurchase Agreement.*

### Repurchase Agreement

If specified in the Final Terms, a European bank or other financial institution with securities admitted to trading on a regulated or equivalent market (as specified in the applicable Final Terms) (in such capacity, the "**Repo Counterparty**") and the Issuer will enter into one or more master repurchase agreements, in each case substantially in the form of (i) a 2000 TBMA/ISMA Global Master Repurchase Agreement, (ii) an FBF Master Agreement for Purchase Transactions (*Convention Cadre FBF relative aux opérations de pensions livrées*) or (iii) a similar master agreement for repurchase transactions (each as amended, supplemented or otherwise modified from time to time and each a "**Master Repurchase Agreement**"). Pursuant to the Master Repurchase Agreement the Issuer may enter into a series of repurchase transactions (each a "**Repo Transaction**") for each Series of Securities (together, for each Series, a "**Repurchase Agreement**") with the Repo Counterparty in respect of the securities or other assets specified in the applicable Final Terms (the "**Repo Collateral Securities**"). Under each such Repo Transaction, the Repo Counterparty will be the seller of Repo Collateral Securities which will constitute the Compartment Assets for the relevant Series and the Issuer will be the buyer. The Issuer will grant security over its rights under the Repurchase Agreement and over the Compartment Assets purchased thereunder in favour of the Trustee for itself and as trustee for the Secured Parties in the manner set out in the applicable Final Terms for the relevant Series of Securities.

Under the Repurchase Agreement, on the Initial Repo Purchase Date specified in the applicable Final Terms for the relevant Series of Securities, the Issuer will purchase from the Repo Counterparty the Repo Collateral Securities specified in the applicable Final Terms for a consideration and with a market value equal to the amount set out in the applicable Final Terms.

The first Repo Transaction will commence on the Initial Repo Purchase Date and end on the first Repo Date immediately following the Initial Repo Purchase Date. Each subsequent Repo Transaction will commence on a Repo Date (in each case, together with the Initial Repo Purchase Date, a "**Purchase Date**") and end on the next following Repo Date (in each case, together with the first Repo Date, a "**Repurchase Date**") with the last such Repo Transaction terminating on the Final Repo Date. On each Repurchase Date for each Series of Securities, the Repo Counterparty will repurchase securities equivalent to the Repo Collateral Securities sold by it in relation to such Series of Notes, Warrants or Certificates on the previous Purchase Date for a consideration equal to the purchase price for that Repo Transaction as specified in the applicable Final Terms together with a price differential or accrued interest amount (the "**Price Differential**" or the "**Accrued Interest**") determined in accordance with the terms of the Repurchase Agreement (together, in each case for each Series of Securities, the "**Repurchase Price**"). Subsequent Transactions need not relate to the same portfolio of Compartment Assets, but will have the same purchase price (in each case, the "**Purchase Price**"), subject to adjustment if the Securities are purchased by the Issuer or further Tranches of Securities are issued by the Issuer.

## Purchase of Securities

Where further Tranches of Securities are issued and the Issuer purchases additional Repo Collateral Securities from the Repo Counterparty under the Repurchase Agreement (which for avoidance of doubt will be repurchased by the Repo Counterparty on the same Repo Date as the Repo Collateral Securities purchased by the Issuer on the immediately preceding Repo Date) or where the Issuer purchases Securities and sells Repo Collateral Securities to the Repo Counterparty in order to fund such purchase, a fee in addition to the relevant Purchase Price or Repurchase Price (as applicable) may be payable by the Issuer to the Repo Counterparty or by the Repo Counterparty to the Issuer depending on prevailing market conditions. Where the Issuer purchases Securities, a Repurchase Date shall occur with respect to the proportion of the Repurchase Agreement equal to the Nominal Amount of Notes, the Notional Amount of Certificates or the number of Warrants, as the case may be, being purchased (the "**Purchased Proportion**") and Accrued Interest will be reflected in the Repurchase Price paid by the Repo Counterparty to the Issuer in respect of the Purchased Proportion.

Capitalised terms used in this "Description of the Repurchase Agreement" and not defined herein shall have the meanings given to them in the Final Terms for the relevant Series of Securities or the applicable Charged Asset Structure.

## Early termination and cancellation

Any Repurchase Agreement for a Series of Securities will be subject to early termination only in limited circumstances, including without limitation:

- (a) payment defaults and/or failure to deliver securities by the Issuer or the Repo Counterparty under such Repurchase Agreement;
- (b) bankruptcy events relating to the Issuer or the relevant Repo Counterparty;
- (c) in the case of Notes and Certificates, the early redemption or, in the case of Warrants, the cancellation, as applicable, or an event of default of the Series of Securities in respect of which the Repurchase Agreement has been entered into; and
- (d) tax events relating to the Issuer or the relevant Repo Counterparty.

Upon early termination of the Repurchase Agreement, a termination payment may be due between the parties in accordance with the terms of the relevant Repurchase Agreement.

## Further notes, warrants or certificates

If the Issuer issues further notes pursuant to Condition 16 (*Further Notes*) of "*Terms and Conditions of the Notes*", further Warrants pursuant to Condition 15 (*Further Warrants*) of "*Terms and Conditions of the Warrants*", or further Certificates pursuant to Condition 17 (*Further Certificates*) of "*Terms and Conditions of the Certificates*" as applicable, the Issuer may purchase from the Repo Counterparty Compartment Assets for a consideration of, and with a market value equal to, the principal amount of such further notes (or such proportion as is specified where an amount less than the full proceeds of the issue of such further notes is used to purchase Compartment Assets) or the aggregate issue price of such further Warrants (or such proportion as is specified where an amount less than the full proceeds of the issue of such further Warrants, is used to purchase Compartment Assets), or the aggregate issue proceeds such further Certificates (or such proportion as is specified where an amount less than the full proceeds of the issue of such further Certificates is used to purchase Compartment Assets) each as set out in the applicable Final Terms. Following such issue, the Repurchase Price for the then current Repo Transaction shall be increased by such principal amount (or such proportion of such principal amount) or the aggregate issue price (or such proportion of such market aggregate issue price) and the Purchase Price for all subsequent Transactions shall then be increased by an amount equal to such principal amount (or such proportion of such principal amount) or such aggregate issue price (or such proportion of such aggregate issue price).

### **Substitution of Compartment Assets**

For each Series of Securities, the Repurchase Agreement will permit the Repo Counterparty to deliver to the Issuer new Repo Collateral Securities in substitution or exchange for existing Repo Collateral Securities relating to a Series of Securities, subject to the relevant Repurchase Agreement, provided that such substitution or exchange does not result in the Issuer becoming subject to a Net Exposure under the current Transaction for that Series of Securities. Such substitution or exchange in respect of Repo Collateral Securities relating to any Series shall take place without the need for the Repo Counterparty to obtain any prior consents.

### **Downgrade**

The Repo Counterparty may be required to provide collateralisation in respect of its obligations under the Repurchase Agreement upon the occurrence of certain events linked to the rating of the Repo Counterparty. The amount of collateralisation and the circumstances in which it is due to be paid will be set out in the Final Terms.

## DESCRIPTION OF THE CHARGED ASSETS - PART V - CHARGED ASSET STRUCTURES

*One of the following descriptions of the Charged Asset Structures will apply to the Securities as specified in the applicable Final Terms which will also set out certain other information ("**Variable Information**") applicable to the relevant Charged Asset Structure as specified below.*

*The applicable Final Terms will replicate the applicable paragraphs from the applicable Charged Asset Structure provided that information which is not relevant to a particular Series of Securities will not be replicated and references to "Automatic Early Settlement Amount", "Automatic Early Settlement" and "or where Automatic Early Settlement is applicable", "Automatic Early Settlement Event (where applicable)" and associated references may be deleted where Automatic Early Settlement does not apply. Where the applicable Compartment Assets are not Reference Securities, complete one of Charged Asset Structure 2, 5 and 6 in the applicable Final Terms changing references to Reference Securities to "Compartment Assets" and Reference Security Issuer to "Compartment Asset Obligor".*

### Charged Asset Structure 1 - Interest bearing Deposit Agreement and Swap Agreement

#### 1. General

- 1.1 On or before the Issue Date, the Issuer will enter into the Swap Agreement with the Swap Counterparty and the Deposit Agreement with the Deposit Counterparty.
- 1.2 For further details relating to the Swap Agreement, please see "*Description of the Charged Assets – Part II – Description of the Swap Agreement*" and for further details relating to the Deposit Agreement, please see "*Description of the Charged Assets – Part III – Description of the Deposit Agreement*".

#### 2. Payments under the Deposit Agreement

- 2.1 Under the Deposit Agreement the Issuer will pay on the Initial Remittance Payment Date the Initial Remittance (the "**Deposit**") to the Deposit Counterparty.
- 2.2 *Where "Initial Condition Precedent" is specified as applicable in the applicable Final Terms:*

The Issuer's obligation to pay or procure the payment of the Initial Remittance under the Deposit Agreement will be subject to the condition precedent that the Dealer has determined in its absolute discretion that it has received from the Authorised Offeror an amount equal to the Initial Purchase Payment Amount by no later than the Initial Condition Precedent Time on the Initial Condition Precedent Date. If the Dealer determines that it has not received such amounts, the Swap Counterparty may exercise its option to terminate the Swap Agreement and the Issuer shall repurchase the Securities in accordance with the Repurchase Condition, which will lead to the termination of the Deposit Agreement.

- 2.3 *Where "Negative Interest" is not specified as applicable in the applicable Final Terms:*

On each interest payment date under the Deposit Agreement (each a "**Deposit Interest Payment Date**"), the Deposit Counterparty will pay an amount of interest to the Issuer in respect of the Deposit (each such amount, a "**Deposit Interest Amount**").

- 2.4 *Where "Negative Interest" is specified as applicable in the applicable Final Terms:*

On each interest payment date under the Deposit Agreement (each a "**Deposit Interest Payment Date**"), the Deposit Counterparty will pay an amount of interest to the Issuer in respect of the Deposit, or where the amount of interest is negative, the Issuer will pay the absolute value of such amount to the Deposit Counterparty (each amount, a "**Deposit Interest Amount**").

- 2.5 On or before the Final Payment Date or, (where Automatic Early Settlement is applicable to the Securities) if an Automatic Early Settlement Event has occurred, the Automatic Early Settlement Date (either such date, the "**Deposit Termination Date**"), the Deposit Counterparty will pay an amount to the Issuer equal to the Final Deposit Payment.

On each Additional Issuer Deposit Payment Date (if any), the Issuer will pay the relevant Additional Issuer Deposit Amount to the Deposit Counterparty.

On each Additional Counterparty Deposit Payment Date (if any), the Deposit Counterparty will pay the Additional Counterparty Deposit Amount to the Issuer.

- 2.6 *The applicable Variable Information for this paragraph 2 is:*

- (a) The Initial Remittance Payment Date: [specify]
- (b) The Initial Remittance:[Full Proceeds/Partial Proceeds]. [Additional Proceeds Amount: Applicable/Not applicable]
- (c) Additional Proceeds Payer: [specify/delete if Additional Proceeds Amount is not applicable]
- (d) Additional Proceeds Amount: [specify/delete if Additional Proceeds Amount is not applicable]
- (e) Initial Condition Precedent: [Applicable] (where Initial Condition Precedent is not applicable do not replicate paragraph 2.2)
- (f) Initial Condition Precedent Date:[specify/delete if Initial Condition Precedent is not applicable]
- (g) Initial Condition Precedent Time:[specify/delete if Initial Condition Precedent is not applicable]
- (h) Initial Purchase Payment Amount: [specify]/[delete if amount is equal to the Aggregate Issue Amount]
- (i) Final Deposit Payment: [specify]
- (i) Additional Issuer Deposit Payment Date: [specify/delete if there is no Additional Issuer Deposit Amount]
- (j) Additional Issuer Deposit Amount: [specify/delete]
- (k) Additional Counterparty Deposit Payment Date: [specify/delete if there is no Additional Counterparty Deposit Amount]
- (l) Additional Counterparty Deposit Amount: [specify/delete]
- (m) Negative Interest: [Applicable] [delete if Negative Interest not applicable]

### **3. Payments under the Swap Agreement**

- 3.1 *If Initial Swap Payment is specified as applicable in the applicable Final Terms:*

On the Initial Swap Payment Date, the Swap Counterparty will pay an amount to the Issuer equal to the Initial Swap Payment Amount.

- 3.2 *Where Alternative Initial Payment Structure is specified in the applicable Final Terms (where this paragraph 3.2 applies, paragraph 3.1 should not be replicated in the applicable Final Terms):*

On the Initial Swap Payment Date, the Issuer will pay an amount to the Swap Counterparty equal to the Issuer Initial Swap Payment Amount.

- 3.3 *Where "Negative Interest" is not specified as applicable, the following paragraph 3.3 applies and paragraph 3.11 should not be replicated in the Final Terms:*

Under the Swap Agreement, on or after each Deposit Interest Payment Date, the Issuer will pay an amount (if any) in the currency in which the Deposit is denominated equal to the Deposit Interest Amount received by the Issuer on such date to the Swap Counterparty provided that no Automatic Early Settlement Event (where applicable), Early Payment Event or Event of Default has occurred.

- 3.4 *Where an Interim Payment Amount is payable in respect of the Securities:*

Where an Interim Payment Amount is payable in respect of the Securities, the Swap Counterparty will pay an amount to the Issuer which will be equal to such Interim Payment Amount on or before the date on which such payment is due to be made by the Issuer provided that no Automatic Early Settlement Event (where applicable), Early Payment Event or Event of Default has occurred.

- 3.5 *Where Automatic Early Settlement is applicable in respect of the Securities:*

If, on any Automatic Early Settlement Valuation Date, an Automatic Early Settlement Event occurs:

- (a) where the Aggregate Automatic Early Settlement Amount is greater than the Final Deposit Payment, the Swap Counterparty will on or prior to the relevant Automatic Early Settlement Date pay an amount to the Issuer which, when added to the proceeds received by the Issuer from the Deposit Counterparty under the Deposit Agreement on or around such date, will be equal to the relevant Aggregate Automatic Early Settlement Amount, provided that no Early Payment Event or Event of Default has occurred; or
- (b) where the Aggregate Automatic Early Settlement Amount is equal to the Automatic Early Settlement Deposit Payment Amount, no further payment will be made under the Swap Agreement (other than in respect of any unpaid Deposit Interest Amounts) and, where the Aggregate Automatic Early Settlement Amount is less than the Automatic Early Settlement Deposit Payment Amount, the Issuer will be obliged to pay an amount to the Swap Counterparty equal to the difference between the Automatic Early Settlement Deposit Payment Amount and the Aggregate Automatic Early Settlement Amount.

- 3.6 *Where the Issuer may be obliged to pay an Aggregate Final Payment Amount which is greater than the Final Deposit Payment:*

On or prior to the Final Payment Date, where the Issuer is to pay an Aggregate Final Payment Amount which is greater than the Final Deposit Payment, the Swap Counterparty will pay an amount to the Issuer which, when added to the proceeds received by the Issuer from the Deposit Counterparty under the Deposit Agreement on or around such date, will be equal to the aggregate of the Final Payment Amounts that the Issuer is scheduled to pay in respect of the Securities then outstanding, provided that no Automatic Early Settlement Event (where applicable), Early Payment Event or Event of Default has occurred.

Where the Aggregate Final Payment Amount is equal to the Final Deposit Payment, no further payment will be made under the Swap Agreement (other than in respect of unpaid Deposit Interest Amounts).

- 3.7 *Where Aggregate Final Payment Amount is less than the Final Deposit Payment:*

Where the Aggregate Final Payment Amount is less than the Final Deposit Payment, the Issuer will be obliged to pay an amount to the Swap Counterparty equal to the difference between the Final Deposit Payment and the Aggregate Final Payment Amount.

- 3.8 The amount of cash which is subject to the Deposit Agreement and the notional amount of the Swap Agreement will be reduced to take account of any purchase and cancellation of Securities by the Issuer and the reduction of the Aggregate Amount of the Securities as a consequence. Upon a purchase of the Securities by the Issuer pursuant to the Relevant Purchase Conditions, a payment will be due under the Deposit Agreement on or before the date of such purchase in an amount equal to the proportional amount of the Deposit that relates to the Aggregate Amount of the Securities so purchased.
- 3.9 On each Additional Issuer Swap Payment Date, the Issuer will pay the relevant Additional Issuer Swap Payment Amount to the Swap Counterparty.
- 3.10 On each Additional Counterparty Swap Payment Date, the Swap Counterparty will pay the relevant Additional Counterparty Swap Payment Amount to the Issuer.
- 3.11 *Where "Negative Interest" is specified as applicable (do not replicate paragraph 3.3 if this paragraph 3.11 is replicated):*

Under the Swap Agreement, on or after each Deposit Interest Payment Date, the Issuer will pay an amount (if any) in the currency in which the Deposit is denominated equal to the Deposit Interest Amount received by the Issuer on such date to the Swap Counterparty or, where the Deposit Interest Amount is a negative amount, on or before each Deposit Interest Payment Date, the Swap Counterparty will pay an amount (if any) in the currency in which the Deposit is denominated equal to the absolute value of the Deposit Interest Amount payable by the Issuer on such date to the Deposit Counterparty, in each case provided that no Automatic Early Settlement Event (where applicable), Early Payment Event or Event of Default has occurred.

- 3.12 Payments under the Swap Agreement will only be made on Swap Business Days.
- 3.13 *The applicable Variable Information for this paragraph 3 is:*
- (a) Initial Swap Payment Date: [specify]
  - (b) Initial Swap Payment/Alternative Initial Payment Structure: Applicable  
where Initial Swap Payment is applicable:
    - (i) Issuer Fees Amount: [Applicable]/[delete]
    - (ii) Additional Issuer Fees Amount: [specify/delete]
    - (iii) Additional Initial Swap Payment Amount: [specify]/delete (if not applicable)
    - (iv) Alternative Initial Swap Payment Amount: [specify]/[delete if Issuer Fees Amount is applicable]where Alternative Initial Payment Structure is applicable: Issuer Initial Swap Payment Amount: [specify]
  - (c) Interim Payment Amount: [Interest Amount]/[Premium Amount][specify] [NB: more than one such amount may be payable]/[delete if not applicable]
  - (d) Additional Issuer Swap Payment Date: [specify/delete if there is no Additional Issuer Swap Payment Amount]
  - (e) Additional Issuer Swap Payment Amount: [specify/delete]
  - (f) Additional Counterparty Swap Payment Date: [specify/delete if there is no Additional Counterparty Swap Payment Amount]

- (g) Additional Counterparty Swap Payment Amount: [specify/delete]
- (h) Swap Business Days: [specify]

**4. Arrangements upon which payments to investors are dependent**

The Issuer is dependent on receiving payments (if any) when due from the Swap Counterparty pursuant to the Swap Agreement and/or the Deposit Counterparty under the Deposit Counterparty in the manner described in paragraphs 2 and 3 above in order to pay:

- (a) the Automatic Early Settlement Amount in respect of each outstanding Security;
- (b) any Interim Payment Amount in respect of each outstanding Security; and/or
- (c) the Final Payment Amount on the Final Payment Date in respect of each outstanding Security.

**5. Collection of payments**

Payments made under the Swap Agreement or the Deposit Agreement to the Issuer will be paid to the relevant Compartment Account (as defined in the Conditions) and the Issuer will use the moneys standing to the credit of the Compartment Account to pay any Interim Payment Amount, the Automatic Early Settlement Amount in respect of each outstanding Security on the Automatic Early Settlement Date, and where applicable, the Final Payment Amount on the Final Payment Date in respect of each outstanding Security.

**Charged Asset Structure 2 - Zero Coupon Bond and Swap Agreement**

**1. General**

- 1.1 On or before the Issue Date, the Issuer will enter into the Swap Agreement with the Swap Counterparty. On the Initial Reference Security Purchase Date(s), the Issuer will purchase the Reference Securities.
- 1.2 For further details relating to the Swap Agreement, please see "*Description of the Charged Assets – Part II – Description of the Swap Agreement*".
- 1.3 *The applicable Variable Information for this paragraph 1 is:*
  - (a) Initial Reference Security Purchase Date: [specify date(s)]
  - (b) Reference Securities: [specify][NB must form all or part of the Charged Assets specified in the applicable Final Terms]

**2. Payments under the Swap Agreement**

- 2.1 *Where Alternative Initial Payment Structure is not specified as applicable in the applicable Final Terms:*

On the Initial Swap Payment Date, the Issuer will pay an amount to the Swap Counterparty which is equal to the Available Proceeds (if any).
- 2.2 *Where Alternative Initial Payment Structure is specified in the applicable Final Terms:*

On the Initial Swap Payment Date, the Swap Counterparty will pay an amount to the Issuer equal to the Initial Swap Payment Amount.
- 2.3 *Where "Initial Condition Precedent" is specified as applicable in the applicable Final Terms:*

The Issuer's obligation to pay the purchase price of the Reference Securities will be subject to the condition precedent that the Dealer has determined in its absolute discretion that it has received from the Authorised Offeror an amount equal to the Initial Purchase Payment Amount by no later than the Initial Condition Precedent Time on the Initial Condition Precedent Date. If the Dealer determines that it has not received such amounts, the Swap Counterparty may exercise its option to terminate the Swap Agreement and the Issuer shall repurchase the Securities in accordance with the Repurchase Condition.

2.4 *Where an Interim Payment Amount is payable in respect of the Securities:*

Where an Interim Payment Amount is payable in respect of the Securities, the Swap Counterparty will pay an amount to the Issuer which will be equal to such Interim Payment Amount on or before the date on which such payment is due to be made by the Issuer provided that no Automatic Early Settlement Event (where applicable), Early Payment Event or Event of Default has occurred.

2.5 *Where the Issuer may be obliged to pay an Aggregate Final Payment Amount which is greater than the Final Deposit Payment:*

On or prior to the Final Payment Date, where the Issuer is to pay an Aggregate Final Payment Amount which is greater than the Scheduled Final Bond Payment, the Swap Counterparty will pay an amount to the Issuer which, when added to the proceeds due to be received by the Issuer from the Reference Securities on or around such date, will be equal to the aggregate of the Final Payment Amounts that the Issuer is scheduled to pay in respect of the Securities then outstanding, provided that no Automatic Early Settlement Event (where applicable), Early Payment Event or Event of Default has occurred.

2.6 *Where Automatic Early Settlement is applicable in respect of the Securities:*

If, on any Automatic Early Settlement Valuation Date, an Automatic Early Settlement Event occurs:

- (i) where the Aggregate Automatic Early Settlement Amount is greater than the Automatic Early Settlement Reference Security Unwind Proceeds, the Swap Counterparty will on or prior to the relevant Automatic Early Settlement Date pay an amount to the Issuer which, when added to the proceeds received by the Issuer from the relevant Early Settlement Reference Security Unwind on or around such date, will be equal to the relevant Aggregate Automatic Early Settlement Amount, provided that no Early Payment Event or Event of Default has occurred; or
- (ii) where the Aggregate Automatic Early Settlement Amount is equal to the Automatic Early Settlement Reference Security Unwind Proceeds, no further payment will be made under the Swap Agreement in respect of the Aggregate Automatic Early Settlement Amount and, where the Aggregate Automatic Early Settlement Amount is less than the Automatic Early Settlement Reference Security Unwind Proceeds, the Issuer will be obliged to pay an amount to the Swap Counterparty equal to the difference between the proceeds received by the Issuer in respect of the Reference Securities following the Early Settlement Reference Security Unwind and the Aggregate Automatic Early Settlement Amount.

2.7 The notional amount of the Swap Agreement and the aggregate nominal amount of the Reference Securities will be reduced to take account of any purchase and cancellation of Securities by the Issuer so that the notional amount of the Swap Agreement and the aggregate nominal amount of the Reference Securities held by the Issuer at any time will (in each case) be equal to the Aggregate Issue Amount of the Securities left outstanding immediately following any such repurchase in the case of the Swap Agreement and equal to the Collateralisation Notional Amount in the case of the Reference Securities.

- 2.8 On each Additional Issuer Swap Payment Date, the Issuer will pay the relevant Additional Issuer Swap Payment Amount to the Swap Counterparty.
- 2.9 On each Additional Counterparty Swap Payment Date, the Swap Counterparty will pay the relevant Additional Counterparty Swap Payment Amount to the Issuer.
- 2.10 Payments under the Swap Agreement will only be made on Swap Business Days.
- 2.11 *The applicable Variable Information for this paragraph 2 is:*
- (a) Initial Swap Payment Date: [specify]
  - (b) Alternative Initial Payment Structure: [Applicable][delete]
  - (c) Initial Swap Payment Amount: [specify][delete where Alternative Initial Payment Structure is not applicable]
  - (d) Initial Condition Precedent: [Applicable] (where Initial Condition Precedent is not applicable do not replicate paragraph 2.3)
  - (e) Initial Condition Precedent Date: [specify/delete if Initial Condition Precedent is not applicable]
  - (f) Initial Condition Precedent Time: [specify/delete if Initial Condition Precedent is not applicable]
  - (g) Initial Purchase Payment Amount: [specify]/[delete if amount is equal to the Aggregate Issue Amount]
  - (h) Interim Payment Amount: [Interest Amount]/[Premium Amount][specify] *[NB: more than one such amount may be payable]/[delete if not applicable]*
  - (i) Early Settlement Reference Security Unwind: [Reference Security Automatic Early Redemption applicable]/[Reference Security Put applicable]/[and][Reference Security Automatic Settlement Sale applicable]*[select applicable options; delete if Automatic Early Settlement is not applicable]*
  - (j) Collateralisation Percentage: [specify]
  - (k) Additional Issuer Swap Payment Date: [specify/delete if there is no Additional Issuer Swap Payment Amount]
  - (l) Additional Issuer Swap Payment Amount: [specify/delete]
  - (m) Additional Counterparty Swap Payment Date: [specify/delete if there is no Additional Counterparty Swap Payment Amount]
  - (n) Additional Counterparty Swap Payment Amount: [specify/delete]
  - (o) Swap Business Days: [specify]

### **3. Payments under the Reference Securities**

- 3.1 On the Initial Reference Security Purchase Date, the Issuer will use up to 100 per cent of the net issue proceeds of the Securities, and where the Alternative Initial Payment Structure is applicable, all or part of the Initial Swap Payment Amount, to purchase the Reference Securities.
- 3.2 On the Scheduled Final Bond Payment Date, the Reference Security Issuer will pay to the Issuer the Scheduled Final Bond Payment which the Issuer will use, together with the amount received

under the Swap Agreement (if any) on or around such date as set out in paragraph 2.5 above, to pay the Final Payment Amount in respect of each Security.

3.3 *Where Automatic Early Settlement is applicable in respect of the Securities:*

Where an Automatic Early Settlement Event occurs, the Reference Securities will be the subject of one or both of (a) automatic early redemption where Reference Security Automatic Early Redemption is specified as applicable in the applicable Final Terms, (b) a put at the option of the Issuer where Reference Security Put is specified as applicable in the applicable Final Terms and/or (c) the Issuer will sell the Reference Securities where Reference Security Automatic Settlement Sale is specified as applicable in the applicable Final Terms.

3.4 *The applicable Variable Information for this paragraph 3 is:*

- (a) Scheduled Final Bond Payment Date(s): [specify date(s)]
- (b) [Reference Security Automatic Early Redemption applicable]/[Reference Security Put applicable]/[and][Reference Security Automatic Settlement Sale applicable][*select applicable options; delete if Automatic Early Settlement is not applicable*]

**4. Arrangements upon which payments to investors are dependent**

The Issuer is dependent on receiving payments (if any) when due from the Swap Counterparty pursuant to the Swap Agreement and/or from the Reference Security Issuer under the Reference Securities in the manner described in paragraphs 2 and 3 above in order to pay:

- (a) the Automatic Early Settlement Amount in respect of each outstanding Security;
- (b) any Interim Payment Amount in respect of each outstanding Security; and/or
- (c) the Final Payment Amount on the Final Payment Date in respect of each outstanding Security.

**5. Collection of payments**

Payments made under the Swap Agreement or the Reference Securities to the Issuer will be paid to the relevant Compartment Account (as defined in the Conditions) and the Issuer will use the moneys standing to the credit of the Compartment Account to pay any Interim Payment Amount, the Automatic Early Settlement Amount in respect of each outstanding Security or the Automatic Early Settlement Date (where applicable) Final Payment Amount in respect of each Security outstanding on the Final Payment Date.

**Charged Asset Structure 3 - Non-interest bearing Deposit Agreement and Swap Agreement**

**1. General**

- 1.1 On or before the Issue Date, the Issuer will enter into the Swap Agreement with the Swap Counterparty and the Deposit Agreement with the Deposit Counterparty.
- 1.2 For further details relating to the Swap Agreement, please see "*Description of the Charged Assets – Part II – Description of the Swap Agreement*" and for further details relating to the Deposit Agreement, please see "*Description of the Charged Assets – Part III – Description of the Deposit Agreement*".

**2. Payments under the Deposit Agreement**

- 2.1 Under the Deposit Agreement, the Issuer will pay on the Initial Remittance Payment Date the Initial Remittance (the "**Deposit**") to the Deposit Counterparty.

2.2 *Where "Initial Condition Precedent" is specified as applicable in the applicable Final Terms:*

The Issuer's obligation to pay or procure the payment of the Initial Remittance under the Deposit Agreement will be subject to the condition precedent that the Dealer has determined in its absolute discretion that it has received from the Authorised Offeror an amount equal to the Initial Purchase Payment Amount by no later than the Initial Condition Precedent Time on the Initial Condition Precedent Date. If the Dealer determines that it has not received such amounts, the Swap Counterparty may exercise its option to terminate the Swap Agreement and the Issuer shall repurchase the Securities in accordance with the Repurchase Condition, which will lead to the termination of the Deposit Agreement.

2.3 On or before the Final Payment Date or, (where Automatic Early Settlement is applicable to the Securities) if an Automatic Early Settlement Event has occurred, the Automatic Early Settlement Date (either such date, the "**Deposit Termination Date**"), the Deposit Counterparty will pay an amount to the Issuer equal to the Final Deposit Payment.

2.4 On each Additional Issuer Deposit Payment Date (if any), the Issuer will pay the relevant Additional Issuer Deposit Amount to the Deposit Counterparty.

2.5 On each Additional Counterparty Deposit Payment Date (if any), the Deposit Counterparty will pay the Additional Counterparty Deposit Amount to the Issuer.

2.6 *The applicable Variable Information for this paragraph 2 is:*

- (a) The Initial Remittance Payment Date;
- (b) The Initial Remittance: [Full Proceeds/Partial Proceeds]. [Additional Proceeds Amount: Applicable/Not applicable]
- (c) Additional Proceeds Payer: [specify/delete if Additional Proceeds Amount is not applicable]
- (d) Additional Proceeds Amount: [specify/delete if Additional Proceeds Amount is not applicable]
- (e) Initial Condition Precedent: [Applicable] (where Initial Condition Precedent is not applicable do not replicate paragraph 2.2)
- (f) Initial Condition Precedent Date: [specify/delete if Initial Condition Precedent is not applicable]
- (g) Initial Condition Precedent Time: [specify/delete if Initial Condition Precedent is not applicable]
- (h) Initial Purchase Payment Amount: [specify]/ [delete if amount is equal to the Aggregate Issue Amount]
- (h) Final Deposit Payment: [specify]
- (i) Additional Issuer Deposit Payment Date: [specify/delete if there is no Additional Issuer Deposit Amount]
- (j) Additional Issuer Deposit Amount: [specify/delete]
- (k) Additional Counterparty Deposit Payment Date: [specify/delete if there is no Additional Counterparty Deposit Amount]
- (j) Additional Counterparty Deposit Amount: [specify/delete]

### **3. Payments under the Swap Agreement**

#### **3.1 *Where Initial Swap Payment is specified as applicable in the applicable Final Terms:***

On the Initial Swap Payment Date, the Issuer will pay an amount to the Swap Counterparty equal to the Issuer Initial Swap Payment Amount.

#### **3.2 *Where Alternative Initial Payment Structure is specified in the applicable Final Terms:***

On the Initial Swap Payment Date, the Swap Counterparty will pay an amount to the Issuer equal to the Initial Swap Payment Amount and paragraph 3.1 will not apply.

#### **3.3 If an Interim Payment Amount is payable in respect of the Securities, the Swap Counterparty will pay an amount to the Issuer which will be equal to such Interim Payment Amount on or before the date on which such payment is due to be made by the Issuer provided that no Automatic Early Settlement Event (where applicable), Early Payment Event or Event of Default has occurred.**

#### **3.4 *Where Automatic Early Settlement is applicable in respect of the Securities:***

If, on any Automatic Early Settlement Valuation Date, an Automatic Early Settlement Event occurs:

- (a) where the Aggregate Automatic Early Settlement Amount is greater than the Final Deposit Payment, the Swap Counterparty will on or prior to the relevant Automatic Early Settlement Date pay an amount to the Issuer which, when added to the proceeds received by the Issuer from the Deposit Counterparty under the Deposit Agreement on or around such date, will be equal to the relevant Aggregate Automatic Early Settlement Amount, provided that no Early Payment Event or Event of Default has occurred; or
- (b) where the Aggregate Automatic Early Settlement Amount is equal to the Automatic Early Settlement Deposit Payment Amount, no further payment will be made under the Swap Agreement in respect of the Aggregate Automatic Early Settlement Amount and, where the Aggregate Automatic Early Settlement Amount is less than the Automatic Early Settlement Deposit Payment Amount, the Issuer will be obliged to pay an amount to the Swap Counterparty equal to the difference between the Automatic Early Settlement Deposit Payment Amount and the Aggregate Automatic Early Settlement Amount.

#### **3.5 *Where the Issuer is to pay an Aggregate Final Payment Amount which is greater than the Final Deposit Payment:***

On or prior to the Final Payment Date, where the Issuer is to pay an Aggregate Final Payment Amount which is greater than the Final Deposit Payment, the Swap Counterparty will pay an amount to the Issuer which, when added to the proceeds received by the Issuer from the Deposit Counterparty under the Deposit Agreement on or around such date, will be equal to the aggregate of the Final Payment Amounts that the Issuer is scheduled to pay in respect of the Securities then outstanding, provided that no Automatic Early Settlement Event (where applicable), Early Payment Event or Event of Default has occurred.

#### **3.6 Where the Aggregate Final Payment Amount is equal to the Final Deposit Payment, no further payment will be made under the Swap Agreement and, where the Aggregate Final Payment Amount is less than the Final Deposit Payment, the Issuer will be obliged to pay an amount to the Swap Counterparty equal to the difference between the Final Deposit Payment and the Aggregate Final Payment Amount.**

#### **3.7 The amount of cash which is subject to the Deposit Agreement and the notional amount of the Swap Agreement will be reduced to take account of any purchase and cancellation of Securities by the Issuer and the reduction of the Aggregate Amount of the Securities as a consequence. Upon a purchase of the Securities by the Issuer pursuant to the Relevant Purchase Conditions, a payment**

will be due under the Deposit Agreement on or before the date of such purchase in an amount equal to the proportional amount of the Deposit that relates to the Aggregate Amount of the Securities so purchased.

- 3.8 On each Additional Issuer Swap Payment Date, the Issuer will pay the relevant Additional Issuer Swap Payment Amount to the Swap Counterparty.
- 3.9 On each Additional Counterparty Swap Payment Date, the Swap Counterparty will pay the relevant Additional Counterparty Swap Payment Amount to the Issuer.
- 3.10 Payments under the Swap Agreement will only be made on Swap Business Days.
- 3.11 *The applicable Variable Information for this paragraph 3 is:*
  - (a) Initial Swap Payment Date: [specify]
  - (b) Initial Swap Payment/Alternative Initial Payment Structure: Applicable
    - where Initial Swap Payment is applicable: Issuer Initial Swap Payment Amount: [specify]
    - where Alternative Initial Payment Structure is applicable:
      - (i) Issuer Fees Amount: [Applicable]/delete
      - (ii) Additional Issuer Fees Amount: [specify/delete (where not applicable or where Issuer Fees Amount is not applicable)]
      - (iii) Additional Initial Swap Payment Amount: [specify]/delete (if not applicable)
      - (iv) Alternative Initial Swap Payment Amount: [specify]/[delete if Issuer Fees Amount is applicable]
    - where Alternative Initial Payment Structure is applicable, Issuer Initial Swap Payment Amount: specify
  - (c) Interim Payment Amount: [Interest Amount]/[Premium Amount][specify] [NB: more than one such amount may be payable]/[delete if not applicable]
  - (d) Additional Issuer Swap Payment Date: [specify/delete if there is no Additional Issuer Swap Payment Amount]
  - (e) Additional Issuer Swap Payment Amount: [specify/delete]
  - (f) Additional Counterparty Swap Payment Date: [specify/delete if there is no Additional Counterparty Swap Payment Amount]
  - (g) Additional Counterparty Swap Payment Amount: [specify/delete]
  - (h) Swap Business Days: [specify]

#### **4. Arrangements upon which payments to investors are dependent**

The Issuer is dependent on receiving payments (if any) when due from the Swap Counterparty pursuant to the Swap Agreement and/or the Deposit Counterparty under the Deposit Counterparty in the manner described in paragraphs 2 and 3 above in order to pay (where applicable):

- (a) the Automatic Early Settlement Amount in respect of each outstanding Security;
- (b) any Interim Payment Amount in respect of each outstanding Security; and/or

- (c) the Final Payment Amount on the Final Payment Date in respect of each outstanding Security.

## **5. Collection of payments**

Payments made under the Swap Agreement or Deposit Agreement to the Issuer will be paid to the relevant Compartment Account (as defined in the Conditions) and the Issuer will use the moneys standing to the credit of the Compartment Account to pay any Interim Payment Amount, the Automatic Early Settlement Amount in respect of each outstanding Security and, where applicable, the Final Payment Amount in respect of each outstanding Security on the Final Payment Date.

### **Charged Asset Structure 4 - Collateralised Swap Agreement**

#### **1. General**

- 1.1 On or before the Issue Date, the Issuer will enter into the Swap Agreement with the Swap Counterparty.
- 1.2 For further details relating to the Swap Agreement, please see "*Description of the Charged Assets – Part II – Description of the Swap Agreement*".

#### **2. Payments under the Swap Agreement**

- 2.1 On the Initial Swap Payment Date, the Issuer will pay an amount to the Swap Counterparty equal to the Issuer Initial Swap Payment Amount
- 2.2 *Where Alternative Initial Payment Structure is specified in the applicable Final Terms:*  
  
On the Initial Swap Payment Date, the Swap Counterparty will pay an amount to the Issuer equal to the Initial Swap Payment Amount
- 2.3 *If an Interim Payment Amount is payable in respect of the Securities:*  
  
Where an Interim Payment Amount is payable in respect of the Securities, the Swap Counterparty will pay an amount to the Issuer which will be equal to such Interim Payment Amount on or before the date on which such payment is due to be made by the Issuer provided that no Automatic Early Settlement Event (where applicable), Early Payment Event or Event of Default has occurred.
- 2.4 *Where Automatic Early Settlement is applicable in respect of the Securities:*  
  
If, on any Automatic Early Settlement Valuation Date, an Automatic Early Settlement Event occurs, the Swap Counterparty will on or prior to the relevant Automatic Early Settlement Date pay an amount to the Issuer which will be equal to the relevant Aggregate Automatic Early Settlement Amount, provided that no Early Payment Event or Event of Default has occurred.
- 2.5 On or prior to the Final Payment Date, the Swap Counterparty will pay an amount to the Issuer which will be equal to the aggregate of the Final Payment Amounts that the Issuer is scheduled to pay in respect of the Securities then outstanding, provided that no Automatic Early Settlement Event (where applicable), Early Payment Event or Event of Default has occurred.
- 2.6 The notional amount of the Swap Agreement will be reduced to take account of any purchase and cancellation of Securities by the Issuer and the reduction of the Aggregate Amount of the Securities as a consequence.
- 2.7 On each Additional Counterparty Swap Payment Date, the Swap Counterparty will pay the relevant Additional Counterparty Swap Payment Amount to the Issuer.
- 2.8 Payments under the Swap Agreement will only be made on Swap Business Days.

2.9 The Credit Support Structure specified in the Final Terms will apply to the Securities.

2.10 *The applicable Variable Information for this paragraph 2 is:*

- (a) Initial Swap Payment Date: [specify]
- (b) Issuer Initial Swap Payment Amount: [specify]
- (c) Alternative Initial Payment Structure: Applicable
  - where Alternative Initial Payment Structure is applicable:
    - (i) Issuer Fees Amount: Applicable/delete
    - (ii) Additional Issuer Fees Amount: [specify/delete (where not applicable or where Issuer Fees Amount is not applicable)]
    - (iii) Additional Initial Swap Payment Amount: [specify]/delete (if not applicable)]
    - (iv) Alternative Initial Swap Payment Amount: [specify]/[delete if Issuer Fees Amount is applicable]
- (d) Interim Payment Amount: [Interest Amount]/[Premium Amount][specify] [NB: more than one such amount may be payable]/[delete if not applicable]
- (e) Additional Counterparty Swap Payment Date: [specify/delete if there is no Additional Counterparty Swap Payment Amount]
- (f) Additional Counterparty Swap Payment Amount: [specify/delete]
- (g) Swap Business Days: [specify]

### **3. Arrangements upon which payments to investors are dependent**

The Issuer is dependent on receiving payments when due from the Swap Counterparty pursuant to the Swap Agreement in order to pay, if applicable: (a) the Automatic Early Settlement Amount in respect of each outstanding Security, (b) any Interim Payment Amount in respect of each outstanding Security and (c) the Final Payment Amount in respect of each outstanding Security.

### **4. Collection of payments**

Payments made under the Swap Agreement to the Issuer will be paid to the relevant Compartment Account (as defined in the Conditions) and the Issuer will use the moneys standing to the credit of the Compartment Account to pay any Interim Payment Amount, and the Final Payment Amount on the Final Payment Date.

## **Charged Asset Structure 5 - Interest Bearing Reference Securities and Swap Agreement**

### **1. General**

- 1.1 On or before the Issue Date, the Issuer will enter into the Swap Agreement with the Swap Counterparty. On the Initial Reference Security Purchase Date(s), the Issuer will purchase the Reference Securities.
- 1.2 For further details relating to the Swap Agreement, please see "*Description of the Charged Assets – Part II – Description of the Swap Agreement*".
- 1.3 The applicable Variable Information for this paragraph 1 is:
  - (a) Initial Reference Security Purchase Date(s): [specify date(s)]

- (b) Reference Securities: [specify][NB must form all or part of the Charged Assets specified in the applicable Final Terms]

## **2. Payments under the Swap Agreement**

- 2.1 On the Initial Swap Payment Date, the Issuer will pay an amount to the Swap Counterparty which is equal to the Available Proceeds (if any).

- 2.2 *Where Alternative Initial Payment Structure is specified in the applicable Final Terms (where this paragraph 2.2 applies, paragraph 2.1 should not be replicated in the applicable Final Terms):*

On the Initial Swap Payment Date, the Swap Counterparty will pay an amount to the Issuer equal to the Initial Swap Payment Amount.

- 2.3 *Where "Initial Condition Precedent" is specified as applicable in the applicable Final Terms:*

The Issuer's obligation to pay the purchase price of the Reference Securities will be subject to the condition precedent that the Dealer has determined in its absolute discretion that it has received from the Authorised Offeror an amount equal to the Initial Purchase Payment Amount by no later than the Initial Condition Precedent Time on the Initial Condition Precedent Date. If the Dealer determines that it has not received such amounts, the Swap Counterparty may exercise its option to terminate the Swap Agreement and the Issuer shall repurchase the Securities in accordance with the Repurchase Condition.

- 2.4 *Where Swap Flow Reference Security Coupon is specified as applicable in the applicable Final Terms:*

Under the Swap Agreement:

- (a) On each Swap Issuer Interim Payment Date, the Issuer will pay an amount (if any) in the currency in which the Reference Securities are denominated equal to the Reference Security Coupon Amount received by the Issuer on the Relevant Reference Security Interest Payment Date to the Swap Counterparty provided that no Automatic Early Settlement Event (where applicable), Early Payment Event or Event of Default has occurred; and
- (b) if an Interim Payment Amount is payable in respect of the Securities, the Swap Counterparty will pay an amount to the Issuer which will be equal to such Interim Payment Amount on or before the date on which such payment is due to be made by the Issuer provided that no Automatic Early Settlement Event (where applicable), Early Payment Event or Event of Default has occurred.

- 2.5 *Where Swap Final Payment Flow is specified as applicable in the applicable Final Terms:*

On the Scheduled Final Bond Payment Date, the Reference Security Issuer will pay to the Issuer the Scheduled Final Bond Payment and, on the Swap Issuer Final Payment Date, the Issuer will pay to an amount (if any) in the currency in which the Reference Securities are denominated equal to the Scheduled Final Bond Payment received by the Issuer to the Swap Counterparty provided that no Automatic Early Settlement Event (where applicable), Early Payment Event or Event of Default has occurred.

- 2.6 *Where Swap Final Payment Flow is specified as applicable in the applicable Final Terms:*

On or prior to the Final Payment Date, the Swap Counterparty will pay an amount to the Issuer which will be equal to the aggregate of the Final Payment Amounts that the Issuer is scheduled to pay in respect of the Securities then outstanding, provided that no Automatic Early Settlement Event (where applicable), Early Payment Event or Event of Default has occurred.

- 2.7 *Where Security Final Payment Flow is specified as applicable in the applicable Final Terms and the Issuer is due to pay an Aggregate Final Payment Amount which is greater than the Scheduled Final Bond Payment:*

On or prior to the Final Payment Date, the Swap Counterparty will pay an amount to the Issuer which, when added to the redemption proceeds due to be received by the Issuer from the Reference Securities on or around such date, will be equal to the aggregate of the Final Payment Amounts that the Issuer is scheduled to pay in respect of the Securities then outstanding, provided that no Automatic Early Settlement Event (where applicable), Early Payment Event or Event of Default has occurred.

- 2.8 *Where Security Final Payment Flow is specified as applicable in the applicable Final Terms and the Issuer is due to pay an Aggregate Final Payment Amount which is less than the Scheduled Final Bond Payment:*

If the aggregate redemption proceeds received by the Issuer in respect of the Reference Securities is greater than the Aggregate Final Payment Amount payable by the Issuer on the Final Payment Date, the Issuer will pay an amount equal to the amount of such excess to the Swap Counterparty on the Swap Issuer Final Payment Date.

- 2.9 *Where Automatic Early Settlement is applicable in respect of the Securities and Security Final Payment Flow is specified as applicable:*

If, on any Automatic Early Settlement Valuation Date, an Automatic Early Settlement Event occurs:

- (i) where the Aggregate Automatic Early Settlement Amount is greater than the Automatic Early Settlement Reference Security Unwind Proceeds, the Swap Counterparty will on or prior to the relevant Automatic Early Settlement Date pay an amount to the Issuer which, when added to the proceeds received by the Issuer following the relevant Early Settlement Reference Security Unwind in respect of the Reference Securities on or around such date, will be equal to the relevant Aggregate Automatic Early Settlement Amount, provided that no Early Payment Event or Event of Default has occurred; or
- (ii) where the Aggregate Automatic Early Settlement Amount is equal to the Automatic Early Settlement Reference Security Unwind Proceeds, no further payment will be made under the Swap Agreement in respect of the Aggregate Automatic Early Settlement Amount and, where the Aggregate Automatic Early Settlement Amount is less than the Automatic Early Settlement Reference Security Unwind Proceeds, the Issuer will be obliged to pay an amount to the Swap Counterparty equal to the difference between the proceeds received by the Issuer in respect of the Reference Securities following the Early Settlement Reference Security Unwind and the Aggregate Automatic Early Settlement Amount.

- 2.10 *Where Automatic Early Settlement is applicable in respect of the Securities and Swap Final Payment Flow is specified as applicable in the applicable Final Terms:*

If, on any Automatic Early Settlement Valuation Date, an Automatic Early Settlement Event occurs, the Swap Counterparty will on or prior to the relevant Automatic Early Settlement Date pay an amount to the Issuer which will be equal to the relevant Aggregate Automatic Early Settlement Amount, provided that no Early Payment Event or Event of Default has occurred.

- 2.11 *Where Automatic Early Settlement is applicable in respect of the Securities and Swap Final Payment Flow is specified as applicable in the applicable Final Terms:*

If, on any Automatic Early Settlement Valuation Date, an Automatic Early Settlement Event occurs, the Issuer will (a) sell the Reference Securities and pay the net sale proceeds of such sale (after deduction of all costs, expenses and taxes incurred in such sale) to the Swap Counterparty

where Reference Security Automatic Settlement Sale is specified as applicable in the applicable Final Terms, (b) pay the redemption proceeds it receives following automatic early redemption of the Reference Securities where Reference Security Early Redemption is specified as applicable in the applicable Final Terms pay the net proceeds from the put of the Reference Securities where Reference Security Put is specified as applicable in the applicable Final Terms to the Swap Counterparty or, (c) where Reference Security Delivery is specified as applicable in the applicable Final Terms, deliver the Reference Securities to the Swap Counterparty and such delivery or payment to the Swap Counterparty shall take place on the Reference Security Unwind Date.

- 2.12 The notional amount of the Swap Agreement and the aggregate nominal amount of the Reference Securities will be reduced to take account of any purchase and cancellation of Securities by the Issuer so that the notional amount of the Swap Agreement, and the aggregate nominal amount of the Reference Securities held by the Issuer, at any time will (in each case) be equal to the Aggregate Issue Amount of the Securities left outstanding immediately following any such repurchase in the case of the Swap Agreement and equal to the Collateralisation Notional Amount in the case of the Reference Securities.
- 2.13 On each Additional Issuer Swap Payment Date, the Issuer will pay the relevant Additional Issuer Swap Payment Amount to the Swap Counterparty.
- 2.14 On each Additional Counterparty Swap Payment Date, the Swap Counterparty will pay the relevant Additional Counterparty Swap Payment Amount to the Issuer.
- 2.15 Payments under the Swap Agreement will only be made on Swap Business Days.
- 2.16 If so specified in the applicable Final Terms, a Credit Support Structure may apply to the Securities.
- 2.17 *Where Scheduled Cashflow Obligation is specified as applicable in the applicable Final Terms:*
- The Issuer's obligation under the Swap Agreement will be to pay to the Swap Counterparty the scheduled amount of interest (where Swap Flow Reference Security Coupon is applicable) and/or principal payable under the Reference Securities (where Swap Final Payment Flow is applicable) whether or not the full amount is actually received by the Issuer.
- 2.18 *The applicable Variable Information for this paragraph 2 is:*
- (a) Initial Swap Payment Date: [specify]
  - (b) Alternative Initial Payment Structure: [Applicable][delete]
  - (c) Initial Swap Payment Amount:[specify][delete where Alternative Initial Payment Structure is not applicable]
  - (d) Initial Condition Precedent: [Applicable] (where Initial Condition Precedent is not applicable do not replicate paragraph 2.3)
  - (e) Initial Condition Precedent Date:[specify/delete if Initial Condition Precedent is not applicable]
  - (f) Initial Condition Precedent Time:[specify/delete if Initial Condition Precedent is not applicable]
  - (g) Initial Purchase Payment Amount: [specify]/[delete if amount is equal to the Aggregate Issue Amount]
  - (h) Swap Flow Reference Security Coupon: [Applicable]/[delete if not applicable]

- (i) Swap Issuer Interim Payment Date: [specify/delete if Swap Reference Security Coupon is not applicable]
- (j) Reference Security Interest Payment Date : [Each date on which a Reference Security Issuer pays interest in respect of the relevant Reference Securities]/[specify]/[delete if Swap Reference Security Coupon is not applicable]
- (k) Interim Payment Amount: [Interest Amount]/[Premium Amount]/[specify] *[NB: more than one such amount may be payable]/[delete if not applicable or if Swap Reference Security Coupon is not applicable ]*
- (l) Swap Payment Final Flow: [Applicable/[delete if not applicable or if Security Final Payment Flow is applicable]
- (m) Security Final Payment Flow: [Applicable/[delete if not applicable or if Swap Payment Flow is applicable]
- (n) Swap Issuer Final Payment Date: [specify]/[delete]
- (o) Scheduled Final Bond Payment Date: [specify]/[delete if not applicable]
- (p) Early Settlement Reference Security Unwind: [Reference Security Automatic Early Redemption applicable]/[Reference Security Put applicable]/[and][Reference Security Automatic Settlement Sale applicable] Reference Security Delivery applicable][*select applicable options; delete if Automatic Early Settlement is not applicable*]
- (q) Reference Security Unwind Date: [specify]/[delete if Automatic Early Settlement is not applicable]
- (r) Collateralisation Percentage: [specify]
- (s) Additional Issuer Swap Payment Date: [specify/delete if there is no Additional Issuer Swap Payment Amount]
- (t) Additional Issuer Swap Payment Amount: [specify/delete]
- (u) Additional Counterparty Swap Payment Date: [specify/delete if there is no Additional Counterparty Swap Payment Amount]
- (v) Additional Counterparty Swap Payment Amount: [specify/delete]
- (w) Swap Business Days: [specify]
- (x) Scheduled Cashflow Obligation: [Applicable/delete not applicable]

### **3. Payments under the Reference Securities**

- 3.1 On the Initial Reference Security Purchase Date(s), the Issuer will use up to 100 per cent of the net issue proceeds of the Securities, and where the Alternative Initial Payment Structure is applicable, all or part of the Initial Swap Payment Amount to purchase the Reference Securities.
- 3.2 On each interest payment date under the Reference Securities (each a "**Reference Security Interest Payment Date**"), the Reference Security Issuer will pay an amount of interest to the Issuer in respect of the principal amount of the Reference Securities held by the Issuer at such time (each such amount, a "**Reference Security Coupon Amount**").

3.3 *Where Security Flow Reference Security Coupon is specified as applicable in the applicable Final Terms:*

The Issuer will use the Reference Security Coupon Amount it receives under the Reference Securities to pay the relevant Interim Payment Amounts due in respect of the Securities.

3.4 *Where Swap Flow Reference Security Coupon is specified as applicable in the applicable Final Terms:*

Under the Swap Agreement, on each Swap Issuer Interim Payment Date the Issuer will pay an amount (if any) in the currency in which the Reference Securities are denominated equal to the Reference Security Coupon Amount received by the Issuer on the Relevant Reference Security Interest Payment Date to the Swap Counterparty provided that no Automatic Early Settlement Event (where applicable), Early Payment Event or Event of Default has occurred.

3.5 *Where Security Final Payment Flow is specified as applicable in the applicable Final Terms:*

On the Scheduled Final Bond Payment Date, the Reference Security Issuer will pay to the Issuer the Scheduled Final Bond Payment which the Issuer will use together with the amount received under the Swap Agreement (if any) on or around such date as set out in paragraph 2.7 or 2.8, as applicable, above to pay the Final Payment Amount in respect of each Security.

3.6 *Where Swap Final Payment Flow is specified as applicable in the applicable Final Terms:*

On the Scheduled Final Bond Payment Date, the Reference Security Issuer will pay to the Issuer the Scheduled Final Bond Payment and, on the Swap Issuer Final Payment Date, the Issuer will pay to the Swap Counterparty an amount (if any) in the currency in which the Reference Securities are denominated equal to the Scheduled Final Bond Payment received by the Issuer provided that no Automatic Early Settlement Event (where applicable), Early Payment Event or Event of Default has occurred.

3.7 *The applicable Variable Information for this paragraph 3 is:*

- (a) Security Flow Reference Security Coupon; [Applicable]/[delete if not applicable or if Swap Flow Reference Security Coupon is applicable]
- (b) Scheduled Final Bond Payment Date: [specify]/[delete if not applicable or if already specified under paragraph 2 above]
- (c) Swap Issuer Final Payment Date: [specify]/[delete if not applicable or if Security Final Payment Flow is applicable]

**4. Arrangements upon which payments to investors are dependent**

The Issuer is dependent on receiving payments (if any) when due from the Swap Counterparty pursuant to the Swap Agreement and/or from the Reference Security Issuer under the Reference Securities in the manner described in paragraphs 2 and 3 above in order to pay (where applicable):

- (a) the Automatic Early Settlement Amount in respect of each outstanding Security;
- (b) any Interim Payment Amount in respect of each outstanding Security; and/or
- (c) the Final Payment Amount on the Final Payment Date in respect of each outstanding Security.

**5. Collection of payments**

Payments made under the Swap Agreement or Reference Securities to the Issuer will be paid to the relevant Compartment Account (as defined in the Conditions) and the Issuer will use the

moneys standing to the credit of the Compartment Account to pay any Interim Payment Amount, the Automatic Early Settlement Amount in respect of each outstanding Security and, where applicable, the Final Payment Amount in respect of each outstanding Security on the Final Payment Date.

## **Charged Asset Structure 6 - Interest Bearing Reference Securities and Swap Agreement Alternative Structure**

### **1. General**

- 1.1 On or before the Issue Date, the Issuer will enter into the Swap Agreement with the Swap Counterparty. On the Initial Reference Security Purchase Date(s), the Issuer will purchase the Reference Securities.
- 1.2 For further details relating to the Swap Agreement, please see "*Description of the Charged Assets – Part II – Description of the Swap Agreement*".
- 1.3 *The applicable Variable Information for this paragraph 1 is:*
  - (a) Initial Reference Security Purchase Date: [specify date(s)]
  - (b) Reference Securities: [specify][NB must form all or part of the Charged Assets specified in the applicable Final Terms]

### **2. Payments under the Swap Agreement**

- 2.1 *Where Initial Swap Payment is specified in the applicable Final Terms:*

On the Initial Swap Payment Date, the Swap Counterparty will pay an amount to the Issuer equal to the Initial Swap Payment Amount.
- 2.2 *Where Alternative Initial Payment Structure is specified in the applicable Final Terms:*

On the Initial Swap Payment Date, the Issuer will pay an amount to the Swap Counterparty which is equal to the Available Proceeds (if any).
- 2.3 *Where "Initial Condition Precedent" is specified as applicable in the applicable Final Terms:*

The Issuer's obligation to pay the purchase price of the Reference Securities will be subject to the condition precedent that the Dealer has determined in its absolute discretion that it has received from the Authorised Offeror an amount equal to the Initial Purchase Payment Amount by no later than the Initial Condition Precedent Time on the Initial Condition Precedent Date. If the Dealer determines that it has not received such amounts, the Swap Counterparty may exercise its option to terminate the Swap Agreement and the Issuer shall repurchase the Securities in accordance with the Repurchase Condition.
- 2.4 *Where Swap Flow Reference Security Coupon is applicable:*

Under the Swap Agreement:

  - (a) on each Swap Issuer Interim Payment Date the Issuer will pay an amount (if any) in the currency in which the Reference Securities are denominated equal to the Reference Security Coupon Amount received by the Issuer on the Relevant Reference Security Interest Payment Date to the Swap Counterparty provided that no Early Payment Event or Event of Default has occurred; and
  - (b) if an Interim Payment Amount is payable in respect of the Securities, the Swap Counterparty will pay an amount to the Issuer which will be equal to such Interim

Payment Amount on or before the date on which such payment is due to be made by the Issuer provided that no Early Payment Event or Event of Default has occurred.

2.5 *Where Swap Final Payment Flow is specified as applicable in the applicable Final Terms:*

Under the Swap Agreement:

- (a) on the Swap Issuer Final Payment Date, the Issuer will pay to an amount (if any) in the currency in which the Reference Securities are denominated equal to the Scheduled Final Bond Payment received by the Issuer on the Scheduled Final Bond Payment Date to the Swap Counterparty provided that no Early Payment Event or Event of Default has occurred; and
- (b) on or prior to the Final Payment Date, the Swap Counterparty will pay an amount to the Issuer which will be equal to the aggregate of the Final Payment Amounts that the Issuer is scheduled to pay in respect of the Securities then outstanding, provided that no Early Payment Event or Event of Default has occurred.

2.6 *Where Security Final Payment Flow is specified as applicable in the applicable Final Terms:*

If the Scheduled Final Bond Payment received by the Issuer is greater than the aggregate of the Final Payment Amount in respect of each Security payable by the Issuer on the Final Payment Date, the Issuer will pay an amount equal to the amount of such excess to the Swap Counterparty on the Swap Issuer Final Payment Date.

2.7 The notional amount of the Swap Agreement and the aggregate nominal amount of the Reference Securities will be reduced to take account of any purchase and cancellation of Securities by the Issuer so that the notional amount of the Swap Agreement and the aggregate nominal amount of the Reference Securities held by the Issuer at any time will (in each case) be equal to the Aggregate Issue Amount of the Securities left outstanding immediately following any such repurchase in the case of the Swap Agreement and equal to the Collateralisation Notional Amount in the case of the Reference Securities.

2.8 On each Additional Issuer Swap Payment Date, the Issuer will pay the relevant Additional Issuer Swap Payment Amount to the Swap Counterparty.

2.9 On each Additional Counterparty Swap Payment Date, the Swap Counterparty will pay the relevant Additional Counterparty Swap Payment Amount to the Issuer.

2.10 Payments under the Swap Agreement will only be made on Swap Business Days.

2.11 If so specified in the applicable Final Terms, a Credit Support Structure may apply to the Securities.

2.12 Where Scheduled Cashflow Obligation is specified as applicable in the applicable Final Terms, the Issuer's obligation under the Swap Agreement will be to pay to the Swap Counterparty the scheduled amount of interest (where Swap Flow Reference Security Coupon is applicable) and/or principal payable under the Reference Securities (where Swap Final Payment Flow is applicable) whether or not the full amount is actually received by the Issuer.

2.13 *The applicable Variable Information for this paragraph 2 is:*

- (a) Initial Swap Payment: [Applicable][delete]
- (b) Initial Swap Payment Date: [specify][delete where Initial Swap Payment is not specified as applicable]

- (c) Initial Swap Payment Amount:[specify][delete where Alternative Initial Payment Structure is applicable or Initial Swap Payment is not specified as applicable]
- (d) Alternative Initial Payment Structure: [Applicable][delete]
- (e) Initial Condition Precedent: [Applicable] (where Initial Condition Precedent is not applicable do not replicate paragraph 2.3)
- (f) Initial Condition Precedent Date:[specify/delete if Initial Condition Precedent is not applicable]
- (g) Initial Condition Precedent Time:[specify/delete if Initial Condition Precedent is not applicable]
- (h) Initial Purchase Payment Amount: [specify]/[delete if amount is equal to the Aggregate Issue Amount]
- (i) Swap Flow Reference Security Coupon: [Applicable]/[delete if not applicable]
- (j) Swap Issuer Interim Payment Date: [specify/delete if Swap Reference Security Coupon is not applicable]
- (k) Reference Security Interest Payment Date : [Each date on which a Reference Security Issuer pays interest in respect of the relevant Reference Securities]/[specify]/[delete if Swap Reference Security Coupon is not applicable]
- (l) Interim Payment Amount(s): [Interest Amount]/[Premium Amount]/[specify] *[NB: more than one such amount may be payable]/[delete if not applicable or if Swap Reference Security Coupon is not applicable ]*
- (m) Swap Payment Final Flow: [Applicable]/[delete if not applicable or if Security Final Payment Flow is applicable]
- (n) Security Final Payment Flow: [Applicable]/[delete if not applicable or if Swap Payment Flow is applicable]
- (o) Swap Issuer Final Payment Date: [specify]/[delete]
- (p) Scheduled Final Bond Payment Date: [specify]/[delete if not applicable]
- (q) Collateralisation Percentage: [specify]
- (r) Additional Issuer Swap Payment Date: [specify/delete if there is no Additional Issuer Swap Payment Amount]
- (s) Additional Issuer Swap Payment Amount: [specify/delete]
- (t) Additional Counterparty Swap Payment Date: [specify/delete if there is no Additional Counterparty Swap Payment Amount]
- (u) Additional Counterparty Swap Payment Amount: [specify/delete]
- (v) Swap Business Days: [specify]
- (w) Scheduled Cashflow Obligation: [Applicable/delete not applicable]

### 3. Payments under the Reference Securities

3.1 On the Initial Reference Security Purchase Date, the Issuer will use up to 100 per cent of the net issue proceeds of the Securities, and save where the Alternative Initial Payment Structure is applicable, all or part of the Initial Swap Payment Amount to purchase the Reference Securities.

3.2 On each interest payment date under the Reference Securities (each a "**Reference Security Interest Payment Date**"), the Reference Security Issuer will pay an amount of interest to the Issuer in respect of the principal amount of the Reference Securities held by the Issuer at such time (each such amount, a "**Reference Security Coupon Amount**").

3.3 *Where Security Flow Reference Security Coupon is specified as applicable in the applicable Final Terms:*

The Issuer will use the Reference Security Coupon Amount it receives under the Reference Securities on the relevant Reference Security Payment Date to pay the relevant Interim Payment Amounts due in respect of the Securities.

3.4 *Where Swap Flow Reference Security Coupon is specified as applicable in the applicable Final Terms:*

Under the Swap Agreement, on each Swap Issuer Interim Payment Date the Issuer will pay an amount (if any) in the currency in which the Reference Securities are denominated equal to the Reference Security Coupon Amount received by the Issuer on the relevant Reference Security Interest Payment Date to the Swap Counterparty provided that no Early Payment Event or Event of Default has occurred

3.5 *Where Security Final Payment Flow is specified as applicable in the applicable Final Terms:*

On the Scheduled Final Bond Payment Date, the Reference Security Issuer will pay to the Issuer the Scheduled Final Bond Payment which the Issuer will use to pay the Final Payment Amount in respect of each Security. Where the Scheduled Final Bond Payment received by the Issuer is greater than the aggregate Final Payment Amount in respect of each Security payable by the Issuer, the Issuer will pay an amount equal to the amount of such excess to the Swap Counterparty on the Swap Issuer Final Payment Date.

3.6 *Where Swap Final Payment Flow is specified as applicable in the applicable Final Terms:*

On the Scheduled Final Bond Payment Date, the Reference Security Issuer will pay to the Issuer the Scheduled Final Bond Payment, and on the Swap Issuer Final Payment Date, the Issuer will pay to an amount (if any) in the currency in which the Reference Securities are denominated equal to the Scheduled Final Bond Payment received by the Issuer to the Swap Counterparty provided that no Early Payment Event or Event of Default has occurred.

3.7 The applicable Variable Information for this paragraph 3 is:

- (a) Security Flow Reference Security Coupon; [Applicable]/[delete if not applicable or if Swap Flow Reference Security Coupon is applicable]
- (b) Scheduled Final Bond Payment Date: [specify]/[delete if not applicable or if already specified under paragraph 2 above]
- (c) Swap Issuer Final Payment Date: [specify]/[delete if not applicable or if Security Final Payment Flow is applicable]

#### 4. Arrangements upon which payments to investors are dependent

The Issuer is dependent on receiving payments (if any) when due from the Swap Counterparty pursuant to the Swap Agreement and/or from the Reference Security Issuer under the Reference Securities in the manner described in paragraphs 2 and 3 above in order to pay (where applicable):

- (a) any Interim Payment Amount in respect of each outstanding Security; and/or
- (b) the Final Payment Amount on the Final Payment Date in respect of each outstanding Security.

#### 5. Collection of payments

Payments made under the Swap Agreement or the Reference Securities to the Issuer will be paid to the relevant Compartment Account (as defined in the Conditions) and the Issuer will use the moneys standing to the credit of the Compartment Account to pay any Interim Payment Amount, and the Final Payment Amount on the Final Payment Date.

### Charged Asset Structure 7 - Repurchase Agreement and Swap Agreement

#### 1. General

- 1.1 On or before the Issue Date, the Issuer will enter into the Swap Agreement with the Swap Counterparty and the Repurchase Agreement with the Repo Counterparty.
- 1.2 For further details relating to the Swap Agreement, please see "*Description of the Charged Assets – Part II – Description of the Swap Agreement*" and for further details relating to the Repurchase Agreement, please see "*Description of the Charged Assets – Part IV – Description of the Repurchase Agreement*".

#### 2. Payments under the Repurchase Agreement

- 2.1 On the Initial Repo Purchase Date, the Issuer will use up to 100 per cent of the net issue proceeds of the Securities, and save where the Alternative Initial Payment Structure is applicable, all or part of the Initial Swap Payment Amount to purchase Repo Collateral Securities with a value equal to the Aggregate Issue Amount pursuant to the Repurchase Agreement.
- 2.2 On each Repurchase Date under the Repurchase Agreement, the Repo Counterparty will pay an amount of Accrued Interest to the Issuer in respect of the Repo Transaction which has just terminated (each such amount, a "**Repo Accrued Interest Amount**").

- 2.3 *Where Security Flow Repo Accrued Interest is specified as applicable in the applicable Final Terms:*

The Issuer will use the Repo Accrued Interest Amount received under the Repurchase Agreement to pay the relevant Interim Payment Amounts due in respect of the Securities.

- 2.4 *Where Swap Flow Repo Accrued Interest is specified as applicable in the applicable Final Terms:*

Under the Swap Agreement, on each Swap Issuer Interim Payment Date the Issuer will pay an amount (if any) equal to the Repo Accrued Interest Amount received by the Issuer on relevant Repurchase Date to the Swap Counterparty provided that no Automatic Early Settlement Event (where applicable), Early Payment Event or Event of Default has occurred.

- 2.5 *Where Repo Final Payment Flow is specified as applicable in the applicable Final Terms:*

On the Final Repo Date, the Repo Counterparty will pay to the Issuer the Final Repurchase Price Payment which the Issuer will use together with the amount received under the Swap Agreement

(if any) on or around such date as set out in paragraph 3.6 below to pay the Final Payment Amount in respect of each Security.

2.6 *Where Swap Final Payment Flow is specified as applicable in the applicable Final Terms:*

On the Final Repo Date, the Repo Counterparty will pay to the Issuer the Final Repurchase Price Payment and the Issuer will pay to an amount (if any) in the currency in which the Repurchase Agreement is denominated equal to the Final Repurchase Price Payment received by the Issuer on the Final Repo Date to the Swap Counterparty provided that no Automatic Early Settlement Event (where applicable), Early Payment Event or Event of Default has occurred.

2.7 Where the Issuer purchases Securities and sells Repo Collateral Securities to the Repo Counterparty in order to fund such purchase, a fee in addition to the relevant Purchase Price or Repurchase Price (as applicable) may be payable by the Issuer to the Repo Counterparty or by the Repo Counterparty to the Issuer depending on prevailing market conditions.

2.8 Where the Issuer purchases Securities, a Repurchase Date shall occur with respect to the proportion of the Repurchase Agreement equal to the Aggregate Amount of Securities being purchased (the "**Purchased Proportion**") and Accrued Interest will be reflected in the Repurchase Price paid by the Repo Counterparty to the Issuer in respect of the Purchased Proportion immediately following any such repurchase.

2.9 *The applicable Variable Information for this paragraph 2 is:*

- (a) Initial Repo Purchase Date: [specify]
- (b) Repo Collateral Securities: [specify details/relevant criteria, as applicable]
- (c) Security Flow Repo Accrued Interest: [Applicable]/[delete if not applicable]
- (d) Interim Payment Amount(s): [Interest Amount]/[Premium Amount]/[specify] [NB: more than one such amount may be payable]/[delete if not applicable or if Security Flow Repo Accrued Interest is not applicable ]
- (e) Swap Flow Repo Accrued Interest: [Applicable]/[delete if not applicable]
- (f) Repo Final Payment Flow: [Applicable]/[delete if not applicable]
- (g) Repo Final Payment Flow: [Applicable]/[delete if not applicable]
- (h) Final Repo Date: [specify]

**3. Payments under the Swap Agreement**

3.1 On the Initial Swap Payment Date, the Swap Counterparty will pay an amount to the Issuer equal to the Initial Swap Payment Amount.

3.2 *Where Alternative Initial Payment Structure is specified in the applicable Final Terms:*

On the Initial Swap Payment Date, the Issuer will pay an amount to the Swap Counterparty which is equal to the Available Proceeds (if any).

3.3 *Where "Initial Condition Precedent" is specified as applicable in the applicable Final Terms:*

The Issuer's obligation to pay the Purchase Price under the Repurchase Agreement and to buy the Repo Collateral Securities will be subject to the condition precedent that the Dealer has determined in its absolute discretion that it has received from the Authorised Offeror an amount equal to the Initial Purchase Payment Amount by no later than the Initial Condition Precedent Time on the Initial Condition Precedent Date. If the Dealer determines that it has not received such amounts,

the Swap Counterparty may exercise its option to terminate the Swap Agreement and the Issuer shall repurchase the Securities in accordance with the Repurchase Condition.

3.4 *Where Swap Flow Repo Accrued Interest is specified as applicable in the applicable Final Terms:*

If an Interim Payment Amount is payable in respect of the Securities, the Swap Counterparty will pay an amount to the Issuer which will be equal to such Interim Payment Amount on or before the date on which such payment is due to be made by the Issuer provided that no Automatic Early Settlement Event (where applicable), Early Payment Event or Event of Default has occurred.

3.5 *Where Swap Final Payment Flow is specified as applicable in the applicable Final Terms,*

On the Swap Final Issuer Payment Date, the Issuer will pay to the Swap Counterparty an amount (if any) in the currency in which the Repurchase Agreement is denominated equal to the Final Repurchase Price Payment received by the Issuer on the Final Repo Date.

3.6 *Where Swap Final Payment Flow is specified as applicable in the applicable Final Terms*

On or prior to the Final Payment Date, the Swap Counterparty will pay an amount to the Issuer which will be equal to the aggregate of the Final Payment Amounts that the Issuer is scheduled to pay in respect of the Securities then outstanding, provided that no Automatic Early Settlement Event (where applicable), Early Payment Event or Event of Default has occurred.

3.7 *Where Security Final Payment Flow is specified as applicable in the applicable Final Terms, and the Issuer is due to pay an Aggregate Final Payment Amount which is greater than the Final Repurchase Price Payment:*

On or prior to the Final Payment Date, the Swap Counterparty will pay an amount to the Issuer which, when added to the proceeds due to be received by the Issuer under the Repurchase Agreement on or around such date, will be equal to the aggregate of the Final Payment Amounts that the Issuer is scheduled to pay in respect of the Securities then outstanding, provided that no Automatic Early Settlement Event (where applicable), Early Payment Event or Event of Default has occurred.

3.8 *Where Automatic Early Settlement is applicable in respect of the Securities and Swap Final Payment Flow is not applicable:*

If, on any Automatic Early Settlement Valuation Date, an Automatic Early Settlement Event occurs:

- (a) where the Aggregate Automatic Early Settlement Amount is greater than the Automatic Early Settlement Repo Payment Amount, the Swap Counterparty will on or prior to the relevant Automatic Early Settlement Date pay an amount to the Issuer which, when added to the proceeds received by the Issuer from the Repo Counterparty under the Repurchase Agreement on or around such date, will be equal to the relevant Aggregate Automatic Early Settlement Amount, provided that no Early Payment Event or Event of Default has occurred; or
- (b) where the Aggregate Automatic Early Settlement Amount is equal to the proceeds received by the Issuer from the Repo Counterparty, no further payment will be made under the Swap Agreement (other than in respect of any unpaid Repo Accrued Interest Amounts where Swap Flow Repo Accrued Interest is applicable) and, where the Aggregate Automatic Early Settlement Amount is less than the Automatic Early Settlement Deposit Payment Amount, the Issuer will be obliged to pay an amount to the Swap Counterparty equal to the difference between the proceeds received by the Issuer from the Repo Counterparty under the Repurchase Agreement and the Aggregate Automatic Early Settlement Amount.

3.9 *Where Automatic Early Settlement is applicable in respect of the Securities and Swap Final Payment Flow is specified in the applicable Final Terms:*

If, on any Automatic Early Settlement Valuation Date, an Automatic Early Settlement Event occurs provided that no Early Payment Event or Event of Default has occurred:

- (a) the Swap Counterparty will on or prior to the relevant Automatic Early Settlement Date pay an amount to the Issuer which will be equal to the relevant Aggregate Automatic Early Settlement Amount, provided that no Early Payment Event or Event of Default has occurred; and
  - (b) the Issuer will pay to the Swap Counterparty an amount (if any) in the currency in which the Repurchase Agreement is denominated equal to the amount received by the Issuer under the Repurchase Agreement from the Repo Counterparty on or around the Automatic Early Settlement Date.
- 3.10 The notional amount of the Swap Agreement will be reduced to take account of any purchase and cancellation of Securities by the Issuer so that the notional amount of the Swap Agreement at any time will be equal to the Aggregate Issue Amount of the Securities left outstanding
- 3.11 On each Additional Issuer Swap Payment Date, the Issuer will pay the relevant Additional Issuer Swap Payment Amount to the Swap Counterparty.
- 3.12 On each Additional Counterparty Swap Payment Date, the Swap Counterparty will pay the relevant Additional Counterparty Swap Payment Amount to the Issuer.
- 3.13 Payments under the Swap Agreement will only be made on Swap Business Days.
- 3.14 If so specified in the applicable Final Terms, one or more Credit Support Structures may apply to the Swap Agreement.
- 3.15 *The applicable Variable Information for this paragraph 3 is:*
- (a) Initial Swap Payment Date: [specify]
  - (b) Initial Swap Payment Amount:[specify][delete where Alternative Initial Payment Structure is applicable]
  - (c) Alternative Initial Payment Structure: [Applicable][delete]
  - (d) Initial Condition Precedent: [Applicable] (where Initial Condition Precedent is not applicable do not replicate paragraph 2.3)
  - (e) Initial Condition Precedent Date:[specify/delete if Initial Condition Precedent is not applicable]
  - (f) Initial Condition Precedent Time:[specify/delete if Initial Condition Precedent is not applicable]
  - (g) Initial Purchase Payment Amount: [specify]/[delete if amount is equal to the Aggregate Issue Amount]
  - (h) Swap Flow Repo Accrued Interest: [Applicable/[delete if not applicable]
  - (i) Interim Payment Amount(s): [Interest Amount]/[Premium Amount]/[specify] [NB: more than one such amount may be payable]/[delete if not applicable or if Swap Flow Repo Accrued Interest is not applicable ]

- (j) Swap Payment Final Flow: [Applicable/[delete if not applicable or if Security Final Payment Flow is applicable]
- (k) Security Final Payment Flow: [Applicable/[delete if not applicable or if Swap Payment Flow is applicable]
- (l) Swap Issuer Final Payment Date: [specify]/[delete]
- (m) Scheduled Final Bond Payment Date: [specify]/[delete if not applicable]
- (n) Additional Issuer Swap Payment Date: [specify/delete if there is no Additional Issuer Swap Payment Amount]
- (o) Additional Issuer Swap Payment Amount: [specify/delete]
- (p) Additional Counterparty Swap Payment Date: [specify/delete if there is no Additional Counterparty Swap Payment Amount]
- (q) Additional Counterparty Swap Payment Amount: [specify/delete]
- (r) Swap Business Days: [specify]

#### **4. Arrangements upon which payments to investors are dependent**

The Issuer is dependent on receiving payments (if any) when due from the Swap Counterparty pursuant to the Swap Agreement and/or the Repo Counterparty under the Repurchase Agreement in the manner described in paragraphs 2 and 3 above in order to pay (where applicable):

- (a) the Automatic Early Settlement Amount in respect of each outstanding Security;
- (b) any Interim Payment Amount in respect of each outstanding Security; and/or
- (c) the Final Payment Amount on the Final Payment Date in respect of each outstanding Security.

#### **5. Collection of payments**

Payments made under the Swap Agreement or Repurchase Agreement to the Issuer will be paid to the relevant Compartment Account (as defined in the Conditions) and the Issuer will use the moneys standing to the credit of the Compartment Account to pay any Interim Payment Amount, the Automatic Early Settlement Amount in respect of each outstanding Security on the Automatic Early Settlement Date (where applicable) or the Final Payment Amount in respect of each outstanding Security on the Final Payment Date.

### **Charged Asset Structure 8 - Swap Agreement**

#### **1. General**

- 1.1 On or before the Issue Date, the Issuer will enter into the Swap Agreement with the Swap Counterparty.
- 1.2 For further details relating to the Swap Agreement, please see "*Description of the Charged Assets – Part II – Description of the Swap Agreement*".

#### **2. Payments under the Swap Agreement**

- 2.1 On the Initial Swap Payment Date, the Issuer will pay an amount to the Swap Counterparty equal to the Issuer Initial Swap Payment Amount.

2.2 *Where Alternative Initial Payment Structure is specified in the applicable Final Terms:*

On the Initial Swap Payment Date, the Swap Counterparty will pay an amount to the Issuer equal to the Initial Swap Payment Amount.

2.3 *If an Interim Payment Amount is payable in respect of the Securities:* the Swap Counterparty will pay an amount to the Issuer which will be equal to such Interim Payment Amount on or before the date on which such payment is due to be made by the Issuer provided that no Automatic Early Settlement Event (where applicable), Early Payment Event or Event of Default has occurred.

2.4 *Where Automatic Early Settlement is applicable in respect of the Securities:*

If, on any Automatic Early Settlement Valuation Date, an Automatic Early Settlement Event occurs, the Swap Counterparty will on or prior to the relevant Automatic Early Settlement Date pay an amount to the Issuer which will be equal to the relevant Aggregate Automatic Early Settlement Amount, provided that no Early Payment Event or Event of Default has occurred.

2.5 On or prior to the Final Payment Date, the Swap Counterparty will pay an amount to the Issuer which will be equal to the aggregate of the Final Payment Amounts that the Issuer is scheduled to pay in respect of the Securities then outstanding, provided that no Automatic Early Settlement Event (where applicable), Early Payment Event or Event of Default has occurred.

2.6 The notional amount of the Swap Agreement will be reduced to take account of any purchase and cancellation of Securities by the Issuer and the reduction of the Aggregate Amount of the Securities as a consequence.

2.7 On each Additional Counterparty Swap Payment Date, the Swap Counterparty will pay the relevant Additional Counterparty Swap Payment Amount to the Issuer.

2.8 Payments under the Swap Agreement will only be made on Swap Business Days.

2.9 *The applicable Variable Information for this paragraph 2 is:*

(a) Initial Swap Payment Date: [specify]

(b) Issuer Initial Swap Payment Amount: [specify]

(c) Alternative Initial Payment Structure: Applicable

- where Alternative Initial Payment Structure is applicable:

(i) Issuer Fees Amount: Applicable/delete

(ii) Additional Issuer Fees Amount: [specify/delete (where not applicable or where Issuer Fees Amount is not applicable)]

(iii) Additional Initial Swap Payment Amount: [specify]/delete (if not applicable)]

(iv) Alternative Initial Swap Payment Amount: [specify]/[delete if Issuer Fees Amount is applicable]

(d) Interim Payment Amount: [Interest Amount]/[Premium Amount][specify] [NB: more than one such amount may be payable]/[delete if not applicable]

(e) Additional Counterparty Swap Payment Date: [specify/delete if there is no Additional Counterparty Swap Payment Amount]

(f) Additional Counterparty Swap Payment Amount: [specify/delete]

(g) Swap Business Days: [specify]

**3. Arrangements upon which payments to investors are dependent**

The Issuer is dependent on receiving payments when due from the Swap Counterparty pursuant to the Swap Agreement in order to pay, if applicable: (a) the Automatic Early Settlement Amount in respect of each outstanding Security, (b) any Interim Payment Amount in respect of each outstanding Security and (c) the Final Payment Amount in respect of each outstanding Security.

**4. Collection of payments**

Payments made under the Swap Agreement to the Issuer will be paid to the relevant Compartment Account (as defined in the Conditions) and the Issuer will use the moneys standing to the credit of the Compartment Account to pay any Interim Payment Amount, and the Final Payment Amount on the Final Payment Date.

**DEFINITIONS**

As used in the Charged Asset Structures, the following terms have the meanings set out below:

**"Additional Counterparty Deposit Payment Amount"** means the amount or amounts specified as such in the applicable Final Terms;

**"Additional Counterparty Deposit Payment Date"** means each date specified as such in the applicable Final Terms;

**"Additional Counterparty Swap Payment Amount"** means the amount specified as such in the applicable Final Terms;

**"Additional Counterparty Swap Payment Date"** means each date specified as such in the applicable Final Terms;

**"Additional Initial Swap Payment Amount"** means the amount specified as such in the applicable Final Terms;

**"Additional Issuer Deposit Payment Amount"** means each amount specified as such in the applicable Final Terms;

**"Additional Issuer Deposit Payment Date"** means each date specified as such in the applicable Final Terms;

**"Additional Issuer Fees Amount"** means each amount specified as such in the applicable Final Terms;

**"Additional Issuer Swap Payment Amount"** means each amount specified as such in the applicable Final Terms;

**"Additional Issuer Swap Payment Date"** means each date specified as such in the applicable Final Terms;

**"Additional Proceeds Amount"** means each amount specified as such in the applicable Final Terms;

**"Additional Proceeds Payer"** means the Swap Counterparty or, if Alternative Additional Proceeds Payer is specified in the applicable Final Terms, the Repo Counterparty;

**"Aggregate Amount"** means (a) the Aggregate Nominal Amount where the Securities are Notes, (b) the Aggregate Notional Amount where the Securities are Certificates or (c) the Number of Warrants where the Securities are Warrants;

**"Aggregate Automatic Early Settlement Amounts"** means the aggregate of the Automatic Early Settlement Amounts payable in respect of the relevant Securities;

**"Aggregate Final Payment Amount"** means the aggregate of the Final Payment Amounts payable in respect of the relevant Securities;

**"Aggregate Issue Amount"** means an amount equal to (a) the Aggregate Nominal Amount where the Securities are Notes, (b) Aggregate Notional Amount where the Securities are Certificates, (c) the Number of Warrants multiplied by the Issue Price thereof where the Securities are Warrants or (d) such other amount as specified in the applicable Final Terms;

**"Alternative Initial Swap Payment Amount"** means the amount specified as such in the applicable Final Terms;

**"Authorised Offeror"** is the entity specified as such in the applicable Final Terms;

**"Automatic Early Settlement"** means Automatic Early Redemption where the Securities are Notes or Certificates or Automatic Early Expiration where the Securities are Warrants;

**"Automatic Early Settlement Amount"** means Automatic Early Redemption Amount where the Securities are Notes or Certificates or Automatic Early Expiration Payout Amount where the Securities are Warrants;

**"Automatic Early Settlement Date"** means (a) the Automatic Early Redemption Date where the Securities are Notes or Certificates or (b) the Automatic Early Exercise Date where the Securities are Warrants;

**"Automatic Early Settlement Deposit Payment Amount"** means the proceeds received by the Issuer (excluding amounts payable in respect of accrued interest thereon) from the Deposit Counterparty on or around the Automatic Early Settlement Date;

**"Automatic Early Settlement Event"** means (a) an Automatic Early Redemption Event where the Securities are Notes or Certificates or (b) an Automatic Early Termination Event where the Securities are Warrants;

**"Automatic Early Settlement Reference Security Unwind Proceeds"** means the proceeds payable to the Issuer in respect of the Reference Securities following an Early Settlement Reference Security Unwind;

**"Available Proceeds"** means the net proceeds of issue of the Securities which are not used to pay the purchase price for the Reference Securities or used to pay fees and expenses in connection with administration of the Issuer and/or the Securities;

**"Collateralisation Notional Amount"** means, at any time, an amount equal to the Aggregate Issue Amount of the Securities left outstanding immediately following any repurchase multiplied by the Collateralisation Percentage of the Securities then outstanding;

**"Collateralisation Percentage"** means the percentage specified in the applicable Final Terms;

**"Deposit Agreement"** means, in respect of a Series of Securities, the deposit agreement entered into between the Issuer and the Deposit Counterparty, specified in the applicable Final Terms in connection with the relevant Securities;

**"Early Payment Amount"** means (a) the Early Redemption Amount where the Securities are Notes or Certificates or (b) the Early Termination Amount where the Securities are Warrants;

**"Early Payment Event"** means (a) an Early Redemption Event where the Securities are Notes or Certificates or (b) an Early Termination Event where the Securities are Warrants;

**"Early Settlement Reference Security Unwind"** means one or more of (a) the automatic early redemption of the Reference Securities where Reference Security Automatic Early Redemption is specified as applicable in the applicable Final Terms, (b) a put of the Reference Securities at the option of the Issuer where Reference Security Put is specified as applicable in the applicable Final Terms and/or (c) the sale of

the Reference Securities where Reference Security Automatic Settlement Sale is specified as applicable in the applicable Final Terms, as the case may be;

**"Final Bond Payment"** means the amount specified in the applicable Final Terms;

**"Final Deposit Payment"** means the amount specified in the applicable Final Terms;

**"Final Payment Amount"** means (a) the Final Redemption Amount where the Securities are Notes or Certificates or (b) the Cash Settlement Amount where the Securities are Warrants;

**"Final Payment Date"** means (a) the Maturity Date where the Securities are Notes, (b) the Redemption Date where the Securities are Certificates or (c) the Settlement Date where the Securities are Warrants;

**"Final Repo Date"** means the date specified as such in the applicable Final Terms;

**"Final Repurchase Price Payment"** means the Repurchase Price paid to the Issuer by the Repo Counterparty on the Final Repo Date excluding the amount of Accrued Interest paid as part of such Repurchase Price;

**"Initial Bond Purchase Date"** means the date or dates specified as such in the applicable Final Terms;

**"Initial Condition Precedent Time"** means the time specified as such in the applicable Final Terms;

**"Initial Purchase Payment Amount"** means the Aggregate Issue Amount or such other amount specified in the applicable Final Terms;

**"Initial Reference Security Purchase Date"** means the date or dates specified as such in the applicable Final Terms;

**"Initial Remittance"** means (a) where Full Proceeds is specified in the applicable Final Terms, 100 per cent of the net proceeds of issue of the Securities (the **"Full Proceeds Amount"**), (b) where Partial Proceeds is specified in the applicable Final Terms, a proportion of the net proceeds of issue of the Securities less than 100 per cent thereof (such lower amount, the **"Partial Proceeds Amount"**) and (c) where either Full Proceeds or Partial Proceeds is specified and Additional Proceeds is specified as applicable in the applicable Final Terms either the Full Proceeds Amount and Partial Proceeds Amount, as the case may be, plus the Additional Proceeds Amount paid to the Issuer by the Additional Proceeds Payer;

**"Initial Remittance Date"** means the date or dates specified in the applicable Final Terms;

**"Initial Repo Purchase Date"** means the date specified as such in the applicable Final Terms;

**"Initial Swap Payment Amount"** means, where Issuer Fees Amount is specified in the applicable Final Terms, the sum of the Issuer Fees Amount and the Additional Initial Swap Payment Amount (if any) or, if Issuer Fees Amount is not specified as applicable, the Alternative Initial Swap Payment Amount;

**"Initial Swap Payment Date"** means the date specified as such in the applicable Final Terms;

**"Interim Payment Amount"** means an Interest Amount, a Premium Amount or such other amount specified as much in the applicable Final Terms;

**"Issuer Fees Amount"** means the amount payable by the Issuer on or around the Initial Swap Payment Date in respect of fees and expenses payable in connection with the administration of the Issuer and/or the relevant Securities and any Additional Issuer Fees Amount;

**"Issuer Initial Swap Payment Amount"** means the amount which is specified as such in the applicable Final Term;

**"Reference Securities"** means the securities specified as such in the applicable Final Terms;

**"Reference Security Issuer"** means the issuer(s) of the Reference Securities specified in the applicable Final Terms;

**"Reference Security Unwind Date"** means the date specified as such in the applicable Final Terms.

**"Relevant Purchase Conditions"** means (a) Condition 7(i) or Condition 8(h)(ii) where the Securities are Notes or (b) Condition 8(a) or Condition 9(h)(ii) where the Securities are Warrants or (c) Condition 8(i) or Condition 9(h)(ii) where the Securities are Certificates;

**"Relevant Reference Security Interest Payment Date"** means:

- (a) the Reference Security Interest Payment Date where the Swap Issuer Interim Payment Date is specified to be the Reference Security Interest Payment Date; or
- (b) where the Swap Issuer Interim Payment Date is specified to fall after the Reference Security Interest Payment Date, the immediately preceding the Reference Security Interest Payment Date;

**"Replacement Cost Amount"** is the amount specified as such in the applicable Final Terms;

**"Repo Date"** means each date specified as such in the applicable Final Terms;

**"Repo Unwind Trigger Date"** means the number of Business Days prior to the Final Payment Date set out in the applicable Final Terms;

**"Repurchase Agreement"** means, in respect of a Series of Securities, the repurchase agreement entered into between the Issuer and the Repo Counterparty specified in the applicable Final Terms in connection with the relevant Securities;

**"Repurchase Condition"** means (a) Condition 8(h)(ii) where the Securities are Notes or (b) Condition 9(h)(ii) where the Securities are Certificates or Warrants;

**"Scheduled Final Bond Payment"** means the amount scheduled to be paid by the Reference Security Issuer(s) in respect of the nominal amount of the Reference Securities held by the Issuer on the Scheduled Final Bond Payment Date or where there is more than one Reference Security, the aggregate of such amounts payable by the relevant Reference Security Issuers;

**"Scheduled Final Bond Payment Date"** means the date or dates specified as such in the applicable Final Terms;

**"Swap Agreement"** means, in respect of a Series of Securities, together, one or more derivatives transactions (as amended from time to time) entered into between the Issuer and the Swap Counterparty specified in the applicable Final Terms in connection with the relevant Securities;

**"Swap Business Days"** means the days on which commercial banks and foreign exchange markets settle payments and are open for general business (including dealings in foreign exchange and foreign currency deposits) in the cities specified in the applicable Final Terms, and/or where TARGET Settlement Day is specified, a day on which the Trans-European Automated Real-Time Gross Settlement Express Transfer (TARGET2) payment system is open;

**"Swap Issuer Interim Payment Date"** means each date specified as such in the applicable Final Terms; and

**"Swap Issuer Final Payment Date"** means the date specified as such in the applicable Final Terms.

## DESCRIPTION OF THE CHARGED ASSETS - PART VI – CREDIT SUPPORT STRUCTURES

### CREDIT SUPPORT STRUCTURE 1

#### 1. General

- 1.1 The Swap Counterparty and the Issuer will enter into a Credit Support Deed with respect to the Swap Agreement.
- 1.2 For further details relating to collateralisation under the Swap Agreement, please see "*Description of the Charged Assets – Part II – Description of the Swap Agreement - Collateralisation*".

#### 2. Credit Support

Under the Credit Support Deed the Swap Counterparty will post collateral for its obligations under the Swap Agreement and grant English law governed security over such collateral in favour of the Issuer. The Issuer will assign its rights under the Credit Support Deed by way of security in favour of the Trustee. However the Collateral does not constitute Charged Assets and is not owned by the Issuer. The Swap Counterparty Collateral (as defined below) will be held by BNP Paribas Securities Services, Luxembourg Branch on behalf of the Issuer as custodian in a segregated account in accordance with the terms of the Credit Support Deed.

#### 3. Collateral

- 3.1 Under the Credit Support Deed the Swap Counterparty will post Swap Counterparty Collateral in respect of its obligations under the Swap Agreement. The "**Swap Counterparty Collateral**" in respect of a Swap Agreement will be those assets specified in the applicable Final Terms.
- 3.2 The amount of Swap Counterparty Collateral posted by the Swap Counterparty will be adjusted on each Swap Agreement Valuation Date so that it is equal in value, (as multiplied by the valuation percentage applicable to relevant item of collateral), as determined by the Credit Support Valuation Agent acting in its sole and absolute discretion, to the product of the Support Percentage and the MtM Value of the Swap Agreement on such Swap Agreement Valuation Date.

### CREDIT SUPPORT STRUCTURE 2

#### 1. General

- 1.1 The Swap Counterparty and the Issuer will enter into a Credit Support Annex with respect to the Swap Agreement.
- 1.2 For further details relating to collateralisation under the Swap Agreement, please see "*Description of the Charged Assets – Part II – Description of the Swap Agreement - Collateralisation*".

#### 2. Credit support

Under the Credit Support Annex the Swap Counterparty will transfer collateral for its obligations under the Swap Agreement to the Issuer. The Issuer will assign its rights under the Credit Support Annex by way of security in favour of the Trustee and the Swap Counterparty Collateral will constitute Charged Assets. The Swap Counterparty Collateral will be held by the Custodian on behalf of the Issuer.

#### 3. Collateral

- 3.1 Under the Credit Support Annex the Swap Counterparty will transfer collateral in respect of its obligations under the Swap Agreement. The "**Swap Counterparty Collateral**" in respect of a Swap Agreement will be those assets specified in the applicable Final Terms.

- 3.2 The amount of Swap Counterparty Collateral posted by the Swap Counterparty will be adjusted on each Swap Agreement Valuation Date so that it is equal in value, (as multiplied by the valuation percentage applicable to relevant item of collateral), as determined by the Credit Support Valuation Agent acting in its sole and absolute discretion, to the product of the Support Percentage and the MtM Value of the Swap Agreement on such Swap Agreement Valuation Date.

### **CREDIT SUPPORT STRUCTURE 3**

#### **1. General**

- 1.1 The Swap Counterparty and the Issuer will enter into a Credit Support Annex with respect to the Swap Agreement.
- 1.2 For further details relating to collateralisation under the Swap Agreement, please see "*Description of the Charged Assets – Part II – Description of the Swap Agreement - Collateralisation*".

#### **2. Credit Support**

Under the Credit Support Annex the Swap Counterparty will transfer collateral for its obligations under the Swap Agreement to the Issuer and the Issuer will transfer collateral for its obligations under the Swap Agreement to the Swap Counterparty. The Issuer will assign its rights under the Credit Support Annex by way of security in favour of the Trustee and the Swap Counterparty Collateral will constitute Charged Assets. The Swap Counterparty Collateral will be held by the Custodian.

#### **3. Collateral**

- 3.1 Under the Credit Support Annex the Swap Counterparty will transfer Swap Counterparty Collateral in respect of its obligations under the Swap Agreement. The "**Swap Counterparty Collateral**" in respect of a Swap Agreement will be those assets specified in the applicable Final Terms.
- 3.2 Under the Credit Support Annex the Issuer will transfer Reference Securities to the Swap Counterparty in respect of its obligations under the Swap Agreement (the "**Issuer Posted Collateral**").
- 3.3 The amount of Swap Counterparty Collateral transferred by the Swap Counterparty to the Issuer or by the Issuer to the Swap Counterparty will be adjusted on each Swap Agreement Valuation Date so that it is equal in value (as multiplied by the valuation percentage applicable to relevant item of collateral), as determined by the Credit Support Valuation Agent acting in its sole and absolute discretion, to the product of the Support Percentage and the MtM Value of the Swap Agreement on such Swap Agreement Valuation Date. Where Scheduled Cashflow Valuation is specified in the applicable Final Terms, the MtM Value of the Swap Agreement will be determined based on the scheduled cashflows under the Swap Agreement, without reference to any credit or other risk in relation to the Reference Security Issuer.
- 3.4 The Issuer will not be required to transfer at any time in aggregate a principal amount of the Reference Securities which is greater than the then Aggregate Amount of the Securities as Issuer Posted Collateral under the Credit Support Annex.

### **CREDIT SUPPORT STRUCTURE 4**

**This Credit Support Structure shall only be applicable if specified in the applicable Final Terms and if Charged Asset Structure 7 (Repurchase Agreement and Swap Agreement) is specified as applicable.**

Under the Repurchase Agreement, the Value of the Repo Collateral Securities which are the subject of the then current Transaction will be determined by the Repo Calculation Agent on each Repo Transaction

Valuation Date. If on any Repo Transaction Valuation Date the Issuer has a Net Exposure to the Repo Counterparty exceeding the Minimum Transfer Amount, the Repo Counterparty will transfer further Repo Collateral Securities with a Value at least equal to such Net Exposure with the Issuer as margin on or prior to the Margin Delivery Date; if on any Repo Transaction Valuation Date, the Value of the Repo Collateral Securities is greater than the Repurchase Price by an amount equal to or greater than the Minimum Transfer Amount, then the Issuer will transfer an amount of Repo Collateral Securities with a Value equal to such excess to the Repo Counterparty upon request by the Repo Counterparty.

For this purpose, the Issuer has a **"Net Exposure"** to the Repo Counterparty if the Repurchase Price exceeds the Margin Calculation Value of the Repo Collateral Securities which are the subject of the then current Transaction already transferred to the Issuer by the Repo Counterparty.

## DEFINITIONS

As used in the Credit Support Structures, the following terms have the meanings set out below:

**"Credit Support Valuation Agent"** means party specified as such in the applicable Final Terms.

**"Margin Calculation Value"** means the Value multiplied by the Over Collateralisation Level.

**"Margin Delivery Date"** means the date specified as such in the applicable Final Terms.

**"Minimum Transfer Amount"** means the amount specified as such in the applicable Final Terms.

**"Over Collateralisation Level"** means the percentage or amount specified as such in the applicable Final terms. If no Over Collateralisation Level is specified in the applicable Final Terms, the applicable Over Collateralisation Level shall be equal to 100 per cent.

**"Repo Transaction Valuation Date"** means the date or dates specified as such in the applicable Final Terms.

**"Support Percentage"** means the percentage specified in the applicable Final Terms.

**"Swap Agreement Valuation Date"** means the date or dates specified as such in the applicable Final Terms.

**"Value"** means the market value or such other value specified in the applicable Final Terms.

## DESCRIPTION OF THE CHARGED ASSETS – PART VII – ELIGIBLE BNP PARIBAS FORTIS COLLATERAL SECURITIES

Where so specified in the applicable Final Terms, debt obligations of BNP Paribas Fortis SA/NV ("**BNP Paribas Fortis**") which are Eligible BNP Paribas Fortis Collateral Securities may constitute Reference Securities.

"**Eligible BNP Paribas Fortis Collateral Securities**" means securities to be issued by BNP Paribas Fortis which have the following terms and conditions:

1. **Status:** They are notes (referred to herein as "**BNPPF Securities**") issued on a senior basis which constitute direct, unconditional, unsubordinated and unsecured and general obligations of BNP Paribas Fortis and will rank pari passu (subject to mandatory preferred debts under applicable laws) without preference among themselves and at least equally and rateably with all other present and future outstanding unsecured and unsubordinated obligations including guarantees and other obligations of a similar nature of BNP Paribas Fortis;
2. **Events of default:** The terms of such BNPPF Securities contain, amongst others, the following events of default:
  - (a) default in payment of any principal or interest due in respect of the BNPPF Securities, continuing for a period of 30 days;
  - (b) default arising from the non-performance or non-observance by BNP Paribas Fortis of any other obligation, condition or other provision under the BNPPF Securities which is not cured within 45 days of a notice from any holder of the BNPPF Securities requiring remedy;
  - (c) default by BNP Paribas Fortis in the payment of the principal of, or premium or prepayment charge (if any) or interest on, any other loan indebtedness of or assumed or guaranteed by BNP Paribas Fortis (which indebtedness has an aggregate principal amount of at least EUR 50,000,000 or its equivalent in any other currency or currencies), when and as the same shall become due and payable (as a result of maturity or acceleration of maturity), if, other than in the case of acceleration of maturity, such default shall continue for more than the applicable period of grace and the time for payment of such interest or principal has not been effectively extended;
  - (d) events relating to the dissolution, insolvency or winding up of BNP Paribas Fortis except as a result of a permitted reorganisation pursuant to the terms and conditions of the BNPPF Securities; or
  - (e) it becomes unlawful for BNP Paribas Fortis to perform any of its obligations under the BNPPF Securities.

Following the occurrence of any such event of default, any holder of a such a BNPPF Security may give notice that such BNPPF Security is immediately repayable whereupon the early redemption amount calculated in accordance with the terms and conditions of the BNPPF Securities, together (if applicable) with accrued interest to the date of repayment, will become immediately due and payable.

3. **Interest:** the BNPPF Securities, as specified in the applicable Final Terms, either (a) will bear interest at a fixed rate or (b) do not bear interest and are zero coupon securities.
4. **Redemption:** the BNPPF Securities, provided they are not subject to early redemption, will redeem at par on the date specified for their scheduled redemption in the applicable Final Terms, subject to adjustment for non-business days in accordance with the terms of the BNPPF Securities.

5. **Early redemption:** the BNPPF Securities may be redeemed early due to illegality or a force majeure at the early redemption amount calculated in accordance with the terms and conditions of the BNPPF Securities.
6. **Currency:** the BNPPF Securities may be denominated in any of the following currencies (each an "**Eligible BNP Paribas Fortis Collateral Currency**"): Euros ("**EUR**"), US Dollars, ("**USD**"), Australian Dollars ("**AUD**"), Canadian Dollars ("**CAD**"), Swiss Francs ("**CHF**"), Danish Kroner ("**DKK**"), Great British Pounds ("**GBP**"), Japanese Yen ("**JPY**"), Norwegian Kroner ("**NOK**"), New Zealand Dollars ("**NZD**") or Swedish Kronor ("**SEK**"), as specified in the applicable Final Terms.
7. **Governing law:** the BNPPF Securities are governed by English law, save for the provisions relating to BNPPF Securities issued in dematerialised form and the provisions relating to meetings of holders of the BNPPF Securities, **which** will be governed, in each case, by Belgian law.

## FORM OF NOTES

Each Series (and/or Tranche, as the case may be) of Notes will be either Bearer Notes (with or without interest coupons attached) issued outside the United States only in reliance on the exemption from registration provided by Regulation S or Registered Notes (without interest coupons attached) issued outside the United States in reliance on the exemption from registration provided by Regulation S.

As part of the initial distribution of the Notes of each Series which constitute Secured Securities, such Notes may not be purchased by any person except for persons that are not "U.S. persons" as defined in the U.S. Risk Retention Rules, or "**Risk Retention U.S. Persons**" except to the extent permitted under an exemption to the U.S. Risk Retention Rules as described under "Risk Factors" at page [56]. "**U.S. Risk Retention Rules**" means Regulation RR (17 C.F.R Part 246) implementing the risk retention requirements of Section 15G of the U.S. Securities Exchange Act of 1934, as amended. Prospective investors should note that, although the definition of "U.S. person" in the U.S. Risk Retention Rules is very similar to the definition of "U.S. person" in Regulation S, there are substantial differences between the two definitions and that persons who are not "U.S. persons" under Regulation S may be "U.S. persons" under the U.S. Risk Retention Rules.

### *Bearer Notes*

Each Series (and/or Tranche, as the case may be) of Bearer Notes will be initially issued in the form of a temporary global Note or, if so specified in the applicable Final Terms, a permanent global Note which, in either case, will be delivered on or prior to the original issue date of the Series (and/or Tranche, as the case may be) to a common depositary (the "**Common Depositary**") for Clearstream Banking, société anonyme ("**Clearstream, Luxembourg**") or Euroclear Bank S.A./N.V. ("**Euroclear**").

Bearer Global Notes (as defined in "*Terms and Conditions of the Notes*") will only be transferable in accordance with the rules and procedures for the time being of Euroclear or Clearstream, Luxembourg, as the case may be.

U.S. Treasury Regulation Section 1.163-5(c)(2)(i)(D) or any successor rules substantially identical thereto (the "**TEFRA D Rules**") will apply to the Bearer Notes unless the Bearer Notes do not have a maturity of more than 365 days.

### *Registered Notes*

The Registered Notes of each Series (and/or Tranche, as the case may be) offered and sold in reliance on Regulation S, which will be sold to non-U.S. persons outside the United States, will initially be represented by a Regulation S Global Note (as defined in "*Terms and Conditions of the Notes*"). Beneficial interests in a Regulation S Global Note may not be offered or sold to, or for the account or benefit of, a U.S. person and may not be held otherwise than through Euroclear or Clearstream, Luxembourg and such Regulation S Global Note will bear a legend regarding such restrictions on transfer.

Registered Global Notes in the form of Regulation S Global Notes will be deposited with a Common Depositary for Euroclear and Clearstream, Luxembourg, as specified in the applicable Final Terms. Persons holding beneficial interests in Registered Global Notes will be entitled or required, as the case may be, under the circumstances described below, to receive physical delivery of Definitive Registered Notes (as defined in "*Terms and Conditions of the Notes*").

Payments principal, interest or any other amount in respect of the Registered Global Notes will, in the absence of provision to the contrary, be made to the person shown on the register kept by the Registrar as the registered holder of the Registered Global Notes. None of the Issuer, BNP Paribas or its affiliates, the Trustee, the Dealer, the Guarantor (if applicable), or any Agent will have any responsibility or liability for any aspect of the records relating to or payments or deliveries made on account of beneficial ownership

interests in the Registered Global Notes or for maintaining, supervising or reviewing any records relating to such beneficial ownership interests.

Payments of principal, interest or any other amount in respect of Definitive Registered Notes will, in the absence of provision to the contrary, be made to the persons shown on the Register on the relevant Record Date (as defined in Notes Condition 6 (*Payments*)) immediately preceding the due date for payment in the manner provided in that Condition.

Interests in a Registered Global Note may, subject to compliance with all applicable restrictions, be transferred to a person who wishes to hold such interest in another Registered Global Note. No beneficial owner of an interest in a Registered Global Note will be able to transfer such interest, except in accordance with the applicable procedures of Euroclear and Clearstream, Luxembourg.

#### **Certification as to non-U.S. beneficial ownership**

Whilst any Bearer Note is represented by a temporary global Note, any amounts payable in respect of the Notes due prior to the Exchange Date (as defined below) will be made outside of the United States against presentation of the temporary global Note only to the extent that certification (in a form to be provided) to the effect that the beneficial owners of interests in such Note are not U.S. persons or persons who have purchased for resale to any U.S. person ("**Certification**"), as required by U.S. Treasury regulations, (i) has been received by Euroclear and/or Clearstream, Luxembourg and Euroclear and/or Clearstream, Luxembourg, as applicable, has given a like certification (based on the certifications it has received) to the Issuing and Paying Agent or, (ii) in the case of a temporary global Note held otherwise than on behalf of Euroclear and/or Clearstream, Luxembourg, from the holder thereof.

On and after the date (the "**Exchange Date**") which is 40 days after the temporary global Note is issued, interests in such temporary global Note will be exchangeable (free of charge) upon a request as described therein either for, as applicable, (i) interests in a permanent global Note or (ii) Definitive Bearer Notes of the same Series with, where applicable, Receipts, Coupons and Talons attached (as indicated in the applicable Final Terms and subject, in the case of Definitive Bearer Notes, to such notice period as is specified in the permanent global Note), in accordance with the terms of the temporary global Note against Certification as to beneficial ownership as described above and as required by U.S. Treasury regulations unless such Certification has already been given pursuant to the provisions set forth above. Exchange of a temporary global Note for interests in a permanent global Note will only be made if Definitive Bearer Notes have not already been issued. If Definitive Bearer Notes have already been issued, the temporary global Note may only thereafter be exchanged for Definitive Bearer Notes pursuant to the terms thereof. The holder of a temporary global Note will not be entitled to collect any payment of interest, principal or other amount due on or after the Exchange Date unless, upon due Certification, exchange of the temporary global Note for an interest in a permanent global Note or, in the case of Bearer Notes, for Definitive Bearer Notes is improperly withheld or refused.

Payments of principal, interest (if any) or any other amounts on a permanent global Note will be made through Euroclear and/or Clearstream, Luxembourg, as applicable, to or to the order of the holder thereof against presentation or surrender (as the case may be) of the permanent global Note without any requirement for Certification.

All payments, including in respect of interest and principal and whether at maturity or otherwise, will be payable only outside of the United States.

Subject to requirements existing at the time of issue, the following legend will appear on all temporary global Notes, permanent global Notes and definitive Notes which have an original maturity of more than 365 days and on all receipts, interest coupons and talons relating to such Notes:

"Any United States person (as defined in the Internal Revenue Code of the United States) who holds this obligation will be subject to limitations under the United States income tax laws including the limitations provided in sections 165(j) and 1287(a) of the Internal Revenue Code".

U.S. Treasury Regulation Section 1.163-5(c)(2)(i)(D) or any successor rules substantially identical thereto (the "**TEFRA D Rules**") will apply to the Bearer Notes unless the Bearer Notes do not have a maturity of more than 365 days.

#### **Exchange upon the occurrence of an Exchange Event or otherwise**

The applicable Final Terms with respect to any Notes issued in global form will specify whether the relevant permanent global Note or Registered Global Note (as applicable) will be exchangeable (free of charge), in whole but not in part, for Definitive Bearer Notes with, where applicable, Receipts, Coupons and Talons attached, or, as the case may be, Definitive Registered Notes, upon not less than 60 days' written notice to the Issuing and Paying Agent from or on behalf of, as the case may be, Euroclear and/or Clearstream, Luxembourg acting on the instructions of any holder of an interest in the permanent global Note or Registered Global Note, as described therein (unless otherwise specified in the applicable Final Terms) (a "**Holder Exchange Event**") or, in the case of a permanent global Note, if such Note is held otherwise than on behalf of Euroclear or Clearstream, Luxembourg, the bearer thereof, in the event of the occurrence of any of the circumstances described in (i), (ii), or (iii) or (iv) below (each, an "**Exchange Event**") or by the Issuer in the event of the occurrence of the circumstances described in (iii) below: (i), if applicable, an Event of Default (as defined in Condition 11 of the "*Terms and Conditions of the Notes*") has occurred and is continuing; (ii) in the case of a permanent global Note or a Registered Global Note registered in the name of a common depositary for Euroclear and/or Clearstream, Luxembourg, the Issuer has been notified that both Euroclear and Clearstream, Luxembourg have been closed for business for a continuous period of 14 days (other than by reason of holiday, statutory or otherwise) or announce an intention permanently to cease business or have in fact done so and no successor clearing system is available; (iii) in the case of Definitive Bearer Notes, as a result of any change in, or amendment to the laws of a relevant jurisdiction, upon the Issuer's request where issuance of definitive notes would be adverse to the Issuer but for the issuance of physical securities in bearer form; or (iv) in the case of Registered Notes, the Issuer has or will become subject to adverse tax consequences which would not be suffered were such Registered Notes represented by a Registered Definitive Note. The Issuer will promptly give notice to Noteholders in accordance with Condition 18 (see "*Terms and Conditions of the Notes*") if an Exchange Event occurs. In the event of the occurrence of an Exchange Event, Euroclear and/or Clearstream, Luxembourg (acting on the instructions of any holder of an interest in such global Note or Registered Global Note) may give notice to the Issuing and Paying Agent or, as the case may be, the Registrar requesting exchange and, in the event of the occurrence of an Exchange Event as described in (iv) above, the Issuer may also give notice to the Registrar requesting exchange. Any such exchange shall occur not later than 10 days after the date of receipt of the first relevant notice by the Registrar.

In respect of any Series of Notes, the Holder Exchange Event shall not apply unless the applicable Final Terms provide that such Notes are issued and tradeable only in amounts equal to the minimum Denomination or integral multiples of the minimum denomination (or if more than one, the lowest Denomination).

#### **Clearing Systems**

Any reference herein to Euroclear and/or Clearstream, Luxembourg shall, whenever the context so permits, be deemed to include a reference to any additional or alternative clearing system specified in the applicable Final Terms or as may otherwise be approved by the Issuer, the relevant Dealer and the Issuing and Paying Agent.

### ON-GOING PUBLIC OFFERS

The series of Notes listed below are each either (i) the subject of an on-going public offer as at the date of this Base Prospectus or (ii) the subject of a public offer which has closed as at the date of this Base Prospectus, but which will be listed on a regulated market after the date of this Base Prospectus.

The Base Prospectus dated 28 September 2016 is applicable for the purposes of the on-going public offers listed below and the information relating to the Issuer contained in such Base Prospectus shall be deemed to be supplemented by this Base Prospectus and any Supplement hereto published on or before the Public Offer End Date. In accordance with Article 16.2 of the Prospectus Directive, investors who have already agreed to purchase or subscribe for Notes before this Base Prospectus is published have the right, exercisable within two working days after the publication of this Base Prospectus, to withdraw their acceptances. Investors should be aware, however, that the law of the jurisdiction in which they have accepted an offer of Notes may provide for a longer time limit.

The Final Terms for the series of Notes listed below are published on: <http://www.eqdpo.bnpparibas.com/>.

## FORM OF FINAL TERMS FOR NOTES

*Set out below is the form of Final Terms which will be completed for each Series (and/or Tranche, as the case may be) of Notes issued under the Programme. Placeholders are included as an aid to review and the Final Terms relating to any Series of Notes will be completed with such information from the Base Prospectus (including the Terms and Conditions) as is applicable to such Notes. References in the Base Prospectus (including in the applicable Terms and Conditions) to "the Securities" shall when replicated in these Final Terms be replaced with references to the Notes.*

**[The [Base Prospectus [expires/will be updated] on [●] 2018 and the] Issuer intends that the updated Base Prospectus will be [immediately updated thereafter]/[updated on or around [●] 2018] and, when approved, the Base Prospectus will be published on the website of the Luxembourg Stock Exchange (www.bourse.lu).]**<sup>1</sup>

*[Date]*

**SecurAsset S.A.**

**acting through its Compartment [●]**

**Issue of [up to] [Aggregate Nominal Amount of Series/Tranche] [Title of Notes] [Guaranteed by [BNP Paribas/Banca Nazionale del Lavoro S.p.A] on the terms set out herein] under the €20,000,000,000 Secured Note, Warrant and Certificate Programme**

## PART A- CONTRACTUAL TERMS

Terms used herein shall be deemed to be defined as such for the purposes of the Conditions set forth under the heading "*Terms and Conditions of the Notes*" in the Base Prospectus dated [●] September 2017 (the "**Base Prospectus**")<sup>1</sup> and the supplement[s] to the Base Prospectus dated [●]<sup>2</sup> and any[ further] supplements to the Base Prospectus published prior to the Issue Date (as defined below) (the "**Supplement(s)**")<sup>3</sup> which together constitute a base prospectus for the purposes of the Prospectus Directive and the Prospectus Act 2005<sup>4</sup>. This document constitutes the Final Terms of the Notes described herein [for the purposes of article 5.4 of the Prospectus Directive and article 8.4 of the Prospectus Act 2005]<sup>4</sup> and must be read in conjunction with the Base Prospectus[ (which includes the provisions of [Annex 1] [and] [Annex 2 in the case of Index Linked Notes,] [Annex 3 in the case of Share Linked Notes,] [Annex 4 in the case of Debt Linked Notes,] [Annex 5 in the case of Commodity Linked Notes,] [Annex 6 in the case of Inflation Linked Notes,] [Annex 7 in the case of Currency Linked Notes,] [Annex 8 in the case of Fund Linked Notes,] [Annex 9 in the case of Underlying Interest Rate Linked Notes,] [Annex 10 in the case of Credit Linked Notes] and [Annex 11 in the case of ETI Linked Notes])]<sup>5</sup> and any Supplement(s); provided, however, that to the extent any such supplement (i) is published after the date of these Final Terms and (ii) provides for any change to the Conditions as set out under the heading "*Terms and Conditions of the Notes*" in the Base Prospectus, such change(s) shall have no effect with respect to the Conditions of the Notes to which these Final Terms relate. Full information on the Issuer[, the Guarantor (if applicable)] and the offer of the Notes is only available on the basis of the combination of these Final Terms, the Base Prospectus and any Supplement(s). Prior to acquiring an interest in the Notes described herein, prospective investors should read and understand the information provided in the Base Prospectus and any Supplement(s). Copies of the Base Prospectus, any Supplement(s) and these Final Terms are available for inspection from the specified office of the Issuing and Paying Agent [and on the website of the Luxembourg Stock

---

<sup>1</sup> Please note that if, for any reason, the 2018 Base Prospectus is not approved, the offer period for such issues must cease upon the expiry of the validity of the 2017 Base Prospectus.

<sup>2</sup> Where applicable, include the date of any Supplements which have been published prior to the date of the Final Terms.

<sup>3</sup> Delete in the case of any issue of Private Placement Notes.

<sup>4</sup> Delete in the case of any issue of Private Placement Notes.

<sup>5</sup> Delete as applicable.

Exchange ([www.bourse.lu](http://www.bourse.lu))]<sup>7</sup> and [●]]. [A summary of the Notes (which comprises the summary in the Base Prospectus as amended to reflect the provisions of these Final Terms) is annexed to these Final Terms.]<sup>8</sup>

*N.B When using a post-1 July 2012 approved Base Prospectus to tap a previous issue under a previously approved Base Prospectus, the final terms in the post-1 July 2012 Base Prospectus may (and will if the previous issue was contemplated under a pre-1 July 2012 Base Prospectus) take a different form to the final terms used for the original issue being tapped. The Conditions of the original issue being tapped should be reviewed to ensure that they would not require the final terms documenting the further issue to include information which is no longer permitted in final terms. Where the final terms documenting the further issue would need to include such information, it will not be possible to tap using final terms and a drawdown prospectus (incorporating the original Conditions and final terms) will instead need to be prepared.*

*[The following alternative language applies in respect of issues of Notes where the public offer period spans an update to the Base Prospectus. If relevant, the update of the 2018 Base Prospectus will contain a list of offers for which the provisions of the paragraph below apply. Investors will be informed of their withdrawal rights in respect of such offers by notice when the 2018 Base Prospectus is published.]<sup>9</sup>*

[Terms used herein shall be deemed to be defined as such for the purposes of the Conditions (the "**Conditions**") set forth in the Base Prospectus dated [●] September 2017 (the "**2017 Base Prospectus**")][,][ and] the supplement[s] to the 2017 Base Prospectus dated [●] and any[ further] supplements to the 2017 Base Prospectus published prior to the Issue Date (as defined below) (the "**Supplement(s)**"), notwithstanding the approval of an updated base prospectus which will replace the 2017 Base Prospectus (the "**2018 Base Prospectus**"). The 2017 Base Prospectus, as supplemented, constitutes and the 2018 Base Prospectus will constitute a base prospectus for the purposes of the Prospectus Directive and the Prospectus Act 2005. This document constitutes the Final Terms of the Notes described herein for the purposes of Article 5.4 of the Prospectus Directive and article 8.4 of the Prospectus Act 2005 and (i) prior to the approval date, must be read in conjunction with the 2017 Base Prospectus, as supplemented [(which includes the provisions of [Annex 1] [and] [Annex 2 in the case of Index Linked Notes,] [Annex 3 in the case of Share Linked Notes,] [Annex 4 in the case of Debt Linked Notes,] [Annex 5 in the case of Commodity Linked Notes,] [Annex 6 in the case of Inflation Linked Notes,] [Annex 7 in the case of Currency Linked Notes,] [Annex 8 in the case of Fund Linked Notes,] [Annex 9 in the case of Underlying Interest Rate Linked Notes,] [Annex 10 in the case of Credit Linked Notes] and [Annex 11 in the case of ETI Linked Notes])]<sup>10</sup>, and (ii) on and after the approval date, must be read in conjunction with the 2018 Base Prospectus, save in respect of the Conditions which are extracted from the 2017 Base Prospectus, as supplemented. To the extent any supplement (i) is published after the date of these Final Terms and (ii) provides for any change to the Conditions as set out under the heading "Terms and Conditions of the Notes" in the 2017 Base Prospectus, such change(s) shall have no effect with respect to the Conditions of the Notes to which these Final Terms relate. Full information on the Issuer[, the Guarantor (if applicable)] and the offer of the Notes is only available on the basis of the combination of these Final Terms and either (i) prior to the approval date, the 2017 Base Prospectus, as supplemented, or (ii) on or after the approval date, the 2017 Base Prospectus, as supplemented, and the 2018 Base Prospectus. Prior to acquiring an interest in the Notes described herein, prospective investors should read and understand the information provided in the 2017 Base Prospectus and any Supplement(s) and, when available, the 2018 Base Prospectus. Copies of the 2017 Base Prospectus, any Supplement(s) and these Final Terms are available, and copies of the 2018 Base Prospectus, will be available for inspection from the specified office of the Issuing and Paying Agent [and will be published on the website of the Luxembourg Stock Exchange

**29. Fixed Rate Provisions:**

[Applicable – the Notes are Fixed Rate Notes/Not applicable]

*(If not applicable, delete the remaining sub-paragraphs of this paragraph)*

*(Specify if more than one fixed rate is to be determined)*

(i) Fixed Rate[(s)] of Interest: [specify] per cent. [per annum]

(ii) Fixed Coupon Amount(s): [[specify] per Calculation Amount] / [Not applicable]

(iii) Broken Amount(s): [Applicable / Not applicable]

**30. Floating Rate Provisions:**

[Applicable – the Notes are Floating Rate Notes/Not applicable]

*(If not applicable, delete the remaining sub-paragraphs of this paragraph)*

*(Specify if more than one floating rates is to be determined)*

(i) Manner in which the Rate of Interest and Interest Amount is to be determined: [Screen Rate Determination/ISDA Determination/FBF Determination]

(ii) Linear Interpolation: [Not applicable/Applicable – the Rate of Interest for the [long/short] [first/last] Interest Period shall be calculated using Linear Interpolation (*specify for each short or long interest period*)]

(iii) Screen Rate Determination: [Applicable/Not applicable]

*(If not applicable, delete the remaining sub-paragraphs of this paragraph)*

(a) Reference Rate: [LIBOR/EURIBOR]

(b) Interest Determination Date(s): [specify]

*(Second London business day prior to the start of each Interest Period if LIBOR and second TARGET2 day prior to the start of each Interest Period if EURIBOR)*

(c) Specified Time: [specify] (*which will be 11:00 am, London time, in the case of LIBOR, or 11:00 am, Brussels time, in the case of EURIBOR*)

(d) Relevant Screen Page: [specify]

*(In the case of EURIBOR, if not Reuters EURIBOR01 ensure it is a page which shows a composite rate)*

(e) Reference Banks: [As per Condition 5][specify]

- (iv) ISDA Determination: [Applicable/Not applicable]  
*(If not applicable, delete the remaining sub-paragraphs of this paragraph)*
- (a) Floating Option: Rate [specify]
- (b) Designated Maturity: [specify]
- (c) Reset Date: [specify]
31. FBF Determination: [Applicable/Not applicable]  
*[If applicable:  
[specify relevant terms]]*
32. Zero Coupon Provisions: [Applicable/Not applicable]  
*(If not applicable, delete the remaining sub-paragraphs of this paragraph)*
- (i) Accrual Yield: [specify] per cent. per annum
- (ii) Reference Price: [specify]
33. Index Linked Interest Provisions: [Applicable – the Notes are Index Linked Interest Notes/Not applicable]  
*(If not applicable, delete the remaining sub-paragraphs of this paragraph)*
- (i) Index/Basket of Indices: [specify]  
[The [specify] Index is a [Component Security]/[Multi-Exchange] Index.]<sup>15</sup>  
[The [specify] Index is a Custom Index.]<sup>16</sup>
- (ii) Index Currency: [specify]
- (iii) Screen Page: [specify]
- (iv) Interest Valuation Date(s): [specify]
- (v) Specified Maximum Days of Disruption: [specify] Scheduled Trading Days [As specified in Index Linked Condition 4]
- (vi) Exchange Business Day: [(All Indices Basis)/(Per Index Basis)/(Single Index Basis)]
- (vii) Scheduled Trading Day: [(All Indices Basis)/(Per Index Basis)/(Single Index Basis)]  
*(must match election made for Exchange Business Day)*

<sup>15</sup> Specify each Component Security Index and/or Multi-Exchange Index (if any).

<sup>16</sup> Specify each Custom Index (if any).

- (viii) Exchange(s) and Index Sponsor:
- (a) The relevant Exchange[s] [is/are] *[specify]*; and
- (b) The relevant Index Sponsor is *[specify]*.
- (ix) Related Exchange: *[specify/[All Exchanges]]*
- (x) Settlement Price: [Official opening level]/[Official closing level][price at the Valuation Time] *[specify]*
- (xi) Weighting: [Not applicable/The weighting to be applied to each item comprising the Basket of Indices to ascertain the Settlement Price is *[specify]*. Each such Weighting shall be subject to adjustment in accordance with Index Linked Condition 2]/*[specify]*. *(N.B. Only applicable in relation to Cash Settled Notes relating to a Basket of Indices)*
- (xii) Valuation Time: [Scheduled Closing Time/Any time [on the relevant Settlement Price Date/during the Observation Period.] *[specify]* *(N.B. if no time is specified, the Interest Valuation Time will be the Scheduled Closing Time)*
- (xiii) Index Correction Period: [As per Index Linked Condition 6/*specify*]
- (xiv) Redemption on the Occurrence of Index Adjustment Event: [Delayed Redemption on Occurrence of an Index Adjustment Event: Applicable/Not applicable]
- [if applicable:
- Protected Amount: *[[specify]* per cent. of the Specified Denomination]]
- [Highest Value: [Applicable/Not applicable]]
- [Market Value: [Applicable/Not applicable]]
- [Monetisation Option: [Applicable/Not applicable]]
- [If Highest Value or Monetisation Option are applicable: Protected Amount: *[specify]* per cent. of the Specified Denomination]*
- [If the Calculation Agent determines an Index Adjustment Event constitutes a force majeure, Index Linked Condition 2(B)(ix) applies]
- (xv) Additional provisions applicable to Custom Indices: [Applicable/Not applicable]
- (If not applicable, delete the remaining sub-paragraphs of this paragraph)*
- (a) Custom Index Business Day: [(All Custom Indices Basis)/(Per Custom Index Basis)(Single Custom Index Basis)]
- (b) Scheduled Custom Index Business Day: [(All Custom Indices Basis)/(Per Custom Index Basis)(Single Custom Index Basis)]
- (Must match election made for Custom Index Business Day)*

*[If applicable:*

- (i) The Notes are linked to each of the types of Underlying Reference (each a "**Type of Underlying Reference**") set out in the table below. The terms and conditions of the Notes will be construed on the basis that in respect of each separate Type of Underlying Reference, the relevant terms applicable to each such separate Type of Underlying Reference will apply, as the context admits, separately and independently in respect of the relevant Type of Underlying Reference[, subject as provided in (ii) below].

*[Include each Type of Underlying Reference]*

Type of Underlying Reference

[•] [See item [•]]

[•] [See item [•]]

[•] [See item [•]]

- (ii) Hybrid Business Day [Applicable/Not applicable]

*[if applicable:*

**"Hybrid Business Day"** means a day which is a Scheduled Trading Day (as defined in the relevant Annex and completed in the applicable Final Terms) for each Type of Underlying Reference specified in the applicable Final Terms.

*[If Hybrid Business Day is applicable, each date for valuation (e.g. valuation date, averaging date, observation date etc.) which is the subject of the Hybrid Securities provisions should be expressed to be "[•] or if that is not a Hybrid Business Day the immediately [succeeding/preceding] Hybrid Business Day"]]*

**62. Variation of Settlement:**

- |       |                                                     |                                                                                                                                                                                                                                                                                                                                                                                  |

- (v) Substitution Notification: [Applicable][Not applicable]
- 66. Compartment Assets substitution under a Credit Support Annex/Credit Support Deed/Pledge: delivery or payment of securities, obligations or cash by (if not Swap Counterparty) (Condition 8(g)): [Credit Support Annex / Credit Support Deed/Pledge][Counterparty]
- 67. The order of priority of payments made by the Issuer to the holders of the class of securities in question: [Swap Counterparty Priority][Pari Passu Ranking][Noteholder Priority]

#### OTHER PROVISIONS

- 68. Issuer Substitution: [Not applicable/Applicable]
- 69. Financial Centre(s) or other special provisions relating to Payment Days: [Not applicable/specify] *(Note that this paragraph relates to the date of payment and not the end dates of interest periods for the purposes of calculating the amount of interest to which sub-paragraph 28 relates. All relevant Financial Centre(s) (including the location of the relevant agent(s)) should be included other than TARGET2)*
- 70. Talons for future Coupons or Receipts to be attached to definitive Notes (and dates on which such Talons mature): [Yes/No.]
- 71. Details relating to Notes redeemable in instalments: amount of each instalment, date on which each payment is to be made: [Not applicable/Applicable]  
[The Notes are redeemable in instalments and Instalment Adjustment is applicable/not applicable]
  - (i) [Instalment Amounts: [specify]  
[Instalment Percentage: [●] per cent.]
  - (ii) Instalment Dates: [specify]]
- 72. Redenomination, renominatisation and reconventioning provisions: [Not applicable/The provisions [in Condition 19 apply]

73. Calculation Agent: [BNP Paribas Arbitrage S.N.C.]/[Specify other]

Calculation Agent address for the purpose of the Noteholder Account Information Notice: [specify]

74. Additional U.S. Federal income tax considerations: [insert details]/[Not applicable]/[The Notes are [not] be treated as Specified Securities (as defined in the Base Prospectus) for the purpose of Section 871(m) of the U.S.

Internal Revenue Code of 1986.][Additional information regarding the application of Section 871(m) to the Notes will be available at [give name and addresses of relevant contact][The Issuer will arrange for withholding under Section 871(m) to be imposed on any dividend equivalent payment at a rate of 30 per cent.]

*(If the Securities are Specified Securities, include the "Additional information" sentence and provide the appropriate contact information at the Issuer. N.B. Include the option above, completed as appropriate, where (a) the Securities do not reference any U.S. equity or any index that contains any component U.S. equity or otherwise provide direct or indirect exposure to U.S. equities or (b) the Section 871(m) determination has been made by the time the Final Terms are finalised (in which case, the determination will have been made either (i) on the pricing date, if this falls 14 days or fewer before the issue date or (ii) on the issue date, if the pricing date falls more than 14 days before the issue date. Otherwise, include the following option, completed as appropriate:*

[As at the date of these Final Terms, the Issuer has not determined whether the Securities are Specified Securities for purposes of Section 871(m) of the U.S. Internal Revenue Code of 1986; however, indicatively it considers that they will [not] be Specified Securities for these purposes. **This is indicative information only subject to change and if the Issuer's final determination is different then it will give notice of such determination.** Please contact [give name(s) and address(es) of Issuer contact] for further information regarding the application of Section 871(m) to the Securities.]]

*(The Securities will not be Specified Securities if they (i) are issued prior to 1 January, 2018 and provide a return that differs significantly from the return on an investment in the underlying or (ii) do not reference any U.S. equity or any index that contains any component U.S. equity or otherwise provide direct or indirect exposure to U.S. equities. If the Securities are issued on or after 1 January, 2018 and reference a U.S. equity or an index that contains a component U.S. equity or otherwise provide direct or indirect exposure to U.S. equities, further analysis would be required.)*

[Payments on the Specified Securities are calculated by reference to [Net Dividends/Net Total Returns]. By purchasing a Specified Security, the parties agree that in calculating the relevant payment amount the Issuer has withheld, and the purchaser is deemed to have received 30 per cent. of any dividend equivalent payments (as defined in Section 871(m) of the Code) in respect of the relevant [U.S. securities/U.S. dividend paying index components]. The Issuer will not pay any additional amounts to the holder on account of the Section 871(m) amount deemed withheld.

[For this purpose, "**Net Dividends**" means the dividends paid by an issuer of a security net of 30 per cent. US federal withholding tax.]

[For this purpose "**Net Total Returns**" means the net total return of the US source dividend paying components, as calculated by the Index Sponsor, of an index that reinvests US source dividends paid by an issuer of a security that is a component of the index net of 30 per cent. US withholding tax on such US source dividends.]]

<sup>24</sup> Delete, if minimum denomination is less than EUR100,000 (or is equivalent in the relevant currency as of the Issue Date) and if the Notes are not Derivative Securities.

<sup>25</sup> Delete if minimum denomination is EUR100,000 (or its equivalent in the relevant currency as of the Issue Date) and if the Notes are not Derivative Securities.

<sup>26</sup> Delete if minimum denomination is EUR100,000 (or its equivalent in the relevant currency as of the Issue Date) and if the Notes are not Derivative Securities.

<sup>27</sup> Specify Not applicable if minimum denomination is EUR100,000 (or its equivalent in the relevant currency).

granted specific consent to use the Base Prospectus in accordance with the Conditions in it: *receiving consent (specific consent)]*

**79. Prohibition of Sales to EEA Retail Investors:**

(i) Selling Restriction: [Applicable/Not applicable]

*(If the offer of the Notes is concluded prior to 1 January, 2018, or on or after that date and the Notes clearly do not constitute "packaged" products, or on or after that date and the Notes constitute "packaged" products for which a key information document will be prepared, "Not Applicable" should be specified. If the offer of the Notes will be concluded on or after 1 January 2018 and the Notes may constitute "packaged" products and no key information document will be prepared, or if the Issuer wants to prohibit offers to EEA retail investors for any other reason, "Applicable" should be specified)*

(ii) Legend: [Applicable/Not Applicable [from [specify date] until [specify date / the date which falls [●] Business Days thereafter]

*(Where agreed that the Notes clearly do not constitute "packaged" products, "Not Applicable" should be specified. If the offer of the Notes is concluded prior to 1 January 2018 and the Notes may constitute "packaged" products and mature on or after 1 January 2018 then "Applicable" should be specified if agreed by the parties. If the offer of the Notes will be concluded on or after 1 January 2018 and the Notes may constitute "packaged" products, "Applicable" should be specified.)*

## PART B – OTHER INFORMATION

### 1. Listing and Admission to trading – [De-listing]

- (i) Listing: [Luxembourg Stock Exchange's Official List/Specify other/None]
- (ii) Admission to trading: [Application has been or will be made for the Notes to be admitted to trading on [Luxembourg Stock Exchange's Regulated Market/Luxembourg Stock Exchange's Euro MTF Market/Specify other] [with effect from *[specify]*].]  
[Not applicable.]
- (Where documenting a fungible issue need to indicate that original [Notes] are already admitted to trading)*
- (iii) Estimate of total expenses related to admission to trading: *[specify]*<sup>28</sup>
- (iv) De-listing: [Not applicable][The de-listing of the Notes on the [exchange/regulated market] specified above shall occur on *[specify]*, subject to any change to such [date/period] by such [exchange/regulated market] or any competent authorities, for which the Issuer [and the Guarantor] shall under no circumstances be liable].

### 2. Ratings

Ratings: [The Notes to be issued [have been]/[are expected to be] rated *[insert details]* by *[insert the legal name of the relevant credit rating agency entity(ies)]*.]

[The Notes have not been rated.]

*[Need to include a brief explanation of the meaning of the ratings if this has previously been published by the rating provider:]*

*(The above disclosure should reflect the rating allocated to Notes of the type being issued under the Programme generally or, where the issue has been specifically rated, that rating.)]]*

*[[Insert credit rating agency]* is established in the European Union and has applied for registration under Regulation (EC) No. 1060/2009 (as amended), although notification of the corresponding registration decision has not yet been provided by the European Securities and Markets Authority.]

*EITHER* *[[Insert the legal name of the relevant CRA entity]* is established in the European Union and is registered under Regulation (EC) No. 1060/2009 (as

<sup>28</sup>

Delete if minimum denomination is less than EUR 100,000 (or its equivalent in the relevant currency as of the Issue Date) or if the Notes are Derivative Securities.

amended). [As such [insert the legal name of the relevant CRA entity] is included in the list of credit rating agencies published by the European Securities and Markets Authority on its website in accordance with such Regulation.]

*OR [[Insert the legal name of the relevant non-EU CRA entity] is not established in the European Union and is not registered in accordance with Regulation (EC) No. 1060/2009 (as amended)[. [Insert the legal name of the relevant non-EU CRA entity] is therefore not included in the list of credit rating agencies published by the European Securities and Markets Authority on its website in accordance with such Regulation]*

*OR [[Insert the legal name of the relevant non-EU CRA entity] is not established in the European Union and has not applied for registration under Regulation (EC) No. 1060/2009 (as amended) (the CRA Regulation). The ratings have been endorsed by [insert the legal name of the relevant EU-registered CRA entity] in accordance with the CRA Regulation. [Insert the legal name of the relevant EU CRA entity] is established in the European Union and registered under the CRA Regulation[. As such [insert the legal name of the relevant EU CRA entity] is included in the list of credit rating agencies published by the European Securities and Markets Authority on its website in accordance with the CRA Regulation].] The European Securities Markets Authority has indicated that ratings issued in [Japan/Australia/the USA/Canada/Hong Kong/Singapore/Argentina/Mexico (delete as appropriate)] which have been endorsed by [insert the legal name of the relevant EU CRA entity that applied for registration] may be used in the EU by the relevant market participants.]*

*OR [[Insert the legal name of the relevant non-EU CRA entity] is not established in the European Union and has not applied for registration under Regulation (EC) No. 1060/2009 (as amended) (the CRA Regulation), but it [is]/[has applied to be] certified in accordance with the CRA Regulation[[ [EITHER:] and it is included in the list of credit rating agencies published by the European Securities and Markets Authority on its website in accordance with the CRA Regulation] [ [OR:] although notification of the corresponding certification decision has not yet been provided by the European Securities and Markets Authority and [insert the legal name of the relevant non-EU CRA entity] is not included in the list of credit rating agencies published by the European Securities and Markets Authority on its website in accordance with the CRA Regulation].]*

*OR [[Insert the legal name of the relevant CRA entity] is established in the European Union and has applied for registration under Regulation (EC) No. 1060/2009 (as*

amended), although notification of the corresponding registration decision has not yet been provided by the European Securities and Markets Authority [ and [insert the legal name of the relevant CRA entity] is not included in the list of credit rating agencies published by the European Securities and Markets Authority on its website in accordance with such Regulation].]

OR [[Insert the legal name of the relevant non-EU CRA entity] is not established in the European Union and has not applied for registration under Regulation (EC) No. 1060/2009 (as amended) (the CRA Regulation). However, the application for registration under the CRA Regulation of [insert the legal name of the relevant EU CRA entity that applied for registration], which is established in the European Union, disclosed the intention to endorse credit ratings of [insert the legal name of the relevant non-EU CRA entity][, although notification of the corresponding registration decision has not yet been provided by the European Securities and Markets Authority and [insert the legal name of the relevant EU CRA entity] is not included in the list of credit rating agencies published by the European Securities and Markets Authority on its website in accordance with the CRA Regulation].] The European Securities Markets Authority has indicated that ratings issued in [Japan/Australia/the USA/Canada/Hong Kong/Singapore/Argentina/Mexico (delete as appropriate)] which have been endorsed by [insert the legal name of the relevant EU CRA entity that applied for registration] may be used in the EU by the relevant market participants.]

### 3. Interests of Natural and Legal Persons Involved in the [Issue/Offer]

[Not applicable] [Need to include a description of any interest, including conflicting interest, that is material to the issue/offer, detailing the persons involved and the nature of the interest.]

### 4. Reasons for the Offer, Estimated Net Proceeds and Total Expenses<sup>2930</sup>

(i) Reasons for the offer [specify][Not applicable.]

(ii) Estimated net proceeds: [specify][Not applicable.]

(If proceeds are intended for more than one use will need to split out and present in order of priority. If proceeds insufficient to fund all proposed uses state amount and sources of other funding.)

(iii) Estimated total expenses: [specify] [Expenses are required to be broken down into each principal intended "use" and presented in order or priority of such "uses".

(N.B.: If the notes are derivative securities to which Annex XII of the Prospectus Directive Regulation applies (i)

<sup>29</sup> If the Notes are derivative securities to which Annex XII of the Prospectus Regulation applies, disclosure in respect of Estimated Net Proceeds and Total Expenses is only required if reasons for the offer are disclosed.

<sup>30</sup> This item is not applicable if the minimum denomination is at least EUR100,000 (or its equivalent in the relevant currency).

*above is required where the reasons for the offer are different from making profit and/or hedging certain risks and, where such reasons are inserted in (i), disclosure of net proceeds and total expenses at (ii) and (iii) above are also required.)*<sup>31</sup> [Not applicable.]

## 5. Yield

Indication of yield: [specify][Not applicable]

## 6. Floating Rate Notes only – Historic Interest Rates

[Not applicable] [Details of historic [LIBOR/EURIBOR] rates can be obtained from [Reuters].]<sup>32</sup>

## 7. Performance of Index/ Share/ Commodity/ Inflation/ Foreign Exchange Rate/ Fund/ Reference Entity/ Entities/ ETI Interest/ Formula and Other Information concerning the Underlying

[Not applicable] *[Need to include details of where past and future performance and volatility of the index/formula/other variables can be obtained. If there is a derivative component in the interest or the Securities are derivative securities to which Annex XII of the Prospectus Directive Regulation applies, an example of how the value of the investment is affected by the value of the underlying may be included.]*

*[Where the underlying is an index need to include the name of the index and details of where the information about the index can be obtained. NB: The Securities may not be linked to an index composed by the Issuer or by any entity belonging to the same group as the Issuer.]*

*[Where the underlying is a security need to include the name of the issuer of the security and the ISIN (International Security Identification Number) or other such security identification code]*

The Issuer [intends to provide post-issuance information [specify what information will be reported and where it can be obtained]] [does not intend to provide post-issuance information].

## 8. Operational information

(i) ISIN Code: [specify]

(ii) Common Code: [specify]

(iii) Any clearing system(s) other than Euroclear and Clearstream, Luxembourg approved by the Issuer and the Principal Paying Agent and the relevant identification number(s): [Not applicable/Central Moneymarkets Unit/give name(s) and number(s)]

(iv) Delivery: Delivery [against/free of] payment

(v) Additional Paying Agent(s) (if any): [Not applicable/give name]

<sup>31</sup> Not required for debt securities with a denomination per unit of at least EUR 100,000 (or its equivalent in the relevant currency as of the Issue Date).

<sup>32</sup> Not required for debt securities with a denomination per unit of at least EUR 100,000 (or its equivalent in the relevant currency as of the Issue Date).

| (iv)  | Conditions to which the offer is subject: | [Offers of the Notes are conditional on their issue [and on any additional conditions set out in the standard terms of business of the Authorised Offerors, notified to investors by such relevant Authorised Offeror]]<br><br>[Article 30 of Italian Legislative Decree No. 58 of 24 February 1998, as amended from time to time (the " <b>Italian Financial Services Act</b> ") permits the promotion and placement to the public in the Republic of Italy of financial instruments in a place other than the registered office or establishments of the issuer, offeror or appointed person carrying out such promotion and/or placement, under certain conditions. Such activity is referred in the Italian Financial Services Act as "door-to-door selling". Pursuant to paragraph 6 of Article 30 of the Italian Financial Services Act, all door-to-door selling of financial instruments must be accompanied by a clear indication to investors that they have a right of withdrawal from any contract entered into pursuant to door-to-door selling, exercisable within a period of seven days from the date of subscription by the investor. Within such period, contracts entered into pursuant to door-to-door selling shall not be enforceable, and investors may exercise their withdrawal right without payment of any charge or commission by contacting the offeror or appointed person] |

*[specify] which is the [insert capacity/capacities] under the Notes]*
- (vii) Charged Assets comprising obligations that are not admitted to trading on a regulated or equivalent market: [Applicable / Not applicable]*[where Reference Securities are BNP Paribas Fortis Eligible Collateral Securities specify "The Reference Securities are Eligible BNP Paribas Fortis Collateral Securities" [and specify the applicable type of interest (either fixed rate or zero coupon) and scheduled redemption date of the Reference Securities.] The Eligible BNP Paribas Fortis Collateral Currency is [EUR] [USD] [AUD] [CAD] [CHF] [DKK] [GBP] [JPY] [NOK] [NZD] [SEK].]*  
*[See paragraph entitled "Where the Charged Assets comprise obligations of 5 or fewer obligors which are legal persons or where an obligor accounts for 20% or more of the Charged Assets, or where an obligor accounts for a material portion of the Charged Assets" above where the applicable Charged Asset Structure is specified]*
- (viii) Charged Assets comprising equity securities that are admitted to trading on a regulated or equivalent market: [Applicable / Not applicable]  
*[If applicable, indicate the following:*  
*a description of the securities;*  
*a description of the market on which they are traded including its date of establishment, how price information is published, an indication of daily trading volumes, information as to the standing of the market in the country and the name of the market's regulatory authority;*  
*the frequency with which prices of the relevant securities are published.]*  
*(Complete in conjunction with relevant provisions above)*  
*[See paragraph entitled "Where the Charged Assets comprise obligations of 5 or fewer obligors which are legal persons or where an obligor accounts for 20% or more of the Charged Assets, or where an obligor accounts for a material portion of the Charged Assets" above]*

- (ix) Names, addresses and significant business activities of the originators of the Compartment Assets: [Applicable / Not applicable]  
[If applicable, provide details]
- (x) Name, address and significant business activities of the Calculation Agent, together with a summary of the Calculation Agent's responsibilities, its relationship with the originator or the creator of the assets forming the Charged Assets: [specify]
- (xi) Names and addresses and brief description of the banks with which the main accounts relating to the Series are held: [specify]
- (xii) Information concerning the obligor of the Charged Assets reproduced from a source published by a third party: [Applicable / Not applicable]  
[If applicable: So far as the Issuer is aware and is able to ascertain from information published by [specify], no facts have been omitted which would render the reproduced information misleading.]
- (xiii) Legal jurisdiction by which the Charged Assets are governed: [insert jurisdiction]
- (xiv) Expiry or maturity date(s) of the Charged Assets: [The Maturity Date/specify other date]

## FORM OF FINAL TERMS FOR WARRANTS

*Set out below is the form of Final Terms which will be completed for each Series (and/or Tranche, as the case may be) of Warrants issued under the Programme. Placeholders are included as an aid to review and the Final Terms relating to any series of Warrants will be completed with such information from the Base Prospectus (including the applicable Terms and Conditions) as is applicable to such Warrants. References in the Base Prospectus (including in the applicable Terms and Conditions) to "the Securities" shall when replicated in these Final Terms be replaced with references to the Warrants.*

**[The [Base Prospectus [expires/will be updated] on [●] September 2018 and the] Issuer intends that the updated Base Prospectus will be [immediately updated thereafter]/[updated on or around [●] 2018] and, when approved, the Base Prospectus will be published on the website of the Luxembourg Stock Exchange (www.bourse.lu).]**<sup>1</sup>

*[Date]*

**SecurAsset S.A.**

**acting through its Compartment [●]**

**Issue of [up to] [number of Warrants] [Title of Warrants] [Guaranteed by [BNP Paribas/Banca Nazionale del Lavoro S.p.A] on the terms set out herein] under the €20,000,000,000 Secured Note, Warrant and Certificate Programme**

## PART A- CONTRACTUAL TERMS

Terms used herein shall be deemed to be defined as such for the purposes of the Conditions set forth under the heading "*Terms and Conditions of the Warrants*" in the Base Prospectus dated [●] September 2017 (the "**Base Prospectus**")<sup>1</sup> and the supplement[s] to the Base Prospectus dated [●]<sup>2</sup> and any further supplements to the Base Prospectus published prior to the Issue Date (as defined below) (the "**Supplement(s)**") which together constitute a base prospectus for the purposes of the Prospectus Directive and the Prospectus Act 2005<sup>3</sup>. This document constitutes the Final Terms of the Warrants described herein [for the purposes of article 5.4 of the Prospectus Directive and article 8.4 of the Prospectus Act 2005]<sup>4</sup> and must be read in conjunction with the Base Prospectus ([which includes the provisions of [Annex 1] [and] [Annex 2 in the case of Index Linked Warrants,] [Annex 3 in the case of Share Linked Warrants,] [Annex 4 in the case of Debt Linked Warrants,] [Annex 5 in the case of Commodity Linked Warrants,] [Annex 6 in the case of Inflation Linked Warrants,] [Annex 7 in the case of Currency Linked Warrants,] [Annex 8 in the case of Fund Linked Warrants,] [Annex 9 in the case of Underlying Interest Rate Linked Warrants] and [Annex 10 in the case of ETI Linked Warrants]]<sup>5</sup> and any Supplement(s); provided, however, that to the extent any such supplement (i) is published after the date of these Final Terms and (ii) provides for any change to the Conditions as set out under the heading "*Terms and Conditions of the Warrants*" in the Base Prospectus, such change(s) shall have no effect with respect to the Conditions of the Warrants to which these Final Terms relate. Full information on the Issuer[, the Guarantor (if applicable)] and the offer of the Warrants is only available on the basis of the combination of these Final Terms, the Base Prospectus and any Supplement(s). Prior to acquiring an interest in the Warrants described herein, prospective investors should read and understand the information provided in the Base Prospectus and any Supplement(s). Copies of the Base Prospectus, any Supplement(s) and these Final Terms are available for inspection from the specified office of the Principal Warrant and Certificate Agent [and on the website of the Luxembourg

---

<sup>1</sup> Please note that if, for any reason, the 2018 Base Prospectus is not approved, the offer period for such issues must cease upon the expiry of the validity of the 2017 Base Prospectus.

<sup>2</sup> Where applicable, include the date of any Supplements which have been published prior to the date of the Final Terms.

<sup>3</sup> Delete in the case of any issue of Private Placement Warrants.

<sup>4</sup> Delete in the case of any issue of Private Placement Warrants.

<sup>5</sup> Delete as applicable.

Stock Exchange ([www.bourse.lu](http://www.bourse.lu))<sup>7</sup> [ and [●]]. A summary of the Warrants (which comprises the summary in the Base Prospectus as amended to reflect the provisions of these Final Terms) is annexed to these Final Terms.

*N.B. when using a post-1 July 2012 approved Base Prospectus to tap a previous issue under a previously approved Base Prospectus, the final terms in the post-1 July 2012 Base Prospectus may (and will if the previous issue was contemplated under a pre-1 July 2012 Base Prospectus) take a different form to the final terms used for the original issue being tapped. The Conditions of the original issue being tapped should be reviewed to ensure that they would not require the final terms documenting the further issue to include information which is no longer permitted in final terms. Where the final terms documenting the further issue would need to include such information, it will not be possible to tap using final terms and a drawdown prospectus (incorporating the original Conditions and final terms) will instead need to be prepared.*

*[The following alternative language applies in respect of issues of Warrants where the public offer period spans an update to the Base Prospectus. If relevant, the update of the 2018 Base Prospectus will contain a list of offers for which the provisions of the paragraph below apply. Investors will be informed of their withdrawal rights in respect of such offers by notice when the 2018 Base Prospectus is published.]<sup>8</sup>*

[Terms used herein shall be deemed to be defined as such for the purposes of the Conditions (the "**Conditions**") set forth in the Base Prospectus dated [●] September 2017 (the "**2017 Base Prospectus**")[[,][ and] the supplement[s] to the 2017 Base Prospectus dated [●]] and any[ further] supplements to the 2017 Base Prospectus published prior to the Issue Date (as defined below) (the "**Supplement(s)**"), notwithstanding the approval of an updated base prospectus which will replace the 2017 Base Prospectus (the "**2018 Base Prospectus**"). The 2017 Base Prospectus, as supplemented, constitutes and the 2018 Base Prospectus will constitute a base prospectus for the purposes of the Prospectus Directive and the Prospectus Act 2005. This document constitutes the Final Terms of the Certificates described herein for the purposes of Article 5.4 of the Prospectus Directive and article 8.4 of the Prospectus Act 2005 and (i) prior to the approval date, must be read in conjunction with the 2017 Base Prospectus, as supplemented ([which includes the provisions of [Annex 1] [and] [Annex 2 in the case of Index Linked Warrants,] [Annex 3 in the case of Share Linked Warrants,] [Annex 4 in the case of Debt Linked Warrants,] [Annex 5 in the case of Commodity Linked Warrants,] [Annex 6 in the case of Inflation Linked Warrants,] [Annex 7 in the case of Currency Linked Warrants,] [Annex 8 in the case of Fund Linked Warrants,] [Annex 9 in the case of Underlying Interest Rate Linked Warrants] and [Annex 10 in the case of ETI Linked Warrants]]<sup>9</sup>, and (ii) on and after the approval date, must be read in conjunction with the 2018 Base Prospectus, save in respect of the Conditions which are extracted from the 2017 Base Prospectus, as supplemented. To the extent any supplement (i) is published after the date of these Final Terms and (ii) provides for any change to the Conditions as set out under the heading "**Terms and Conditions of the Warrants**" in the 2017 Base Prospectus, such change(s) shall have no effect with respect to the Conditions of the Warrants to which these Final Terms relate. Full information on the Issuer[, the Guarantor (if applicable)] and the offer of the Warrants is only available on the basis of the combination of these Final Terms and either (i) prior to the approval date, the 2017 Base Prospectus, as supplemented, or (ii) on or after the approval date, the 2017 Base Prospectus, as supplemented, and the 2018 Base Prospectus. Prior to acquiring an interest in the Warrants described herein, prospective investors should read and understand the information provided in the 2017 Base Prospectus and any Supplement(s) and, when available, the 2018 Base Prospectus. Copies of the 2017 Base Prospectus, any Supplement(s) and these Final Terms are available, and copies of the 2018 Base Prospectus, will be available for inspection from the specified office of the Issuing and Paying Agent [and will be published on the website of the Luxembourg Stock Exchange

33. Hybrid Warrants: [Applicable/Not applicable]

*(If not applicable, delete the remaining sub-paragraphs of this paragraph)*

*[If applicable:*

- (i) The Warrants are linked to each of the types of Underlying Reference (each a "**Type of Underlying Reference**") set out in the table below. The terms and conditions of the Warrants will be construed on the basis that in respect of each separate Type of Underlying Reference, the relevant terms applicable to each such separate Type of Underlying Reference will apply, as the context admits, separately and independently in respect of the relevant Type of Underlying Reference[, subject as provided in (ii) below].

*[Include each Type of Underlying Reference]*

Type of Underlying Reference

[●] [See item [●]]

[●] [See item [●]]

[●] [See item [●]]

- (ii) Hybrid Business Day [Applicable/Not applicable]

*[if applicable:*

**"Hybrid Business Day"** means a day which is a Scheduled Trading Day (as defined in the

relevant Annex and completed in the applicable Final Terms) for each Type of Underlying Reference specified in the applicable Final Terms.

*[If Hybrid Business Day is applicable, each date for valuation (e.g. valuation date, averaging date, observation date etc.) which is the subject of the Hybrid Warrants provisions should be expressed to be "[●] or if that is not a Hybrid Business Day the immediately [succeeding/preceding] Hybrid Business Day"]]*

## PART B – OTHER INFORMATION

### 1. Listing and Admission to trading – [De-listing]

- (i) Listing: [Luxembourg Stock Exchange's Official List/*Specify other*/None]
- (ii) Admission to trading: [Application has been or will be made for the Warrants to be admitted to trading on [Luxembourg Stock Exchange's Regulated Market/Luxembourg Stock Exchange's Euro MTF Market/*Specify other*] [with effect from [*specify*]].] [Not applicable.]
- (Where documenting a fungible issue need to indicate that original [Warrants] are already admitted to trading)*
- (iii) Estimate of total expenses related to admission to trading: [*specify*]
- (iv) De-listing: [Not applicable][The de-listing of the Warrants on the [exchange/regulated market] specified above shall occur on [*specify*], subject to any change to such [date/period] by such [exchange/regulated market] or any competent authorities, for which the Issuer [and the Guarantor] shall under no circumstances be liable].

### 2. Ratings

[The Securities to be issued [[have been]/[are expected to be]] rated [insert details] by [insert credit rating agency name(s)].]

[The Securities have not been rated.]

[Need to include a brief explanation of the meaning of the ratings if this has previously been published by the rating provider:

(The above disclosure should reflect the rating allocated to Warrants of the type being issued under the Programme generally or, where the issue has been specifically rated, that rating.)]]

[[Insert credit rating agency] is established in the European Union and has applied for registration under Regulation (EC) No. 1060/2009 (as amended), although notification of the corresponding registration decision has not yet been provided by the European Securities and Markets Authority.]

EITHER [[Insert the legal name of the relevant CRA entity] is established in the European Union and is registered under Regulation (EC) No. 1060/2009 (as amended). [As such [insert the legal name of the relevant CRA entity] is included in the list of credit rating agencies published by the European Securities and Markets Authority on its website in accordance with such Regulation.]

OR [[Insert the legal name of the relevant non-EU CRA

entity] is not established in the European Union and is not registered in accordance with Regulation (EC) No. 1060/2009 (as amended)[. [Insert the legal name of the relevant non-EU CRA entity] is therefore not included in the list of credit rating agencies published by the European Securities and Markets Authority on its website in accordance with such Regulation]

OR [[Insert the legal name of the relevant non-EU CRA entity] is not established in the European Union and has not applied for registration under Regulation (EC) No. 1060/2009 (as amended) (the CRA Regulation). The ratings have been endorsed by [insert the legal name of the relevant EU-registered CRA entity] in accordance with the CRA Regulation. [Insert the legal name of the relevant EU CRA entity] is established in the European Union and registered under the CRA Regulation. [As such [Insert the legal name of the relevant EU CRA entity] is included in the list of credit rating agencies published by the European Securities and Markets Authority on its website in accordance with the CRA Regulation].] The European Securities Markets Authority has indicated that ratings issued in [Japan/Australia/the USA/Canada/Hong Kong/Singapore/Argentina/ Mexico (delete as appropriate)] which have been endorsed by [insert the legal name of the relevant EU CRA entity that applied for registration] may be used in the EU by the relevant market participants.]

OR [[Insert the legal name of the relevant non-EU CRA entity] is not established in the European Union and has not applied for registration under Regulation (EC) No. 1060/2009 (as amended) (the CRA Regulation), but it [is]/[has applied to be] certified in accordance with the CRA Regulation[[ [EITHER:] and it is included in the list of credit rating agencies published by the European Securities and Markets Authority on its website in accordance with the CRA Regulation] [ [OR:] although notification of the corresponding certification decision has not yet been provided by the European Securities and Markets Authority and [Insert the legal name of the relevant non-EU CRA entity] is not included in the list of credit rating agencies published by the European Securities and Markets Authority on its website in accordance with the CRA Regulation].]

OR [[Insert the legal name of the relevant CRA entity] is established in the European Union and has applied for registration under Regulation (EC) No. 1060/2009 (as amended), although notification of the corresponding registration decision has not yet been provided by the European Securities and Markets Authority [ and [insert the legal name of the relevant CRA entity] is not included in the list of credit rating agencies published by the European Securities and Markets Authority on its website in accordance with such Regulation].]

OR [[Insert the legal name of the relevant non-EU CRA

entity] is not established in the European Union and has not applied for registration under Regulation (EC) No. 1060/2009 (as amended) (the CRA Regulation). However, the application for registration under the CRA Regulation of [insert the legal name of the relevant EU CRA entity that applied for registration], which is established in the European Union, disclosed the intention to endorse credit ratings of [insert the legal name of the relevant non-EU CRA entity][, although notification of the corresponding registration decision has not yet been provided by the European Securities and Markets Authority and [Insert the legal name of the relevant EU CRA entity] is not included in the list of credit rating agencies published by the European Securities and Markets Authority on its website in accordance with the CRA Regulation].] The European Securities Markets Authority has indicated that ratings issued in [Japan/Australia/the USA/Canada/Hong Kong/Singapore/Argentina/ Mexico (delete as appropriate)] which have been endorsed by [insert the legal name of the relevant EU CRA entity that applied for registration] may be used in the EU by the relevant market participants.]

**3. Interests of Natural and Legal Persons Involved in the [Issue/Offer]**

[Not applicable] *[Need to include a description of any interest, including conflicting interest, that is material to the issue/offer, detailing the persons involved and the nature of the interest]*

**4. Reasons for the Offer, Estimated Net Proceeds and Total Expenses<sup>27</sup>**

(i) Estimated net proceeds: [Up to] *[specify]* [Not applicable]

*(If proceeds are intended for more than one use will need to split out and present in order of priority. If proceeds insufficient to fund all proposed uses state amount and sources of other funding.)*

*[specify] [Include breakdown of expenses]*

(ii) Estimated total expenses:

**5. Performance of Underlying/Formula/Other Variable, Explanation of Effect on Value of Investment and Associated Risks and Other Information concerning the Underlying**

[Not applicable] *[Need to include details of where past and future performance and volatility of the index/formula/other variables can be obtained and an example of how the value of the investment is affected by the value of the underlying may be included.]*

*[Where the underlying is an index need to include the name of the index and where the information about the index can be obtained. NB: The Securities may not be linked to an index composed by the Issuer or any entity belonging to the same group as the Issuer.]*

*[Where the underlying is a security need to include the name of the issuer of the security and the ISIN (International Security Identification Number) or other such security identification code.]*

The Issuer [intends to provide post-issuance information *[specify what information will be reported and where it can be obtained]*] [does not intend to provide post-issuance information].

---

<sup>27</sup>

Disclosure in respect of Estimated Net Proceeds and Total Expenses is only required if reasons for the offer are disclosed.

## 6. Operational Information

- (i) ISIN Code: [specify]
- (ii) Common Code: [specify]
- (iii) Any clearing system(s) other than Euroclear and Clearstream, Luxembourg approved by the Issuer and the Principal Paying Agent and the relevant identification number(s): [Not applicable/Central Moneymarkets Unit/give name(s) and number(s)]
- (iv) Delivery: Delivery [against/free of] payment
- (v) Additional Paying Agent(s) (if any): [Not applicable/give name]

## 7. Public Offer

- (i) Authorised Offeror: [Not applicable]/[Specify identity of any Authorised Offeror(s)] [See paragraph 55 of Part A above]
- (ii) Offer Period: [specify]/[Not applicable] [See paragraph 55 of Part A above]
- (iii) Offer Price: [[specify]/[●] per cent. of the Issue Price (of which [[selling] fees] and [commissions] of [●] of [●] [the Aggregate Nominal Amount] shall be retained by [the Authorised Offeror[s]] [and a [maximum] amount of [●] per cent. is represented by commissions payable to the Authorised Offeror[s].]
- (iv) [Conditions to which the offer is subject:] [Not applicable/give details]

[The Issuer will in its sole discretion determine the final amount of Securities issued up to a limit of [specify]. The final amount that are issued on [specify] will be listed on the [Euronext Amsterdam/Official List of the Luxembourg Stock Exchange/Euronext Paris/Euronext Brussels/Italian Stock Exchange/stock exchange of [Madrid/Barcelona/Valencia/Bilbao]/Euronext Paris/Euronext Brussels/[specify other exchange]]. Securities will be allotted subject to availability in the order of receipt of investors' applications. The final amount of the Securities issued will be determined by the Issuer in light of prevailing market conditions, and in its sole and absolute discretion depending on the number of Securities which have been agreed to be purchased as of [specify].]

[Article 30 of Italian Legislative Decree No. 58 of 24 February 1998, as amended from time to time (the "Italian Financial Services Act") permits the promotion and placement to the public in the Republic

of Italy of financial instruments in a place other than the registered office or establishments of the issuer, offeror or appointed person carrying out such promotion and/or placement, under certain conditions. Such activity is referred in the Italian Financial Services Act as "door-to-door selling". Pursuant to paragraph 6 of Article 30 of the Italian Financial Services Act, all door-to-door selling of financial instruments must be accompanied by a clear indication to investors that they have a right of withdrawal from any contract entered into pursuant to door-to-door selling, exercisable within a period of seven days from the date of subscription by the investor. Within such period, contracts entered into pursuant to door-to-door selling shall not be enforceable, and investors may exercise their withdrawal right without payment of any charge or commission by contacting the offeror or appointed person with whom the subscription for Warrants was placed.] [A non-exempt offer of Warrants in the Republic of Italy may be made using door-to-door selling in accordance with Article 30 of the Italian Financial Services Act during the Offer Period.] [Further, Warrants may be offered in the Republic of Italy to investors through recorded telephone orders pursuant to applicable Italian law.]

- |        |                                                                                                                                                |                                        |

- (xi) Names and addresses and brief description of the banks with which the main accounts relating to the Series are held: [specify]
- (xii) Information concerning the obligor of the Charged Assets reproduced from a source published by a third party: [Applicable / Not applicable]  
[If applicable: So far as the Issuer is aware and is able to ascertain from information published by [specify], no facts have been omitted which would render the reproduced information misleading.]
- (xiii) Legal jurisdiction by which the Charged Assets are governed: [insert jurisdiction]
- (xiv) Expiry or maturity date(s) of the Charged Assets: [The Settlement Date/specify other date]

## FORM OF FINAL TERMS FOR CERTIFICATES

*Set out below is the form of Final Terms which will be completed for each Series (and/or Tranche, as the case may be) of Certificates issued under the Programme. Placeholders are included as an aid to review and the Final Terms relating to any Series of Certificates will be completed with such information from in accordance with the Terms and Conditions of the Certificates (to the extent applicable). References in the Base Prospectus (including in the applicable Terms and Conditions) to "the Securities" shall when replicated in these Final Terms be replaced with references to the Certificates.*

**[The [Base Prospectus [expires/will be updated] on [●] 2017 and the] Issuer intends that the Base Prospectus will be [immediately updated thereafter]/[updated on or around [●] 2017] and, when approved, the Base Prospectus will be published on the website of the Luxembourg Stock Exchange (www.bourse.lu).]**<sup>1</sup>

*[Date]*

**SecurAsset S.A.**

**acting through its Compartment [●]**

**Issue of [Number of Certificates] [Series/Tranche] [Title of Certificates] [Guaranteed by [BNP Paribas/Banca Nazionale del Lavoro S.p.A] on the terms set out herein] under the €20,000,000,000 Secured Note, Warrant and Certificate Programme**

### PART A - CONTRACTUAL TERMS

Terms used herein shall be deemed to be defined as such for the purposes of the Conditions set forth under the heading "*Terms and Conditions of the Certificates*" in the Base Prospectus dated [●] September 2017 (the "**Base Prospectus**")[[,][ and] the supplement[s] to the Base Prospectus dated [●]<sup>2</sup>] and any[ further] supplements to the Base Prospectus published prior to the Issue Date (as defined below) (the "**Supplement(s)**") [which together constitute a base prospectus for the purposes of the Prospectus Directive and the Prospectus Act 2005]<sup>3</sup>. This document constitutes the Final Terms of the Certificates described herein [for the purposes of article 5.4 of the Prospectus Directive and article 8.4 of the Prospectus Act 2005]<sup>4</sup> and must be read in conjunction with the Base Prospectus ([which includes the provisions of [Annex 1] [and] [Annex 2 in the case of Index Linked Certificates,] [Annex 3 in the case of Share Linked Certificates,] [Annex 4 in the case of Debt Linked Certificates,] [Annex 5 in the case of Commodity Linked Certificates,] [Annex 6 in the case of Inflation Linked Certificates,] [Annex 7 in the case of Currency Linked Certificates,] [Annex 8 in the case of Fund Linked Certificates,] [Annex 9 in the case of Underlying Interest Rate Linked Certificates,] [Annex 10 in the case of Credit Linked Certificates] and [Annex 11 in the case of ETI Linked Certificates]])<sup>5</sup> and any Supplement(s); provided, however, that to the extent any such supplement (i) is published after the date of these Final Terms and (ii) provides for any change to the Conditions as set out under the heading "*Terms and Conditions of the Certificates*" in the Base Prospectus, such change(s) shall have no effect with respect to the Conditions of the Certificates to which these Final Terms relate. Full information on the Issuer[, the Guarantor (if applicable)] and the offer of the Certificates is only available on the basis of the combination of these Final Terms, the Base Prospectus and any Supplement(s). Prior to acquiring an interest in the Certificates described herein, prospective investors should read and understand the information provided in the Base Prospectus and any Supplement(s). Copies of the Base Prospectus, any Supplement(s) and these Final Terms are available for inspection from the specified office of the Principal Warrant and Certificate Agent [and on the website of the Luxembourg

---

<sup>1</sup> Please note that if, for any reason, the 2018 Base Prospectus is not approved, the offer period for such issues must cease upon the expiry of the validity of the 2017 Base Prospectus.

<sup>2</sup> Where applicable, include the date of any Supplements which have been published prior to the date of the Final Terms.

<sup>3</sup> Delete in the case of any issue of Private Placement Certificates.

<sup>4</sup> Delete in the case of any issue of Private Placement Certificates.

<sup>5</sup> Delete as applicable.

Stock Exchange ([www.bourse.lu](http://www.bourse.lu))<sup>7</sup> [ and [●]]. [A summary of the Certificates (which comprises the summary in the Base Prospectus as amended to reflect the provisions of these Final Terms) is annexed to these Final Terms.]<sup>8</sup>

*N.B. when using a post-1 July 2012 approved Base Prospectus to tap a previous issue under a previously approved Base Prospectus, the final terms in the post-1 July 2012 Base Prospectus may (and will if the previous issue was contemplated under a pre-1 July 2012 Base Prospectus) take a different form to the final terms used for the original issue being tapped. The Conditions of the original issue being tapped should be reviewed to ensure that they would not require the final terms documenting the further issue to include information which is no longer permitted in final terms. Where the final terms documenting the further issue would need to include such information, it will not be possible to tap using final terms and a drawdown prospectus (incorporating the original Conditions and final terms) will instead need to be prepared.*

*[The following alternative language applies in respect of issues of Certificates where the public offer period spans an update to the Base Prospectus. If relevant, the update of the 2018 Base Prospectus will contain a list of offers for which the provisions of the paragraph below apply. Investors will be informed of their withdrawal rights in respect of such offers by notice when the 2018 Base Prospectus is published.]<sup>9</sup>*

[Terms used herein shall be deemed to be defined as such for the purposes of the Conditions (the "Conditions") set forth in the Base Prospectus dated [●] September 2017 (the "**2017 Base Prospectus**")[[.][ and] the supplement[s] to the 2017 Base Prospectus dated [●]] and any[ further] supplements to the 2017 Base Prospectus published prior to the Issue Date (as defined below) (the "**Supplement(s)**"), notwithstanding the approval of an updated base prospectus which will replace the 2017 Base Prospectus (the "**2018 Base Prospectus**"). The 2017 Base Prospectus, as supplemented, constitutes and the 2018 Base Prospectus will constitute a base prospectus for the purposes of the Prospectus Directive and the Prospectus Act 2005. This document constitutes the Final Terms of the Certificates described herein for the purposes of Article 5.4 of the Prospectus Directive and article 8.4 of the Prospectus Act 2005 and (i) prior to the approval date, must be read in conjunction with the 2017 Base Prospectus, as supplemented ([which includes the provisions of [Annex 1] [and] [Annex 2 in the case of Index Linked Certificates,] [Annex 3 in the case of Share Linked Certificates,] [Annex 4 in the case of Debt Linked Certificates,] [Annex 5 in the case of Commodity Linked Certificates,] [Annex 6 in the case of Inflation Linked Certificates,] [Annex 7 in the case of Currency Linked Certificates,] [Annex 8 in the case of Fund Linked Certificates,] [Annex 9 in the case of Underlying Interest Rate Linked Certificates,] [Annex 10 in the case of Credit Linked Certificates] and [Annex 11 in the case of ETI Linked Certificates)])<sup>10</sup>, and (ii) on and after the approval date, must be read in conjunction with the 2018 Base Prospectus, save in respect of the Conditions which are extracted from the 2017 Base Prospectus, as supplemented. To the extent any supplement (i) is published after the date of these Final Terms and (ii) provides for any change to the Conditions as set out under the heading "*Terms and Conditions of the Certificates*" in the 2017 Base Prospectus, such change(s) shall have no effect with respect to the Conditions of the Certificates to which these Final Terms relate. Full information on the Issuer[, the Guarantor (if applicable)] and the offer of the Certificates is only available on the basis of the combination of these Final Terms and either (i) prior to the approval date, the 2017 Base Prospectus, as supplemented, or (ii) on or after the approval date, the 2017 Base Prospectus, as supplemented, and the 2018 Base Prospectus. Prior to acquiring an interest in the Certificates described herein, prospective investors should read and understand the information provided in the 2017 Base Prospectus and any Supplement(s) and, when available, the 2018 Base Prospectus. Copies of the 2017 Base Prospectus, any Supplement(s) and these Final Terms are available, and copies of the 2018 Base Prospectus, will be available for inspection from the specified office of the Principal Warrant and

<sup>6</sup> Delete in the case of any issue of Private Placement Certificates or amend as necessary in the case of any issue of Certificates which is non-exempt and which will not be listed on the Luxembourg Stock Exchange.

<sup>7</sup> Delete in the case of any issue of Private Placement Certificates or amend as necessary in the case of any issue of Certificates which is non-exempt and which will not be listed on the Luxembourg Stock Exchange.

<sup>8</sup> Only include this wording for Certificates with a denomination of lower than EUR 100,000 (or the equivalent in another currency).

<sup>9</sup> Please note that if, for any reason, the 2018 Base Prospectus is not approved, the offer period for such issues must cease upon the expiry of the validity of the 2017 Base Prospectus.

<sup>10</sup> Delete as applicable.

## GENERAL PROVISIONS

The following terms apply to each series of Securities:

- Trade Date: [specify]
- Issue Date [and [Interest]/[Premium Amount] Commencement Date]<sup>13</sup>: [specify]
  - Issue Price of Tranche: [[●] per cent. of the Aggregate Notional Amount [plus accrued interest from [insert date] (in the case of fungible issues only if applicable)]] [which will be payable in the Settlement Currency at the Settlement Currency equivalent of such amount determined by reference to the Initial FX Rate.

Where:

"**Initial FX Rate**" means [specify]/ [the exchange rate at [specify time] on the [[●] Business Day prior to the Issue Date], expressed as the amount of [specify currency] for which one [specify currency] may be exchanged determined by the Calculation Agent by reference to

<sup>11</sup> Only include this wording for Certificates with a denomination of lower than EUR 100,000 (or the equivalent in another currency).

<sup>12</sup> Complete paragraph 2(ii) if an Initial FX Date is applicable.

<sup>13</sup> In the case of Certificates which bear interest or premium.

[*specify source*] (or any successor [page] thereto, as determined by the Calculation Agent), provided that if such source is not available, any such rate of exchange may be determined by the Calculation Agent [by reference to such sources as it considers to be appropriate and] acting in good faith and in a commercially reasonable manner]/[the exchange rate obtained by multiplying (i) [*specify first exchange rate*] and (ii) [*specify second exchange rate*], with [*specify first exchange rate*] expressed as the amount of [*specify currency*] for which one [*specify currency*] may be exchanged determined by the Calculation Agent by reference to [*specify source*] (or any successor [page] thereto, as determined by the Calculation Agent) at [*specify date/time*] and [*specify second exchange rate*] expressed as the amount of [*specify currency*] for which one [*specify currency*] may be exchanged determined by the Calculation Agent by reference to [*specify source*] (or any successor [page] thereto, as determined by the Calculation Agent) at [*specify date/time*] provided that if any such source is not available, any such rate of exchange may be determined by the Calculation Agent [by reference to such sources as it considers to be appropriate] and acting in good faith and in a commercially reasonable manner.]]

[Delete if not applicable]

3. Consolidation:

The Securities are to be consolidated and form a single series with the [*insert title of relevant series of Securities*] issued on [*insert issue date*]/[Not applicable]

[The Certificates are fungible with an existing Series [*insert title of existing Series*], terms and conditions of which are governed by [the SecurAsset base prospectus dated 27 November 2013 (the "**2013 Base Prospectus**")][and the supplement to the 2013 Base Prospectus dated 23 April 2014 (the "**April 2014 Supplement**")][the SecurAsset base prospectus dated 27 November 2014 (the "**2014 Base Prospectus**")][and the supplement to the 2014 Base Prospectus dated 26 June 2015 (the "**June 2015 Supplement**")][the SecurAsset base prospectus dated 27 November 2015 (the "**2015 Base Prospectus**") [and the supplement to the 2015 Base Prospectus dated 27 May 2016 (the "**May 2016 Supplement**")][the SecurAsset base prospectus dated 28 September 2016 (the "**2016 Base Prospectus**") [and the supplement to the 2016 Base Prospectus dated 1 March 2017 (the "**March 2017 Supplement**").] The Certificates [became][will become] fungible on [*insert date*].]

4. Type of Certificates:

The Certificates are [Index Linked Certificates/Share Linked Certificates/Debt Linked Certificates/ETI Linked Certificates/Commodity Linked Certificates/Inflation Linked Certificates/Currency Linked Certificates/Fund Linked Certificates/Underlying Interest Rate Linked Certificates/Credit Linked Certificates/Hybrid Certificates].

[Exercise of Certificates applies to the Certificates. [Multiple Exercise *applies* to the Certificates.] The Exercise Date[s] is [are] [*specify*] or, if [any] such day is not a Business Day, the immediately [preceding/succeeding] Business Day].]

[The Exercise Settlement Dates are [*specify*].]

The provisions of Annex 1 [and] [the provisions of Annex 2 (Additional Terms and Conditions for Index Linked Securities) shall apply] [the provisions of Annex 3 (Additional Terms and Conditions for Share Linked Securities) shall apply.] [the provisions of Annex 4 (Additional Terms and Conditions for Debt Linked Securities) shall apply.] [the provisions of Annex 5 (Additional Terms and Conditions for Commodity Linked Securities) shall apply] [the provisions of Annex 6 (Additional Terms and Conditions for Inflation Linked Securities) shall apply.] [the provisions of Annex 7 (Additional terms and Conditions for Currency Linked Securities) shall apply.] [the provisions of Annex 8 (Additional Terms and Conditions for Fund Linked Securities) shall apply.] [the provisions of Annex 9 (Additional Terms and Conditions for Underlying Interest Rate Linked Securities) shall apply.] [the provisions of Annex 10 (Additional Terms and Conditions for Credit Linked Securities) shall apply.] [the provisions of Annex 11 (Additional Terms and Conditions for ETI Linked Securities) shall apply.]

[Waiver of Set-Off: Not applicable]

[Unwind Costs: Applicable/not applicable]

[Essential Trigger: Applicable]

5.      [(i)]      Guaranteed Certificates:      [Not      Applicable][Applicable      –      General Guarantee][Applicable      –      Shortfall Guarantee (specify shortfall amount)][Applicable – BNL Guarantee]
- [(ii)]      Guarantor:      [BNP Paribas][Banca Nazionale del Lavoro S.p.A.]
6.      Aggregate Notional Amount:      [*specify*] [An amount not greater than [*specify*] which will be notified to the Issuer by [*specify*] on or around [*specify*]]
- (i)      Series:      [*specify*]
- (ii)      Tranche:
7.      Form of Certificates:      [Clearing System Global Certificate][Registered Certificate]
8.      Additional Business Centre(s):      The applicable Business Day Centre[s] for the purposes of the definition of "Business Day" in Condition 12 [is/are] [*specify*].
9.      Financial Centre(s)  
(Condition 6(a)(ii)):      [*specify*]

10. Redemption Date: [specify][or if that is not a Business Day the immediately [succeeding/preceding] Business Day [unless it would thereby fall into the next calendar month, in which event it will be brought forward to the immediately preceding Business Day] [(the "**Scheduled Redemption Date**")]
- [Redemption Date Postponement: [Applicable as set out in Condition 8(h)/Not applicable] (*Where applicable, specify relevant Postponement Business Days and Payment Delay Days*)
11. Settlement: Settlement will be by way of [cash payment ("**Cash Settled Certificates**")][and/or] [physical delivery ("**Physical Delivery Certificates**")].
- [Condition to Final Payout Premium:
- [Applicable]/[Not applicable]
12. Rounding Convention for Final Redemption Amount: [Rounding Convention 2]/[Not applicable]
13. Variation of Settlement:
- (i) Issuer's option to vary settlement: The Issuer [has/does not have] the option to vary settlement in respect of the Certificates.
- (*N.B. If the Issuer does not have the option to vary settlement in respect of the Securities, delete the sub-paragraphs of this paragraph 13*)
- (ii) Variation of Settlement of Physical Delivery Securities: [Notwithstanding the fact that the Securities are Physical Delivery Securities, the Issuer may make payment of the Final Redemption Amount on the Redemption Date, and the provisions of Condition 6 will apply to the Securities/The Issuer will procure delivery of the Entitlement in respect of the Securities and the provisions of Condition 6 will not apply to the Securities.] [Specify whether Certificateholders will be entitled to elect for settlement by way of cash payment or by way of physical delivery or a combination of these for the purposes of Condition[ (1(a))].]
- (iii) Issuer's option to substitute: [Applicable]/[not applicable]
14. Calculation Amount: [specify]
15. The order of priority of payments made by the Issuer: [Swap Counterparty Priority][Pari Passu Ranking][Certificateholder Priority]

## OTHER PROVISIONS

51. Issuer Substitution: [Not applicable/Applicable]
52. Additional U.S. Federal income tax considerations: [insert details]/[Not applicable]/[The Certificates shall [not] be treated as Specified Securities (as defined in the Base Prospectus) for the purpose of Section 871(m) of the U.S. Internal Revenue Code of 1986.][Additional information regarding the application of Section 871(m) to the Securities will be available at [give name(s) and address(es) of Issuer contact]. [The Issuer will arrange for withholding under Section 871(m) to be imposed on any dividend equivalent payment at a rate of 30 per cent.]]

*(If the Securities are Specified Securities, include the "Additional information" sentence and provide the appropriate contact information at the Issuer. N.B. Include the option above, completed as appropriate, where (a) the Securities do not reference any U.S. equity or any index that contains any component U.S. equity or otherwise provide direct or indirect exposure to U.S. equities or (b) the Section 871(m) determination has been made by the time the Final Terms are finalised (in which case, the determination will have been made either (i) on the pricing date, if this falls 14 days or fewer before the issue date or (ii) on the issue date, if the pricing date falls more than 14 days before the issue date. Otherwise, include the following option, completed as appropriate:*

[As at the date of these Final Terms, the Issuer has not determined whether the Securities are Specified Securities for purposes of Section 871(m) of the U.S. Internal Revenue Code of 1986; however, indicatively it considers that they will [not] be Specified Securities for these purposes. **This is indicative information only subject to change and if the Issuer's final determination is different then it will give notice of such determination.** Please contact [give name(s) and address(es) of Issuer contact] for further information regarding the application of Section 871(m) to the Securities.]]

*(The Securities will not be Specified Securities if they (i) are issued prior to 1 January, 2018 and provide a return that differs significantly from the return on an investment in the underlying or (ii) do not reference any U.S. equity or any index that contains any component U.S. equity or otherwise provide direct or indirect exposure to U.S. equities. If the Securities are issued on or after 1 January, 2018 and reference a U.S. equity or an index that contains a component U.S. equity or otherwise provide direct or indirect exposure to U.S. equities, further analysis would be required.)*

[Payments on the Specified Securities are calculated by reference to [Net Dividends/Net Total Returns]. By

purchasing a Specified Security, the parties agree that in calculating the relevant payment amount the Issuer has withheld, and the purchaser is deemed to have received 30 per cent. of any dividend equivalent payments (as defined in Section 871(m) of the Code) in respect of the relevant [U.S. securities/U.S. dividend paying index components]. The Issuer will not pay any additional amounts to the holder on account of the Section 871(m) amount deemed withheld.

[For this purpose, "**Net Dividends**" means the dividends paid by an issuer of a security net of 30 per cent. US federal withholding tax.]

[For this purpose "**Net Total Returns**" means the net total return of the US source dividend paying components, as calculated by the Index Sponsor, of an index that reinvests US source dividends paid by an issuer of a security that is a component of the index net of 30 per cent. US withholding tax on such US source dividends.]]

## DISTRIBUTION

53. Date of [Subscription Agreement]: [specify]
54. Name of and address Dealer: [specify]
55. Total commission and concession: [specify] per cent. of the Aggregate Notional Amount
56. Non exempt Offer: [Applicable][Not applicable] *(If not applicable, delete the remaining placeholders of this paragraph and paragraph 7 of Part B)*
  - (i) Non-exempt Offer Jurisdictions: [specify relevant Member State(s) where the Issuer intends to make Non-exempt Offers (select from the list of Non-exempt Offer Jurisdictions in the Base Prospectus) - which must be jurisdictions where the Base Prospectus and any supplements have been passported (in addition to the jurisdiction where approved and published)]
  - (ii) Offer Period: [specify date, and if applicable, time] until [and including][specify date (and if applicable, time) or a formula such as "the Issue Date" or "the date which falls [specify] Business Days thereafter"] [subject to any early closing] / [From (and including) the Issue Date until (and including) the date on which the Securities are delisted].
  - (iii) Financial intermediaries granted specific consent to use the Base Prospectus in accordance with the Conditions in it: [insert names and addresses of financial intermediaries receiving consent (specific consent)]

57. Prohibition of Sales to EEA Retail Investors:

(i) Selling Restriction: [Applicable/Not applicable]

*(If the offer of the Notes is concluded prior to 1 January, 2018, or on or after that date and the Notes clearly do not constitute "packaged" products, or on or after that date and the Notes constitute "packaged" products for which a key information document will be prepared, "Not Applicable" should be specified. If the offer of the Notes will be concluded on or after 1 January 2018 and the Notes may constitute "packaged" products and no key information document will be prepared, or if the Issuer wants to prohibit offers to EEA retail investors for any other reason, "Applicable" should be specified)*

(ii) Legend: [Applicable/Not Applicable [from [specify date] until [specify date / the date which falls [●] Business Days thereafter]

*(Where agreed that the Notes clearly do not constitute "packaged" products, "Not Applicable" should be specified. If the offer of the Notes is concluded prior to 1 January 2018 and the Notes may constitute "packaged" products and mature on or after 1 January 2018 then "Applicable" should be specified if agreed by the parties. If the offer of the Notes will be concluded on or after 1 January 2018 and the Notes may constitute "packaged" products, "Applicable" should be specified)*

## PART B – OTHER INFORMATION

### 1. Listing and Admission to trading – [De-listing]

- (i) Listing: [Luxembourg Stock Exchange's Official List/*Specify other*/None]
- (ii) Admission to trading: [Application has been or will be made for the Certificates to be admitted to trading on [Luxembourg Stock Exchange's Regulated Market/Luxembourg Stock Exchange's Euro MTF Market/*Specify other*] [with effect from [*specify*]].] [Not applicable.]
- (Where documenting a fungible issue need to indicate that original [Certificates] are already admitted to trading)*
- (iii) Estimate of total expenses related to admission to trading: [*specify*]
- (iv) De-listing: [Not applicable][The de-listing of the Certificates on the [exchange/regulated market] specified above shall occur on [*specify*], subject to any change to such [date/period] by such [exchange/regulated market] or any competent authorities, for which the Issuer [and the Guarantor] shall under no circumstances be liable].

### 2. Ratings

[The Certificates to be issued [[have been]/[are expected to be]] rated [*insert details*] by [*insert credit rating agency name(s)*].]

[The Certificates have not been rated.]

*[Need to include a brief explanation of the meaning of the ratings if this has previously been published by the rating provider:]*

*(The above disclosure should reflect the rating allocated to Certificates of the type being issued under the Programme generally or, where the issue has been specifically rated, that rating.)]]*

[[*Insert credit rating agency*] is established in the European Union and has applied for registration under Regulation (EC) No. 1060/2009 (as amended), although notification of the corresponding registration decision has not yet been provided by the European Securities and Markets Authority.]

*EITHER* [[*Insert the legal name of the relevant CRA entity*] is established in the European Union and is registered under Regulation (EC) No. 1060/2009 (as amended). [As such [*insert the legal name of the relevant CRA entity*] is included in the list of credit rating agencies published by the European Securities and Markets Authority on its website in accordance with such Regulation.]

*OR* [[*Insert the legal name of the relevant non-EU CRA entity*] is not established in the European Union and is not registered in accordance with Regulation (EC) No. 1060/2009 (as amended)]. [*Insert the legal name of the relevant non-EU CRA entity*] is therefore not included in the list of credit rating agencies published by the European Securities and Markets Authority on its website in accordance with such Regulation]

*OR* [[*Insert the legal name of the relevant non-EU CRA entity*] is not established in the European Union and has not applied for registration under Regulation (EC) No. 1060/2009 (as amended) (the CRA Regulation). The ratings have been endorsed by [*insert the legal name of the relevant EU-*

*registered CRA entity]* in accordance with the CRA Regulation. *[Insert the legal name of the relevant EU CRA entity]* is established in the European Union and registered under the CRA Regulation[. As such *[insert the legal name of the relevant EU CRA entity]* is included in the list of credit rating agencies published by the European Securities and Markets Authority on its website in accordance with the CRA Regulation[.] The European Securities Markets Authority has indicated that ratings issued in [Japan/Australia/the USA/Canada/Hong Kong/Singapore/Argentina/Mexico (*delete as appropriate*)] which have been endorsed by *[insert the legal name of the relevant EU CRA entity that applied for registration]* may be used in the EU by the relevant market participants.]

OR *[Insert the legal name of the relevant non-EU CRA entity]* is not established in the European Union and has not applied for registration under Regulation (EC) No. 1060/2009 (as amended) (the CRA Regulation), but it [is]/[has applied to be] certified in accordance with the CRA Regulation[[ *[EITHER:]* and it is included in the list of credit rating agencies published by the European Securities and Markets Authority on its website in accordance with the CRA Regulation] [ *[OR:]* although notification of the corresponding certification decision has not yet been provided by the European Securities and Markets Authority and *[insert the legal name of the relevant non-EU CRA entity]* is not included in the list of credit rating agencies published by the European Securities and Markets Authority on its website in accordance with the CRA Regulation].]

OR *[Insert the legal name of the relevant CRA entity]* is established in the European Union and has applied for registration under Regulation (EC) No. 1060/2009 (as amended), although notification of the corresponding registration decision has not yet been provided by the European Securities and Markets Authority [ and *[insert the legal name of the relevant CRA entity]* is not included in the list of credit rating agencies published by the European Securities and Markets Authority on its website in accordance with such Regulation].]

OR *[Insert the legal name of the relevant non-EU CRA entity]* is not established in the European Union and has not applied for registration under Regulation (EC) No. 1060/2009 (as amended) (the CRA Regulation). However, the application for registration under the CRA Regulation of *[insert the legal name of the relevant EU CRA entity that applied for registration]*, which is established in the European Union, disclosed the intention to endorse credit ratings of *[insert the legal name of the relevant non-EU CRA entity]*[, although notification of the corresponding registration decision has not yet been provided by the European Securities and Markets Authority and *[insert the legal name of the relevant EU CRA entity]* is not included in the list of credit rating agencies published by the European Securities and Markets Authority on its website in accordance with the CRA Regulation].] The European Securities Markets Authority has indicated that ratings issued in [Japan/ Australia/the USA/Canada/Hong Kong/Singapore/Argentina/Mexico (*delete as appropriate*)] which have been endorsed by *[insert the legal name of the relevant EU CRA entity that applied for registration]* may be used in the EU by the relevant market participants.]

### **3. Interests of Natural and Legal Persons Involved in the [Issue/Offer]**

[Not applicable] [Need to include a description of any interest, including conflicting interest, that is material to the issue/offer, detailing the persons involved and the nature of the interest]

### **4. Reasons for the Offer, Estimated Net Proceeds and Total Expenses<sup>31</sup>**

(i) Reasons for the offer: *[specify]*[Not applicable]

(ii) Estimated net proceeds: [Up to] *[specify]*[Not applicable]

*(If proceeds are intended for more than one use will need to*

---

<sup>31</sup> Disclosure in respect of Estimated Net Proceeds and Total Expenses is only required if reasons for the offer are disclosed and the Securities are derivative securities to which Annex XII of the Prospectus Regulation applies.

*split out and present in order of priority. If proceeds insufficient to fund all proposed uses state amount and sources of other funding.)*

- (iii) Estimated total [specify] [Include breakdown of expenses]<sup>32</sup>  
expenses:

**5. Performance of Underlying/Formula/Other Variable, Explanation of Effect on Value of Investment and Associated Risks and Other Information concerning the Underlying**

[Not applicable] [Need to include details of where past and future performance and volatility of the index/formula/other variables can be obtained. If there is a derivative component in the interest or the Securities are derivative securities to which Annex XII of the Prospectus Directive Regulation applies, an example of how the value of the investment is affected by the value of the underlying may be included.]

[Where the underlying is an index need to include the name of the index and where the information about the index can be obtained. NB: The Securities may not be linked to an index composed by the Issuer or any entity belonging to the same group as the Issuer.]

[Where the underlying is a security need to include the name of the issuer of the security and the ISIN (International Security Identification Number) or other such security identification code]

The Issuer [intends to provide post-issuance information [specify what information will be reported and where it can be obtained]] [does not intend to provide post-issuance information].

**6. Operational Information**

- (i) ISIN Code: [specify]
- (ii) Common Code: [specify]
- (iii) Any clearing system(s) other than Euroclear and Clearstream, Luxembourg approved by the Issuer and the Principal Paying Agent and the relevant identification number(s): [Not applicable/Central Moneymarkets Unit/give name(s) and number(s)]
- (iv) Delivery: Delivery [against/free of] payment

**7. Public Offer** [Applicable/Not applicable]

- (i) Authorised Offeror: [Not applicable][Specify identity of any Authorised Offeror(s)][See paragraph 55 of Part A]
- (ii) [Offer Period:] [specify]/[Not applicable][See paragraph 55 of Part A above]
- (iii) [Offer Price:] [[specify][●] per cent. of the Issue Price (of which [[selling] fees] and [commissions] of [●] of [●] [the Aggregate Notional

<sup>32</sup>

Not required for debt securities with a notional amount per Certificate of at least EUR 100,000 (or its equivalent in the relevant currency as of the Issue Date).

Amount] shall be retained by [the Authorised Offeror[s]] [and a [maximum] amount of [●] per cent. is represented by commissions payable to the Authorised Offeror[s].]

[Issue Price/Not applicable/*specify*]

- (iv) [Conditions to which the offer is subject:]

[Not applicable/*give details*]

[The Issuer reserves the right to withdraw the offer of the Certificates in whole or in part at any time on or prior to the Issue Date. For the avoidance of doubt, if any application has been made by a potential investor and the Issuer reserves such right to withdraw the offer of Certificates, each such potential investor shall not be entitled to subscribe for or otherwise acquire Certificates.]

[Article 30 of Italian Legislative Decree No. 58 of 24 February 1998, as amended from time to time (the "**Italian Financial Services Act**") permits the promotion and placement to the public in the Republic of Italy of financial instruments in a place other than the registered office or establishments of the issuer, offeror or appointed person carrying out such promotion and/or placement, under certain conditions. Such activity is referred in the Italian Financial Services Act as "door-to-door selling". Pursuant to paragraph 6 of Article 30 of the Italian Financial Services Act, all door-to-door selling of financial instruments must be accompanied by a clear indication to investors that they have a right of withdrawal from any contract entered into pursuant to door-to-door selling, exercisable within a period of seven days from the date of subscription by the investor. Within such period, contracts entered into pursuant to door-to-door selling shall not be enforceable, and investors may exercise their withdrawal right without payment of any charge or commission by contacting the offeror or appointed person with whom the subscription for Certificates was placed.] [A non-exempt offer of Certificates in the Republic of Italy may be made using door-to-door selling in accordance with Article 30 of the Italian Financial Services Act during the Offer Period.] [Further, Certificates may be offered in the Republic of Italy to investors through recorded telephone orders pursuant to applicable Italian law.]

- (v) [Description of the application process:]

[Not applicable/*give details*]

- (vi) [Details of the minimum and/or maximum amount of application:]

[Not applicable/*give details*]

(ii) Amount of the Charged Assets: *[specify]*

(iii) Credit Support Structure: *[Credit Support Structure 1]/[Credit Support Structure 2]/[Credit Support Structure 3]/[Credit Support Structure 4] is applicable.*

*Complete applicable items below:*

Credit Support Valuation Agent: *[specify]*/delete if not applicable].

Margin Delivery Date: *[specify]*/delete if not applicable].

Minimum Transfer Amount: *[specify]*/delete if not applicable].

Over Collateralisation Level:*[specify if other than 100%; otherwise delete]*

Repo Transaction Valuation Date: *[specify]*/delete if not applicable].

Support Percentage: *[specify]*/delete if not applicable].

Swap Agreement Valuation Date: *[specify]*/delete if not applicable].

Value: *[specify if other than market value; otherwise delete]*

Swap Counterparty Collateral: *[specify]*

(iv) Loan to value ratio or level of collateralisation of the Charged Assets:

*[specify]*

(v) Where the Charged Assets comprise obligations of 5 or fewer obligors which are legal persons or where an obligor accounts for 20% or more of the Charged Assets, or where an obligor accounts for a material portion of the Charged Assets:

[Applicable / Not applicable]

For the purposes of Charged Asset Structure [1][2][3][4][5][6][7][8]:

[the counterparty to the Swap Agreement is [BNP Paribas][BNP Paribas Fortis SA/NV](the "**Swap Counterparty**").]

[the counterparty to the Deposit Agreement is: *[specify]* (the "**Deposit Counterparty**").]

[the counterparty to the Repurchase Agreement is *[specify]* (the "**Repo Counterparty**").]

[the issuer of *[identify applicable Reference Securities including legal nature eg type of interest payable (if any) whether securities are subordinated/secured etc.]* (the "**Reference Securities**") is *[specify]* (the "**Reference Security Issuer**").]

[the obligor in respect of *[identify applicable Compartment Assets where Compartment Assets are other than Reference Securities including legal nature of asset]* (the "**Compartment Assets**") is *[specify]* (the "**Compartment Asset Obligor**").]

*[An obligor (including the Deposit Counterparty, Repo Counterparty, and the Reference Security Issuer, where applicable) must have securities already admitted to trading on a regulated or equivalent market or the obligations are guaranteed by an entity admitted to trading on a regulated or equivalent market. Insert the name, address, country of incorporation, nature of business and name of the market in which its securities are admitted so far as the Issuer is aware and/or is able to ascertain from information published by the obligor(s)]*

- (vi) Any relationship that is material to the issue between the Issuer, guarantor (if applicable) and obligor under the Charged Assets:

[Applicable / Not applicable]

*[If applicable, provide details of the principal terms of that relationship]*

*[specify]which is the [insert capacity/capacities] under the Certificates]*

- (vii) Charged Assets comprising obligations that are not admitted to trading on a regulated or equivalent market:

[Applicable / Not applicable][where Reference Securities are Eligible BNP Paribas Fortis Collateral Securities specify "The Reference Securities are Eligible BNP Paribas Fortis Collateral Securities" [and specify the applicable type of interest (either fixed rate or zero coupon) and scheduled redemption date of the Reference Securities.] The Eligible BNP Paribas Fortis Collateral Currency is [EUR] [USD] [AUD] [CAD] [CHF] [DKK] [GBP] [JPY] [NOK] [NZD] [SEK].]

*[See paragraph entitled "Where the Charged Assets comprise obligations of 5 or fewer obligors which are legal persons or where an obligor accounts for 20% or more of the Charged Assets, or where an obligor accounts for a material portion of the Charged Assets" above where the applicable Charged Asset Structure is specified.]*

- (viii)Charged Assets comprising equity securities that are admitted to trading on a regulated or equivalent market:

[Applicable / Not applicable]

*[If applicable, indicate the following:*

- (a) a description of the securities;*
- (b) a description of the market on which they are traded including its date of establishment, how price information is published, an indication of daily trading volumes, information as to the standing of the market in the country and the name of the market's regulatory authority;*
- (c) the frequency with which prices of the relevant securities are published.]*

*(Complete in conjunction with relevant provisions above)*

[See paragraph entitled "*Where the Charged Assets comprise obligations of 5 or fewer obligors which are legal persons or where an obligor accounts for 20% or more of the Charged Assets, or where an obligor accounts for a material portion of the Charged Assets*" above]

- |                                                                                                                                                                                                                                                    |                                                                                                                                                                                                                                            |
|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| (ix) Names, addresses and significant business activities of the originators of the Compartment Assets:                                                                                                                                            | [Applicable / Not applicable]<br><br>[If applicable, provide details]                                                                                                                                                                      |
| (x) Name, address and significant business activities of the Calculation Agent, together with a summary of the Calculation Agent's responsibilities, its relationship with the originator or the creator of the assets forming the Charged Assets: | [specify]                                                                                                                                                                                                                                  |
| (xi) Names and addresses and brief description of the banks with which the main accounts relating to the Series are held:                                                                                                                          | [specify]                                                                                                                                                                                                                                  |
| (xii) Information concerning the obligor of the Charged Assets reproduced from a source published by a third party:                                                                                                                                | [Applicable / Not applicable]<br><br>[If applicable: So far as the Issuer is aware and is able to ascertain from information published by [specify], no facts have been omitted which would render the reproduced information misleading.] |
| (xiii) Legal jurisdiction by which the Charged Assets are governed:                                                                                                                                                                                | [insert jurisdiction]                                                                                                                                                                                                                      |
| (xiv) Expiry or maturity date(s) of the Charged Assets:                                                                                                                                                                                            | [The Maturity Date/specify other]                                                                                                                                                                                                          |

## TERMS AND CONDITIONS OF THE NOTES

*The following are the Terms and Conditions of the Notes, which will include the additional terms and conditions for payouts for Securities contained in Annex 1, the additional terms and conditions contained in Annex 2 in the case of Index Linked Notes, the additional terms and conditions contained in Annex 3 in the case of Share Linked Notes, the additional terms and conditions contained in Annex 4 in the case of Debt Linked Notes, the additional terms and conditions contained in Annex 5 in the case of Commodity Linked Notes, the additional terms and conditions contained in Annex 6 in the case of Inflation Linked Notes, the additional terms and conditions contained in Annex 7 in the case of Currency Linked Notes, the additional terms and conditions contained in Annex 8 in the case of Fund Linked Notes, the additional terms and conditions contained in Annex 9 in the case of Underlying Interest Rate Linked Notes, the additional terms and conditions contained in Annex 10 in the case of Credit Linked Notes and the additional terms and conditions contained in Annex 11 in the case of ETI Linked Notes or any other Annex (each an "Annex" and together the "Annexes" which may be added from time to time) which will be incorporated by reference into each Global Note and each Definitive Note, in the latter case only if permitted by the relevant stock exchange or other relevant authority (if any) and agreed by the Issuer and the relevant Dealer(s) at the time of issue but, if not so permitted and agreed, such definitive Note will have endorsed upon or attached thereto such Terms and Conditions.*

*The Terms and Conditions of any Notes will be completed either by the applicable Final Terms or, in circumstances where Notes are not issued on the basis of this Base Prospectus, by issue specific terms prepared in accordance with any such issue ("**Issue Specific Terms**"). Where the Terms and Conditions of any Notes are completed by Issue Specific Terms, references herein and the Annexes to the "Final Terms" shall be deemed to be references to the "Issue Specific Terms" relating to such Notes.*

*The applicable Final Terms or Issue Specific Terms (or the relevant provisions thereof) will be endorsed on, attached to or incorporated by reference in, each temporary global Note, permanent global Note and definitive Note. Reference should be made to the section headed "Form of Final Terms for Notes" above for a description of the content of Final Terms or Issue Specific Terms, as the case may be, which will specify which of such terms is to apply in relation to the relevant Notes.*

This Note is one of a Series (as defined below) of Notes issued by SecurAsset S.A. (the "**Issuer**"), a regulated securitisation undertaking within the meaning of the Luxembourg Act dated 22 March 2004 on securitisation, as amended (the "**Securitisation Act 2004**", which term shall include such act as modified, amended or re-enacted from time to time), constituted and secured by relevant issue deed dated the date of issue of the Notes (the "**Issue Date**") between, *inter alia*, the Issuer, the Trustee and the persons specified therein as a Swap Counterparty and/or Deposit Counterparty and/or Repo Counterparty (each as defined in Condition 8 (*Compartment Assets*)) (the "**Issue Deed**") which incorporates master trust terms between the Issuer and BNP Paribas Trust Corporation UK Limited (the "**Trustee**", which expression shall include all persons for the time being the trustee or trustees under the Trust Deed (as defined below)) as trustee for the Noteholders (as defined below) (the "**Master Trust Terms**", together with the Issue Deed, the "**Trust Deed**"). References herein to the "Issuer" shall include the Substitute Company as defined in Condition 13(e) (*Substitution*), in the case of any substitution of the Issuer in accordance with that Condition.

References herein to the Notes shall be references to the Notes of this Series and shall mean:

- (a) in relation to any Note(s) represented by a global Note, units of each specified denomination (the "**Specified Denomination**") in the Specified Currency of issue;
- (b) definitive Notes in bearer form ("**Definitive Bearer Notes**") issued in exchange for a global Note;
- (c) any global Note in bearer or registered form ("**Bearer Global Note(s)**" and "**Registered Global Note(s)**", respectively, and each a global Note); and

- (d) any definitive Notes in registered form ("**Definitive Registered Notes**") (whether or not issued in exchange for a Registered Global Note).

The Notes, the Receipts (as defined below) and the Coupons (as defined below) have the benefit of an agency agreement dated 6 February 2009 as most recently amended and restated on [●] September 2017 (the "**Agency Agreement**", which expression includes the same as it may be modified and/or supplemented and/or restated from time to time) and made between, *inter alia*, the Issuer, the Trustee, BNP Paribas Arbitrage S.N.C. as calculation agent (the "**Calculation Agent**"), which expression shall include any additional or successor calculation agents specified in the applicable Final Terms), BNP Paribas Securities Services, Luxembourg Branch as account bank (where specified in the applicable Final Terms) (the "**Account Bank**"), BNP Paribas Securities Services, Luxembourg Branch as issuing and principal paying agent, registrar, transfer agent and, where specified in the applicable Final Terms, the custodian and cash manager (the "**Issuing and Paying Agent**", the "**Registrar**", "**Transfer Agent**", the "**Custodian**" and the "**Cash Manager**" respectively, which expressions shall include, in each case, any additional or successor agents specified in the applicable Final Terms) and the other paying agents named therein (together with the Issuing and Paying Agent and the Registrar, the "**Paying Agents**", which expression shall include any additional or successor paying agents). The Paying Agents, the Transfer Agent, the Calculation Agent, the Cash Manager and the Custodian shall be referred to collectively hereunder as the "**Agents**". The Notes, the Trust Deed, the Agency Agreement (together with any supplements thereto), the Dealer Agreement and any other Related Agreements are together referred to as the "**Transaction Documents**".

Interest bearing Definitive Bearer Notes (unless otherwise indicated in the applicable Final Terms) have interest coupons ("**Coupons**") and, if indicated in the applicable Final Terms, talons for further Coupons ("**Talons**") attached on issue. Any reference herein to "Coupons" or "coupons" shall, unless the context otherwise requires, be deemed to include a reference to "Talons" or "talons". Definitive Bearer Notes repayable in instalments have receipts ("**Receipts**") for the payment of the instalments of principal (other than the final instalment) attached on issue. Global Notes do not have Receipts, Coupons or Talons attached on issue.

The Trustee acts for the benefit of the holders for the time being of the Notes (the "**Noteholders**", which expression shall mean, in the case of Bearer Notes, the holders of the Notes and, in the case of Registered Notes, the persons in whose name the Notes are registered, and shall, in relation to any Notes represented by a global Note, be construed as provided in Condition 1 below), the holders of the Receipts (the "**Receiptholders**") and the holders of the Coupons (the "**Couponholders**", which expression shall, unless the context otherwise requires, include the holders of the Talons), in accordance with the provisions of the Trust Deed. The Trustee also holds the Compartment Security granted by the Issuer for itself and the other Secured Parties (as defined below).

Any references in these Terms and Conditions to "Coupons", "Talons" or "Receipts" shall not apply to Registered Notes.

Any reference herein to "Euroclear" and/or "Clearstream, Luxembourg" (each term as defined below) shall, whenever the context so permits, be deemed to include a reference to any additional or alternative clearing system specified in the applicable Final Terms, approved by the Issuer, the Guarantor (if applicable), the Trustee, the Issuing and Paying Agent, the Registrar (in the case of Registered Notes only) and, in the case of Notes listed on the Luxembourg Stock Exchange, the Luxembourg Stock Exchange.

The Final Terms for the Notes (or other relevant provisions thereof) are set out in the Final Terms that are endorsed on, attached to or incorporated by reference in the Notes and which complete these terms and conditions (the "**Terms and Conditions**" or the "**Conditions**").

As used herein, "**Tranche**" means Notes which are identical in all respects and "Series" means a Tranche of Notes together with any further Tranche or Tranches of Notes which are (a) expressed to be consolidated and form a single series with the original Tranche and (b) identical in all respects except for their respective Issue Dates, Interest Commencement Dates and/or Issue Prices, as applicable.

Copies of the Master Trust Terms and the Agency Agreement are available for inspection by Noteholders during normal business hours from the specified offices of the Paying Agents. Copies of the applicable Final Terms are available for viewing by Noteholders at [www.bourse.lu](http://www.bourse.lu) and copies may be obtained from the specified office of the Issuing and Paying Agent save that, if this Note is a Private Placement Note (as defined below) which has not been offered to the public in Luxembourg, the applicable Final Terms will only be obtainable by a Noteholder holding one or more such Notes and such Noteholder must produce evidence satisfactory to the Issuer, the Trustee and the relevant Paying Agent as to its holding of such Notes and identity. The Noteholders, the Receiptholders and the Couponholders are deemed to have notice of, and are entitled to the benefit of, all the provisions of the Trust Deed, the Agency Agreement and the applicable Final Terms. The statements in the Conditions include summaries of, and are subject to, the detailed provisions of the Trust Deed (as such term is defined in the Master Trust Terms). In this paragraph, "**Private Placement Note**" means any Note that is not (i) offered to the public in the EEA for the purposes of article 3.1 of Directive 2003/71/EC of the European Parliament and of the Council of 4 November 2003 (the "**Prospectus Directive**") (except as specified under article 3.2 of the Prospectus Directive) or (ii) admitted to trading in the EEA for the purposes of article 3.3 of the Prospectus Directive.

By subscribing to, or otherwise acquiring, the Notes, each Noteholder expressly acknowledges and agrees that:

- (a) the Issuer (i) is subject to the Securitisation Act 2004 and (ii) in connection with the Notes has created a specific Compartment, which Compartment shall be identified by the number and/or name ascribed to it in the applicable Final Terms, to which all assets, rights, claims and agreements relating to the Notes will be allocated;
- (b) the provisions with respect to the Order of Priority specified in the applicable Final Terms will apply;
- (c) all payments to be made by the Issuer in respect of the Notes and the related Swap Agreement (if any) will be made only from and to the extent of the sums received or recovered from time to time by or on behalf of the Issuer or the Trustee in respect of the Charged Assets and, following a Note Acceleration in respect of the Note, the entitlement of the Noteholder will be limited to such Noteholder's *pro rata* share of the proceeds of the relevant Charged Assets applied in accordance with the Order of Priority specified in the applicable Final Terms and not to the assets allocated to other compartments created by the Issuer or to any other assets of the Issuer and, in the case of Guaranteed Notes, sums obtained on its behalf by the Trustee, making a claim under the Guarantee, subject to the terms set out in the applicable Final Terms and the relevant provisions of the Guarantee;
- (d) once all moneys received by the Trustee in connection with the enforcement of the Compartment Security over the Charged Assets have been applied in accordance with the Order of Priority set out in the applicable Final Terms and in the Master Trust Terms, it is not entitled to take any further steps against the Issuer to recover any further sums due and the right to receive any such sum shall be extinguished;
- (e) it shall have no right to attach or otherwise seize the Charged Assets (subject as provided above), or any other assets of the Issuer, including, without limitation, any assets allocated to any other compartments of the Issuer; and
- (f) no Noteholder shall be entitled to petition or take any other step for the liquidation, winding-up or the bankruptcy of the Issuer or any similar proceedings.

Words and expressions defined in the Master Trust Terms or the Agency Agreement or used in the applicable Final Terms shall have the same meanings where used in these Terms and Conditions unless the context otherwise requires or unless otherwise stated, and provided that, in the event of any inconsistency between the Trust Deed or the Agency Agreement and the applicable Final Terms, the applicable Final Terms will prevail.

**1. Form, denomination and title**

The Notes, except for Notes in registered form ("**Registered Notes**") are in bearer form ("**Bearer Notes**"), and, in the case of Definitive Bearer Notes, serially numbered, issued in the Specified Currency and the Specified Denomination(s) specified in the applicable Final Terms. Notes of one Specified Denomination may not be exchanged for Notes of another Specified Denomination.

The Notes are, to the extent specified in the applicable Final Terms, Fixed Rate Notes, Floating Rate Notes, Zero Coupon Notes, Dual Currency Interest Notes or Notes with interest linked to one or more underlying reference assets or bases ("**Underlying Reference(s)**") ("**Linked Interest Notes**") specified in the applicable Final Terms such as Index Linked Interest Notes, Share Linked Interest Notes, Debt Linked Interest Notes, Commodity Linked Interest Notes, Inflation Linked Interest Notes, Currency Interest Linked Notes, Fund Linked Interest Notes, Underlying Interest Rate Linked Interest Notes, Credit Linked Interest Notes, ETI Linked Interest Notes, Hybrid Interest Notes or any combination thereof. The Notes may be Index Linked Redemption Notes, Share Linked Redemption Notes, Debt Linked Redemption Notes, Commodity Linked Redemption Notes, Inflation Linked Redemption Notes, Currency Linked Redemption Notes, Fund Linked Redemption Notes, Underlying Interest Rate Linked Redemption Notes, Credit Linked Redemption Notes, ETI Linked Redemption Notes, Hybrid Redemption Notes, Instalment Notes, Dual Currency Redemption Note or any combination thereof.

If the Notes are Hybrid Notes and Hybrid Notes is specified as applicable in the applicable Final Terms, the terms and conditions of the Notes will be construed on the basis that in respect of each separate type of Underlying Reference, the relevant terms applicable to each such separate type of Underlying Reference will apply, as the context admits, separately and independently in respect of the relevant type of Underlying Reference, except as specified in the applicable Final Terms. "**Hybrid Business Day**" has the meaning given to such term in the applicable Final Terms.

The Notes will be settled by way of cash payment ("**Cash Settled Notes**") or, if Physical Settlement is specified as applicable in the applicable Final Terms, will be settled by physical delivery ("**Physical Delivery Notes**").

Definitive Bearer Notes are issued with Coupons attached, unless they are Zero Coupon Notes in which case references to "Coupons" and "Couponholders" in these Terms and Conditions are not applicable.

Subject as set out below, title to Bearer Notes, Receipts and Coupons will pass by delivery. Subject as set out below, the Issuer, the Guarantor, the Trustee and any Paying Agent will (except as otherwise required by law) deem and treat the bearer of any Bearer Note, Receipt or Coupon as the absolute owner thereof (whether or not overdue and notwithstanding any notice of ownership or writing thereon or notice of any previous loss or theft thereof) for all purposes but, in the case of any global Note, without prejudice to the provisions set out in the next succeeding paragraph.

The Issuer has appointed the Registrar and shall cause to be kept at the office of the Registrar, a register (the "**Register**") on which shall be entered, inter alia, the name and address of the beneficial owner of the principal and stated interest of the Registered Notes, the amount and type of the Registered Notes held by each Noteholder, and particulars of all transfers of title to the Registered Notes. Subject as set out below, title to the Definitive Registered Notes will pass upon registration of transfers in the Register and surrender. The entries in the Register shall be conclusive absent manifest error and, except as ordered by a court of competent jurisdiction or as required by law, the registered holder of any Definitive Registered Note whose name is recorded in the Register pursuant to the Terms and Conditions of the Notes shall be deemed to be and may be treated as the absolute owner for purposes of payment of principal and interest on such Definitive Registered Notes regardless of any notice of ownership, trust or an interest in it, any writing on it or its theft or loss and no person shall be liable for so treating the registered holder.

For so long as any of the Bearer Notes or the Registered Notes is represented by a global Note held on behalf of, or in the case of Registered Notes by a common depositary on behalf of, Euroclear Bank S.A./N.V., as operator of the Euroclear system ("**Euroclear**") and Clearstream Banking, société anonyme ("**Clearstream, Luxembourg**"), each person (other than Euroclear or Clearstream, Luxembourg) who is for the time being shown in the records of Euroclear or Clearstream, Luxembourg as the holder of a particular nominal amount of such Notes (in which regard any certificate or other document issued by Euroclear or Clearstream, Luxembourg as to the nominal amount of Notes standing to the account of any person shall be conclusive and binding for all purposes save in the case of manifest error) shall be treated by the Issuer, the Guarantor (if any), the Trustee and any Paying Agent as the holder of such nominal amount of the Notes for all purposes other than with respect to the payment of principal or interest on such nominal amount of such Notes, for which purpose the bearer of the relevant global Note or, as applicable, the registered holder (as shown in the Register, provided that, for all other purposes hereunder and notwithstanding any provision to the contrary, in the event of any differences between the information contained in the Register and that contained in the Issuer Register (as defined in the Agency Agreement), the Issuer Register shall prevail) of the relevant Registered Global Note shall be treated by the Issuer, the Guarantor (if any), the Trustee and any Paying Agent as the holder of such nominal amount of such Notes in accordance with and subject to the terms of the relevant global Note (and the expressions "**Noteholder**" and "**holder of Notes**" and related expressions shall be construed accordingly). Without limitation to the foregoing, in determining whether a particular person is entitled to a particular nominal amount of Notes as aforesaid, the Trustee may rely on such evidence and/or information and/or certification as it shall, in its absolute discretion, think fit and, if it does so rely, such evidence and/or information and/or certification shall, in the absence of manifest error, be conclusive and binding on all concerned.

Notes which are represented by a global Note held on behalf of Euroclear and Clearstream, Luxembourg will be transferable only in accordance with the rules and procedures for the time being of Euroclear or Clearstream, Luxembourg, as the case may be. References to Euroclear or Clearstream, Luxembourg shall, whenever the context so permits, be deemed to include a reference to any additional or alternative clearing system specified in the applicable Final Terms.

## **2. Transfers of Registered Notes**

### **(a) *Transfers of interests in Registered Global Notes***

Transfers of beneficial interests in Registered Global Notes will be effected by Euroclear or Clearstream, Luxembourg and, in turn, by other participants and, if appropriate, indirect participants in such clearing systems acting on behalf of beneficial transferors and transferees of such interests. A Registered Global Note may be transferred only to a successor clearing organisation. A beneficial interest in a Registered Global Note will, subject to compliance with all applicable legal and regulatory restrictions, be exchangeable for Definitive Registered Notes or for a beneficial interest in another Registered Global Note only in the Specified Denominations set out in the applicable Final Terms and only in accordance with the rules and operating procedures for the time being of Euroclear or Clearstream, Luxembourg, as the case may be, and in accordance with the terms and conditions specified in the Agency Agreement.

### **(b) *Transfers of Definitive Registered Notes***

Subject as provided in paragraph (e) below, upon the terms and subject to the conditions set forth in the Agency Agreement, a Definitive Registered Note may be transferred in whole or in part (in the Specified Denominations set out in the applicable Final Terms). In order to effect any such transfer (i) the holder or holders must (A) surrender the Definitive Registered Note for registration of the transfer of the Definitive Registered Note (or the relevant part of the Definitive Registered Note) at the specified office of the Registrar or any Transfer Agent, with the form of transfer thereon duly executed by the holder or holders thereof or his or their attorney or attorneys duly authorised in writing and (B) complete and deposit such other certifications as may be required by

the Registrar or, as the case may be, the relevant Transfer Agent and (ii) the Registrar or, as the case may be, the relevant Transfer Agent must, after due and careful enquiry, be satisfied with the documents of title and the identity of the person making the request. Any such transfer will be subject to such reasonable regulations as the Issuer and the Registrar may from time to time prescribe (the initial regulations being set out in Schedule 2 to the Agency Agreement). Subject as provided above, the Registrar or, as the case may be, the relevant Transfer Agent will, within three business days (being for this purpose a day on which banks are open for business in the city where the specified office of the Registrar or, as the case may be, the relevant Transfer Agent is located) of the request (or such longer period as may be required to comply with any applicable fiscal or other laws or regulations), authenticate and deliver, or procure the authentication and delivery of, at its specified office to the transferee or (at the risk of the transferee) send by uninsured mail, to such address as the transferee may request, a new Definitive Registered Note of a like aggregate nominal amount to the Definitive Registered Note (or the relevant part of the Definitive Registered Note) transferred. In the case of the transfer of part only of a Definitive Registered Note, a new Definitive Registered Note in respect of the balance of the Definitive Registered Note not transferred will be so authenticated and delivered or (at the risk of the transferor) sent to the transferor. The Registrar will promptly notify the Issuer of any change made to the Register and the Issuer will, upon receipt of any such notice, update the Issuer Register accordingly.

(c) *Registration of transfer upon partial redemption*

In the event of a partial redemption of Notes under Condition 7 (*Redemption and Purchase*), the Issuer shall not be required to register the transfer of any Registered Note, or part of a Registered Note, called for partial redemption.

(d) *Costs of registration*

Noteholders will not be required to bear the costs and expenses of effecting any registration of transfer as provided above, except for any costs or expenses of delivery other than by regular uninsured mail and except that the Issuer may require the payment of a sum sufficient to cover any stamp duty, tax or other governmental charge that may be imposed in relation to the registration.

(e) *Exchanges and transfers of Registered Notes generally*

Holders of Definitive Registered Notes may exchange such Notes for interests in a Registered Global Note of the same type at any time. Transfers by the holder of, or of a beneficial interest in a Registered Global Note may not be made except (i) to the Issuer or any affiliate thereof or (ii) outside the United States to or for the account of a non-U.S. person in compliance with Rule 903 or Rule 904 of Regulation S under the Securities Act.

(f) *Definitions*

In this Condition, the following expressions shall have the following meanings:

**"Regulation S"** means Regulation S under the Securities Act;

**"Regulation S Global Note"** means a Registered Global Note representing Notes sold outside the United States in reliance on Regulation S; and

**"Securities Act"** means the United States Securities Act of 1933, as amended.

**3. Status of the Notes; Guaranteed Notes**

(a) *Status of the Notes*

The Notes, Coupons and Receipts are secured, limited recourse obligations of the Issuer, ranking *pari passu* without any preference among themselves, which are secured in the manner described

in Condition 8 (*Compartment Assets*) and recourse in respect of which is limited in the manner described in Condition 8 (*Compartment Assets*).

Unless Waiver of Set-Off is specified as not applicable in the applicable Final Terms, no Noteholder (and, if applicable, any Couponholder or Receiptholder) may at any time exercise or claim any Waived Set-Off Rights against any right, claim, or liability the Issuer (or, the Guarantor) has or may have or acquire against such holder, directly or indirectly, howsoever arising (and, for the avoidance of doubt, including all such rights, claims and liabilities arising under or in relation to any and all agreements or other instruments of any sort or any non-contractual obligations, in each case whether or not relating to such Note, Receipt or Coupon) and each such holder shall be deemed to have waived all Waived Set-Off Rights to the fullest extent permitted by applicable law in relation to all such actual and potential rights, claims and liabilities.

For the avoidance of doubt, nothing in this Condition 3(a) is intended to provide or shall be construed as acknowledging any right of deduction, set-off, netting, compensation, retention or counterclaim or that any such right is or would be available to any holder of any Note, Receipt or Coupon but for this Condition 3(a).

For the purposes of this Condition 3(a), "**Waived Set-Off Rights**" means any and all rights of or claims of any Noteholder, Receiptholder or Couponholder for deduction, set-off, netting, compensation, retention or counterclaim arising directly or indirectly under or in connection with any such Note, Receipt or Coupon.

(b) *Guaranteed Notes*

If the Notes are "**Guaranteed Notes**" as specified in the applicable Final Terms, and subject to the satisfaction of the conditions set out therein and in the relevant provisions of the Trust Deed applicable to such Notes, certain payment obligations of the Issuer in respect of such Guaranteed Notes will have the benefit of a guarantee (the "**Guarantee**") in favour of the Trustee (for itself, and as trustee for holders of such Guaranteed Notes) made by BNP Paribas or Banca Nazionale del Lavoro S.p.A. (in such capacity, each a "**Guarantor**").

The Guarantee (if applicable) constitutes an unsecured, unsubordinated and general obligation of the Guarantor and ranks and will rank (i) *pari passu* with all other existing and future unsecured, unsubordinated and general obligations of the Guarantor, but excluding any debts for the time being preferred by law, and (ii) senior to any subordinated obligations.

(c) *Subrogation of the Guarantor*

Under the Guarantee, the Guarantor will be subrogated to any rights of the holders of the Guaranteed Notes and the Trustee against the Issuer to the fullest extent permitted by applicable law and to the extent of such payment in respect of amounts due in respect of the Notes which have been paid by the Guarantor under the Guarantee.

#### 4. **Restrictions**

(a) The Issuer has covenanted in the Trust Deed that, *inter alia*, so long as any of the Notes remains outstanding, it will not, without the prior written consent of the Trustee:

(i) engage in any activity or do anything whatsoever, except:

- (A) issue instruments which are subject to the Securitisation Act 2004 and the enforcement and limited recourse provisions of the Trust Deed or any other relevant agreement ("**Permitted Instruments**", provided that such term shall include, without limitation, Related Agreements, warrants, certificates, Notes and Further Notes (each as defined below));

- (B) otherwise incur indebtedness (any such indebtedness, "**Permitted Indebtedness**") in respect of moneys borrowed or raised where such indebtedness is incurred on terms that it is subject to, and in compliance with, the Securitisation Act 2004 and/or is secured on assets or other property which are not part of the Charged Assets and on terms which provide for the extinguishment of all claims in respect of such indebtedness after application of the proceeds of the assets or property on which such indebtedness is secured;
  - (C) enter into any deed or agreement of any kind related to any Permitted Instrument or Permitted Indebtedness, but provided always that any such deed or agreement is entered into on terms that the obligations of the Issuer thereunder relate to a compartment of specified assets of the Issuer (other than its share capital) which does not form part of the Charged Assets and on terms which provide for extinguishment of all claims in respect of such obligations after application of the assets on which such indebtedness is secured;
  - (D) acquire, or enter into any agreement constituting, the collateral in respect of any Permitted Instrument or the assets securing any Permitted Indebtedness to enable it to discharge its obligations under such Permitted Instrument or Permitted Indebtedness;
  - (E) perform its obligations under each Permitted Instrument or Permitted Indebtedness, or any deed or agreement incidental to the issue and constitution of, or the granting of security for, any Permitted Instrument or Permitted Indebtedness;
  - (F) enforce any of its rights whether under any deed or agreement entered into in relation to any Permitted Instrument or Permitted Indebtedness;
  - (G) perform any act incidental to or necessary in connection with any of the above; or
  - (H) as permitted by the Conditions;
- (ii) have any subsidiaries;
  - (iii) have any employees;
  - (iv) dispose of any of its property or other assets or any part thereof or interest therein (subject (A) to this subparagraph (a) and (B) as provided in the terms and conditions relating to any Permitted Instrument or the terms and conditions relating to any Permitted Indebtedness);
  - (v) issue any further fungible Notes unless the trustee and/or guarantor thereof is the same person as, respectively, the Trustee and/or, as the case may be, the Guarantor for the Notes;
  - (vi) pay any dividend or make any other distribution to its members;
  - (vii) guarantee or become obligated for the debts of any other entity or hold out its credit as being available to satisfy the obligations of others;
  - (viii) pledge its assets for the benefit of any other entity or make any loans or advances to any entity (other than in respect of or in connection with Permitted Instruments and Permitted Indebtedness); or
  - (ix) consolidate or merge with any other person.

- (b) The Issuer has covenanted in the Trust Deed that, *inter alia*, save with the prior written consent of the Trustee, the Issuer shall, so long as any of the Notes remains outstanding:
- (i) maintain proper books and records, accounts and financial statements for each Compartment and for the Issuer;
  - (ii) hold itself out as a separate entity, conduct its business in its own name and maintain an arm's length relationship with its affiliates (if any);
  - (iii) notify the Trustee in writing immediately on becoming aware of the occurrence of any Event of Default or Potential Event of Default or the proposed mandatory redemption of any Note;
  - (iv) provide the Trustee with certain certificates within specified timeframes that no Event of Default or Potential Event of Default has occurred since the Certification Date of the last certificate or the date of the Trust Deed, or, if such an event has occurred, giving details of it;
  - (v) for each Series send to the Trustee at least 48 hours (if practicable) before it is to be issued the form of each notice to be given to the Noteholders and, once given, two copies of each such notice;
  - (vi) forthwith upon request by the Trustee give notice to the Noteholders of any Series of any unconditional payment to the Issuing and Paying Agent or the Trustee of any sum due in respect of the Notes, the Receipts or Coupons of such Series made after the due date for such payment;
  - (vii) in relation to each Series:
    - (A) comply and procure that each of the parties thereto complies with its obligations under the Agency Agreement, any Swap Agreement, any Deposit Agreement or any Repurchase Agreement; and
    - (B) procure that any Swap Counterparty gives the Trustee notice of any substitution of the Compartment Assets with substitute securities or cash substitute in accordance with the terms of Condition 8(f) (*Compartment Assets substitution by Swap Counterparty*);
  - (viii) not commingle its assets with those of any other entity; and
  - (ix) observe all formalities required by its memorandum and articles of association (including maintaining adequate capital for its operations).

## 5. Interest

### (a) Interest on Fixed Rate Notes

Each Fixed Rate Note bears interest from (and including) the Interest Commencement Date at the rate(s) per annum equal to the Rate(s) of Interest. Interest will accrue in respect of each Interest Period (which expression shall in these Terms and Conditions mean the period from (and including) an Interest Period End Date (or if none the Interest Commencement Date) to (but excluding) the next (or first) Interest Period End Date (each such latter date the "**Interest Period End Final Date**" for the relevant Interest Period)). Interest will be payable in arrear on the Interest Payment Date(s) in each year up to (and including) the Maturity Date. If an Interest Payment Date falls after the Interest Period End Final Date in respect of the relevant Interest Period, no additional interest or other amount shall be payable as a result of such interest being payable on such later date. If a Business Day Convention is specified in the applicable Final Terms as applying to an Interest Period End Date or an Interest Payment Date and (x) if there is no numerically

corresponding day on the calendar month in which an Interest Period End Date or Interest Payment Date, as the case may be, should occur or (y) if any Interest Period End Date or Interest Payment Date, as the case may be, would otherwise fall on a day which is not a Business Day, then, if the Business Day Convention specified is:

- (i) the Following Business Day Convention, such Interest Period End Date or Interest Payment Date, as the case may be, shall be postponed to the next day which is a Business Day; or
- (ii) the Modified Following Business Day Convention, such Interest Period End Date or Interest Payment Date, as the case may be, shall be postponed to the next day which is a Business Day unless it would thereby fall into the next calendar month, in which event such Interest Period End Date or Interest Payment Date, as the case may be shall be brought forward to the immediately preceding Business Day; or
- (iii) the Preceding Business Day Convention, such Interest Period End Date or Interest Payment Date, as the case may be, shall be brought forward to the immediately preceding Business Day.

If no Business Day Convention is specified as applicable to an Interest Period End Date in the applicable Final Terms and the Notes are in definitive form:

- (A) the amount of interest payable on each Interest Payment Date in respect of the Interest Period ending on (but excluding) the Interest Period End Final Date in respect of such Interest Period, will amount to the Fixed Coupon Amount; and
- (B) the amount of interest payable on any other Interest Payment Date will, if so specified in the applicable Final Terms, amount to the Broken Amount so specified.

Interest shall be calculated by applying the Rate of Interest to: (1) in the case of Fixed Rate Notes which are represented by a Global Note, the aggregate outstanding nominal amount of the Fixed Rate Notes represented by such Global Note; or (2) in the case of Fixed Rate Notes in definitive form, the Calculation Amount, multiplying such sum by the applicable Day Count Fraction, and rounding the resultant figure to the nearest sub-unit of the relevant Specified Currency, half of any such sub-unit being rounded upwards or otherwise in accordance with applicable market convention, or in the case of Dual Currency Interest Notes, converting the resulting figure into the Settlement Currency as provided in Condition 5(n) below.

Where the Specified Denomination of a Fixed Rate Note in definitive form comprises more than one Calculation Amount, the amount of Interest payable in respect of such Fixed Rate Note shall be the aggregate of the amounts (determined in the manner provided above) for each Calculation Amount comprising the Specified Denomination without any further rounding.

"**sub-unit**" means, with respect to any currency other than euro, the lowest amount of such currency that is available as legal tender in the country of such currency and, with respect to euro, means one cent.

(b) *Interest on Floating Rate Notes*

(i) *Interest Period End Dates and Interest Payment Dates*

Each Floating Rate Note bears interest on its nominal amount or pays interest in respect of each Interest Period (which expression shall in these Terms and Conditions mean the period from (and including) an Interest Period End Date (or if none the Interest Commencement Date to (but excluding) the next (or first) Interest Period End Date (each such latter date the "**Interest Period End Final Date**" for the relevant Interest Period)). For the purposes of this Condition 5(b), "**Interest Period End Date**" shall mean either:

- (A) the specified Interest Period End Date(s) in each year specified in the applicable Final Terms; or
- (B) if no Interest Period End Date(s) is/are specified in the applicable Final Terms, each date which falls the number of months or other period specified as the Specified Period in the applicable Final Terms after the preceding Interest Period End Date or, in the case of the first Interest Period End Date, after the Interest Commencement Date.

Interest will be payable in arrear on the Interest Payment Date(s) in each year up to (and including) the Maturity Date. If an Interest Payment Date falls after an Interest Period End Final Date in respect of the relevant Interest Period, no additional interest or other amount shall be payable as a result of such interest being payable on such later date.

If a Business Day Convention is specified in the applicable Final Terms as applying to an Interest Period End Date or an Interest Payment Date and (x) if there is no numerically corresponding day in the calendar month in which an Interest Period End Date or Interest Payment Date, as the case may be, should occur or (y) if any Interest Period End Date or Interest Payment Date, as the case may be, would otherwise fall on a day which is not a Business Day, then, if the Business Day Convention specified is:

- (1) in any case where Specified Periods are specified in accordance with Condition 5(b)(i)(A) above, the Floating Rate Convention, such Interest Period End Date or Interest Payment Date, as the case may be, (I) in the case of (x) above, shall be the last day that is a Business Day in the relevant month and the provisions of (2) below shall apply *mutatis mutandis* or (II) in the case of (y) above, shall be postponed to the next day which is a Business Day unless it would thereby fall into the next calendar month, in which event (aa) such Interest Period End Date or Interest Payment Date, as the case may be, shall be brought forward to the immediately preceding Business Day and (bb) each subsequent Interest Period End Date or Interest Payment Date, as the case may be, shall be the last Business Day in the month which falls the Specified Period after the preceding applicable Interest Period End Date or Interest Payment Date, as the case may be, occurred; or
- (2) the Following Business Day Convention, such Interest Period End Date or Interest Payment Date, as the case may be, shall be postponed to the next day which is a Business Day; or
- (3) the Modified Following Business Day Convention, such Interest Period End Date or Interest Payment Date, as the case may be, shall be postponed to the next day which is a Business Day unless it would thereby fall into the next calendar month, in which event such Interest Period End Date or Interest Payment Date, as the case may be, shall be brought forward to the immediately preceding Business Day; or
- (4) the Preceding Business Day Convention, such Interest Period End Date or Interest Payment Date, as the case may be, shall be brought forward to the immediately preceding Business Day.

In these Conditions, "**Business Day**" means a day which is both:

- (a) a day (other than Saturday or Sunday) on which commercial banks and foreign exchange markets settle payments and are open for general business (including dealing in foreign exchange and foreign currency deposits) in any Additional Business Centre specified in the applicable Final Terms; and

- (b) either (i) in relation to any sum payable in a Settlement Currency other than euro, a day on which commercial banks and foreign exchange markets settle payments and are open for general business (including dealing in foreign exchange and foreign currency deposits) in the principal financial centre of the country of the relevant Settlement Currency (any such centre, an "**Additional Business Centre**" and which, if the Settlement Currency is Australian dollars or New Zealand dollars shall be Sydney or Auckland, respectively) or (ii) in relation to any sum payable in euro, a day (a "**TARGET Settlement Day**") on which the Trans-European Automated Real-Time Gross Settlement Express Transfer ("**TARGET2**") payment system which utilises a single platform and which was launched on 19 November 2007 (or, if such system ceases to be operative, such system (if any) determined by the Calculation Agent to be a suitable replacement) (the "**TARGET System**") is open.

(ii) *Rate of Interest*

The Rate of Interest payable from time to time in respect of Floating Rate Notes will be determined in the manner specified in the applicable Final Terms.

(iii) *Determination of Rate of Interest and Calculation of Interest Amount*

The Issuing and Paying Agent will, on or as soon as practicable after each date on which the Rate of Interest is to be determined (the "**Interest Determination Date**"), determine the Rate of Interest (subject to any Minimum Interest Rate or Maximum Interest Rate specified in the applicable Final Terms) for the relevant Interest Period.

The Issuing and Paying Agent will calculate the amount of interest (the "**Interest Amount**") payable on the Notes for the relevant Interest Period by applying the Rate of Interest to:

- (A) in the case of Floating Rate Notes which are represented by a Global Note, the aggregate outstanding nominal amount of the Notes represented by such Global Note; or

- (B) in the case of Floating Rate Notes in definitive form, the Calculation Amount,

and, in each case, multiplying such sum by the Day Count Fraction (if any) specified in the applicable Final Terms and rounding the resultant figure to the nearest sub-unit (as defined above) of the relevant Specified Currency, one half of such a sub-unit being rounded upwards or otherwise in accordance with the applicable market convention and, in the case of Dual Currency Interest Notes, converting the resulting figure into the Settlement Currency as provided in Condition 5(n) below. Where the Specified Denomination of a Floating Rate Note in definitive form comprises more than one Calculation Amount, the Interest Amount payable in respect of such Note shall be the aggregate of the amounts (determined in the manner provided above) for each Calculation Amount comprising the Specified Denomination without any further rounding.

"**Calculation Period**" means each Interest Period, AER Calculation Period, FR Calculation Period, Call Calculation Period or Put Calculation Period, as applicable.

"**Day Count Fraction**" means, in respect of the calculation of an amount of interest for any Interest Period:

- (A) if "**Actual/Actual (ICMA)**" is specified in the applicable Final Terms:

- (i) in the case of Notes where the number of days in the relevant period from (and including) the most recent Interest Period End Date (or, if

none, the Interest Commencement Date) to (but excluding) the relevant payment date (the "**Accrual Period**") is equal to or shorter than the Determination Period during which the Accrual Period ends, the number of days in such Accrual Period divided by the product of (1) the number of days in such Determination Period and (2) the number of Determination Dates (as specified in the applicable Final Terms) that would occur in one calendar year; or

- (ii) in the case of Notes where the Accrual Period is longer than the Determination Period during which the Accrual Period ends, the sum of:
  - (x) the number of days in such Accrual Period falling in the Determination Period in which the Accrual Period begins divided by the product of (x) the number of days in such Determination Period and (y) the number of Determination Dates (as specified in the applicable Final Terms) that would occur in one calendar year; and
  - (y) the number of days in such Accrual Period falling in the next Determination Period divided by the product of (x) the number of days in such Determination Period and (y) the number of Determination Dates that would occur in one calendar year;

**"Determination Date(s)"** means the date(s) specified in the applicable Final Terms;

**"Determination Period"** means each period from (and including) a Determination Date to but excluding the next Determination Date (including, where either the Interest Commencement Date or the Interest Period End Date is not a Determination Date, the period commencing on the first Determination Date prior to, and ending on the first Determination Date falling after, such date);

- (B) if "**Actual/Actual (ISDA)**" or "**Actual/Actual**" is specified in the applicable Final Terms, the actual number of days in the Calculation Period divided by 365 (or, if any portion of that Calculation Period falls in a leap year, the sum of (1) the actual number of days in that portion of the Calculation Period falling in a leap year divided by 366 and (2) the actual number of days in that portion of the Calculation Period falling in a non-leap year divided by 365);
- (C) if "**Actual/365 (Fixed)**" is specified in the applicable Final Terms, the actual number of days in the Calculation Period divided by 365;
- (D) if "**Actual/365 (Sterling)**" is specified in the applicable Final Terms, the actual number of days in the Calculation Period divided by 365 or, in the case of a Calculation Period ending in a leap year, 366;
- (E) if "**Actual/360**" is specified in the applicable Final Terms, the actual number of days in the Calculation Period divided by 360;
- (F) if "**30/360**", "**360/360**" or "**Bond Basis**" is specified in the applicable Final Terms, the number of days in the Calculation Period divided by 360, calculated on a formula basis as follows:

$$\text{Day Count Fraction} = \frac{[(360 \times Y_2 - Y_1)] + [30 \times (M_2 - M_1)] + (D_2 - D_1)}{360}$$

where:

"Y1" is the year expressed as a number, in which the first day of the Calculation Period falls;

"Y2" is the year, expressed as a number, in which the day immediately following the last day of the Calculation Period falls;

"M1" is the calendar month, expressed as a number, in which the first day of the Calculation Period falls;

"M2" is the calendar month, expressed as a number, in which the day immediately following the last day of the Calculation Period falls;

"D1" is the first calendar day, expressed as a number, of the Calculation Period, unless such number is 31 in which case D1, will be 30; and

"D2" is the calendar day expressed as a number immediately following the last day included in the Calculation Period, unless such number would be 31 and D1 is greater than 29, in which case D2 will be 30;

- (G) if "**30E/360**" or "**Eurobond Basis**" is specified in the applicable Final Terms, the number of days in the Calculation Period divided by 360, calculated on a formula basis as follows:

$$\text{Day Count Fraction} = \frac{[(360 \times Y_2 - Y_1)] + [30 \times (M_2 - M_1)] + (D_2 - D_1)}{360}$$

where:

"Y1" is the year, expressed as a number, in which the first day of the Interest Period falls;

"Y2" is the year, expressed as a number, in which the day immediately following the last day of the Calculation Period falls;

"M1" is the calendar month, expressed as a number, in which the first day of the Calculation Period falls;

"M2" is the calendar month, expressed as a number, in which the day immediately following the last day of the Calculation Period falls;

"D1" is the first calendar day, expressed as a number, of the Calculation Period, unless such number would be 31 in which case D1, will be 30; and

"D2" is the calendar day, expressed as a number, immediately following the last day included in the Calculation Period, unless such number would be 31, in which case D2 will be 30;

- (H) if "**30E/360 (ISDA)**" is specified in the applicable Final Terms, the number of days in the Calculation Period divided by 360, calculated on a formula basis as follows:

$$\text{Day Count Fraction} = \frac{[(360 \times Y_2 - Y_1)] + [30 \times (M_2 - M_1)] + (D_2 - D_1)}{360}$$

where:

"Y1" is the year, expressed as a number, in which the first day of the Calculation Period falls;

"Y2" is the year, expressed as a number, in which the day immediately following the last day of the Calculation Period falls;

"M1" is the calendar month, expressed as a number, in which the first day of the Calculation Period falls;

"M2" is the calendar month, expressed as a number, in which the day immediately following the last day of the Calculation Period falls;

"D1" is the first calendar day, expressed as a number, of the Calculation Period, unless (i) that day is the last day of February or (ii) such number would be 31, in which case D1 will be 30; and

"D2" is the calendar day, expressed as a number, immediately following the last day included in the Calculation Period, unless (i) that day is the last day of February but not the Maturity Date or (ii) such number would be 31, in which case D2 will be 30.

- (I) if "1/1" is specified in the applicable Final Terms, the Day Count Fraction shall be equal to 1.

Notwithstanding the foregoing, where the applicable Final Terms specifies that the relevant Day Count Fraction is "**unadjusted**", the Interest Period and the Interest Amount payable on any date shall not, unless otherwise provided in the applicable Final Terms, be affected by the application of any Business Day Convention.

(iv) *Linear Interpolation*

Where Linear Interpolation is specified as applicable in respect of an Interest Period in the applicable Final Terms, the Rate of Interest for such Interest Period shall be calculated by the Issuing and Paying Agent by straight line linear interpolation by reference to two rates based on the relevant Reference Rate (where Screen Rate Determination is specified as applicable in the applicable Final Terms), the FBF Rate (where FBF Determination is specified as applicable in the applicable Final Terms) or the relevant Floating Rate Option (where ISDA Determination is specified as applicable in the applicable Final Terms), one of which shall be determined as if the Designated Maturity were the period of time for which rates are available next shorter than the length of the relevant Interest Period and the other of which shall be determined as if the Designated Maturity were the period of time for which rates are available next longer than the length of the relevant Interest Period provided however that if there is no rate available for a period of time next shorter or, as the case may be, next longer, then the Issuing and Paying Agent shall determine such rate at such time and by reference to such sources as it determines appropriate.

"**Designated Maturity**" means (A) in relation to Screen Rate Determination, the period of time designated in the Reference Rate or (B) in relation to FBF Determination, the period of time specified in the relevant FBF Rate.

(c) *Interest on Linked Interest Notes*

(i) *Interest Period End Dates and Interest Payment Dates*

Each Linked Interest Note bears interest on its nominal amount or pays interest in respect of each Interest Period (which expression shall in these Terms and Conditions mean the period from (and including) an Interest Period End Date (or if none the Interest Commencement Date to (but excluding) the next (or first) Interest Period End Date (each such latter date the "**Interest Period End Final Date**" for the relevant Interest Period)). For the purposes of this Condition 5(c), "**Interest Period End Date**" shall mean either:

- (A) the specified Interest Period End Date(s) in each year specified in the applicable Final Terms; or
- (B) if no Interest Period End Date(s) is/are specified in the applicable Final Terms, each date which falls the number of months or other period specified as the Specified Period in the applicable Final Terms after the preceding Interest Period End Date or, in the case of the first Interest Period End Date, after the Interest Commencement Date.

Interest will be payable in arrear on the Interest Payment Date(s) in each year up to (and including) the Maturity Date. If an Interest Payment Date falls after an Interest Period End Date in respect of the relevant Interest Period, no additional interest or other amount shall be payable as a result of such interest being payable on such later date.

If a Business Day Convention is specified in the applicable Final Terms as applying to an Interest Period End Date or an Interest Payment Date and (x) if there is no numerically corresponding day on the calendar month in which an Interest Period End Date or Interest Payment Date, as the case may be, should occur or (y) if any Interest Period End Date or Interest Payment Date, as the case may be, would otherwise fall on a day which is not a Business Day, then, if the Business Day Convention specified is:

- (1) in any case where Specified Periods are specified in accordance with Condition 5(c)(i)(B) above, the Floating Rate Convention, such Interest Period End Date or Interest Payment Date, as the case may be, (I) in the case of (x) above, shall be the last day that is a Business Day in the relevant month and the provisions of (2) below shall apply *mutatis mutandis* or (II) in the case of (y) above, shall be postponed to the next day which is a Business Day unless it would thereby fall into the next calendar month, in which event (aa) such Interest Period End Date or Interest Payment Date, as the case may be, shall be brought forward to the immediately preceding Business Day and (bb) each subsequent Interest Period End Date or Interest Payment Date, as the case may be, shall be the last Business Day in the month which falls the Specified Period after the preceding applicable Interest Period End Date or Interest Payment Date, as the case may be, occurred; or
- (2) the Following Business Day Convention, such Interest Period End Date or Interest Payment Date, as the case may be, shall be postponed to the next day which is a Business Day; or
- (3) the Modified Following Business Day Convention, such Interest Period End Date or Interest Payment Date, as the case may be, shall be postponed to the next day which is a Business Day unless it would thereby fall into the next calendar month, in which event such Interest Period End Date or Interest Payment Date, as the case may be, shall be brought forward to the immediately preceding Business Day; or
- (4) the Preceding Business Day Convention, such Interest Period End Date or Interest Payment Date, as the case may be, shall be brought forward to the immediately preceding Business Day.

(ii) *Rate of Interest*

The Rate of Interest payable from time to time in respect of Linked Interest Notes will be the Coupon Rate determined in the manner specified in the applicable Final Terms which Coupon Rate may comprise one or more Additional Coupons determined in the manner specified in the applicable Final Terms.

(iii) *Determination of Rate of Interest and Calculation of Interest Amount*

The Calculation Agent will, on or as soon as practicable after each date on which the Rate of Interest is to be determined (the "**Interest Determination Date**"), determine the Rate of Interest (subject to any Minimum Interest Rate or Maximum Interest Rate specified in the applicable Final Terms) for the relevant Interest Period. The Calculation Agent will notify the Issuing and Paying Agent of the Rate of Interest for the relevant Interest Period as soon as practicable after calculating the same.

The Calculation Agent will calculate the amount of interest (the "**Interest Amount**") payable on the Notes for the relevant Interest Period by applying the Rate of Interest to:

- (A) in the case of Linked Interest Notes which are represented by a Global Note, the aggregate outstanding nominal amount of the Notes represented by such Global Note; or
- (B) in the case of Linked Interest Notes in definitive form, the Calculation Amount,

and, in each case, multiplying such sum by the Day Count Fraction (if any) specified in the applicable Final Terms and rounding the resultant figure to the nearest sub-unit (as defined above) of the relevant Specified Currency, one half of such a sub-unit being rounded upwards or otherwise in accordance with the applicable market convention and, in the case of Dual Currency Interest Notes, converting the resulting figure into the Settlement Currency as provided in Condition 5(n) below. Where the Specified Denomination of a Linked Interest Note in definitive form comprises more than one Calculation Amount, the Interest Amount payable in respect of such Note shall be the aggregate of the amounts (determined in the manner provided above) for each Calculation Amount comprising the Specified Denomination without any further rounding.

(d) ISDA, FBF and Screen Rate Determination

(i) *ISDA Determination*

Where ISDA Determination is specified in the applicable Final Terms as the manner in which a Rate of Interest, or Rate, as the case may be, is to be determined, the Rate of Interest for each Interest Period will be the relevant ISDA Rate plus or minus (as indicated in the applicable Final Terms) the Margin (if any). For the purposes of this subparagraph (i), "**ISDA Rate**" for an Interest Period means a rate equal to the Floating Rate that would be determined by the Calculation Agent under an interest rate swap transaction if the Calculation Agent were acting as Calculation Agent for that swap transaction under the terms of an agreement incorporating the 2006 ISDA Definitions as published by the International Swaps and Derivatives Association, Inc. and as amended and updated as at the Issue Date of the first Tranche of the Notes (the "**ISDA Definitions**") and under which:

- (A) the Floating Rate Option is as specified in the applicable Final Terms;
- (B) the Designated Maturity is a period specified in the applicable Final Terms; and
- (C) the relevant Reset Date is either (x) if the applicable Floating Rate Option is based on the London interbank offered rate ("**LIBOR**") or on the Euro-zone inter-bank offered rate ("**EURIBOR**") for a currency, the first day of that Interest Period or (y) in any other case, as specified in the applicable Final Terms.

For the purposes of this sub-paragraph (i), "**Floating Rate**", "**Calculation Agent**", "**Floating Rate Option**", "**Designated Maturity**" and "**Reset Date**" have the meanings given to those terms in the ISDA Definitions.

Unless otherwise stated in the applicable Final Terms as greater than zero, the Minimum Rate of Interest shall be deemed to be zero.

(ii) *FBF Determination*

Where so specified in the applicable Final Terms, interest will be payable on such dates, at such a rate (the "**FBF Rate**") and in such amounts, plus or minus (as indicated in the applicable Final Terms) the Margin (if any), as would have been payable (regardless of any event of default or termination event thereunder) by the Issuer if it had entered into an interest rate swap transaction governed by an agreement in the form of the Master Agreement relating to foreign exchange and derivatives transactions (an "**FBF Agreement**"), as in effect on the date of issue of the Notes, published by the *Association Française des Banques/Fédération Bancaire Française* and evidenced by a Confirmation (as defined in the FBF Agreement) with the holder of the relevant Note under which:

- (A) the Issuer was the Floating Amount Payer;
- (B) the Issuing and Paying Agent (as defined herein) was the Agent (as defined in the FBF Agreement) or as otherwise specified in the applicable Final Terms;
- (C) the Interest Commencement Date was the Transaction Date;
- (D) the lowest Specified Denomination was the Notional Amount;
- (E) the Interest Payment Dates were the Floating Amount Payment Dates; and
- (F) all other terms were as specified in the applicable Final Terms.

When the preceding sentence applies, in respect of each relevant Interest Payment Date:

- (1) the amount of interest determined for such Interest Payment Date will be the Interest Amount for the relevant Interest Period for the purposes of these Terms and Conditions as though determined under Condition 5(b)(iii) or Condition 5(c)(iii), as applicable;
- (2) the Rate of Interest for such Interest Period will be the Floating Rate (as defined in the FBF Agreement) determined by the Issuing and Paying Agent in accordance with the preceding sentence; and
- (3) the Issuing and Paying Agent or Calculation Agent, as applicable, will be deemed to have discharged its obligations under Condition 5(b)(iii) or Condition 5(c)(iii), as applicable below if it has determined the Rate of Interest and the Interest Amount payable on such Interest Payment Date in the manner provided in the preceding sentence.

(iii) *Screen Rate Determination*

Where Screen Rate Determination is specified in the applicable Final Terms as the manner in which a Rate of Interest or Rate, as the case may be, is to be determined, such Rate of Interest for each Interest Period will, subject as provided below, be either:

- (A) the offered quotation; or
- (B) the arithmetic mean (rounded if necessary to the fifth decimal place, with 0.000005 being rounded upwards) of the offered quotations,

(expressed as a percentage rate per annum) for the reference rate(s) (the "**Reference Rate(s)**") which appears or appear, as the case may be, on the Relevant Screen Page (or

such replacement page on that service which displays the information) as at the Specified Time indicated in the applicable Final Terms (which will be 11.00 a.m., London time, in the case of LIBOR, or 11.00 a.m., Brussels time, in the case of EURIBOR) on the Interest Determination Date in question plus or minus (as indicated in the applicable Final Terms) the Margin (if any), all as determined by the Issuing and Paying Agent. If five or more of such offered quotations are available on the Relevant Screen Page, the highest (or, if there is more than one such highest quotation, one only of such quotations) and the lowest (or, if there is more than one such lowest quotation, one only of such quotations) shall be disregarded by the Issuing and Paying Agent for the purpose of determining the arithmetic mean (rounded as provided above) of such offered quotations.

If the Relevant Screen Page is not available or if in the case of (A) above, no such offered quotation appears or, in the case of (B) above, fewer than three such offered quotations appear, in each case as at the Specified Time, the Issuing and Paying Agent shall request the principal London office of each of the Reference Banks (as defined below) to provide the Issuing and Paying Agent with its offered quotation (expressed as a percentage rate per annum) for the Reference Rate at approximately the Specified Time on the Interest Determination Date in question. If two or more of the Reference Banks provide the Issuing and Paying Agent with such offered quotations, the Rate of Interest for such Interest Period shall be the arithmetic mean (rounded if necessary to the fifth decimal place with 0.000005 being rounded upwards) of such offered quotations plus or minus (as appropriate) the Margin (if any), all as determined by the Issuing and Paying Agent.

If on any Interest Determination Date one only or none of the Reference Banks provides the Issuing and Paying Agent with an offered quotation as provided in the preceding paragraph, the Rate of Interest for the relevant Interest Period shall be the rate per annum which the Issuing and Paying Agent determines as being the arithmetic mean (rounded if necessary to the fifth decimal place, with 0.000005 being rounded upwards) of the rates, as communicated to (and at the request of) the Issuing and Paying Agent by the Reference Banks or any two or more of them, at which such banks were offered, at approximately the Specified Time on the relevant Interest Determination Date, deposits in the Specified Currency for a period equal to that which would have been used for the Reference Rate by leading banks in the London inter-bank market (if the Reference Rate is LIBOR), or the Euro-zone inter-bank market (if the Reference Rate is EURIBOR) plus or minus (as appropriate) the Margin (if any) or, if fewer than two of the Reference Banks provide the Issuing and Paying Agent with such offered rates, the offered rate for deposits in the Specified Currency for a period equal to that which would have been used for the Reference Rate, or the arithmetic mean (rounded as provided above) of the offered rates for deposits in the Specified Currency for a period equal to that which would have been used for the Reference Rate, at which, at approximately the Specified Time on the relevant Interest Determination Date, anyone or more banks (which bank or banks is or are in the opinion of the Issuer and the Issuing and Paying Agent suitable for such purpose) informs the Issuing and Paying Agent it is quoting to leading banks in the London inter-bank market (if the Reference Rate is LIBOR), or the Euro-zone inter-bank market (if the Reference Rate is EURIBOR) (or, as the case may be, the quotations of such bank or banks to the Issuing and Paying Agent) plus or minus (as appropriate) the Margin (if any), provided that, if the Rate of Interest cannot be determined in accordance with the foregoing provisions of this paragraph, the Rate of Interest shall be determined as at the last preceding Interest Determination Date (though substituting, where a different Margin is to be applied to the relevant Interest Period from that which applied to the last preceding Interest Period, the Margin relating to the relevant Interest Period in place of the Margin relating to that last preceding Interest Period).

**"Reference Banks"** means, in the case of a determination of LIBOR, the principal London office of four major banks in the London inter-bank market and, in the case of a determination of EURIBOR, the principal Euro-zone office of four major banks in the

Euro-zone inter-bank market, in each case selected by the Issuing and Paying Agent and approved in writing by the Trustee, or as specified in the applicable Final Terms.

**"Relevant Screen Page"** means the relevant screen page specified in the applicable Final Terms.

(e) *Minimum and/or Maximum Interest Rate*

If the applicable Final Terms specifies a Minimum Interest Rate for any Interest Period, then, in the event that the Rate of Interest in respect of such Interest Period determined in accordance with the provisions of Conditions 5(b)(ii), 5(b)(iv), 5(c)(ii), 5(d) (as appropriate) is less than such Minimum Interest Rate, the Rate of Interest for such Interest Period shall be such Minimum Interest Rate.

If the applicable Final Terms specifies a Maximum Interest Rate for any Interest Period, then, in the event that the Rate of Interest in respect of such Interest Period determined in accordance with the provisions of Conditions 5(b)(ii), 5(b)(iv), 5(c)(ii), 5(d) (as appropriate) is greater than such Maximum Interest Rate, the Rate of Interest for such Interest Period shall be such Maximum Interest Rate.

If the applicable Final Terms specifies a Rate Multiplier for any Interest Period, then, the Rate of Interest in respect of any such Interest Period shall be multiplied by the relevant Rate Multiplier, subject always to the Minimum and/or Maximum Rate of Interest as described above.

(f) *Notification of Rate of Interest and Interest Amount*

The Issuing and Paying Agent will cause the Rate of Interest and each Interest Amount for each Interest Period and the relevant Interest Payment Date to be notified to the Issuer, the Guarantor (if applicable) (such notifications to occur no later than the Business Day following such determination), (in the case of Notes which are listed on the Luxembourg Stock Exchange and where the rules of such stock exchange so require) the Luxembourg Stock Exchange and, if applicable, to any other stock exchange on which the relevant Notes are for the time being listed. In addition, the Issuing and Paying Agent (except where the relevant Notes are unlisted and are in global form and held in their entirety on behalf of Euroclear and Clearstream, Luxembourg in which event there may be substituted for such publication the delivery of such notice to Euroclear and Clearstream, Luxembourg for communication to the Noteholders) shall publish or cause to be published such Rate of Interest, Interest Amount and Interest Payment Date in accordance with Condition 18 as soon as possible after their determination but in no event later than the fifth Luxembourg Business Day thereafter. Each Interest Amount and Interest Payment Date so notified may subsequently be amended (or appropriate alternative arrangements made by way of adjustment) in the event of an extension or shortening of the Interest Period. Any such amendment will be promptly notified to each stock exchange on which the relevant Notes are for the time being listed and to the Noteholders in accordance with Condition 18. For the purposes of these Conditions, the expression "**Luxembourg Business Day**" means a day (other than a Saturday or a Sunday) on which commercial banks are open for business in Luxembourg.

(g) *Certificates to be Final*

All certificates, communications, determinations, calculations and decisions made for the purposes of the provisions of this Condition 5 by the Issuing and Paying Agent or, if applicable, the Calculation Agent or the Trustee, shall (in the absence of wilful default, bad faith or manifest error) be binding on the Issuer, the Guarantor (if applicable), the Issuing and Paying Agent, the other Paying Agents, or, if applicable, the Calculation Agent and all Noteholders, and (in the absence as aforesaid) no liability to the Noteholders shall attach to the Issuing and Paying Agent or, if applicable, the Calculation Agent or the Trustee, in connection with the exercise or non-exercise by it of its powers, duties and discretions pursuant to such provisions.

(h) *Zero Coupon Notes*

Where a Zero Coupon Note becomes due and repayable prior to the Maturity Date and is not paid when due, the amount due and repayable shall be the amount determined in accordance with Condition 7(e)(iv) (*Early Redemption Amounts*) at its Amortised Face Amount. As from the Maturity Date, any overdue principal of such Note shall bear interest at a rate per annum equal to the Accrual Yield (or such other rate) specified in the applicable Final Terms. Such interest shall continue to accrue (as well after as before any judgment) until the day on which all sums due in respect of such Note up to that day are received by or on behalf of the holder of such Note. Such interest will be calculated on the basis of a 360-day year consisting of 12 months of 30 days each and, in the case of an incomplete month, the actual number of days elapsed in such incomplete month or on such other basis as may be specified in the applicable Final Terms.

(i) *Coupon Switch*

If Coupon Switch is specified as applicable in the applicable Final Terms:

- (i) if Coupon Switch Election is specified as applicable in the applicable Final Terms, the Issuer shall (where a corresponding election is made by the Swap Counterparty in respect of the Swap Agreement relating to the Notes) elect that the Rate of Interest for the Notes will be amended (a "**Coupon Switch**") from the pre-switch coupon specified in the Final Terms (the "**Pre-Switch Coupon**") to the post-switch coupon specified in the applicable Final Terms (the "**Post-Switch Coupon**") on and after the Coupon Switch Date; and
- (ii) if Automatic Coupon Switch is specified as applicable in the applicable Final Terms and an Automatic Coupon Switch Event occurs, the Rate of Interest for the Notes will be amended (a "**Coupon Switch**") from Pre-Switch Coupon specified in the applicable Final Terms to the Post-Switch Coupon specified in the applicable Final Terms on and after the Coupon Switch Date immediately following the SPS ACS Valuation Date or SPS ACS Valuation Period, as applicable, on which the Automatic Coupon Switch Event occurs.

If Additional Switch Coupon is specified as applicable in the applicable Final Terms, following the occurrence of a Coupon Switch, an Additional Switch Coupon Amount will be payable on the Additional Switch Coupon Payment Date. The "**Additional Switch Coupon Amount**" in respect of each nominal amount of Notes equal to the Calculation Amount will be the amount specified as such in the applicable Final Terms. For the purposes of Conditions 1, 6 and 10, Additional Switch Coupon Amount shall be deemed to be interest. For the avoidance of doubt, the Additional Switch Coupon Amount will only be paid on the single Additional Switch Coupon Payment Date.

Notice of any Coupon Switch will be given to Noteholders in accordance with Condition 18.

"**Additional Switch Coupon Payment Date**" means the date specified as such in the applicable Final Terms, which such date must be an Interest Payment Date;

"**Automatic Coupon Switch Event**" means that the SPS ACS Value is (a) "greater than", (b) "equal to or greater than", (c) "less than" or (d) "less than or equal to", as specified in the applicable Final Terms, the Automatic Coupon Switch Level, (x) on a SPS ACS Valuation Date or (y) in respect of a SPS ACS Valuation Period, as specified in the applicable Final Terms;

"**Automatic Coupon Switch Level**" means the number, amount, level or percentage specified as such in the applicable Final Terms;

"**Coupon Switch Date**" means each date specified as such or determined pursuant to the provisions in the applicable Final Terms;

"**SPS ACS Value**" means the value from Payout Condition 1.6, 1.7, 1.8, 1.9 or 1.10 specified as such in the applicable Final Terms;

**"SPS ACS Valuation Date"** means each Averaging Date, Pricing Date and/or Settlement Price Date specified as such in the applicable Final Terms; and

**"SPS ACS Valuation Period"** means each period specific as such in the applicable Final Terms.

(j) *Condition to Interest Payment*

Where "Condition to Interest Payment" is specified as applicable in the applicable Final Terms, the obligation of the Issuer to pay an Interest Amount will be subject to the receipt of an aggregate amount equal to the aggregate Interest Amounts payable in respect of each Note then outstanding on or prior to the relevant Interest Payment Date from the Swap Counterparty under the Swap Agreement. In the event that the Swap Counterparty fails to pay an amount under the Swap Agreement or the Swap Agreement terminates for any reason other than as scheduled on its scheduled termination date or where the termination of the Swap Agreement has resulted from an Event of Default thereunder where the Issuer is the Defaulting Party, the Issuer will have no further obligation to pay interest in respect of the Notes and no Event of Default will occur in respect of such non-payment save where the termination of the Swap Agreement has resulted from an Event of Default thereunder where the Issuer is the Defaulting Party.

(k) *Interest Payments*

Interest will be paid subject to and in accordance with the provisions of Condition 6 (*Payments*). Interest will cease to accrue on each Note (or, in the case of the redemption of part only of a Note, that part only of such Note) on the due date for redemption thereof unless such Note is redeemed early. If such Note is redeemed early (i) if the applicable Final Terms specify that Accrual to Redemption is applicable, interest will cease to accrue on the due date for redemption or (ii) if the applicable Final Terms specify that Accrual to Redemption is not applicable, no interest shall accrue or be payable in respect of which the relevant Interest Payment Date has not occurred on or prior to the due date for redemption of such Note. If upon due presentation thereof, payment of principal or the payment, and/or delivery of the Entitlement (if applicable), is improperly withheld or refused, interest will continue to accrue (as well after as before any judgment) at the Fixed Rate or, as the case may be, the Rate of Interest or as otherwise provided in the applicable Final Terms until whichever is the earlier of (i) the day on which all sums due and/or assets deliverable in respect of such Note up to that day are received by or on behalf of the holder of such Note and (ii) the day on which the Issuing and Paying Agent or any agent appointed by the Issuer to deliver such assets to Noteholders has notified the holder thereof (either in accordance with Condition 18 (*Notices*) or individually) of receipt of all sums due in respect thereof up to that date, provided that in the case of Credit Linked Notes, these provisions shall be subject to the provisions contained in Annex 10 "*Additional Terms and Conditions for Credit Linked Securities*" and provided further that, if Automatic Early Redemption is specified as applicable in the applicable Final Terms, no Interest Amount will be payable unless the Interest Payment Date falls on or prior to the Automatic Early Redemption Date.

(l) *Determination or Calculation by Trustee*

If for any reason at any relevant time the Issuing and Paying Agent or, as the case may be, the Calculation Agent defaults in its obligation to determine the Rate of Interest or the Issuing and Paying Agent defaults in its obligation to calculate any Interest Amount in accordance with Conditions 5(b)(ii) and Condition 5(d), and in each case in accordance with Condition 5(b)(iii), the Trustee shall, (or shall appoint an agent on its behalf to do so), determine the Rate of Interest at such rate as, in its sole and absolute discretion (having such regard as it shall think fit to the foregoing provisions of this Condition 5, but subject always to any Minimum Rate of Interest or Maximum Rate of Interest specified in the applicable Final Terms), it shall deem fair and reasonable in all the circumstances or, as the case may be, the Trustee shall (or shall appoint an agent on its behalf to do so) calculate the Interest Amount(s) in such manner as it shall deem fair

and reasonable in all the circumstances and each such determination or calculation shall be deemed to have been made by the Issuing and Paying Agent or the Calculation Agent, as applicable.

**"Determination Period"** means each period from and including a Determination Date to but excluding the next Determination Date (including, where either the Interest Commencement Date or the final Interest Payment Date is not a Determination Date, the period commencing on the first Determination Date prior to, and ending on the first Determination Date falling after, such date).

**"Interest Period"** means the period beginning on and including the Interest Commencement Date and ending on but excluding the first Interest Period End Date and each successive period beginning on (and including) an Interest Period End Date and ending on (but excluding) the next Interest Period End Date.

**"Interest Rate<sub>(i-1)</sub>"** means in respect of an Interest Period, the Rate of Interest determined by the Calculation Agent in respect of the immediately preceding Interest Period. For the avoidance of doubt, Interest Rate<sub>(i-1)</sub> is expressed as a rate per annum, unless otherwise specified in the Final Terms.

**"Issue Date"** means the date specified as such on the applicable Final Terms.

(m) *Rounding generally*

In connection with the calculation of any amount payable in respect of the Notes (including, without limitation, interest) and unless otherwise provided in these Terms and Conditions or in the applicable Final Terms, such amounts will, if necessary, be rounded to the nearest sub-unit (as defined above) of the relevant Specified Currency, half of any such sub-unit being rounded upwards or otherwise as specified in the applicable Final Terms.

(n) *Dual Currency Interest Notes*

If the Notes are specified in the applicable Final Terms as Dual Currency Interest Notes, if the amount of interest calculated in respect of any Interest Payment Date is not an amount in the Settlement Currency, it will be converted into the Settlement Currency at the Specified Exchange Rate specified in the applicable Final Terms or, if no Specified Exchange Rate is specified, the Settlement Currency Exchange Rate on the relevant Settlement Currency Exchange Rate Observation Date.

**"Price Materiality Event"** means that, in respect of the determination of any Settlement Currency Exchange Rate, the Calculation Agent determines that the rate derived at the relevant time from the source specified in the Final Terms differs from the rate that would be derived at the relevant time from a source that the Calculation Agent deems, in good faith and in a commercially reasonable manner having taken into account any relevant market practice, to be equivalent, by more than 3 per cent.

**"Settlement Currency"** means the currency specified as such in the applicable Final Terms or, if no such currency is specified, the Specified Currency.

**"Settlement Currency Exchange Rate"** means in respect of a Settlement Currency Exchange Rate Observation Date, the rate of exchange (including any rates of exchange pursuant to which the relevant rate of exchange is derived) between the currencies and from the source(s) and at the time in each case specified in the applicable Final Terms on such day, as determined by the Calculation Agent, provided that if any source specified in the applicable Final Terms is not available or the Calculation Agent determines that there has been a Price Materiality Event, any such rate of exchange may be determined by the Calculation Agent by reference to such sources as it, any such rate of exchange may be determined by the Calculation Agent by reference to such sources as it, acting in good faith and in a commercially reasonable manner having taken into account any relevant market practice, considers to be appropriate.

**"Settlement Currency Exchange Rate Observation Date"** means the date falling the number of Business Days specified in the applicable Final Terms prior to the relevant scheduled payment date in respect of the Notes.

**"Specified Exchange Rate"** means the rate of exchange specified in the applicable Final Terms.

## 6. Payments

For the purposes of this Condition 6, references to payment or repayment (as the case may be) of principal and/or interest and other similar expressions will, where the context so admits, be deemed also to refer to physical delivery of any Entitlement.

### (a) *Method of Payment*

#### (i) *Bearer Notes*

Payments of principal and interest (if any) in respect of the Definitive Bearer Notes will (subject as provided below) be made against presentation or surrender of such Bearer Notes or Coupons, as the case may be, at any specified office of any Paying Agent. Payments of principal in respect of instalments (if any), other than the last instalment, will (subject as provided below) be made against surrender of the relevant Receipt. Payment of the last instalment will be made against surrender of the relevant Bearer Note. Each Receipt must be presented for payment of such instalment together with the relevant Definitive Bearer Note against which the amount will be payable in respect of that instalment. If any Definitive Bearer Notes are redeemed or become repayable prior to the Maturity Date in respect thereof, principal will be payable on surrender of each such Note together with all unmatured Receipts appertaining thereto. Unmatured Receipts and Receipts presented without the Definitive Bearer Notes to which they appertain do not constitute obligations of the Issuer. All payments of interest and principal with respect to Bearer Notes will be made only against presentation and surrender of the relevant Bearer Notes, Coupons or Receipts outside the United States (which expression, as used herein, means the United States of America (including the States and the District of Columbia, its territories, its possessions and other areas subject to its jurisdiction)).

Subject as provided below, payments in respect of definitive Notes denominated in a Settlement Currency (other than euro) will (subject as provided below) be made by a cheque in the Settlement Currency drawn on, or, at the option of the holder and upon 15 days' prior notice to the Issuing and Paying Agent, by transfer to an account in the Settlement Currency maintained by the payee with, a bank in the principal financial centre of the country of the Settlement Currency. Payments in euro will be made by credit or transfer to a euro account or any other account to which euro may be credited or transferred specified by the payee or, at the option of the payee, by euro-cheque. Notwithstanding the foregoing, the Issuer shall be entitled to vary settlement where, for reasons beyond its control (including, without limitation, unlawfulness, illegality, impossibility, force majeure, non-transferability or the like, each a **"Payment Disruption Event"**), the Issuer is not able to make, or any Noteholder is not able to receive, as the case may be, payment on the due date and in the Settlement Currency of any amount of principal or interest due under the Notes.

Fixed Rate Bearer Notes in definitive form should be presented for payment with all unmatured Coupons appertaining thereto (which expression shall include Coupons to be issued on exchange of Talons which will have matured on or before the relevant redemption date), failing which the full amount of any missing unmatured Coupon (or, in the case of payment not being made in full, that proportion of the full amount of such missing unmatured Coupon which the sum so paid bears to the total amount due) will be deducted from the sum due for payment. Any amount so deducted will be paid in the manner mentioned above against surrender of the relevant missing Coupon within a period

of 10 years from the Relevant Date (as defined in Condition 9 (*Taxation*)) for the payment of such sum due for payment, whether or not such Coupon has become void pursuant to Condition 10 (*Prescription*) or, if later, five years from the due date for payment of such Coupon. Upon any Fixed Rate Bearer Note becoming due and repayable prior to its Maturity Date, all unmatured Talons (if any) appertaining thereto will become void and no further Coupons will be issued in respect thereof.

Upon the due date for redemption of any Floating Rate Note, Dual Currency Interest Note, Dual Currency Redemption Note (each, a "**Dual Currency Note**"), Index Linked Note, Share Linked Note, Debt Linked Note, Commodity Linked Note, Inflation Linked Note, Currency Linked Note, Fund Linked Note, Underlying Interest Rate Linked Note, Credit Linked Note, ETI Linked Note or Hybrid Note in definitive bearer form all unmatured Coupons relating to such Note (whether or not attached) shall become void and no payment shall be made in respect of them. Where any Floating Rate Note, Index Linked Note, Share Linked Note, Debt Linked Note, Commodity Linked Note, Inflation Linked Note, Currency Linked Note, Fund Linked Note, Underlying Interest Rate Linked Note, Credit Linked Note, ETI Linked Note, Underlying Interest Rate Linked Note or Hybrid Note is presented for redemption without all unmatured Coupons appertaining thereto, payment of all amounts due in relation to such Note shall be made only upon indemnification of the Issuer and the Guarantor (if applicable).

On and after the Interest Payment Date on which the final Coupon comprised in any Coupon sheet matures, the Talon (if any) forming part of such Coupon sheet may be surrendered at the specified office of the Issuing and Paying Agent or any other Paying Agent in exchange for a further Coupon sheet including (if such further Coupon sheet does not include Coupons to, and including, the final date for the payment of interest due in respect of the Note to which it appertains) a further Talon, subject to the provisions of Condition 14 (*Replacement of Notes, Receipts, Coupons and Talons*). Each Talon shall, for the purposes of these Terms and Conditions, be deemed to mature on the Interest Payment Date on which the final Coupon comprised in the relative Coupon sheet matures.

(ii) *Registered Notes*

Payments of principal (other than instalments of principal prior to the final instalment) in respect of each Registered Note (whether or not in global form) will be made against presentation and surrender (or, in the case of part payment of any sum due, endorsement) of the Registered Note at the specified office of the Registrar or any of the Paying Agents. Such payments will be made by transfer to the Designated Account (as defined below) of the holder (or the first named of joint holders) of the Registered Note appearing in the Register (i) where in global form, at the close of the business day (being for this purpose a day on which Euroclear, Clearstream, Luxembourg and/or any other relevant Clearing System are open for business) before the relevant due date, and (ii) where in definitive form, at the close of business on the third business day (being for this purpose a day on which banks are open for business in the city where the specified office of the Registrar is located) before the relevant due date (in each case, the "**Record Date**"). Notwithstanding the previous sentence, if (i) a holder does not have a Designated Account or (ii) the principal amount of the Notes held by a holder is less than U.S.\$250,000 (or integral multiples of U.S.\$1,000 in excess thereof) (or its approximate equivalent in any other Settlement Currency), payment will instead be made by a cheque in the Settlement Currency drawn on a Designated Bank (as defined below). For these purposes, "**Designated Account**" means the account maintained by a holder with a Designated Bank and identified as such in the Register and "**Designated Bank**" means (in the case of payment in a Settlement Currency other than euro) a bank in the principal financial centre of the country of such Settlement Currency and (in the case of a payment in euro) any bank which processes payments in euro.

Payments of interest and payments of instalments of principal (other than the final instalment) in respect of each Registered Note (whether or not in global form) will be made by a cheque in the Settlement Currency drawn on a Designated Bank and mailed on the business day in the city where the specified office of the Registrar is located immediately preceding the relevant due date to the holder (or the first named of joint holders) of the Registered Note appearing in the Register at the close of business on the fifteenth day (whether or not such fifteenth day is a business day) before the Record Date at his address shown in the Register on the Record Date and at his risk. Upon application of the holder to the specified office of the Registrar not less than three business days in the city where the specified office of the Registrar is located before the due date for any payment of interest in respect of a Registered Note, the payment may be made by transfer on the due date in the manner provided in the preceding paragraph. Any such application for transfer shall be deemed to relate to all future payments of interest (other than interest due on redemption) and instalments of principal (other than the final instalment) in respect of the Registered Notes which become payable to the holder who has made the initial application until such time as the Registrar is notified in writing to the contrary by such holder. Payment of the interest due in respect of each Registered Note on redemption and the final instalment of principal will be made in the same manner as payment of the principal amount of such Registered Note.

Holders of Registered Notes will not be entitled to any interest or other payment for any delay in receiving any amount due in respect of any Registered Note as a result of a cheque posted in accordance with this Condition arriving after the due date for payment or being lost in the post. No commissions or expenses shall be charged to such holders by the Registrar in respect of any payments of principal or interest in respect of the Registered Notes.

Neither the Issuer, the Guarantor (if applicable), the Trustee nor any of the Agents will have any responsibility or liability for any aspect of the records relating to, or payments made on account of, beneficial ownership interests in the Registered Global Notes or for maintaining, supervising or reviewing any records relating to such beneficial ownership interests.

(iii) *Global Notes*

Payments of principal and interest (if any) in respect of Notes represented by any Global Note will be made in the manner specified above and otherwise in the manner specified in the relevant Global Note against presentation or surrender, as the case may be, of such Global Note at the specified office of any Paying Agent outside of the United States. A record of each payment made on such Global Note, distinguishing between any payment of principal and any payment of interest, will be made on such Global Note by the Paying Agent to which such Global Note is presented for the purpose of making such payment, and such record shall be prima facie evidence that the payment in question has been made.

The holder of the relevant Global Note shall be the only person entitled to receive payments in respect of Notes represented by such Global Note and the payment obligations of the Issuer or the Guarantor (if applicable) will be discharged by payment to, or to the order of, the holder of such Global Note in respect of each amount so paid. Each of the persons shown in the records of Euroclear and/or Clearstream, Luxembourg as the holder of a particular nominal amount of Notes must look solely to Euroclear and/or Clearstream, Luxembourg, as the case may be, for his share of each payment so made by the Issuer to, or to the order of, the holder of the relevant Global Note. No person other than the holder of the relevant Global Note shall have any claim against the Issuer or the Guarantor (if applicable) in respect of any payments due on that Global Note.

If any date for payment of any amount in respect of any Note, Receipt or Coupon is not a Payment Day, then the holder thereof shall not be entitled to payment of the amount due until the next following Payment Day and shall not be entitled to any interest or other sum in respect of any such delay.

For these purposes, "**Payment Day**" means any day which (subject to Condition 10 (*Prescription*)) is:

a day on which commercial banks and foreign exchange markets settle payments and are open for general business (including dealing in foreign exchange and foreign currency deposits) in:

- (A) the relevant place of presentation (in the case of Notes that are Definitive Bearer Notes);
- (B) each Financial Centre specified in the applicable Final Terms; and
- (C) in relation to any sum payable in euro, a day on which the TARGET System is open. If the due date for redemption of any interest bearing Note in definitive form is not a due date for the payment of interest relating thereto, interest accrued in respect of such Note from (and including) the last preceding due date for the payment of interest (or from the Interest Commencement Date) will be paid against surrender of such Note.

The names of the initial Issuing and Paying Agent and the other initial Paying Agents and their initial specified offices are set out below. The Issuer reserves the right at any time to vary or terminate the appointment of any Paying Agent and to appoint additional or other Paying Agents and/or to approve any change in the specified office of any Paying Agent, provided that:

- (1) so long as any Notes are listed on any stock exchange, there will at all times be a Paying Agent, which may be the Issuing and Paying Agent (in the case of Bearer Notes) and a Transfer Agent, which may be the Registrar (in the case of Registered Notes) with a specified office in the place required by the rules and regulations of the relevant stock exchange; and
- (2) there will at all times be a Issuing and Paying Agent and a Registrar; and
- (3) the Issuer undertakes that it will ensure that it maintains a Paying Agent.

Payments in respect of the Notes will be subject in all cases to any fiscal or other laws and regulations applicable thereto in the place of payment, but without prejudice to the provisions of Condition 9.

(iv) *FX Settlement Disruption*

If the Settlement Currency specified in the applicable Final Terms is a Relevant Currency, FX Settlement Disruption will apply, and:

- (A) if, on the second Business Day prior to the Disrupted Payment Date, the Calculation Agent (in good faith and in a commercially reasonable manner) determines that a FX Settlement Disruption Event has occurred and is subsisting, the Issuer shall give notice (a "**FX Settlement Disruption Notice**") to the Noteholders in accordance with Condition 18 as soon as reasonably practicable thereafter and, in any event, prior to the relevant Disrupted Payment Date;
- (B) following the occurrence of a FX Settlement Disruption Event:
  - (1) the date for payment of the relevant Disrupted Amount will be postponed to (i) the second Business Day following the date on which the Calculation Agent determines that a FX Settlement Disruption Event is no longer subsisting or if earlier (ii) the date falling thirty calendar days

following the scheduled due date for payment of the relevant Disrupted Amount (the "**FX Settlement Disruption Cut-off Date**") which, for the avoidance of doubt, may be later than the scheduled Maturity Date; and

- (2) (i) in the case of (1)(i) above, the Issuer will pay the relevant Disrupted Amount, less FX Settlement Disruption Expenses (if any), in the Settlement Currency specified in the applicable Final Terms or, (ii) in the case of (1)(ii) above, in lieu of paying the relevant Disrupted Amount in the relevant Settlement Currency, the Issuer will, subject to sub-paragraph (C) below, convert the relevant Disrupted Amount into the FX Settlement Disruption Currency (using the FX Settlement Disruption Exchange Rate for the relevant Disrupted Payment Date) and will pay the relevant Disrupted Amount, less FX Settlement Disruption Expenses (if any), in the FX Settlement Disruption Currency on the FX Settlement Disruption Cut-off Date;
- (C) if sub-paragraph (B)(1)(ii) applies, the Calculation Agent will determine the FX Settlement Disruption Exchange Rate in good faith and in a commercially reasonable manner in accordance with the following procedures:
  - (1) the FX Settlement Disruption Exchange Rate shall be the arithmetic mean (rounded, if necessary, to four decimal places (with 0.00005 being rounded upwards)) as determined by or on behalf of the Calculation Agent of the bid and offer Settlement Currency/FX Settlement Disruption Currency exchange rates provided by two or more leading dealers on a foreign exchange market (as selected by the Calculation Agent) on such day; or
  - (2) if fewer than two leading dealers provide the Calculation Agent with bid and offer Settlement Currency/FX Settlement Disruption Currency exchange rates on such day, the Calculation Agent shall determine the FX Settlement Disruption Exchange Rate acting in good faith and in a commercially reasonable manner;
- (D) this Condition 6(a)(iv) shall not apply to Dual Currency Notes;
- (E) for the avoidance of doubt, no Interest Period will be adjusted as a result of the postponement of any interest payment pursuant to this Condition 6(a)(iv), and no additional interest will be paid in respect of any postponement of the date for payment;
- (F) for the avoidance of doubt, nothing contained in this Condition 6(a)(iv) shall prevent the Calculation Agent from determining that an Additional Disruption Event and/or Optional Additional Disruption Event has occurred, in which case, the provisions of Condition 7(o) shall prevail in the event of any conflict between this Condition 6(a)(iv) and Condition 7(o); and
- (G) for these purposes:

**"Disrupted Amount"** means the relevant Interest Amount, Final Redemption Amount or such other amount payable (if any);

**"Disrupted Payment Date"** means the due date for payment of the relevant Interest Amount, Final Redemption Amount or such other amount payable (if any);

**"FX Settlement Disruption Currency"** means US dollars ("**USD**");

**"FX Settlement Disruption Event"** means the occurrence of an event which makes it unlawful, impossible or otherwise impracticable to pay any Disrupted Amount in the Settlement Currency on the scheduled due date for payment;

**"FX Settlement Disruption Exchange Rate"** means the rate of exchange between the Settlement Currency (as specified in the applicable Final Terms) and the FX Settlement Disruption Currency, determined by the Calculation Agent in accordance with the provisions of sub-paragraph (C) above;

**"FX Settlement Disruption Expenses"** means the sum of (i) the cost to the Issuer, the Swap Counterparty and/or the Swap Counterparty's Affiliates of, unless Unwind Costs are specified as not applicable in the applicable Final Terms, unwinding any hedging arrangements related to the Notes and (ii) any transaction, settlement or other costs and expenses arising directly out of the occurrence of a FX Settlement Disruption Event or the related payment of the Disrupted Amount, all as determined by the Calculation Agent in good faith and in a commercially reasonable manner; and

**"Relevant Currency"** means each of Emirati Dirhams ("AED"), Argentinian Pesos ("ARS"), Australian Dollars ("AUD"), Bermudan Dollars ("BMD"), Bulgarian Leva ("BGN"), Bahraini Dinars ("BHD"), Botswana Pula ("BWP"), Brazilian Reais ("BRL"), Canadian Dollars ("CAD"), Swiss Francs ("CHF"), Chilean Pesos ("CLP"), Czech Republic Korun ("CZK"), Danish Kroner ("DKK"), Euro ("EUR"), Great British Pounds ("GBP"), Ghanaian Cedis ("GHS"), Hong Kong Dollars ("HKD"), Croatian Kuna ("KRJ"), Hungarian Forints ("HUF"), Indonesian Rupiah ("IDR"), Israeli Shekels ("ILS"), Icelandic Krónur ("ISK"), Jordanian Dinars ("JOD"), Japanese Yen ("JPY"), Kenyan Shillings ("KES"), Kuwaiti Dinars ("KWD"), Kazakhstani Tenges ("KZT"), Lebanese Pounds ("LBP"), Moroccan Dirhams ("MAD"), Mauritian Rupees ("MUR"), Mexican Pesos ("MXN"), Malaysian Ringgits ("MYR"), Namibian Dollars ("NAD"), Nigerian Naira ("NGN"), Norwegian Kroner ("NOK"), New Zealand Dollars ("NZD"), Omani Riyals ("OMR"), Peruvian Nuevos Soles ("PEN"), Philippine Pesos ("PHP"), Polish Zloty ("PLN"), Qatari Riyals ("QAR"), Romanian Lei ("RON"), Russian Roubles ("RUB"), Saudi Riyals ("SAR"), Swedish Kronor ("SEK"), Singaporean Dollars ("SGD"), Thai Baht ("THB"), Tunisian Dinars ("TND"), Turkish Lira ("TRY"), United States Dollars ("USD") and South African Rand ("ZAR").

(b) *Physical Delivery*

(i) *Physical Delivery*

(A) *Asset Transfer Notices*

In relation to Notes to be redeemed by delivery or (in the case of Credit Linked Notes) Delivery of the Entitlement(s) ("**Entitlement**") shall be the quantity of the Relevant Asset(s) equal to the Entitlement Amount specified in its Final Terms), in order to obtain delivery or Delivery of the Entitlement in respect of any Note, the relevant Noteholder must:

- (1) if such Note is represented by a Global Note, the relevant Noteholder must deliver to Euroclear or Clearstream, Luxembourg (as applicable), with a copy to the Issuing and Paying Agent and any entity appointed by the Issuer to deliver or Deliver, as the case may be, the Entitlement on its behalf (the "**Delivery Agent**"), not later than the close of business in each place of reception on the Cut-Off Date, a duly completed asset

transfer notice (an "**Asset Transfer Notice**") in the form set out in the Agency Agreement; and

- (2) if such Note is in definitive form, the relevant Noteholder must deliver (I) if this Note is a Bearer Note, to any Paying Agent or (II) if this Note is a Registered Note, to the Registrar or any Paying Agent, in each case, with a copy to the Issuing and Paying Agent and the Delivery Agent (as defined above) not later than the close of business in each place of reception on the Cut-Off Date, a duly completed Asset Transfer Notice in the form set out in the Agency Agreement.

For the purposes hereof, "**Cut-off Date**" means the date specified as such in the applicable Final Terms or if not so specified (a) in respect of a Note that is not a Credit Linked Note, the third Business Day immediately preceding the Maturity Date or (b) in respect of a Credit Linked Note, the third Business Day immediately preceding the Physical Settlement Date (or, if earlier, the tenth Business Day following the NOPS Effective Date of the Notice of Physical Settlement) (each as defined in the Additional Terms and Conditions for Credit Linked Securities (the "**Credit Linked Conditions**")).

Copies of the Asset Transfer Notice may be obtained during normal business hours from the specified office of the Registrar or any Paying Agent.

An Asset Transfer Notice may only be delivered (I) if such Note is represented by a Global Note, in such manner as is acceptable to Euroclear or Clearstream, Luxembourg, as the case may be, or (II) if such Note is in definitive form, in writing.

If this Note is in definitive form, this Note must be delivered together with the duly completed Asset Transfer Notice.

The Asset Transfer Notice shall:

- (aa) specify the name, address and contact telephone number of the relevant Noteholder and the person from whom the Issuer or Delivery Agent may obtain details for the delivery or Delivery of the Entitlement;
- (bb) specify the series number of the Notes and the number of Notes which are the subject of such notice;
- (cc) in the case of Notes represented by a Global Note, specify the nominal amount of Notes which are the subject of such notice and the number of the Noteholder's account at the relevant Clearing System to be debited with such Notes and irrevocably instruct and authorise the relevant Clearing System to debit the relevant Noteholder's account with such Notes on or before the Delivery Date or (in the case of Credit Linked Notes) the Delivery Date (as defined in the Credit Linked Conditions);
- (dd) include an undertaking to pay all Expenses and, in the case of Notes represented by a Global Note, an authority to the relevant Clearing System to debit a specified account with the relevant Clearing System in respect thereof and to pay such Expenses;
- (ee) include such details as are required for delivery or Delivery of the Entitlement which may include account details and/or the name and address of any person(s) into whose name evidence of the Entitlement is to be registered and/or any bank, broker or agent to whom documents

evidencing the Entitlement are to be delivered or Delivered and specify the name and number of the Noteholder's account to be credited with any cash payable by the Issuer, including pursuant to Credit Linked Condition 4, in respect of any cash amount constituting the Entitlement or any dividends relating to the Entitlement or as a result of the occurrence of a Settlement Disruption Event or a Failure to Deliver and the Issuer (following a notification to such effect from the Calculation Agent) electing to pay the Disruption Cash Redemption Amount or Failure to Deliver Redemption Amount, as applicable, or as a result of the Issuer (following a notification to such effect from the Calculation Agent) electing to pay the Alternate Cash Redemption Amount;

- (ff) certify that the beneficial owner of each Note is not a U.S. person (as defined in the Asset Transfer Notice), the Note is not being redeemed within the United States or on behalf of a U.S. person and no cash, securities or other property have been or will be delivered within the United States or to, or for the account or benefit of, a U.S. person in connection with any redemption thereof; and
- (gg) authorise the production of such certification in any applicable administrative or legal proceedings,

all as provided in the Agency Agreement.

If Condition 6(b)(ii) (*Variation of Settlement*) applies, the form of Asset Transfer Notice required to be delivered will be different from that set out above. Copies of such Asset Transfer Notice may be obtained from the Registrar or any Paying Agent.

(B) *Verification of the Noteholder*

In the case of Notes represented by a Global Note, upon receipt of an Asset Transfer Notice, the relevant Clearing System shall verify that the person delivering the Asset Transfer Notice is the holder of the Notes described therein according to its records. Subject thereto, the relevant Clearing System will confirm to the Issuing and Paying Agent the series number and number of Notes the subject of such notice, the relevant account details and the details for the delivery of the Entitlement of each Note. Upon receipt of such confirmation, the Issuing and Paying Agent will inform the Issuer and any Delivery Agent thereof. The relevant Clearing System will on or before the Delivery Date or (in the case of Credit Linked Notes) the Delivery Date (as defined in the Credit Linked Conditions), as the case may be, debit the securities account of the relevant Noteholder with the relevant Notes.

(C) *Determinations and Delivery*

Any determination as to whether an Asset Transfer Notice is duly completed and in proper form shall be made, in the case of Notes represented by a Global Note, by the relevant Clearing System or, in the case of Notes in definitive form, by the relevant Paying Agent or the Registrar, as the case may be, or in each case in consultation with the Issuing and Paying Agent, and shall be conclusive and binding on the Issuer, the Guarantor (if applicable), the Issuing and Paying Agent(s), any Delivery Agent and the relevant Noteholder. Subject as set out below, any Asset Transfer Notice so determined to be incomplete or not in proper form, or which is not copied to the Issuing and Paying Agent and any Delivery Agent immediately after being delivered or sent as provided in paragraph (A) above, shall be null and void.

If such Asset Transfer Notice is subsequently corrected to the satisfaction of, in the case of Notes represented by a Global Note, the relevant Clearing System, or, in the case of Notes in definitive form, by the relevant Paying Agent or the Registrar, as the case may be, or in each case in consultation with the Issuing and Paying Agent, it shall be deemed to be a new Asset Transfer Notice submitted at the time such correction was delivered as provided above.

No Asset Transfer Notice may be withdrawn after receipt thereof by the relevant Clearing System, the Registrar or a Paying Agent, as the case may be, as provided above. After delivery of an Asset Transfer Notice, the relevant Noteholder may not transfer the Notes which are the subject of such notice.

The Entitlement will be delivered at the risk of the relevant Noteholder, in the manner provided below on the date fixed for redemption (such date, subject to adjustment in accordance with this Condition, the "**Delivery Date**") or in the case of Credit Linked Notes Delivered at the risk of the relevant Noteholder, in the manner provided below on the Delivery Date (as defined in the Credit Linked Conditions), provided that the Asset Transfer Notice is duly delivered as provided above on or prior to the Cut-Off Date.

If a Noteholder fails to give an Asset Transfer Notice as provided herein with a copy to the Issuing and Paying Agent and the Delivery Agent, on or prior to the Cut-Off Date, then the Entitlement will be delivered or, as the case may be, Delivered as soon as practicable after the date fixed for redemption (in which case, such date of delivery shall be the Delivery Date) or (in the case of Credit Linked Notes) the original date fixed for delivery at the risk of such Noteholder in the manner provided below. For the avoidance of doubt, in such circumstances such Noteholder shall not be entitled to any payment, whether of interest or otherwise, as a result of such Delivery Date falling after the date fixed for redemption or the original date fixed for delivery, as applicable and no liability in respect thereof shall attach to the Issuer or the Guarantor (if applicable), if any.

The Issuer (or any Delivery Agent on its behalf) shall, at the risk of the relevant Noteholder, deliver or procure the delivery of the Entitlement for each Note or (in the case of Credit Linked Notes) Deliver the Deliverable Obligations, obligations and/or other assets comprising the Entitlement, pursuant to the details specified in the Asset Transfer Notice or in such commercially reasonable manner as the Calculation Agent shall acting in good faith determine and notify to the person designated by the Noteholder in the relevant Asset Transfer Notice. All costs, taxes, duties and/or expenses including stamp duty, stamp duty reserve tax and/or other costs, duties or taxes ("**Expenses**") arising from the delivery of the Entitlement or the Delivery of the Deliverable Obligations, obligations and/or other assets comprising the Entitlement, as the case may be, in respect of such Notes shall be for the account of the relevant Noteholder and no delivery of the Entitlement or the Delivery of the Deliverable Obligations, obligations and/or other assets comprising the Entitlement, as the case may be, shall be made until all Expenses have been paid to the satisfaction of the Issuer by the relevant Noteholder.

(D) *General*

If Aggregation is specified as applicable in the applicable Final Terms, Notes held by the same Noteholder will be aggregated for the purpose of determining the aggregate Entitlements in respect of such Notes, provided that, the aggregate Entitlements in respect of the same Noteholder will be rounded down to the nearest whole unit of the Relevant Asset or each of the Relevant Assets, as the

case may be, in such manner as the Calculation Agent shall determine. Therefore, fractions of the Relevant Asset or of each of the Relevant Assets, as the case may be, will not be delivered and in lieu thereof a cash adjustment calculated by the Calculation Agent acting in good faith and in a commercially reasonable manner shall be paid to the Noteholder.

Following the Delivery Date of a Share all dividends on the relevant Shares to be delivered will be payable to the party that would receive such dividend according to market practice for a sale of the Shares executed on the Delivery Date and to be delivered in the same manner as such relevant Shares. Any such dividends to be paid to a Noteholder will be paid to the account specified by the Noteholder in the relevant Asset Transfer Notice as referred to in Condition 6(b)(i)(A) (*Asset Transfer Notices*).

For such period of time after delivery or Delivery of the Entitlement as the Issuer or any person acting on behalf of the Issuer shall continue to be the legal owner of the securities or Deliverable Obligations, obligations and/or other assets comprising the Entitlement (the "**Intervening Period**"), none of the Issuer, the Guarantor (if applicable), the Paying Agents, the Registrar, any Delivery Agent or any other person shall at any time (i) be under any obligation to deliver or procure delivery to any Noteholder any letter, certificate, notice, circular or any other document or, except as provided herein, payment whatsoever received by that person in respect of such securities, obligations, assets or Deliverable Obligations, (ii) be under any obligation to exercise or procure exercise of any or all rights attaching to such securities, obligations, assets or Deliverable Obligations or (iii) be under any liability to a Noteholder in respect of any loss or damage which such Noteholder may sustain or suffer as a result, whether directly or indirectly, of that person being registered during such Intervening Period as legal owner of such securities, obligations, assets or Deliverable Obligations.

(E) *Settlement Disruption*

The provisions of this Condition 6(b)(i)(E) apply to Notes other than Credit Linked Notes.

If, in the opinion of the Calculation Agent, delivery of the Entitlement in such commercially reasonable manner as the Calculation Agent has determined is not practicable by reason of a Settlement Disruption Event (as defined below) having occurred and continuing on the Delivery Date, then the Delivery Date shall be postponed to the first following Settlement Business Day in respect of which there is no such Settlement Disruption Event, provided that, the Issuer may elect to satisfy its obligations in respect of the relevant Note by delivering the Entitlement using such other commercially reasonable manner as it may select and in such event the Delivery Date shall be such day as the Issuer deems appropriate in connection with delivery of the Entitlement in such other commercially reasonable manner. For the avoidance of doubt, where a Settlement Disruption Event affects some but not all of the Relevant Assets comprising the Entitlement, the Delivery Date for the Relevant Assets not affected by the Settlement Disruption Event will be the originally designated Delivery Date. For so long as delivery of the Entitlement is not practicable by reason of a Settlement Disruption Event, then in lieu of physical settlement and notwithstanding any other provision hereof the Issuer may elect to satisfy its obligations in respect of the relevant Note by payment to the relevant Noteholder of the Disruption Cash Redemption Amount (as defined below) on the fifth Business Day following the date that notice of such election is given to the Noteholders in accordance with Condition 18 (*Notices*). Payment of the Disruption Cash Redemption Amount will be made

in such manner as shall be notified to the Noteholders in accordance with Condition 18 (*Notices*). The Calculation Agent shall give notice as soon as practicable to the Noteholders in accordance with Condition 18 (*Notices*) that a Settlement Disruption Event has occurred. No Noteholder shall be entitled to any payment in respect of the relevant Note in the event of any delay in the delivery of the Entitlement due to the occurrence of a Settlement Disruption Event and no liability in respect thereof shall attach to the Issuer.

For the purposes hereof:

**"Disruption Cash Redemption Amount"**, in respect of any relevant Note, shall be the fair market value of such Note (taking into account, where the Settlement Disruption Event affected some but not all of the Relevant Assets comprising the Entitlement and such non affected Relevant Assets have been duly delivered as provided above, the value of such Relevant Assets), less, unless Unwind Costs are specified as not applicable in the applicable Final Terms, the cost to the Swap Counterparty and/or its affiliates of unwinding any underlying related hedging arrangements, all as determined by the Calculation Agent acting in good faith and in a commercially reasonable manner;

**"Settlement Business Day"** has the meaning specified in the applicable Final Terms;

**"Settlement Disruption Event"** means, in the opinion of the Calculation Agent, an event beyond the control of the Issuer or the Guarantor (if applicable), as the case may be, as a result of which the Issuer or the Guarantor (if applicable), as the case may be, cannot make delivery of the Relevant Asset(s) using the method specified in the applicable Final Terms; and

**"Relevant Asset"** means the Relevant Asset specified in the applicable Final Terms.

(F) *Additional Provisions for Credit Linked Notes*

In the case of Credit Linked Notes, the provisions contained in Annex 10 - "Additional Terms and Conditions for Credit Linked Securities" will apply.

(ii) *Variation of Settlement*

- (A) If the applicable Final Terms indicate that the Issuer has an option to vary settlement in respect of the Notes, the Issuer may, at its sole and unfettered discretion in respect of each such Note, elect not to pay the relevant Noteholders the Final Redemption Amount or to deliver or procure delivery of the Entitlement to the relevant Noteholders, as the case may be, but, in lieu thereof to deliver or procure delivery of the Entitlement or make payment of the Final Redemption Amount on the Maturity Date to the relevant Noteholders, as the case may be. Notification of such election will be given to Noteholders in accordance with Condition 18 (*Notices*).
- (B) If specified in the applicable Final Terms, the Issuer shall, in respect of each Note, in lieu of delivering or procuring the delivery of the Entitlement to the relevant Noteholders, make payment of the Final Redemption Amount on the Maturity Date to the relevant Noteholders.

(iii) *Issuer's Option to Substitute Assets or to pay the Alternate Cash Redemption Amount*

Unless Issuer's Option to Substitute is specified as not applicable in the applicable Final Terms, notwithstanding any provision of these Conditions to the contrary, the Issuer may, in respect of such Notes, if the Calculation Agent determines (acting in good faith and in a commercially reasonable manner) that the Relevant Asset or Relevant Assets, as the case may be, comprises shares which are not freely tradeable, elect either (A) to substitute for the Relevant Asset or the Relevant Assets, as the case may be, an equivalent value (as determined by the Calculation Agent in good faith and in a commercially reasonable manner) of such other shares which the Calculation Agent determines, in good faith and in a commercially reasonable manner, are freely tradeable (the "**Substitute Asset**" or the "**Substitute Assets**", as the case may be) or (B) not to deliver or procure the delivery of the Entitlement or the Substitute Asset or Substitute Assets, as the case may be, to the relevant Noteholders, but in lieu thereof to make payment to the relevant Noteholder on the Settlement Date of an amount equal to the fair market value as determined by the Calculation Agent (unless otherwise specified) (the "**fair market value**") of the Entitlement on the Valuation Date as determined by the Calculation Agent acting in good faith and in a commercially reasonable manner by reference to such sources as it considers appropriate (the "**Alternate Cash Redemption Amount**"). Notification of any such election will be given to Noteholders in accordance with Condition 18 (*Notices*) and in the event that the Issuer elects to pay the Alternate Cash Redemption Amount such notice shall give details of the manner in which such amount shall be paid.

For purposes hereof, a "**freely tradeable**" share shall mean (i) with respect to the United States, a share which is registered under the Securities Act or not restricted under the Securities Act and which is not purchased from the issuer of such share and not purchased from an affiliate of the issuer of such share or which otherwise meets the requirements of a freely tradeable share for purposes of the Securities Act, in each case, as determined by the Calculation Agent in good faith and in a commercially reasonable manner or (ii) with respect to any other jurisdiction, a share not subject to any legal restrictions on transfer in such jurisdiction.

(iv) *Rights of Noteholders and Calculations*

None of the Issuer, the Guarantor (if applicable), the Trustee, the Calculation Agent, any Delivery Agent and the Agents shall have any responsibility for any errors or omissions (to the extent permitted by any applicable law) in any calculation or determination in respect of the Notes.

The purchase of Notes does not confer on any holder of such Notes any rights (whether in respect of voting, distributions or otherwise) attaching to any Relevant Asset.

(c) *Currency unavailability*

This Condition shall apply when payment is due to be made in respect of any Note, Receipt or Coupon in the Specified Currency (other than where the Specified Currency is euro) and the Specified Currency is not available to the Issuer or the Guarantor (as applicable) due to the imposition of exchange controls, the Specified Currency's replacement or disuse or other circumstances beyond the control of the Issuer or the Guarantor (as applicable) ("**Currency Unavailability**"). In the event of Currency Unavailability, the Issuer or the Guarantor (as applicable) will be entitled to satisfy its obligations to the holder of such Note, Receipt or Coupon by making payment in euro on the basis of the spot exchange rate at which the Specified Currency is offered in exchange for euro in an appropriate inter-bank market at noon, Paris time, four Business Days prior to the date on which payment is due or, if such spot exchange rate is not available on that date, as of the most recent prior practicable date. Any payment made in euro in accordance with this paragraph will not constitute an Event of Default.

(d) *FX Disruption Event*

If (x) FX Settlement Disruption Event Determination is specified as applicable in the applicable Final Terms, this Condition 6(d) will only apply if, in the determination of the Calculation Agent, the FX Disruption Event is not attributable to the Issuer, but substantially alters the economics of the Notes compared to the economics as of the Issue Date or (y) FX Settlement Disruption Event Determination is not specified as applicable in the applicable Final Terms, this Condition 6(d) will apply.

- (i) If on (A) any Settlement Currency Exchange Rate Observation Date or (B) (other than in the case of a FX Disruption Event which is a Dual Exchange Rate Event, Illiquidity Disruption or an Unscheduled Holiday) if a Specified Exchange Rate is specified in the applicable Final Terms, the second Business Day prior to the due date for payment of any amount calculated using such Specified Exchange Rate, the Calculation Agent determines that a FX Disruption Event has occurred and is subsisting it will give notice (an "**FX Disruption Notice**") to the Noteholders in accordance with Condition 18 as soon as reasonably practicable thereafter and, in any event, prior to the relevant due date for payment of the relevant amount to be calculated using such Settlement Currency Exchange Rate or Specified Exchange Rate, as applicable.
- (ii) Following the occurrence of a FX Disruption Event:
  - (A) the date for payment of the relevant amount to be calculated using the Settlement Currency Exchange Rate or Specified Exchange Rate, as applicable, will be postponed to the earlier of (1) the second Business Day following the date on which the Calculation Agent determines that a FX Disruption Event is no longer subsisting or (2) the day falling thirty (30) calendar days following the scheduled due date for payment of such amount (the "**Postponed DE Payment Date**") which, for the avoidance of doubt, may be later than the scheduled Maturity Date; and
  - (B) (1) in the case of (A)(1) above, the Issuer will pay the relevant amount in the Settlement Currency on the Postponed DE Payment Date or (2) in the case of (A)(2) above, subject to paragraphs (iii), (iv) and (v) below, in lieu of paying the relevant amount in the Settlement Currency, the Issuer will pay the relevant unconverted amount in the Specified Currency (each a "**Specified Currency Amount**") on the Postponed DE Payment Date.
- (iii) If the Issuer (following a notification to such effect from the Calculation Agent) elects to pay the Specified Currency Amount as provided in paragraph (ii)(B) above it may (but is not obliged to) give notice to the Noteholders in accordance with Condition 18 (an "**Issuer Account Information Notice**") requesting from each Noteholder such information as it deems appropriate in order to pay the Specified Currency Amount to such Noteholder (including, *inter alios*, account information into which in the determination of the Calculation Agent the Specified Currency Amount may be paid). Upon receipt of an Issuer Account Information Notice, each Noteholder must deliver to the Calculation Agent in accordance with paragraph (vi) below with a copy to the Issuing and Paying Agent a notice (a "**Noteholder Account Information Notice**") not later than 20 calendar days following receipt of the Issuer Account Information Notice (the "**Account Information Cut-off Date**") specifying details of an account in which, in the determination of the Calculation Agent, the relevant Specified Currency Amount may be paid. If any Noteholder fails to deliver a valid Noteholder Account Information Notice by the Account Information Cut-off Date, the Issuer will pay or cause to be paid the relevant Specified Currency Amount as soon as practicable following receipt of the relevant Noteholder Account Information Notice, provided that if any Noteholder fails to deliver a Noteholder Account Information Notice prior to the fortieth calendar day following deemed receipt of

the Issuer Account Information Notice, then the Issuer shall be discharged from its obligation to pay to such Noteholder the Specified Currency Amount and shall have no further obligation or liability whatsoever in respect thereof.

- (iv) In the event that the Calculation Agent determines that it is unlawful, impossible or otherwise impracticable to pay any Specified Currency Amount (other than as a result of the failure to deliver a Noteholder Account Information Notice, if applicable) on the due date for payment thereof (a "**Non-Transferability Event**"), the Issuer shall notify the Noteholders in accordance with Condition 18 that such due date for payment has been postponed until the first date on which in the opinion of the Calculation Agent the relevant Non-Transferability Event is no longer subsisting.
- (v) Notwithstanding paragraphs (ii) to (iv) above, the Calculation Agent acting in a commercially reasonable manner may make such adjustment to the Conditions and/or the applicable Final Terms as it determines to be necessary or desirable to reflect or account for any market practice that develops in respect of the relevant FX Disruption Event.

Upon the Calculation Agent making such adjustment and notifying the Issuer of the relevant adjustment, the Issuer shall give notice as soon as practicable to Noteholders in accordance with Condition 18 stating the adjustment to the Conditions and/or the applicable Final Terms.

- (vi) Any Noteholder Account Information Notice from a Noteholder to the Calculation Agent will be validly given if delivered in writing to the Calculation Agent at the address specified for such purposes in the applicable Final Terms. Any such notice shall be deemed to have been given on the day when delivered or if delivered after 5.00 p.m. (London time) on any day or on any day on which commercial banks were not open for business in London, the first day thereafter on which commercial banks are open for business in London. The relevant Noteholder must provide satisfactory evidence to the Calculation Agent of its holding of the relevant Notes.
- (vii) For the avoidance of doubt, no Interest Period will be adjusted as a result of the postponement of any interest payment pursuant to this Condition 6(d), and no additional interest will be paid in respect of any postponement of the date for payment.
- (viii) For these purposes "**FX Disruption Event**" means the occurrence of any of the following events:
  - (A) an Inconvertibility Event;
  - (B) a Dual Exchange Rate Event;
  - (C) an Illiquidity Disruption; or
  - (D) an Unscheduled Holiday.

Where:

**"Dual Exchange Rate Event"** means, with respect to any Settlement Currency Exchange Rate that the Settlement Currency Exchange Rate or any component rate of exchange thereof splits into dual or multiple currency exchange rates.

**"Illiquidity Disruption"** means, in relation to a Settlement Currency Exchange Rate, the occurrence of an event on a Settlement Currency Exchange Rate Observation Date (or, if different, the day on which rates for that Settlement Currency Exchange Rate Observation Date would, in the ordinary course, be published or announced by the relevant price source) which makes it impossible to obtain a firm quote of the Settlement Currency Exchange Rate for an amount to

be determined by the Calculation Agent (either in one transaction or a commercially reasonable number of transactions that, when taken together, total such amount determined by the Calculation Agent);

**"Inconvertibility Event"** means the occurrence of any event or existence of any condition that has the effect of it being impossible, illegal or impracticable for, or has the effect of prohibiting, restricting or materially delaying the ability of the Issuer, the Swap Counterparty and/or any of the Swap Counterparty's Affiliates (1) to convert the Specified Currency into the Settlement Currency through customary legal channels; (2) to effect currency transactions on terms as favourable as those available to residents of the Reference Jurisdiction; or (3) to freely and unconditionally transfer or repatriate funds (in the Specified Currency or the Settlement Currency) from accounts inside the Reference Jurisdiction to accounts outside the Reference Jurisdiction or between accounts inside the Reference Jurisdiction.

**"Reference Jurisdiction"** means the jurisdiction specified as such in the applicable Final Terms.

**"Unscheduled Holiday"** means, in respect of any Settlement Currency Exchange Rate Observation Date, any date on which such date is not a Business Day and the market was not aware of such fact (by means of a public announcement or by reference to other publicly available information) until a time later than 9.00 a.m. local time in the principal financial centre of the Specified Currency or Settlement Currency (which, if the Specified Currency or Settlement Currency is Australian dollars or New Zealand dollars shall be Sydney or Auckland, respectively) two Business Days prior to such day.

## **7. Redemption and Purchase**

### **(a) *Redemption at maturity***

Unless previously redeemed or purchased and cancelled as specified below and provided that no Early Redemption Event or Event of Default has occurred on or prior to the Maturity Date, each Note will be redeemed by the Issuer at its Final Redemption Amount (or, in the case only of Physical Delivery Notes to which Physical Settlement is applicable, where the applicable Final Terms specifies that such Notes will be redeemed by payment and/or delivery of a physical delivery of the Entitlement by the payment and the delivery of the Entitlement) in the relevant Specified Currency on the Maturity Date or, in the case of a Credit Linked Note, at the relevant amount and/or by delivery as specified in the Credit Linked Conditions.

If a Business Day Convention is specified in the applicable Final Terms as applying to the Maturity Date and if the Maturity Date would otherwise fall on a day which is not a Business Day, then, if the Business Day Convention specified is:

- (i) the Following Business Day Convention, the Maturity Date shall be postponed to the next day which is a Business Day; or
- (ii) the Modified Following Business Day Convention, the Maturity Date shall be postponed to the next day which is a Business Day unless it would thereby fall into the next calendar month, in which event the Maturity Date shall be brought forward to the immediately preceding Business Day; or
- (iii) the Preceding Business Day Convention, the Maturity Date shall be brought forward to the immediately preceding Business Day.

The "**Final Redemption Amount**", in respect of each nominal amount of Notes equal to the Calculation Amount, shall be an amount calculated by the Calculation Agent equal to:

(A) Calculation Amount x the percentage or (B) the Final Payout, in each case as specified in the applicable Final Terms,

provided that, (1) if the Notes are Dual Currency Redemption Notes, the product of the above formula will be converted into the Settlement Currency as provided in Condition 7(t) below and (2) if the product of the Final Payout is zero, no amount shall be payable on final redemption of the Note.

The "**Entitlement**" shall be the quantity of the Relevant Asset(s) equal to the Entitlement Amount specified in the applicable Final Terms or (in the case of a Credit Linked Note) the relevant obligations and/or other assets as specified in the Credit Linked Conditions.

(b) *Final Terms*

The Final Terms applicable to the Notes will indicate either:

- (i) that the Notes cannot be redeemed prior to their Maturity Date (except as otherwise provided in paragraphs (f), (l), (m) and (r) below and in Condition 11 (*Events of Default*)); or
- (ii) that such Notes will be redeemable at the option of the Issuer and/or the Noteholders prior to such Maturity Date in accordance with the provisions of paragraphs (c) and/or (d) below on the date or dates and at the amount or amounts indicated in the applicable Final Terms.

(c) *Redemption at the Option of the Issuer*

If Issue Call Option is specified as applicable in the applicable Final Terms, the Issuer may, having given notice (the period of which shall not be less than the minimum nor more than the maximum specified in the applicable Final Terms) in accordance with Condition 18 (*Notices*), to the Noteholders (with a copy to the Trustee) (which notice shall be irrevocable and shall specify the date fixed for redemption), redeem all or some only of the Notes then outstanding on any Optional Redemption Date(s) specified in the applicable Final Terms and at the Optional Redemption Amount(s) together, if appropriate, with interest accrued to (but excluding) the relevant Optional Redemption Date(s). Any such redemption must be of a nominal amount not less than the Minimum Redemption Amount and not more than the Maximum Redemption Amount, both as indicated in the applicable Final Terms. The "**Optional Redemption Amount**" in respect of each nominal amount of Notes equal to the Calculation Amount shall be an amount calculated by the Calculation Agent equal to:

((i) Calculation Amount x the percentage or (ii) the Call Payout, in each case specified in the applicable Final Terms,

provided that if the product of the Call Payout is zero, no amount shall be payable on redemption of such Note.

In the case of a partial redemption of Notes, the Notes to be redeemed will (i) in the case of Notes represented by Notes in definitive form, be selected individually by lot, not more than 30 days prior to the date fixed for redemption (such date of selection being hereinafter called the "**Selection Date**") and (ii) in the case of Notes represented by a global Note, be selected in accordance with the rules of Euroclear and/or Clearstream, Luxembourg (to be reflected in the records of Euroclear and/or Clearstream, Luxembourg as either a pool factor or a reduction in nominal amount, at their discretion). In the case of Notes represented by Notes in definitive form, a list of the serial

numbers of such Notes will be published in accordance with Condition 18 (*Notices*) not less than 15 days prior to the date fixed for redemption.

In respect of any Note, any notice given by the Issuer pursuant to this Condition 7(c) shall be void and of no effect in relation to that Note in the event that, prior to the giving of such notice by the Issuer, the holder of such Note had already delivered a Put Notice (as defined in Condition 7(d) (*Redemption at the Option of the Noteholders*) below) in relation to that Note in accordance with Condition 7(d) (*Redemption at the Option of the Noteholders*).

(d) *Redemption at the Option of the Noteholders*

If Noteholder Put Option is specified as applicable in the applicable Final Terms, upon the holder of any Note giving notice to the Issuer in accordance with Condition 18 (*Notices*) (the period of which shall not be less than the minimum nor more than the maximum specified in the applicable Final Terms) the Issuer will, upon the expiry of such notice, redeem in whole (but not in part), such Note on the Optional Redemption Date as specified in the applicable Final Terms and at the Optional Redemption Amount together, if appropriate, with interest accrued to but excluding the Optional Redemption Date. It may be that before an option to require the Issuer to redeem any Note can be exercised, certain conditions and/or circumstances will need to be satisfied. The "**Optional Redemption Amount**" shall be an amount calculated by the Calculation Agent equal to:

(i) Calculation Amount x the percentage or (ii) the Put Payout, specified in the applicable Final Terms,

provided that if the product of the Put Payout is zero, no amount shall be payable on redemption of such Note.

To exercise the right to require redemption of a Note, the holder of such Note must, if the Note is in definitive form and held outside Euroclear and Clearstream, Luxembourg, deliver, at the specified office of any Paying Agent (in the case of Bearer Notes) or the Registrar (in the case of Registered Notes) at any time during normal business hours of such Paying Agent or, as the case may be, the Registrar falling within the notice period, a duly completed and signed notice of exercise in the form (for the time being current) obtainable from any specified office of any Paying Agent or, as the case may be, the Registrar (a "**Put Notice**") and in which the holder must specify a bank account (or, if payment is required to be made by cheque, an address) to which payment is to be made under this Condition 7(d) and, in the case of Registered Notes, the nominal amount thereof to be redeemed and, if less than the full nominal amount of the Registered Notes so surrendered is to be redeemed, an address to which a new Registered Note in respect of the balance of such Registered Notes is to be sent subject to and in accordance with the provisions of Condition 2 (*Transfers of Registered Notes*). If the Note is in definitive form, the Put Notice must be accompanied by the Note or evidence satisfactory to the Paying Agent concerned that the Note will, following delivery of the Put Notice, be held to the order or under its control. If the Note is represented by a global Note or is in definitive form and held through Euroclear or Clearstream, Luxembourg, to exercise the right to require redemption of the Note the holder of the Note must, within the notice period, give notice to the Issuing and Paying Agent of such exercise in accordance with the standard procedures of Euroclear and Clearstream, Luxembourg (which may include notice being given on his instruction by Euroclear or Clearstream, Luxembourg or any common depositary for them to the Issuing and Paying Agent by electronic means) in a form acceptable to Euroclear and Clearstream, Luxembourg from time to time and, if the Note is represented by a global Note, at the same time present or procure the presentation of the relevant global Note to the Issuing and Paying Agent for notation accordingly.

Any Put Notice given by a holder of any Note pursuant to this paragraph (d) shall be:

- (i) irrevocable except where prior to the due date of redemption an Event of Default has occurred and the Trustee has declared the Notes to be due and payable pursuant to

Condition 11 (*Events of Default*), in which event such holder, at its option, may elect by notice to the Issuer to withdraw the notice given pursuant to this paragraph (d); and

- (ii) void and of no effect in relation to such Note in the event that, prior to the giving of such Put Notice by the relevant holder (A) such Note constituted a Redeemed Note, or (B) the Issuer had notified the Noteholders of its intention to redeem all of the Notes then outstanding, in each case pursuant to Condition 7(c) (*Redemption at the Option of the Issuer*).

(e) *Early Redemption Amounts*

For the purposes of paragraphs (f), (l) and (m) below (other than where Reference Securities Impossibility Event is specified as applicable in the applicable Final Terms and a Reference Securities Impossibility Event has occurred) and Condition 11 (*Events of Default*), the Final Terms may specify that the Notes will be redeemed at the "**Early Redemption Amount**" calculated by the Calculation Agent in accordance with the following (provided that the Final Terms may specify more than one of the following amounts to apply in the applicable Final Terms in respect of different Early Redemption Events):

- (i) in the case of Notes with a Final Redemption Amount equal to the Issue Price, at the Final Redemption Amount thereof; or
- (ii) subject to Conditions 7(e)(v) and 7(e)(vi), in the case of a Note (other than a Zero Coupon Note) with a Final Redemption Amount or interest, coupon, premium or other interim payment which is linked to an index, a formula or other Underlying Reference, at the percentage of the Calculation Amount specified in the applicable Final Terms or, if "Market Value less Costs" is specified in the applicable Final Terms at the fair market value of the Note less associated costs; or
- (iii) in the case of Notes to which Physical Settlement is applicable by delivery of the Entitlement multiplied by a percentage specified in the applicable Final Terms; or
- (iv) in the case of Zero Coupon Notes, at an amount (the "**Amortised Face Amount**") equal to the sum of:
  - (A) the Reference Price specified in the applicable Final Terms; and
  - (B) the product of the Accrual Yield specified in the applicable Final Terms (compounded annually) being applied to the Reference Price from and including the Issue Date to but excluding the date fixed for redemption or (as the case may be) the date upon which such Note becomes due and repayable; or
- (v) if Liquidation Proceeds is specified in the applicable Final Terms as the Early Redemption Amount, the Issuer shall appoint an agent to sell or otherwise realise the Charged Assets (the "**Disposal Agent**") which shall be the Calculation Agent (or such other party as may be agreed by the Issuer and the Trustee provided that, for the avoidance of doubt, the Disposal Agent may not be the Issuer) and the Early Redemption Amount in respect of each Note shall be the *pro rata* share of the Liquidation Proceeds. "**Liquidation Proceeds**" shall be an amount, subject to a maximum equal to the Liquidation Proceeds Cap save where "Liquidation Proceeds Cap" is specified as not applicable in the applicable Final Terms, equal to the amounts received by or on behalf of the Issuer upon the sale or realisation of the Charged Assets (including, without limitation, any termination payment received by the Issuer under the relevant Swap Agreement and/or the amount received by the Issuer in respect of the Charged Assets on the redemption date, expiration date or other date for final payment in respect of the Charged Assets) after the deduction of any fees (including, without limitation, any legal fees), costs, expenses and taxes incurred by the Disposal Agent (for itself and on behalf of the Issuer), in respect of

the sale or realisation of the Charged Assets and the early redemption of the Notes, any due and unpaid fees, costs and expenses of the Trustee and the Agents and any amounts due to be paid to the Swap Counterparty under the Swap Agreement. Where the Liquidation Proceeds Cap is applicable, "**Liquidation Proceeds Cap**" means (A) in case of redemption of the Notes as a result of an Early Redemption Event, the Final Redemption Amount (calculated on the basis that any reference to the Maturity Date in relation to the determination thereof shall be deemed to be a reference to the Early Redemption Date) that would have been payable but for the occurrence of the Early Redemption Event; or (B) following a Note Acceleration, the Final Redemption Amount (calculated on the basis that any reference to the Maturity Date in relation to the determination thereof shall be deemed to be a reference to the date on which notice of the Note Acceleration was given by the Trustee in accordance with Condition 11 (*Events of Default*)) that would have been payable but for the occurrence of the Event of Default. In respect of Notes bearing interest, notwithstanding anything to the contrary herein, the Early Redemption Amount, as determined by the Calculation Agent in accordance with this Condition 7(e)(v) shall include any accrued interest to (but excluding) the relevant early redemption date and apart from any such interest included in the Early Redemption Amount, no interest, accrued or otherwise, or any other amount whatsoever will be payable by the Issuer in respect of such redemption. Unless otherwise specified in the applicable Final Terms, the Early Redemption Amount will be "Liquidation Proceeds" as defined above;

- (vi) if Liquidation Proceeds/Fair Market Value is specified in the applicable Final Terms as the Early Redemption Amount, the Calculation Agent will determine the fair market value of a Note (taking into account the occurrence of the relevant Early Redemption Event but otherwise being equal to a *pro rata* share of the amounts payable to the Issuer in respect of the Charged Assets following their early termination or realisation on or prior to the Early Redemption Date) which such amount will be the Early Redemption Amount in respect of each Note unless such amount would be less than the *pro rata* share of the Liquidation Proceeds (subject to the Liquidation Proceeds Cap, if applicable) realised by a Disposal Agent appointed by the Issuer in respect of a Note, in which case a *pro rata* share of the Liquidation Proceeds (subject to the Liquidation Proceeds Cap, if applicable) will be the Early Redemption Amount in respect of each Note; or
- (vii) if Liquidation Proceeds/No Unwind Costs is specified as the Early Redemption Amount, the Early Redemption Amount in respect of each Note shall be the *pro rata* share of the Unadjusted Liquidation Proceeds. "**Unadjusted Liquidation Proceeds**" shall be an amount, subject to a maximum equal to the Liquidation Proceeds Cap (save where "Liquidation Proceeds Cap" is specified as not applicable in the applicable Final Terms), equal to the amounts received by or on behalf of the Issuer upon the sale or realisation of the Charged Assets (or the relevant proportion thereof where the Notes are being redeemed in part only) (including, without limitation, any termination payment received by the Issuer under the relevant Swap Agreement and/or, where applicable, the amount received by the Issuer in respect of the Charged Assets on the redemption date, expiration date or other date for final payment in respect of the Charged Assets) after the deduction of any termination payment due to be paid to the Swap Counterparty under the Swap Agreement. Where the Liquidation Proceeds Cap is applicable, "**Liquidation Proceeds Cap**" means in case of redemption of the Notes as a result of an Early Redemption Event, the Final Redemption Amount (calculated on the basis that any reference to the Maturity Date in relation to the determination thereof shall be deemed to be a reference to the Early Redemption Date) that would have been payable but for the occurrence of the Early Redemption Event. In respect of Notes bearing interest, notwithstanding anything to the contrary herein, the Early Redemption Amount, as determined by the Calculation Agent in accordance with this Condition 7(e)(vii) shall include any accrued interest to (but excluding) the relevant early redemption date and apart from any such interest included in

the Early Redemption Amount, no interest, accrued or otherwise, or any other amount whatsoever will be payable by the Issuer in respect of such redemption; or

- (viii) if ERE Force Majeure/No Unwind Costs is specified as the Early Redemption Amount, the Early Redemption Amount in respect of each Note shall be the pro rata share of the Unadjusted Proceeds. "**Unadjusted Proceeds**" shall be an amount, subject to a maximum equal to the Liquidation Proceeds Cap (save where "Liquidation Proceeds Cap" is specified as not applicable in the applicable Final Terms), equal to the amounts received by or on behalf of the Issuer upon the sale or realisation of the Charged Assets (or the relevant proportion thereof where the Notes are being redeemed in part only) (including, without limitation, any termination payment received by the Issuer under the relevant Swap Agreement and/or, where applicable, the amount received by the Issuer in respect of the Charged Assets on the redemption date, expiration date or other date for final payment in respect of the Charged Assets) after the deduction of any termination payment due to be paid to the Swap Counterparty under the Swap Agreement but without deduction of costs other than such costs that are unavoidable to redeem the Notes early. Where the Liquidation Proceeds Cap is applicable, "Liquidation Proceeds Cap" means in case of redemption of the Notes as a result of an Early Redemption Event, the Final Redemption Amount (calculated on the basis that any reference to the Maturity Date in relation to the determination thereof shall be deemed to be a reference to the Early Redemption Date) that would have been payable but for the occurrence of the Early Redemption Event. In respect of Notes bearing interest, notwithstanding anything to the contrary herein, the Early Redemption Amount, as determined by the Calculation Agent in accordance with this Condition 7(e)(viii) shall include any accrued interest to (but excluding) the relevant early redemption date and apart from any such interest included in the Early Redemption Amount, no interest, accrued or otherwise, or any other amount whatsoever will be payable by the Issuer in respect of such redemption; or
- (ix) if Highest Value is specified as applicable in the applicable Final Terms, the greater of the fair market value of a Note or, as the case may be, Redeemed Amount (where the fair market value of a Note or Redeemed Amount, as the case may be, shall be equal to such Note's *pro rata* share of the Unadjusted Liquidation Proceeds calculated as if Liquidation Proceeds/No Unwind Costs were applicable with respect to the relevant Early Redemption Event or event which leads to the partial redemption of the Note) (notwithstanding any illegality (if applicable) and taking into account any Additional Disruption Event, Optional Additional Disruption Event, Index Adjustment Event, Custom Index Adjustment Event, Extraordinary Event, Commodity Index Adjustment Event, Market Disruption Event, Index Cancellation, Extraordinary Fund Event, Fund Index Adjustment Event, as the case may be), and the Protected Amount specified in the applicable Final Terms or, as the case may be, proportionate share of such Protected Amount, provided that, (x) no costs shall be deducted from such amount and (y) such amount shall include the reimbursement by the Issuer, *pro rata* (calculated from the early redemption date or, as the case may be, partial redemption date notified to the Noteholders until the scheduled Maturity Date of the Notes), of any costs or, as the case may be, proportionate share of such costs (including but not limited to any structuring costs) paid by Noteholders to the Issuer in the Issue Price of the Notes, such amount to be paid to the Noteholders on the date notified to the Noteholders in the notice of early redemption or, as the case may be, notice of partial redemption;
- (x) if Market Value is specified as applicable in the applicable Final Terms, the fair market value of a Note or, as the case may be, Redeemed Amount (where the fair market value of a Note or Redeemed Amount, as the case may be, shall be equal to such Note's *pro rata* share of the Unadjusted Liquidation Proceeds calculated as if Liquidation Proceeds/No Unwind Costs were applicable with respect to the relevant Early Redemption Event or event which leads to the partial redemption of the Note) (notwithstanding the illegality (if applicable) and taking into account any Additional Disruption Event, Optional Additional

Disruption Event, Index Adjustment Event, Custom Index Adjustment Event, Extraordinary Event, Commodity Index Adjustment Event, Market Disruption Event, Index Cancellation, Extraordinary Fund Event, Fund Index Adjustment Event, as applicable, where an Annex Early Redemption Event has occurred) calculated (x) without taking account of any costs and no costs shall be deducted from such amount and (y) including the reimbursement by the Issuer, *pro rata* (calculated from the early redemption date or, as the case may be, partial redemption date notified to the Noteholders until the scheduled Maturity Date of the Notes), of any costs or, as the case may be, proportionate share of such costs (including but not limited to any structuring costs) paid by Noteholders to the Issuer in the Issue Price of the Notes, such an amount to be paid to the Noteholders on the date notified in the notice of early redemption or, as the case may be, notice of partial redemption; or

- (xi) if Monetisation Option is specified as applicable in the applicable Final Terms:
- (A) the Monetisation Amount (as defined below) (including the reimbursement by the Issuer, *pro rata* (calculated from the early redemption date or, as the case may be, partial redemption date notified to the Noteholders until the scheduled Maturity Date of the Notes), of any costs or, as the case may be, proportionate share of such costs (including but not limited to any structuring costs) paid by Noteholders to the Issuer in the Issue Price of the Notes), such amount to be paid by the Issuer (notwithstanding the notice of early redemption) on the Maturity Date; or
  - (B) if the Noteholder duly elects to receive the fair market value, as provided below, the Market Value calculated in accordance with Condition 7(e)(x) of such Note, such amount to be paid by the Issuer on the date fixed for early redemption, as notified to the Noteholders.

In the Issuer's notice of early redemption, the Issuer must include the following:

- (A) the cut-off date and time for each Noteholder to elect to receive the fair market value on the date fixed for early redemption;
- (B) the date of determination of the fair market value in respect of such election and the amount determined by the Calculation Agent as the fair market value of the Notes on such date; and
- (C) the amount calculated by the Calculation Agent as the Monetisation Amount.

If this Note is in definitive form and held outside Euroclear and Clearstream, Luxembourg, to make a valid election to receive the Market Value on redemption of a Note the relevant Noteholder must no later than the cut-off date and time set out in the Issuer's notice of early redemption give notice to the Registrar or the Issuing and Paying Agent, as the case may be, of such election, accompanied by the Note or evidence satisfactory to the Registrar or the Issuing and Paying Agent, as the case may be, that the Note will, following delivery of the notice, be held to its order or under its control in accordance with the Agency Agreement. If this Note is represented by a Global Note or is in definitive form and held through Euroclear or Clearstream, Luxembourg, to make a valid election to receive the Market Value on redemption of a Note the relevant Noteholder must no later than the cut-off date and time set out in the Issuer's notice of early redemption, give notice to the Registrar or the Issuing and Paying Agent, as the case may be, such exercise in accordance with the standard procedures of Euroclear and Clearstream, Luxembourg (which may include notice being given on his instruction by Euroclear or Clearstream, Luxembourg or any common depositary, as the case may be, for them to the Registrar or Paying Agent by electronic means) in a form acceptable to Euroclear and Clearstream, Luxembourg from time to time.

If the Noteholder does not make a valid election to receive the fair market value on the date fixed for early redemption before the cut-off date and time set out in the Issuer's notice of early redemption, the Noteholder will receive the Monetisation Amount in respect of such Note on the Maturity Date.

For the purposes of this Condition 7(e)(xi):

**"Monetisation Amount"** means, in respect of a Note, an amount equal to the greater of the Protected Amount specified in the applicable Final Terms and the amount calculated by the Calculation Agent as follows:

$$(S + D) \times (1 + r)^n$$

Where:

**"S"** is the present value of the Protected Amount of such Note on the date on which the event triggering early redemption occurs;

**"D"** is the market value of the Derivative Component on the date on which the event triggering early redemption occurs;

**"r"** is a hypothetical annual interest rate that would be applied on an equivalent hypothetical debt instrument issued by the Issuer (or the Guarantor, as applicable) with the same time to redemption as the remaining time to redemption on the Notes from the date fixed for early redemption until the scheduled maturity date of the Notes;

**"n"** is the time remaining until the scheduled maturity date of the Notes, expressed as a number of years; and

**"Derivative Component"** means the option component or embedded derivative in respect of the outstanding aggregate nominal amount of the Notes or the interest amount due under the Notes, as applicable, in order to enable the Issuer to issue the Notes at the issue price and on their applicable terms. The value of the Derivative Component will be determined by the Calculation Agent, taking into account a number of factors, including, but not limited to:

- (A) market prices or values for the underlying reference asset(s) or basis (bases) and other relevant economic variables (such as interest rates; dividend rates; financing costs; the value, price or level of any relevant underlying reference asset(s) or basis (bases) and any futures or options relating to any of them; the volatility of any relevant underlying reference asset(s) or basis (bases); and exchange rates (if applicable));
- (B) the time remaining until the scheduled maturity date of the Notes;
- (C) internal pricing models; and
- (D) prices at which other market participants might bid for the Derivative Component.

Where any of Liquidation Proceeds/No Unwind Costs, Highest Value, Market Value or Monetisation Option is specified as applicable in respect of an Early Redemption Event, if the Calculation Agent determines that such Early Redemption Event (other than a Reference Securities Impossibility Event, where applicable) constitutes a force majeure, ERE Force Majeure/No Unwind Costs shall apply.

For the purposes of Condition 7(l) below, where Reference Securities Impossibility Event is specified as applicable in the applicable Final Terms and a Reference Securities Impossibility Event has occurred, the Notes will be redeemed and the **"Early Redemption Amount"** payable in

respect of each Note will be the greater of: (i) the product of its Specified Denomination and the Issue Price; and (ii) its *pro rata* share of the Unadjusted Liquidation Proceeds calculated by the Calculation Agent, in accordance with Condition 7(e)(vii) above, as if Liquidation Proceeds/No Unwind Costs were specified in the applicable Final Terms as the Early Redemption Amount and the Liquidation Proceeds Cap was not applicable. In respect of Notes bearing interest, the Early Redemption Amount, as determined by the Calculation Agent for the purposes of a Reference Securities Impossibility Event, shall not include any interest, accrued or otherwise, and no other amount whatsoever will be payable by the Issuer in respect of such redemption.

(f) *Redemption following Swap Counterparty optional termination*

Where "**Swap Counterparty optional termination - Call option**" is specified as being applicable in the Final Terms:

- (i) within two Business Days of service by the Swap Counterparty of a notice that it has opted to terminate a Swap Agreement in whole or in part on the next following Interest Payment Date, the Issuer shall notify the relevant Noteholders in accordance with Condition 18 (*Notices*) of the early redemption of the Notes in whole or in part on such Interest Payment Date and, subject to the relevant provisions of Condition 7(l) (*Early Redemption Events*), shall redeem the relevant Notes at their principal amount outstanding plus interest accrued thereon to such Interest Payment Date on such Interest Payment Date; or
- (ii) within two Business Days of service by the Swap Counterparty of a notice that it has opted to terminate a Swap Agreement on any other date (where it has such right as so specified in the Final Terms) nominated by the Swap Counterparty (the "**Nominated Termination Date**"), the Issuer shall notify the relevant Noteholders in accordance with Condition 18 (*Notices*) of the early redemption of the Notes on such Nominated Termination Date and subject to Condition 7(l) (*Early Redemption Events*) shall redeem the Notes at their principal amount outstanding plus interest accrued thereon (if any) to such Nominated Termination Date on such Nominated Termination Date.

If any such redemption becomes due to be made by the Issuer in accordance with this Condition 7 and payment to the Noteholders pursuant hereto is not made, the security constituted by the Trust Deed shall become enforceable and the Trustee may take such action as is provided in Condition 11 (*Events of Default*) or the Trust Deed.

(g) *Instalments*

- (i) Each Note which is redeemable in instalments will be redeemed in the Instalment Amounts and on the Instalment Dates specified in the applicable Final Terms. Where an Instalment Amount is payable on an Instalment Date, a pro rata proportion of the relevant Charged Assets equivalent to the aggregate Instalment Amounts payable in respect of the Notes on such Instalment Date will be realised by the Issuer (and automatically realised from the security thereon) in order to pay such Instalment Amounts.
- (ii) If the applicable Final Terms specify that the Notes are redeemable in instalments and that Instalment Adjustment is applicable each Note will be redeemed (i) in part by payment of the Instalment Amount on the Instalment Date and (ii) with final redemption being made pursuant to Condition 7(a). The Instalment Amount in respect of the Instalment Date will be an amount calculated by the Calculation Agent equal to the product of the Calculation Amount immediately prior to the Instalment Date and the Instalment Percentage specified in the applicable Final Terms. Following the Instalment Date, the Calculation Amount in respect of each Note shall be reduced by the Instalment Amount and all calculations and determinations in respect of the Notes shall be made on the basis of the Calculation Amount as so reduced (or in the case of calculations and determinations made in respect of all of the Notes, the aggregate of the Calculation Amount as so reduced).

- (iii) All instalments (other than the final instalment) will be paid by surrender of, in the case of a definitive Bearer Note, the relevant Receipt (which must be presented with the Note to which it appertains) and, in the case of a definitive Registered Note, the relevant Note and issue of a new Note in the nominal amount remaining outstanding, all as more fully described in Condition 6.
- (iv) In the case of early redemption, the Early Redemption Amount will be determined pursuant to Condition 7(e) above.

(h) *Maturity Date Postponement*

Where "Maturity Date Postponement" is specified as applicable the applicable Final Terms and the Maturity Date Postponement Event Condition is satisfied, the Maturity Date will be the day falling the number of Postponement Business Days after the Cash Settlement Payment Date.

For the purposes of this Condition 7(h):

**"Maturity Date Postponement Event Condition"** means due to the occurrence of an event leading to the occurrence of one or more Disrupted Days (in the case of Index Linked Notes, Share Linked Notes, Currency Linked Notes or ETI Linked Notes) or a Commodity Disrupted Day (in the case of Commodity Linked Notes), the Cash Settlement Payment Date would not fall at least two Business Days before the Scheduled Maturity Date specified in the applicable Final Terms;

**"Cash Settlement Payment Date"** means the day falling the number of Payment Delay Days after the Redemption Valuation Date or the final Valuation Date (if there is no Redemption Valuation Date), as the case may be;

**"Postponement Business Days"** means the number of Business Days specified in the applicable Final Terms and

**"Payment Delay Days"** means the number of Business Days specified in the applicable Final Terms.

(i) *Purchases*

If the Issuer has satisfied the Trustee that it has made arrangements for the realisation of no more than the equivalent proportion of the Compartment Assets, for the repayment of no more than the equivalent proportion of any amount deposited under any Deposit Agreement, for the termination of no more than the equivalent proportion of any Swap Agreement and for the purchase of the Notes, which transaction will leave the Issuer with no net liabilities in respect thereof, the Issuer may at any time purchase Notes (provided that, in the case of Definitive Bearer Notes, all unmatured Receipts, Coupons and Talons appertaining thereto are purchased therewith) at any price in the open market or otherwise, in accordance with applicable laws and regulations. The Trustee will accept as evidence of the satisfaction of the criteria to such purchase a certificate (which it may rely on without further enquiry) of the Issuer confirming such arrangements and confirming that the remaining Charged Assets are sufficient to secure the Issuer's remaining obligations in respect of the remaining Notes. If required by any applicable law or regulation, Notes purchased by or on behalf of the Issuer will be surrendered for cancellation (within one Business Day of such purchase), in the case of Bearer Notes, by surrendering any such Note, together with, in the case of Definitive Bearer Notes, any unmatured Receipts and Coupons appertaining thereto, to a Paying Agent and, in the case of Registered Notes, by surrendering the certificate representing such Notes to the Registrar.

In such circumstances:

- (A) the Issuer and the Secured Parties will be deemed to have consented to the release of the security in respect of that proportion of the Charged Assets that corresponds to the principal amount outstanding of the Notes so purchased; and
- (B) unless an Event of Default or an event or circumstance that could with the giving of notice, lapse of time, issue of a certificate and/or fulfilment of any other requirement provided for in Condition 11 (*Events of Default*) become an Event of Default (a "**Potential Event of Default**") has occurred and the Trustee has actual notice of such occurrence, such proportion of the Charged Assets shall be deemed to have been released from the security created under the Trust Deed.

(j) *Cancellation*

All Notes which are redeemed or purchased by the Issuer will forthwith be cancelled (together with, in the case of Definitive Bearer Notes, all unmatured Receipts, Coupons and Talons attached thereto or surrendered therewith at the time of redemption), and may not be reissued or resold. Upon such cancellation, in the case of Notes which are admitted to trading on the regulated market of the Luxembourg Stock Exchange and listed on the Official List of the Luxembourg Stock Exchange, the Issuer will forthwith inform the Luxembourg Stock Exchange of such cancellation. All Notes so cancelled and any Notes purchased and cancelled pursuant to paragraph (i) above (together with, in the case of Definitive Bearer Notes, all unmatured Receipts, Coupons and Talons cancelled therewith) shall be forwarded to the Issuing and Paying Agent or, in the case of Registered Notes, the Registrar, and cannot be reissued or resold.

(k) *Late Payment on Zero Coupon Notes*

If the amount payable in respect of any Zero Coupon Note upon redemption of such Zero Coupon Note, except for Registered Notes, pursuant to paragraphs (c), (d), (f), (l) or (m) or upon its becoming due and repayable as provided in Condition 11 (*Events of Default*) is improperly withheld or refused, the amount due and repayable in respect of such Zero Coupon Note shall be the amount calculated as provided in Condition 7(e)(iv) above as though the references therein to the date fixed for the redemption or the date upon which the Zero Coupon Note becomes due and repayable were replaced by references to the date which is the earlier of:

- (i) the date on which all amounts due in respect of the Zero Coupon Note have been paid; and
- (ii) the date on which the full amount of the moneys payable in respect of such Zero Coupon Notes has been received by the Issuing and Paying Agent or the Trustee and notice to that effect has been given to the Noteholders in accordance with Condition 18 (*Notices*).

(l) *Early Redemption Events*

The applicable Final Terms may specify that any of the following events applies. If any does so apply then in each case, in the event that the Calculation Agent notifies the Issuer and (if applicable) the Guarantor in writing (with a copy to the Trustee, on which notification the Trustee shall rely without further investigation or enquiry) that it has determined that one or more (as applicable) of the following events (each, an "**Early Redemption Event**") has occurred:

- (i) there is a payment default in respect of any of the Charged Assets (other than the relevant Swap Agreement) (an "**Asset Payment Default Event**"); or
- (ii) the issuer or primary obligor in respect of any of the Charged Assets (each, a "**Charged Assets Issuer**") or any guarantor of the Charged Assets Issuer's obligations in respect of any Charged Assets fails to perform or observe any of its obligations under the relevant Charged Assets and the failure continues after the expiration of any applicable grace

period or the occurrence of any event (including, but not limited to, default, event of default, or other similar condition or event (howsoever described)) that results in the Charged Assets becoming capable of being declared due and payable before they would otherwise have been due and payable (an "**Asset Default Event**"); or

- (iii) any of the Charged Assets is, for any reason, redeemed or otherwise terminated prior to its scheduled redemption or termination date (an "**Asset Redemption Event**"); or
- (iv) there is a payment default in respect of any of the Charged Assets (other than the relevant Swap Agreement) or the aggregate amount received by the Issuer in respect of the Charged Assets on the redemption date, expiration date or other date for final payment in respect of the Charged Assets is less than the aggregate of the Final Redemption Amounts payable by the Issuer in respect of the Notes (an "**Asset Payment Shortfall Event**"); or
- (v) on or after the Trade Date, (A) due to the adoption of any change in any applicable law or regulation (including, without limitation, any tax law) or (B) due to the promulgation of or any change in the interpretation by any court, tribunal or regulatory authority with competent jurisdiction of any applicable law or regulation (including any action taken by a taxing authority or brought in a court of competent jurisdiction), either (1) any amount is required to be deducted or withheld for or on account of any tax, levy, impost, duty, charge, assessment or fee of any nature imposed by any government or other taxing authority in respect of any payment to be received by the Issuer under one or more Charged Assets or (2) the Issuer becomes obliged to pay any amount for or on account of any tax, levy, impost, duty, charge, assessment or fee of any nature imposed by any government or other taxing authority in respect of (I) any payment received by the Issuer under one or more Charged Asset or (II) holding, acquiring or disposing of any Charged Asset (a "**Compartment Tax Event**"); or
- (vi) the early termination of any Swap Agreement (or any other agreement specified as a Related Agreement in the Final Terms) entered into in respect of the Notes other than where the Issuer is the Defaulting Party (as defined in the relevant Swap Agreement) thereunder and the relevant event of default relates to the insolvency of the Issuer or is an event of default under the Notes or due to the purchase by the Issuer of all the outstanding Notes of a series (a "**Related Agreement Termination Event**"); or
- (vii) where an Annex to these Conditions is applicable, and/or in accordance with Condition 7(o)(B) below, the Calculation Agent notifies the Issuer that an event has occurred in respect of which the Calculation Agent in good faith and in a commercially reasonable manner determines it is not possible to make an adjustment in respect of such event and that the Notes should be redeemed early as contemplated in either (A) such Annex or (B) Condition 7(o)(B), as the case may be (an "**Annex Early Redemption Event**"); or
- (viii) on or after the Trade Date, (A) due to the adoption of or any change in any applicable law or regulation (including, without limitation, any law or regulation in respect of tax, solvency or capital requirements), or (B) due to the promulgation of or any change in the interpretation by any court, tribunal or regulatory authority with competent jurisdiction of any applicable law or regulation (including any action taken by a taxing or financial authority), or the combined effect thereof if occurring more than once, the Issuer or the Calculation Agent determines in good faith and in a commercially reasonable manner that it has become illegal for (1) the Issuer to perform its obligations in respect of any Notes or the Swap Counterparty to perform its obligations in respect of any Swap Agreement, (2) for the Issuer to hold, acquire or dispose of relevant hedge positions relating to any Notes or for the Swap Counterparty to hold, acquire or dispose of relevant hedge positions relating to any Swap Agreement save where such an event in (A) or (B) would constitute an Additional Disruption Event or an Optional Additional Disruption Event (in the case of Index Linked Notes, Share Linked Notes, Commodity Linked Notes, Currency Linked

Notes, Underlying Interest Rate Linked Notes or ETI Linked Notes) or an Extraordinary Fund Event (in the case of Fund Linked Notes) or an Extraordinary ETI Event (in the case of ETI Linked Notes) or the Notes are Inflation Linked Notes, or (3) for the Issuer to hold, acquire or dispose of any Compartment Assets (a "**Compartment Change in Law Event**"); or

(ix) the Calculation Agent determines that, on or after the Trade Date, any of the following has occurred in respect of the Reference Securities:

- (A) any event (by way of change to the actual terms and conditions applicable to the Reference Securities or by way of exchange of the Reference Securities with another asset) which would cause (1) a reduction in the amount of interest payable or the amount of scheduled interest accruals, (2) a reduction in the amount of principal or premium payable at maturity or at scheduled redemption dates, (3) a postponement or other deferral of a date or dates for either (I) the payment or accrual of interest or (II) the payment of principal or premium, (4) a change in the ranking in priority of payment of any obligation of the issuer of the Reference Securities, causing the subordination of the Reference Securities to any other obligation or any change in the currency or composition of any payment of interest or principal under the Reference Securities; or
- (B) any expropriation, transfer or other event which mandatorily changes the beneficial holder of the Reference Securities or a cancellation, conversion or compulsory exchange of the Reference Securities; or
- (C) any event analogous to the events specified in (A) or (B),

(a "**Reference Securities Restructuring Event**");

- (x) (A) any event occurs as a result of action taken or announcement made by a governmental authority pursuant to, or by means of, a restructuring and resolution law or regulation or any other similar law or regulation, in any case, irrespective of whether such event is expressly provided for under the terms of the Reference Securities which would cause (1) a reduction in the amount of interest payable or the amount of scheduled interest accruals (including by way of redenomination), (2) a reduction in the amount of principal or premium payable at maturity or at scheduled redemption dates (including by way of redenomination), (3) a postponement or other deferral of a date or dates for either (I) the payment or accrual of interest or (II) the payment of principal or premium, (4) a change in the ranking in priority of payment of any obligation of the issuer of the Reference Securities, causing the subordination of the Reference Securities to any other obligation, or (5) any change in the currency or composition of any payment of interest or principal under the Reference Securities; or
- (B) any expropriation, transfer or other event which mandatorily changes the beneficial holder of the Reference Securities, or a mandatory cancellation, conversion or exchange; or
- (C) any event which has an analogous effect to any of the events specified in (A) and/or (B),

(a "**Reference Securities Regulatory Event**"); or

- (xi) an authorised officer of the issuer of the Charged Assets or any guarantor of the obligations of the issuer of the Charged Assets in respect of any Charged Assets or a governmental authority disaffirms, disclaims, repudiates or rejects, in whole or in part, or challenges the validity of the Charged Assets or declares or imposes a moratorium,

standstill, roll-over or deferral, whether de facto or de jure, with respect to the Charged Assets (a "**Charged Assets Repudiation/Moratorium Event**"); or

- (xii) the issuer, or primary obligor, or guarantor in respect of any of the Charged Assets:
  - (A) is dissolved (other than pursuant to a consolidation, amalgamation or merger);
  - (B) becomes insolvent or is unable to pay its debts or fails or admits in writing in a judicial, regulatory or administrative proceeding or filing its inability generally to pay its debts as they become due;
  - (C) makes a general assignment, arrangement, scheme or composition with or for the benefit of its creditors generally, or such a general assignment, arrangement, scheme or composition becomes effective;
  - (D) institutes or has instituted against it a proceeding seeking a judgment of insolvency or bankruptcy or any other similar relief under any bankruptcy or insolvency law or other law affecting creditors' rights, or a petition is presented for its winding-up or liquidation, and, in the case of any such proceeding or petition instituted or presented against it, such proceeding or petition: (1) results in a judgment of insolvency or bankruptcy or the entry of an order for relief or the making of an order for its winding-up or liquidation; or (2) is not dismissed, discharged, stayed or restrained in each case within thirty calendar days of the institution or presentation thereof;
  - (E) has a resolution passed for its winding-up or liquidation (other than pursuant to a consolidation, amalgamation or merger);
  - (F) seeks or becomes subject to the appointment of an administrator, provisional liquidator, conservator, receiver, trustee, custodian or other similar official for it or for all or substantially all its assets;
  - (G) has a secured party take possession of all or substantially all its assets or has a distress, execution, attachment, sequestration or other legal process levied, enforced or sued on or against all or substantially all its assets and such secured party maintains possession, or any such process is not dismissed, discharged, stayed or restrained, in each case within thirty calendar days thereafter; or
  - (H) causes or is subject to any event with respect to it which, under the applicable laws of any jurisdiction, has an analogous effect to any of the events specified in subparagraphs (A) to (G) (inclusive) above,

(a "**Charged Assets Issuer Bankruptcy Event**"); or

- (xiii) the Calculation Agent determines the Issuer is unable (due to reasons outside its control) to purchase the Reference Securities on the applicable Initial Reference Security Purchase Date(s), and such inability continues for a period of three (3) Business Days (or such longer period as may be determined by the Calculation Agent) after the applicable Initial Reference Security Purchase Date (a "**Reference Securities Impossibility Event**"), where the "**Initial Reference Security Purchase Date(s)**" means the date or dates specified as such in the applicable Final Terms,

the Issuer shall forthwith give not more than 30 nor less than 15 days' notice (which notice shall be irrevocable) to the Trustee and the Noteholders pursuant to Condition 18 (*Notices*) prior to the specified date of redemption that it intends to redeem the Notes in accordance with this Condition 7(l), and upon the expiry of such notice, the Issuer shall redeem all, but not some only, of the Notes at their Early Redemption Amount, together, if appropriate, with accrued interest to (but

excluding) the date of redemption specified in the relevant notice (the "**Early Redemption Date**"), provided that, where Maturity Date Extension applies as set out in Condition 7(n) (*Maturity Date Extension*), such redemption shall take place in accordance with Condition 7(n).

Where Swap Termination Without Redemption is specified as applicable in the applicable Final Terms, the Swap Agreement shall be deemed not to be included in the term "Charged Assets" as used in Conditions 7(l)(i) to (iv) (inclusive) and the definition of Related Agreement Termination Event in Condition 7(l)(vi) shall not apply and shall be replaced by the following definition:

"(vi) the early termination of any Swap Agreement entered into in respect of the Notes other than where (i) the Issuer is the Defaulting Party (as defined in the relevant Swap Agreement) and the relevant event of default relates to the insolvency of the Issuer, (ii) a Swap Default has occurred, (iii) where an Annex to these Conditions is applicable or Condition 7(o)(B) applies, the Swap Agreement terminates in whole or in part as a result of an event in respect of which the Calculation Agent determines that it is not possible to make an adjustment to the terms of the Notes in respect of such event in accordance with such Annex or Condition 7(o)(B) but due to the application of provisions relating to delayed redemption in the relevant Annex or Condition 7(o)(B)(c), the Notes are not due to be redeemed until the Maturity Date or (iv) the Swap Agreement terminates due to the purchase by the Issuer of all the outstanding Notes of a series (a "**Related Agreement Termination Event**");"

(m) *Redemption for taxation and other reasons*

- (i) If so specified in the Final Terms, then if the Issuer, on the occasion of the next payment due in respect of the Notes, would be required by law to withhold or account for tax or would suffer tax in respect of its income or payments so that it would be unable to make payment of the full amount due, the Issuer shall so inform the Trustee and the Swap Counterparty in writing and shall use all reasonable endeavours to arrange the substitution of a company incorporated in another jurisdiction approved in writing by the Trustee and the Swap Counterparty as the principal obligor or to change (to the satisfaction of the Trustee and the Swap Counterparty) its residence for taxation purposes to another jurisdiction approved in writing by the Trustee and the Swap Counterparty and, if it is unable to arrange such substitution or change before the next payment is due in respect of the Notes, the Issuer shall forthwith give not more than 30 nor less than 15 days' notice (unless otherwise specified in the Final Terms) to the Trustee and the Noteholders (which notice shall be irrevocable), and upon expiry of such notice shall redeem all but not some only of the Notes at their Early Redemption Amount together with interest (if any) accrued to the date fixed for redemption. Such notice shall be given promptly upon the occurrence of any of the above events.
- (ii) Where this Condition 7(m) is specified as being applicable in the applicable Final Terms, if (x) a Swap Agreement is terminated in whole for any reason save for where Condition 7(f) (*Redemption following Swap Counterparty optional termination*) is applicable and the Swap Counterparty exercises its rights to terminate the Swap Agreement according to its terms or a Repurchase Agreement is terminated for any reason, or a Deposit Agreement is terminated for any reason in each case save where the Issuer has purchased all the Notes pursuant to, and in accordance with, Condition 7(i) (*Purchases*); or (y) the Issuer satisfies the Trustee (by the provision of such certificates and opinions as the Trustee deems necessary) that the performance of its obligations under the Notes or that any arrangements made to hedge its position under the Notes have or will become unlawful, illegal or otherwise prohibited in whole or in part as a result of compliance with any applicable present or future law, rule, regulation, judgment, order or directive of any governmental, administrative, legislative or judicial authority or power, or in the interpretation thereof, then the Issuer shall forthwith give not more than 25 nor less than 10 days' notice (unless otherwise specified in the Final Terms) to the Trustee, the Noteholders and the Swap Counterparty (which notice shall be irrevocable) and on the

expiry of such notice shall redeem all but not some only of the Notes at their Early Redemption Amount together with interest (if any) accrued to the date fixed for redemption. Such notice shall be given promptly upon the occurrence of either of the above events and such redemption made, unless the Trustee shall certify to the Issuer that it considers in its absolute discretion that it is in the interests of the holders of the Notes that such notice and redemption be delayed or not given or made, as the case may be, or an Extraordinary Resolution of the holders of the Notes shall otherwise direct.

(n) *Maturity Date Extension*

Where:

- (A) "**Maturity Date Extension**" is specified in the applicable Final Terms as being applicable on the Early Redemption Date (or on the Maturity Date if the Early Redemption Event occurs on such date); and/or
- (B) Swap Termination Without Redemption is specified in the applicable Final Terms as being applicable, a Swap Default has occurred and the Issuer has not received any Early Termination Amount (as defined in the Swap Agreement) due to it in the manner set out in Condition 8(k) (*Swap termination*) on or prior to the Maturity Date,

the terms of this Condition 7(n) shall apply as set out below, provided that, where sub-clause (B) applies and no Early Redemption Event has also occurred, the provisions of Conditions 7(n)(i), 7(n)(ii), 7(n)(vi) and 7(n)(vii) only shall apply.

- (i) Where the Issuer has not received in full the amount it is scheduled to receive on or prior to such date in respect of any of the Charged Assets relating to the relevant Notes (such assets, the "**Non-Performing Assets**") it shall, on the Early Redemption Date or the Maturity Date, as the case may be, pay any amounts it has received in respect of the Charged Assets *pro rata* to the Noteholders (provided that all amount(s) which are to be deducted from such amounts in accordance with the definition of Liquidation Proceeds have been paid in full or, where a Swap Default has occurred and Swap Termination Without Redemption applies and no Early Redemption Event has also occurred, the amounts which are to be deducted as set out in Condition 8(k) (the "**Deduction Amounts**")) and redemption in full of the Notes will be postponed until the date specified in the applicable Final Terms as the "Extended Maturity Date" (the "**Extended Maturity Date**"), provided that if during the Extension Period the Calculation Agent gives at least three Business Days' notice to the Issuer that the Calculation Agent, in good faith and in a commercially reasonable manner, has determined that the Issuer will not receive any further amounts in respect of the Non-Performing Assets and that it will not be possible to realise any further amounts in respect of the Non-Performing Assets, the date on which such notice expires shall be deemed to be the actual Extended Maturity Date and no further amounts shall be paid by the Issuer in respect of the Notes following such date.
- (ii) On each day in the Extension Period falling three Business Days after the receipt of any amounts by the Issuer in respect of any Non-Performing Asset, the Issuer shall procure that such amounts are paid *pro rata* to the Noteholders as set out in Condition 7(n)(v) and provided that the Deduction Amounts have been paid in full.
- (iii) The Issuer shall appoint an agent (which may be the Swap Counterparty, provided the Swap Counterparty is not the obligor in respect of a relevant Non Performing Asset, or the Trustee or any other party which the Issuer may appoint with the consent of the Trustee) to assist it in recovering amounts in respect of the Non Performing Assets (a "**Realisation Agent**"). Any fees, costs and expenses charged and incurred by the relevant Realisation Agent will be deducted from the amounts available to pay Noteholders or any other Secured Party which is entitled to such amounts.

- (iv) If "Sale of Assets" is specified in the applicable Final Terms and there is a Non-Performing Asset, the Issuer shall, at the request of the Calculation Agent, procure that any Non-Performing Asset and any other Charged Asset in respect of the relevant Compartment (or the Issuer's rights thereto) which the Issuer is requested by the Calculation Agent to sell shall be sold by the relevant Disposal Agent prior to the Extended Maturity Date and the proceeds from such sale (less any costs or expenses incurred in such sale) will be applied in accordance with the terms of this Condition 7(n) and, if the Calculation Agent determines, acting in good faith and in a commercially reasonable manner, that such sale is not possible in respect of any Non-Performing Asset, it shall be deemed that the amount received in respect of such Non-Performing Asset is equal to zero.
  - (v) The total amount received in respect of the Charged Assets in the period from, and including, the Maturity Date or the Early Redemption Date, as the case may be, to, but excluding, the Extended Maturity Date (the "**Extension Receipts**") shall be deemed to form part of the Liquidation Proceeds as set out in Condition 7(e) provided that, to the extent amounts are owed to Secured Parties other than the Noteholders in respect of the relevant Series of Notes, the Issuer shall apply the Extension Receipts in accordance with the applicable Order of Priority which would apply following a Note Acceleration in respect of the Notes and any reference to amounts being paid to the Noteholders in this Condition 7(n) shall be construed accordingly.
  - (vi) No interest shall accrue on the Notes for the period from, and including, the Maturity Date or the Early Redemption Date, as the case may be, to, and including, the Extended Maturity Date if redemption of the Notes in whole or in part is postponed to the Extended Maturity Date in accordance with this Condition 7(n) unless specified otherwise in the applicable Final Terms.
  - (vii) As used in this Condition 7(n), "Extension Period" means the period from, but excluding, the Maturity Date or the Early Redemption Date to, and including, the Extended Maturity Date.
- (o) *Additional Disruption Events and Optional Additional Disruption Events*

(A) **Definitions**

"**Affiliate**" means in relation to any entity (the "**First Entity**"), any entity controlled, directly or indirectly, by the First Entity, any entity that controls, directly or indirectly, the First Entity or any entity directly or indirectly under common control with the First Entity. For these purposes "control" means ownership of a majority of the voting power of an entity.

"**Additional Disruption Event**" means each of Change in Law and Hedging Disruption (unless specified to be not applicable in the applicable Final Terms);

"**Cancellation Event**" means that in the determination of the Calculation Agent all or some of the Debt Securities are redeemed prior to their stated maturity date for any reason, and as a result thereof it is impossible, impracticable or unduly onerous for (i) the Issuer to hedge the Issuer's obligations in respect of the Notes and/or (ii) the Swap Counterparty or its Affiliates to hedge the Swap Counterparty's obligations in respect of the Swap Agreement;

"**Change in Law**" means that, on or after the Trade Date (a) due to the adoption of or any change in any applicable law or regulation (including, without limitation, any law or regulation in respect of tax, solvency or capital requirements), or (b) due to the promulgation of or any change in the interpretation or application of any law or regulation by any court, tribunal or regulatory or other supervisory authority with competent

jurisdiction (including any action taken by a taxing or financial authority or any supervisory authority) or the combined effect thereof if occurring more than once, the Calculation Agent determines acting in good faith and in a commercially reasonable manner that:

- (a) it has become illegal for the Issuer, the Swap Counterparty and/or any of the Swap Counterparty's Affiliates to hold, acquire or dispose of any relevant hedge position relating to an Index (in the case of Index Linked Notes), any relevant hedge position relating to a Debt Security (in the case of Debt Linked Notes), any relevant hedge position relating to a Share (in the case of Share Linked Notes), any relevant hedge position relating to an ETI (in the case of ETI Linked Notes), any relevant hedge position relating to a Commodity or Commodity Index (in the case of Commodity Linked Notes), any relevant hedge position relating to a Fund Share (in the case of Fund Linked Notes) or any other hedge position relating to the Notes (each a "**Hedge**"); or
- (b) the Swap Counterparty or any of its Affiliates would incur a materially increased cost (including, without limitation, in respect of any tax, solvency, regulatory or capital requirements) in performing its obligations in respect of the Swap Agreement or, unless Hedge Maintenance Cost is specified as not applicable in the applicable Final Terms, in holding, acquiring or disposing of any Hedge;

**"Currency Event"** means that, on or after the Trade Date, it has become impracticable, illegal or impossible for the Issuer or the Swap Counterparty or any of the Swap Counterparty's Affiliates (a) to convert the relevant currency ("**Local Currency**") in which the Index, the Shares or the Debt Securities or any options or futures contracts or other hedging arrangement in relation to the Index, the Shares or the Debt Securities (for the purposes of hedging the Issuer's obligations under the Notes or the Swap Counterparty's obligations in respect of the Swap Agreement) are denominated, into the currency specified as the Settlement Currency in the applicable Final Terms (the "**Settlement Currency**"), as the case may be, or exchange or repatriate any funds in the Local Currency or the Settlement Currency outside of the country in which the Index, the Shares or the Debt Securities or any options or futures contracts in relation to the Index, the Shares or the Debt Securities respectively are traded due to the adoption of, or any change in, any applicable law, rule, regulation, judgment, order, directive or decree of any Government Authority or otherwise, or (b) for the Calculation Agent to determine a rate or (in the determination of the Calculation Agent) a commercially reasonable rate at which the Local Currency can be exchanged for the Settlement Currency for payment under the Notes;

**"Failure to Deliver due to Illiquidity"** means, in the opinion of the Calculation Agent, it is impossible or impracticable to deliver, when due, some or all of the Relevant Assets (the "**Affected Relevant Assets**") comprising the Entitlement, where such failure to deliver is due to illiquidity in the market for the Relevant Assets;

**"Extraordinary External Event"** means that, on or after the Trade Date, the performance of the Issuer's obligations under the Notes is prevented or materially hindered or delayed due to:

- (a) any act (other than a Market Disruption Event), law, rule, regulation, judgment, order, directive, interpretation, decree or material legislative or administrative interference of any Government Authority or otherwise; or
- (b) the occurrence of civil war, disruption, military action, unrest, political insurrection, terrorist activity of any kind, riot, public demonstration and/or

protest, or any other financial or economic reasons or any other causes or impediments beyond such party's control; or

- (c) any expropriation, confiscation, requisition, nationalisation or other action taken or threatened by any Government Authority that deprives the Issuer or the Swap Counterparty or any of its Affiliates, of all or substantially all of its assets in the Local Currency jurisdiction.

**"Government Authority"** means any nation, state or government, any province or other political subdivision thereof, any body, agency or ministry, any taxing, monetary, foreign exchange or other authority, court, tribunal or other instrumentality and any other entity exercising, executive, legislative, judicial, regulatory or administrative functions of or pertaining to government;

**"Hedging Disruption"** means that the Swap Counterparty and/or any of its Affiliates is unable, after using commercially reasonable efforts, to (a) acquire, establish, re-establish, substitute, maintain, unwind or dispose of any transaction(s) or asset(s) or any futures or option contracts it deems necessary to hedge the equity price risk or any other relevant price risk including but not limited to the currency risk of the Swap Counterparty performing its obligations with respect to the Swap Agreement, or (b) freely realise, recover, remit, receive, repatriate or transfer the proceeds of any such transaction(s), asset(s) or futures or options contract(s) or any relevant hedge positions relating to the Swap Agreement, as determined by the Calculation Agent;

**"Hedging Shares"** means the number of components comprised in an Index (in the case of Index Linked Notes), or the number of Shares (in the case of Share Linked Notes) that the Swap Counterparty and/or any of its Affiliates deems necessary to hedge the equity or other price risk of entering into and performing its obligations with respect to the Swap Agreement;

**"Hedging Party Default"** means any hedging counterparty to the Swap Counterparty and/or Affiliate of the Swap Counterparty in respect of the Swap Agreement relating to the Notes announces its inability to meet its financial obligations, ceases its payments or a court in its jurisdiction of incorporation opens insolvency proceedings against it and the Swap Counterparty and/or Affiliate of the Swap Counterparty is unable to replace such hedging counterparty on terms acceptable to the Swap Counterparty or the relevant Affiliate of the Swap Counterparty, as the case may be;

**"Increased Cost of Hedging"** means that the Swap Counterparty and/or any of its Affiliates would incur a materially increased (as compared with circumstances existing on the Trade Date) amount of tax, duty, expense or fee (other than brokerage commissions) to (a) acquire, establish, re-establish, substitute, maintain, unwind or dispose of any transaction(s) or asset(s) or any futures or options contract on any Commodity or, in the case of a Commodity Index, Index Component (in the case of Commodity Linked Notes) or, in respect of any Index Linked Notes relating to a Custom Index, any relevant hedge positions relating to an Index or, in respect of any Debt Linked Notes, any relevant hedge positions relating to a Debt Security, it deems necessary to hedge the market risk (including, without limitation, equity price risk, foreign exchange risk and interest risk) of the Swap Counterparty performing its obligations under the Swap Agreement entered into with respect to the Notes, or (b) realise, recover or remit the proceeds of any such transaction(s) or asset(s) or any such futures or options contract(s) or, in respect of any Index Linked Notes relating to a Custom Index, any relevant hedge positions relating to an Index or, in respect of any Debt Linked Notes, any relevant hedge positions relating to a Debt Security, provided that any such materially increased amount that is incurred solely due to the deterioration of the creditworthiness of the Swap Counterparty and/or any of its Affiliates shall not be deemed an Increased Cost of Hedging;

**"Increased Cost of Stock Borrow"** means that the Swap Counterparty and/or any of its Affiliates would incur a rate to borrow any component security comprised in an Index (in the case of Index Linked Notes) or any Share (in the case of Share Linked Notes) that is greater than the Initial Stock Loan Rate;

**"Initial Stock Loan Rate"** means, in respect of a component security comprised in an Index (in the case of Index Linked Notes) or a Share (in the case of Share Linked Notes), the initial stock loan rate specified in relation to such Share, security, component or commodity in the applicable Final Terms;

**"Insolvency Filing"** means that a Share Company or Basket Company institutes or has instituted against it by a regulator, supervisor or any similar official with primary insolvency, rehabilitative or regulatory jurisdiction over it in the jurisdiction of its incorporation or organisation or the jurisdiction of its head or home office, or it consents to a proceeding seeking a judgment of insolvency or bankruptcy or any other relief under any bankruptcy or insolvency law or other similar law affecting creditors' rights, or a petition is presented for its winding-up or liquidation by it or such regulator, supervisor or similar official or it consents to such a petition, provided that proceedings instituted or petitions presented by creditors and not consented to by the Share Company or Basket Company shall not be deemed an Insolvency Filing;

**"Jurisdiction Event"** means that, on or after the Trade Date, it has become impracticable, illegal or impossible for the Issuer or the Swap Counterparty or any of its Affiliates to purchase, sell, hold or otherwise deal (or to continue to do so in the future) in the Index, the Shares or the Debt Securities or, unless Hedging Arrangements is specified as not applicable in the applicable Final Terms, any options or futures contracts in relation to the Index, the Shares or the Debt Securities in order for the Issuer to perform its obligations:

- (a) under the Notes; or
- (b) unless Hedging Arrangements is specified as not applicable in the applicable Final Terms, in respect of any relevant hedging arrangements in connection with the Notes (including, without limitation, any purchase, sale or entry into or holding of one or more securities positions, currency positions, stock loan transactions, derivatives position, commodity position or other instruments or arrangements (however described) by the Issuer or the Swap Counterparty and/or any of its Affiliates in order to hedge, either individually or on a portfolio basis, the Notes)

or the costs of so doing would (in the determination of the Calculation Agent acting in good faith and in a commercially reasonable manner) be materially increased under the restriction or limitation of the existing or future law, rule, regulation, judgment, order, interpretation, directive or decree of any Government Authority or otherwise;

**"Loss of Stock Borrow"** means that the Swap Counterparty and/or any of its Affiliates is unable, after using commercially reasonable efforts, to borrow (or maintain a borrowing of) any component security comprised in an Index (in the case of Index Linked Notes) or any Share (in the case of Share Linked Notes), in an amount equal to the Hedging Shares at a rate equal to or less than the Maximum Stock Loan Rate;

**"Maximum Stock Loan Rate"** means in respect of a component security comprised in an Index (in the case of Index Linked Notes) or a Share (in the case of Share Linked Notes), the Maximum Stock Loan Rate specified in the applicable Final Terms;

**"Optional Additional Disruption Event"** means any of Cancellation Event, Currency Event, Failure to Deliver due to Illiquidity, Extraordinary External Event, Increased Cost

of Hedging, Increased Cost of Stock Borrow, Jurisdiction Event, Insolvency Filing, Loss of Stock Borrow, Stop-Loss Event and/or Significant Alteration Event, in each case if specified in the applicable Final Terms;

**"Protected Amount"** means the amount specified as such in the applicable Final Terms;

**"Significant Alteration Event"** means any event or circumstance or combination of events or circumstances occurring after the Trade Date that is not attributable to the Issuer but which has as its consequence that the economic balance of the Notes as at the Trade Date is significantly altered, including, without limitation, where such event causes an illegality for the Issuer in performing its obligations under the Notes or causes a material increased cost for the Issuer as a consequence of change in tax laws, solvency or regulatory capital requirements, nationalisation, or regulatory action, or in other events of similar nature that comply with the above conditions, but, in each case, where such event does not constitute a force majeure;

**"Stop-Loss Event"** means, in respect of a Share, the price of any Share as quoted on the relevant Exchange for such Share at the Scheduled Closing Time on any Scheduled Trading Day that is not a Disrupted Day in respect of such Share on or after the Trade Date or, if later, the Strike Date, is less than 5 per cent., or such percentage specified in the applicable Final Terms, of its Strike Price or, if no Strike Price is specified in the applicable Final Terms, the price given as the benchmark price for such Share in the applicable Final Terms, all as determined by the Calculation Agent; and

**"Trade Date"** has the meaning given to it in the applicable Final Terms.

- (B) If an Additional Disruption Event and/or an Optional Additional Disruption Event occurs (other than in respect of Failure to Deliver due to Illiquidity), the Calculation Agent may take the action described in (a) or, if applicable, (b), (c), (d) or (e) below, as the case may be, provided that where the circumstances giving rise to such Additional Disruption Event and/or Optional Additional Disruption Event result in a determination, adjustment or calculation being made in respect of the relevant Swap Agreement, the Calculation Agent shall, to the extent applicable, make the corresponding determination, adjustment or calculation in respect of the Notes:
- (a) determine acting in good faith and in a commercially reasonable manner the appropriate adjustment, if any, to be made to any one or more of any Relevant Asset and/or the Entitlement and/or the Weighting and/or any of the other terms of these Terms and Conditions and/or the applicable Final Terms to account for the Additional Disruption Event and/or Optional Additional Disruption Event and determine the effective date of that adjustment;
  - (b)
    - (i) unless Delayed Redemption on Occurrence of Additional Disruption Event and/or Optional Additional Disruption Event, Market Value, Highest Value or Monetisation Option is specified in the applicable Final Terms, on giving notice to Noteholders in accordance with Condition 18 of the Notes (*Notices*), notify the Issuer and the Issuer shall redeem all but not some only of the Notes, each Note being redeemed by payment of an amount equal to the Early Redemption Amount in accordance with Condition 7(e), payment being made in such manner as shall be notified to the Noteholders in accordance with Condition 18 of the Notes (*Notices*); or
    - (ii) if Delayed Redemption on Occurrence of an Additional Disruption Event and/or Optional Additional Disruption Event is specified as being

applicable in the applicable Final Terms, on the Maturity Date the Issuer shall redeem each Note at an amount calculated by the Calculation Agent equal to the sum of (x) the Protected Amount (specified in the applicable Final Terms), (y) the Swap Early Termination Amount (if any) and (z) the Unused Charged Assets Proceeds (if any).

For the purposes of this Condition 7(o)(B)(c):

**"Swap Early Termination Amount"** means an amount (if any) equal to, in respect of each Note, and subject to a minimum of zero, a *pro rata* share of the sum of (1) the Early Termination Amount (as defined in the Swap Agreement) received by the Issuer under the Swap Agreement in connection with the termination of the Swap Agreement in whole or in part, and (2) any interest which has accrued in respect of the amount of such Early Termination Amount received by the Issuer (which may be a positive or negative figure); and

**"Unused Charged Assets Proceeds"** means any amounts received by the Issuer from the Charged Assets other than the Swap Agreement which have not been used on or prior to the Maturity Date to pay interest and/or redemption amounts otherwise payable in respect of the Notes, amounts due to the Swap Counterparty under the Swap Agreement (including in respect of any Early Termination Amount due to the Swap Counterparty) and/or any fees, costs or expenses due to the Trustee and/or any of the Agents; or

- (iii) if Highest Value is specified in the applicable Final Terms, the Issuer will on giving notice to Noteholders in accordance with Condition 18 of the Notes (*Notices*), redeem all but not some only of the Notes and pay to each Noteholder an amount in respect of each Note held by such Noteholder calculated and paid on such date determined in accordance with Condition 7(e)(ix); or
  - (iv) if Market Value is specified in the applicable Final Terms, the Issuer will on giving notice to Noteholders in accordance with Condition 18 of the Notes (*Notices*), redeem all but not some only of the Notes and pay to each Noteholder an amount in respect of each Note held by such Noteholder calculated and paid on such date determined in accordance with Condition 7(e)(x); or
  - (v) if Monetisation Option is specified in the applicable Final Terms, the Issuer will on giving notice to Noteholders in accordance with Condition 18 of the Notes (*Notices*), redeem all but not some only of the Notes and pay to each Noteholder an amount in respect of each Note held by such Noteholder calculated and paid on such date determined in accordance with Condition 7(e)(xi); or
- (c) in the case of Index Linked Notes linked to a Custom Index, use commercially reasonable efforts to select a successor index with a substantially similar formula for and method of calculation as the Custom Index within twenty (20) Scheduled Custom Index Business Days of the occurrence of the relevant Additional Disruption Event or Optional Additional Disruption Event and, upon selection of such successor index (the **"Successor Index"**), promptly notify the Issuer and the Issuer will give notice to the Noteholders in accordance with Condition 18 of the Notes (*Notices*) and such index shall become the Successor Index and deemed to be a "Custom Index" for the purposes of the Notes and the Calculation Agent

will make such adjustment, if any, to one or more of the Terms and Conditions and/or the applicable Final Terms as the Calculation Agent in good faith and in a commercially reasonable manner determines appropriate to account for the substitution. Such substitution and any relevant adjustment to the Terms and Conditions and/or the applicable Final Terms will be deemed to be effective as of the date selected by the Calculation Agent in good faith and in a commercially reasonable manner which may, but need not be the date on which the relevant Additional Disruption Event or Optional Additional Disruption Event occurred; or

- (d) in the case of Share Linked Notes linked to a Basket of Shares, adjust the Basket of Shares to include a Share selected by it in accordance with the criteria for Share selection set out below (each a "**Substitute Share**") for each Share (each an "**Affected Share**") which is affected by the Additional Disruption Event and/or Optional Additional Disruption Event and the Substitute Share will be deemed to be a "Share" and the relevant issuer of such shares a "Basket Company" for the purposes of the Notes, and the Calculation Agent will make such adjustment, if any, to any one or more of any Relevant Asset and/or the Entitlement (where the Notes are Physical Delivery Notes) and/or the Weighting and/or any of the other terms of these Terms and Conditions and/or the applicable Final Terms as the Calculation Agent acting in good faith and in a commercially reasonable manner determines appropriate, provided that in the event that any amount payable under the Notes was to be determined by reference to the Initial Price of the Affected Share, the Initial Price of each Substitute Share will be determined by the Calculation Agent in accordance with the following formula:

$$\text{Initial Price} = A \times (B/C)$$

where:

"A" is the official closing price of the relevant Substitute Share on the relevant Exchange on the Substitution Date;

"B" is the Initial Price of the relevant Affected Share; and

"C" is the official closing price of the relevant Affected Share on the relevant Exchange on the Substitution Date.

Such substitution and the relevant adjustment to the Basket of Shares will be deemed to be effective as of the date selected by the Calculation Agent (the "**Substitution Date**") acting in good faith and in a commercially reasonable manner and specified in the notice referred to below which may, but need not, be the relevant date of the Additional Disruption Event and/or Optional Additional Disruption Event.

The Weighting of each Substitute Share in the Basket of Shares will be equal to the Weighting of the relevant Affected Share.

In order to be selected as a Substitute Share, the relevant share must be a share which, in the determination of the Calculation Agent, acting in good faith and in a commercially reasonable manner:

- (i) is not already included in the Basket of Shares;
- (ii) the relevant issuer of such share belongs to the same economic sector as the Basket Company in respect of the Affected Share; and

- (iii) the relevant issuer of such share has a comparable market capitalisation, international standing and exposure as the Basket Company in respect of the Affected Share.
- (e) If a Failure to Deliver due to Illiquidity occurs, save in respect of Notes which are Credit Linked Notes where the provisions of Annex 10 (Additional Terms and Conditions for Credit Linked Securities) shall apply:
  - (X) subject as provided elsewhere in the Terms and Conditions of the Notes, any Relevant Assets which are not Affected Relevant Assets, will be delivered on the originally designated Maturity Date in accordance with Condition 6(b) (*Physical Delivery*); and
  - (Y) in respect of any Affected Relevant Assets, in lieu of physical settlement and notwithstanding any other provision hereof, the Calculation Agent may, in good faith and in a commercially reasonable manner, require that the Issuer satisfies its obligations in respect of the relevant Notes by payment to the relevant Noteholders of the Failure to Deliver Settlement Price on the fifth Business Day following the date that notice of such election is given to the Noteholders in accordance with Condition 18 (*Notices*). Payment of the Failure to Deliver Redemption Amount will be made in such manner as shall be notified to the Noteholders in accordance with Condition 18 (*Notices*).

For the purposes hereof:

**"Failure to Deliver Redemption Amount"** means, in respect of any relevant Note, the fair market value of such Note (taking into account the Relevant Assets comprising the Entitlement which have been duly delivered as provided above), less the cost to the Swap Counterparty and/or its Affiliates and/or the Issuer of, unless Unwind Costs are specified as not applicable in the applicable Final Terms, unwinding any underlying related hedging arrangements, all as determined by the Calculation Agent in good faith and in a commercially reasonable manner (or, where, as provided above some Relevant Assets have been delivered, and a *pro rata* portion thereof has been paid, such *pro rata* portion).

- (C) Notwithstanding the foregoing, the Calculation Agent will adjust any relevant terms of the Notes as it determines appropriate to preserve the economic equivalent of the obligations of the Issuer under the Notes.
- (D) Upon the occurrence of an Additional Disruption Event and/or Optional Additional Disruption Event, if the Calculation Agent determines that an adjustment in accordance with the above provisions is necessary it shall notify the Issuer thereof as soon as practicable and the Issuer shall give notice as soon as practicable to the Noteholders in accordance with Condition 18 (*Notices*) stating the occurrence of the Additional Disruption Event and/or Optional Additional Disruption Event, as the case may be, giving details thereof and the action proposed to be taken in relation thereto.
- (E) In determining to take a particular action as a result of an Additional Disruption Event or Optional Additional Disruption Event, the Calculation Agent is under no duty to consider the interests of Noteholders or any other person. In making any determination as to which action to take following the occurrence of an Additional Disruption Event or Optional Additional Disruption Event, (to the extent permitted by any applicable law) none of the Calculation Agent, the Issuer or the Swap Counterparty shall be responsible for any loss (including liability in respect of interest), underperformance or opportunity cost suffered or incurred by Noteholders or any other person in connection with the Notes as a result thereof, howsoever arising including as a result of any delay in making any payment or delivery in respect of the Notes.

(p) *Payout Switch*

If Payout Switch is specified as applicable in the applicable Final Terms (i) if Payout Switch Election is specified as applicable in the applicable Final Terms, the Issuer shall (where a corresponding election is made by the Swap Counterparty in respect of the Swap Agreement relating to the Notes) elect that or (ii) if Automatic Payout Switch is specified as applicable in the applicable Final Terms and an Automatic Payout Switch Event occurs, the Redemption/Payment Basis for the Notes will be amended (a "**Payout Switch**") from the Redemption/Payment Basis specified in the Final Terms to the Switched Payout specified in the applicable Final Terms on and after the Payout Switch Date specified in the applicable Final Terms. Notice of any Payout Switch will be given to Noteholders in accordance with Condition 18.

**"Automatic Payout Switch Event"** means that the SPS APS Value is (a) "greater than", (b) "equal to or greater than", (c) "less than" or (d) "less than or equal to", as specified in the applicable Final Terms, the Automatic Payout Switch Level, (x) on a SPS APS Valuation Date or (y) in respect of a SPS APS Valuation Period, as specified in the applicable Final Terms;

**"Automatic Payout Switch Level"** means the number, amount, level or percentage specified as such in the applicable Final Terms;

**"SPS APS Value"** means the value from Payout Condition 1.6, 1.7, 1.8, 1.9 or 1.10 specified as such in the applicable Final Terms;

**"SPS APS Valuation Date"** means each Averaging Date, Pricing Date and/or Settlement Price Date specified as such in the applicable Final Terms; and

**"SPS APS Valuation Period"** means each period specific as such in the applicable Final Terms.

(q) *Knock-in Event and Knock-out Event*

(A) If "Knock-in Event" is specified as applicable in the applicable Final Terms, then any payment and/or delivery, as applicable, under the relevant Notes which is expressed in the applicable Final Terms to be subject to a Knock-in Event, shall be conditional upon the occurrence of such Knock-in Event.

(B) If "Knock-out Event" is specified as applicable in the applicable Final Terms, then any payment and/or delivery, as applicable, under the relevant Notes which is expressed in the applicable Final Terms to be subject to a Knock-out Event, shall be conditional upon the occurrence of such Knock-out Event.

(C) In respect of Index Linked Notes, Share Linked Notes, Debt Linked Notes or ETI Linked Notes, if the Knock-in Valuation Time or the Knock-out Valuation Time specified in the applicable Final Terms is the Valuation Time and if on any Knock-in Determination Day or Knock-out Determination Day (a) in respect of Notes other than Custom Index Linked Notes or Debt Linked Notes, at any time during the one hour period that begins or ends at the Valuation Time the Level triggers the Knock-in Level or the Knock-out Level, a Trading Disruption, Exchange Disruption or Early Closure occurs or exists, or (b) in respect of Custom Index Linked Notes or Debt Linked Notes, a Custom Index Disruption Event or Market Disruption Event, as applicable, is occurring, then the Knock-in Event or the Knock-out Event shall be deemed not to have occurred; provided that if, by operation of this provision, no Knock-in Determination Day or Knock-out Determination Day would occur in the Knock-in Determination Period or Knock-out Determination Period, the Knock-in Period Ending Date or Knock-out Period Ending Date shall be treated as a Valuation Date and the Calculation Agent shall determine the Level as at the Knock-in Valuation Time or Knock-out Valuation Time in accordance with the provisions contained in the definition of "Valuation Date" for the purposes of determining the occurrence of a Knock-in Event or Knock-out Event.

- (D) In respect of Commodity Linked Notes or Currency Linked Notes, if the Knock-in Valuation Time or the Knock-out Valuation Time specified in the applicable Final Terms is the Valuation Time and if any Knock-in Determination Day or Knock-out Determination Day is a Commodity Disrupted Day or a Disrupted Day, as applicable, then such Knock-in Determination Day or Knock-out Determination Day will be deemed not to be a Knock-in Determination Day or Knock-out Determination Day for the purposes of determining the occurrence of a Knock-in Event or a Knock-out Event.
- (E) In respect of Notes other than Custom Index Linked Notes or Debt Linked Notes, if the Knock-in Valuation Time or the Knock-out Valuation Time specified in the applicable Final Terms is any time or period of time during the regular trading hours on the relevant Exchange and if on any Knock-in Determination Day or Knock-out Determination Day and at any time during the one-hour period that begins or ends at the time on which the Level triggers the Knock-in Level or the Knock-out Level, (a) in the case of Index Linked Notes, Share Linked Notes or ETI Linked Notes, a Trading Disruption, Exchange Disruption or Early Closure, (b) in the case of Currency Linked Notes, a Disruption Event or (c) in the case of Commodity Linked Notes, a Market Disruption Event, in each case occurs or exists, then the Knock-in Event or the Knock-out Event shall be deemed not to have occurred, provided that, in the case of Notes other than Commodity Linked Notes or Currency Linked Notes, if, by operation of this provision, no Knock-in Determination Day or Knock-out Determination Day would occur in the Knock-in Determination Period or Knock-out Determination Period, the Knock-in Period Ending Date or Knock-out Period Ending Date shall be treated as a Valuation Date and the Calculation Agent shall determine the Level as at the Knock-in Valuation Time or Knock-out Valuation Time in accordance with the provisions contained in the definition of "Valuation Date" for the purposes of determining the occurrence of a Knock-in Event or Knock-out Event.
- (F) In respect of Debt Linked Notes, if the Knock-in Valuation Time or the Knock-out Valuation Time specified in the applicable Final Terms is any time or period of time during the regular trading hours on the exchange on which the relevant Debt Security is traded or on any exchange on which options contracts or futures contracts with respect to such Debt Security are traded and if on any Knock-in Determination Day or Knock-out Determination Day and at any time at which the Level triggers the Knock-in Level or the Knock-out Level, a Market Disruption Event has occurred or is occurring, then the Knock-in Event or the Knock-out Event shall be deemed not to have occurred, provided that if, by operation of this provision, no Knock-in Determination Day or Knock-out Determination Day would occur in the Knock-in Determination Period or Knock-out Determination Period, the Knock-in Period Ending Date or Knock-out Period Ending Date shall be treated as a Valuation Date and the Calculation Agent shall determine the Level as at the Knock-in Valuation Time or Knock-out Valuation Time in accordance with the provisions contained in the definition of "Valuation Date" for the purposes of determining the occurrence of a Knock-in Event or Knock-out Event.
- (G) *Definitions relating to Knock-in Event/Knock-out Event*

**"Knock-in Determination Day"** means (a) each date, (b) each Scheduled Trading Day in the Knock-in Determination Period, (c) each Scheduled Custom Index Business Day in the Knock-in Determination Period, or (d) each Business Day in the Knock-in Determination Period, or (e) each Commodity Business Day in the Knock-in Determination Period, as specified in the applicable Final Terms;

**"Knock-in Determination Period"** means the period which commences on, and includes, the Knock-in Period Beginning Date and ends on, and includes, the Knock-in Period Ending Date;

**"Knock-in Event"** means:

- (a) if SPS Knock-in Valuation is specified as applicable in the applicable Final Terms, the Knock-in Value is; or
- (b) if the Notes are Currency Linked Notes and FX Knock-in Valuation is specified as applicable in the applicable Final Terms:
  - (i) if FX Coupon Performance is specified as applicable in the applicable Final Terms, that the FX Coupon Performance is; or
  - (ii) if Performance Value is specified as applicable in the applicable Final Terms, that the Performance Value is; or
- (c) if SPS Knock-in Valuation is specified as not applicable in the applicable Final Terms and, if the Notes are Currency Linked Notes, unless FX Knock-in Valuation is specified as applicable in the applicable Final Terms:
  - (i) in respect of a single Underlying Reference, that the Level is; or
  - (ii) in respect of a Basket of Underlying References, that the amount determined by the Calculation Agent equal to the sum of the values of each Underlying Reference as the product of (x) the Level of such Underlying Reference and (y) the relevant Weighting is,
    - (1) "greater than", "greater than or equal to", "less than" or "less than or equal to" the Knock-in Level or, if applicable, (2) "within" the Knock-in Range Level, in each case as specified in the applicable Final Terms (x) on a Knock-in Determination Day or (y) in respect of a Knock-in Determination Period, as specified in all the applicable Final Terms;

**"Knock-in Level"** means the FX Knock-in Level or the price, level, amount, number or percentage specified as such in the applicable Final Terms, subject to adjustment from time to time in accordance with the provisions set forth in the Relevant Adjustment Provisions;

**"Knock-in Period Beginning Date"** means the date specified as such in the applicable Final Terms or, if the Knock-in Period Beginning Date Day Convention is specified as applicable in the applicable Final Terms and such date is not a Scheduled Trading Day (in the case of Index Linked Notes (other than Custom Index Linked Notes), Share Linked Notes, ETI Linked Notes, Debt Linked Notes or Currency Linked Notes), a Commodity Business Day (in the case of Commodity Linked Notes), a Scheduled Custom Index Business Day (in the case of Custom Index Linked Notes), or Business Day (in the case of other Notes), the next following Scheduled Trading Day, Commodity Business Day, Scheduled Custom Index Business Day or Business Day, as the case may be;

**"Knock-in Period Ending Date"** means the date specified as such in the applicable Final Terms or, if the Knock-in Period Ending Date Day Convention is specified as applicable in the applicable Final Terms and such date is not a Scheduled Trading Day (in the case of Index Linked Notes (other than Custom Index Linked Notes), Share Linked Notes, ETI Linked Notes, Debt Linked Notes or Currency Linked Notes), a Commodity Business Day (in the case of Commodity Linked Notes), a Scheduled Custom Index Business Day (in the case of Custom Index Linked Notes), or Business Day (in the case of other Notes), the next following Scheduled Trading Day, Commodity Business Day, Scheduled Custom Index Business Day, or Business Day, as the case may be;

**"Knock-in Range Level"** means the range of Levels specified as such or otherwise determined in the applicable Final Terms, subject to adjustment from time to time in accordance with the provisions set forth in the Relevant Adjustment Provisions;

**"Knock-in Observation Price Source"** means the source specified as such in the applicable Final Terms;

**"Knock-in Valuation Time"** means the time or period of time on any Knock-in Determination Day specified as such in the applicable Final Terms or in the event that the applicable Final Terms do not specify a Knock-in Valuation Time, the Knock-in Valuation Time shall be the Valuation Time;

**"Knock-in Value"** means the value from Payout Condition 1.6, 1.7, 1.8, 1.9 or 1.10 specified as such in the applicable Final Terms;

**"Knock-out Determination Day"** means (a) each date, (b) each Scheduled Trading Day in the Knock-out Determination Period, (c) each Scheduled Custom Index Business Day in the Knock-out Determination Period, (d) each Fund Business Day in the Knock-out Determination Period, (e) each Business Day in the Knock-out Determination Period or (f) each Commodity Business Day in the Knock-out Determination Period as specified in the applicable Final Terms;

**"Knock-out Determination Period"** means the period which commences on, and includes, the Knock-out Period Beginning Date and ends on, and includes, the Knock-out Period Ending Date;

**"Knock-out Event"** means:

- (a) if SPS Knock-out Valuation is specified as applicable in the applicable Final Terms, the Knock-out Value is, or
  - (b) if the Notes are Currency Linked Notes and FX Knock-out Valuation is specified as applicable in the applicable Final Terms:
    - (i) if FX Coupon Performance is specified as applicable in the applicable Final Terms, that the FX Coupon Performance is; or
    - (ii) if Performance Value is specified as applicable in the applicable Final Terms, that the Performance Value is, or
  - (c) if SPS Knock-out Valuation is specified as not applicable in the applicable Final Terms and, if the Notes are Currency Linked Notes, unless FX Knock-out Valuation is specified as applicable in the applicable Final Terms:
    - (i) in respect of a single Underlying Reference, that the Level is; or
    - (ii) in respect of a Basket of Underlying References, that the amount determined by the Calculation Agent equal to the sum of the values of each Underlying References as the product of (x) the Level of such Underlying Reference and (y) the relevant Weighting is,
- (1) "greater than", "greater than or equal to", "less than" or "less than or equal to" the Knock-out Level or, if applicable, (2) "within" the Knock-out Range Level, in each case, as specified in the applicable Final Terms (x) on a Knock-out Determination Day or (y) in respect of a Knock-out Determination Period, as specified in the applicable Final Terms;

**"Knock-out Level"** means the FX Knock-out Level or the price, level, amount, number or percentage specified as such in the applicable Final Terms, subject to adjustment from time to time in accordance with the provisions set forth in the Relevant Adjustment Provisions;

**"Knock-out Observation Price Source"** means the source specified as such in the applicable Final Terms;

**"Knock-out Period Beginning Date"** means the date specified as such in the applicable Final Terms or, if the Knock-out Period Beginning Date Day Convention is specified as applicable in the applicable Final Terms and such date is not a Scheduled Trading Day (in the case of Index Linked Notes (other than Custom Index Linked Notes), Share Linked Notes, ETI Linked Notes, Debt Linked Notes or Currency Linked Notes), a Commodity Business Day (in the case of Commodity Linked Notes) or a Scheduled Custom Index Business Day (in the case of Custom Index Linked Notes) or Business Day (in the case of other Notes), the next following Scheduled Trading Day, Commodity Business Day, Scheduled Custom Index Business Day or Business Day, as the case may be;

**"Knock-out Period Ending Date"** means the date specified as such in the applicable Final Terms or, if the Knock-out Period Ending Date Day Convention is specified as applicable in the applicable Final Terms and such date is not a Scheduled Trading Day (in the case of Index Linked Notes (other than Custom Index Linked Notes), Share Linked Notes, ETI Linked Notes, Debt Linked Notes or Currency Linked Notes), a Commodity Business Day (in the case of Commodity Linked Notes), a Scheduled Custom Index Business Day (in the case of Custom Index Linked Notes) or Business Day (in the case of other Notes), the next following Scheduled Trading Day, Commodity Business Day, Scheduled Custom Index Business Day or Business Day, as the case may be;

**"Knock-out Range Level"** means the range of Levels specified as such or otherwise determined in the applicable Final Terms, subject to adjustment from time to time in accordance with the provisions set forth in the Relevant Adjustment Provisions;

**"Knock-out Valuation Time"** means the time or period of time on any Knock-out Determination Day specified as such in the applicable Final Terms or in the event that the applicable Final Terms do not specify a Knock-out Valuation Time, the Knock-out Valuation Time shall be the Valuation Time;

**"Knock-out Value"** means the value from Payout Condition 1.6, 1.7, 1.8, 1.9 or 1.10 specified as such in the applicable Final Terms;

**"Level"** means, for the purposes of this Condition, (i) the "official level", "official close", "last price", "traded price", "bid price" or "asked price" of the Underlying Reference, as specified in the applicable Final Terms, published by the Knock-in Observation Price Source or Knock-out Observation Price Source, as applicable, or (ii) if "Standard Level" is specified as applicable in the applicable Final Terms (a) in the case of Share Linked Notes and ETI Linked Notes, the price of the relevant Underlying Reference, (b) in the case of Index Linked Notes and Custom Index Linked Notes, the level of the relevant Underlying Reference, (c) in the case of Commodity Linked Notes the Relevant Price, or (d) in the case of Currency Linked Notes, the spot rate of exchange for the exchange of the Subject Currency into the Base Currency (expressed as the number of units (or part units) of such Subject Currency for which one unit of the Base Currency can be exchanged), in each case determined by the Calculation Agent as of the Knock-in Valuation Time or Knock-out Valuation Time on any Knock-in Determination Day or Knock-out Determination Day, as applicable, or, in the case of the "official close" level, at such time as the official close is published by the Knock-in Observation Price Source or Knock-out Observation Price Source, as applicable;

**"Payout Conditions"** means the terms and conditions set out in Annex 1 (*Additional Terms and Conditions for Payouts*).

**"Relevant Adjustment Provisions"** means:

- (a) in the case of Index Linked Notes, Index Linked Condition 1 (*Market Disruption*) and Index Security Condition 2 (*Adjustments to an Index*);

- (b) in the case of Custom Index Linked Notes, Index Linked Condition 6 (*Adjustments to a Custom Index and Custom Index Disruption*);
- (c) in the case of Share Linked Notes, Share Linked Condition 1 (*Market Disruption*) and Share Linked Condition 2 (*Potential Adjustment Events and Extraordinary Events*);
- (d) in the case of ETI Linked Notes, ETI Linked Condition 2 (*Market Disruption*) and ETI Linked Condition 3 (*Potential Adjustment Events*);
- (e) in the case of Commodity Linked Notes, Commodity Linked Condition 1 (*Market Disruption*) and Commodity Linked Condition 2 (*Consequences of a Market Disruption Event and Disruption Fallbacks*);
- (f) in the case of Currency Linked Notes, Currency Linked Condition 2 (*Disruption Events*) and Currency Linked Condition 3 (*Consequences of a Disruption Event*); and
- (g) in the case of Debt Linked Notes, Debt Linked Condition 2 (*Market Disruption*), Debt Linked Condition 3 (*Correction of Debt Security Price*) and Debt Linked Condition 4 (*Redemption or Cancellation of a Debt Security*); and

**"Underlying Reference"** means, for the purposes of this Condition, each Index, Custom Index, Share, Debt Security, ETI Interest, Commodity, Commodity Index, Subject Currency or other basis of reference to which the relevant Notes relate.

(r) *Automatic Early Redemption*

- (A) If Automatic Early Redemption is specified as applicable in the applicable Final Terms, then unless previously redeemed or purchased and cancelled, if on (i) any Automatic Early Redemption Valuation Date or (ii) in respect of an Automatic Early Redemption Valuation Period, as specified in the applicable Final Terms, an Automatic Early Redemption Event occurs, then the Notes will be automatically redeemed in whole, but not in part, on the Automatic Early Redemption Date at an amount equal to the relevant Automatic Early Redemption Amount.

Notwithstanding the preceding paragraph, an Automatic Early Redemption Event 1 may only occur on an AER 1 Redemption Valuation Date or in respect of an AER 1 Redemption Valuation Period and an Automatic Early Redemption Event 2 may only occur on an AER 2 Redemption Valuation Date or in respect of an AER 2 Redemption Valuation Period.

(B) *Definitions*

**"AER Event 1 Underlying(s)"** means the Underlying Reference or each Underlying Reference comprising the Basket of Underlying References, in each case specified as such in the applicable Final Terms;

**"AER Event 2 Underlying(s)"** means the Underlying Reference or each Underlying Reference comprising the Basket of Underlying References, in each case specified as such in the applicable Final Terms;

**"AER Rate"** means the rate specified as such or determined in the manner set out in the applicable Final Terms;

**"Automatic Early Redemption Amount"** means, in respect of each nominal amount of Notes equal to the Calculation Amount, an amount in the Settlement Currency equal to the Automatic Early Redemption Payout set out in the applicable Final Terms or if not set out an amount equal to the product of (i) the Calculation Amount and (ii) the sum of the relevant Automatic Early Redemption Percentage and the relevant AER Rate relating to

that Automatic Early Redemption Date. If the product of the Automatic Early Redemption Payout is zero, no amount shall be payable on redemption of the Note pursuant to this Condition;

**"Automatic Early Redemption Date"** means (i) if Target Automatic Early Redemption, FI Underlying Automatic Early Redemption or FI Coupon Automatic Early Redemption is specified as applicable in the applicable Final Terms, the Interest Payment Date immediately following the Automatic Early Redemption Valuation Date on which an Automatic Early Redemption Event occurs, or, otherwise, (ii) each date specified as such in the applicable Final Terms, or if such date is not a Business Day, the next following Business Day, and no Noteholder shall be entitled to any interest or further payment in respect of such delay;

**"Automatic Early Redemption Event"** means:

- (i) if Target Automatic Early Redemption is specified as applicable in the applicable Final Terms, that the Cumulative Coupon is equal to or greater than the Automatic Early Redemption Percentage;
- (ii) if FI Underlying Automatic Early Redemption is specified as applicable in the applicable Final Terms, that:
  - (1) (in respect of an Underlying Reference (other than a Subject Currency)) the Underlying Reference Level is; or
  - (2) (in respect of a Subject Currency), the FX Coupon Performance determined by the Calculation Agent is,
    - (A) equal to or greater than the Automatic Early Redemption Level 1 and
    - (B) less than or equal to the Automatic Early Redemption Level 2;
- (iii) if FI Coupon Automatic Early Redemption is specified as applicable in the applicable Final Terms, that the product of (i) the Rate of Interest and (ii) the Day Count Fraction, in each case in respect of the Current Interest Period is equal to or greater than the Automatic Early Redemption Percentage; or
- (iv) if Standard Automatic Early Redemption and SPS AER Valuation are specified as applicable in the applicable Final Terms, that:
  - (1) the SPS AER Value 1 in respect of the AER Event 1 Underlying(s) is (aa) "greater than", (bb) "greater than or equal to", (cc) "less than" or (dd) "less than or equal to" the Automatic Early Redemption Level 1 as specified in the applicable Final Terms (the **"Automatic Early Redemption Event 1"**); and/or
  - (2) if Automatic Early Redemption Event 2 is specified as applicable in the applicable Final Terms, the SPS AER Value 2 in respect of the AER Event 2 Underlying(s) is (aa) "greater than", (bb) "greater than or equal to", (cc) "less than" or (dd) "less than or equal to" the Automatic Early Redemption Level 2 as specified in the applicable Final Terms (the **"Automatic Early Redemption Event 2"**);
- (v) if Standard Automatic Early Redemption is specified as applicable in the applicable Final Terms and SPS AER Valuation is specified as not applicable in the applicable Final Terms:

- (1)
  - (A) if AER Event 1 Basket is specified as not applicable in the applicable Final Terms, the Underlying Reference Level 1 or (B) if AER Event 1 Basket is specified as applicable in the applicable Final Terms, the Basket Price 1 is, (aa) "greater than", (bb) "greater than or equal to", (cc) "less than" or (dd) "less than or equal to" the Automatic Early Redemption Level 1 as specified in the applicable Final Terms (the "**Automatic Early Redemption Event 1**"); and/or
- (2) if Automatic Early Redemption Event 2 is specified as applicable in the applicable Final Terms (A) if AER Event 2 Basket is specified as not applicable in the applicable Final Terms, the Underlying Reference Level 2 or (B) if AER Event 2 Basket is specified as applicable in the applicable Final Terms, the Basket Price 2 is, (aa) "greater than", (bb) "greater than or equal to", (cc) "less than" or (dd) "less than or equal to" the Automatic Early Redemption Level 2 as specified in the applicable Final Terms (the "**Automatic Early Redemption Event 2**");

**"Automatic Early Redemption Level"** means the price, level, amount, number or percentage specified as such in the applicable Final Terms, subject to adjustment from time to time in accordance with the provisions set forth in the Relevant Adjustment Provisions, as applicable;

**"Automatic Early Redemption Level 1"** means the price, level, amount, number or percentage specified as such in the applicable Final Terms, subject to adjustment from time to time in accordance with the provisions set forth in the Relevant Adjustment Provisions, as applicable;

**"Automatic Early Redemption Level 2"** means the price, level, amount, number or percentage specified as such in the applicable Final Terms, subject to adjustment from time to time in accordance with the provisions set forth in the Relevant Adjustment Provisions, as applicable;

**"Automatic Early Redemption Percentage"** means the percentage specified as such in the applicable Final Terms;

**"Automatic Early Redemption Valuation Date"** or **"AER 1 Redemption Valuation Date"** or **"AER 2 Redemption Valuation Date"** means each date specified as such in the applicable Final Terms or, if such date is not a Scheduled Trading Day (in the case of Index Linked Notes (other than Custom Index Linked Notes), Share Linked Notes, Debt Linked Notes, Currency Linked Notes or ETI Linked Notes) a Scheduled Custom Index Business Day (in respect of Custom Index Linked Notes), a Commodity Business Day (in respect of Commodity Linked Notes), a Fund Business Day (in the case of Fund Linked Notes) or Business Day (in the case of other Notes), as applicable, the next following Scheduled Trading Day, Scheduled Custom Index Business Day, Commodity Business Day, Fund Business Day or Business Day, as applicable, unless, in the case of Index Linked Notes, Share Linked Notes, Debt Linked Notes, Commodity Linked Notes, Currency Linked Notes or ETI Linked Notes, in the opinion of the Calculation Agent, any such day is a Disrupted Day (in the case of Index Linked Notes (other than Custom Index Linked Notes), Share Linked Notes, Debt Linked Notes, Currency Linked Notes or ETI Linked Notes), a Custom Index Disruption Event is occurring on such day (in respect of Custom Index Linked Notes) or a Market Disruption Event is occurring on such day (in respect of Commodity Linked Notes). If any such day is a Disrupted Day, a day on which a Custom Index Disruption Event is occurring or (except in the case of Commodity Linked Notes) a day on which a Market Disruption Event is occurring, as applicable, then the

corresponding provisions in the definition of "Valuation Date" shall apply *mutatis mutandis* as if references in such provisions to "Valuation Date" were to "Automatic Early Redemption Valuation Date" or (in the case of Commodity Linked Notes) if any such day is a day on which a Market Disruption Event is occurring, then the provisions of "Pricing Date" shall apply *mutatis mutandis* as if references in such provision to "Pricing Date" were to "Automatic Early Redemption Valuation Date". For the purposes of the Relevant Adjustment Provisions, any references to "Valuation Date" shall be deemed to refer to "Automatic Early Redemption Valuation Date";

"Automatic Early Redemption Valuation Period" or "AER 1 Redemption Valuation Period" or "AER 2 Redemption Valuation Period" means the period specified as such in the applicable Final Terms;

**"Automatic Early Redemption Valuation Time"** means the time specified as such in the applicable Final Terms;

**"Basket of Underlying References"** means, for the purposes of this Condition 7(q), the Basket of Indices, Basket of Shares, ETI Basket, Basket of Debt Securities, Basket of Commodities, or other basis of reference to which the value of the relevant Notes may relate, as specified in the applicable Final Terms;

**"Basket Price 1"** means, in respect of any AER 1 Redemption Valuation Date, an amount determined by the Calculation Agent equal to the sum of the values for each AER Event 1 Underlying comprising the Basket of Underlying References as the product of (a) the Underlying Reference Level 1 of such AER Event 1 Underlying on such AER 1 Redemption Valuation Date and (b) the relevant Weighting;

**"Basket Price 2"** means, in respect of any AER 2 Redemption Valuation Date, an amount determined by the Calculation Agent equal to the sum of the values for each AER Event 2 Underlying comprising the Basket of Underlying References as the product of (a) the Underlying Reference Level 2 of such AER Event 2 Underlying on such AER 2 Redemption Valuation Date and (b) the relevant Weighting;

**"Cumulative Coupon"** means, in respect of an Automatic Early Redemption Valuation Date, (a) the sum of the values calculated for each Interest Period preceding the Current Interest Period as the product of (i) the Rate of Interest and (ii) the Day Count Fraction, in each case for such Interest Period plus (b) the product of (i) the Rate of Interest and (ii) the Day Count Fraction, in each case for the Current Interest Period;

**"Current Interest Period"** means, in respect of an Automatic Early Redemption Valuation Date, the Interest Period during which such Automatic Early Redemption Valuation Date falls;

**"Multiple Underlying Interest Rate Gearing"** means, in respect of an Underlying Interest Rate<sub>(i)</sub> specified in the applicable Final Terms as a Multiple Underlying Component Rate, the number specified as such in the applicable Final Terms;

**"Multiple Underlying Reference Rate"** means, in respect of an Underlying Interest Rate<sub>(i)</sub> specified in the applicable Final Terms as a Multiple Underlying Component Rate, the Underlying Reference Rate determined in respect of such Underlying Interest Rate;

**"Multiple Underlying Reference Rate Value"** means the value calculated in accordance with the following formula:

**"Observation Price Source"** means the source specified as such in the applicable Final Terms;

**"SPR AER Value", SPS AER Value 1" or "SPS AER Value 2"** means the value specified from Payout Condition 1.6, 1.7, 1.8, 1.9 or 1.10 specified as such in the applicable Final Terms;

**"Underlying Reference"** means, for the purposes of this Condition 7(r), each Index, Custom Index, Share, Debt Security, ETI Interest, Commodity, Commodity Index, Subject Currency, Fund or other basis of reference to which the relevant Notes relate. If two or more Underlying Interest Rates are specified in the applicable Final Terms as Multiple Underlying Component Rates each Underlying Interest Rate<sub>(i)</sub> specified as such (together the "Multiple Underlying Interest Rate") will be calculated separately and independently but for the purposes of this Condition 7 and the Underlying Interest Rate Security Conditions shall be deemed to together constitute an Underlying Reference;

**"Underlying Reference Level"** means, in respect of any Automatic Early Redemption Valuation Date, (i) "official level", "official close", "last price", "bid price" or "asked price" of the Underlying Reference or the Italian Securities Reference Price, as specified in the applicable Final Terms, published by the Observation Price Source or (ii) if Standard Underlying Reference Level is specified as applicable in the applicable Final Terms, (a) in the case of Share Linked Notes and ETI Linked Notes, the price of the relevant Underlying Reference, (b) in the case of Index Linked Notes and Custom Index Linked Notes, the level of the relevant Underlying Reference, (c) in the case of Commodity Linked Notes, the Relevant Price, or (d) in the case of Currency Linked Notes, the spot rate of exchange for the exchange of the Subject Currency into the Base Currency (expressed as the number of units (or part units) of such Subject Currency for which one unit of the Base Currency can be exchanged), or (e) in the case of an Inflation Index, the Relevant Level or (f) if FI Underlying Automatic Early Redemption is specified as applicable in the applicable Final Terms and Multiple Underlying Interest Rate is specified as applicable, Multiple Underlying Reference Rate Value, in each case, as determined by the Calculation Agent as of the Automatic Early Redemption Valuation Time on such Automatic Early Redemption Valuation Date or, in the case of the "official close" level, at such time on such Automatic Early Redemption Valuation Date as the "official close" level is published by the Observation Price Source.

**"Underlying Reference Level 1"** means, in respect of any AER 1 Redemption Valuation Date, (i) if Standard Underlying Reference Level is specified as applicable in the applicable Final Terms, (a) in the case of Share Linked Notes and ETI Linked Notes, the price of the relevant AER Event 1 Underlying, (b) in the case of Index Linked Notes and Custom Index Linked Notes, the level of the relevant AER Event 1 Underlying, (c) in the case of Commodity Linked Notes, the Relevant Price, (d) in the case of Currency Linked Notes, the spot rate of exchange for the exchange of the Subject Currency into the Base Currency (expressed as the number of units (or part units) of such Subject Currency for which one unit of the Base Currency can be exchanged), or (e) in the case of an Inflation Index, the Relevant Level, in each case, as determined by the Calculation Agent as of the Automatic Early Redemption Valuation Time on such AER 1 Redemption Valuation Date or (ii) in the case of Debt Linked Notes, the "last price" of the relevant AER Event 1 Underlying published by the Observation Price Source specified for such AER Event 1 Underlying; and

**"Underlying Reference Level 2"** means, in respect of any AER 2 Redemption Valuation Date, (i) if Standard Underlying Reference Level is specified as applicable in the applicable Final Terms, (a) in the case of Share Linked Notes and ETI Linked Notes, the price of the relevant AER Event 2 Underlying, (b) in the case of Index Linked Notes and Custom Index Linked Notes, the level of the relevant AER Event 2 Underlying, (c) in the case of Commodity Linked Notes, the Relevant Price, (d) in the case of Currency Linked Notes, the spot rate of exchange for the exchange of the Subject Currency into the Base Currency (expressed as the number of units (or part units) of such Subject Currency for

which one unit of the Base Currency can be exchanged), or (e) in the case of an Inflation Index, the Relevant Level, in each case, as determined by the Calculation Agent as of the Automatic Early Redemption Valuation Time on such AER 2 Redemption Valuation Date or (ii) in the case of Debt Linked Notes, the "last price" of the relevant AER Event 1 Underlying published by the Observation Price Source specified for such AER Event 1 Underlying.

(C) Accrual

Notwithstanding Condition 5(k), if FI Underlying Automatic Early Redemption and Accrual to Automatic Early Redemption are specified as applicable in the applicable Final Terms and an Automatic Early Redemption Event occurs on an Automatic Early Redemption Valuation Date, interest will cease to accrue on such Automatic Early Redemption Valuation Date.

(D) AER Rate Determination

Where the applicable Final Terms specify that the AER Rate is determined by reference to a Screen Rate, the AER Rate will, subject as provided below, be either:

- (i) the offered quotation; or
- (ii) the arithmetic mean (rounded if necessary to the fifth decimal place, with 0.000005 being rounded upwards) of the offered quotations,

(expressed as a percentage rate per annum) for the AER Reference Rate(s) which appears or appear, as the case may be, on the AER Screen Page (or such replacement page on that service which displays the information) as at the AER Specified Time indicated in the applicable Final Terms (which will be 11.00 a.m., London time, in the case of LIBOR, or 11.00 a.m. Brussels time, in the case of EURIBOR) on the AER Reference Rate Determination Date in question plus or minus (as indicated in the applicable Final Terms) the AER Margin (if any), all as determined by the Calculation Agent. If five or more of such offered quotations are available on the AER Screen Page, the highest (or, if there is more than one such highest quotation, one only of such quotations) and the lowest (or, if there is more than one such lowest quotation, one only of such quotations) shall be disregarded by the Calculation Agent for the purpose of determining the arithmetic mean (rounded as provided above) of such offered quotations.

If the AER Screen Page is not available or if, in the case of subparagraph (i), no offered quotation appears or, in the case of subparagraph (ii), fewer than three offered quotations appear, in each case as at the AER Specified Time, the Calculation Agent shall request each of the Reference Banks to provide the Calculation Agent with its offered quotation (expressed as a percentage rate per annum) for the AER Reference Rate at approximately the AER Specified Time on the AER Reference Rate Determination Date in question. If two or more of the Reference Banks provide the Calculation Agent with offered quotations, the AER Rate shall be the arithmetic mean (rounded if necessary to the fifth decimal place with 0.000005 being rounded upwards) of the offered quotations plus or minus (as appropriate) the AER Margin (if any), all as determined by the Calculation Agent.

If on any AER Reference Rate Determination Date one only or none of the Reference Banks provides the Calculation Agent with an offered quotation as provided in the preceding paragraph, the AER Rate shall be the rate per annum which the Calculation Agent determines as being the arithmetic mean (rounded if necessary to the fifth decimal place, with 0.000005 being rounded upwards) of the rates, as communicated to (and at the request of) the Calculation Agent by the Reference Banks or any two or more of them, at which such banks were offered, at approximately the AER Specified Time on the relevant

AER Reference Rate Determination Date, deposits in the Specified Currency for a period equal to that which would have been used for the AER Reference Rate by leading banks in the inter-bank market applicable to the AER Reference Rate (which will be the London inter-bank market, if the AER Reference Rate is LIBOR, or the Euro-zone inter-bank market, if the AER Reference Rate is EURIBOR) plus or minus (as appropriate) the AER Margin (if any) or, if fewer than two of the Reference Banks provide the Calculation Agent with offered rates, the offered rate for deposits in the Specified Currency for a period equal to that which would have been used for the AER Reference Rate, or the arithmetic mean (rounded as provided above) of the offered rates for deposits in the Specified Currency for a period equal to that which would have been used for the AER Reference Rate, at which, at approximately the AER Specified Time on the relevant AER Reference Rate Determination Date, any one or more banks (which bank or banks is or are in the opinion of the Calculation Agent suitable for the purpose) informs the Calculation Agent it is quoting to leading banks in the inter-bank market applicable to the AER Reference Rate (which will be the London inter-bank market, if the AER Reference Rate is LIBOR, or the Euro-zone inter-bank market, if the AER Reference Rate is EURIBOR) plus or minus (as appropriate) the AER Margin (if any) provided that, if the AER Rate cannot be determined in accordance with the foregoing provisions of this paragraph, the Calculation Agent shall determine the AER Rate from such source(s) as it acting in good faith and in a commercially reasonable manner, may select.

If the applicable Final Terms specifies a Minimum AER Reference Rate then, in the event that the AER Reference Rate determined in accordance with the above provisions is less than such Minimum AER Reference Rate, the AER Rate shall be such Minimum AER Reference Rate.

If the applicable Final Terms specifies a Maximum AER Reference Rate then, in the event that the AER Reference Rate determined in accordance with the above provisions is greater than such Maximum AER Reference Rate, the AER Rate shall be such Maximum AER Reference Rate.

(s) *Condition to Final Payout Premium*

Where "Condition to Final Payout Payment" is specified as applicable in the applicable Final Terms, the obligation of the Issuer to pay a Final Payout Premium as part of the Final Redemption Amount will be subject to the receipt of an aggregate amount equal to the Final Payout Premium payable in respect of each Note outstanding on or prior to the Maturity Date from the Swap Counterparty under the Swap Agreement. In the event that the Swap Counterparty fails to pay an amount under the Swap Agreement or where the termination of the Swap Agreement has resulted from an Event of Default thereunder where the Swap Counterparty is the Defaulting Party, the Issuer will have no further obligation to pay an amount equal to the Final Payout Premium in respect of each Note (but without prejudice to the Issuer's obligations to pay an amount equal to the Scheduled Final Redemption Amount and, where applicable, any amounts due under Condition 8(k), less the relevant Final Payout Premium in respect of each Note) and no Event of Default will occur in respect of such non-payment save where the termination of the Swap Agreement has resulted from an Event of Default thereunder where the Issuer is the Defaulting Party.

For the purposes of this Condition 7(s):

**"Final Payout Premium"** means, in respect of a Note, a *pro rata* share of an amount equal to the amount by which the Scheduled Final Redemption Amount is greater than the amount which the Issuer is scheduled to receive in respect of the Charged Assets other than the Swap Agreement on maturity or termination of such assets; and

**"Scheduled Final Redemption Amount"** means an amount equal to the scheduled Final Redemption Amount which would have been payable by the Issuer had the Swap Counterparty

paid the amounts it was scheduled to pay under the Swap Agreement and/or the Swap Agreement had not terminated prior to the Maturity Date.

(t) *Dual Currency Redemption Notes*

If the Notes are specified in the applicable Final Terms as Dual Currency Redemption Notes, any amount payable on the redemption of the Notes will be converted into the Settlement Currency at the Specified Exchange Rate specified in the applicable Final Terms or, if no Specified Exchange Rate is specified, the Settlement Currency Exchange Rate on the relevant Settlement Currency Exchange Rate Observation Date.

References to amounts payable on the redemption of the Notes shall be deemed to include, as applicable:

- (i) any additional amounts which be payable with respect to principal under Condition 6;
- (ii) the Final Redemption Amount of the Notes;
- (iii) the Early Redemption Amount of the Notes;
- (iv) the Optional Redemption Amount(s) (if any) of the Notes;
- (v) the Instalment Amounts;
- (vi) the Automatic Early Redemption Amount (if any) of the Notes;
- (vii) in relation to Zero Coupon Notes, the Amortised Face Amount (as defined in Condition 7(e)); and
- (viii) any premium and any other amounts (other than interest) which may be payable by the Issuer under or in respect of the Notes.

(u) *Illegality*

If the Calculation Agent determines that the performance of the Issuer's obligations under the Notes has become illegal in whole or in part for any reason, the Calculation Agent may notify the Issuer and the Issuer shall redeem all but not some only of the Notes by giving notice to the Noteholders in accordance with Condition 18 (*Notices*), provided that, if such illegality also constitutes a force majeure, the provisions of Condition 7(v) will apply.

If the Issuer redeems the Notes then the Issuer will, if and to the extent permitted by applicable law:

- (i) if Highest Value is specified as applicable in the applicable Final Terms, the Issuer pay to each Noteholder an amount in respect of each Note held by such Noteholder calculated and paid on such date determined in accordance with Condition 7(e)(ix);
- (ii) if Market Value is specified as applicable in the applicable Final Terms, the Issuer pay to each Noteholder an amount in respect of each Note held by such Noteholder calculated and paid on such date determined in accordance with Condition 7(e)(x);
- (iii) if Monetisation Option is specified as applicable in the applicable Final Terms, the Issuer pay to each Noteholder an amount in respect of each Note held by such Noteholder calculated and paid on such date determined in accordance with Condition 7(e)(xi); or
- (iv) if Annex ERE is specified as applicable in the applicable Final Terms, redeem each Note by payment of an amount equal to the Early Redemption Amount determined in accordance with Condition 7(e) and for the purposes of determining the Early Redemption Amount in accordance with Condition 7(e), it shall be deemed that an Annex Early

Redemption Event has occurred, payment being made in such manner as shall be notified to the Noteholders in accordance with Condition 18 (*Notices*).

(v) *Force majeure*

If the Calculation Agent determines that by reason of force majeure or act of state occurring after the Trade Date it becomes impossible for the Issuer to perform its obligations under the Notes, it may notify the Issuer and may either (i) take the action described in Condition 7(o)(B)(a) or, if applicable, (c) or (d) (save that references to "Additional Disruption Event" and/or "Optional Additional Disruption Event", as applicable will be deemed to be references to "force majeure") or (ii) request the Issuer to redeem all, but not some only, of the Notes and shall give notice of redemption to the Noteholders in accordance with Condition 18 (*Notices*).

If the Issuer redeems the Notes then the Issuer will:

- (A) if ERE Force Majeure/No Unwind Costs is specified as applicable in the applicable Final Terms, pay an amount to each Noteholder equal to the Early Redemption Amount determined in accordance with Condition 7(e)(vii) as if ERE Force Majeure/No Unwind Costs were applicable which amount shall be equal to the fair market value of a Note, taking into account such force majeure or act of state, provided that no account will be taken of costs (other than such costs that are unavoidable to early redeem the Notes at their fair market value) and no such costs shall be deducted; or
- (B) if Annex ERE is specified as applicable in the applicable Final Terms, if and to the extent possible or practicable redeem all but not some only of the Notes, each Note being redeemed by payment of an amount equal to the Early Redemption Amount determined in accordance with Condition 7(e). For the purposes of determining the Early Redemption Amount in accordance with Condition 7(e), it shall be deemed that an Annex Early Redemption Event has occurred.

Payments will be made in such manner as shall be notified to the Noteholders in accordance with Condition 18 of the Notes (*Notices*).

## 8. **Charged Assets**

(a) *Compartment Assets*

- (i) In respect of any Series of Notes, "**Compartment**" shall mean the compartment created by the Board of the Issuer pursuant to the Securitisation Act 2004 under which the Notes are to be issued. Each Compartment will comprise a pool of Issuer assets and liabilities separate from the pools of Issuer assets and liabilities relating to any other Compartments. In respect of any Series of Notes, such assets will consist of the Charged Assets (as defined in Condition 8(c) (*Compartment Security*) below), which Charged Assets may include, *inter alia*, the assets specified in the applicable Final Terms as "Compartment Assets" or where such assets are converted into or exchanged for new assets, such new assets or, in each case any redemption or other proceeds received by the Issuer in respect thereof relating to such exchange or conversion (the "**Compartment Assets**") and which Compartment Assets may be specified in the applicable Final Terms to be "Reference Securities" or where such assets are converted into or exchanged for new assets, such new assets or, in each case any redemption or other proceeds received by the Issuer in respect thereof relating to such exchange or conversion (the "**Reference Securities**").
- (ii) Subject to the Trust Deed (but without prejudice to the rights of the Issuer under Condition 7(n) (*Maturity Date Extension*)), in order to meet any part of its obligations under the Notes in respect of (A) any redemption thereof, (B) any Related Agreements, (C) any agreements for the purchase of the Notes or (D) any other payments (if any) due from the Issuer under these Conditions and/or the Trust Deed in relation to the Notes), the

Issuer may, at any time, procure the liquidation of some or all of the Compartment Assets.

- (iii) In accordance with the Securitisation Act 2004, the Charged Assets are available exclusively to satisfy the rights of the Secured Parties (as defined in Condition 8(e) (*Application of Proceeds*)).
  - (iv) In connection with the issue of the Notes there may be executed one or more interest rate and/or currency exchange agreements, credit default swap agreements, swap agreements exchanging payment flows on an asset, total return swap agreements, option agreements and/or other derivative transactions (each a "**Swap Agreement**") between the Issuer and one or more swap counterparties (each a "**Swap Counterparty**") and one or more deposit agreements (each a "**Deposit Agreement**") between the Issuer and one or more deposit counterparties (each a "**Deposit Counterparty**") and one or more repurchase agreements (each a "**Repurchase Agreement**") with BNP Paribas or any other entity as specified in the Final Terms (each a "**Repo Counterparty**" and, together with each Swap Counterparty and Deposit Counterparty, each a "**Counterparty**"). In addition, in connection with any issue of Notes, the Issuer and the Swap Counterparty may enter into a credit support annex, credit support deed or pledge or such other security interest governed by the law of such jurisdiction as specified in the applicable Final Terms over collateral in favour of the Issuer in connection with any relevant Swap Agreement (a "**Credit Support Annex**", a "**Credit Support Deed**" and a "**Pledge**" respectively and, together with the Swap Agreement, the Deposit Agreement and the Repurchase Agreement, the "**Related Agreements**").
  - (v) Where no reference is made in the applicable Issue Deed to any Swap Agreement, Repurchase Agreement or Deposit Agreement, references in these Terms and Conditions to any such document or agreement and to any Swap Counterparty, Repo Counterparty or Counterparty, as the case may be, shall not be applicable.
- (b) *Custodian; Custody Account; Account Bank; Compartment Account*
- (i) Each Custody Account (as defined below), together with such Compartment Assets as are capable of being so held, will be held by the Custodian on behalf of the Issuer, and each Compartment Account (as defined below) will be held by the Account Bank, in each case on and subject to (A) the terms and conditions of the Agency Agreement, (B) the Securitisation Act 2004 and (C) in the cases of the Compartment Assets, the Custody Account and the Compartment Account, the terms and conditions of the Compartment Security created pursuant to the Trust Deed and/or any Additional Security Document. The Issuer reserves the right to replace the Custodian at any time, but only with the prior written consent of the Trustee and in accordance with (x) the provisions of the Securitisation Act 2004 and (y) the relevant CSSF instructions and/or guidelines. Notice of such change shall be given to the Noteholders in accordance with Condition 18 (*Notices*). If it is specified in the applicable Final Terms that there is a Sub-Custodian in relation to the Compartment Assets, such Sub-Custodian (which expression shall include any additional or successor sub-custodians from time to time appointed) shall hold such Compartment Assets as are capable of being so held on behalf of the Custodian, on and subject to the terms of an agreement between the Sub-Custodian and the Custodian. References herein to the "**Custodian**" shall, as the context requires, be construed as references to the Custodian, the Sub-Custodian and/or any additional or successor custodians appointed from time to time.
  - (ii) If the Charged Assets of the Issuer in respect of a Compartment include Compartment Assets, in respect of such Compartment the Custodian (on behalf of the Issuer) shall establish and maintain an account in the name of the Issuer (the "**Custody Account**") with a bank or other financial institution (which shall be the Custodian unless an alternative financial institution is specified in the applicable Final Terms). The Custody Account for

the Compartment shall be entirely separate from any other accounts of the Issuer and the Custodian, including, without limitation, the accounts established in connection with any other Compartment(s). Such Compartment Assets shall only be removed from the Custody Account at such times and in such amounts as are contemplated in these Terms and Conditions and the Trust Deed or in order for the Issuer (or any appointee on its behalf) and the Trustee (or any receiver) to fulfil their respective obligations under the Notes, Related Agreements and pursuant to the Trust Deed.

- (iii) Where Compartment Account is specified as applicable in the applicable Final Terms, in respect of the relevant Compartment, the Issuer shall establish and maintain an account in the name of the Issuer (the "**Compartment Account**") with a bank or other financial institution (which shall be the financial institution specified in the applicable Final Terms, unless no such financial institution is specified in which case it shall be the Account Bank). The Compartment Account for the Compartment shall be entirely separate from any other accounts of the Issuer and the Account Bank, including, without limitation, the accounts established in connection with any other Compartment(s). Amounts standing to the credit of the Compartment Account shall only be removed from the Compartment Account at such times and in such amounts as are contemplated in these Terms and Conditions and the Trust Deed or in order for the Issuer (or any appointee on its behalf) and the Trustee (or any receiver) to fulfil their respective obligations under the Notes or Related Agreements and pursuant to the Trust Deed.

(c) *Compartment Security*

- (i) The Issuer has (as specified in the Trust Deed relating to the Notes or in another relevant security document relating to the Notes), assigned or created a first fixed charge, and/or other security interest, in each case in favour of the Trustee for itself and as trustee for the Secured Parties, over or in respect of:
  - (A) the present and future Compartment Assets relating to the relevant Compartment and all of the Issuer's rights, title, interest and benefit, present and future, in respect of sums derived from the present and future Compartment Assets relating to the relevant Compartment (including, without limitation, any proceeds of the sale thereof);
  - (B) (x) the Issuer's rights, title, interest and benefit, present and future, in, to and under all sums held by the Agents, the Account Bank (including sums standing to the credit of the Compartment Account) and the Custodian to meet payments due in respect of the Notes relating to the relevant Compartment (the "**Cash Assets**"); (y) any sums of money, securities or other property received or receivable by the Issuer under any Related Agreement (including, without limitation, any Swap Agreement, any Deposit Agreement and any Repurchase Agreement) relating to the relevant Compartment; and (z) all of the Issuer's rights, title, interest and benefit, present and future, as against the Custodian in respect of any sum standing to the credit of the Custody Account (as defined in Condition 8(b) (*Custodian; Custody Account, Account Bank; Compartment Account*)) relating to the relevant Compartment); and
  - (C) the Issuer's rights, title, interest and benefit, present and future, in, to and under any Transaction Document (including without limitation any Swap Agreement, any Deposit Agreement and any Repurchase Agreement) and any agreement for the sale, transfer and/or delivery of assets relating to the relevant Compartment (as contemplated under Condition 8(a) (*Compartment Assets*)) and any sums received or receivable by the Issuer under any such agreement.

- (ii) If it is stated in the applicable Final Terms that the security for the Notes is "Charged Assets charged to Trustee; additional foreign law security", the Issuer has in the Trust Deed created the security specified in sub-paragraph (i) above and has, in addition and without prejudice to the security specified as aforesaid, executed in favour of the Trustee the pledge or security or other agreement or document specified in the applicable Final Terms (each an "**Additional Security Document**").
- (iii) The security described in sub-paragraph (i) and, as the case may be, sub-paragraph (ii) shall be referred to herein as the "**Compartment Security**" and the assets described in sub-paragraph (i) and, as the case may be, sub-paragraph (ii) shall be referred to herein as the "**Charged Assets**".

(d) *General provisions relating to security*

The Compartment Security constituted or created pursuant to the Trust Deed and any Additional Security Document will be granted to the Trustee for itself and for the other Secured Parties (as defined in Condition 8(e) (*Application of Proceeds*)) as continuing security for (i) the payment of all sums due to the Trustee or any appointee or any receiver under the Trust Deed and/or any Additional Security Document or due under the Notes, Coupons or Receipts, (ii) the performance of the Issuer's obligations under any Related Agreement (including any Swap Agreement) and (iii) the payment of all sums payable to the Agents pursuant to any provision of the Agency Agreement (including the provisions which require the Issuer to reimburse (and to pay interest on the amount reimbursed as provided in the Agency Agreement) to the Issuing and Paying Agent or the Registrar for any amount paid out by the Issuing and Paying Agent or the Registrar, as the case may be, to the holders of Notes, Coupons or Receipts before receipt of the corresponding amount due from the Issuer).

(e) *Application of Proceeds*

- (i) The Trustee shall (subject to the provisions of the Trust Deed) apply all moneys received by it under the provisions of the Trust Deed and any Additional Security Document in connection with the realisation or enforcement as described in Condition 12 (*Enforcement and Realisation*) of the Compartment Security constituted by or pursuant to the Trust Deed and any Additional Security Document in accordance with the Order of Priority specified in the applicable Final Terms (such amounts being the "**Available Enforcement Proceeds**").
- (ii) By subscribing to or otherwise acquiring the Notes, each Noteholder expressly consents to the provisions of this Condition 8(e), the order of priority specified in the applicable Final Terms (the "**Order of Priority**") and the limitation of its rights in accordance with article 64 of the Securitisation Act 2004 and is deemed to have accepted and agreed to such provisions and the consequences thereof. If no Order of Priority is specified in the applicable Final Terms, the Order of Priority shall be Swap Counterparty Priority as set out below.
- (iii) If:
  - (A) "**Swap Counterparty Priority**" is specified in the applicable Final Terms, Available Enforcement Proceeds shall be applied as follows:
    - (1) first, the proceeds of realisation of the securities held in the Compartment Account will be applied to the extent required to meet any termination payment due to the Repo Counterparty under the Repurchase Agreement (if any);
    - (2) secondly, in payment or satisfaction of the Trustee's remuneration and the fees, costs, charges, expenses and liabilities incurred by the Trustee

or any receiver in preparing and executing the trusts in the Trust Deed in relation to the Notes (including, but not limited to, any taxes required to be paid and the costs of realising any security and payment of any indemnity claims of the Trustee);

- (3) thirdly, in payment or satisfaction of each of the Agents' fees, costs, charges, expenses and liabilities incurred pursuant to the Agency Agreement;
  - (4) fourthly, rateably in meeting the claims (if any) of the Swap Counterparty under each Swap Agreement relating to the Notes. If the moneys received by the Trustee are not enough to pay such amounts in full, the Trustee shall apply them *pro rata* on the basis of the amount due to each party entitled to such payment;
  - (5) fifthly, rateably in meeting the claims (if any) of the holders of Notes, Coupons and Receipts. If the moneys received by the Trustee are not enough to pay such amounts in full, the Trustee shall apply them *pro rata* on the basis of the amount due to each party entitled to such payment; and
  - (6) sixthly, in payment of the balance (if any) to the Issuer;
- (B) **"Pari Passu Ranking"** is specified in the applicable Final Terms, Available Enforcement Proceeds shall be applied as follows:
- (1) first, the proceeds of realisation of the securities held in the Compartment Account will be applied to the extent required to meet any termination payment due to the Repo Counterparty under the Repurchase Agreement (if any);
  - (2) secondly, in payment or satisfaction of the Trustee's remuneration and the fees, costs, charges, expenses and liabilities incurred by the Trustee or any receiver in preparing and executing the trusts in the Trust Deed in relation to the Notes (including, but not limited to, any taxes required to be paid and the costs of realising any security and payment of any indemnity claims of the Trustee);
  - (3) thirdly, in payment or satisfaction of each of the Agents' fees, costs, charges, expenses and liabilities incurred pursuant to the Agency Agreement;
  - (4) fourthly, rateably in meeting the claims (if any) of the Swap Counterparty under each Swap Agreement and the holders of Notes, Coupons and Receipts. If the moneys received by the Trustee are not enough to pay such amounts in full, the Trustee shall apply them *pro rata* on the basis of the amount due to each party entitled to such payment; and
  - (5) fifthly, in payment of the balance (if any) to the Issuer; and
- (C) **"Noteholder Priority"** is specified in the applicable Final Terms, Available Enforcement Proceeds shall be applied as follows:
- (1) first, the proceeds of realisation of the securities held in the Compartment Account will be applied to the extent required to meet any termination

payment due to the Repo Counterparty under the Repurchase Agreement (if any);

- (2) secondly, in payment or satisfaction of the Trustee's remuneration and the fees, costs, charges, expenses and liabilities incurred by the Trustee or any receiver in preparing and executing the trusts in the Trust Deed in relation to the Notes (including, but not limited to, any taxes required to be paid and the costs of realising any security and payment of any indemnity claims of the Trustee);
- (3) thirdly, in payment or satisfaction of each of the Agents' fees, costs, charges, expenses and liabilities incurred pursuant to the Agency Agreement;
- (4) fourthly, rateably in meeting the claims (if any) of the holders of Notes, Coupons and Receipts. If the moneys received by the Trustee are not enough to pay such amounts in full, the Trustee shall apply them *pro rata* on the basis of the amount due to each party entitled to such payment;
- (5) fifthly, rateably in meeting the claims (if any) of the Swap Counterparty under each Swap Agreement. If the moneys received by the Trustee are not enough to pay such amounts in full, the Trustee shall apply them *pro rata* on the basis of the amount due to each party entitled to such payment; and
- (6) sixthly, in payment of the balance (if any) to the Issuer.

"**Secured Parties**" means each of the Trustee, any receiver, the Noteholders, the Swap Counterparty and the Agents (each, a "**Secured Party**").

(f) *Compartment Assets substitution by Swap Counterparty*

Where this Condition 8(f) is specified as being applicable in the Final Terms then the Compartment Assets may be substituted in whole or in part by the Swap Counterparty.

The Swap Counterparty may substitute the Compartment Assets for:

- (i) either securities denominated in the currency specified in the Final Terms issued by the entity specified as the eligible collateral issuer (each, an "**Eligible Compartment Assets Issuer**") in the Final Terms ("**Eligible Compartment Assets Issuer Obligations**"); or
- (ii) such other securities, obligations or an amount of cash in the currency in which the principal amount of the existing Compartment Assets is expressed to be payable where "**Alternative Substitution**" is specified in the Final Terms.

The new securities, obligations or cash to be substituted must be in a principal amount equal (or, if in another currency, the equivalent to the principal amount of the currency in which the Compartment Assets are expressed to be payable, as determined on the date of such substitution by the Swap Counterparty in its sole discretion) to the then fair market valuation of the Notes as determined by the Swap Counterparty (or, in the case of a substitution or redemption of part only of the Compartment Assets, of the relevant proportion thereof as at the date of such substitution).

The securities, obligations or cash which may be substituted for the Compartment Assets shall be delivered (or paid, in the case of cash) by the Swap Counterparty to the Custodian or such other relevant Counterparty.

By making any substitution pursuant to this Condition 8(f) the Swap Counterparty shall be deemed to agree with the Issuer and the Trustee that its obligations under the relevant Swap Agreement

shall continue in full force and effect irrespective of such substitution and that no termination or adjustment to its obligations thereunder shall occur as a consequence of such substitution.

The Trustee shall, upon notice from the Swap Counterparty (upon which the Trustee may rely without further enquiry) that the conditions for substitution referred to in this Condition 8(f) are met, release the Compartment Assets to be substituted from the security created in respect of it under the Trust Deed. The Issuer, the Trustee and the Swap Counterparty will upon such substitution enter into such further documentation as may be required (if at all) by any applicable law and/or as may be required by the Trustee to give effect to the creation of security over any replacement securities, obligations or cash amounts in the manner set out in this Condition 8(f).

References in these Conditions and the Trust Deed to "**Compartment Assets**" shall be deemed to include any substituted Compartment Assets and references to "**Charged Assets**" shall be deemed to include any additional assets or rights charged or assigned in favour of the Trustee pursuant to such substitution.

Where "Substitution Notification" is specified in the applicable Final Terms, the Issuer shall give notice of any substitution to Noteholders under this Condition 8(f) in accordance with Condition 18 (*Notices*) and, in relation to any Notes listed on the Luxembourg Stock Exchange, to the Luxembourg Stock Exchange (or if listed on another stock exchange to such other stock exchange) and will, if required by the rules of the Luxembourg Stock Exchange (or of such other stock exchange), prepare a supplement to any applicable prospectus or such other documents as may be required.

If this Condition 8(f) is applicable, the Trustee and any Noteholders may at any time require the Issuer to notify them of the composition of the Compartment Assets at such time.

*The Swap Counterparty may substitute the Compartment Assets in accordance with this Condition 8(f) without regard to the projected market value of substitute securities or obligations. There is no guarantee that the value of such Compartment Assets in the event of termination of the relevant Swap Agreement, taking into account any termination payment due under such Swap Agreement to or from the Swap Counterparty, will equal or exceed the principal amount of the Notes.*

(g) *Compartment Assets substitution under a Credit Support Annex, Credit Support Deed or Pledge*

Where the Issuer and the Swap Counterparty have entered into a Credit Support Annex in respect of any Swap Agreement, then the Compartment Assets may be substituted in whole or in part by the Swap Counterparty in accordance with the terms of the Credit Support Annex.

The securities, obligations or cash which may be substituted for the Compartment Assets shall be delivered (or paid, in the case of cash) by the Swap Counterparty to the Custodian (or, where an alternative bank or institution is specified as custodian for the Compartment Assets in the applicable Final Terms, to such entity) or such other relevant Counterparty.

By making any substitution pursuant to this Condition 8(g), the Swap Counterparty shall be deemed to agree with the Issuer and the Trustee that its obligations under the relevant Swap Agreement shall continue in full force and effect irrespective of such substitution and that no termination or adjustment to its obligations thereunder shall occur as a consequence of such substitution.

In the case of Compartment Assets substitution under a Credit Support Annex, the Trustee shall, upon notice from the Swap Counterparty (upon which the Trustee may rely without further enquiry) that the conditions for substitution referred to in this Condition 8(g) are met, release the Compartment Assets to be substituted from the security created in respect of it under the Trust Deed. The Issuer, the Trustee and the Swap Counterparty will upon such substitution enter into such further documentation as may be required (if at all) by any applicable law and/or as may be

required by the Trustee to give effect to the creation of security over any replacement securities, obligations or cash amounts in the manner set out in this Condition 8(g).

After any substitution, references in these Conditions and the Trust Deed to "**Compartment Assets**" shall be deemed to include any Compartment Assets substituted and references to "**Charged Assets**" shall be deemed to include any additional assets or rights charged or assigned in favour of the Trustee pursuant to such substitution.

Where substitution of the Compartment Assets takes place in accordance with the terms of any credit support annex, the Issuer shall not be obliged to give notice of any substitution to Noteholders under this Condition 8(g).

If this Condition 8(g) is applicable, the Trustee may at any time require the Issuer to notify it of the composition of the Compartment Assets at such time.

Where the Issuer and the Swap Counterparty have entered into a Credit Support Deed in respect of any Swap Agreement, the collateral secured under the relevant Credit Support Deed may be substituted in whole or in part by the Swap Counterparty in accordance with the terms of the relevant Credit Support Deed.

Where the Issuer and the Swap Counterparty have entered into a Pledge in respect of any Swap Agreement, the assets that are the subject of the relevant Pledge may be substituted in whole or in part by the Swap Counterparty in accordance with the terms of the relevant Pledge.

*The Swap Counterparty may substitute the Compartment Assets in accordance with this Condition 8(g) without regard to the projected market value of substitute securities or obligations. There is no guarantee that the value of such Compartment Assets in the event of termination of the relevant Swap Agreement, taking into account any termination payment due under such Swap Agreement to or from the Swap Counterparty, will equal or exceed the principal amount of the Notes.*

(h) *Swap Counterparty optional termination*

Where this Condition 8(h) is specified as being applicable in the Final Terms, the Swap Counterparty may (unless it is the Defaulting Party under, and as defined in, the relevant Swap Agreement) opt to terminate a Swap Agreement in whole or in part in accordance with either or both of the methods set out below (as specified in the Final Terms).

(i) *Call option:*

The Swap Counterparty may opt to terminate a Swap Agreement:

in whole or in part on either:

(A) any Interest Payment Date; or

(B) if so specified in the Final Terms, on any other date,

upon the number of Business Days' notice specified as being applicable in the Final Terms to the Issuer.

Such optional termination will lead to early redemption in whole or in part, as the case may be, of the Notes on the relevant Interest Payment Date (or, if applicable, on such other date) in the manner set out in Condition 7(f) (*Redemption Following Swap Counterparty Optional Termination*).

(ii) *Repurchase:*

The Swap Counterparty may opt to terminate a Swap Agreement upon service of written notice on the Issuer with a copy to the Trustee, in whole or in part and without payment by either party, if any of the Notes to which that transaction relates are purchased by or on behalf of the Swap Counterparty or any of its subsidiaries or affiliates ("**Purchased Notes**"). Where such option is exercised, such Swap Agreement will terminate *pro rata* in the proportion (the "**Proportion**") that the aggregate principal amount of the Purchased Notes bears to the aggregate principal amount of the Notes outstanding immediately prior to the purchase of the Purchased Notes by the Swap Counterparty or any of its subsidiaries or affiliates. Upon service of such notice, the Swap Counterparty will be either (A) authorised by the Issuer to take delivery of and/or deliver and/or realise on the Issuer's behalf the Proportion of the Charged Assets (if any) charged to or otherwise secured in favour of the Trustee under the Trust Deed or (B) entitled to payment of an amount equal to the Proportion of the Charged Assets where the Charged Assets is constituted by cash ("**Realised Collateral**"). The Realised Collateral will be payable or deliverable, as the case may be, by the Issuer to or to the order of the Swap Counterparty, in the contractual currency paid by the Issuer under the relevant Swap Agreement (where the Realised Collateral is not being delivered). Upon receipt of the Realised Collateral, the Swap Counterparty will deliver to the Issuing and Paying Agent the Purchased Notes for cancellation. In such circumstances:

- (1) the Issuer will be deemed to have consented to the Trustee releasing the Realised Collateral to the Swap Counterparty upon termination of the relevant Swap Agreement in the manner described in this Condition 8(h);
- (2) where relevant, the Swap Counterparty, on behalf of the Issuer, will be deemed to be authorised by the Issuer to realise the Proportion of the Charged Assets; and
- (3) the Trustee will, unless an Event of Default or a Potential Event of Default has occurred, be deemed to release the Realised Collateral from the security created in respect of it under the Trust Deed.

(i) *Residual Shortfall*

In the case of Notes (but without prejudice to the rights of a holder of Guaranteed Notes under the Guarantee), if the net proceeds of the realisation or enforcement of the Charged Assets created pursuant to the Trust Deed and/or any Additional Security Document in respect of the Charged Assets following payment of all prior ranking amounts (the "**Net Proceeds**") are not sufficient to make all payments due in respect of such Notes, then:

- (i) the obligations of the Issuer in respect of such Notes will be limited to such Net Proceeds and neither the Trustee nor any Secured Party nor anyone acting on behalf of any Secured Party shall have any claim in respect of any asset of the Issuer not forming part of the Charged Assets; and
- (ii) the Issuer will not be obliged to make any further payment in excess of the Net Proceeds and any Noteholder's right to receive any further sums in respect of any Residual Shortfall shall be extinguished in full, and neither the Trustee nor any Secured Party nor anyone acting on behalf of any Secured Party shall be entitled to take any further steps against the Issuer or the Trustee to recover any such Residual Shortfall.

No Secured Party nor any party to the Trust Deed shall be entitled to petition or take any other step for the winding-up of the Issuer (including, without limitation, the opening of any bankruptcy (*faillite*), insolvency, voluntary or judicial liquidation (*insolvabilité liquidation volontaire ou judiciaire*), composition with creditors (*concordat préventif de faillite*), reprieve from payment (*sursis de paiement*), controlled management (*gestion contrôlée*), fraudulent conveyance (*actio pauliana*), general settlement with creditors or reorganisation proceedings or similar proceedings affecting the rights of creditors generally) or the appointment of an examiner in respect of the

Issuer (including, without limitation, the appointment of any receiver (*curateur*) (except any receiver appointed by the Trustee pursuant to the Trust Deed), liquidator (*liquidateur*), auditor (*commissaire*), verifier (*expert-vérificateur*), deputy judge (*juge délégué*) or reporting judge (*juge commissaire*)). Failure by the Issuer to make any payment in respect of any Residual Shortfall shall in no circumstances constitute an Event of Default under Condition 11 (*Events of Default*).

In this Condition, "**Residual Shortfall**" means the difference, if any, between the Net Proceeds and the aggregate amount which would have been due under the Notes but for the operation of this Condition 8(i).

(j) *Issuer's rights as holder of Compartment Assets*
